Funeral services for Albert Brandt were held Saturday at 2 p.m., at the Moe Lutheran church in Roseau with Rev. Erling Huglen officiating. Interment will be in the Malung cemetery. The Helgeson Funeral chapel was in charge of arrangements.

Honorary pallbearers were Albert Boen, Clifford Skime, Merideth Haslerud, Andy Erickson, Sam Berglund, Art Larson, George Gilbert and Chester Dahlquist.

Serving as active pallbearers were Iver Nelson, Robert Comstock, Clyde Evans, Phillip Lund, Jon Miller and Jerome Miller.

Albert Samuel Brandt, a son of the late Mr. and Mrs. Carl Erick Brandt, was born Aug. 22, 1901 in Malung township, Roseau county, south of Roseau. There he lived and farmed all his life.

Brandt was very active in civic and community affairs. He was president of the Roeau REA, Inc., and had served on the board since it was formed; was a member of the Roseau county Farmers Union board, was a past county commissioner, and had served on the County Welfare board, county board, Malung township board, Roseau Craamery board, was a past member of the Odd Fellows and was a member of the Sons of Norway.

He was married to Ellen Johnson on Dec. 30, 1925. She died Sept. 13, 1940. On Feb. 5, 1944, he married Evelyn Lian, who died March 18, 1971. He married Myrtle Swenson in this city on Sept. 20, 1973. She survives.

Also surviving are his children: Mrs. Kenneth (Deloris) Benson of Minneapolis, Curtis Brandt and Mrs. Steve (Marilyn) Rugland, both of Thief River Falls, Clayton, Edson, Mrs. Jack (Sharon) Lund and Beda Brandt, all of Roseau, and Dale Wold of Crookston; step-children: Kenneth Swenson of Rochester and Mrs. Donald (Lois) Fredricks of Minneapolis; 29 grandchildren, three great-grandchildren, and one sister, Mrs. Thilda Lisell of Roseau.

Four brothers and three sisters preceded him in death.

Mrs. Martin Torgerson, 90, Dies Thursday

Mrs. Martin Torgerson, 90, of St. Thomas, N.D., died early Thursday at St. Michael's hospital in Grand Forks.

Funeral services for Mrs. Martin Torgerson are being held today (Monday) at the United Methodist church in St. Thomas with Rev. Charles W. Neill officiating. Interment will be in the city cemetery. The Tollefson Funeral chapel of Grafton is in charge of arrangements.

Mrs. Torgerson, a daugher of the late Mr. and Mrs. George McMartin, was born May 1, 1893 at St. Thomas N.D. She was married there on Nov. 10, 1910 to Martin Torgerson.

Surviving are a daugher, Ethel Torgerson of St. Thomas; two sons: Everett of St. Thomas and Earl Torgerson of Long Island, N.Y.; a foster son, Marvin McMartin of St. Thomas; three grandchildren, four great-grandchildren, and two sisters: Mrs. Herbert (Dora) Patterson of Seattle, Wash.; and Mrs. Robert (Alice) Ereland of Walhalla, N.D.

She was preceded in death by her husband in May of 1961; and two brothers.

Carl Vogen, 82, First Refuge Manager, Dies

Carl B. Vogen, 82, of 1371 Pelha road, Seal Beach, Calif., who established the Mud Lake Wildlife Refuge (the Agassiz Refuge) and served as its first manager, died Thursday at the Los Alamitos General hospital in Los Alamitos, Calif.

Funeral services for Carl B. Vogen were held Saturday at 2 p.m. at Redeemer's Lutheran church in Leisure World at Seal Beach with Rev. Frank Clutz, D.D., officiating. Interment was in Westminister Park cemetery at Long Beach.

Carl B. Vohen was born March 29, 1891 at Rushford, Minn., where he was reared on a farm. He later attended Valparaiso university and Fargo Business college. In 1913, he moved to Columbus, N.D., where he was employed by Farmers State bank. While there he owned and operated the first movie theatre in that city and later, in partnership with Sommerness brothers, started the first Chevrolet agency.

He was married at Columbus on Dec. 22, 1915 to Lillian Pierson.

In 1935, he moved to Minot, N.D., where he was employed as a appraiser for Federal Land bank. He accepted a position with the U.S. Fish and Wildlife service in 1938, when he moved to Holt and established the Mud Lake wildlife regure and served as its first manager. In 1947, he was transferred to the Long Lake Wildlife reguge at Moffitt, N.D. While there purchased the land for the government for most of the Wildlife Refuges in western North Dakota and eastern Montana. He accepted a position with the U.S. Army Corps of Engineers in 1948 and served as appraiser and negotiator at Riverdale for the Garrison dam. From 1954 until 1960, he served in the same capacity on the Oahe dam at Pierre, S.D. In 1960 he was transferred to Omaha, Neb., as chief negotiator for the Army Engineers Missle site project around United Staes. He was also engaged in court work for the Justice department. Since retiring, in 1963, he had lived at Leisure World at Seal Beach, Calif.

He was a 60-year Mason and Eastern Star member. He was also a member of Redeemer's Lutheran church at Leisure.

Surviving are his wife, one daughter, Mrs. Carlton (Lorraine) Sletten of Williston, N.D.; a son, Blaine Vogen of Long Beach; six grandchildren, one great-granddaughter, two brothers: Oscar and Alvin Vogen of Rushford and a sister, Mrs. Ed (Selma) Anderson of Preston.

Shaft (Richard Roundtree) makes a friend of the leader of a slave caravan (Nadim Sawahla) who introduces him to the maidens of the local bordello in "Shaft In Africa," playing thru Tues., Jan. 22 at the Falls Theatre.

Robert Rambeck Services Today At Goodridge

Robert Rambeck, 85, a homesteader of the Goodridge community, died Thursday at Northwestern hospital.

Funeral services for Robert Rambeck are being held today (Monday) at 2 p.m.; at the Faith Lutheran church at Goodridge. Rev. Bruce Anderson will officiate. Music will be provided by Mrs. Arnold Hammer, soloist, and Mrs. Alice Skreland, organist. Interment will be in Germantown cemetery, northwest of Goodridge. The Sinding-Belmont-Petterson Funeral home is in charge of arrangements.

Pallbearers will be Harry Sevre, Cliff Jorde, Casper Jones, Odwin Blackstad, Elmer Johnson and Albert Johnson.

Robert Rambeck, a son of the late John and Christine Rambeck, was born Oct. 6, 1888 in Amherst Junction, Wis. In 1905, he moved to Goodridge with his family. He later homesteaded in the same area and farmed there until his death.

He was united in marriage to Allie Johnson on Aug. 2, 1914 at Iola, Wis.

Rambeck was very active in the affairs of the community. He was a member of Faith Lutheran church, the school board and the creamery board. He served terms as Moylan township clerk, and assessor, and for 24 years was a member of the board of directors of Consumers Co-op in Thief River Falls.

Surviving are his wife, one daughter, Mrs. Charles (Ethel) Josephson of Thief River Falls; a son, Orrin Rambeck of rural Goodridge; four grandchildren, two great-grandchildren, a brother, Arthur Rambeck of this city; and two sisters: Mrs. Clara Rustad of Wisconsin and Mrs. William (Mabel) Day of Utah.

He was preceded in death by one daughter, a son, two brothers and one sister.

Peder Pederson, Retired City Clerk, Dies

Peder Pederson, 84, of Twin Valley, retired Thief River Falls city clerk, died January 9 at the Lutheran Memorial Retirement center in Twin Valley.

Funeral services for Peder Pederson were held Saturday, January 12, with the Pederson-Hoialmen Funeral chapel, Fosston, in charge. Officiating at the services was Rev. Hans Thoreson, pastor of the Hope Lutheran church of Fosston.

Pallbearers were Pederson's four grandsons: Scott, Grant, Frank and Peter Pederson.

Peder Pederson, a son of the late Ole and Mary Pederson, was born Aug. 22, 1889, at Ulen. As a child, he moved with his family to Fosston and attended school there.

He served with the U.S. Army during World War I. On April 20, 1920, he was married at Bemidji to Jennie Kittelson. Following their marriage, the couple made their home in Thief River Falls where he was city clerk for 46 years. In 1965, the Pedersons moved to Twin Valley where he had since resided.

He was a member of the Ninth District American Legion band for many years. He was also a member of the Masonic lodge and The Shrine.

Surviving are a son, Donald Pederson of Twin Valley, four grandsons, and one brother, Ignatius of Fosston.

He was preceded in death by his wife on May 1, 1972; his sister Joyce, and two brothers: Omar and Orlando.

Melvin Strom, 67 Services Today At Crookston

Melvin Arnold Strom, 67, of Crookston and formerly of Thief River Falls, died Thursday at the Crookston hospital, following a lengthy illness.

Funeral services for Melvin Strom are being held today (Monday) at 4 p.m., at the Trinity Lutheran church at Crookston. Rev. James Hanson will officiate. Interment will be in Our Saviors cemetery at Fertile. The Stenshoel Funeral home is in charge of arrangements.

Pallbearers will be Chester Tradewell, David Teal, Clarence Larson, Marlo Larson, Andrew Anderson and Elmer Radke.

Melvin Strom was born Oct. 14, 1906 at Fertile to Oscar and Mina Strom. He was united in marriage at Crookston on Nov. 16, 1928 to Mildred Radke. The couple lived in Crookston where he was employed by the railroad. He retired in 1967 after 43 years of service. Following retirement, they moved to Thief River Falls and lived here until 1971 when they returned to Crookston.

Surviving are his wife, four sons: Arnold and Howard Strom of Seattle, Wash., James of Perham, Earl of Ada; two daughters: Mrs. Dana (Lorraine) Bahan of Lexington, Ill., and Mrs. Ronald Tradewell of Erskine; 11 grandchildren, one great-grandchild and two brothers: John Strom of Fergus Falls and George of Duluth.

Services Held At Gatzke For Mrs. John Aune

Funeral services for Mrs. John (Gusta) Aune, 80, who died Saturday, January 12, at Roseau, were held Thursday at 2 p.m., at the United Lutheran church at Gatzke.

Rev. David Putz officiated at the services. Mrs. Howard Lunsetter was the soloist and Melanie Lunsetter, organist. Interment was in the Moose River cemetery. The Collins Funeral home of Middle River was in charge of arrangements.

Pallbearers were Gerald and Orrin Aune, Marvin and James Carlson, Richard O'Brien and Jerome Zimmermann.

Mrs. Aune, the former Gusta Caroline Lian, was born March 31, 1893 at Ulen to Peter and Randine Lian. In 1901, she moved with her family to Rollis Township, Marshall county, near Gatzke. There she attended school and grew to womanhood. She was married April 11, 1912 to John O. Aune at Gatzke. The couple farmed in the Gatzke community until 1940, when they moved to St. Paul. In 1959, they came to this city. For the past nine years, Mr. and Mrs. Aune have been residents of the Sheltering Oaks Nursing home at Roseau.

Mrs. Aune was a member of the United Lutheran church of Gatzke and was a charter member of its Ladies Aid.

Survivors are her husband, four sons: Juel, Olaf and Glen Aune of Gatzke and Kenneth of Minneapolis; three daughters: Mrs. George (Esther) O'Brien of Cameron, Wis., Mrs. Fred (Mildred) Paulson of Minneapolis and Mrs. Clayton (Marvel) Carlson of Thief River Falls; 27 grandchildren and 36 great-grandchildren;

Also four sisters: Mrs. Ray (Alice) Eastby of Grygla, Mrs. Minnie Shogren and Mrs. Pauline Myrom, both of Minneapolis, and Mrs. Thomas (Clara) Ostby of Thief River Falls; and one brother, Clarence Lian of Middle River.

She was preceded in death by one sister, two brothers and a granddaughter.

Rites Held For Clara Lunke, 97, Holt Pioneer

Funeral services were held Friday at 2 p.m. at Nazareth Lutheran church at Holt for Mrs. Clara Lunke, 97, a pioneer resident of that community. Mrs. Lunke died Monday morning, January 14, at Northwestern hospital.

J. R. Borchert officiated at the services. Mrs. Orville Larson was the organist and Mrs. Martin Solseng, Jr., soloist. Interment was in the Holt cemetery. The Collins Funeral home, Middle River, was in charge of arrangements.

Pallbearers were Melvin Larson, Rueben Benitt, Marlan Augustine, Lloyd Larson, Johnny Nelson and Clifford Steinhauer.

Mrs. Lunke, the former Clara Knutson, was born Aug. 10, 1876 in Allamakee county, Iowa to Hans and Mathia Knutson. In 1881, she moved with her parents to the Fertile community. She was confirmed in the Lutheran faith in Fertile in 1890 and that same year, she joined her parents who had preceded her to a farm in East Valley township, Marshall county, near Holt. On Feb. 7, 1899, she was married in Crookston to Ole Lunke. The couple farmed in East Valley township until Lunke's death in 1950. Following the death of her husband, Mrs. Lunke continued to make her home on the farm with her sons Arthur and Jens.

She is survived by four sons: Oscar and Hilmer Lunke of Thief River Falls, and Arthur and Jens of Holt; three daughters: Mrs. Harry (Josie) Engen, Mrs. Bertil (Carrie) Ness and Mrs. Clifford (Hazel) Jorland, all of Holt; 20 grandchildren; 24 great-grandchildren; and great-great-grandson; one brother, Oscar Knutson of Thief River Falls; and two sisters: Mrs. Mabel Furr of Thief River Falls and Mrs. Tillie Conklin of Holt.

She was preceded in death by two grandchildren, three brothers and three sisters.

Two-thirds of the china factories in Taiwan now use natural gas rather than coal because the high sulfur content of the coal affects the quality of the chinaware.

Chester Rude Dies Friday

Chester Rude, 62, of Thief River Falls died Friday while on a fishing trip on the Lake of the Woods.

Funeral services for Chester Rude are being held today (Monday) at 2 p.m., at Zion Lutheran church. Rev. Lloyd Berger will officiate. Interment will be in Greenwood cemetery.

The body will repose at the church for one hour prior to the time of services. The Green Funeral home is in charge of arrangements. A complete obituary will be in the Wednesday edition of the Times.

Lulu Knutson Services Held Here Friday

Funeral services for Mrs. Lulu Knutson, 76, a former Thief River Falls resident, were held here Friday at 2 p.m., at Zion Lutheran church. Mrs. Knutson died Monday, January 14, in South St. Paul, where she was residing.

Rev. Alexander Stoffel officiated at the services. Jerry Joringdal was the organist and Mrs. Alexander Stoffel, the soloist. Interment was in Greenwood cemetery with the Green Funeral home in charge of arrangements.

Honorary pallbearers were Larry Knutson, Dale Knutson, Dennis Knutson, Larry Nelson, Billy Knutson, and Bobby Knutson.

Serving as active pallbearers were Ray Rambeck, Bill Reed, Ernest Ballingrud, Helmer Melhouse, Lawrence Aase and Otto Lappegard.

Mrs. Knutson, the former Lulu Nelson, was born April 14, 1897 at Northcote to Charles and Wilhelmina Nelson. She grew up in Thief River Falls and was married here on Feb. 23, 1918 to Julius Knutson, who was employed by the Soo Line railroad. Her father, husband, a brother, son Lloyd and grandson Larry, all have or are employed by the Soo Line. Since the death of her husband, Mrs. Knutson had made her home in South St. Paul.

She was a long-time member of the Daughters of Norway and while living here was active in numerous other organizations.

She is survived by two sons: Lloyd Knutson of this city and Theodor of Anoka; a daughter Juanita [illegible] So. St. Paul; two sisters: [illegible]lla Nelson and Laura Kelly of Cleveland, Ohio; two brothers: Clarence Nelson of Minneapolis and Edward of Thief River Falls; and numerous grandchildren and great-grandchildren.

She was preceded in death by her husband in 1963, and one sister.

Terrence Barzen Services Held In Minneapolis

Funeral services for Terrence Maroney Barzen, 21, of Telluride, Colo., son of Mr. and Mrs. John C. Barzen, 18 Circle West, Edina, were held Saturday at Our Lady of Grace Catholic church in Minneapolis. His father was a former Thief River Falls resident.

In addition to his parents, he is survived by three sisters: Kathy of Denver, Colo., and Molly and Mimi, both of Edina; and two brothers: Lt. T. J. Barzen of Norfolk, Va., and John A. Barzen of Edina.

Services Held At Fergus Falls For Byron Hess

Funeral services were held Tuesday in Fergus Falls for Byron Hess, 57, former resident of Thief River Falls. Hess died Saturday, January 12, at the Lake Region hospital in Fergus Falls. Death was attributed to an apparent heart attack.

Services were held at the First Lutheran church with Rev. C. K. Preus officiating. Interment took place the following day at Westlawn cemetery in Orange City, Iowa.

Byron Walter Hess was born May 19, 1916 at Onamia to Mr. and Mrs. Lyle Hess. As a child, he moved with his parents to Thief River Falls where he attended the public schools. He was graduated from Northwest school of Agriculture at Crookston and attended universities of Minnesota and Alaska before joining the Army in 1941.

He received a commission in the infantry and volunteered for duty with a secret American-Canadian unit, the first Special Service force which operated in the Pacific and European theatres. He was wounded twice in action, received the bronze star and achieved the rank of captain.

After his discharge, he was graduated from the University of South Dakota with a degree in journalism.

He was married to Betty Mullenburg in Alton, Iowa in September of 1947. Since 1961, they have resided at Fergus Falls. Before moving there, he owned and operated newspapers in Estelline, S.D., and Sioux Center, Iowa. He managed a newspaper for a time in Park Rapids and from June 1965 until February 1968, was managing editor of the Fergus Falls Daily Journal.

He was a member of the Masonic lodge, American Legion, VFW, Izaak Walton league, Kiwanis, First Lutheran church, and various business and professional organizations. He was also active in the work of the Boy Scouts and was owner and operator of the Fergus Falls Hearing Aid service.

Surviving are his wife, three daughters: Mrs. Wallace (Elizabeth) Goulet, Jr., of Grafton, N.D., Carolyn of Lake Forest, Ill., and Mary, living at home; and one son, Marcus, at *St. Olaf College;*

Also his parents, Mr. and Mrs. Lyle Hess of Wayzata, three brothers: Dr. E. L. Hess of Potomac, Md., Douglas of Toronto, Ont., Canada, and Philip of this city; an one sister, Mrs. Robert (Genevieve) Schafer of Wayzata.

He was preceded in death by one brother, Lt. Jack Hess, who was killed in Italy in 1944.

Doreen Seefeldt Rites Held At Columbus, Neb.

Funeral services for Miss Doreen M. Seefeldt, 24, formerly of this city, were held Friday, January 11, at Trinity Lutheran church in Columbus, Neb. Miss Seefeldt died unexpectedly January 8 at Denver, Colo.

Rev. H. M. Rathkamp officiated at the services. Interment was in the Columbus cemetery.

Pallbearers were Merlin Krueger, Richard Seefeldt, Kenneth Parnham, Bruce Parnham, Hardy Israelson and LaVerne Israelson.

Doreen Seefeldt was born in Thief River Falls on Nov. 30 1949 to Del and Doris Israelson Seefeldt. She was a graduate of Lincoln high school and attended Northland Junior college. From 1963 until 1966, she was a member of the local Job's Daughters. After moving to Columbus, Neb., she attended Platte college and the University of Nebraska-Lincoln. She was secretary for Nebraska Public Power district and was a former receptionist for radio station KTTT.

She was a member of Trinity Lutheran church at Columbus.

Surviving are her parents, who are residing at Columbus, Neb.; a brother, Dale, sister-in-law, Beverly, and nephew, Derek, of Cedar Rapids, Iowa; grandparents: Mr. and Mrs. Paul Seefeldt of Elderon, Wis., and Mrs. Agnes Israelson of this city; and a number of aunts and uncles.

She was preceded in death by her paternal grandmother, Florence Seefeldt, and her maternal grandfather, Emmett Israelson.

Attending services from Thief River Falls were Mrs. Agnes Israelson, Mrs. Burnell Nettelson, Mrs. Ann Gillespie, Mr. and Mrs. LaVerne Israelson, Kenneth Parnham and Mr. and Mrs. Bruce Parnham.

Program subject to change without Notice

Minn. Orchestra To Perform At Crookston School

Minnesota orchestra, founded in 1903 as the Minneapolis symphony orchestra, will perform at Crookston's Central high school gymnasium at 8:30 p.m. on January 24. This will be the only performance in this area this season.

Each year, the orchestra plays to some 500,000 patrons at more than 150 concerts on tour and during its regular series in Minneapolis and St. Paul. Regional thrust of changing the Minneapolis symphony to Minnesota orchestra has added to the orchestra's reputation as "the orchestra on wheels".

During its 66-year history of traveling, the orchestra has performed more than 5,000 concerts in over 500 cities. During recent seasons the orchestra has performed at the new John F. Kennedy center for the performing arts in Washington, D.C., the United Nations general assembly hall, and the palace of fine arts in Mexico City, in addition to the orchestra's annual concerts at Carnegie hall in New York.

In 1960, Polish born Stanislaw Skrowaczewski became the sixth music director of the orchestra. Under Maestro Skrowaczewski, the orchestra has grown in quality as it has increased in size, from 85 musicians in 1960 to its present strength of 97 members. It has changed its name, gradually moved toward a year-round performing schedule, and clarified its mission as a regional orchestra.

The Crookston performance, sponsored by the University of Minnesota technical college in cooperation with the Minnesota state arts council, will present an evening of familiar and somewhat light music. Included will be Beethoven's Symphony No. 5, the Hansel and Gretel Overture, a viola concerto, and La Imagineria de Goya by Darrel Newell. Newell is a native of Fertile.

The orchestra will be conducted by Henry Charles Smith, associate conductor. In addition to his duties with the Minnesota orchestra, he is currently serving as music director of the Minneapolis civic orchestra.

Tickets are $2.50 for adults and $1 for students. They are available at the door.

Five Students Are Accepted For Classes At AVTI

Thief River Falls area vocational-technical institute has announced the names of several students who have beed accepted for admission.

Gary Berard, who will enter the electronics class, is a 1965 graduate of Lincoln high school.

LeNea Appel has been accepted in the accounting class. She will be a 1974 graduate of Lincoln and is the daughter of Mr. and Mrs. Don Appel of St. Hilaire.

Marie Sorenson will enter the clerical class. She will also be a 1974 graduate of Lincoln and is the daughter of Mr. and Mrs. Vernon Sorenson of Thief River Falls.

Paul Qualey and Joel-Reierson will enroll in the welding class. Paul is a 1972 graduate of Lincoln and is the son of Mr. and Mrs. John Qualey of Thief River Falls.

On Jan. 18, 1949, a Pan American "Constellation" set a commercial speed record of 10 hours 2 minutes from New York to London.

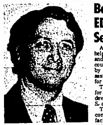
THIEF RIVER FALLS ARMORY
Thursday, Jan. 24, 7:30 p.m.

PENNINGTON COUNTY commissioners and Thief River Falls councilmen met Wednesday evening with David Wright (left), planner with the firm of Clark and Enerson, Hamersky, Schlaebitz, Burroughs and Thomsen of Lincoln, Neb., to discuss the preliminary draft of the comprehensive water and sewer plan for Pennington county. Pictured are (left to right) Arnold Narverud, councilman, and Glenn Tasa of Trail, commissioner. Terry Courneya, Pennington county's extension agent, questioned paragraphs in the report which stated that manufacturing is more important to Pennington county than agriculture. It was agreed that, although more people are employed in manufacturing, agriculture has a more significant financil impact on the county and this will be changed in the final report.



Terry Nelson Is New Partner In Insurance Firm

Terry Nelson, graduate of Lincoln high school in 1964, has transferred to Thief River Falls from Staples to become associated with his father, Vernon, in the Nelson State Farm Insurance agency in Thief River Falls. The agency is located in new quarters on Main avenue north.

Terry was agent for the company in Staples from June of 1971 until his move here which was effective January 1. He previously had worked for Cedar Box, Inc., at Custer, S.D., and Kettle River and in the office of Murphy Motor Freight comapny in Roseville.

Following his high school graduation he attended the University of North Dakota for one year and Northland state junior college for one year before entering the U.S. army. He served two of his three years in the army as a radio operator in Frankfurt, Germany. Before joining Murphy Motor Freight company he attended Northland college for a time after completing military service. Most of his college courses were in the area of business administration.

Terry is married to the former Diane Stromsmoe, daughter of Mrs. Garland Stromsmoe of Thief River Falls, and they have three sons: Cory, 7; Brandon, 4; and Joshua, 2. They live at 518 LaBree av. N.

HIGHLANDING.

Mr. and Mrs. Sam Haugen visited near Grygla on Sunday with Mikkle Nesland.

Jake and Albert McCullough were Sunday dinner guests at the Florence Hamm home. Later Mr. and Mrs. Teddy Hamm, David, Jeffery and Ronnie joined them for the afternoon and were also evening supper guests there.

Mr. and Mrs. Sherman Groven, Scott, Shawn and Sonja were Wednesday evening visitors at the Theresa Wiseth home.

Mr. and Mrs. Mitch Marquis were Sunday evening visitors at the Jesse Anderson home.

Bagley Receives EDA Grants For Sewer And Water

Approval of a $594,300 grant to help improve an industrial area and create 80 jobs in Clearwater county, was announced recently by William W. Blunt Jr., assistant secretary of commerce for economic development.

The village of Bagley applied for the funds from the economic development administration, U.S. department of commerce.

The funds will be used to construct water and sewer facilities to serve an industrial area and enable the following five firms to expand: Headwater Lumber co., 50 jobs; Tollefson Manufacturing co., snowmobile manufacturer, and Bagley Mercantile co., pulp and peeler plant, ten jobs each; and Gesell Concrete products and Larson Timber co., five jobs each.

Bagley officials point out that four of the firms are in lumber processing, so that increases in their operations will directly benefit an additional 200 persons employed in supplying raw wood from timber lands. This will help reverse a trend of exporting raw wood for processing outside the area.

The Bagley Independent School District is investigating the possibility of setting up a vocational-technical school to provide needed industrial skills for plants which might locate in the area.

Community leaders have formed the Bagley Industrial Development corporation, which has helped bring a new industry, Bagley Kiln and Component Parts, to Clearwater county.

The Village of Bagley will add $254,700 to complete the $849,000 total cost of constructing the water and sewer facilities.

U.S. Wholesale Census Reveals Minnesota Data

Sales of the 8,185 wholesale establishments in Minnesota totaled $14,344 million in 1972, an increase of 35 per cent over 1967 sales, according to preliminary data collected in the 1972 census of wholesale trade and reported this week by the bureau of the census, an agency of the U.S. department of commerce's social and economic statistics administration.

Total payroll of wholesale establishments in the state in 1972 amounted to $742 million, an increase of 51 per cent over 1967, the year of the last previous economic census.

The final wholesale trade report for Minnesota WC72 (A)-24, will contain considerably more kind-of-business data plus statistics for geographic subdivisions (counties, cities, standard metropolitan statistical areas) within the state. Announcements containing descriptions and publication dates of the various publications to be issued in the 1972 census of wholesale trade series, as well as an order form for securing the reports, can be obtained from the Publications Distribution Section, Social Economic Statistics Administration, Washington, D.C. 20233.

Grant Program For Education Aired By Mondale

Following are comments from Sen. Walter F. Mondale regarding the scholarship program for students attending college or post-secondary vocational schools.

Last year the Congress adopted a promising new scholarship program for students attending college or post-secondary vocational schools. The Basic Educational Opportunity Grant (BEOG) program was intended by Congress to apply to all students equally. It was designed to reduce the finanacial barriers that currently keep thousands of talented and scholatically able students from continuing their educations after high school.

However, when the office of education drew up its rules for administering the program, it became clear that the formula is devised for determing eligibility in the program discriminated against children of farm families and small business families.

Under the original rules, this formula—the family contribution schedule—placed an extremely high expectation on families' ability to contribute to the education of their children, and put particularly unrealistic demands on the families of farmers and small businessmen.

Last February, I initiated a letter to the Commissioner-designate of the Office of Education. Thirty-two other Senators signed the letter in which we expressed our concerns and recommended that the proposed contribution schedule be adjusted.

In May the office of Education made some minor changes in the regulations. But because the basic inequities in the program had not been removed, the education subcommittee held new hearings in October. In the course of those hearings, I asked Commissioner Ottina to make the major adjustments needed.

Earlier this month, it was announced that, in response to our concerns, the Office of Education had made significant improvements in the program. Under the newly written regulations, federal educational assistance funds will now be available on a more equitable basis to the children of farm and small business families.

Under the previous regulations, a farm family of four with one son or daughter going to college and an annual income of $3,000 or less and farm assets of $34,000 would have qualified for no scholarship help at all. Under the recent change in the regulations, that same family can now qualify for up to $1375 in scholarship aid for their son or daughter.

I commend Commissioner Ottina for proposing this much-needed and very important change. But while it represents a significant step toward resolving some of the problems in the earlier family contribution schedule, it is only a first step.

First, the family offset—that is the point at which family contributions are required—should be adjusted upward at once. Second, a change has to be made in the treatment of social security benefits paid to a young person because he or she is a student. The current regulations require students to spend 100 per cent of their benefits on higher education, ignoring the fact that many students contribute substantially to the subsistence of their families. Third, the application forms for BEOG assistance must be simplified and clarified.

The Basic Educational Opportunity Grant Program is one of the most promising and important programs enacted in recent years. I hope very much that we can, through further modification of the present regulations, improve it to the point where it can truly provide the kind of assistance so desperately needed by many families and young people across the country.

HIGHLANDING.

Mr. and Mrs. Kenneth Coan, Marcia, Roger and Robert, Mr. and Mrs. Larry Srnsky and Rhonda left Friday for the Iron Range where they visited until Tuesday. They were house guests of Mr. and Mrs. Arlin Sanders and family of Embarrass while there they also visited with Mr. and Mrs. Raymond Coan and family, Mr. and Mrs. Earl Sanders and Mr. and Mrs. Ben Mosher of Tower.

Mr. and Mrs. Roger Hoffman visited Saturday evening at the Leon Iverson home.

Mr. and Mrs. Russel Heden visited Saturday evening at the Teddy Hamm home in Oklee.

News Happenings in Goodridge District

Mrs. Neil Liedberg, Goodridge, 378-3427

Mr. and Mrs. Brad Nelson of River Valley were Tuesday evening visitors at the Robert Wiseth home.

Sunday Mr. and Mrs. Gary Iverson, Melissa and Shelly visited at the Henry Schwargz and Marvin Bakken homes near Holt.

Visitors at the Dayle Kainz home Monday evening were Mr. and Mrs. Gary Iverson, Mr. and Mrs. Harold Holen and Mr. and Mrs. George Panek. Diane Holen spent the evening with Melissa and Shelly Iverson at the Gary Iverson home.

Mr. and Mrs. Timmy Kassa and Paul Kiesow were supper guests Sunday evening at the Paul Mutnansky home.

Mrs. Lawrence Kiesow, Marilyn, Mary Jo and Dean visited at the Paul Mutnansky home Tuesday evening

Faith A.L.C.W. Meets

The Faith A.L.C.W. met January 16th at the Parish Hall in Goodridge. The hostesses were Mrs. Leo Ellengson and Mrs. Henry Bendickson.

Thought For The Day

Dr. C.A. Roberts writes in his book, "A Life Worth Living," "One thing is clear about life: There is no such thing as a man without a god."

Dr. Roberts is right. Everyone worships something. This is about the only real freedom man has, and that is in selecting the God he wishes to worship. But after making his choice, his God determines him.

The ancient Romans and Greeks worshipped many gods. They worshipped Athena, the god of wisdom; Bacchus, the god of wine; Baal, the god of nature; Mammon the god of material possessions; and other gods.

Is the ancient god Athena, the god of wisdom, still with us? Is she still fervently worshipped? She is, but her name has been changed. Today we call her Science. People worship in the shrine of Science.

Is the ancient god Bacchus, the god of wine still with us and being worshipped? If you were to visit the ruined city of Baalbek in Lebanon, you would still see the ruins of a temple erected for this god of wine. Man to day in our modern world may no longer build temples to worship this god of wine; but still you cannot say that this god is not being worshipped.

Today this booze god appears almost everywhere, on road signs, in magazine advertisements, on our radio and television commercials and programs, and many other ways. It has been said that our nation spends $15 billion dollars annually on alcoholic beverages. That is more than we spend on private education, religion and welfare combined. Truly, Bacchus the wine god is alive and well in America.

Space limits me to comment on Mammon, the god of materialism; and the application as we think of the savings account, stock markets and other gods.

God's first commandment to Israel was "Thou shalt have no other gods before me." (Exodus 20:2) Back to the topic: Everyone Does Worship Something. You either have A god or THE God. An A god is pagan and THE God is righteous.

—Rev. Duaine Espeseth

Economic Argument

Our mail the other day contained an invitation to establish a business in a Wyoming community. It cited buildings available, climate, schools, recreational opportunity and the other commonly listed advantages including no individual or corporate state income taxes. And it also noted—we believe quite significantly—that Wyoming is a right-to-work state.

The next day's mail contained the Roseau Times-Region and the following editorial comment:

"Rep. Sam Steiger said it: 'Nineteen states, including Arizona, have right-to-work laws. That simply means that a worker can get a job without being forced to join a union if he doesn't want to. The other 31 states offer him no such protection.

'The 19 right-to-work states include only 30 per cent of the nation's population, but in the last decade those states have attracted 60 per cent of the new jobs in manufacturing. Here are the figures: The 19 right-to-work states gained more than 1.3 million new manufacturing jobs while the 31 states without such guarantees gained a total of only 892,000...In the 19...jobs available increased 40 per cent; the figure for the 31 compulsory union states was seven per cent...The 19...are more economically sound than the others.'"

Rep. Steiger also said that wages are rising at a greater rate, unemployment is lower and per capita personal income generally is higher in the right-to-work states.

It's tough to argue with economics like that.

90 Days Old

Following editorial is from the Winona Daily News:

Along with other newspapers in Minnesota, we're interested in a particular case before the Supreme Court because it has implicatons about how much school news we can report to you.

In April 1972 a district judge ruled that there were nine exceptions to the state's open meeting law; that is, there were nine situations where school boards could meet privately.

State newspapers launched an appeal, arguments which were heard by the Minnesota Supreme Court last May.

As of this week the justices still haven't made a decision. That's six months.

It's strange that such a long delay should occur, particularly since the court has been expanded from seven to nine. What the legislature should do is extend to the Supreme Court a rule that district court judges work under: when they get their paycheck they must certify that they have no appeal pending that is more than 90 days old.

The Real Enemy

Following is from the Wisconsin Conservation Bulletin:

The Interior department's forthright and highly-principled assistant secretary for fish, wildlife and parks, Nathaniel P. Reed, gave a significant address before the October, 1972, meeting of the American Humane association, on the provocative subject of "Environmental Concern and Wildlife—a Humane Approach." The Secretary placed in proper context the whole question of the role of hunting in wildlife conservation:

"In considering what is humane in treatment of animals, is it worse to cleanly kill a selected duck with a gun or to cover it with oil, *drain its marshes* so it can't reproduce or eat, or subtly poison it with pesticides or other chemicals over a period of years?

"The issue of antihunting is a false one because it sidetracks people from attacking the real threats to our native wildlife.

"It's not the hunters, but the heads of the water development agencies, the mineral extractors, the energy producers, the timber cutters, the stream straighteners, the stockmen's associations and the real estate developers who are destroying America's wild heritage.

"What these people do will have far more effect on the future of wildlife than I, or any of my successors, or all the hunter groups put together.

"It's the beavers—the dammers, the ditchers and the drainers—those who cut and dig our lands sometimes beyond their capacity to recover or to sustain life, whom you need to face eye to eye if you desire humane treatment for wild animals. And those land speculators who are determined to sell every square inch of America to some sucker.

"Barnum was right. The real estate sucker has proved his point, multiplying at an astonishing rate. There are no slopes too steep, no soils so unstable, no ecosystem so fragile that those modern-day hucksters won't try to sell to some innocent sap.

"The danger is that while those interested in wildlife debate hunting the "developers" continue merrily on their path of sending wild land and wildlife into oblivion."

That is what Reed said over a year ago, and he is right as right can be on a national basis. In Minnesota at the present time, however, the sportsman must be aware of another movement afoot within—of all places—the department of natural resources. We refer to the land reclassification program which can make thousands of acres of presently public lands available for private sale and immediate or eventual exploitation.

Most people outside of government would assume that there would be cooperation at least within departments so that various bureaus would not be working at cross purposes. In the vital area of land classification and use this does not appear to be the case.

It gripes this writer, as a hunter-sportsman and a taxpayer, to work for wildlife land acquisition and development programs only to have existing state land with high wildlife value sold to private owners—and usually at a fraction of the amount paid for acquisition of comparable property.

Somewhere along the line there is a lack of or disregard for communication between the division of forestry—which is permitted by law to classify the lands—and the division of game and fish, which oversees the state's wildlife interests. Both should have the public interest at heart in dealing with public lands and be concerned with the total welfare of our outdoor recreation resources. Value of a home for wildlife can't be measured in board feet per acre.

In our past experience we have felt Commissioner Robert Herbst of the DNR to be a reasonable man with concern for our resources. We would hope that he will give proper consideration to wildlife value of state lands in this or any other area of the state before giving any consideration whatsoever to their sale.

To release lands for sale at a fraction of the value for their replacement would be, in our estimation, a serious breach of responsibility to the taxpayers and sportsmen of Minnesota. To release any wildlife lands at any price would be short-sighted at best, when our total habitat is dwindling and wildlife managers are hard put to maintain huntable populations of a number of game species.

Could it be that some of the real enemy might lie within the DNR?

Borrowed Nonsense

A young man came to an agents office for an audition, announcing that he did bird imitations.

"Don't waste my time," snapped the agent. "I don't need any bird imitations."

"Okay, sorry I bothered you," the young man replied, reaching for his hat. Then he flew out the window.

The best camouflage for a woman with bow legs is a low neckline

WALLACE WISKOW and his wife, Lola, of Thief River Falls recently made a trip to Mexico where he attended a meeting of an honorary sales advisory council of Northrop King and company. The group consists of the company's top 21 salesmen who meet several times annually to discuss sales and service. When named to the honorary position, Wiskow had only been with the company for one year, replacing Oscar Odegaard who was a former council member. Wiskow belongs to the local Sportsman's club and Jaycees.

Letters to the Editor

To The Editor:

When unfortunate circumstances dictate that an elderly member of your family take up residence in a nursing home, you hopefully anticipate the staff there will make every effort to normalize this dramatic adjustment.

A few weeks ago I had occasion to visit an "inmate" of the Valley Home society at Hwy. 32 and Arnold Ave. South. While there I happened upon a space referred to by one of the administrators as an "activity room". Observing the absence of an item found, I'm sure, in every other "activity room" from the Valley Home to Sun City, I asked the administrator where they did in fact put the card tables. When he informed me it was the personal policy of the administration that the residents not play cards at all I was so flabbergasted you could have knocked me over with a pinochle deck.

He did say, however, that those who felt they had to play cards could do so in the privacy of their own rooms. However, in discussing this with a couple of the residents including my Grandfather, the general feeling was that they preferred not to meet with the dissatisfaction of their keepers by violating their rule.

It seems the elderly residents have more respect for the wishes or beliefs of the one or two people who manage the Home than do those people have for the residents from whom they make their living.

To many, and perhaps to most, the point in question may seem trivial but to those who are affected by the insensitive administering of this unwritten policy it may be very significant indeed.

When I think of all the people there who are being deprived of an activity that could bring so much satisfaction and joy to them in their "twilight years" I find myself questioning the "professional" competencey of those who would impose their own inscrutable life-style on citizens whose lifestyles have already been well established and should be allowed to decide for themselves which activities will take up their spare moments.

4-H CLUBS

City View

The City View 4-H Club meeting was called to order. Flag pledges were said and roll call was taken. Secretary's report was given and approved. Treasurer's report was given. Birthday pencils were given out. Leaders' Council report was read by Mrs. Myhrer.

Old Business—Decided to have a sliding party on January 19 at the armory. Will go back to the auditorium for lunch. Karen Koop gave a report on the trip to the Roseau Children's Home. Landstad Cemetery Cemetery thanked us for the work we did on the cemetery. Motion was made that the 4-H club buy the National 4-H News for all the junior and adult leaders. Motion was made not to have the February meeting because of the fuel shortage.

New Business—Asked if anyone was interested in entering the Radio Speaking Contest. Motion was made to adjourn the meeting.

Linda Worth, Extension Home Economist, spoke to us about the Radio Speaking Contest. Demonstrations were given by Rhonda Bach on photography and Celeste Waswick on turkeys. Lunch was served by the Hamre, Waswick, and Bach families.

Marilyn Koop, Reporter

Star

The January meeting was held at the Edward Stucy home and called to order by president Richard Holen. After flag pledges, roll call was answered to "How many projects have you started?" The treasurer's report was given. Leaders' Council report was given by Mrs. Orlin Hanson. Mrs. Robert Parnow gave a short report on the Kitchen Conferences being held throughout the area.

A thank you note was read from the Roseau Children's Home for the club's Christmas gifts. A short report from several 4-H members was given on the club's visit to the Home on December 29.

A project report was given by Dean Hanson. A demonstration on how to use old Christmas cards was given by Becki Peterson.

The Hanson family was in charge of the program which was Mrs. Eddie Stucy and Mrs. Gene Fiedler showing how to decorate cakes. Also, some humorous recipes were read.

Our recreation was on "foods", too, as our club project is foods this year. Lunch was served by the Stucy family.

Dean Hanson, reporter

AGDER...

Mr. and Mrs. Manvel Moe visited Sunday afternoon with Mrs. Gunhild Ose at the Valley home in Thief River Falls.

Legislative Letter

from ANDREW SKAAR
STATE REPRESENTATIVE

Dear Resident of District 1B:

As your State Representative I am vitally interested in your opinions on the major issues listed below which will be discussed during the current legislative session. Your response will help guide me in supporting or opposing these proposals in the Legislature.

Please point out any other problems you feel the Legislature should consider. Thank you for your concern.

	Yes	No
(1) Do you favor establishing another new department of State government to deal with the present energy crisis?	( )	( )
(2) Would you favor giving this responsibility to an existing department?	( )	( )
(3) Are you in favor of the Spannaus gun control bill?	( )	( )
(4) Are you in favor of using public funds to finance political campaigns?	( )	( )
(5) Are you in favor of using highway trust funds for urban mass transit?	( )	( )
(6) Should there be a tax on non-returnable beverage containers to help pay for roadside and park cleanup?	( )	( )
(7) Do you support a constitutional amendment to allow the public to limit the taxing power of the state?	( )	( )
(8) Do you approve of the new daylight saving time?	( )	( )
(9) Should railroads be taxed on the same basis as other corporations?	( )	( )
(10) Should parimutual betting be allowed in Minnesota?	( )	( )
(11) Other issues that should be considered ________		

My address at the Capitol is State Representative Andrew Skaar, Room 383, State Office Building, St. Paul, Minnesota 55155.

Numedal..

Odean Onness, Rt. 1, City, 681-3323

PLAY BY PLAY ON SPORTS

with Mike Lundgren

Gus Hendrickson, coach of the Grand Rapids high school hockey team that beat Thief River Falls 3-0 Saturday night, spoke highly of the Prowlers in a short conversation immediately after the stirring game played in the sports arena.

"Thief River Falls has a very good hockey team. We played well and were fortunate to beat them," Hendrickson said.

Speaking of the rugged Iron Range hockey conference with an obvious amount of pride, Hendrickson pointed to Hibbing as the team to beat since the defending state champion Bluejackets are still undefeated in conference play. Despite it's talented squad, Grand Rapids has already been knocked out of the IRC race after suffering losses to Hibbing 6-3, International Falls 4-3 and Greenway 4-3 in overtime.

"Hibbing looks like the team to beat right now," Hendrickson noted, "But anything can happen come region time. Virginia has a big strong club and they pass the puck real well," he said of his brother Dave Hendrickson's Blue Devils. Thief River Falls will host Virginia in the final game of the 1973-74 regular season February 15.

"Thief River Falls does have a good team; they would fit right into the IRC," Hendrickson said. That's a high compliment from a coach in what is generally considered the strongest hockey conference in the state.

—0—

The 3-0 loss pinned on the Prowlers Saturday marked the first time a Thief River Falls hockey team has been shutout since Roseau blanked the Prowlers 5-0 in the second round of the 1971 region eight tournament.

The shutout marked the first time Thief River Falls has been held scoreless in a regular season game since Crookston blanked the Prowlers 5-0 near the end of the 1969-70 season.

—0—

Northland community college will host the 1974 MCCAA state hockey tournament Thursday and Friday, February 28 and March 1, with the top four teams in the final 1973-74 seven team regular season conference standings earning berths in the post season event.

Despite being the host site for the state tournament, it's been next to impossible to acquire up to date conference standings through the first half of the 1973-74 season.

Finally getting results from the region XIII service bureau on Friday, standings going into the weekend's busy schedule found Mesabi of Virginia leading the league with a 6-1 record, followed by Lakewood of White Bear Lake 3-2, Northland 2-2, Hibbing 3-5, Crookston 1-4 and Rainy River of International Falls 0-5.

The standings are incomplete, however, since Itasca of Grand Rapids has not filed a report to the region XIII office. With an impressive over-all season record Itasca would probably slide ahead of Northland for third place in the standings, though Northland's weekend sweep over Rainy River should solidify the Northman play-off chances.

Dave Herbst of Hibbing was listed as the state's top scorer with 23 goals and 17 assists for 40 points in eight games. Jim Spolarich of Mesabi was a distant second in the scoring parade with 10 goals and six assists for 16 points.

—0—

Lincoln high school graduate Gordon Prichard, expected by head coach Hugh Gordon to finish third in the event, surprised everyone with a first place finish in the breast stroke during a recent UND-NDSU swimming meet. Prichard swims for the Sioux.

Newfolden Drubs Baudette 83-55

Marshall County Central lifted its 1973-74 basketball season record to 4-3 Saturday afternoon with a one-sided 83-55 triumph over Baudette.

Newfolden led at all four stops on the Bears' court, by margins of 19-10, 41-20 and 63-42.

Coach Ron Ueland's Nordics will be back in action tomorrow (Tuesday) when Newfolden hosts Goodridge.

Grand Rapids Blanks TRF Skaters 3-0

Grand Rapids successfully skated off eight penalties Saturday night to frustrate Thief River Falls 3-0 in an exciting region seven-eight prep hockey matchup played before a large crowd in the sports arena.

A second period partial breakaway goal by senior wing Mike Johnson provided Grand Rapids with the only goal the hard skating Indians needed as diminutive goalie Dan Clafton kicked out all 26 Prowler shots fired at the Grand Rapids net.

Thief River Falls goalie Joel Folger was equally as impressive as he came up with a strong 32 save effort in a losing cause.

Neither team penetrated each other's defenses in a closely matched first period. Both teams had short moments of domination, but Clafton and Folger each came up with the big saves when needed, especially Folger who stopped 10 shots in the fast moving opening stanza.

Johnson finally snapped the brilliant goaltending duel with 8:49 remaining in the second period when he slipped behind the Thief River Falls defense and fired a point blank backhand past Folger who had moments earlier made an outstanding save against the Indians' Bill Baker on a nearly identical play. Mark DeCenzo and John Rothstein, both members, along with Johnson, of the talented Indians' first line, assisted on the goal.

Thief River Falls, already thwarted on three power play tries, was presented with a golden scoring opportunity soon after the Grand Rapids goal when the Indians were forced to skate two men short for a minute.

The Prowlers just missed several early penalty scoring chances, but they couldn't find the open spaces in the thinned Indian defense. "We try to move the puck around to the open man on our power play opportunities," pointed out disappointed Prowler coach Bill McGann after the game. "We try to get out opponent to run around after the puck in their zone. We had Grand Rapids disorganized a couple of times, but we just couldn't put the puck in the net."

Immediately after skating off the two-man penalty, Grand Rapids was assessed another infraction, but again the Prowlers weren't able to score with the Indians controlling the play despite the shorthanded situation.

Another Grand Rapids penalty at the start of the third period further frustrated the Prowlers as the Indians continued their uncanny ability to poke check and skate the Prowlers off the puck.

The Indians opened up a 2-0 lead in the tense game when Baker, a defenseman, lifted a long backhand through a maze of players past a startled Folger with 6:36 remaining in the third period. Dan Lempe assisted Baker on the play.

The score mounted to 3-0 in the hard hitting game with only 3:35 left as the Indians, accustomed to penalty skating, scored on a power play. DeCenzo grabbed hold of a long rebound and immediately let go with a quick 10 foot wrist shot into the wide open left corner of the net. Baker assited on the play which came with 21 seconds remaining in a Prowler penalty.

"I think we had a good game; a real good game out of Folger," mentioned McGann. "We had a good scoring opportunities, but we didn't capitalize. We just couldn't buy a goal. Our passing game wasn't quite as sharp as it's been, but I think if we could have connected once it would have been a different game."

First Period

SCORING—none.

PENALTIES—GR, D. Madson, tripping, 12:29. GR, T. Madson, interference, 14:28.

SAVES—TRF, Folger 10. GR, Clafton 6.

Second Period

SCORING—GR, Johnson assited by DeCenzo and Rothstein, 6:11.

PENALTIES—GR, McDonald, interference, 2:54. GR, Doyle, cross checking, 8:05. GR, Baker, tripping, 8:35. GR, Rothstein, tripping, 10:08. TRF, Goulet, roughing, 13:13.

SAVES—TRF, Folger 12. GR, Clafton 8.

Third Period

SCORING—GR, Baker assited by Lempe, 8:24. GR, DeCenzo assited by Baker, 11:25.

PENALTIES—GR, McDonald, tripping, 1:26. GR, Baker, interference, 8:58. TRF, Noel, holding, 10:16.

SAVES—TRF, Folger 10, game total 32. GR, Clafton 12, game total 26.

Prowlers Host G.F. Red River Icers Tuesday

Coach Bill McGann's Lincoln high school hockey team will continue its hectic game playing pace tomorrow (Tuesday) when the Prowlers host Grand Forks Red River in the Thief River Falls sports arena beginning at 8 p.m.

Thief River Falls, currently 6-3 for the year, will also be in action Friday when the Prowlers entertain arch rival Bemidji.

THE ONLY goal that really mattered in Saturday night's Thief River Falls-Grand Rapids hockey game played in the sports arena was this first goal of the game scored in the second period by the Indians' Mike Johnson who slipped behind the Prowler defense and beat goalie Joel Folger with a close range backhand. Grand Rapids padded its 1-0 lead with a pair of third period scores to blank Thief River Falls 3-0. The Prowlers will try to improve upon their 6-3 record tomorrow (Tuesday) by hosting Grand Forks Red River in the sports arena

Northland Cagers Split Iron Range Road Trip Series

Paced by the potent one-two offensive punch of freshmen David Dickey and Bill Gusa, the Northland community college basketball team bounced back from a disappointing 70-68 Friday night overtime loss to Vermilion to rip highly ranked Mesabi 115-86 Saturday afternoon to salvage a two game weekend trip split to the Iron Range.

The big win against Mesabi Saturday in Virginia kept the Northmen in first place in the Northwest Division standings with a 3-1 record. Crookston, making the Iron Range trip in reverse order, had an opportunity to take over first place after beating Mesabi 88-70 Friday, but the Trojans fell to surprising Vermilion 53-47 Saturday. The twin wins moved Vermilion ahead of Mesabi in the Northeast Division race.

Vermilion . . 70
Northland . 68

Employing a very deliberate slow down tempo throughout the game, the underdog Vermilion quint managed to match Northland in nearly every department until the overtime session when the host Ironmen took over.

Vermilion scored two quick baskets and then added a free throw to jump in front 67-60 at the start of the extra session before Dickey and Joe Brown hit back to back two pointers for Northland to trim the margin to 67-66.

Rich Huset canned a pair of crucial free throws with 43 seconds left to give Vermilion a 69-66 edge and Steve Potter added a single free throw to pad the lead to 70-66.

A jump shot by Dickey near the end of the overtime period accounted for a 70-68 finale.

A spotty Northland first half effort, combined with the officials' reluctance to call fouls, resulted in a 32-32 stand-off at halftime. Northland had built its biggest lead of the roughly played game with 9:51 remaining in the first half when the Northmen went in front 19-14.

Vermilion surged to its biggest lead at 51-43 near the midway point of the second half, but the Northmen slowly trimmed the deficit until near the end of regulation time when the two teams matched each other basket for basket.

A jump shot by Northland's Ralph Fitts, who finished with a game high 26 points, tied the game 62-62 with 1:45 remaining and the Northmen were presented with two more opportunities to score the winning bucket, but failed to capitalize on the chances as the game went into overtime.

Close statistics reflected the tight game played in Ely as the Northmen shot 43 per cent from the field on 32 of 74 while the Ironmen shot 40 per cent on 31 of 76.

From the free throw line Northland hit four of eight while Vermilion made eight of 16.

A stand-out game by Dickey, a 6-0 guard, also included 14 assists as he personally had a hand in 66 points.

Northland reeled off 10 straight points, nine by Fitts, in a two minute first half spurt to turn a 32-26 deficit into a 36-32 advantage with 6:22 remaining.

Mesabi came back to tie the game at 36-36 with 5:50 left, but another Northland outburst included baskets by Dickey, Fitts and Stephens to open-up a 42-38 lead enroute to a 59-46 halftime lead.

Early in the second half Northland rattled off 14 straight points to move in front 75-48 with 16:06 remaining. An effective Northland press forced Mesabi into numerous turnovers leading directly to easy Northman points with Gusa hitting four field goals to lead the second half outburst.

Northland built its biggest lead at 103-66 with still 7:24 left in the game.

Northland shot a respectable 49 per cent from the field for the game, hitting 48 of 98 attempts. Mesabi made 32 of 85 for a 38 per cent figure. From the free throw line Northland sank 19 of 26 while Mesabi made 22 of 34. The Northmen held a 68-43 rebound advantage.

LHS Hockey JV Team Improves Record To 7-1-1

Lincoln high school junior varsity hockey team improved its season record to 7-1-1 by claiming three one-sided wins last week.

The Prowler Bees blanked Hallock 10-0 Thursday, beat Warroad 8-1 Friday and added a 7-1 triumph over Warroad again Saturday.

Mike Jury and Hal Harbott each scored two goals against Hallock while single markers were added by Mitch Dicken, Dave Wysoski, Steve Onkka, Neil Johnson, Jeff Lindquist and Mike Malberg.

B. J. Broughton and Onkka each scored twice against Warroad Friday night with Wysoski, Bob Forberg and Kent Ehrenstrom each scoring once.

Harbott notched two goals in Saturday night's win over Warroad with single goals added by Wysoski, Jury, Mike Kosel, Kevin Anderson, Marty Lendobeja and Tim Loeffler.

Buy, sell, swap with a Times Classified ad.

Prowlers Beat Hallock Squad 6-3

Junior wing Jeff Tunberg scored twice to lead a bevy of five different Prowler scorers Thursday night as Thief River Falls held off a stubborn Hallock sextet 6-3 in a region eight hockey game played in the sports arena.

The scrappy Bears played a tough game all the way against the favored Prowlers who never did seem to put the game safely out of reach until the final buzzer.

Thief River Falls opened up a 3-0 first period lead on goals by Max Thrall, Jim Elleson and Tunberg to start what looked like an apparant rout.

Thrall began the game's scoring with just 2:26 elapsed when he came streaking across the goal mouth to poke a rebound past Hallock goalie Kim Turner who was slow to respond after making an initial save on a Pete Hess slap shot.

The Prowlers knocked in another rebound with 4:04 gone to go in front 2-0. Turner again made the first save, this time on a long slap shot by Tony Dorn, only to have Elleson smack the puck back into the net.

Tunberg's first goal may have been the deciding factor in the game as he raced the length of the ice to score on an unassisted breakaway just 10 seconds after the Prowlers had been forced into a short handed situation. Racing straight down the middle of the ice sheet untouched, Tunberg neatly tucked a close range backhand past the unprotected Turner with 6:32 gone.

Just when Hallock began looking hopelessly out of it, the Bears battled back with a big goal by talented forward Paul Nordling with only 13 seconds left in the opening period for a 3-1 difference. The Bears scored on a full rush with Brad Sobolik centering the puck in front to Nordling who steered it past Prowler goalie Joel Folger.

Thief River Falls increased its lead to 4-1 at the start of the second period when Dorn's long slap shot from the blueline skimmed along the ice and breezed through Turner's legs with 4:33 played. Tom Barry earned an assist on the play.

Hallock battled back into contention again when Rick Gustafson's hard wrist shot from 15 feet sailed into the high right corner of the net for a 4-2 game with 6:20 elapsed.

The Prowlers regained a three goal lead at 5-2 near the end of the middle stanza when Tunberg stuffed the puck past Turner from close range with only 48 seconds remaining. Scott Reed shuffled the puck over to Onkka after drawing a flock of Hallock defenders away from the goal mouth. Tim Engelstad also picked up an assist on the play.

Hallock crept within striking distance once more at the start of the third period when Nordling let go of a hard slap shot just as he crossed the blue line on a Bear power play with only 3:03 played. Dave Money assisted Nordling whose shot cleanly beat Folger while Mike Goulet sat in the penalty box for holding.

Thief River Falls finished the scoring near the midway point of the final period as Tim Engelstad tipped in a long slap shot by Thrall with 6:26 gone. Hess also picked up an assist on the score for a final 6-3 margin.

Despite giving up the six goals Turner played a strong game for the Bears with his stand up style turning aside 35 Prowler shots. In contrast, Folger recorded 14 saves.

First Period

SCORING—TRF, Thrall assisted by Hess, 2:26. TRF, Elleson assited by Dorn, 4:04. TRF, Tunberg unassisted, 6:32. Hallock, Nordling assisted by Sobolik, 14:47.

Prowler Free Throws Upset Waves 71-60

Thief River Falls broke into the Northwest Conference win column for the first time in four ties Friday night as the Prowlers posted a 71-60 minor upset win over highly regarded East Grand Forks in the Lincoln high school gym.

An amazing display of accurate free throw shooting carried the Prowlers to their satisfying win over the district 31 rival Green Wave as Thief River Falls made 21 of 27 free throw attempts for a blistering 78 per cent success ration. In contrast, East Grand Forks made 14 of 25 free throws in the foul plagued game for a 56 per cent figure.

With their success from the charity stripe in mind, a short game winning Prowler scoring spurt from the floor at the start of the fourth quarter lifted Thief River Falls to its fifth win in eight starts overall this winter.

Entering the final stanza with a still shakey 52-44 lead, the Prowlers watched as the Green Wave tightened things up even more when Kim Knoff tapped in a rebound for a 52-46 contest just 13 seconds into the period.

The Prowlers then took control of the happenings by scoring three quick buckets in a minute's span. Randy Dallmann and Dallas Kemmer matched each other's jump shots from deep in the opposite corners and Wayne Peterson found an open spot under the basket for as easy lay-up to suddenly double a six point lead into a 58-46 margin with 6:27 remaining.

The short mini-barage was enough to insure the win for the Prowlers as the two teams matched each other point for point the rest of the way until Dallmann followed a Kent Christensen fast break lay-up with a single free throw to give the Prowlers their biggest lead of the game, a 13 point 69-56 bulge, with 1:41 left.

East Grand Forks had enjoyed an early five point lead in the first quarter when the Green Wave popped in five straight points to turn a 9-8 deficit into a 14-9 advantage with 3:23 remaining.

The Prowlers came back with five straight points of their own to tie the game 14-14 at the quarter break on Duane Dicken's long jumper with three seconds left.

After making two of five first quarter free throws, the Prowlers found their shooting eye in the second period when Thief River Falls marksmen hit 13 straight free throws without a miss enroute to a 39-34 halftime lead.

The Prowlers led by one, 35-34, with 50 seconds remaining before Peterson calmly sank a pair of gift shots with 21 seconds left and Dicken duplicated his first quarter shot by banging in a long jumper with three seconds left.

Both teams employed a full court press throughout the game and although neither team enjoyed any real great success with it, the 12 turnovers by East Grand Forks seemed to be particularly harmful to the Green Wave as the Prowlers capitalized on nearly every bobble to pull away to their 52-44 third quarter advantage. Despite 11 turnovers, Thief River Falls had little trouble handling the publicized East Side press.

Thief River Falls shot 36 per cent from the field, hitting 25 of 69 shots. East Grand Forks made 23 of 76 tries for 30 per cent. The Green Wave held a 43-40 edge in the rebounding charts.

PROWLER GUARD Jerry Sandahl sailed past the outstretched arm of Green Wave defender Dan Driscoll for a driving lay-up during Friday night's Thief River Falls-East Grand Forks Northwest Conference basketball game played in the Lincoln high school gym. Steve Wald of East Grand Forks watched the play from the background. The Prowlers beat the rival Green Wave 71-60.

Swimmers Top D.L.; Host Spuds

Doug Williams, Dan Cork and Mark Storhaug each recorded a pair of individual first place finishes Thursday to pace Thief River Falls to a 48-34 dual swimming meet triumph over Detroit Lakes.

Coach John Kopari's Lincoln swimmers were scheduled to be back in action tonight (Monday) with the Prowlers planning to host Moorhead in the Franklin middle school pool starting at 7 p.m.

First place performances by Williams included a 24.7 clocking in the 50 yard freestyle and a 1:03.1 time in the 100 yard butterfly. Storhaug won the diving competition and added a school record 5:53.3 effort in the 500 yard freestyle. Cork placed first in the 200 yard freestyle in 2:04.5 to go along with a 1:02.4 winning time in the 100 yard back stroke.

Williams and Cork were also members of the winning Prowler 400 yard relay team as Thief River Falls captured eight of the possible 11 first place finishes. Dave Borning and Neil Sjulson joined Williams and Cork on the relay unit to post a 3:48.7 time.

The other Prowler first place was gained in the medley relay with Sjulson, Jeff Carter, Carter Green and Borning combining to swim a 1:56.0.

Four Prowler swimmers earned second place points, including Dan Heleren in the individual medley, Borning in the 50 yard freestyle, Sjulson in the 100 yard freestyle and Carter in the 100 yard breast stroke.

The win in the Laker pool lifted the Prowler dual meet season record to 6-4 for the year.

According to the national wildlife federation, the U.S department of agriculture has withdrawn its support for the Starkweather and Edmore watershed projects in North Dakota which would have drained more than 55,000 acres of prime waterfowl breeding area.

PROWLER WING Jeff Tunberg neatly tucked this close range backhand past Hallock goalie Kim Turner on a first period breakaway during Thursday night's region eight hockey game played in the Thief River Falls sports arena. Tunberg's goal gave the Prowlers a 3-0 lead enroute to a 6-3 north half region triumph over the Bears. Thief River Falls will be back in action tomorrow (Tuesday) when the Prowlers host Grand Forks Red River in the sports arena beginning at 8 p.m.

Northland Icers Sweep Rainy River 4-2 and 7-1

Northland community college swept an important two game MCCAA hockey conference series from Rainy River over the weekend to level the Northman season record at 5-5, but more importantly, lift the Northmen to 4-2 in league play.

Coach Swede Lund's Northmen won Friday night's series opener 4-1 and then added a 7-2 Saturday afternoon triumph. Both games were played in the Thief River Falls sports arena.

Northland . . 4
Rainy River . 1

Northland nursed a 1-0 lead into the third period of Friday night's defense orientated game before tacking on three more goals to win 4-1.

Sophomore center Randy Schmitz snapped a scoreless goal tending duel between Northland's Gordin Landin and Rainy River's Jeff Judd by scoring on an assist from Tony Demarais with 14:50 remaining in the second period.

Freshman defenseman Kevin Thomson scored what proved to be the game winning goal at the start of the third period when Thomson scored on an assist from Jon Markstrom with only 1:24 elapsed.

Mike Drury increased the margin to 3-0 on an assist from Pete Jerome with 13:18 remaining before the Voyageurs spoiled Landin's shutout bid on a goal by Rick McBride with 11:06 left.

Northland's Merlin Nelson finished the game's scoring on an assist from Rick Vatnsdal with 7:36 remaining.

The Northmen-controlled the action during most of the game, peppering 36 shots at Judd. Landin kicked out 23 drives, but only three in the final period.

Northland . . 7
Rainy River . 2

Rainy River jumped out to an early 2-0 first period lead in Saturday afternoon's encounter before the Northmen responded with seven straight goals to win in impressive 7-2 fashion.

The International Falls sextet opened the scoring on goals by Gary Asplund and John Murray at 5:04 and 9:45 of the first period.

The Northmen wasted little making up part of the deficit as Nelson scored on a quick 15 foot wrist shot just 13 seconds after the second Rainy River goal.

Northland scored the only goal of the second period when Al Eisenzimmer poked a loose rebound past Judd with 11:20 remaining to tie the game 2-2. Rob Eisenzimmer was credited with an assist on the play.

The host Northmen dominated the third period activity by pumping five quick goals past a rattle Judd in a seven minute span.

Dick Penning started the third period outburst by scoring on a soft 20 foot backhand with 15:46 remaining. Drury's centering pass set up the winning Northland score.

Demarais made it 4-2 with 13:11 remaining by flipping a slow 15 foot wrist shot by Judd on an assist from Rob Eisenzimmer.

Just 15 seconds later the score mounted to 5-2 when freshman defenseman Rob Almquist whipped a low slap shot past the screened Rainy River goalie. Demarais picked up an assist on the play.

Northland added another goal with 11:01 remaining when Penning notched his second marker of the period by slapping in a loose puck from 15 feet out. Jerome was given an assist on the play.

Nelson completed the Northland third period rout by scoring on a long slap shot with 8:42 left for his second goal of the game and his third of the series. Schmitz assisted on the final Northland goal.

Judd was kept busy with 39 Northland shots while Northmen freshman Pete Sullivan turned in a strong 22 save effort.

Matmen Hammer EGF By 43-12

Thief River Falls won its third straight one sided dual wrestling meet since the 1973-74 season reopened after the holiday break Thursday night as the Prowlers clobbered East Grand Forks 43-12.

The win lifted the Lincoln grapplers' season record to 5-3 heading into a tough Thursday night encounter with the always strong Park Rapids Panthers in the Lincoln gym. On Saturday the Prowlers will compete in the Northwest Conference meet at Crookston.

Senior Lonnie Olson started the Prowlers off on the right foot at East Side with a come from behind 6-5 win over Jeff Zak in the meet opening 98 pound match. Zak jumped out to a 4-0 first period lead, but Olson battled back to climb within 5-4 at the second period break before gaining a match winning two point nearfall in the third period.

East Grand Forks took a 6-3 lead in the 105 pound match when Todd Basgaard pinned Prowler sophomore Dan Hallstrom in 1:09.

Thief River Falls quickly regained the lead by a 9-6 margin at the 112 level when Mark Swanson pinned Mike Beem of East Grand Forks in 3:22.

The Prowlers picked up another slim 6-5 win at 119 with Barry Newton squeezing by Jerry Olson on a third period reversal. Newton led 2-0 at the end of the first period, but Olson tied the match 4-4 in the second round and went in front 5-4 in the final stanza before Newton's winning maneuver.

Thief River Falls upped its lead to 18-6 when Prowler Lyle Swanson pinned Casey Driscoll in 3:59 of their 126 pound match.

Prowler senior Joe Kezar used a second period reversal to decision Pat Helling of East Grand Forks 2-0 in the 132 pound bout.

At 138 Thief River Falls' Brad Steiger posted a 14-0 four point superior decision over East Grand Forks' Tony Sarpreant to push the Prowler lead to 25-6.

Bryan Steiger padded the Prowler lead to 28-6 with a one-sided 10-1 conquest of Charles Daniel in the 145 pound event.

Senior Steve Nordhagen posted the third Prowler pin of the night by stretching East Side's Mark Holy at 4:26 of the 155 pound match to increase the Thief River Falls lead to 34-6.

Steve Sorvig of Thief River Falls erased a 3-2 deficit by gaining a two point takedown in the final seconds of the third period to trim John Dostal of East Grand Forks 4-3 at 167. Dostal held a 2-1 first period lead, Sorvig tied it at 2-2 in the second stanza and Dostal went back in front 3-2 before Sorvig's winning move.

Lee Rolland increased the Prowler lead to an impressive 43-6 margin at 180 by pinning Nathan Garcia in 1:50.

East Grand Forks broke back into the win column in the night's heavyweight finale when Fredencio Hiracheta pinned Thief River Falls' Dave Panek in 1:34.

Thief River Falls nearly duplicated the varsity score in the B squad match by winning the preliminary event 41-12.

If being broke is making you sad, make some "dough" with a Times' Classified Ad.

LHS Intramural Hockey League Results Posted

After one round of play in the newly formed Lincoln high school intramural hockey program, the Bruins and Saints share the league lead with 2-0 records while the Jets and Flyers both stand 0-2.

Results from last week's season opening play found the Bruins beating the Jets 8-3 and winning by forfeit over the Flyers while the Saints topped the Flyers 6-4 and beat the Jets 5-4.

This week's schedule started this morning (Monday) with the Jets meeting the Flyers. The first place Bruins and Saints clash Tuesday while the Jets and Bruins play Wednesday with the Saints and Flyers scheduled to face-off Thursday. All games start at 7 a.m. in the sports arena.

Senior quarterback Jay Gustafson of the University of North Dakota was named the North Central Conference most valuable offensive back in 1973.

Public Notices

Thinking of You

I'll meet you in heaven
the place that's so fair.
I'll meet you in heaven,
that great land up there.

We'll shout and we'll sing
of God's wonderful grace
and be happy and free
Yes, win every race.

I'll sit down and talk
With my brother so dear,
And the Jesus shall wipe
Away every tear.

I'll see my dear father
And his folk's too.
We'll sing and we'll shout
the whole time through.

Yes, I'll meet you in heaven
My brother Lloyd Wilkens
has been gone soon 21 years
and my dear father Albert Wilkens
has been gone soon 11 years.
We all miss them both very much.

Love, Merrill, Arlyne, Eugene and Mark Skoglund and Mary Clark of Roseau, Minnesota. 1t6p

In Memoriam

In loving memory of Paul Schulz, husband, father and grandfather, who passed away two years ago January 22, 1972.

Though his smiles are gone forever
And his hand we cannot touch
Still we have so many memories
Of the one we loved so much
Though memory is my keepsake
With which we'll never part
God has him in his keeping
We have him in our heart.

Sadly missed by: Mrs. Clara Schulz, Mr. and Mrs. Marc Reller and Dawn, Mr. and Mrs. Russell Drown and Valeta. 1t6p

Notice to Voters

Notice is hereby given: That a township election in the town of New Solum in the county of Marshall, State of Minnesota, will be held on Tuesday the 12th day of March 1974 between 1 p.m. and 4 p.m.

That the first day for filing affidavits of Candidacy will be Tuesday the 29th day of January 1974 and the last day for filing affidavits of candidacy for said election will be Tuesday the 12th day of February 1974.

Dated this 12th day of January 1974.

Glenn J. Halvorson, Clerk

License Fee Set For Leech Lake Reservation Area

Cost of a license to hunt or fish within the boundaries of the Leech Lake Indian reservation will not be increased during 1974, providing the sportsman purchases special unrestricted licenses in lieu of the standard state licenses.

Special unrestricted licenses, authorizing non-Indians to take game and fish within the boundaries of the Leech Lake Indian reservation, will cost $1 more than the standard state licenses during 1974, the department of natural resources announced.

Sportsmen who buy a regular state hunting or fishing license and later decide to fish or hunt within the reservation will be required to validate their licenses with a stamp costing $2. Thus, the sportsman who thinks he may want to hunt or fish on the Reservation will save $1 by purchasing the unrestricted license.

The agreement on fees to be charged by the reservation business committee next year was reached following a meeting between the committee and representatives of the DNR.

The DNR also agreed to provide additional conservation officers to enforce regulations during the fishing opener next year. An agreement was also made that the DNR would post all entry roads to the reservation prior to the opening of the season.

The regular state license for 1974 have been sent to county auditors for distribution to license agents, DNR officials said, and the unrestricted licenses are available now.

LHS JV Cagers Lose 60-48 Game To Green Wave

East Grand Forks broke open a close game in the fourth quarter to beat Thief River Falls 60-48 in Friday night's junior varisty basketball game played in the Lincoln high school gym.

The two teams battled to a 13-13 first quarter tie before East Side went in front 27-25 at halftime and 44-37 at the end of the third quarter.

Don Forney scored 17 points to lead the Prowler JV scoring while Brian Waale added 11.

Sloths are wonderfully adapted for living in trees and actually live upside down, holding on with all four paws. As a result of this upside-down way of living, the *sloth's hair grows from the belly* toward the back and not from the back to the belly as in other animals.

RAINY RIVER goalie Jeff Judd managed to glove this close range shot by Northland wing Mike Drury during Saturday afternoon's MCCAA hockey conference game played in the Thief River Falls sports arena. Northland fired seven shots past Judd, however, to win the game 7-2, completing a two game weekend sweep over the Voyageurs after the Northmen won a Friday night meeting 6-4.

Goodridge Topples Plummer Five 77-61

Goodridge jumped out to a quick 10-0 lead and were never headed Friday night as the Huskies handled Plummer 77-61 in a Polar Conference basketball game played in the Cardinals' gym.

The accurate shooting Huskies raced to a 28-16 first quarter lead with a deadly 72 per cent shooting effort from the floor. Goodridge continued to scorch the basket in the second quarter as the Huskies shot 64 per cent enroute to a 47-33 halftime bulge. A Plummer second half slowdown game resulted in a 60-46 third quarter margin.

Tom Bendickson was the game's high scorer for the Huskies with 20 points while Paul Solberg added 13, Richard Holen and Arden Hyland each scored 11 and Don Grabowska 10. Scott Pahlen led the Cardinal scoring with 15 points, Dave Walter added 14 and Ed Vatthauer scored 13.

The win improved the Huskies season record to 5-4 while Plummer slipped to 4-5.

Goodridge won the junior varsity game 34-32.

Minnesota ranked 4th among the 50 states in the number of programs and activities carried out during the observance of national hunting and fishing day on Sept. 22, including a reduced admission charge to a Twins baseball game for young sportsmen.

MIKE JACOBSON of East Grand Forks leaped above the rest of the group to score on this play during Friday night's Prowler-Green Wave game. Watching the ball on the play were Randy Dallmann (35), Wayne Peterson and Dallas Kemmer of Thief River Falls and Steve Wald (34) of East Grand Forks. Thief River Falls picked up their first Northwest Coanference win of the year by beating East Grand Forks 71-60.

Lower Deer Harvest Is Reported By DNR

Approximately 5,500 fewer deer were takn by Minnesota big game hunters this past season compared with 1972, the department of natural resources announced.

Game officials placed the final bag at 67,106 for the 1973 season, compared with 72,607 the previous year.

Officials said this year's regulations were designed to reduce the harvest, primarily by designating a bucks only zone in a large portion of the eastern area of the state.

Surveys showed the deer population in this zone was at a low level due to a series of hard winters, maturing forests and heavy hunting pressure during previous seasons.

This year 290,930 firearms deer licenses were sold, up 12 per cent over last year.

Department game specialists conducted two studies this season aimed at determining hunter compliance with the regulations and estimating the illegal kill of does and fawns in the bucks only zone.

Based on 2,139 observations of hunters' actions in the woods and personal interviews with the hunters, the DNR concluded that 94.3 to 97.4 per cent of the hunters were complying with both the letter and the spirit of the new regulations.

Clear-cut violatons numbered 57 (2.6 per cent of all hunters contacted) and these persons were arrested. Another 64 people (3.1 per cent) were suspected of violating the law but there was not sufficient evidence to make an arrest.

The 2.6 per cent of actual violatons compares closely with similar studies in California and Virgina where violation rates were 2.2 per cent and 3.6 per cent respectively.

Most of the people arrested did not have a deer hunting license or had the wrong dates on their license.

Although a small percentage did not follow the rules, Department officials were generally pleased with the good compliance with the law demonstrated by most hunters.

The other major survey was a dead deer search carried out in the bucks only zone where about 52,000 people had hunted.

The concern that bucks-only deer hunting would significantly increase numbers of dead deer left in the woods did not materialize. The statistically based random survey revealed 0.46 dead deer per square mile - almost exactly the same as the 0.44 figure for crippling loss last year under the either sex season.

The 0.46 figure means that about six percent of the fall deer populaton was lost because of wounded deer not retrieved and illegally killed does and fawns left in the woods. (It does not include poached deer and deer reported to conservation officers and salvaged).

This loss will be more than offset by the saving of the anterless segment of the herd that would hve been taken under an either sex season, officals said.

The buck harvest this year in zone two was 6,600 compared to a harvest of 13,100 bucks, does and fawns last year in the same area.

The does that were saved this fall can be expected to contribute significantly to production next spring, authorities said.

Public Notices

Thinking of You

I'll meet you in heaven
the place that's so fair.
I'll meet you in heaven,
that great land up there.

We'll shout and we'll sing
of God's wonderful grace
and be happy and free
Yes, win every race.

I'll sit down and talk
With my brother so dear,
And the Jesus shall wipe
Away every tear.

I'll see my dear father
And his folk's too.
We'll sing and we'll shout
the whole time through.

Yes, I'll meet you in heaven
My brother Lloyd Wilkens
has been gone soon 21 years
and my dear father Albert Wilkens
has been gone soon 11 years.
We all miss them both very much.

Love, Merrill, Arlyne, Eugene and Mark Skoglund and Mary Clark of Roseau, Minnesota. 116p

In Memoriam

In loving memory of Paul Schulz, husband, father and grandfather, who passed away two years ago January 22, 1972.

Though his smiles are gone forever
And his hand we cannot touch
Still we have so many memories
Of the one we loved so much
Though memory is my keepsake
With which we'll never part
God has him in his keeping
We have him in our heart.

Sadly missed by: Mrs. Clara Schulz, Mr. and Mrs. Marc Reller and Dawn, Mr. and Mrs. Russell Drown and Valeta. 116p

Notice to Voters

Notice is hereby given: That a township election in the town of New Solum in the county of Marshall, State of Minnesota, will be held on Tuesday the 12th day of March 1974 between 1 p.m. and 4 p.m.

That the first day for filing affidavits of Candidacy will be Tuesday the 29th day of January 1974 and the last day for filing affidavits of candidacy for said election will be Tuesday the 12th day of February 1974.

Dated this 12th day of January 1974.

Glenn J. Halvorson, Clerk
217c

Card of Thanks

Mrs. Inga Sabo wishes to thank her family, relatives and friends for gifts, flowers, cards and birthday party given for her on her 94th birthday, in CNC at Northwestern hospital, and all that shared that day with her.

Thank you for gifts, flowers, cards and visits at Christmas.

Special thanks to Dr. Berg, Dr. Bray and nurses for kind and understanding care, to Rev. Molstre and Rev. Kallenberg for their visits.

May God bless you all.

License Fee Set For Leech Lake Reservation Area

Cost of a license to hunt or fish within the boundaries of the Leech Lake Indian reservation will not be increased during 1974, providing the sportsman purchases special unrestricted licenses in lieu of the standard state licenses.

Special unrestricted licenses, authorizing non-Indians to take game and fish within the boundaries of the Leech Lake Indian reservation, will cost $1 more than the standard state licenses during 1974, the department of natural resources announced.

Sportsmen who buy a regular state hunting or fishing license and later decide to fish or hunt within the reservation will be required to validate their licenses with a stamp costing $2. Thus, the sportsman who thinks he may want to hunt or fish on the Reservation will save $1 by purchasing the unrestricted license.

The agreement on fees to be charged by the reservation business committee next year was reached following a meeting between the committee and representatives of the DNR.

The DNR also agreed to provide additional conservation officers to enforce regulations during the fishing opener next year. An agreement was also made that the DNR would post all entry roads to the reservation prior to the opening of the season.

The regular state license for 1974 have been sent to county auditors for distribution to license agents, DNR officials said, and the unrestricted licenses are available now.

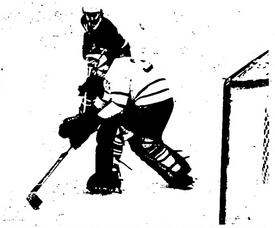
LHS JV Cagers Lose 60-48 Game To Green Wave

East Grand Forks broke open a close game in the fourth quarter to beat Thief River Falls 60-48 in Friday night's junior varsity basketball game played in the Lincoln high school gym.

The two teams battled to a 13-13 first quarter tie before East Side went in front 27-25 at halftime and 44-37 at the end of the third quarter.

Don Forney scored 17 points to lead the Prowler JV scoring while Brian Waale added 11.

Sloths are wonderfully adapted for living in trees and actually live upside down, holding on with all four paws. As a result of this upside-down way of living, the sloth's hair grows from the belly toward the back and not from the back to the belly as in other animals.



RAINY RIVER goalie Jeff Judd managed to glove this close range shot by Northland wing Mike Drury during Saturday afternoon's MCCAA hockey conference game played in the Thief River Falls sports arena. Northland fired seven shots past Judd, however, to win the game 7-2, completing a two game weekend sweep over the Voyageurs after the Northmen won a Friday night meeting 4-1.

Goodridge Topples Plummer Five 77-61

Goodridge jumped out to a quick 10-0 lead and were never headed Friday night as the Huskies handled Plummer 77-61 in a Polar Conference basketball game played in the Cardinals' gym.

The accurate shooting Huskies raced to a 28-16 first quarter lead with a deadly 72 per cent shooting effort from the floor. Goodridge continued to scorch the basket in the second quarter as the Huskies shot 64 per cent enroute to a 47-33 halftime bulge. A Plummer second half slowdown game resulted in a 60-46 third quarter margin.

Tom Bendickson was the game's high scorer for the Huskies with 20 points while Paul Solberg added 13, Richard Holen and Arden Hyland each scored 11 and Don Grabowska 10. Scott Pahlen led the Cardinal scoring with 15 points, Dave Walter added 14 and Ed Vatthauer scored 13.

The win improved the Huskies season record to 5-4 while Plummer slipped to 4-5.

Goodridge won the junior varsity game 34-32.

Minnesota ranked 4th among the 50 states in the number of programs and activities carried out during the observance of national hunting and fishing day on Sept. 22, including a reduced admission charge to a Twins baseball game for young sportsmen.

MIKE JACOBSON of East Grand Forks leaped above the rest of the group to score on this play during Friday night's Prowler Green Wave game. Watching the ball on the play were Randy Dallmann (35), Wayne Peterson and Dallas Kemmer of Thief River Falls and Steve Wald (34) of East Grand Forks. Thief River Falls picked up their first Northwest Conference win of the year by beating East Grand Forks 71-60.

Lower Deer Harvest Is Reported By DNR

Approximately 5,500 fewer deer were takn by Minnesota big game hunters this past season compared with 1972, the department of natural resources announced.

Game officials placed the final bag at 67,106 for the 1973 season, compared with 72,607 the previous year.

Officials said this year's regulations were designed to reduce the harvest, primarily by designating a bucks only zone in a large portion of the eastern area of the state.

Surveys showed the deer population in this zone was at a low level due to a series of hard winters, maturing forests and heavy hunting pressure during previous seasons.

This year 290,930 firearms deer licenses were sold, up 12 per cent over last year.

Department game specialists conducted two studies this season aimed at determining hunter compliance with the regulations and estimating the illegal kill of does and fawns in the bucks only zone.

Based on 2,139 observations of hunters' actions in the woods and personal interviews with the hunters, the DNR concluded that 91.3 to 97.4 per cent of the hunters were complying with both the letter and the spirit of the new regulations.

Clear-cut violatons numbered 57 (2.6 per cent of all hunters contacted) and these persons were arrested. Another 64 people (3.1 per cent) were suspected of violating the law but there was not sufficient evidence to make an arrest.

The 2.6 per cent of actual violatons compares closely with similar studies in California and Virginia where violation rates were 2.2 per cent and 3.6 per cent respectively.

Most of the people arrested did not have a deer hunting license or had the wrong dates on their license.

Although a small percentage did not follow the rules, Department officials were generally pleased with the good compliance with the law demonstrated by most hunters.

The other major survey was a dead deer search carried out in the bucks only zone where about 52,000 people had hunted.

The concern that bucks-only deer hunting would significantly increase numbers of dead deer left in the woods did not materialize. The statistically based random survey revealed 0.46 dead deer per square mile almost exactly the same as the 0.44 figure for crippling loss last year under the either sex season.

The 0.46 figure means that about six percent of the fall deer populaton was lost because of wounded deer not retrieved and illegally killed does and fawns left in the woods. (It does not include poached deer and deer reported to conservation officers and salvaged.)

This loss will be more than offset by the saving of the antlerless segment of the herd that would have been taken under an either sex season, officals said.

The buck harvest this year in zone two was 6,600 compared to a harvest of 13,300 bucks, does and fawns last year in the same area.

The does that were saved this fall can be expected to contribute significantly to production next spring, authorities said.

Minnesota Tourist Industry Has Slight Increase During '73

Lisa Lebedoff, director of tourism, announced recently the publication of the 1973 travel tourism indicators. Compiled by the department of economic development's research division, the indicators show a slight gain in the travel industry in 1973.

"Minnesota's tourism industry showed strong advances during the first quarter of 1973 which stirred optimism throughout the industry. However, the concern over the energy shortage which began last spring slowed activity for the remainder of the year, especially in the southwest, west and northeastern regions of the state as a result of reduced long distance travel. In July and August, travel experienced an upturn as the availability of gasoline proved more promising. Travel patterns established a downward trend in September and October as gasoline was again in short supply," she stated.

In 1973, the total travel industry was buoyed by the increased business and recreational travel in the Twin Cities metropolitan area as compared to the outstate regions which were more substantially affected by the gasoline shortages. Main contributors to the optimistic metropolitan report were the airline passenger services, car rentals, hotel receipts and traffic reports.

The situation was reversed a year ago as outstate tourist areas exerted a positive influence on the state's travel total. This helped to offset losses experienced by the total travel industry in the Twin Cities brought about by the airline strike.

Changing consumer habits have continued the exceptional growth in car rentals. This growth has continued unabated in spite of the airline strike of 1972 and the business travel slowdown experienced in 1972 and 1973.

Although airline passenger totals have continued to grow, the airlines felt the downturn in the economy and were affected by cuts in airline service due to the fuel shortage at year end. The rather large percentage increases in July of 25.5 per cent, August of 24 per cent and September of 22.5 per cent due to the low base in 1972 resulting from the airline strike.

Minneapolis-St. Paul hotels registered a five per cent gain in receipts and a four per cent gain in occupancy rates for the first nine months of 1973.

Employment in the hospitality industry was up 11.6 per cent over 1972. However, much of the increase came in the first four months when optimism ran high for a record travel-tourism year. June, July and August showed an increase of 4.9 per cent over the previous year, an adjustment from the high increases of the early spring following the announcement of decreased gas availability. Employment in food and liquor services has remained at a stable 8.4 per cent increase over 1972.

Evidence that the state experienced a cutback in gasoline *can be seen in the record of* gasoline shipments. Gasoline shipments, which have shown monthly increases for many years, declined in June and September. The January through April shipments were 8.9 per cent above the same period in 1972. However, during the period May through August, increases amounted to only 1.9 per cent, clearly showing the effects of the national fuel situation on Minnesota. September figures were 2.6 per cent lower than 1972. For the first nine months, total gasoline deliveries show a net increase of 3.19 per cent as compared to 4.21 per cent a year ago.

Corresponding with the reduction in gas supplies were lower highway traffic counts for the summer months. Average daily traffic at all automatic traffic count stations, though approximately six to eight per cent during the first five months, showed only a slight gain in the summer season and was at a low 3.8 per cent in the fall.

Traffic counts around the state indicated drastic reduction in longrange recreational travel in some regions. Pioneerland, in Minnesota's southwest, had an eight month increase of only 0.5 per cent over 1972. The June, July and August totals decreased by 1.1 per cent. Traffic, was relatively active during the first four months of the year, restrained during May, and off for June, July and August. All six tourism regions showed this same correlation of traffic to gasoline supplies; however, none showed overall decreases as did Pioneerland.

Pioneerland was more susceptible to feeling a decrease in traffic in 1973 as one of the main contributors to their totals in U.S. Highway 75 which showed an eight month decrease of 15.5 per cent. Most of this decrease was the result of completion of additional portions of Interstate I-29 in South and North Dakota.

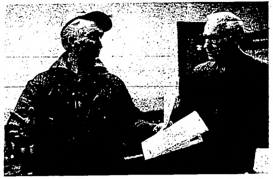
Another area reflecting the effects of the lack of gasoline availability, was Minnesota's state park system. Total state park attendance was up only 2.2 per cent due to registered decreases in park visitation in Vikingland and Pioneerland. Camping in state parks was off 5.2 per cent. Here again, the cutback in long-range travel seriously affected both visits and camping in state parks.

The western regions of the state, Vikingland and Pioneerland, showed decreases in park visitation of 8.0 and 6.6 per cent respectively. Camping in these areas was down approximately the same. The northern regions of Arrowhead and Hearland showed increases in visitations of 4.5 and 3.6 per cent. Camping, however, was down 3.5 per cent in the Arrowhead region and showed only a moderate increase of 2.2 per cent in Heartland.

Hiawathaland (southeast Minnesota) state parks suffered somewhat from the opening of the Interstate 90 segment which took traffic away from the state parks near highway 16. Interstate 90 runs parallel to highway 16. Visitations in the state parks in the metropolitan region increased dramatically which corresponds with increases in other travel indicators for the area.

Camping at private campgrounds was up moderately for the season, although reports indicate early season increases and a late August drop off. The late season slowdown was caused in part by early back-to-school schedules this year.

INTENSE INTEREST was displayed by livestock producers in the scale model corral and loading chute used by Donald Bates, University of Minnesota extension engineer, to illustrate his talk in Thief River Falls Thursday. Approximately 100 cattlemen attended the meeting on beef cow housing and handling equipment. Dr. Harvey Peterson, instructor in the beef management program operated through the Thief River Falls area vocational-technical institute, is third from left in the above photo.



QUESTIONING PROCEDURES mentioned at the beef housing and handling equipment meeting held in Thief River Falls Thursday, an area farmer visits with Donald Bates, extension engineer from the University of Minnesota who was the featured speaker.

Beef Cow-Calf Seminar Is Set For February 11

Special seminar for beef cow-calf producers is scheduled for February 11 at the ag research center, northwest experiment station, Crookston.

Top level speakers have been engaged. The program detail will be publicized by county agent's offices and will also be included in a special mailing from the northwest experiment station.

The seminar will begin about 9:30 a.m. and will be completed by 3 p.m. Noon lunch will be available at the Tech college.

This will be a very useful information session for cow-calf producers, according to B.E. Youngquist, superintendent of the experiment station.

Weekly HEALTH TIP

The hunter with a heart ailment should let at least one member of his hunting party know his condition and medicines -- how and what medicines to give in an emergency. List the heart medicines with instructions on a card and keep it in a pocket with the medicines at all times. Also on the card have your heart doctor's name and phone number, and your home phone.

A 1973 graduate of Lafayette high school, Red Lake Falls, he is scheduled to report to machinist's mate "A" school, Great Lakes, Ill.

Data Books For Soil Survey Are Now Available

Farmers concerned with using the best available acreage to increase their crop production can get valuable data from a soil survey, according to Harry Major, state conservationist for the Soil conservation service.

Soil survey field work has been completed for 28 counties in Minnesota, said major, and the data now are available to anyone making land use decisions. All of the remaining counties have surveys for certain areas with nine having accelerated county-wide soil surveys underway.

"With a soil survey map, you can read the land like a book," said Major. "Some soils are ideal for a particular crop. Others are better off in another crop, or left in grass or as wetland. And on some soils, the owner can choose between pasture, trees, or crops.

"The point is that a great deal of soils information is available to farmers and other land users. Even where surveys are not yet completed, the Soil Conservation Service—working through local conservation districts—often can provide at least partial soils data to anyone considering a change in land use."

Food and fibre producers who are considering expanding their acreage to crops or increasing production on their present acreage have an excellent tool available to help them. The soil survey can suggest the proper management system, adequate fertilizer, correct rotation and conservation practices to maximize return and still protect the land.

Local soil survey maps and information can be obtained from the nearest soil and water conservation district office.

Federal Tax On Phone Drops To Eight Per Cent

Federal excise tax on telephone service dropped from nine to eight per cent on January 1, the Internal Revenue Service said recently.

The tax on local and toll telephone calls, as well as teletype services, is slated to drop one per cent each year until Jan. 1, 1982, when the tax expires.

The eight per cent tax rate applies to bills issued by telephone companies in 1974, with one exception, the IRS said. Bills will carry the nine per cent rate for communication services furnished by telephone companies before Nov. 1, 1973, regardless of when the customer is billed.

MSC Lists AVTI Credit Transfer Rules Procedure

Information on transfer of credits from area vocational-technical institutes to Moorhead state college was provided recently by Mike Melrick, admissions counselor at MSC, to Dr. William Corliss, superintendent of schools at Thief River Falls. The information on transfer of credits was stated as follows:

(1) Students who transfer from Minnesota area vocational-technical schools will be accepted at Moorhead state college with advanced standing if (A) they meet high school admission guidelines for entering freshmen and (B) they have successfully completed an approved vocational-technical program of at least nine months' duration.

(2) Credit will be awarded for such vocational-technical training according to the following qualifications: (A) No credit will be given for partially completed programs. (B) A maximum of 48 undergraduate credits will be recorded at the time of admission on the basis of three credits per month for the completed program. (C) No specific course evaluations will be made, and credit will be recorded as a block unit for the entire program.

(3) Requirements in the student's major field of study at Moorhead state college may be waived by the major department on the basis of vocational-technical training, but no additional credit will be granted except as specified below.

(4) At the time the student is otherwise qualified for graduation with a baccalaureate degree, additional credit may be awarded for vocational-technical traning if the following qualifications are met: (A) A maximum of 24 additional credits may be granted upon the recommendation of the major department if such training was in a field related to the major. (B) Such additional credit will be given only if the training program exceeded 18 months on the basis of three credits for each excess month.

Area Students On Dean's List At Moorhead SC

Students on the dean's list at Moorhead state college for the fall quarter have been announced by Dr. Robert Hanson, vice president for academic affairs.

To qualify for the honors a student must earn a grade point average of 3.25 (B plus) or better while carrying 14 credit hours or more.

Listed are Paula Mickelson, Goodridge; Mark Engelstad, Bonnie Habedank, Coreene Kloubec, Carol Kraemer, Larry Lee, Candace Mortenson, Wayne Olson and Daniel Sullivan, all of Thief River Falls;

Also Jerry Holmaas and Paul Tandberg, Newfolden; Carol Groven, Richard Lindquist, David Sletto and Debbra Swanson, Oklee; Lynette Gackstetter and LaLonna Pueringer, Red Lake Falls; Yvette Boen, Strandquist; Renee Efta, Maureen Jacobson, Ardys Miller, Wayne Sather, Tomi Sawyer and Warren Trangsrud, Greenbush.

Dennis Pate Is Conservationist In Marshall Co.

Dennis Pate is the new district conservationist for the Marshall county soil and water conservation district and the Marshall-Beltrami soil and water conservation district. He has been stationed in Warren by the U.S. soil conservation service to assist both districts.

A native of Kilkenny, he graduated from the University of Minnesota in 1971 with a major in resource and community development—soil and water resource management. He spent a year working for the SCS in St. Cloud and one and two months respectively in Morris and Willmar, working on the water bank program. During the past year he has been the district conservationist in Hallock.

Pate is single and still seeking a residence in the Warren or Argyle area.

He will be spending four days per week in Warren and one (usually Tuesday) in Grygla. In addition, he will be spending two days a month in Hallock until a new conservationist is appointed there.

TRF Students To Attend Ag Day At UMC Sat.

High school students from Thief River Falls and other area schools will be participating in the agricultural activities day Saturday on the University of Minnesota campus in Crookston. About 350 students and their instructors from northwestern Minnesota and northeastern North Dakota are expected to attend the annual event.

Judging workships will cover such areas as crops, dairy cattle, general livestock, and horticulture. Educational workshops will cover ag mechanics, agri-business salesmanship, farm management and wildlife. Dairy products, horsemanship, ag public relations and ag aviation will also be discussed. Students will have opportunity to tour the UMC campus during the day.

Many Christmas Gifts Given To State Hospital

Through their generous donation of Christmas gifts, money and attractively wrapped gift boxes, many area organizations and individuals helped to brighten the Christmas season for the residents at the Fergus Falls state hospital.

Enthusiastic support was given to Operation Merry Christmas—1973, the annual Christmas gift appeal by the hospital's volunteer council, and the volunteer program at the hospital was able to provide Christmas gifts for 427 of the residents of the hospital's treatment programs for the mentally retarded, mentally ill and chemically dependent.

Fergus Falls state hospital, which serves as a regional mental health center for the citizens of a 17-county area in northwestern and west central Minnesota, provided treatment and care services for 1,510 persons during the 1972-1973 fiscal year ending in June of 1973.

D. Neuschwander Enrolls At MSC

Dale Lawrence Neuschwander, a senior at Goodridge high school, was notified recently that he has been accepted to enroll as a freshman next fall at Moorhead state college. Dale is the son of Mr. and Mrs. Lawrence K. Neuschwander, rural Grygla.

Nilo Rantanen To Chair Board

Nilo Rantanen of Middle River was recently elected chairman of Marshall county's board of commissioners at the group's annual organizational meeting, succeeding Dale Zutz of Warren. Herb Pagnac was named as vice chairman.

Winterize your pocketbook with cash earned selling your unused items with a Times' Classified.

Talent Festival Set Feb. 7th At Winter Shows

Fifteenth annual talent festival, hed in Conjunction with Red River Valley Winter Shows, Crookston, has been schedule this year for February 17, according to Al Croone of the University of Minnesota Technical college, Crookston, who is general chairman for the event. The college will be serving as hosts for the contest.

Prizes totaling $250 will be awarded to winning contestants. Categories of competition this year include vocal solo, vocal group, instrumental solo, instrumental group, variety acts, and piano.

Registration will begin at 12 noon in Kiehle hall auditorium on the campus, with auditions starting immediately to select the finalists for the evening program. Winners will be chosen by a team of judges at the evening program to be held at 7:30 p.m. in the auditorium of Kiehle hall.

Red Lake County Law Enforcement In One Agency

Law enforcement officers in Red Lake county recently *received new uniforms... all* alike. As of January 1 the county is operating under a single law enforcement agency, the county sheriff's office headed by Sheriff Kermit Knutson.

Present deputies include Allen Morken, chief deputy; Robert Wold; Esther Kankel, also office manager; David Clements of Oklee; David Westerlund of Plummer; and Duane Marcotte, Henry Thode and Bill Kelly of Red Lake Falls.

County 4-H Program Reviewed

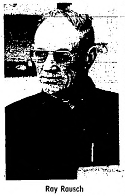
Stanley Meinen

Mrs. Linda Worth

Art Heinze

Wayne Odegaard

Mrs. Robert Parnow



Ray Rausch

Review of the Pennington county 4-H club program was the subject of a discussion by extension staff and leader's council members Tuesday afternoon at the county courthouse in Thief River Falls. Present at the meeting was Stanley R. Meinen, extension specialist in 4-H youth development, who conducted a program review in the county January 7-10.

Meinen reviewd "kitchen conferences" held with 4-H club leaders in the homes of Mrs. Robert Parnow, Goodridge; James Gunstad, St. Hilaire; Mrs. Bernard Myers and Mrs. Lynn Brosseau, Thief River Falls. Attendance at these informal discussion sessions ranged from two to seven adult 4-H club leaders.

At the kitchen sessions the leaders were asked to discuss their most successful experiences and biggest problems with their 4-H club groups during the previous year.

Successful experiences mentioned included project work and activities, much of which was conducted by the 4-H club members with a minimum of guidance and direction from the adult leaders.

Problem areas included failure of project leaders to follow through on project instruction; difficulty in completion of project records; and concerns about competition, judging and awards.

Meinen revewed suggestions by leaders including the need which new leaders have for understanding their roles and responsibilities and expanded opportunity for, exchanging of ideas with other leaders. Officer training meetings were suggested as well as additional help for club members in their presentation of demonstrations.

He said that questions were brought up about 4-H club records and the suggestion made that parents be informed of what is expected of them when one of their children joins a 4-H club. Competition and awards program was suggested for review and consideration was asked for involving seven and eight-year-old youngsers in a 4-H type experience.

Summary of conversations with news media representatives, education administrators and law enforcement personnel was also presented by the state extension specialist.

Wayne Odegaard, assistant extension agent, summarized surveys taken of adult and junior leaders inconnection with the 4-H club program review. He said that return of survey forms was statistically low but that some helpful suggestions were made and that some conclusions were indicated. Junior leaders were generally more candid in their appraisals of the program.

In attendance at the meeting with Meinen were Mrs. Robert Parnow, president of the county

(Continued on Page 4)

School Board Hears Reports On Monday

David Olin

Dr. David Brown

Reports on elementary schools, school libraries, middle school athletics and fuel use were heard by the Thief River Falls board of education Monday evening. The second February meeting of the board was held in the Knox elementary school library.

Of the reports given, most discussion centered on the proposal presented by Virgil Burger, Lincoln high school librarian, for elementary school libraries in 1974-75 and 1975-76. The report was accepted and referred to administration for consideration in staffing and budget for the next school year.

The proposal suggests that the district employ two elementary librarians with 210-day contracts with one to cover two Thief River Falls elementary schools and the other to serve two Thief River Falls elementary schools and St. Hilaire school.

Also proposed was the hiring of clerical aids to work three and one-half hours per day in each of the five elementary schools. At present the district has one elementary school librarian who works with all of the district's elementary schools on a once-a-week basis.

Consideration was also asked for an elementary library at Mark Twain elementary school.

General elementary school report was presented in slide series fashion by Rick Adams with elementary principals Richard Sauer and William Desrocher on hand to answer questions.

Dr. Milton Hoff, principal at Franklin middle school, indicated staff satisfaction with the middle school's athletic program with the exception of football and girl's basketball where need for additional staff was suggested.

Franklin competes on an interscholastic basis in cross country for grades 6, 7, and 8; basketball for grade 8; wrestling for grades 6, 7 and 8; track, golf and tennis, all for grades 6, 7 and 8; and girl's track for grades 6, 7 and 8.

Girls' activities include cheerleading, tennis, basketball, volleyball, gymnastics, track softball, synchronized swimming, golf and competitive swimming.

Boys' sports conducted on other than interscholastic level include football, basketball, hockey and swimming.

Earl Fraser, supervisor of buildings and grounds, reviewed comparative costs of heating with natural gas and No. 2 fuel oil, showing natural gas heat to be cheaper by approximately 30 per cent.

Because of hockey games canceled during the Christmas holidays, the board authorized a repayment to season ticket holders of $3 each. The payment is to be made by mail to season ticket holders on record with the district.

The board also approved a schedule of changes in athletic admission prices as suggested by athletic director Russ Smith, high school principals Frank Hamerlinck and Robert Ostazeski and Supt. William Corliss with one exception. Reserved seat hockey admission was to be left at $1.50 rather than increased to $1.75 per game. Season ticket prices are based on the cumulative total of home game single reserved seat ticket

Death And Dying Seminar Topic Here On Tuesday

"Death and Dying: Dealing With Grief and Depression" is the topic of a seminar for clergymen and medical doctors in seven northwestern Minnesota counties to be held in Thief River Falls Tuesday at 2 p.m.

Sponsoring the seminar will be the *day-night* unit of Northwestern hospital services where the meeting will be held. The speakers will be Rev. David Molstre, pastor of Our Savior's Lutheran church in Thief River Falls; Dr. Duncan Stovall, M.D.; and Dr. Steve Levinson of the day-night unit staff.

Counties from which participation is expected include Red Lake, Pennington, Marshall, Mahnomen, Kittson, Norman and Polk, according to Jim Kremer, administrative assistant at the day-night unit.

Fuel Seminar To Be Conducted At Rex Thursday

Lee Dunlevy of Leo's Gas and Fuel station, East Grand Forks, will conduct a seminar on the new mandatory allocation program for petroleum products at 10 a.m., Thursday, at the Rex cafe basement in Thief River Falls.

Dunlevy is one of 13 oilmen from Minnesota and North Dakota who recently attended a two-day conference with federal energy representatives in Washington, discussing the allocation of gasoline and fuel oil.

The meeting is open to all petroleum distributors in the area and other interested persons.

Prayer Service For All Churches Set On Monday

To conclude a special week of prayer for Christian unity, an ecumenical prayer service will be held Monday at 7:30 p.m. at United Methodist church in Thief River Falls. Ministers of local churches will participate in the service of hymns, prayers, Scripture readings and brief statements of belief and future direction of the churches.

Members of all churches are welcome and urged to attend the service. No offering will be taken. Coffee and fellowship period will follow the service.

Brown And Olin To Convene Rep. Party Caucuses

Dr. David M. Brown and David Olin, Pennington county's Republican party chairman and vice chairman, respectively, were named last night (Tuesday) to convene the party's precinct caucuses in Goodridge and Thief River Falls on February 26. The action was taken during the meeting of party representatives from Senate Districts 1 and 2 of the Seventh congressional district, hosted by the Pennington county Republican party. The meeting was chaired by Duane Holberg, district chairman. Others attending included Andy Anderson, district treasurer, and George Halvorson, Jr., state party field representative.

USDA Announces 1974 RECP Plan

U.S. department of agriculture has announced primary details of 1974 rural environmental protectiom measures on American farms and to encourage the development, management and protection of nonindustrial private forest lands.

In December the department announced the initial RECP funding level for calendar 1974 at $90 million, of which $10 million was initially earmarked for the forestry incentives effort, according to the Pennington ASCS office.

The RECP which carries forward some features of the old Rural Environmental Assistance program (REAP) is designed to share with farmers and forest landowners from 50 to 75 per cent of the cost of carrying out approved forestry and conservation practices.

Participation in this program is open to all eligible farmers regardless of race, religion, color, sex or national origin.

The program is authorized by

(Continued on Page 4)

Northern Bank Boosts Assets By $4.5 Million

At its annual meeting held Tuesday, Northern state bank of Thief River Falls reported an increase in assets of nearly $4.5 million during the past year and reelected all directors and officers for one-year terms.

Assets of the bank increased from $19,904,591 to $24,374,084 during the past year. Surplus account increased to $1,302,632 with the addition of $100,000 during the year.

Reelected directors of the bank were G.A. Beito, Orville Hanson, Gordon Ballingrud, Clyde Christensen, Norris Melander, Stanley Wilson and William Ness.

Reelected officers were G.A. Beito, president; Orville Hanson, vice president and cashier; Orville Botner, vice president; Fred Dallmann, assistant vice president; Wayne Thompson, assistant cashier; and Steve Stokke, assistant cashier.

Lincoln's Sno-Fest Has Many Activities

Activities continue in the Lincoln senior high school Sno-Fest this week as classes compete in a fund-raising campaign to benefit the Falls day activity center and the March of Dimes. King and queen candidates of the class raising the most money through project work will be named Sno-Fest royalty and reign over events of Sno-Fest February 1 and 2.

King and queen candidates include seniors Joe Kezar and Kirk Charlson, juniors Brad Steiger and Sue Goddard, sophomores Mike Jury and Kris Gibson and freshmen Danny Hallstrom and Jodi Ranum.

Previous Sno-Fest events have raised many hundred of dollars for selected charities and indications are that this year's event—with the addition of a ninth grade class at Lincoln—will set a record in funds collected.

Junior class activities reported to the Times include the following: A cake sale will be held this week with any flavor decorated cake sold for $1.99. Orders may be called in to 681-7129 with delivery and collection on Sunday. Further information can be obtained by calling 681-4854 or 681-3492.

Pancake and sausage supper will be served from 5 to 7 p.m. Sunday at United Methodist church with tickets priced at $1.25 for adults and 75 cents for children. Tickets are on sale in advance and at the door.

Rummage sale will be held Thursday from 9 a.m. to 9 p.m. in the fireside room of Trinity Lutheran church.

Freshman class activities reported also show enthusiasm. Jim Adelson, sportscaster for KXJB-TV in Fargo, will be guest speaker at a dinner to be held Monday at 6:30 p.m. in the national guard armory. Beans, hotdogs, potato chips and dessert will be served with tickets priced at $2.50 in advance and at the door. The dinner will conclude in time for the Prowlers vs. Fargo South hockey game at the city arena where Adelson will be a guest of the freshman class.

"Best Mom of the Year" contest is being held by the freshmen. Students are invited to write a paragraph describing their mothers and submit it, with a 50-cent entry fee, before the January 26 deadline to Murray Semanko, route 1, Thief River Falls. Winning mother will receive a free steak dinner for herself, her husband and the winning student at the Steak Knife.

Fresman slave auction will be held Saturday and persons wishing to hire a slave may call 681-1633, 681-3005 or 681-5828 between 10 a.m. and 5 p.m. Saturday.

Winter cap-out for sponsorship continues between the city auditorium and Pennington county courthouse. Kirk Oseid and Eric Thorsgard have been camping outdoors for more than a week and sponsors will still be accepted by contacting them or Mark Schug.

Seniors are sponsoring a talent and variety show to be held Sunday at 7:30 p.m. in the Lincoln school auditorium with the public encouraged to attend.

In cooperation with the Pizza Hut, seniors have arranged for a sharing of sales at the restaurant from 5 p.m. to midnight Tuesday. Bake sales are being held each Saturday at Piggly-Wiggly supermarket.

A swim marathon is being conducted at the Franklin pool with pledges being taken for number of miles which seniors swim. Previous events include a pancake supper, KAVS radiothon and vocal competition between the Lions and Rotary clubs.

Seniors have also offered to work at any odd jobs for which they are available for hire. Suggested tasks are roof or driveway shoveling, refinishing furniture and house cleaning.

TRFinettes Get Commendation From Principal

TRFinettes drum and bugle corps of Thief River Falls last week received the following letter from Ralph A. Rousseaux, principal of Walter L. Abney elementary school in Slidell, La.:

Dear Friends:

Please forgive me for not writing sooner but the fishing has been excellent and we are head over heels involved in our own programs and problems.

It was delightful to have you in our town, staying at our school. You are a credit to Thief River Falls, Minnesota, and American Youth. In fact, you are the cream of American Youth.

I feel, because of you, that I can walk your streets at night without fear or watchful apprehension. Because of you my faith in American youth has been bolstered.

I want you to know that you are welcome to come again at anytime; singly, in groups, or the whole blamed outfit. You may stay here as long as you like.

You know, three of our Third Grade teachers are taking 42 children to Washington, D.C. February 22-28. We got a flat refusal to use any school facilities there. I tried to talk them into going to Thief River Falls to enjoy your snow and ice. They said that they would in 1975. Let's hope so.

Thank you very much for the pen holder and your picture. Both are on my desk to remind me of your visit with us. I just wish our facilities had more to offer you.

Don't forget, if you are ever this way again, you have many friends here. May all of your endeavors be great ones.

Sincerely,
Ralph A. Rousseaux

First Federal Elects Officers At Annual Meet

Directors and officers of First Federal savings and loan association in Thief River Falls were reelected at the annual meeting of the association held last week. A 10 per cent increase in assets was noted at the annual session.

Reelected to the board were Roger A. Tunberg for a three-year term, Donald L. Olson for a two-year term and F.E. Tunberg as director emeritus.

Milton Reierson was reelected president with Dorothy Morehouse, vice president; Helen Adamson, vice president and secretary; Ronald L. Hanson, treasurer; Richard Reierson, assistant treasurer; and Stanley N. Mortenson, attorney.

Assets of the association at the end of 1973 stood at $21,294,036, Reierson said, a 10 per cent increase over a year ago. During the past year First Federal paid $970,000 in interest to its savings depositors and added $158,000 to its reserves, making total reserved $1,442,775.

During the year the association financed 165 homes and apartments in and around the Thief River Falls community and invested $3,150,000 in mortgage loans. It also announced that it has obtained authority to open branch offices at Roseau and Red Lake Falls and will build a new building for its Roseau office.

Four Bus Routes To Be Changed Starting Monday

Effective Monday morning, January 28, changes will be made in four local school district bus routes, according to Bernard Buchholz, director of transportation. The changes coincide with reaching the half-way point in the current school year.

Changes will be as follows, beginning Monday morning: Bus 20-South will run one-half hour later; bus 20-North will run one-half hour earlier; bus 22-South will run one-half hour later; and bus 22-North will run one-half hour earlier. No change will be made in the evening delivery.

Local Students Win Honors At District Meet

Two students from the Thief River Falls center school, Vicki Breiland and Larry Bacon, each won first place in individual competition Thursday at the district 10 career development conference at Moorhead. Miss Breiland won her trophy in business letter writing while Bacon received his for his hard lines sales demonstration.

Sales and marketing students from Thief River Falls were among 200 students from high schools and center schools in northwestern Minnesota competing for the opportunity to participate in state competition in March.

FRENCH HORNIST Calvin Smith of the Annapolis Brass Quintet was photographed Saturday while the group conducted a music clinic for area high school musicians at Northland state community college. The quintet was in Thief River Falls to perform for the local concert association.

Mrs. Jaycees Make Plans For Coming Events

At the January meeting of the Mrs. Jaycees held at the Falls Day Activity center, several coming events were discussed.

The first event discussed was the Winter District meeting to be held here on Saturday. State delegate Karen Lehrer reported that State President Salley Anderson will be attending. She will be honor guest at the open house in the afternoon at the Maxine McEwen home and in the evening, she will be the speaker at the banquet. All members were encouraged to participate in the event. The business session will be held at Northland Community college, beginning at 4 p.m.

Mrs. Lehrer also announced that the State Jaycee meeting will be held February 8-9 at Duluth. The 10 outstanding young men will be chosen at that time.

Also discussed was the annual Valentine party for the retarded. Leanne Clark is chairman of the event.

Karen Lehrer, general chairman of the annual Charity Ball, stated that the ball will be held March 9 at the Thief River Falls Golf club. Music will be provided by the City of New Orleans band.

President Gail Walters presided at the meeting and welcomed Jan Godfrey and Madelyn Dupree as new members. Maureen Sharpe was in charge of the program; "Ability to speak-up in a group."

Guests at the meeting were Diane Freeman, Gail Kelly, Kathy Belmont, Sandi Kohler, Bonnie Carlson and Lois Mott.

The meeting concluded with the presentation of a farewell gift to Sue Eikens. Sharon Sims made the presentation.

Mary Carlson Marries Keith Myhrer At Warren

Candles and poinsettias graced the altar at Our Saviour's Lutheran church in Warren on Sunday, December 23 for the wedding of Miss Mary Carlson and Keith Myhrer.

The bride is a daughter of Mr. and Mrs. Myron Carlson of Warren. Parents of the groom are Mr. and Mrs. Marshall Myhrer of Newfolden.

Rev. David Christensen officiated at the double ring ceremony assisted by John Matthews, a friend and student at Luther Theological seminary, who gave the sermonette. Nuptial organ music was provided by Ron Pearson. He also accompanied the soloist Mrs. Charolette Matthews when she sang, "No Greater Love" and "Day By Day."

Given in marriage by her father, the bride was attired in her mother's wedding gown. The gown, fashioned of ivory satin, was styled with a sleeveless bodice, slightly gathered at the waistline, and an A-line skirt that flowed back into a short train. Complementing the gown was a long-sleeved jacket with an ivory satin bow at the neckline. Her veil of bridal illusion was held by a lace headpiece trimmed with bows. She carried an arrangement of red and white roses and carnations, accented with evergreens.

Dianne Bockman of Windom was the bride's personal attendant and Mrs. Kenneth Carlson of Wausau, Wis., pinned the flowers.

The bride chose her sister, Mrs. Janet Aakre of Elbow Lake to serve as matron of honor. Susan Swanson of Denton, Texas, a friend of the bride, was bridesmaid, and DeAnna Carlson of Angus, a niece of the bride, served as junior bridesmaid. Thief identical red knit gowns with ivory lace inserts were fashioned with high collars and short sleeves. Holly trimmed their ivory fur muffs and matching fur headpieces.

Attending the groom as best man was his brother Kelvin Myhrer of Newfolden. James Larson of Newfolden, a friend of the groom, was best man. The men of the wedding party wore black tuxedos with ivory ruffled shirts and black bow ties.

Mylo Carlson, brother of the bride, and Roger Anderson, friend of the groom, served as ushers and acolytes, lighting the candles on the altar and along the aisle. Registering the guests was Debbie Holmstrom, a cousin of the groom.

Honored guests at the wedding were the grandparents: Mr. and Mrs. Victor Holmstrom of Strandquist, and Mrs. Ida Tollefson of Crookston; and the godparents: Mr. and Mrs. Helmer Myhrer of Thief River Falls and Mrs. Anna Hamrick of Warren.

A reception in the church fellowship hall followed the ceremony. Serving the guests hot cider punch were Betty Kleinwachter of Strandquist and Janet Myhrer of Thief River Falls.

On the lace-covered serving table was a tiered wedding cake flanked with Christmas candle arrangements. The cake, decorated with red roses and topped with a Chi Rho cross, was baked and decorated by Mrs. Warren Hamrick. It was cut and served by Mrs. Helmer Myhrer and Mrs. Sidney Olson, aunts of the couple. Pouring were Mrs. Arne Maurstad of Argyle and Mrs. Marion Blatchford of Crookston, aunts of the bride and groom.

Waitresses were friends of the bride, Debra and Sandra Hamrick, Dawn Chruszch and Shirley Seward. Mrs. Mylo Carlson of Angus and Mrs. Leslie Maurstad of Argyle arranged the gifts.

The couple is residing at Frazee where the bride is teaching music in the elementary school system. The groom is an engineer at the Swift Turkey plant. Photo LeMar Photography, Crookston

First Mother-Daughter Banquet Hosted By CDA

First mother and daughter banquet of the Catholic Daughters of America, court 2023, Our Lady of the Snows, was held Sunday at 5 p.m.

The event was held at the Covered Wagon banquet room with Regent Helen Glass giving the welcome. Miss Hou Do of Vietnam, a student at Northland Community college, was the guest speaker. She told of the customs and religious beliefs in her homeland. A number of daughters provided vocal selections.

The banquet was planned by Theresa Vanyo and Jan Kraemer. Mrgaret Polansky and Rose Vaudrin served the punch.

Retired Teachers Show Film On Street Crimes

At the meeting of Northland Retired Teachers held Wednesday at the Public Library meeting room, the first in a series of films was shown. The film shown was, "Walk Without Fear," an educational film on street crimes.

A large group attended the showing. Included was special guest Chief of Police Roy Pederson. A lively question and answer period followed.

Ellen Peterson was in charge of the program. Myrtle Myrin presided at the business session and Mrs. N. Voldness served the lunch. The Happy Birthday song was sung and the door prize was awarded to Ellen Peterson.

At the meeting of the Northland Retired Teachers set for February 20, the second in the film series will be shown. Scheduled to be shown will be the film on burglary, "Invitations to Burglary."

Debra Lindemann And Roger Farder To Wed

Mr. and Mrs. Charles Morkrid of Oslo and formerly of Thief River Falls, announce the engagement and approaching marriage of their daughter, Debra Kay Lindemann, to Roger Farder, son of Mr. and Mrs. Maynard Farder of Oslo.

The bride-elect is presently employed by Duling Optical in East Grand Forks. Her fiance is employed by Cenex Oil in Oslo.

The couple will be married on February 23 at 3:30 p.m., at Zion Lutheran church in Oslo. No invitations are being sent. All relatives and friends are invited to attend.

Highlanding TOPS To Meet At Horachek Home

Regulr meeting of the Highlanding TOPS club will be held Thursday at 1 p.m., at the George Horachek home.

Anyone with an overweight problem is welcome to attend.

Present at last Thursday's meeting were Armilla Lundeen, Betty Hagen, Dolores Jensen, Linda Hofsted, Agnes and Carol Eidelbes, Ann Heden, Rose Sjulstad, and Donna Horachek.

Sarah Carlson Engaged To Richard Foss, Grygla

Mr. and Mrs. LeRoy Carlson of Battle Lake announce the engagement of their daughter, Sarah Genet, to Richard Foss, son of Mr. and Mrs. Gordon Foss of Grygla.

Miss Carlson is a 1970 graduate of Battle Lake high school. She is a junior at the University of North Dakota, majoring in Nursing. Her fiance is a 1969 graduate of Goodridge high school and is a senior at the University of North Dakota. He is majoring in Social work and English.

The wedding has been set for May 18.

Venessa Mae Loken And Kenneth Englund To Wed

Mr. and Mrs. Virgil Loken of Pencer announce the forthcoming marriage of their daughter, Vanessa Mae, to Kenneth Emil Englund of Grygla, son of the late Mr. and Mrs. Emil Englund.

The couple will be married February 9 at 2 p.m., at the Bethesda church in Skime. A reception will follow in the church parlors.

All friends and relatives are invited to attend. No invitations are being sent.

VFW Auxiliary To Hold Annual Christmas Party

VFW Auxiliary post 2793 belated Christmas party will be held on Monday beginning at 6:30 with a pot-luck supper. There will also be an exchange of gifts. Price of the gift is not to exceed $1.

The regular meeting of the auxiliary will begin at 8 p.m.

Swingin' Squares Badge Contest To End Friday

Contest for designing a club badge for the Swing' Squares of Goodridge will end Friday. Members are requested to bring or send their entries to the club meeting Friday evening at the Village hall in Goodridge.

Dancing will begin at 8:30 p.m.

LWML Workshop On Compassion Set At Crookston

Lutheran Women's Missionary League units from the Thief River Falls area will join in a Project: Compassion workshop to be held Sunday, at 7:00 at Our Savior's Luthran church of Crookston.

The LWML is the 300,000 member women's affiliate of the Lutheran Church-Missouri Synod, according to Betty Onken, Christian Growth leader for the LWML of St. John Luthran church, Thief River Falls. The LWML's major concerns are for personal Bible study, group discovery, world mission projects, and direct service on the local scene.

Project: Compassion is an effort to undergird and sensitize to the needs for direct local service. At the workshop, creative listening, visiting the sick and lonely, and service projects will be discussed. Discussion leaders will be Marie Drevlow of Ada, Rev. Dan Hougum of Fisher and Rev. Garland Iseler of McIntosh. Also included will be buzz groups for the sharing of ideas and planning to implement project: Compassion.

Men, women and youth are *urged to attend.*

Show And Tell Is A Feature Of Sunbrite Meeting

"Show and Tell" was a feature of the first meeting of the Sunbrite garden club held in 1974.

The meeting was held at the home of Mrs. Edgar Naplin. A variety of items were shown by the members during the program. Included were new Christmas decorations, gift ideas, favorite slides, three dimensional art items, dried flower arrangements under glass, corn husk dolls and ceramics.

President Gladys Person presided at the meeting. The monthly topics for the year were discussed briefly. Hazel Person was in charge of the garden quiz. Mrs. Leonard Melin read the secretary's report and Mrs. Carl Anderson, the treasurer's report.

Lunch was served by Mrs. Naplin.

The next meeting of the Sunbrite club will be held February 12 at 8 p.m., at the Roy Larson home with the men folk as special guests. Terry Courneya will be the guest speaker.

Baby Shower Scheduled For B. Nelson's Infant

Chad Neil Nelson, infant son of Mr. and Mrs. Barry Nelson, will be honored at a shower on Sunday at 7 p.m., at the DelRay Gilbertson home at Holt.

All friends and relatives are welcome to attend.

On Jan. 23, 1918, the first American military balloon ascension in the American Expeditionary Force during WW I took place at Cupperly, France.

LOCAL NEWS

Mrs. Harold N. Elofson returned from Burmingham, Alabama Monday where she spent four weeks at the home of her daughter Marlys, the C.T. McConnell family.

Recent guests of Mrs. Florence Dahlin at her Skylite apartment were her son Carl and grandson Pete of Las Vegas, Nev., and her son-in-law and daughter, Mr. and Mrs. Elmer (Ann) Kibler of Fargo, N.D. The Kiblers were week-end guests. Thursday dinner guests were Mr. and Mrs. Robert Thompson of this city.

Mr. and Mrs. Norman Voldness recently returned home after spending three-weeks touring Florida. They accompanied their son Loren and family of Fond du Lac, Wis.

Mary Tripp To Attend AVTI

Thief River Falls area vocational-technical institute has announced the acceptance of Mary Tripp for admission to its clerical class. Mary will be a 1974 graduate of Lincoln high school and is the daughter of Mr. and Mrs. Earl Tripp.

Interstate Hwys. Could Save More Lives Annually

If Minnesota could confine motor vehicle travel to highways designed and built to Interstate standards, 740 lives could be saved annually, states the Minnesota department of public safety in a recent study.

Traffic fatalities in 1972 totaled 1,031, the study shows. This is 4.14 deaths per 100 million vehicle miles of travel. However, on the Interstate freeways, with 1.14 per cent of the state's travel, there were only 33 fatalities, or .032 per cent of the total. This was at the rate of 1.17 fatalities per 100 million miles of travel.

Travel on the Interstates has been increasing annually, at rates of up to 33 per cent during a single year. From 1966 through 1972, Interstate travel increased from 861 million miles to 2,829 billion. This increase was reflected in the drop in the statewide fatality rate for the same period, from 5.52 to 4.14 deaths per 100 million miles of travel.

The most severe crashes occurred on rural trunk highways, with a fatality rate of 7.10 per cent. Urban streets orther than trunk or Interstate routes tallied the highest rate of non-fatal injuries, with 263.4 per 100 million vehicle miles.

Brass Quintet Provides Second Series Concert

by Les Torgerson
Music Director, Northland CC

Residents of the Thief River Falls area enjoyed an outstanding musical treat last Saturday evening when the Annapolis Brass Quintet performed for the local concert series. The programming was quite appropriate for the evening including several selections from the Renaissance and Baroque era, a golden age for brass music, as well as some 20th century selections.

Tower Music, a 20th century composition by Richard Drakeford, was named for the type of brass ensembles that existed principally in Germany from the 14th to the 17th century. Brass groups similar to the Annapolis Quintet would play short concerts from the town hall tower at stated hours, and take part in religious and municipal ceremonies. They were also employed to give fire warnings, to alarm village residents at the approach of an enemy, and perform other musical duties.

The Drakeford number and the Scheidt "Galliarda Battaglia" served particularly well to exhibit the true ensemble quality of this group. The exacting intonation and articulation of the Annapolis group is the mark of a really fine ensemble. The rich smooth low tones of the bass trombonist, Robert Posten, and the lyric—always accurate—tone of French hornist Calvin Smith were particularly impressive. If there is any one trait of the quintet which could be improved upon beyond the fantastic level of competency they possess, it would be to develop a more compatible, sameness of tone quality between the 1st and 2nd trumpets.

Incidentally, the Annapolis Brass Quintet, David Cran and Haldon Johnson, trumpet; Calvin Smith, French horn; and David Kanter and Robert Posten, trombone, are all a genuine warm bunch of guys. They conducted a very successful clinic for our students as well as high school students from Roseau, Greenbush, Strandquist, Stephen, Goodridge, Franklin and Lincoln on Saturday morning. Best of wishes to the Annapolis Brass Quintet in the future. They are truly "an ensemble dedicated to excellence in the presentation of brass music".

Denny Johnston

Comedy Show To Be Present6d By Northland Mon.

Northland community college invites the public to a free program featuring Denny Johnston, a comedian and impressionist, Monday at 10 a.m. in the student commons.

Johnston started in show business with Randy Sparks. Since then, he has written songs and toured with the Back Porch Majority and the New Christy Minstrels.

His program is not a planned routine but one that he feels fits the mood of the audience. Features in his show are impressions of Marlon Brando selling Vege-matics on TV and a star-studded modern movie version of "Reefer Madness" including impressions of John Wayne, Kirk Douglas, Walter Brennan and Jimmy Stewart.

Jaycees Attend District Meeting Here Saturday

Approximately 130 Jaycees from Thief River Falls, Ada, Crookston, East Grand Forks, Red Lake Falls, Roseau and Warren attended the annual winter district business meeting held Saturday in Thief River Falls.

Thief River Falls was selected as the site for the district Jaycee bowling tournament with Crookston to host the Jaycee basketball tournament and East Grand Forks to host the spring business meeting.

Business sessions were conducted at Northland community college during the afternoon. Other activities prior to the evening banquet at the American Legion club rooms included a snowmobile trail ride and a bratwurst and bean feed.

Special guests at the evening banquet were Sally Anderson, president of the Minnesota Mrs. Jaycees, and LeRoy (Bud) Squires of Detroit Lakes who has been selected as one of 10 outstanding U.S. Jaycees directors and recently received his Jaycee senatorship.

The Times—growing with progressive Thief River Falls.

Oakland Park Events Include Varied Activities

Several special activities at Oakland Park Nursing home recently have added interest in the lives of the residents.

On January 11, J. P. Rosengren of this city visited the home and showed slides of Arizona and this area. Of special interest to the residents were the slides shown of this area.

The monthly birthday party was held on January 15. Games were played, lunch was served and gifts were presented to the residents having birthdays during the month. Honored were Mrs. Ragna Efteland, Mrs. Martha Luslan, Mrs. Albertina Anderson and Richard Klesow.

On Friday a number of relatives and friends gathered at the home to honor Mrs. Albertina Anderson, whose birthday was the following Sunday. The birthday lunch, featuring buns and krum kaka, was served by Mrs. Anderson's daughter, Mrs. George Mostue.

Members of the Eunice circle of Trinity Lutheran church presented a hymn-sing at the home on Saturday. Mrs. Arnold Gunderson was in charge of the program. The women also visited with the residents who were unable to leave their rooms. Lunch consisting of angel-food cake and coffee was served to all.

Social Security Man Here Tues.

Bob Nygaard, social security representative of the social security district office in Grand Forks, N.D. will be in Thief River Falls at the City Auditorium on Tuesday from 9:30 a.m. to 2 p.m.

Minn. Operates Statewide Food Stamp Program

Minnesota soon will be operating the federal food stamp program statewide. Late last week, the last 13 counties in the state—Cottonwood, Dodge, Goodhue, Jackson, Lyon, Mahnomen, Morrison, Mower, Nicollet, Rice, Rock, Sherburne and Todd—were among 84 counties and welfare regions in 12 states designated for the food stamp program by administrator Edward J. Hekman of the U.S. department of agriculture's food and nutrition service (FNS).

The food stamp program enables low-income families to increase their food buying power by investing their own money in federal food coupons (food stamps) worth more than they paid. The coupons are then spent like cash for food at retail food outlets authorized to take part in the program.

Exact dates when the areas designated Friday will begin issueing food stamps will be announced locally, after establishment of a timetable by FNS personnel and state welfare officials for the steps that need to be taken to assure effective and efficient programs.

These steps include training of welfare caseworkers in the community on food stamp program objectives and procedures, providing arrangements for coupon issuance, certifying needy families as eligible for the program, and meeting with retail grocers and food wholesalers to assure their understanding of the food industry's role before being authorized to accept and redeem the food coupons.

UMD Alumni Will Meet Thursday

University of Minnesota-Duluth alumni association will meet tomorrow (Thursday) at 8 p.m. in the Aurelia room of the Elks club.

All UMD graduates are urged to attend the meeting which will include election of officers.

Laura R. Hendrix Graduates From Recruit Training

Navy hospitalman Laura R. Hendrix, daughter of Mr. and Mrs. John C. Hendrix of Red Lake Falls, recently graduated from recruit training for women at the naval training center in Orlando, Fla.

A 1973 graduate of Gustavus Adolphus college, St. Peter, with a Bachelor of Arts degree, she is scheduled to report to Hospital Corps A school, Great Lakes, Ill.

DWI, Marijuana Get Court Fines

Complaints handled yesterday (Tuesday) in Pennington county court included charges of driving while under the influence (DWI) and possession of marijuana.

Richard L. Johnson of Route 5 pleaded guilty to a DWI charge and was ordered to pay a $300 fine or spend 60 days in jail.

Bruce Nelson of Thief River Falls pleaded guilty to a charge for possessing marijuana and was ordered to pay a $200 fine or spend 40 days in jail.

Dwight R. Ortloff and Robert G. Kauppila, both of Thief River Falls, each pleaded guilty to a charge for disorderly conduct. Ortloff was fined $100 and Kauppila was ordered to pay a $100 fine or spend 20 days in jail.

Robert C. Mattson of 820 North Arnold avenue pleaded guilty to a charge for chasing a wild animal with a snowmobile. He was fined $100 with $50 suspended.

Richard A. Olson of 920 North Main avenue forfeited a $50 bond for allowing possession of an open alcoholic beverage container in a motor vehicle. William G. Ness of Route 3 forfeited $50 for possessing an open alcoholic beverage container in a motor vehicle.

Gladys C. McAdam of 1303 East First street forfeited $50 for failing to yield the right of way.

Glenn M. Anderson of Grygla forfeited a $25 bond for making an improper left turn.

Billy D. Olson of Lake Bronson forfeited a $20 bond for driving too fast for conditions. Jay J. Johnson of Route 5 pleaded guilty to the same offense and was fined $20.

Anne F. Healy of Red Lake Falls pleaded guilty and was fined $15 for failing to stop for a stop sign.

Dale R. Breiland of Route 3 forfeited $15 for failing to display registration on a snowmobile.

Jerry Prickett of Countryside court pleaded guilty and was fined $15 for angling on public water with an unattended line.

Duane Battleson, Jr. of 513 Chippewa and Bernard LaCoe of 1211 North Arnold avenue each forfeited $15 for not displaying proper identification on the outside of a fishhouse.

Five motorists forfeited bonds for speeding including Jerry J. Johnson of Wilton forfeited $30 for driving 75 miles per hour in a 56 mile per hour zone; Arvid L. Lee, Route 3, $30, 71 in 55; LeRoy C. Peterson, Hinckley, $30, 70 in 55; George J. Daleiden, Duluth, $20, 68 in 55; and Michael C. Myrlie, 309 South St. Paul avenue, $20, 65 in 55.

Two drivers pleaded guilty to speeding charges and were fined. Carl R. Wosje of Highway 59 East was fined $20 for driving 78 miles per hour in a 65 mile per hour zone. Karen L. Lehrer of Route 1 was fined $20 for driving 40 miles per hour in a 30 mile per hour zone.

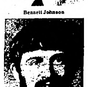
Bennett Johnson



James Dahl

Johnson, Dahl Promoted With Thorp Company

Promotions were received recently by Bennett W. Johnson and James Dahl to assistant managers of the Thief River Falls and Crookston offices of Thorp Loan and Thrift company respectively.

Johnson will assist in Thief River Falls and joined Thorp in 1972 at the Wadena office. Prior to his employment with Thorp, Johnson attended the University of Minnesota in Morris.

Dahl will assist at Crookston after joining the Thief River Falls firm in 1972. Dahl is a U.S. Army veteran and attended Bemidji state college from 1963 to 1967. He is the son of Mr. and Mrs. Engvald Dahl of Newfolden and his wife Bonnie is the daughter of Mr. and Mrs. Herman Prudhomme of Crookston.

Sewing For Men Is Sponsored By Tischart's

"Sewing for Men and Boys" will be the topic for a visual lecture-slide presentation to be presented Thursday at 10 a.m. and 2 p.m. at Tischart's in Thief River Falls.

The program demonstrates many of the "how-to's" of men's sewing—for women who sew for men or men who would like to sew for themselves. The presentation shows how to take accurate body measurements, choose the correct pattern size, enlarge a pattern and offers many tailoring tips and techniques.

A question and answer session with the Simplicity pattern company stylist will follow the presentation.

NORDEN . . .

Mr. and Mrs. Gordon Olson and Jane were Wednesday evening visitors at the Norman Olson home.

Mr. and Mrs. Leroy Scholin of Thief River Falls were Sunday supper guests at the Roger Dyrdal home.

USDA Announces 1974 RECP Plan Of $90 Million

(Continued from Page 1)

the soil conservation and domestic allotment act and the agriculture and consumer protection act of 1973. The 1973 act was signed into law by President Richard M. Nixon on August 10. The program provides for both annual and long-term cost-sharing agreements.

Under long-term agreements, essential practices and practice cost-charing will be scheduled over a period of three to 10 years. These agreements with farmers will be based on whole farm conservation plans which have been approved by appropriate officials. Requests for long-term agreements will be accepted only in cases where the farmer has an approved plan and has indicated he is ready to carry out a scheduled practice during the current program year.

The special forestry incentives program phase of RECP will apply only in counties to be specifically designated for this phase of the program. The counties will be designated by the state ASC committee after consulting with the state forester. Cost-sharing, in these counties will be available to owners on nonindustrial private forest lands for planting trees for timber production and for improving a stand of forest trees for timber production.

Forest management plans developed by foresters in consultation with the landowners will be required as the basis for cost-sharing agreements for all forestry practices in the designated counties.

Cost-sharing for regular forestry practices will also be offered in counties that are not designated for the special forestry incentives program. In these counties forestry practices must also provide improved protection against wind or water erosion as well as provide for the production of forest products.

Practices to be offered under the 1974 RECP for annual or long-term agreements, include: Establishing permanent vegetative cover; improving permanent vegetative cover; planting trees; improving a stand of forest trees; water impoundment reservoirs; stripcropping; constructing terrace systems; diversions; streambank stabilization; permanent wildlife habitat; sediment retention; erosion or water control structures; sediment, chemical or water runoff control measures; windbreaks or shelterbelts; and reorganizing irrigation systems. All are designed to provide enduring protection to soil and water resources.

In addition, state and county committees will have the opportunity to develop, with appropriate justification, other practices needed to solve critical local conservation problems.

A draft environmental statement has been filed with the council on environmental quality and circulated for agency and public comment. Program modifications will be considered based on comments received during the review period.

Several USDA agencies are involved in the operation of the RECP. The program will be administered by the agricultural stabilization and conservation service through its farmer-elected committee system. The soil conservation service will provide technical assistance and advice and recommendations on policies for soil and water conservation practices including conservation planning needed for long-term agreements.

The forest service will provide advice and recommendations on policies for all aspects of forestry practices and technical service, including planning assistance to the applicant. The extension service will provide educational support and assistance for increasing the effectiveness of the program.

Pennington 4-H Club Program Given Review

(Continued from Page 1)

4-H leaders council; Ray Rausch, adult leader in the Steiner 4-H club and past leaders council officer; Terry Courneya, county extension agent; Mrs. Robert (Linda) Worth, county extension home economist; Odegaard; Art Heinze, representing the local Boy Scout organization; and Marvin Lundin, Times editor.

Several other adult and junior leaders invited to participate were unable to attend due to conflicts in scheduling.

Eugene Gaer

TRF Asks State To Make Traffic Survey In City

Thief River Falls city council, at last night's (Tuesday's) meeting, requested the state highway department to conduct a traffic count at a number of "problem" intersections in the city, including Third street's intersections with Arnold, Horace and Atlantic avenues and the pedestrian crossing at Zeh street and Main avenue. The council also asked the department to consider upgrade the present traffic signals in the city, at the request of the Pennington county safety council.

Clifford Larson of the state highway department was present to ask the council to pass a resolution requesting installation of signals at the intersection of Eighth street and Main avenue if the city wishes to have the work done. The traffic count has been conducted and results indicate a signal is needed. However, since the city would have to pay 25 per cent of the estimated $25,000 installation cost, the department can not proceed until the council takes affirmative action. The request was tabled until the next regular meeting.

Payment of $1,500 to the TR-Finettes was approved to help meet expenses of the group.

On and off sale 3.2 beer liceses were approved for the dining area of the Hi-Bi drive-in.

Mayor Robert Carlson announced appointment of Eugene M. Gaer to the police civil service commission and the council approved the appointment.

The council instructed the clerk to write letters to city employees living outside the area allowed by ordinance and inform them that they must move into School District 564 and a 10 mile radius as required by the law. The ordinance specifies termination of employment for non-compliance.

The council adjourned last night's meeting to 4:30 p.m. tonight when members will meet briefly to cast secret ballots to select a First Ward alderman to replace Bob Carlson who resigned to take office as mayor. Names to be considered include Oreal Halland, Roger Worth, Charles Kotaska and Milan Borsheim.

On Jan. 17, 1951, an Air Force RB-36 reconnaissance bomben made a 51 hour 20 minute nonstop flight without refueling.

THANK YOU
We wish to express a sincere thank you . . . to all groups, individuals, and the community, for all they have done for us in 1973.
OAKLAND PARK NURSING HOME

TRF School Board Hears Reports Monday Evening

(Continued from Page 1)

prices.

Next year's prices for admission to Prowler athletic contests will be as follows: Grades 1 through 5, 35 cents; students grades 6 through 12, 50 cents; college and AVTI students (with ID card), 75 cents; adult general admission, $1.25; and reserved seat hockey, $1.50.

Prices this year are: Grades 1-5 with parental supervision, 10 cents; grades 1-5 without parental supervision, 35 cents; high school and middle school students, 35 cents; college and AVTI students (with current ID), 50 cents; adult general admission, $1; and reserved seat hockey, $1.50.

Because of the change to a four-year high school at Lincoln for 1973-74, requirements for graduation were approved effective with the graduating class of 1977.

Security bond of the district was transferred from Dave Durgin to Robert Duprey who succeeded Durgin as business supervisor of the district.

The board formally approved agreement with union personnel in the district calling for change to use of anniversary dates in employment and other matters agreed upon in arbitration.

Dr. Corliss also reminded the board that graduation date has been set for May 31 and that school facilities have been rented to local churches for baccalaureate services on May 19.

Employment For TRF Area Shows Decline In Dec.

Employment in the Thief River Falls area has decreased substantially, according to recent information from the local office of employment services.

The most significant causes cited for the 8.9 per cent reduction are seasonal cutbacks in manufacturing and a general decline in construction. However, only four claims have been identified as being directly or indirectly related to the energy situation.

In mid-December there were 5,240 people employed locally or 510 less than in mid-September. This figure is the lowest reported in recent years with mid-December employment statistics showing 6,022 for 1972, 5,645 for 1971, 5,990 for 1970 and 5,515 for 1969.

DFL Chairman Issues Caucus Convention Call

DFL state chairman Hank Fischer issued the party's 1974 caucus and convention call recently, setting in motion a delegate selection and convention process which continues through December of this year. The convention call is the legal framework under which over 3,800 DFL precinct caucuses will be held on February 26 and a series of conventions thereafter.

Over 30,000 delegates and potentially the same number of alternates will be selected at the precinct caucuses. They in turn will attend one of 125 local county unit DFL conventions and elect, all told 1,200 delegates and an equal number of alternates to the DFL state convention. The same 1,200 delegates will also participate in one of eight congressional district conventions.

Fischer noted that the party's rules and procedures for this year maintain the openness and reforms which the DFL party began using in 1969. In 1974 the major changes from past precinct caucuses and conventions will be two-fold, according to Fischer: (1) A new system of proportional representation that will be used by the party in its precinct caucuses and conventions, and (2) an affirmative action program to encourage and enforce the opportunities for minorities and other groups of people to fully particpate in the DFL party's policy-making processes.

Fischer went on to describe some of the activities that the DFL party is conducting in early 1974 to increase participation in the DFL's precinct caucuses for this year.

Delegates selected at the precinct caucuses around the state, Fischer said, will be serving a number of purposes. Among them will be endorsement of candidates for the legislature as well as the election of party officers and delegates to the congressional district and state conventions. Delegates will be endorsing candidates for statewide office such as governor, lieutenant governor, attorney general, secretary of state, state auditor and treasurer.

In addition, the conventions in 1974 must elect delegates to a national charter conference to be held in Kansas City in December. Major thrust of the charger conference will be adoption of a national party charger or constitution. The national Democratic party has never had a written constitution.

The DFL's state convention will be held in St. Paul, June 14-16.

Completes Army Engineer School

Army PFC Russell F. Gall, 19, son of Mr. and Mrs. Francis A. Gall, Brooks, has completed an engineer equipment repairman course at the U.S. army engineer school, Ft. Belvoir, Va.

During the nine-week course he was trained in the repair of powered bridging, engineer construction and earthmoving equipment.

NORTH . . .

Mr. and Mrs. Wilbert Jablinske helped their daughter Mrs. Harvey Hemmestvedt celebrate her birthday Friday night which fell on Saturday.

Rites Today At Karlstad For Andrea Bostrom

Andrea Kay Bostrom, 15-month-old daughter of Mr. and Mrs. Paul Bostrom of Karlstad, died unexpectedly Monday morning at her home in that community. The child's mother is the former Kay Krenz of this city.

Funeral services for Andrea Kay Bostrom were held today (Wednesday) at 2 p.m. at the collins Funeral chapel in Karlstad. Rev. Paul R. Biegner, pastor of St. John Lutheran church of Thief River Falls, officiated. Interment will be in the Karlstad cemetery.

Andrea Kay Bostrom was born Oct. 4, 1972 at Karlstad.

She is survived by her parents, maternal grandparents: Mr. and Mrs. Glen Krenz of this city; paternal grandmother, Mrs. Irene Bostrom of Karlstad; paternal great-grandmother: Mrs. Lydia Bostrom of Frazee; and maternal great-grandparents: Mrs. Elizabeth Peabody of Park Rapids and Mr. and Mrs. C. F. Krenz of Bemidji.

Mrs. Andreason Services Held At Warren

Mrs. Arne (Emma) Andreason, 80, of Warren and formerly of Viking, died Thursday at the Warren hospital.

Funeral services for Mrs. Arne Andreason were held Monday at 2 p.m., at Our Savior's Lutheran church at Warren. Rev. David Christensen officiated. Interment will be in Greenwood cemetery at Warren. The Quanrud Funeral home at Warren was in charge of arrangements.

Mrs. Andreason, the former Emma Rud, was born March 31, 1893 at Viking to Mr. and Mrs. Christ Rud. She attended school at Viking. On Jan. 31, 1938, she was married at Warren to Arne C. Andreason. The couple farmed in Helgeland township, Polk county and since retiring from farming have lived at Warren.

She was a member of Our Saviour's Lutheran church at Warren and a former member of Zion Lutheran church at Viking.

She is survived by her husband; one sister, Mrs. Hans (Jennie) Sande of Thief River Falls; a brother, Martin Rud of Warren; and a number of nieces and newphews, including: Mrs. Lowell (Betty) Gustafson of Warren and Arthur Duane Rud of Newfolden, whom she raised after the death of their parents.

Gladys Brezney Dies Tuesday; Services Friday

Mrs. Gladys Brezney, 70, of Thief River Falls and formerly of Silverton township, died Tuesday at Northwestern hospital.

Funeral services for Mrs. Gladys Brezney will be held Friday at 10 a.m., at St. Bernard's Catholic church. Rev. James Bernauer will officiate. Interment will be in the church cemetery.

Biblical Wake services will be held Thursday at 8 p.m., at the Green Funeral chapel where the body will repose after 12:00 noon on Thursday. A complete obituary will be in the Monday edition of the Times.

Mrs. O. Matson Services To Be Held At Rindal

Mrs. Olaus (Effie) Matson, 65, a lifetime resident of Marshall county, died Monday evening at Northwestern hospital.

Funeral services for Mrs. Olaus Matson will be held Friday at 2 p.m., at the Rindal Lutheran church with Rev. David Molstre officiating. Interment will be in the church cemetery.

The body will repose at the Green Funeral home from Thursday noon until 11 a.m., Friday and at the church for one hour prior to the time of services. A complete obituary will be in the Monday edition of the Times.

Rites Held For Chester Rude Norden Farmer

Funeral services for Chester Rude, 62, of rural Thief River Falls were held Monday at 2 p.m., at Zion Lutheran church. Rude died Friday while on a fishing tip on the Lake of the Woods.

Rev. Lloyd Berger officated at the services. Jerry Joringdal was the organist and Mrs. Alexander Stoffel sang. Interment will be in Greenwood cemetery. The Green Funeral home was in charge of arrangements.

Pallbearers were Harlan Rude, Larry Rude, David Rude, Jerold Rude Rudolph Rude and Ernie Rude.

Chester Rude was born May 5, 1911 at Granite Falls to John and Sena Rude, now deceased. He grew up in Thief River Falls and was married here on May 5, 1940 to Myrtle S. Solney. The couple lived and farmed in Norden township, Pennington county.

He was a member of the Eagles lodge.

Surviving are his wife, two brothers: LeVoy Rude and Herman Rude, both of Thief River Falls; and several nieces and nephews.

He was preceded in death by a half-brother and a half-sister.

Lottie Cyr, 85, Of Oklee Dies; Rites Thursday

Mrs. Lottie Cyr, 85, of Oklee, died Monday at Northwestern hospital where she had been a patient for the past three months.

Liturgy of the Funeral for Mrs. Lottie Cyr will be offered Thursday at 11 a.m., at St. Francis Xavier Catholic church in Oklee with Rev. Keough Patnode officiating. Interment will be in St. Anthony's Catholic cemetery at Terrebonne.

Pallbearers will be Thomas Toulouse, Vern Bergeron, Orlo Melby, Thorval Bjornaraa, and Michael and David Bachand.

The body is reposing at the Petterson Funeral home at Oklee where recitation of the prayers will be held at eight o'clock tonight (Wednesday).

Mrs. Cyr, the former Lottie Beaudin, was born Aug. 13, 1888 at Terrebonne to Joseph and Helen Crompe Beaudin. She was married at Terrebonne on Oct. 6, 1912 to Frank Cyr. The couple lived at Brooks until 1917, when they moved to Oklee where they operated a hardware store.

She was a member of the Sodality of St. Anne.

Surviving are four sons: Lloyd Cyr of San Jose, Calif., Branford of Mountain View, Calif., and Frankie and Harold of Oklee; 10 grandchildren, and three sisters: Miss Minnie Beaudin of the Hillcrest Nursing home in Red Lake Falls, Mrs. Edith Conners and Mrs. Edna Conners, both of Chicago, Ill.

She was preceded in death by her husband in 1956, one brother and a sister.

District 7 Of Wisc., Feeder Pig Market To Meet

Elections, reports and a panel discussion will highlight Wisconsin feeder pig marketing cooperative's district seven meeting at the Northwest experimental station agriculture research center auditorium in Crookston, January 31.

District seven of the co-op is made up of members from the State of North Dakota and 18 western and central Minnesota counties. District seven representative Arthur Laine of Osage will conduct the meeting.

The meeting will open at 10 a.m. During the morning business session co-op general manager Dr. Norbert Dahlke will summarize the organization's annual statement. Director of production Paul Schink will follow with the year's production report and Bruce Kornely will present the "Farmers' Farmacy" report.

Member delegates to the co-op's annual meeting will be elected. Members to serve on the districting and resolutions committees will also be elected. Nominations will be taken for advisory board members. Elections wil be held during the co-op's annual meeting at Stevens Point, Wis., March 16.

Following the noon meal an educational panel session will be held. Panel members will include Bill Fruechte of Perham, Minn., represneting the Midland Feed Co. He will speak on "Feeding for Quality Feeder Pigs." Mr. Schink will talk on "Good Luck?...Or!." He will also explain the co-op's new tail docking program.

"Can You Afford To Start Or Expand In the Feeder Pig Business?" will be the topic of animal science specialist Dr. Raymond Arthoud of the University of Minnesota. Co-op fieldman Elias Aho of Frazee will expalin "How To Make Your Pigs More Valuable At Sales."

Thirty district seven co-op members will receive membership certificates in the "300 Plus Club." These members will be honored forhaving produced and marketed 300 or more feeder pigs through the co-op during the past year.

Members from this area receiving "300 Plus Club" membership certificates will be: Milo Windahl, Newfolden; David Hildebrand and Leonard Swanson, Thief River Falls; Harvey Troska, Goodridge; Adrian Dolney and Gerald Dvergsten of Greenbush and James Braton of Barnesville.

If the Shoe Fits..

How can I give my feet a 'shoe break'?

Our fast paced life of today can catch up with the healthiest human being. Long hours of standing, working, and even the carefree recreation hours make heavy demands on legs and feet.

A 'shoe break' is one of the answers to fatigue. Like a coffee break, a change of shoes lifts the spirits and certainly gives a fresh, lighter feel to those on-the-go feet.

Ladies might start out the day with a soft-lined slipper, allowing feet to wake up from the night's sleep. The new daytime shoes with their flatter heels lead into the day and go anywhere in town, from office to supermarket. A change into a slightly higher heel - maybe one of the snappy sling backs - for lunch is a good idea, for fashion and for your feet's sake.

Whenever time permits, add to the benefits of your 'shoe break' by placing your feet on a stool, desk or sofa. This aids circulation and helps relax foot and leg muscles. Proper fit is vital to healthy feet, and a shoe break is a true break for feet.

Purdy's

Use Label Given By IRS To Avoid Errors In Return

Taxpayers should be sure to use the pre-addressed label on the tax package they receive in the mail.

The IRS can quickly process income tax returns with labels, since the labels contain necessary identifying information, said Richard C. Voskuil, district director for Minnesota.

You can peel the label from the tax package and place it on your tax return.

If your name or address has changed, make the necessary corrections on the label and lightly strike through the wrong pre-printed information. If you have a refund due, this will help insure delivery of the check to the correct address.

Taxpayers should also be certain to enter their correct social security number on the label before they file their return.

The filing deadline for 1973 tax returns is April 15, 1974.

Taxpayers can avoid delays in processing their return by the use of the peel-off label. This will speedup refunds, Voskuil said.

Kathleen Wald Enrolls At MSC

Kathleen Magdalin Wald, a senior at Lincoln high school, was recently accepted to enroll as a freshman next fall at Moorhead state college. Kathleen is the daughter of Mr. and Mrs. Frank Wald, of Thief River Falls.

VA Asks Prompt Return Of Income Questionnaires

The Veterans Administration recently urged veterans, widows and parents to promptly return income questionnaires received last November, even though the January 15 deadline has passed.

"Each year, thousands miss the deadline because questionnaires are misplaced, forgotten or lost, causing interruptions or delays of monthly benefit checks," officials explained.

It was noted that 907,000 of the 1.2 million questionnaires mailed were returned to the VA before the deadline. Information from the questionnaires is used to adjust pension benefits.

Questionnaires were mailed to veterans on VA pension rolls, widows of veterans drawing pension based on nonservice-connected deaths, and parents receiving dependency and indemnity compensation for service-connected deaths of sons and daughters.

Pensioners 72 years old or older who have been on pension rolls during the last two consecutive years generally are exempt. "But they still must report *changes in income, and those who* were mailed questionnaires must return them," it was pointed out.

Information on pension and other benefits is available at VA offices, from representatives of local veterans service organizations and Veterans county service officers.

Plummer School Hot Lunch Menu

Monday, Jan. 28, Pork and beans and wieners, vegetable sticks, bread, butter, milk, oatmeal cake.

HELEN E. HORGEN received a gold watch from Land O'Lakes, Inc., for her 25 years of service at a dinner held recently in her honor at the American Legion club in Thief River Falls. Presenting the watch to her is John W. Lang, manager of the hatchery and turkey division in Thief River Falls.

External Studies Program Is Now Offered At BSC

Bemidji State College now offers an undergraduate degree designed to provide services of the college to area adults unable to participate in traditional classroom programs.

The External Studies program is designed to meet the need of the student who has individual needs, time problems, or cannot easily enroll in traditional academic programs at Bemidji state. The program may be tailored to result in a regular college degree, or to give students skills they desire in the five External Degree major areas of community service, business administration, accounting, vocational education and humanities.

Dr. James Hamilton, coordinator of External Studies at BSC, comments, "This type of program has become part of the college scene throughout this country in recent years, and after careful study of such programs we determined that BSC could implement this program and offer meaningful credit for work by students."

Students in the program may include five varieties of credit in their application, including credit from other two or four year colleges, vocational-technical schools, credit obtained through other training institutions and credits for documented work experience.

"The most striking departure from traditional degree programs is the credit for work experience," Hamilton explains. "In this respect, our program recognizes the role that training and job experience plays in an individual's life."

In addition to the five varieties of credit granted, students may elect to obtain some credit by examination—if they feel they are in a position to challenge a college course based on previous experience and training.

Students accepted in the External Studies Program at BSC complete their work in their own homes, or at nearby college extension classes or institutions. Independent study is a major consideration in the program, meaning that students receive necessary guidance from instructors but complete the major part of the course requirements at their homes on their own time.

"We at BSC are happy to be able to offer this degree program to people in our service area," Hamilton states. "We feel that it adds a flexibility to our academic program which will allow many adults to complete college degrees without the sacrifices tht are frequently required under traditional on-campus programs."

Further information and application procedures may be obtained from coordinator of External Studies, Bemidji State College Bemidji, Mn. 56601.

Mickelson And Parnow On UMC Committees

A week of activities planned to warm up winter days is being planned by the students at the University of Minnesota technical college, Crookston (UMC). The annual Snow Days week is scheduled for January 27 through February 1, with activities planned for each day.

All Snow days events have been arranged by UMC students, serving on various committees. Fred Parnow of Goodridge is a member of the dance committee. Harold Mickelson, also of Goodridge, is on the king and queen selection committee.

The two best known events are the giant snow sculptures fashioned by various student and dormitory organizations, and the annual crowning of a new Snow Days king and queen.

Concordia Choir To Begin 1974 Concert Tour

Concordia college concert choir of Moorhead, directed by Dr. Paul J. Christiansen, will begin its annual concert tour with weekend appearances in Wisconsin and Minnesota.

On February 9 the choir will depart for engagements in Wisconsin, Ohio, Pennsylvania, Kentucky, Indiana, Michigan, Iowa, Missouri, South Dakota and Minnesota.

The choir's home concert, sponsored by the Concordia Vets club, will be presented on March 3 in memorial auditorium at 8:15 p.m.

The choir will tour Norway and Europe during May and June. Highlights of the trip will be performances in the Festival of Flanders and at the Cathedral Notre Dame of Paris.

Odegaard Herd Has Top 2-month Record

Red Lake county's dairy herd improvement association (DHIA) recently announced its production results for October and November. Roger Odegaard's herd of Crookston had the highest average of the 42 herds on test. However, the Northwest agricultural experiment station at Crookston had the most productive cow and the largest number of cows completing lactation with more than 500 pounds of butterfat.

Roger Odegaard's herd averaged 668 pounds of fat from 16,608 pounds of milk for the highest herd average. Four cows in the herd completed lactation with more than 500 pounds of butterfat including one with 795 pounds of fat from 19,760 pounds of milk. Others produced 735 pounds of fat from 18,770 pounds of milk, 614 pounds of fat from 15,600 pounds of milk and 606 pounds of fat from 18,580 pounds of milk.

The most productive cow in the association completing lactation belonged to the agricultural experiment station and produced 981 pounds of fat from 19,760 pounds of milk. The second most productive cow in the station herd produced 703 pounds of fat from 19,450 pounds of milk. Other cows completing lactation produced 694 pounds of fat from 16,530 pounds of milk; 630 pounds of fat from 20,350 pounds of milk, 602 pounds of fat from 17,300 pounds of milk, 599 pounds of fat from 15,220 pounds of milk, 567 pounds of fat from 15,520 pounds of milk, 546 pounds of fat from 15,290 pounds of milk and 536 pounds of fat from 12,190 pounds of milk. The station's herd average of 624 pounds of fat from 16,291 pounds of milk was the second highest in the association.

Conrad Zak of Angus had the cow with the second highest production record during lactation with 814 pounds of fat from 18,500 pounds of milk. Zak had six other cows with significant production records including 679 pounds of fat from 18,030 pounds of milk, 620 pounds of fat from 13,320 pounds of milk, 580 pounds of fat from 20,740 pounds of milk, 558 pounds of fat from 17,160 pounds of milk, 601 pounds of fat from 17,510 pounds of milk and 564 pounds of fat from 19,990 pounds of milk. Zak's herd averaged 566 pounds of fat from 15,262 pounds of milk.

John Weiland of Euclid had seven cows listed with 752 pounds of fat from 19,790 pounds of milk, 734 pounds of fat from 19,330 pounds of milk, 656 pounds of fat from 16,590 pounds of milk, 624 pounds of fat from 19,140 pounds of milk, 593 pounds of fat from 15,350 pounds of milk, 565 pounds of fat from 14,690 pounds of milk and 574 pounds of fat from 15,920 pounds of milk. Weiland's herd averaged 549 pounds of fat from 14,865 pounds of milk.

Warren Gast of Beltrami also had seven cows listed with 728 pounds of fat from 16,870 pounds of milk, 723 pounds of fat from 16,620 pounds of milk, 629 pounds of fat from 15,100 pounds of milk, 564 pounds of fat from 16,160 pounds of milk, 503 pounds of fat from 14,030 pounds of milk, 607 pounds of fat from 14,420 pounds of milk and 525 pounds of fat from 13,370 pounds of milk. Gast's herd averaged 522 pounds of fat from 13,618 pounds of milk.

David Brule of Crookston had three cows listed with 709 pounds of fat from 17,810 pounds of milk, 685 pounds of fat from 18,270 pounds of milk and 513 pounds of fat from 15,830 pounds of milk.

Gene Johnston and Sons of Angus had three cows listed with 721 pounds of fat from 17,540 pounds of milk, 597 pounds of fat from 16,540 pounds of milk and 589 pounds of fat from 16,540 pounds of milk.

Donald Walker of Red Lake Falls had four cows listed with 631 pounds of fat from 18,180 pounds of milk, 697 pounds of fat from 16,880 pounds of milk, 591 pounds of fat from 15,610 pounds of milk and 531 pounds of fat from 15,000 pounds of milk. His herd averaged 560 pounds of fat from 14,677 pounds of milk.

Donald Taus of Angus had three cows on the list with 684 pounds of fat from 19,000 pounds of milk, 515 pounds of fat from 12,230 pounds of milk and 502 pounds of fat from 13,560 pounds of milk.

Erwin Vanek of East Grand Forks had five cows that qualified for the list by producing 646 pounds of fat from 19,930 pounds of milk, 611 pounds of fat from 17,130 pounds of milk, 586 pounds of fat from 17,680 pounds of milk, 503 pounds of fat from 17,500 pounds of milk and 502 pounds of fat from 13,300 pounds of milk.

Erick Peterson of Middle River had two cows qualifying for the list with 634 pounds of fat from 18,250 pounds of milk and 514 pounds of fat from 17,230 pounds of milk.

Paul and Ron Olson of East Grand Forks were the owners of two cows that qualified for the list with 629 pounds of fat from 14,270 pounds of milk and 512 pounds of fat from 14,640 pounds of milk.

F. Wm. Halme of Middle River owned five cows qualifying for the list with 600 pounds of fat from 17,900 pounds of milk, 554 pounds of fat from 17,390 pounds of milk, 520 pounds of fat from 13,540 pounds of milk, 582 pounds of fat from 17,240 pounds of milk and 575 pounds of fat from 17,020 pounds of milk.

Alex Cwikla of Middle River had two cows listed with 585 pounds of fat from 20,780 pounds of milk and 518 pounds of fat from 15,980 pounds of milk.

Calvin Harmoning of Red Lake Falls was the owner of four cows on the list with 595 pounds of fat from 15,420 pounds of milk, 552 pounds of fat from 13,200 pounds of milk, 563 pounds of fat from 14,000 pounds of milk and 535 pounds of fat from 15,020 pounds of milk.

John Erickson of St. Hilaire also had four cows on the list with 563 pounds of fat from 13,680 pounds of milk, 548 pounds of fat from 13,610 pounds of milk, 550 pounds of fat from 10,520 pounds of milk and 509 pounds of fat from 11,910 pounds of milk.

The herd belonging to Elmer and Larry Korpi of Middle River averaged 540 pounds of fat from 15,900 pounds of milk. Four of the animals in the herd were also listed individually with 550 pounds of fat from 16,680 pounds of milk, 528 pounds of fat from 15,060 pounds of milk, 534 pounds of fat from 15,060 pounds of milk and 518 pounds of fat from 13,670 pounds of milk.

Richard Weiss of Red Lake Falls had four cows on the list with 543 pounds of fat from 14,280 pounds of milk, 521 pounds of fat from 14,270 pounds of milk, 529 pounds of fat from 14,480 pounds of milk and 520 pounds of fat from 14,640 pounds of milk.

Glen and Gary Gullekson of Beltrami had one cow listed with 531 pounds of fat from 12,450 pounds of milk.

Lloyd Kasprick of Angus had a cow that produced 511 pounds of fat from 13,070 pounds of milk to qualify for the list of cows producing more than 500 pounds of butterfat during lactation.

Of the 42 herds in the association, 26 are on standard test while the remaining 16 are tested by owner sampling. There are 1,636 cows in herds participating in the Red Lake county DHIA.

Mon., Jan. 28, 7:30-8:30 open swimming. 8:30-9:30 men and couples lessons.

4-H CLUBS

Pennington county 4-H leaders met recently and discussed a number of subjects and approved the 1974 budget.

It was noted that a county carnival will be held in March. Although March 9 has been tentatively set as the date for the event, March 16 is a possible alternative. Each club is to help with one event.

The 4-H speaking contest will be held on February 9. The topic will involve being concerned for others or brotherhood.

Youth day at the Red River Valley Winter shows will be February 16. Registrations are due by February 4. Attractions include a public speaking contest, demonstrations, a horse show and clinic, a crops show, a poultry program, a grain clinic and a photography contest for 4-H members. There will also be 4-H, FFA and general livestock judging. Additional information about these events may be obtained by contacting the county extension office.

A telelecture, "Role of the Junior Leader", was recently held in the county courthouse. Junior leadership opportunities at club, community and county levels were discussed.

Entries in the 4-H poster-art contest are due on February 25. Anyone interested in participating should obtain an information sheet at the county extension office.

Stan Meinen of the state 4-H staff spoke concerning his participation in a review of the 4-H program. Methods involved include mailing questionnaires to leaders and holding "kitchen conferences" with leaders.

It was also noted that there will be no meeting of the council in February.

Friday, Feb. 1, Hamburger on buns, buttered corn, pickles, juice, milk.

Letters to the Editor

To The Editor:

I think it is time that someone publicly thanked our city street department for the excellent job they have done this winter in keeping our city streets plowed, sanded and in generally good driving condition. These men do a tough job and get very little recognition for it. I just want to tell them that their efforts are appreciated. Please keep up the good work.

Sincerely,
J.R. Borchert

To The Editor:

In regards to Larry Haugen's letter to the editor Jan. 2:

In the first place the Valley Home is no nursing home, it is a boarding care home. We do not consider our residents as "Inmates". They are elderly people who for one reason or another can not remain in their own homes.

We all know no one wants to leave their own home, so it takes much adjusting for most of these elderly folks. The Home has always allowed the residents to take along their favorite chair or piece of furniture to help them adjust.

I am sure if your grandfather wishes, or anyone else, to play cards, no one would stop them from doing so in their own rooms.

The activity room is full each day of those wanting to be busy. There are those in the sun room putting jig saw puzzles together and enjoying it. Others are busy in their own rooms.

I've worked as nurse aide for the Valley Home since 1958. We consider the room of each resident as his or her home where they may do as they wish.

I resent very much calling these fine elderly people "Inmates." My heart goes out to each of them. Most have been hard working, honest people, who have come to the age or their health where they must depend on others for care and love and we at the Valley Home do this to the best of our ability.

I'd like to thank those who take time out from their busy life to come out each Tuesday evening to bring The Word of Life and fine music, for the pastors who come each Thursday afternoon, for the ladies aids and others who serve lunch and put on their programs, and for those who just come to visit.

Have you taken time to go visit some elderly person in homes in Minneapolis? I'm sure there are many lonely ones there also who would just love to have someone come visit and show someone still cares for and about them.

To those who have someone in boarding care or nursing homes:

If you're unable to visit, how about writing real often or just take up a phone and call. The money you spend on a phone call will be well worth the happiness you bring.

Anyone, just go visiting with some of those fine folks and find out how good you feel going home for the happiness you have brought to someone.

Gladys Severson

THIS PIZZA RATED G*

*Stands for Good . . . or General audience consumption. You can always depend on Pizza Hut for good taste, for every member of the family.

Every Pizza Hut has sit-down table service, candles on the table and a general air of wholesome good fun. Not to mention wholesome good pizza.

COUNTY BOARD PROCEEDINGS

January 23, 1974
OFFICIAL PROCEEDINGS
BOARD OF COUNTY COMMISSIONERS
PENNINGTON COUNTY, MINN.
JANUARY 8, 1974

Pursuant to Law the Board of County Commissioners met in the Commissioners' room in the Courthouse in Thief River Falls at 10:00 a.m., January 8, 1974.

Members present: Hanson, Olson, Naplin, Stenberg and Tasa. All present.

The minutes of the meeting of Dec. 11, 1973 were read and approved as read.

The Board then proceeded to organize for the year 1974 and to vote for Chairman. The name of Otto Stenberg was placed in nomination for Chairman by Commissioner Olson. No further nominations were heard and upon motion by Tasa seconded by Naplin, nominations were closed and the Secretary was instructed to cast an unanimous ballot for Commissioner Stenberg for Chairman for 1974. Motion declared carried and ballot cast.

The Board then proceeded to vote for Vice-Chairman. The name of Glenn Tasa was placed in nomination by Comm. Naplin. No further nominations were heard and upon motion by Hanson seconded by Olson nominations were closed and the Secretary was instructed to cast an unanimous ballot for Comm. Tasa for Vice-Chairman for 1974. Motion was declared carried and ballot cast.

At 11:00 a.m. the Board proceeded to open bids for Group Hospital & Medical Insurance as duly advertised and called for. The following bids were opened and read aloud:

Blue Cross and Blue Shield: Plan I, single rate $15.98, family rate $40.57; Plan II, single rate $16.67, family rate $42.49; Time Insurance Co., single rate $18.90, family rate $51.85.

Bids were then opened for Term Life Insurance:

Time Insurance Co., $3,000 coverage, Rate including A.D.& D. .94 per M; Manufacturers Life, $2,000 coverage, Rate including A.D.& D., 1.19 per M; Manufacturers Life, $3,000 coverage, Rate including A.D.& D., 1.14 per M; North American Life, $2,000 coverage, Rate including A.D.& D., 1.25 per M; North American Life, $3,000 coverage, Rate including A.D.& D., 1.17 per M.

After discussion it was apparent that both types of insurance coverage needed further study because of the various proposals having alternates within the specifications. Moved by Olson seconded by Tasa that the matter be referred to a committee of employees composed of A. E. Jorgenson, C. W. Rodekuhr, Alice Geske and Charles Richards to study all insurance proposals and make recommendation to the Board by the 21st of January. Motion unanimously carried.

A delegation from Goodridge appeared and discussed a possible relocation of the County shed in the Village in the near future. The matter was taken under advisement.

Moved by Hanson seconded by Tasa that the date of the regular meetings be set from time to time, one month in advance, to be the 1st or 2nd Tuesday of each month with the exception of July which meeting date is set by law to be the 2nd Monday of July. Motion carried.

Moved by Naplin seconded by Olson that the Board appropriate and set aside in the Revenue Fund and authorized the Auditor to pay necessary incidental expenses for postage, express, freight, telephone, water & light and other utility charges as provided by MS 375.16, as amended. Motion declared unanimously carried.

Moved by Tasa seconded by Naplin that pursuant to MS 471.96 the elected and appointed Officials of the County are designated as representatives of the County to their respective Associations and are eligible for reimbursement of expenses as set forth in the Laws upon presentation of verified claims. Motion unanimously carried.

Moved by Tasa seconded by Hanson that Commissioner Naplin be appointed to represent the Board along with Chairman Stenberg on the County Extension Committee for 1974 and that Henry Panek be reappointed to the County Extension Committee to represent the 1st Commissioner District and Mrs. Ernest Swanson be reappointed to Serve 'at large' on said committee, each for a three (3) year term. Motion unanimously carried.

Moved by Naplin seconded by Hanson that the County Welfare Board shall consist of seven members and that the County Board shall serve as a whole on the Welfare Board. Motion carried.

Moved by Hanson seconded by Naplin that the Board serve as a whole on the Road Committee and the Bridges and Culvert Committee, and further that Commissioner Tasa represent the County Board on the Highway Committee of the TRFalls Chamber of Commerce and the Highway Committee of the Assoc. of Minn. Counties. Motion carried.

Moved by Hanson seconded by Naplin that Comm. Olson serve on the Law Library Committee for the year 1974. Motion carried.

Moved by Tasa seconded by Hanson that Dr. F. W. Hazard be appointed Livestock Inspector for Pennington County for the year 1974 at a salary of $20.00 per month. Motion unanimously carried.

Moved by Hanson seconded by Naplin that the sum of $300. be appropriated to the Red River Valley Development Association for assistance in promotion of the Winter Shows. Motion unanimously carried.

Moved by Tasa seconded by Hanson that the County Board serve as a Committee as a Whole on the Inter-Governmental Affairs Committee and be authorized such expenses as are necessary and further the County shall pay per-diem and expenses of Commissioners attending meetings in behalf of the County for other than regularly appointed Committee work upon presentation of properly executed claims and approval of the Board. Motion carried.

Commissioner Naplin introduced the following resolution and moved its adoption:

BE IT RESOLVED, that the Official Newspaper of Pennington County for the year 1974 shall be the Thief River Falls Times, published bi-weekly, each Monday and Wednesday at Thief River Falls.

The foregoing resolution was duly seconded by Comm. Hanson and declared unanimously carried.

Moved by Tasa seconded by Hanson that Commissioners Stenberg and Olson be named to the Building and Maintenance Committee for the Courthouse along with Auditor C.W. Rodekuhr. Motion carried.

Moved by Naplin seconded by Olson that Commissioners Tasa and Hanson serve on and represent the Board on the Oakland Park Nursing Home Board for 1974. Motion unanimously carried.

Commissioner Tasa introduced the following resolution and moved its adoption:

BE IT RESOLVED: That pursuant to Statutory Authority, the County Engineer for and on behalf of the County of Pennington is hereby authorized to request and obtain from the Minnesota Department of Highways needed Engineering and Technical Service during the year 1974, for which payment will be made by the County upon receipt of verified statements from the Commissioner of Highways.

The foregoing resolution was duly seconded by Comm. Hanson and declared unanimously carried.

Moved by Tasa seconded by Hanson that Sheriff Richards represent the County Board on the Northwest Council on Alcohol and Drug Problems with offices in Crookston. Motion carried.

Commissioner Tasa introduced the following resolution and moved its adoption:

BE IT RESOLVED, that pursuant to the By-Laws of the Association of Minnesota Counties, the following County Officers are named delegates of the County of Pennington, to-wit: Commissioners Odin C. Hanson, Don L. Olson, Edgar A. Naplin, Otto Stenberg and Glenn Tasa; County Engineer Joseph Seidel, County Auditor C. W. Rodekuhr and County Treasurer Ellsworth Jorgenson.

The foregoing resolution was duly seconded by Commissioner Naplin and declared carried.

Moved by Hanson seconded by Tasa that Commissioner Naplin represent the Board on the T.B. Control Board of the T.B. Control Clinic in Crookston for the year 1974. Motion carried.

Moved by Naplin seconded by Tasa that Dr. Peter D. Johnson be appointed to the Board of the Inter-County Nursing Service for a three year term to expire Dec. 31, 1976. Motion unanimously carried.

Commissioner Tasa introduced the following resolution and moved its adoption:

BE IT RESOLVED that pursuant to Section 161.36, Subdivision 1 through 6, Minnesota Statutes, 1973, the Commissioner of Highways be appointed as agent of the County of Pennington to let as its agent, contracts for the construction of portions of County Highways, for the year 1974, and the Chairman and the Auditor are hereby authorized and directed for and on behalf of the County to execute and enter into a contract with the Commissioner of Highways prescribing the terms and conditions of such contracts in the form as set forth and contained in "Minnesota Department of Highway Agency Contract Form NO. 30773" a copy of which said form was before the Board, assuming on behalf of the County all of the contractual obligations therein contained. The foregoing resolution was duly seconded by Commissioner Hanson and declared unanimously carried.

The Board then, pursuant to call for Depositories for County Funds, considered bids received and upon motion by Olson seconded by Naplin designated the Northern State Bank and the First Northwestern State Bank of Thief River Falls the Official Depositories for Pennington County and the securities as submitted by the Northern State Bank in the aggregate amount of $613,000 be approved and the Securities of the First Northwestern State Bank in the aggregate of $1,070,000, be approved. Motion unanimously carried.

Norman Peterson appeared and reviewed and discussed the Agreement with the County relative to the operation of the Ambulance Service. A statement of the operation of the Service was reviewed. Moved by Tasa seconded by Olson that the Ambulance Agreement be continued at a level of County participation of $2,500. per quarter on a continuing quarterly basis with quarterly reports to support continued participation. Motion unanimously carried.

The Budget of the County Extension Services was presented for consideration and Commissioner Olson introduced the following resolution and moved its adoption:

BE IT RESOLVED: That the sum of $21,700 be set apart from the General Revenue Fund and appropriated subject to the order of the Dean of the Institute of Agriculture of the University of Minnesota for the support of County Extension work in Agriculture and Home Economics in Pennington County, for the year 1974, beginning January 1, 1974, in accordance with Chapter 202, Laws 1953 and acts supplementary thereto. The foregoing resolution was duly seconded by Commissioner Naplin and declared carried.

Terry Courneya appeared and reviewed the Viking Trail Snowmobile Trail that has been planned and will be in operation on January 12th and further discussed the probable completion of a Trail to the North and East to the Beltrami County area. Plans are on the drawing board for this at the present time.

Moved by Olson seconded by Naplin that a Contingency Fund of $100. be set aside for the County Board within the Revenue Fund, to pay incidental expenses of the Board. Motion declared unanimously carried.

The Annual report of the County Weed Inspector, Ray Johnson, was reviewed and ordered filed.

Moved by Hanson seconded by Tasa that Contract with Falls Diesel Service, Inc. for furnishing a Truck in the amount of $17,019.32 be accepted as complete and payment be authorized in the total amount of $17,945.92 which includes extras ordered for mounting snowplow. Motion unanimously carried.

After discussion and in view of the increased cost of operation it was moved by Tasa seconded by Olson that the rates to be charged by the Highway Department for work performed in 1974 be set at $8.00 per hour for blading, $10.00 for snowplowing and construction with a minimum charge of $4.00. Motion unanimously carried.

The Board then took up the matter of salaries for 1974.

Commissioner Olson introduced the following resolution and moved its adoption:

RESOLVED, that County Officials affected by M.S. 375.43 (cost of living Law) and including the County Engineer, be allowed a salary adjustment of 5½ per cent of the 1973 salary with a minimum of $600. per annum, with $300. of said adjustment to be allowed according to M.S. 375.43 and made as an adjustment to the salary of County Commissioners; with a further adjustment of $200. per annum for the Clerk of Court for taking over added duties as Clerk of County Court; and all other employees, except those with less than 6 months employment, shall receive a salary increase of 5½ per cent or no less than $30. per month (minimum not applicable to part-time people) and further that a new schedule of salaries be adopted for Deputy Sheriffs according to a schedule before the Board with salaries ranging from a starting salary of $620, to a 5 year salary of $770. per month, with the effective date of all changes to be January 1, 1974.

The foregoing resolution was duly seconded by Commissioner Naplin and declard unanimously carried.

Moved by Tasa seconded by Hanson that the following allowances for Clerk Hire for the year 1974 be made in the various offices inclusive of the various Statutory allowances, as follows:

County Auditor	$14,330
County Treasurer	5,700
Reg. of Deeds	7,500
Clerk of Court	15,340
Sheriff	5,000
County Court	6,810
Attorney	5,440

(with 50 per cent of the total cost of operation of the Attorney's Office to be provided by the Welfare Board pursuant to M.S. 393.11.)

Motion declared unanimously carried.

The following bills were read audited and allowed:

ATTEST: C. W. Rodekuhr, County Auditor & ex-officio, Clerk of the Board.

MIRACLE WATER

Jim Anderson

Do you ever get swamped in a sea of inches, feet, yards and miles? Most of us have remembered that 12" make a foot, 3 ft. in a yard, etc. But how many yards in a mile? These odd conversion numbers were arrived at by accident. An inch was originally the length of the thumb from the tip to the knuckle, the foot was the length of a foot, a yard was the distance from the nose to the fingertip of the arm stretched out to the side. The mile comes from the Latin word for "thousand" and was originally the distance covered by a marching soldier in a thousand paces, pace being the distance between places where the same foot came down in marching.

The electro selector of a Miracle Water refiner paces the amount of refined water needed in your home. No need to hand set or worry about how much refined water will be needed for extra demands. Let the electro selector do it for you—automatically, while you sit back and watch your favorite TV program.

Fergus Falls, Thief River Falls' Northwest Conference basketball opponent in the Lincoln high school gym Saturday, is regarded in some circles as one of the favorites for the class AA region C championship this season.

Defense keys the Otter's success which has acounted for an impressive 7-1 season record. Fergus Falls has lost only to defending region C champion St. Cloud Apollo. The Eagles, along with Little Falls, are also labeled as possible region C champions in 1974.

"We believe that the key to our success is our defense," said Fergus Falls head coach Wally Pearson. "During practice sessions we work on defensive drills 75 to 80 per cent of the time. We feel if we have a player who loves to play defense we have a complete ball player. These kids have pride in their defense and I'll say one thing: it will take one heck of a team effort to beat them—they don't like to lose."

Opposing coaches have also had high praise for the Otters. Elbow Lake coach Dale Champ spoke of the Otters by saying, "You have to be careful when you play Fergus Falls. If you don't watch out they'll take your offensive game away from you even before a team gets the ball to half court."

Steve Lipp, Breckenridge head coach, was quoted prior to his team's game against the Otters as saying, "I scouted Fergus Falls when they played Pelican Rapids and I haven't slept since. Fergus Falls has everything you look for in a basketball team. They have speed, play great defense, have good shooters and they really hustle."

Obviously Thief River Falls will have to play a near perfect game—similiar to the Prowlers' recent win over East Grand Forks—to beat the highly regarded Otters this week.

—0—

Lincoln high school head swimming coach John Kopari has been the catalyst trying to form a new seven team swimming conference in time for the 1974-75 school year.

The proposed conference would include Thief River Falls, Moorhead, Fergus Falls, Detroit Lakes, Bemidji, Fosston and possibly Brainerd.

—0—

Northland community college athletic director Al Adams informed the Times Tuesday that because Northland is the host school for the 1974 MCCAA state hockey tournament, the Northmen will receive an automatic berth in the upcoming event even if Northland should finish below fourth place in the final regular season conference standings. Previously it was reported that the top four teams in the final standings would enter the state event.

Northland will also host the 1974 national junior college hockey tournament, but Adams noted the Northmen would have to earn a spot in the national event and would not be automatically seeded like the state competition.

The MCCAA state tournament will be played in the Thief River Falls sports arena February 28 and March 1. The NJCAA national tournament will be played here March 15 and 16.

—0—

Brainerd hockey coach Dan Levno had a wide range opinion of his team in Warriors' last two outings, being quoted by the Brainerd Dispatch as saying, "We looked bad out there—like we never played a game before," in a 3-1 loss to Alexandria after previously saying, "When we beat Red Lake Falls it looked like we should be in the state tournament."

Brainerd is in the second year of region eight hockey competition.

LHS Hockey JV's Stop Red River

Lincoln high school junior varsity hockey team lifted its season record to 8-1-1 Tuesday with a 7-3 win over Grand Forks Red River.

Seven different players scored for coach Dale Wennberg's Prowler Bees, including Mike Malberg, Jeff Lindquist, Hal Harbott, Mike Burstad, Kent Ehrenstrom, B. J. Broughton and Dave Wysoski.

Region Rivals Prowlers & Lumberjacks Clash Friday

A near sell-out size crowd is anticipated to fill the Thief River Falls sports arena Friday night when Bemidji and Thief River Falls clash in a head-on collision between region eight hockey leaders.

Thief River Falls currently sits atop the region's north half point standings while Bemidji continues to lead the south half. The top team in each half at the end of the regular season is automatically seeded into opposite brackets in the region eight tournament. The rest of the region's 13 teams must advance through sub region play.

Thief River Falls and Bemidji, bitter athletic rivals in every sport, will be meeting for the second time this season. The Prowlers whipped the defending region champion Lumberjacks 4-3 in early December.

Bemidji has not lost a game since the Lumberjacks' season opening loss to the Prowlers. Since that setback Chuck Grillo's sextet has reeled off eight wins and a tie. Bemidji has posted impressive wins over Roseau 5-3, Coleraine 5-1 and Warroad 11-1. The Lumberjacks also own an eye catching 4-4 tie against defending state champion and current Iron Range power Hibbing. Other Bemidji wins have included triumphs over Hallock 4-2, Moorhead 6-1, Detroit Lakes 13-3, Crookston 9-1 and Superior, Wisconsin, 6-5.

"We know we're going to be in for a real tough hockey game," conceded Prowler head coach Bill McGann. "It should be a heck of a game. With [illegible] rivalry and the fact that [illegible] already beaten them, the emotional factor on both sides will probably be a big thing in the game.

Both teams have [illegible] reputations for hard hitting style of play in recent years and this week's encounter promises to be another bruising match-up. "We're going to have to play an extremely aggressive forechecking game to try to keep the puck in their (Bemidji) end of the rink," explained McGann.

"I see where Bemidji's ranked fourth in the state—we'd like to go after that spot," McGann pointed out.

The familiar Prowler line-up will remain nearly intact for Friday night with one exception. Sophomore wing Mike Jury might replace Scott Engelstad for a second straight time on a line with senior center Scott Reed and junior wing Jeff Tunberg. Engelstad missed Tuesday's Grand Forks Red River game because of illness and his status for Bemidji is still questionable.

Sophomore Mike Noel will continue to center juniors Tom Barry and Jim Eileson on a second Prowler line while a third all senior unit includes Max Thrall skating between Tim Engelstad and Pete Hess.

On defense, Tony Dorn and Greg Sorenson will skate together as will Mike Gould and Mike Oakks. All four Prowler defensemen are seniors.

Senior Joel Folger will be in goal for the Prowlers with sophomore Terry Sullivan expected to provide back-up help since Murray Melander, another illness victim, is also questionable for Friday night.

Face-off time will be 8 p.m. with the junior varsity action scheduled to start at 6:15.

Thief River Falls will also be in action Monday when the Prowlers host Fargo South. Thief River Falls will play at East Grand Forks Tues., Jan. 29.

Prowlers Handle Red River's Roughriders

Lincoln high school hockey team padded its 1973-74 season record to 7-3 Tuesday with a one-sided 7-2 cross state triumph over Grand Forks Red River in the Thief River Falls sports arena.

The Prowlers jumped out to a 4-1 first period lead, maintained a 5-2 advantage after two periods and added a pair of third period goals to easily handle the visiting Roughriders.

Thief River Falls wasted little time before exciting the thinned out crowd when junior win Tom Barry tipped a long slap shot by teammate Greg Sorenson past Red River goalie Tony Bushy with only 1:45 elapsed.

Just 1:25 later the Prowlers led 2-0 as Jeff Tunberg caromed a shot off the back of Bushy's leg while straddling a red goal line. Scott Reed and Mike Jury were credited with assists on the play.

Quick scores continued to highlight the action when Red River wing Don Tupa beat Prowler goalie Joel Folger just 11 seconds after Tunberg had scored. Ron Bushy assisted on the play to slice the Prowler lead to just 2-1 with 11:39 still remaining in the first period.

Thief River Falls went in front 3-1 minutes later on an outstanding individual effort by senior wing Tim Engelstad who squeezed his way through two Red River defenders and slipped a soft close range shot under Bushy with 9:24 left. Prowler captain Tony Dorn earned an assist on the play.

Another Prowler goal concluded the wild first period as Max Thrall out-hustled a Red River defenseman and Bushy for a loose puck in front of the Roughrider net with 4:29 remaining. Thrall poked the puck past Bushy after a sloppy defensive play had placed the puck in front of the Red River net.

Grand Forks rallied briefly in the second period, cutting the difference to 4-2 on a goal by Scott Bohlman with 6:50 remaining. Folger made an initial save on the play, but lost sight of the puck lying in the goal crease and Bohlman streaked across the goal mouth to stuff the loose disc past the handcuffed Prowler goalie.

After being badly outplayed in the first period, Red River controlled a big part of the action in the middle stanza until a late Prowler goal by Engelstad took the wind out of the Roughriders' sails: Engelstad just got a piece of a long booming slap shot by Dorn to tip the puck past Bushy for a 5-2 game with only 28 seconds remaining. Thrall also earned an assist on the play.

Thief River Falls wrapped the game up with a pair of third period goals by Reed and Thrall.

Reed scored with 9:34 remaining with help from a Red River defenseman. An attempted centering pass from behind the net by Reed bounced off Red River's Bruce Nord and bounded past Bushy for an easy Prowler goal. Barry picked up an assit on the play.

Thrall finished the scoring with just 49 seconds remaining with a sharp side angle shot beating Bushy for a 7-2 final. Hess and Engelstad assited on the game's last goal.

First Period

SCORING—TRF, Barry assisted by Sorenson, 1:45. TRF, Tunberg assisted by Reed and Jury, 3:10. RR, Tupa assisted by R. Bushy, 3:21. TRF, T. Engelstad assisted by Dorn, 5:36. TRF, Thrall assisted by Hess, 10:31.

SAVES—TRF, Folger and Sullivan 7, total 16. RR, T. Bushy 8, total 27.

Swimmers Splash Moorhead 95-71

Coach John Kopari's Lincoln high school swimming team splashed Moorhead 95-71 in a dual meet held Monday in the Fanklin middle school pool to lift the Prowler 1973-74 dual meet season record to 7-4.

Thief River Falls won 10 of the meet's 11 events and still managed to set a new school record in the 11th race as the Prowlers beat the Spuds for the second time this winter.

Doug Williams, Mark Storhaug and Dan Cork were all double winners for the Prowlers Monday. Williams won the 50 yard freestyle in 23.9 and placed first in the 100 yard butterfly in 1:02.0. Storhaug set a new school record with a first place time of 5:47.1 in the 500 yard freestyle and also won the diving competition. Cork placed first in the 200 yard freestyle in a 2:02.7 and added a first place 1:02.1 effort in the 100 yard back stroke.

Other individual first place performances were turned in by Neil Sjulson with a 56.2 in the 100 yard freestyle and by Jeff Carter with a 1:14.3 in the 100 yard breast stroke.

Thief River Falls also won both relay events. The Prowler medley relay unit of Sjulson, Carter, Brian Phelps and Dave Borning was clocked in 1:55.2. The Prowler 400 yard freestyle relay squad of Borning, Sjulson, Cork and Williams posted a school record 3:40.6 effort.

The only event in which the Prowlers didn't place first, Dan Heieren set a new school record of 2:26.2 in the 200 yard individual medley, an event won by Moorhead in a time of 2:25.8.

Prowler-Redskin Swim Meet Reset

A Thief River Falls-Grand Forks Central high school dual swimming meet scheduled to be held Saturday has been postponed until Tues., Jan. 29, it was announced by Prowler coach John Kopari.

The meet will start at 4 p.m. in the Franklin middle school pool.

Northland Skates To Itasca This Weekend

Bolstered by a two game 4-1 and 7-2 sweep over Rainy River, the Northland community college hockey team will travel to Grand Rapids this weekend to face Itasca in an important Saturday-Sunday MCCAA hockey conference series.

Coach Swede Lund's Northmen carry a 5-5 season record, but Northland is 4-2 in conference play with identical 7-3 wins over Crookston and two wins over Rainy River. Northland conference losses came at the hands of Hibbing 7-4 and Mesabi 6-5.

Freshman wing Rob Eisenzimmer continues to lead Northland in scoring with the Devils Lake product collecting three goals and eight assists for 11 points. Freshman Pete Jerome is second in the scoring parade with five goals and four assists for nine points. Sophomores Dick Penning and Al Eisenzimmer are tied for third in the scoring charts with eight points apiece. Penning has scored five goals and added three assists while Eisenzimmer has scored seven goals and collected one assist.

Northland's next scheduled home appearance will be Tues., Jan. 29, when the Northmen host rival Crookston Tech in the Thief River Falls sports arena.

MCCAA Hockey Standings

	w	l	pts
Itasca	9	3	11
Mesabi	8	2	9
Hibbing	5	7	7
Lakewood	4	3	5
Northland	4	2	4
Crookston	1	7	2
Rainy River	0	9	0

Records show that Minnesota had a bucks-only season for deer in Itasca county in 1926.

GRAND FORKS Red River goalie Tony Bushy looked over his shoulder to see the puck firmly implanted in the back on the net on this first period play in Tuesday night's Prowler-Roughrider game played in the sports arena. Thief River Falls' Max Thrall (not pictured) scored the goal to give the Prowlers a 4-1 lead. Pete Hess of the Prowlers, who earned an assist on the play, and Red River's Don Tupa watched the action from the background. Thief River Falls won the game 7-2.

TRF Plays At Ada Friday; Host Otters On Saturday

Lincoln high school basketball team will have an opportunity to improve upon a 5-3 season record this weekend when a split doubleheader schedule finds the Prowlers playing back to back games against Ada and Fergus Falls.

Thief River Falls travels to Ada Friday night before returning home to host Fergus Falls in a Northwest Conference contest Saturday. Both games will have 8 p.m. starting times.

Although Thief River Falls can't afford to look past Ada, undoubtedly, most of the weekend's attention will be shifted to Saturday night's confrontation with the extremely talented Otters.

A quick, defense orientated ball club, Fergus Falls rolled up seven straight wins before losing to class AA region C power St. Cloud Apollo 60-47 last week. The Otters bounced back in impressive fashion, however, by ripping East Grand Forks 63-46 Saturday.

Blessed with a strong bench, Fergus Falls plays about 10 ball players nearly every game. The Otters' starting line-up will probably include 6-1 senior Matt Gervais and 5-11 junior Mark Toso, the two quarterbacks on the NWAC champion Fergus Falls football team, at guards, 6-2 sevior Kevin Johannes and 6-0 senior Mark Stortroen at forwards and 6-3 senior Randy Johnson at center. Toso, Johnson and Stortroen all boast scoring averages in double figures.

"Fergus Falls has a real good ball club," acknowledged Thief River Falls head coach Lee Swanson. "They're fast, they play an aggressive pressing defense and they shoot well."

After going winless in their first year of Northwest Conference membership in the 1972-73 season, Fergus Falls has won two conference games without a loss this winter, beating Breckenridge and East Side. Thief River Falls, after losing three straight league games, beat NWAC rival East Grand Forks 71-60 last week."

"I thought it was a heck of a good team effort on our part against East Side," exclaimed Swanson. "That's the kind of results you get when it's a total combined effort."

Thief River Falls beat the Green Wave with a sparkling free throw shooting display as the Prowlers made 21 of 27 free throw attempts. "I think our free throw shooting (a Prowler strong point all season) is indicative of the kind of good shooters these kids are," Swanson pointed out.

A small ball club, Ada relies on good shooting, especially from junior guards Jeff Baker (5-10) and Dan Peterson (5-8), to compensate for lack of height. Reports indicate the Viking backcourt men are deadly from the corners.

Across the front line Ada will line up with 6-0 junior Bob Wagner and 5-10 junior Mark Kessler at forwards and 6-2 senior Brad Benesh at center.

"Ada's not a bad ball club; this Baker kid is a real good one; we'll have to be ready for them," noted Swanson.

Warroad Lakers Will Play Here Thursday

Warroad Lakers and the St. Boniface Mohawks will clash in a regular season Canadian Central hockey league game tomorrow (Thusday) in the Thief River Falls sports arena beginning at 8:30 p.m.

The Thief River Falls amateur hockey association will sponsor the game which matches the top two teams in the current CCHL standings.

Warroad, headed by player-coach Bob Tuff, a former Lincoln high school head hockey coach, leads the Central League standings with a 12-3 record for 24 points. St. Boniface is second with a 10-3 mark for 20 points, followed by Thompson 9-9 for 18 points and East Koldonan 1-17 for two points.

According to official league statistics going into last weekend's schedule, the Lakers, who are 14-3 overall, were led in scoring by Harry Bueckert who has scored 13 goals and collected 19 assists for 32 points to rank second in the league scoring race, one point behind Thompson's Ron Ramsey.

Billy Christian, in his 17th year with the Lakers, was fourth in the scoring charts with 11 goals and 15 assists for 26 points. Tuff reported in with 10 goals and nine assists for 19 points in 10 games.

Warroad goalie Blaine Comstock is the top netminder in the CCHL with a 3.30 goals against average in 10 games.

The Lakers will also appear in Thief River Falls Sun., Feb. 10, when Warroad plays East Kildonan.

One ticket purchase will admit fans to both Warroad games in the sports arena. Prices are $1 for students, $3 for adults or $5 for a family ticket.

Newfolden Topples Goodridge

Newfolden won its fourth straight basketball game Tuesday night as the Nordics held off Goodridge 63-59 in a non-conference game played in the Marshall County Central gym.

The host Nordics jumped out to a 13-9 first quarter lead, but the scrappy Huskies battled back to slice the difference to just 29-28 at halftime. Newfolden moved out to a comfortable 50-40 third quarter lead and widened its margin to 14 points late in the fourth quarter before Goodridge rallied to cut the deficit to four at the final buzzer.

Balanced scoring highlighted the Newfolden offense as Dan Magner scored 16, Gary Kujanson 15 and Mike Fincher, along with Dave Strandquist 13 each. Arden Hyland scored 18 points for the Huskies to take game scoring honors while Tom Bendickson pumped in 16 and Paul Solberg 13.

The win lifted Newfolden's season record to 5-3 for the year while Goodridge slipped to 5-5. Newfolden will be back in action Saturday at Warroad while Goodridge hosts Climax Friday.

Four TRF Drivers Place Second In Eagle River Race

Four different drivers from Thief River Falls claimed second place finishes competing in the Eagle River, Wisconsin, snowmobile races held Saturday and Sunday.

Team Arctic snopro racers Larry Coltom and Charlie Lofton placed second in the 440 and 650 classes respectively while Rich Porter finished second in mod II and Tom Porter was a second place driver in mod 0.

DARK SHIRTED Prowler wing Tim Engelstad squeezed through Roughrider defenders Dan Smith (15) and Mark Berge (2) and slipped the puck past fallen goalie Tony Bushy into a wide open net on this play during Tuesday night's Thief River Falls-Grand Forks Red River hockey game in the sports arena. Red River's Brad Gador (14) watched the puck head for the net on the play. Engelstad scored a pair of goals to help lead the Prowlers past the Roughriders 7-2. Thief River Falls will return to action Friday when the Prowlers host arch rival Bemidji.

Games scheduled Monday in the old arena—4:15 p.m. Maple Leafs vs. Blackhawks; 5:15 p.m. Kings vs. Bruins.

Travelling Teams

Thief River Falls Squirts upped their season record to 8-4-2 over the weekend by tying Warroad 1-1 and beating Hallock 14-0. Paul Wennberg and Jeff Gobel combined to shutout Hallock while Jeff Sund scored four goals. Murray Jorde and Robert Nelson each scored a hat trick and Scott Boeltier picked up four assists. This week the Squirts will travel to Fargo North Saturday night and then play Moorhead Sunday.

The Thief River Falls Squirt B team lost its only game last week, a 5-2 decision to Roseau. The Bee's will host Fargo Shanley Sunday at 2:30 p.m. in the old arena.

The Pee-Wee B team lost a pair of games to the Red Lake Falls and Hallock A teams by the scores of 6-1 and 4-3. This week the Bee's will travel to Fargo for a 6:30 p.m. Saturday game before hosting Fargo Shanley Sunday at 4 p.m. in the old arena.

Detroit Lakes Bantam A team beat the Thief River Falls Bantam B team 13-3. The Bee's busy week schedule includes a trip to Crookston Friday, to Moorhead Saturday and at Fargo North Sunday.

The Eagles Pee-Wee team split two games during the week, rallying to beat Detroit Lakes 2-1, but losing to Grand Rapids. Todd Bergland's two goals paced the TRF effort against Detroit Lakes while Bill Jury's goaltending, which included 37 saves, highlighted the Grand Rapids game. This week the Eagles will play at Moorhead Saturday and at Fargo North Sunday.

The VFW Bantam A team's weekend results included a 4-3 win over Crookston and a 4-0 defeat at the hands of Grand Rapids. This week the Bantams will play at Crookston Saturday and at Baudette Sunday.

Park Rapids And NW Meet Await Prowler Matmen

Coach Ed Krystosek's Lincoln high school wrestling team will see double duty this week with the Prowler matmen scheduled to wrestle both Thursday and Saturday.

Thief River Falls will host a potent Park Rapids team tomorrow (Thursday) in a dual meet starting at 7:30 p.m. in the Lincoln gym. Saturday the Prowlers will compete in the second annual Northwest Conference meet in the Crookston Central gym.

The Host Pirates are the defending NWAC champions, but Thief River Falls is labled a slight favorite for this year's conference crown.

Northland Cagers Face Two Conference Foes

Northland community college basketball team will try to solidify its slim hold on first place in the MCCAA Northwest Division standings this week when the Northmen face Brainerd and Itasca in a pair of important conference games.

Coach Chet Engelman's Northmen are scheduled to travel to Brainerd tonight (Wednesday) for a 7:30 p.m. game. Northland will be back home for the first time in three weeks Saturday when the Northmen host Itasca of Grand Rapids in a 2 o'clock afternoon game.

Although favored in both outings, Northland will be forced to play carefully in hopes of avoiding an upset loss which might prove disastrous to the Northmen division title hopes. "If we play real well we'll be alright this week," said Engelman. "If we go after both of them hard we can get ourselves two wins. But neither one of them has conceded yet."

Against Brainerd, a common Northwest Division opponent, the Northmen will have to contend with 6-6 Dave Shanks and 6-3 Stan Hillman who supply a bulk of the Raiders' offense. Everyone else on the Brainerd roster stands 6-0 or under, but the Raiders' quick aggressive defense compensates for the lack of height.

Despite playing under .500 ball, Brainerd owns a win over Northeast Division leader Vermilion, only one of two teams to beat Northland this winter.

Itasca carries the label of the "most off and on team in the north," according to Engelman. The Vikings have played poorly in losing to Rainy River, but have bounced right back to beat highly regarded metropolitan representative Lakewood of White Bear Lake.

The Itasca front line poses the biggest threat to the Northmen with the Vikings lining up across the front with 6-8 Pete O'Fallon, 6-3 Mark Hennesey and 6-3 Dale Heffron, a deadly outside shooter.

Engelman indicated his starting line-up for tonight's Brainerd game would find an all freshman unit of David Dickey and Joe Brown at guards, Ralph Fitts and Bill Gusa at forwards and Burnie Stephens at center. Freshman Dave Kjos, a starter most of the year, is nursing a bad cold but could still see action.

INTENTIONAL DUPLICATE EXPOSURE

PLAY BY PLAY ON SPORTS

with Mike Lundgren

Fergus Falls, Thief River Falls' Northwest Conference basketball opponent in the Lincoln high school gym Saturday, is regarded in some circles as one of the favorites for the class AA region C championship this season.

Defense keys the Otter's success which has acounted for an impressive 7-1 season record. Fergus Falls has lost only to defending region C champion St. Cloud Apollo. The Eagles, along with Little Falls, are also labeled as possible region C champions in 1974.

"We believe that the key to our success is our defense," said Fergus Falls head coach Wally Pearson. "During practice sessions we work on defensive drills 75 to 80 per cent of the time. We feel if we have a player who loves to play defense we have a complete ball player. These kids have pride in their defense and I'll say one thing: it will take one heck of a team effort to beat them—they don't like to lose."

Opposing coaches have also had high praise for the Otters. Elbow Lake coach Dale Champ spoke of the Otters by saying, "You have to be careful when you play Fergus Falls. If you don't watch out they'll take your offensive game away from you even before a team gets the ball to half court."

Steve Lipp, Breckenridge head coach, was quoted prior to his team's game against the Otters as saying, "I scouted Fergus Falls when they played Pelican Rapids and I haven't slept since. Fergus Falls has everything you look for in a basketball team. They have speed, play great defense, have good shooters and they really hustle."

Obviously Thief River Falls will have to play a near perfect game—similiar to the Prowlers' recent win over East Grand Forks—to beat the highly regarded Otters this week.

—0—

Lincoln high school head swimming coach John Kopari has been the catalyst trying to form a new seven team swimming conference in time for the 1974-75 school year.

The proposed conference would include Thief River Falls, Moorhead, Fergus Falls, Detroit Lakes, Bemidji, Fosston and possibly Brainerd.

—0—

Northland community college athletic director Al Adams informed the Times Tuesday that because Northland is the host school for the 1974 MCCAA state hockey tournament, the Northmen will receive an automatic berth in the upcoming event even if Northland should finish below fourth place in the final regular season conference standings. Previously it was reported that the top four teams in the final standings would enter the state event.

Northland will also host the 1974 national junior college hockey tournament, but Adams noted the Northmen would have to earn a spot in the national event and would not be automatically seeded like the state competition.

The MCCAA state tournament will be played in the Thief River Falls sports arena February 28 and March 1. The NJCAA national tournament will be played here March 15 and 16.

—0—

Brainerd hockey coach Dan Levno had a wide range opinion of his team in Warriors' last two outings, being quoted by the Brainerd Dispatch as saying, "We looked bad out there—like we never played a game before," in a 3-1 loss to Alexandria after previously saying, "When we beat Red Lake Falls it looked like we should be in the state tournament."

Brainerd is in the second year of region eight hockey competition.

LHS Hockey JV's Stop Red River

Lincoln high school junior varsity hockey team lifted its season record to 8-1-1 Tuesday with a 7-3 win over Grand Forks Red River.

Seven different players scored for coach Dale Wennberg's Prowler Bees, including Mike Malberg, Jeff Lindquist, Hal Harbott, Mike Burstad, Kent Ehrenstrom, B. J. Broughton and Dave Wysoski.

Region Rivals Prowlers & Lumberjacks Clash Friday

A near sell-out size crowd is anticipated to fill the Thief River Falls sports arena Friday night when Bemidji and Thief River Falls clash in a head-on collision between region eight hockey leaders.

Thief River Falls currently sits atop the region's north half point standings while Bemidji continues to lead the south half. The top team in each half at the end of the regular season is automatically seeded into opposite brackets in the region eight tournament. The rest of the region's 13 teams must advance through sub region play.

Thief River Falls and Bemidji, bitter athletic rivals in every sport, will be meeting for the second time this season. The Prowlers whipped the defending region champion Lumberjacks 6-3 in early December.

Bemidji has not lost a game since the Lumberjacks' season opening loss to the Prowlers. Since that setback Chuck Grillo's sextet has reeled off eight wins and a tie. Bemidji has posted impressive wins over Roseau 5-3, Coleraine 5-1 and Warroad 11-1. The Lumberjacks also own an eye catching 4-4 tie against defending state champion and current Iron Range power Hibbing. Other Bemidji wins have included triumphs over Hallock 4-2, Moorhead 6-1, Detroit Lakes 13-3, Crookston 9-1 and Superior, Wisconsin, 6-5.

"We know we're going to be in for a real tough hockey game," conceded Prowler head coach Bill McGann. "It should be a heck of a game. With the intense rivalry and the fact that we've already beaten them, the emotional factor on both sides will probably be a big thing in the game."

Both teams have acquired reputations for hard hitting style of play in recent years and this week's encounter promises to be another bruising match-up. "We're going to have to play an extremely aggressive forechecking game to try to keep the puck in their (Bemidji) end of the rink," explained McGann.

"I see where Bemidji's ranked fourth in the state—we'd like to go after that spot," McGann pointed out.

The familiar Prowler line-up will remain nearly intact for Friday night with one exception. Sophomore wing Mike Jury might replace Scott Engelstad for a second straight time on a line with senior center Scott Reed and junior wing Jeff Tunberg. Engelstad missed Tuesday's Grand Forks Red River game because of illness and his status for Bemidji is still questionable.

Sophomore Mike Noel will continue to center juniors Tom Barry and Jim Elleson on a second Prowler line while a third all senior unit includes Max Thrall skating between Tim Engelstad and Pete Hess.

On defense Tony Dorn and Greg Sorenson will skate together as will Mike Goulet and Mike Onkka. All four Prowler defensemen are seniors.

Senior Joel Folger will be in goal for the Prowlers with sophomore Terry Sullivan expected to provide back-up help since Murray Melander, another illness victim, is also questionable for Friday night.

Face-off time will be 8 p.m. with the junior varsity action scheduled to start at 6:15.

Thief River Falls will also be in action Monday when the Prowlers host Fargo South. Thief River Falls will play at East Grand Forks Tues., Jan. 29.

Prowlers Handle Red River's Roughriders

Lincoln high school hockey team padded its 1973-74 season record to 7-3 Tuesday with a one-sided 7-2 cross state triumph over Grand Forks Red River in the Thief River Falls sports arena.

The Prowlers jumped out to a 4-1 first period lead, maintained a 5-2 advantage after two periods and added a pair of third period goals to easily handle the visiting Roughriders.

Thief River Falls wasted little time before exciting the thinned out crowd when junior win Tom Barry tipped a long slap shot by teammate Greg Sorenson past Red River goalie Tony Bushy with only 1:45 elapsed.

Just 1:25 later the Prowlers led 2-0 as Jeff Tunberg caromed a shot off the back of Bushy's leg while straddling a red goal line. Scott Reed and Mike Jury were credited with assists on the play.

Quick scores continued to highlight the action when Red River wing Don Tupa beat Prowler goalie Joel Folger just 11 seconds after Tunberg had scored. Ron Bushy assisted on the play to slice the Prowler lead to just 2-1 with 11:39 still remaining in the first period.

Thief River Falls went in front 3-1 minutes later on an outstanding individual effort by senior wing Tim Engelstad who squeezed his way through two Red River defenders and slipped a soft close range shot under Bushy with 9:24 left. Prowler captain Tony Dorn earned an assist on the play.

Another Prowler goal concluded the wild first period as Max Thrall out-hustled a Red River defenseman and Bushy for a loose puck in front of the Roughrider net with 4:29 remaining. Thrall poked the puck past Bushy after a sloppy defensive play had placed the puck in front of the Red River net.

Grand Forks rallied briefly in the second period, cutting the difference to 4-2 on a goal by Scott Bohlman with 6:50 remaining. Folger made an initial save on the play, but lost sight of the puck lying in the goal crease and Bohlman streaked across the goal mouth to stuff the loose disc past the handcuffed Prowler goalie.

After being badly outplayed in the first period, Red River controlled a big part of the action in the middle stanza until a late Prowler goal by Engelstad took the wind out of the Roughriders' sails. Engelstad just got a piece of a long booming slap shot by Dorn to tip the puck past Bushy for a 5-2 game with only 28 seconds remaining. Thrall also earned an assist on the play.

Thief River Falls wrapped the game up with a pair of third period goals by Reed and Thrall.

Reed scored with 9:34 remaining with help from a Red River defenseman. An attempted centering pass from behind the net by Reed bounced off Red River's Bruce Nord and bounded past Bushy for an easy Prowler goal. Barry picked up an assit on the play.

Thrall finished the scoring with just 49 seconds remaining with a sharp side angle shot beating Bushy for a 7-2 final. Hess and Engelstad assisted on the game's last goal.

First Period

SCORING—TRF, Barry assisted by Sorenson, 1:45. TRF, Tunberg assisted by Reed and Jury, 3:10. RR, Tupa assisted by R. Bushy, 3:21. TRF, T. Engelstad assisted by Dorn, 5:36. TRF, Thrall assisted by Hess, 10:31.

PENALTIES—TRF, Dorn, interference, 7:47. RR, Carveau, tripping, 11:29.

SAVES—TRF, Folger 3. RR, T. Bushy 7.

Second Period

SCORING—RR, Bohlman assisted by Tupa, 8:10. TRF, T. Engelstad assisted by Dorn and Thrall, 14:32.

SAVES—TRF, Folger and Sullivan 7, total 16. RR, T. Bushy 8, total 27.

GRAND FORKS Red River goalie Tony Bushy looked over his shoulder to see the puck firmly implanted in the back on the net on this first period play in Tuesday night's Prowler-Roughrider game played in the sports arena. Thief River Falls' Max Thrall (not pictured) scored the goal to give the Prowlers a 4-1 lead. Pete Hess of the Prowlers, who earned an assist on the play, and Red River's Don Tupa watched the action from the background. Thief River Falls won the game 7-2.

Swimmers Splash Moorhead 95-71

Coach John Kopari's Lincoln high school swimming team splashed Moorhead 95-71 in a dual meet held Monday in the Franklin middle school pool to lift the Prowler 1973-74 dual meet season record to 7-4.

Thief River Falls won 10 of the meet's 11 events and still managed to set a new school record in the 11th race as the Prowlers beat the Spuds for the second time this winter.

Doug Williams, Mark Storhaug and Dan Cork were all double winners for the Prowlers Monday. Williams won the 50 yard freestyle in 23.9 and placed first in the 100 yard butterfly in 1:02.0. Storhaug set a new school record with a first place time of 5:47.1 in the 500 yard freestyle and also won the diving competition. Cork placed first in the 200 yard freestyle in a 2:02.7 and added a first place 1:02.1 effort in the 100 yard back stroke.

Other individual first place performances were turned in by Neil Sjulson with a 56.2 in the 100 yard freestyle and by Jeff Carter with a 1:14.3 in the 100 yard breast stroke.

Thief River Falls also won both relay events. The Prowler medley relay unit of Sjulson, Carter, Brian Phelps and Dave Borning was clocked in 1:55.2. The Prowler 400 yard freestyle relay squad of Borning, Sjulson, Cork and Williams posted a school record 3:40.6 effort.

The only event in which the Prowlers didn't place first, Dan Heieren set a new school record of 2:26.2 in the 200 yard individual medley, an event won by Moorhead in a time of 2:25.8.

Prowler-Redskin Swim Meet Reset

A Thief River Falls-Grand Forks Central high school dual swimming meet scheduled to be held Saturday has been postponed until Tues., Jan. 29, it was announced by Prowler coach John Kopari.

The meet will start at 4 p.m. in the Franklin middle school pool.

Northland Skates To Itasca This Weekend

MCCAA Hockey Standings

	w	l	pts
Itasca	9	3	11
Mesabi	8	2	9
Hibbing	5	7	7
Lakewood	4	3	5
Northland	4	2	4
Crookston	1	7	2
Rainy River	0	9	0

Bolstered by a two game 4-1 and 7-2 sweep over Rainy River, the Northland community college hockey team will travel to Grand Rapids this weekend to face Itasca in an important Saturday-Sunday MCCAA hockey conference series.

Coach Swede Lund's Northmen carry a 5-5 season record, but Northland is 4-2 in conference play with identical 7-3 wins over Crookston and two wins over Rainy River. Northland conference losses came at the hands of Hibbing 7-4 and Mesabi 6-5.

Freshman wing Rob Eisenzimmer continues to lead Northland in scoring with the Devils Lake product collecting three goals and eight assists for 11 points. Freshman Pete Jerome is second in the scoring parade with five goals and four assists for nine points. Sophomores Dick Penning and Al Eisenzimmer are tied for third in the scoring charts with eight points apiece. Penning has scored five goals and added three assists while Eisenzimmer has scored seven goals and collected one assist.

Northland's next scheduled home appearance will be Tues., Jan. 29, when the Northmen host rival Crookston Tech in the Thief River Falls sports arena.

Records show that Minnesota had a bucks-only season for deer in Itasca county in 1926.

TRF Plays At Ada Friday; Host Otters On Saturday

Lincoln high school basketball team will have an opportunity to improve upon a 5-3 season record this weekend when a split doubleheader schedule finds the Prowlers playing back to back games against Ada and Fergus Falls.

Thief River Falls travels to Ada Friday night before returning home to host Fergus Falls in a Northwest Conference contest Saturday. Both games will have 8 p.m. starting times.

Although Thief River Falls can't afford to look past Ada, undoubtedly, most of the weekend's attention will be shifted to Saturday night's confrontation with the extremely talented Otters.

A quick, defense orientated ball club, Fergus Falls rolled up seven straight wins before losing to class AA region C power St. Cloud Apollo 60-47 last week. The Otters bounced back in impressive fashion, however, by ripping East Grand Forks 63-46 Saturday.

Blessed with a strong bench, Fergus Falls plays about 10 ball players nearly every game. The Otters' starting line-up will probably include 6-1 senior Matt Gervais and 5-11 junior Mark Toso, the two quarterbacks on the NWAC champion Fergus Falls football team, at guards, 6-2 sevior Kevin Johannes and 6-0 senior Mark Stortroen at forwards and 6-3 senior Randy Johnson at center. Toso, Johnson and Stortroen all boast scoring averages in double figures.

"Fergus Falls has a real good ball club," acknowledged Thief River Falls head coach Lee Swanson. "They're fast, they play an aggressive pressing defense and they shoot well."

After going winless in their first year of Northwest Conference membership in the 1972-73 season, Fergus Falls has won two conference games without a loss this winter, beating Breckenridge and East Side. Thief River Falls, after losing three straight league games, beat NWAC rival East Grand Forks 71-60 last week."

"I thought it was a heck of a good team effort on our part against East Side," exclaimed Swanson. "That's the kind of results you get when it's a total combined effort."

Thief River Falls beat the Green Wave with a sparkling free throw shooting display as the Prowlers made 21 of 27 free throw attempts. "I think our free throw shooting (a Prowler strong point all season) is indicative of the kind of good shooters these kids are," Swanson pointed out.

A small ball club, Ada relies on good shooting, especially from junior guards Jeff Baker (5-10) and Dan Peterson (5-8), to compensate for lack of height. Reports indicate the Viking backcourt men are deadly from the corners.

Across the front line Ada will line up with 6-0 junior Bob Wagner and 5-10 junior Mark Kessler at forwards and 6-2 senior Brad Benesh at center.

"Ada's not a bad ball club; this Baker kid is a real good one; we'll have to be ready for them," noted Swanson.

Warroad Lakers Will Play Here Thursday

Warroad Lakers and the St. Boniface Mohawks will clash in a regular season Canadian Central hockey league game tomorrow (Thusday) in the Thief River Falls sports arena beginning at 8:30 p.m.

The Thief River Falls amateur hockey association will sponsor the game which matches the top two teams in the current CCHL standings.

Warroad, headed by player-coach Bob Tuff, a former Lincoln high school head hockey coach, leads the Central League standings with a 12-3 record for 24 points. St. Boniface is second with a 10-3 mark for 20 points, followed by Thompson 9-9 for 18 points and East Koldonan 1-17 for two points.

According to official league statistics going into last weekend's schedule, the Lakers, who are 14-3 overall, were led in scoring by Harry Bueckert who has scored 13 goals and collected 19 assists for 32 points to rank second in the league scoring race, one point behind Thompson's Ron Ramsey.

Billy Christian, in his 17th year with the Lakers, was fourth in the scoring charts with 11 goals and 15 assists for 26 points. Tuff reported in with 10 goals and nine assists for 19 points in 10 games.

Warroad goalie Blaine Comstock is the top netminder in the CCHL with a 3.30 goals against average in 10 games.

The Lakers will also appear in Thief River Falls Sun., Feb. 10, when Warroad plays East Kildonan.

One ticket purchase will admit fans to both Warroad games in the sports arena. Prices are $1 for students, $3 for adults or $5 for a family ticket.

Newfolden Topples Goodridge

Newfolden won its fourth straight basketball game Tuesday night as the Nordics held off Goodridge 63-59 in a non-conference game played in the Marshall County Central gym.

The host Nordics jumped out to a 13-9 first quarter lead, but the scrappy Huskies battled back to slice the difference to just 29-28 at halftime. Newfolden moved out to a comfortable 50-40 third quarter lead and widened its margin to 14 points late in the fourth quarter before Goodridge rallied to cut the deficit to four at the final buzzer.

Balanced scoring highlighted the Newfolden offense as Dan Magner scored 16, Gary Kujanson 15 and Mike Fincher, along with Dave Strandquist 13 each. Arden Hyland scored 18 points for the Huskies to take game scoring honors while Tom Bendickson pumped in 16 and Paul Solberg 13.

The win lifted Newfolden's season record to 5-3 for the year while Goodridge slipped to 5-5. Newfolden will be back in action Saturday at Warroad while Goodridge hosts Climax Friday.

Four TRF Drivers Place Second In Eagle River Race

Four different drivers from Thief River Falls claimed second place finishes competing in the Eagle River, Wisconsin, snowmobile races held Saturday and Sunday.

Team Arctic snopro racers Larry Coltom and Charlie Lofton placed second in the 440 and 650 classes respectively while Rich Porter finished second in mod II and Tom Porter was a second place driver in mod 0.

DARK SHIRTED Prowler wing Tim Engelstad squeezed through Roughrider defenders Dan Smith (15) and Mark Berge (2) and slipped the puck past fallen goalie Tony Bushy into a wide open net on this play during Tuesday night's Thief River Falls-Grand Forks Red River hockey game in the sports arena. Red River's Brad Gador (14) watched the puck head for the net on the play. Engelstad scored a pair of goals to help lead the Prowlers past the Roughriders 7-2. Thief River Falls will return to action Friday when the Prowlers host arch rival Bemidji.

Games scheduled Monday in the old arena—4:15 p.m. Maple Leafs vs. Blackhawks; 5:15 p.m. Kings vs. Bruins.

Travelling Teams

Thief River Falls Squirts upped their season record to 8-4-2 over the weekend by tying Warroad 1-1 and beating Hallock 14-0. Paul Wennberg and Jeff Gobel combined to shutout Hallock while Jeff Sund scored four goals. Murray Jorde and Robert Nelson each scored a hat trick and Scott Boeltier picked up four assists. This week the Squirts will travel to Fargo North Saturday night and then play Moorhead Sunday.

The Thief River Falls Squirt B team lost its only game last week, a 5-2 decision to Roseau. The Bee's will host Fargo Shanley Sunday at 2:30 p.m. in the old arena.

The Pee-Wee B team lost a pair of games to the Red Lake Falls and Hallock A teams by the scores of 6-1 and 4-3. This week the Bee's will travel to Fargo for a 6:30 p.m. Saturday game before hosting Fargo Shanley Sunday at 4 p.m. in the old arena.

Detroit Lakes Bantam A team beat the Thief River Falls Bantam B team 13-3. The Bee's busy week schedule includes a trip to Crookston Friday, to Moorhead Saturday and at Fargo North Sunday.

The Eagles Pee-Wee team split two games during the week, rallying to beat Detroit Lakes 2-1, but losing to Grand Rapids. Todd Bergland's two goals paced the TRF effort against Detroit Lakes while Bill Jury's goaltending, which included 37 saves, highlighted the Grand Rapids game. This week the Eagles will play at Moorhead Saturday and at Fargo North Sunday.

The VFW Bantam A team's weekend results included a 4-3 win over Crookston and a 4-0 defeat at the hands of Grand Rapids. This week the Bantams will play at Crookston Saturday and at Baudette Sunday.

Park Rapids And NW Meet Await Prowler Matmen

Coach Ed Krystosek's Lincoln high school wrestling team will see double duty this week with the Prowler matmen scheduled to wrestle both Thursday and Saturday.

Thief River Falls will host a potent Park Rapids team tomorrow (Thursday) in a dual meet starting at 7:30 p.m. in the Lincoln gym. Saturday the Prowlers will compete in the second annual Northwest Conference meet in the Crookston Central gym.

The Host Pirates are the defending NWAC champions, but Thief River Falls is labled a slight favorite for this year's conference crown.

Northland Cagers Face Two Conference Foes

Northland community college basketball team will try to solidify its slim hold on first place in the MCCAA Northwest Division standings this week when the Northmen face Brainerd and Itasca in a pair of important conference games.

Coach Chet Engelman's Northmen are scheduled to travel to Brainerd tonight (Wednesday) for a 7:30 p.m. game. Northland will be back home for the first time in three weeks Saturday when the Northmen host Itasca of Grand Rapids in a 2 o'clock afternoon game.

Although favored in both outings, Northland will be forced to play carefully in hopes of avoiding an upset loss which might prove disastrous to the Northmen division title hopes. "If we play real well we'll be alright this week," said Engelman. "If we go after both of them hard we can get ourselves two wins. But neither one of them has conceded yet."

Against Brainerd, a common Northwest Division opponent, the Northmen will have to contend with 6-6 Dave Shanks and 6-3 Stan Hillman who supply a bulk of the Raiders' offense. Everyone else on the Brainerd roster stands 6-0 or under, but the Raiders' quick aggressive defense compensates for the lack of height.

Despite playing under .500 ball, Brainerd owns a win over Northeast Division leader Vermilion, only one of two teams to beat Northland this winter.

Itasca carries the label of the "most off and on team in the north," according to Engelman. The Vikings have played poorly in losing to Rainy River, but have bounced right back to beat highly regarded metropolitan representative Lakewood of White Bear Lake.

The Itasca front line poses the biggest threat to the Northmen with the Vikings lining up across the front with 6-8 Pete O'Fallon, 6-3 Mark Hennesey and 6-3 Dale Heffron, a deadly outside shooter.

Engelman indicated his starting line-up for tonight's Brainerd game would find an all freshman unit of David Dickey and Joe Brown at guards, Ralph Fitts and Bill Gusa at forwards and Burnie Stephens at center. Freshman Dave Kjos, a starter most of the year, is nursing a bad cold but could still see action.

In Memoriam

In loving memory of Eugene LaCoe husband, father and grandfather who passed away one year ago January 21, 1973.

Though his smiles are gone forever
And his hand we cannot touch
Still we have so many memories
Of the one we loved so much.
Though memory is my keepsake
With which we'll never part,
God has him in his keeping
We have him in our hearts.

Sadly missed by Mrs. Eugene LaCoe, Mrs. Pearl Batteleson, Mr. and Mrs. Bernard LaCoe, and grandchildren. 1t7c

In Memorium

In memory of my wonderful mother, Myrtle Gulseth, who passed away two years ago this month.

"For the little that she received in return, she gave a mountain of love, a castle for a home, a treasury of wonderful memories, a source of irreplaceable knowlege, and I know she has a home in heaven, my idol, my mother."

Rose Gulseth Love

LEGAL NOTICE

Jan. 9, 16, 23, 1974

ORDER FOR HEARING ON PETITION FOR GENERAL ADMINISTRATION IN COUNTY COURT PROBATE DIVISION

State of Minnesota,
County of Pennington—ss.

IN THE MATTER OF THE ESTATE OF Joseph E. Sabol, Decedent.

IT IS ORDERED that the petition for general administration filed herein and any objections filed thereto be heard on February 4, 1974, at 1:30 o'clock p.m. by this court in the courthouse in Thief River Falls, Minnesota. That, if proper, at said time and place a representative will be appointed to administer the estate, who shall collect all assets and file an inventory thereof, pay all legal debts, claims, and taxes, and expenses of administration, the representative shall file a final account for allowance and shall distribute the estate to persons thereunto entitled as ordered by the court and do all other acts to close the estate.

IT IS FURTHER ORDERED that creditors of decedent file their claims in this court within sixty (60) days from the date hereof and that said claims be heard on March 4, 1974, at 1:30 o'clock p.m. by this court in the courthouse in Thief River Falls, Minnesota.

Dated January 8, 1974.

Norden . . .

Mrs. Daryl Lewis, Rt. 1, City
681-4909

Mr. and Mrs. Dwight Ortloff and Karla of Sanders and Mr. and Mrs. Russell Lane were Sunday afternoon and supper guests at the Duane Olson home.

Mrs. Roger Solem was a Wednesday afternoon lunch guest of Mrs. Alice Adkins in Thief River Falls.

Cynthia Solem spent Saturday afternoon as a guest of Mrs. Roy Blomker and Nathan.

Mr. and Mrs. Ron Olson, Paul Stephanie and Kristin of Brainerd arrived Friday evening and were overnight guests at her parents, the Julius Dahls, in Thief River Falls. They were also Saturday afternoon, supper and overnight guests of his parents, the Glen Olsons, returning to Brainerd Sunday afternoon. Alvin Jablinske of Sanders was also a Sunday morning guest at the Glen Olsons.

The City View tobogganing party held in Thief River Falls Saturday afternoon was well attended, with lunch being served afterwards in the city auditorium.

Christine Risberg of rural Thief River Falls was a Friday overnight and Saturday guest of Diane at the Dake Ayers home.

Mr. and Mrs. Gordon Olson were Thursday evening visitors at the Marvin Johnson home.

Steve Olson spent Wednesday with his grandparents, the Frank Armstrongs, Mrs. Roy Blomker and Nathan also visited there Wednesday afternoon.

Mr. and Mrs. Steven Hahn, Karla and Craig, and Mr. and Mrs. Norval Johnson of Numedal were Monday evening visitors at the Duane Olson home.

Mr. and Mrs. Calmer Brenna of Thief River Falls and Mr. and Mrs. Alfred Simonson of Viking were Sunday dinner guests at the Warren Brenna home.

Mr. Dwight Ortloff and Karla of Sanders were Friday evening visitors, and Donnie Anderson of Sanders and Dwight Ortloff were Saturday callers at the Russ Lane home.

Monday afternoon visitors at the Gordon Olson home included Mrs. Raymond Berg and, Sandy of Helgeland, Mrs. Lilas Klefstad, Kathy Olson, Jim Enge, and Kent Hanson.

Sunday forenoon coffee guests at the Daryl Lewis home were Gail Rowley of Rosewood, and Mr. and Mrs. Roger Dyrdal and Brice.

Mr. and Mrs. Ron Olson, Paul, Kristy and Stephanie of Brainerd, and Mr. and Mrs. Glen Olson were Saturday evening visitors at the Ervin Olson home. Paul also remained as an overnight guest.

Mrs. Gordon Olson, Scott and Jane were Saturday dinner guests of Mr. and Mrs. Emil Zavoral in Thief River Falls, the day being Mr. Zavoral's birthday.

Mr. and Mrs. Roger Dyrdal, Lynn, Jeri, Roger Jr. and Brice visited a week ago Monday evening with Mr. and Mrs. Ronnie Scholin and Kari of Bemidji at the Leroy Scholin home in Thief River Falls.

Sympathy is extended to the family of Mrs Clara Lunke, who passed away last Monday and whose funeral was held Friday at Holt. She was an aunt of Mrs. Martin Solseng Jr.

Mr. and Mrs. Roger Solem, Roger Alan and Cynthia snowcatted to her parental Nick Koropatnicki home in Smiley where they were luncheon guests Sunday afternoon.

Mr. and Mrs. Rudy Weflin of Tioga, N.D. arrived Saturday and were houseguests of Mr. and Mrs. Ray Soiney until the following Tuesday.

Sincere sympathy is extended to the family of Chester Rude, who passed away suddenly Friday. Funeral services were conducted Monday afternoon at Zion Lutheran church in Thief River Falls.

Mr. and Mrs. Julius Olson and Mrs. Minnie Myrom of Thief River Falls were Sunday afternoon visitors of Charles and Wendell Sorenson.

Rick Falk of Newfolden was a Tuesday evening coffee guest at the Roger Solem home. Nathan Blomker also spent Thursday and Friday at the Solem home.

Todd Lewis was Peter's Saturday afternoon guest at the Alvin Nygard home. Mrs. Daryl Lewis was also a brief visitor and coffee guest of Mrs. Nygard when she called for Todd late that afternoon.

Mrs. Warren Brenna was a Friday afternoon visitor at the Myron Anderson home in Thief River Falls. Friday evening Mr. and Mrs. Brenna, Tammy, Todd and Tina were supper guests at the Laverne Lindal home in Thief River Falls.

Mrs. Harold Langaas was a Sunday afternoon coffee guest of Mrs. Anna Johnson in Thief River Falls. Harold Langaas was among those attending the fishing derby that afternoon.

Mr. and Mrs. Marvin Moen, Keith and Cory were Friday evening visitors at the Leo Langevin home, and Saturday evening visitors at the Ed Jenson home in Thief River Falls.

Mr. and Mrs. Art Armstrong of Bray and Burt Lane were Thursday evening visitors at the Russell Lane home.

Inar Mikkelson Honored

Inar Mikkelson was honored on the occasion of his birthday anniversary at his home Sunday evening when the following brought greetings, gifts, and pot luck luncheon: Mr. and Mrs. Frank Armstrong, Mr. and Mrs. Andy Anderson, Mrs. Tillie Haynes, Alfred Jensen, Mrs. Esther Solseng, and Mr. and Mrs. Martin Solseng Jr., Sherry and Shelly, Mrs. Haynes also brought the traditional birthday cake, and Mrs. Mikkelson served coffee with the luncheon.

Mr. and Mrs. Russell Lane were guests at a pot luck birthday supper for her aunt, Mrs. Richard Mosbeck at rural Red Lake Falls Saturday evening.

Mr. and Mrs. Duane Olson, Dan, Susan, Jeffrey and Steven, also Mr. and Mrs. Laverne Hamre, Kirk, [illegible] and Kirby of Numedal, were Saturday evening visitors at the Leo Langevin home in Sanders.

Mr. and Mrs. Bentley Paulson and Rick Braaten of Thief River Falls were Saturday evening visitors at the Berton Johnson home. Jeff Shumway was a Friday evening visitor, and Keith Melvie a Sunday evening visitor.

Mr. and Mrs. John Quamme of Thief River Falls were afternoon visitors at the Warren Brenna home a week ago Monday.

Mr. and Mrs. Inar Mikkelson were among those attending the fishing derby in Thief River Falls Sunday afternoon.

Sunday visitors of Bill Hoglo included Mr. and Mrs. Dick Hoglo and Troy of Thief River Falls and Leo Langevin of Sanders.

Mr. and Mrs. Eddie Arveson of Trail were Wednesday visitors of Mrs. Esther Solseng and the Martin Solsengs.

Virginia Lager of Thief River Falls was a Tuesday overnight guest of Shirley Dimmen at the Berton Johnson home.

Frank Armstrong visited Friday with his sister, Miss Emma Armstrong, in Fargo, N.D. Friday evening, Mr. and Mrs. Lloyd Vevea of Thief River Falls visited at the Armstrong home.

Tillie Haynes and Alfred Jensen of Sanders were Wednesday afternoon visitors at the Marvin Johnson home.

Cliff Vevea of Bemidji was an overnight guest at the Ervin Olson home a week ago Monday.

Mrs. Martha Magsam and Mrs. Frank Armstrong were Tuesday afternoon visitors at the Dake Ayers home and Myrl Johnson was a Thursday evening visitor.

Mrs. John Nelson of Numedal and Mrs. Roger Robinson and Tracy, also Ken Aarstad of Thief River Falls were Sunday afternoon coffee guests of Mrs. Daryl Lewis.

Charles and Wendell Sorenson were Wednesday visitors at the Mack brothers home.

Mrs. Ray Soiney and Mrs. Clara Letsch were Wednesday coffee guests at the Joe Soiney home in Thief River Falls.

Mrs. Robert Jablinske of Sanders was a Wednesday afternoon caller at the Ervin Olson home. Thursday, Mr. and Mrs. Don Lindeman, Tammy and Dawn of Sanders were supper and evening guests of the Olsons.

Ricky Ayers was among those taking part in the Youth Retreat at Our Saviour's Lutheran Church this weekend. Registration was conducted Friday evening, with overnight also being spent at the church, followed by activities all day Saturday

Mrs. Roger Robinson and Tracy and Mrs. John Nelson were Friday coffee guests of Mrs. Duane Olson, preceeding a snowcat outing.

Mr. and Mrs. Lester Magsam of Euclid were Thursday afternoon visitors at the Frank Armstrong home.

Mr. and Mrs. Glen Olson, and Mrs. Ray Berg of Helgeland were Friday afternoon coffee guests at the Gordon Olson home.

Mark Waswick of rural Viking was a week ago Monday afternoon lunch guest of Tim at the Daryl Lewis home. Mark and Tim also visited with David at the Gerald Johnson that afternoon.

Mr. and Mrs. Marvin Moen, Keith and Cory were Sunday afternoon visitors at the Harold Kalsnes home in Bray.

In Memoriam
In loving memory of Eugene LaCoe husband, father and grandfather who passed away one year ago January 21, 1973.

Though his smiles are gone forever
And his hand we cannot touch
Still we have so many memories
Of the one we loved so much.
Though memory is my keepsake
With which we'll never part,
God has him in his keeping
We have him in our hearts.

Sadly missed by Mrs. Eugene LaCoe, Mrs. Pearl Batteleson, Mr. and Mrs. Bernard LaCoe, and grandchildren. 117c

In Memorium
In memory of my wonderful mother, Myrtle Gulseth, who passed away two years ago this month.
"For the little that she received in return, she gave a mountain of love, a castle for a home, a treasury of wonderful memories, a source of irreplaceable knowlege, and I know she has a home in heaven, my idol, my mother."
Rose Gulseth Love

Mrs. Daryl Lewis, Rt. 1, City 681-4793

Mr. and Mrs. Dwight Ortloff and Karla of Sanders and Mr. and Mrs. Russell Lane were Sunday afternoon and supper guests at the Duane Olson home.

Mrs. Roger Solem was a Wednesday afternoon lunch guest of Mrs. Alice Adkins in Thief River Falls.

Cynthia Solem spent Saturday afternoon as a guest of Mrs. Roy Blomker and Nathan.

Mr. and Mrs. Ron Olson, Paul Stephanie and Kristin of Brainerd arrived Friday evening and were overnight guests at her parents, the Julius Dahls, in Thief River Falls. They were also Saturday afternoon, supper and overnight guests of his parents, the Glen Olsons, returning to Brainerd Sunday afternoon. Alvin Jablinske of Sanders was also a Sunday morning guest at the Glen Olsons.

The City View tobogganing party held in Thief River Falls Saturday afternoon was well attended, with lunch being served afterwards in the city auditorium.

Christine Risberg of rural Thief River Falls was a Friday overnight and Saturday guest of Diane at the Dake Ayers home.

Mr. and Mrs. Gordon Olson were Thursday evening visitors at the Marvin Johnson home.

Steve Olson spent Wednesday with his grandparents, the Frank Armstrongs, Mrs. Roy Blomker and Nathan also visited there Wednesday afternoon.

Mr. and Mrs. Steven Hahn, Karla and Craig, and Mr. and Mrs. Norval Johnson of Numedal were Monday evening visitors at the Duane Olson home.

Mr. and Mrs. Calmer Brenna of Thief River Falls and Mr. and Mrs. Alfred Simonson of Viking were Sunday dinner guests at the Warren Brenna home.

Mr. Dwight Ortloff and Karla of Sanders were Friday evening visitors, and Donnie Anderson of Sanders and Dwight Ortloff were Saturday callers at the Russ Lane home.

Monday afternoon visitors at the Gordon Olson home included Mrs. Raymond Berg and Sandy of Helgeland, Mrs. Lilas Klefstad, Kathy Olson, Jim Enge, and Kent Hanson.

Sunday forenoon coffee guests at the Daryl Lewis home were Gail Rowley of Rosewood, and Mr. and Mrs. Roger Dyrdal and Brice.

Mr. and Mrs. Ron Olson, Paul, Kristy and Stephanie of Brainerd, and Mr. and Mrs. Glen Olson were Saturday evening visitors at the Ervin Olson home. Paul also remained as an overnight guest.

Mrs. Gordon Olson, Scott and Jane were Saturday dinner guests of Mr. and Mrs. Emil Zavoral in Thief River Falls, the day being Mr. Zavoral's birthday.

Mr. and Mrs. Roger Dyrdal, Lynn, Jeri, Roger Jr. and Brice visited a week ago Monday evening with Mr. and Mrs. Ronnie Scholin and Kari of Bemidji at the Leroy Scholin home in Thief River Falls.

Sympathy is extended to the family of Mrs Clara Lunke, who passed away last Monday and whose funeral was held Friday at Holt. She was an aunt of Mrs. Martin Solseng Jr.

Mr. and Mrs. Roger Solem, Roger Alan and Cynthia snowcatted to her parental Nick Koropatnicki home in Smiley where they were luncheon guests Sunday afternoon.

Mr. and Mrs. Rudy Weflin of Tioga, N.D. arrived Saturday and were houseguests of Mr. and Mrs. Ray Soiney until the following Tuesday.

Sincere sympathy is extended to the family of Chester Rude, who passed away suddenly Friday. Funeral services were conducted Monday afternoon at Zion Lutheran church in Thief River Falls.

Mr. and Mrs. Julius Olson and Mrs. Minnie Myrom of Thief River Falls were Sunday afternoon visitors of Charles and Wendell Sorenson.

Rick Falk of Newfolden was a Tuesday evening coffee guest at the Roger Solem home. Nathan Blomker also spent Thursday and Friday at the Solem home.

Todd Lewis was Peter's Saturday afternoon guest at the Alvin Nygard home. Mrs. Daryl Lewis was also a brief visitor and coffee guest of Mrs. Nygard when she called for Todd late that afternoon.

Mrs. Warren Brenna was a Friday afternoon visitor at the Myron Anderson home in Thief River Falls. Friday evening Mr. and Mrs. Brenna, Tammy, Todd and Tina were supper guests at the Laverne Lindal home in Thief River Falls.

Mrs. Harold Langaas was a Sunday afternoon coffee guest of Mrs. Anna Johnson in Thief River Falls. Harold Langaas was among those attending the fishing derby that afternoon.

Mr. and Mrs. Marvin Moen, Keith and Cory were Friday evening visitors at the Leo Langevin home, and Saturday evening visitors at the Ed Jenson home in Thief River Falls.

Mr. and Mrs. Art Armstrong of Bray and Burt Lane were Thursday evening visitors at the Russell Lane home.

Inar Mikkelson Honored

Inar Mikkelson was honored on the occasion of his birthday anniversary at his home Sunday evening when the following brought greetings, gifts, and pot luck luncheon: Mr. and Mrs. Frank Armstrong, Mr. and Mrs. Andy Anderson, Mrs. Tillie Haynes, Alfred Jensen, Mrs. Esther Solseng, and Mr. and Mrs. Martin Solseng Jr., Sherry and Shelly. Mrs. Haynes also brought the traditional birthday cake, and Mrs. Mikkelson served coffee with the luncheon.

Mr. and Mrs. Russell Lane were guests at a pot luck birthday supper for her aunt, Mrs. Richard Mosbeck at rural Red Lake Falls Saturday evening.

Mr. and Mrs. Duane Olson, Dan, Susan, Jeffrey and Steven, also Mr. and Mrs. Laverne Hamre, Kirk, Tawnya and Kirby of Numedal, were Saturday evening visitors at the Leo Langevin home in Sanders.

Mr. and Mrs. Bentley Paulson and Rick Braaten of Thief River Falls were Saturday evening visitors at the Berton Johnson home. Jeff Shumway was a Friday evening visitor, and Keith Melvie a Sunday evening visitor

Mr. and Mrs. John Quamme of Thief River Falls were afternoon visitors at the Warren Brenna home a week ago Monday

Mr. and Mrs. Inar Mikkelson were among those attending the fishing derby in Thief River Falls Sunday afternoon.

Sunday visitors of Bill Hoglo included Mr. and Mrs. Dick Hoglo and Troy of Thief River Falls and Leo Langevin of Sanders.

Mr. and Mrs. Eddie Arveson of Trail were Wednesday visitors of Mrs. Esther Solseng and the Martin Solsengs.

Virginia Lager of Thief River Falls was a Tuesday overnight guest of Shirley Dimmen at the Berton Johnson home.

Frank Armstrong visited Friday with his sister, Miss Emma Armstrong, in Fargo, N.D. Friday evening, Mr. and Mrs. Lloyd Vevea of Thief River Falls visited at the Armstrong home.

Tillie Haynes and Alfred Jensen of Sanders were Wednesday afternoon visitors at the Marvin Johnson home.

Cliff Vevea of Bemidji was an overnight guest at the Ervin Olson home a week ago Monday.

Mrs. Martha Magsam and Mrs. Frank Armstrong were Tuesday afternoon visitors at the Dake Ayers home and Myrl Johnson was a Thursday evening visitor.

Mrs. John Nelson of Numedal and Mrs. Roger Robinson and Tracy, also Ken Aarstad of Thief River Falls were Sunday afternoon coffee guests of Mrs. Daryl Lewis.

Charles and Wendell Sorenson were Wednesday visitors at the Mack brothers home.

Mrs. Ray Soiney and Mrs. Clara Letsch were Wednesday coffee guests at the Joe Soiney home in Thief River Falls

Mrs. Robert Jablinske of Sanders was a Wednesday afternoon caller at the Ervin Olson home. Thursday, Mr. and Mrs. Don Lindeman, Tammy and Dawn of Sanders were supper and evening guests of the Olsons.

Ricky Ayers was among those taking part in the Youth Retreat at Our Saviour's Lutheran Church this weekend. Registration was conducted Friday evening, with overnight also being spent at the church, followed by activities all day Saturday

Mr. and Mrs. Glen Olson, and Mrs. Ray Berg of Helgeland were Friday afternoon coffee guests at the Gordon Olson home.

Mark Waswick of rural Viking was a week ago Monday afternoon lunch guest of Tim at the Daryl Lewis home. Mark and Tim also visited with David at the Gerald Johnson that afternoon.

Mr. and Mrs. Marvin Moen, Keith and Cory were Sunday afternoon visitors at the Harold Kalsnes home in Bray.

Drug Possession Reported In TRF

Felonious possession of a controlled substance and possession of a small quantity of marijuana were among the most significant incidents investigated by the Thief River Falls police department during the past week.

While attempting to apprehend a serviceman who was absent without leave (AWOL), officers stopped a vehicle about 2 a.m. Wednesday and noticed the odor of marijuana. A subsequent search of the car and its occupants revealed both marijuana and pills. Mark Baumgartner, 21, of 614 North Knight avenue was charged with possession of a controlled substance, a felony. A misdemeanor charge of possession of less than 1.5 ounces of marijuana was filed against Bruce Roy Nelson, 20, of Countryside court. A juvenile was also detained but released without charges.

Two stop signs and two yield signs were stolen from intersections in the city on Friday and Saturday.

Mrs. Dan Brouse of Newfolden was driving north on Crocker avenue about 10:02 a.m. on January 15 while Clark Hendrickson of 1209 North Arnold avenue was driving east on Gulf street. Their vehicles collided in the intersection causing about $400 in damage to the Brouse car and $150 in damage to Hendrickson's vehicle.

Mrs. Gene Peterson of Middle River was driving east on Third street about 1:47 p.m. Wednesday when she stopped for a pedestrian in the crosswalk at LaBree avenue. Mrs. Peterson's vehicle was struck in the rear by one driven by Bernard Rustan of Route 1. Damage to the Peterson vehicle was estimated at $300 with $70 in damage to the Rustan vehicle.

Glenn Anderson of Grygla was driving east on Eighth street about 11:35 a.m. Thursday and attempted to make a left turn at Davis avenue, in front of a vehicle driven by Michael Drury of St. Hilaire who was traveling west on Eighth. Damage to the Anderson vehicle was estimated at $350 with $300 in damage to the Drury vehicle.

Jay J. Johnson of Route 5 was driving north on Tindolph avenue about 3:48 p.m. Friday while Alvin Christofferson of 325 South Merriam avenue was driving east on Hughes street. Their vehicles collided at the intersection causing about $250 in damage to the Johnson vehicle and $200 in damage to the Christofferson vehicle.

Alvin Horning of Route 4 was making a right turn at the intersection of Third street and Main avenue about 7:37 p.m. Saturday when his vehicle struck a pedestrian, Gail Harris of 101 South State avenue, who was treated for a facial laceration.

Anne Healy of Red Lake Falls was driving south on Main avenue about 3:58 p.m. Saturday while Joyce Baune of Plummer was driving east on First street where their vehicles collided in the intersection. Damage to the Healy vehicle was estimated at $125 with $250 in damage to the Baune vehicle.

Kay Spear of 224 North Kneale reported Thursday that the battery had been stolen from her car during the previous night. She estimated the value of the stolen item at $50.

The Methodist church reported that a number of items had been stolen in the church building during the past three or four weeks. Stolen items include an electric adding machine, labeler, stamps, coins, an AM-FM radio, a stop watch and currency, including money from the Sunday school birthday offering. Damage also resulted when coin machines were forced open to gain access to their contents.

BUSINESS LETTER WRITING skills earned first place in district competition for Vicki Breiland of Thief River Falls who competed at Thursday's career development conference in Moorhead. This win permits her to compete in state competition in March.

State Income Tax Refunds Are Taxable Income

Internal revenue service reminded Minnesota taxpayers today that state income tax refunds are taxable income.

"Many people have been confused by the instructions for line 35 of the Form 1040," said R. C. Voskuil district director of internal revenue of Minnesota. "The instructions say: 'Show only that part of refund of state income tax attributable to itemized deductions taken in a prior year that resulted in a tax benefit'."

"What that means," said Voskuil, "is, if you itemized deductions last year, and claimed a deduction for state income tax withheld, you must include your refund as income this year.

"If you used the standard deduction you need not include your state refund as income," Voskuil said.

'74 Concert Tour To Begin For Concordia Band

Concordia college band of Moorhead, conducted by Dr. J. Robert Hanson, will soon begin its 1974 tri-state concert tour.

The 70-piece band will present concerts in northeastern North Dakota, Minnesota and Wisconsin.

The band's home concert will be presented on Sunday, February 17 in Concordia's memorial auditorium at 4 p.m.

Conductor J. Robert Hanson, who came to Concordia in 1966, has performed as a featured trumpet soloist with the Concordia concert band, and has played in numerus faculty solo recitals, ensemble recitals and guest performances. He is a 1951 graduate of Concordia college.

Sailor Anderson Leaves Homeport

Navy seaman John O. Anderson, son of Mr. and Mrs. John T. Anderson of Thief River Falls, left his homeport in San Diego aboard the guided missile frigate USS Horne on a deployment to the Western Pacific.

A 1972 graduate of Lincoln high school, Thief River Falls, Anderson joined the Navy in November 1972.

Watt Promoted By Land O'Lakes

Raymond Watt, director of member services for Land O'Lakes, Inc. agricultural services, Fort Dodge, Ia. has been appointed vice president and manager for Land O'Lakes agricultural services effective January 14. The announcement was made by Ralph Hofstad, senior vice president, agricultural services. Hofstad will become president of Land O'Lakes on April 1.

University Regents Approve Of Report

University of Minnesota Board of Regents January 11 gave final approval to their report to the 1974 legislative session and set into motion a process for developing the request to the 1975 legislature.

In beginning work now on the 1975 request, the university hopes to develop long-term goals and determine what steps will have to be taken in 1975 to meet them.

"We're asking deans and provosts to project realistically two years ahead as a first-step toward reaching 1985 goals," Stanley B. Kegler, vice president for administration, told the regents.

"This process is a departure from that of prior legislative requests; it reflects a belief that a realistic, phased, well-described series of decision packages will be evaluated responsibly by appropriate review bodies and the legislature," Kegler said.

Much of the discussion among regents and administrators focused on the likelihood that the university can no longer count on automatic increases from the legislature in all of its programs.

"Historically our request has been incremental, based largely on enrollment," said Elmer L. Andersen, chairman of the board. "Now we have an aftermath of that faulty approach.

"Without a focus on enrollment we have to go to the legislature and say, 'If we're going to have an excellent law school, for example, it is going to cost X number of dollars and there is a basic cost unrelated to enrollment,'" Anderson said.

Kegler said the process must be begun earlier to ensure adequate participation.

"If there's one thing we learned about the retrenchment and reallocation process of two years ago it is that by the time the papers come to the central administration, it's too late for faculty and student input," Kegler said.

Under the plan, each department will submit a long-range plan with an emphasis on the 1975-77 needs to begin the process. The priorities will then be reviewed at the next level which is the college deans and, finally, but the central administration and regents.

At the final level, the regents must determine the university's long-term goals and policies before making their request to the 1975 legislature.

"We're going to level with the legislators," said Harold W. Chase, acting vice president for academic administration. "We're a good university; we're not a great university, but we aspire to greatness. We have to make a determination about what's needed and then determine how we can systematically go about getting there."

The report to the 1974 legislature which the regents approved included a report on the impact of the 1973 appropriation.

"The 1973 legislature directed a reduction in the academic salary base budget of $757,650," Chase said. "This reduction was met in the current budget proposals."

"The retrenchment for 1974-75 exceeded the mandated $757,650 so that a total of $942,150 was taken from academic unit budgets in order to provide money for reallocation to programs in need of increased support. A total of $255,762 was proposed for reallocation," he said.

The university's reserve fund, which is usually kept to pay for emergency and unforeseen situations throughout the year, has been budgeted in advance to bail out some programs on a temporary basis, Chase said.

The largest temporary payment went to the university college, an experimental program, to make up for a $55,900 proposed cut in its budget base.

Kegler said this procedure of budgeting the reserves mean that the University will be less flexible throughout the year and more dependent upon a good legislative appropriation in 1975 to soften the impact. "Through this procedure, we are delaying some things in the hope of bailing ourselves out in 1975," Kegler said.

"For the fourth year running, the administrative and service units have taken a fantastic beating. We can't do this another time around; we've got to succeed in the 1975 legislative session," Kegler said.

He explained that while the administration has been asked to cut its expenses, it has been asked to provide more kinds of data for people coordinating the educational systems and for long-range planning.

The cutbacks in the 1974-75 budget base were in keeping with the 1973 Legislature's desire that the university eliminate the equivalent of 50 positions, or $757,650. Increases, however, were then mandated for the health sciences programs at the university.

"Deep budgetary cutbacks necessarily affect our aspirations to greatness," Chase said, referring to the non-health sciences cuts. "While no programs were eliminated in this retrenchment process, many will feel the effect of the reduced staffing and tightening of budgets available for classroom and laboratory supplies and equipment," he said.

He reported that no tenured faculty members have been fired as a result of the budget cuts and the net result has not disportionately affected the number of graduate students hired as teaching assistants. Many important positions were eliminated by not filling vacancies resulting from retirements and terminations, Chase said.

"It is recognized that the net effect on the number of teaching assistants at the university in 1974-75 will be minimal," he said. "But it is recognized that the previous retrenchments resulted in serious reductions in the teaching assistants available to collegiate programs."

David R. Preston, assistant vice president for the health sciences, said increases provided by the legislators in the medical areas were the result of a long-range commitment to increase enrollment.

The medical school will receive the largest increase with $171,000, Preston said. Dentistry will receive an addition of $118,000 to its budget base, pharmacy will receive an increase of $28,000 while nursing and public health will each receive an increase of $25,000.

On Jan. 25, 1912, Lt. H.H. Arnold, later to be the first General of the Air Force, set an altitude record of 4,674 feet in a Wright plane in a flight lasting 59 minutes at Augusta, Ga.

SKILLED STUDY

LABORATORY technician Ruth Reilly prepares specimen at the March of Dimes Genetic Counseling Program, Magee Women's Hospital, Pittsburgh.

Minimum Tillage Could Help Save Costly Energy

Energy requirments for crop production could be reduced on over three million acres of Minnesota cropland with minimum tillage, according to Harry M. Major, state conservationist, soil conservation service, St. Paul.

A recent study released by the department of agricultural engineers at the Unlerity of Nebraska at Lincoln indiates that slightly more than 11 horsepower hours per acre are required to produce a crop of corn with minimum tillage while with the conventional system slightly more than 66 horsepower hours per acre are required to produce the same crop.

Minimum tillage is a conservation practice that protects land from wind and water erosion. All or part of the prior year's crop residue is left on the land to reduce soil loss. Other benefits are: reduced cost of production, improved wildlife cover and water conservation.

About 90,000 acres of new minimum tillage was applied in Minnesota in fiscal year 1973, Mr. Major stated, with a total of 1.3 million acres now being farmed with some reduction of tillage. With approximtely 5.6 million acres of corn and about 3.5 million of soybeans planted in Minnesota in 1973 there is a potential of at least 3 to 4 million additional acres of minimum tillage on soils adaptable to this practice. This could amount to a 10-12 million gallon fuel saving annually on corn and soybean production in Minnesota.

Tax Money For Plant Breeding Research Pays

Greater return on tax monies invested in plant breeding research has been realized than on any other tax-supported activity involving a comparable amount of money, according to Herbert W. Johnson, head of the department of agronomy and plant genetics, University of Minnesota.

Johnson addressed a recent crop improvement day conference in the Twin Cities.

Era wheat and Corsoy soybeans, both developed cooperatively by the U.S. department of agriculture and state experiment station programs, have resulted in substantial returns to Minnesota farmers, he said. Era was developed in Minnesota and Corsoy in Iowa.

"Income to Minnesota wheat growers in 1973 was increased about $26 million by Era alone and this is the equivalent of about $33.60 an acre on 791,000 acres of Era. Corsoy soybeans rsulted in a total return to growers of $81.46 million and $40.25 an acre on two million acres. Also, returns to people who handled, transported and processed wheat and soybeans must have been substantial," he added.

"Any public variety that results in even a small increase in yield per acre contributes significantly to the net income of the state and one does not have to recover his investment from the sale of seed. The public investment is recovered by increased returns to the state as a whole and not just from the returns to those who sell seed," Johnson said.

Even in the face of returns from public plant breeding in the past, there has been some questioning of the use of public funds to do research for farmers. But, Johnson said, plant breeding and other agricultural research is not just for farmers—it is for the public and probably the consumer benefits from it as much or more than the producer. "A reasonable supply of food at reasonable prices is important to everyone and this is what plant breeding and other agricultural research is about," he added.

"Public plant breeding is essential because plant breeding progress in many cases requires an investment in new techniques and joint efforts of plant physiologists, plant pathologists, chemists and breeders that is difficult to recover from the sale of seed alone. It can be recovered from the increased income which the resulting varieties generate for the state as a whole and therefore it is a legitimate public investment," Johnson said.

Johnson predicted that public plant breeding would continue if the public supports plant breeding in university agricultural experiment stations and in the U.S. department of agriculture. Success of public varieties in the market place also will affect the future of public plant breeding. Success will depend in part on promotion and advertising. Unless some attention is given to the promotion of public varieties, the extent they are used will be something less than what is justified by their performance.

Soybean Champs Averaged 62.98 Bushels An Acre

Huebsch Brothers—Harlan and Dennis—of Good Thunder, Blue Earth county, are Minnesota's 1973 grand champions in the annual soybean yield contest, producing an average of 62.98 bushels per acre from an uncertified experimental seed.

Announcement of 1973 soybean sweepstakes winners was made jointly by Herb Halverson, Hanska, president of the Minnesota soybean growers association, and by agriculture commissioner Jon Wefald.

The soybean yield contest is cosponsored by the Minnesota soybean growers association and Minnesota crop improvement association in cooperation with the Minnesota department of agriculture, vocational agriculture instuctiors association and the University of Minnesota agriculture extension service.

Although 1973 was a record yield and production year for Minnesota soybean growers, the sweepstakes entries failed to dislodge the all-time champions, Keith and Brad Miller of Freeborn, who certified 66.3 bushels per acre in 1971.

Huebsch Brothers will join other state champions in an expenses paid tour of this nation's major soybean export markets in Japan, Hong Kong and Taiwan. The Far East tour awards are sponsored by Elanco Chemical company.

Special Minnesota crop improvement association cash awards for the top three entries grown from certified seed to to: Gordon Martin, Winnebago, 60.07 bushels per acre, $100; Carrol Lentz, Lyle, 59.62 bushels per acre, $75; and Wayne Christian, Sherburn, 57.24 bushels per acre, $50. Martin was reserve champion and his daugher Linda was Minnesota's Princess Soya in 1972.

Minnesota's 1973 reserve champion is Donald Ravenhorst, Easton, on an average yield of 60.94 busheal per acre from uncertified seed.

On Jan. 23, 1940, the Air Corps used 38 bombers to transport the coast artillery battalion 500 miles to demonstrate practicability of airlift for moving complete units of ground forces.

Expanded Winter Training Starts At Camp Ripley

Minnesota's Camp Ripley, known as a summer training base for National Guardsmen and Army Reservists, is rapidly gaining a new reputation as a training ground for winter warfare.

Some 4,000 men from four battalions will take part in a series of two-week training encampments on the sprawling 53,000-acre base near Little Falls this winter. The first battalion, made up of guardsmen from Iowa, arrived at Ripley, January 12. National Guard battalions from Illinois, Minnesota and Wisconsin will follow for successive two-week sessions.

This is the largest number of troops to participate since the first formal winter training operations were started at Camp Ripley four years ago. Objective of the intensive two-week sessions is to produce units which can operate effectively in the cold weather and deep snows of northern winter.

The training sessions will take on an international flavor when men of the Minnesota battalion are joined during their encampment February 9-23, by a platoon of 39 men from the Norwegian Home Guard. A 49-man platoon of Minnesota Guardsmen from the second battalion, 135th infantry, will be flown to Norway at the same time for a two-week exercise with Norwegian troops as part of an exchange of winter operation ideas. These Guardsmen will come from Mankato, Worthington, Pipestone, Tracy, Marshall, Redwood Falls and Fairmont.

Emphasis on teaching the men to live, work, and operate equipment in the field under extreme conditions of cold, wind and snow is included in the program. The training is conducted by a cadre of junior instructors from each state who are supported in turn by a core group of highly skilled personnel drawn from a pool of senior instructors serving in guard units throughout Minnesota.

Training of 137 junior instructors who will be working with the various units during the four two-week encampments was conducted at Ripley prior to arrival of the first group.

The traling was supervised by members of the senior instructor pool which is growing each year and which has placed Minnesota's 47th "Viking" Infantry Division in the unique position of being one of the few military units in the country equipped with skills in winter training.

The battalions to undergo training include both infantry and artillery units. Winter training has been conducted previously, primarily for infantry. Troop plans call for the exercises next year to include engineers as well.

During their training, the men are instructed regarding the proper clothing to wear and how and when to wear it to prevent injury from the cold. Instruction also includes maintenance of equipment and proper use under extreme cold conditions. Troops receive training in the arts of snowshoeing, military skiing, and such other subjects as land navigation, range firing, ice reconnaissance, concealment and camouflage.

As part of their final week, the troops will spend several days in the field living in improvised shelters and applying winter survival methods to tactifal maneuver training.

The cold weather hasn't frozen the results you get when using Times' Classified Ads.

On Jan. 24, 1913, the first Curtiss tractor airplane was delivered to the Signal Corps Aviation School at San Diego.

LITTLE BOY

Somehow men never quite seem able to get over being little boys. They can handle responsibility, but sometimes their spirits sink.

Cares can overtake a man. That's when he reverts into an unhappy, discouraged little boy. At times like these, his wife must strive to help, to understand.

A wise wife knows that the Church offers an answer to their problems. At church hope and faith are common, and friends abound.

There is something in regularly going to church that gives a person perspective, strength and faith.

Earthquakes Are Quite Unlikely For Minnesota

by Sharon Hawkins
University News Service Writer

Chances are Minnesota will never experience an earthquake severe enough to topple the IDS tower in downtown Minneapolis, according to University of Minnesota geophysicist Harold Mooney.

Minnesota, lying near the southern margin of a geologically stable region known as the Canadian shield, is historically an area of very low earthquake activity.

The entire Midwest, for that matter, experiences only occasional mild tremors, usually in the central areas of the Mississippi river and Ohio river valleys. The last such tremor occurred on Nov. 9, 1968, in Illinois and was felt in several parts of Minnesota.

According to Mooney, there is at least one exception to this stable record. In December, 1811, and January, 1812, a year-end earthquake occurred at New Madrid, Mo., that was possibly the greatest tremor ever to hit the United States. Felt over most of the Eastern states and as far North as Canada, the earthquake produced spectacular earth damage including the creation of Reelfoot Lake in Tennessee.

"Only five earthquakes are known to have occurred in Minnesota," Mooney said. "The largest was a slight tremor near Staples on Sept. 3, 1917, which was felt from Brainerd to Minneapolis. An earlier shock, in 1860, near Long Prairie may have been nearly as large.

"Other tremors were recorded near Bowstring on Dec. 23, 1928, and Detroit Lakes on Jan. 28, 1939. The most recent earthquake appears to have been at Alexandria on Feb. 15, 1939. The most recent earthquake appears to have been at Alexandria on Feb. 15, 1950, which produced a muffled boom and damaged two wells at a creamery."

Until recently scientists at the major earthquake research facilities around the world have relied mainly on the earthquake history of a region to predict future tremors.

By this standard, Minnesota's geological stability over the last century indicates that Minnesotans will probably not experience earthquakes comparable to those felt in western California, Alaska and western South America—three of the most geologically unstable areas of the world.

But by this method of 'quake prediction scientists have not been able to determine the exact time, place and magnitude of future earthquakes.

Within the last year, however, scientists have developed a new theory that may soon lead to just such accurate earthquake prediction. Based on a phenomenon known as "dilatancy," the theory holds that there are certain warning signals which, when they occur in the right sequence, precede an earthquake by days, months and even years.

According to Mooney, the "dilatancy model" of how earthquakes occur goes something like this:

"Stresses in the ground cause a rapid cracking in the rock which is followed by a period of relative seismic inactivity while water from adjacent areas flows into the cracks. In time, the rock becomes saturated and as more water flows into the rock, pressure increases and an earthquake is triggered."

This period of dilatancy can last from months to years, Mooney explained, and the longer it lasts the more severe the shock will be. On the other hand, he said, the longer dilatancy lasts, the earlier the warning can be given to those living in the area to be affected by the shock.

In the case of a major earthquake comparable to the one that hit Mexico in 1973, there would conceivably be enough time to evacuate the area and prevent the catastrophic loss of lives that accompanies such a tremor in major population areas.

Mayfield . .

Mrs. Ole Austad, Oklee

Mr. and Mrs. Ole Austad and Tracy visited at the Leon McMahon home in Oklee on Sunday afternoon and also with Adolph Weberg.

Visitors at the Marlyn Haugen home during the week have been Mrs. Gen Asbjornson and girls, Mr. and Mrs. Harvey Haugen and family of Hibbing and Mrs. Ole Austad and Tracy.

Sunday visitors at the Gunder Gunderson home were Mr. and Mrs. Napoleon Bourque of Gonvick, Mr. and Mrs. Bruce Bourque and children of Crookston and Mr. and Mrs. Glen Asbjornson and children.

Mr. and Mrs. Lester Vad, Julie and Gary visited at the Olaf Stolaas home Saturday evening.

DISCOVERY IS AN ESSENCE OF CONSCIOUSNESS.. ...EXPERIENCE IS OUR TEACHER.

WE HAVE COME A LONG WAY SINCE MARCH 10, 1876, WHEN ALEXANDER GRAHAM BELL EXPERIENCED THE THRILL OF TRANSMITTING HIS VOICE OVER A METAL WIRE. "MR. WATSON, COME HERE, I WANT YOU."

SINCE THEN THE WORLD HAS EXPERIENCED MANY FIRSTS IN THE DEVELOPMENT OF OUR PRESENT COMMUNICATIVE MEANS...

OCT. 9, 1876, FIRST 2-WAY TELEPHONE CONVERSATION.

OCT. 21, 1915, FIRST TRANSATLANTIC TELEPHONE TRANSMISSION.

APRIL 25, 1935, FIRST AROUND THE WORLD TELEPHONE CALL.

TODAY, IT IS SO NATURAL FOR US TO DIAL A FRIEND OR BUSINESS IN OUR OWN COMMUNITY THAT ONE IS APT TO FORGET THAT WE CAN JUST AS EASILY CALL A FRIEND OR BUSINESS ON THE OTHER SIDE OF THE WORLD SIMPLY BY DIALING "O" AND ASKING FOR THE OVERSEAS OPERATOR.

Gully . . .

Mrs. Peter Rutkowski

BROOKS . . .

Mrs. Mervin Hyde
Brooks, 253-7925

Mrs. Marie Laniel spent the weekend in Crookston with her son and daughter-in-law, Mr. and Mrs. Bob Laniel. She also visited at the Riverview hospital with her grandson, Douglas Laniel and Mervin Hyde.

Mr. and Mrs. George Fournier, Miss Laura Gagnon were Sunday afternoon and supper guests at the Louis Laundry home.

Approximately 236 snowmobiles and riders participated in the 7th safari at Brooks on Sunday. The riders enjoyed a 20 mile cross country ride starting and ending at Third Base. The ride was very enjoyable with temperatures in the 20's. The safari was sponsored by Third Base and the Moonlighters snowmobile club and many prizes were awarded throughout the day.

Mr. and Mrs. Don Bang and family of Crookston were last weekend guests at the Marc Parenteau home. The Bans and Parenteaus went to Fourtown where they did some snowmobiling.

Mrs. Mervin Hyde, Roger, Mrs. Dick Reck, Mr. and Mrs. Paul Wilkins, Lynelle Zimple, Mr. and Mrs. Art Tinkham of Fisher were among those who visited at Riverview hospital in Crookston with Mervin Hyde. Mr. Hyde had his thumb badly mangled when his mitten caught in the power takeoff.

Mrs. Don Ste. Marie visited Thursxay afternoon with Mrs. Vern Gagnon.

Circle Two of St. Joseph's church served a large crowd when they served a pancake and sausage breakfast after church services on Sunday. The quilt that chances had been sold on was won by Emery LaCoursiere.

Former Brooks Resident Passes Away in Wisconsin

Word was received here January 11 of the death of Maurice B. Page of Wauwatosa, Wisc. Mr. Page was the son of Mrs. Rose Page of Brooks. Funeral services were held on Tuesday, January 15, at St. Pius X church, Wauwatosa, Wisc. with Rev. Father Donald Hagen celebrant and con-celebrant James Garin S.J. Marquette University officiating. Pallbearers were Laurence Page Jr., Edward Ver Halen, Harold Von De Linde, Gene Gustafson, Paul Remer, and George Stern. Interment will be in St. Joseph's cemetary at Brooks. Maurice Page was born August 20, 1923 at Gentilly, Minn. to parents, Mr. and Mrs. Harvey Page. The family later moved to Brooks where he attended grade school. He was a graduate of the Pershing high school at Plummer and the Bemidji state college. He served in the United States army air force where he was a B 29 pilot. Maurice completed his flight training in Albuquerqe, New Mexico and was commissioned an officer. Mr. Page is survived by a daughter Kelly Ann and a son Geofrey, his mother and six brothers, Laurence of Kansas City, Kansas, Donald of Milwaukee, Dale of Los Angeles, Russell of Freehold, N.J. and Robert of Prior Lake, Minn. and Wayne of Eveleth. He was preceded in death by his father.

Mr. and Mrs. Bud Schoreder of Crookston and Mr. and Mrs. Aurel Parenteau were Saturday evening guests at the Marc Parenteau home.

Mr. and Mrs. Leroy Mercil and son Guy were weekend guests of her parents, Mr. and Mrs. Steve Asselin and Monica Saturday evening. They visited at the Dave Rodahl home near Thief river Falls.

Mr. and Mrs. Linus Carriere of Spring Lake Park who had spent the weekend with friends at Gully where they enjoyed somowmobiling came Sunday and were guests of her mother, Mrs. Pearl Laniel. Also dinner guests were Mr. and Mrs. Mike Laniel and boys, Mrs. Jimmy Meyer, Pam and Troy, Mrs. Charlie Johnson and Darin and Denise Grimm.

Mrs. Roy Ost of Detroit Lakes and Wendy Mercil of Thief River Falls were Sunday evening visitors at the Lawrence Morinville home.

Greg Parenteau who was 13 on January 15 enjoyed a birthday party on Tuesday at his home.

Mr. and Mrs. Roman Kostrzewski and Mr. and Mrs. Gordon Pietrweszewski and family of Stephen were Sunday dinner and supper guests at the Bob Berberich home. In the afternoon they attended the Brooks Safari.

Mrs. Betty Williams of Bemidji spent a portion of last week at the Pearl Laniel home.

Mr. and Mrs. Dave Rodahl were Sunday supper guests at the Laurence Morinville home.

The Farmers Union action group met Wednesday evening at the Wesley Myhre home. Present were Mr. and Mrs. Sidney Myhre, Mr. and Mrs. Francis Gall, Mr. and Mrs. Bob Sollen, Mr. and Mrs. LeRoy Carriere, Mr. and Mrs. Val Korelewski, and Mr. and Mrs. Stanley Rysavy.

Mr. and Mrs. Francis Gall, Merlin Carlson and Mrs. Lynda Hayes were Tuesday visitors at the Mervin Hyde home.

University Asks Health Board To OK Certificate

Citing the important role of the University of Minnesota in referral medical care and the increasing numbers of outpatients at university hospitals, university officials last night asked the Metropolitan health board to recommend extension of a certificate of need for outpatient facilities in a proposed addition to the health sciences complex.

The board is expected to make its recommendation to the Metropolitan council which in turn trecommends to the state health board.

A University hospitals' position paper, presented by Dr. Lyle A. French, vice president for the health sciences, said the out patient portion of the 16-level, $33 million building is needed to accomodate the growing demand for outpatient care at the hospitals. In the past six years, outpatient visits to University hospitals have incrased almost 40 per cent.

According to French, increasing numbers of medical and other health sciences students have mae a larger classroom-clinic facility necessary to efficiently and economically deliver health care and teach students the basic clinical skills.

Four years ago there were 163 medical students per class. By 1976 the medical school enrollment will be 50 per cent greater than it was in 1969 or almost 1,000 medical students.

"Each medical student requires carefully controlleed clinical learning experiences integrated with the basic sciences—anatomy, pathology and pharmacology—under the guidance of faculty who have the time and experience to teach. Close daily collaboration is essential," French said.

"The core facility further provides the appropriate setting for research into the diseases processes," Dr. French added. "The collaboration of basic scientists and clinical faculty; the use of shared facilities and major equipment, and other investigative resources have resulted in important contributions to the health of Minnesotans."

The position paper also stressed the current involvement of University health sciences with community health services. Several major programs extend into the state and more than 100 Twin Cities health organizations have a working relationshp with the University.

In the first year of medical school, a student spends about 70 per cent of his time in medical school classrooms and about 12 per cent in University hospitals clinics.

In the second year, only four per cent is spent inthe classroom and 29 per cent in the clinics. The majority of time is spent at the major affiliated hospitals—Hennepin county General, St. Paul Ramsey, Veterans Administration, and Mt. Sinai—and at other community resources.

Third and fourth year students spend all their time in clinical settings: major affiliated hospitals (43 per cent); other community resources (29 per cent), and University Hospitals (28 per cent.)

According to French, the federal funding picture has brightened considerably since Pesident Nixon signed the Health, Education, and Welfare appropriations bill. Construction funds for health manpower training and the release of impounded funds has given the University "increased optimism," he said.

French said he had been told by an HEW spokesman that consideration in granting construction funds would be given medical schools, like the University, who had increased their enrollment in good faith because of anticipated federal funding.

The position paper maintained that factors relting to the outpatient portion of the proposed addition had not significantly changed since the original certificate of need was granted a year ago.

Silverton . .

Mrs. Clarence Peterson
Rt. 4, Cky, 681-1359

Thursday afternoon visitors at the Melvin Molden home were Mr. and Mrs. Tormod Christianson of Thief River Falls and Charles Jones.

Mrs. Hannah Kisch spent Sunday at the Harlan Hallstrom home in St. Hilaire. Also other afternoon visitors there were Mr. and Mrs. Culver Kisch and Kyle.

Ordean Peterson spent the weekend here at the home of his mother, Mrs. Ruth Peterson. Ordean is a student at the University of North Dakota in Grand Forks.

Debra Weiss of St. Paul spent the weekend here with her grandparents, Mr. and Mrs. Ole Lerol. While here she visited other relatives and friends. Debra is attending Bucknell college at Lewisburg, Pennsylvania.

Mrs. Norman Peterson of Sanders was a visitor and coffee guest Wednesday afternoon of Mrs. Ruth Peterson.

Mrs. Donald Rupprecht of Agder was an afternoon visitor Tuesday at the Clarence Peterson home.

Homemakers Meet

Mrs. Arnold Peterson was assisted as hostess by Mrs. Kenneth Wagner for the meeting of the Silverton homemakers held Wednesday afternoon at the Peterson home. A short business meeting was held and Mrs. Edwin Helgeland, Mrs. Arnold Peterson and Mrs. Clarence Peterson reported on the workshop they had attended, the topic was "The Role of Women". Members attending besides the hostesses were Mmes. Odin Hanson, Vernon Sorenson, Lester Chapman, Thomas Matson, Clarence Peterson, Edwin Helgeland, Wayne Harder, Lori, Jonie and Jamie; Clyde Christensen, Melvin Molden and Harvey Ness. At the close of the meeting Mrs. Wagner and Mrs. Peterson served lunch. Later Mr. and Mrs. Wagner, Lona, Lisa and Lara were supper and evening guests at the Peterson home.

Mrs. Edwin Helgeland attended homemakers councilor meeting Tuesday afternoon at the courthouse meeting room.

Mrs. Roger DeLap and Mrs. Clarence Peterson attended LCW at Silver Creek Lutheran church Thursday evening. Mrs. Lowell Hanson, Mrs. Amanda Torgerson and Mrs. Donald Rupprecht were hostesses.

Mr. and Mrs. Harold Dupree Sr. also Mr. and Mrs. Birger Borg of Holt were supper and evening guests Saturday at the Kenneth Bothum home at Donaldson.

Mrs. Melvin Grinde called on Gloria Swanson Sunday evening who is a patient at the hospital for a few days. Later Mr. and Mrs. Grinde visited at the Homer Grinde home.

Sunday visitors and supper guests at the Edward Berard home were Mr. and Mrs. Jerome Cota of Thief River Falls and Mr. and Mrs. Gary Berard and Julie of rural Thief River Falls.

Mr. and Mrs. Ole Lerol and Debra Weiss of St. Paul were Sunday morning coffee guests at the Orlin Lerol home. In the afternoon they visited and were supper guests at the Henry Anenson home in Kratka. Saturday afternoon Debra visited at the Kermit Maidment home in Thief River Falls.

Mrs. David Dupree, Kurt and Kristie also Mr. Dennis Kainz, Kay Lynn and Jared of Mavie were Thursday visitors of Mrs. Frances Oski.

Owen Scramstad of Thief River Falls was a Wednesday morning visitor at the Vernon Sorenson home. Saturday afternoon Lloyd Ball of Smiley was a caller there.

Dinner guests Friday at the Lester Chapman home were Mr. and Mrs. David Hildebrand and Raymond and Dinne Ekeberg.

Sunday evening Mrs. Clara Stein, Mrs. Frances Oski, Mrs. Dennis Kainz and Mrs. David Dupree attended the Catholic Daughters of America Mother & Daughter banquet at the Covered Wagon. Guest speaker was Hou Dea of Viet Nam a student at the Junior College.

Mr. and Mrs. Edward Berard were supper guests Thursday at the Delore Berard home in Thief River Falls.

Guests to supper Saturday evening of Mrs. Hannah Kisch were Mr. and Mrs. Harlan Hallstrom, Shari and Rob of St. Hilaire also Mrs. Maude Hallstrom of St. Hilaire and Mr. and Mrs. Culver Kisch and Kyle. The occasion was Mrs. Kisch's birthday that day. Mrs. Harlan Hallstrom brought a decorated cake and Mrs. Kisch was remembered with gifts. She also had birthday greetings via telephone from her daughters and families, the Roy Stepons and Don Gauvins in the Cities.

Mr. and Mrs. Harold Dupree Sr. were supper guests Thursday at the Ron Ostby home in Thief River Falls.

Mrs. Ruth Peterson entertained the WMC of the Assemblies of God church at her home Tuesday evening. Fifteen ladies were present. Mrs. Raymond Molskness assisted Mrs. Peterson as co-hostess.

Mr. and Mrs. Lester Chapman were Saturday evening visitors and coffee guests at the Henry Rux home in St. Hilaire. Sunday afternoon Mr. and Mrs. Lester Chapman and Iris enjoyed snowmobiling and were supper guests at the Clarence Arneson home in Smiley.

Mrs. Melvin Grinde presented Bible study to a youth group at Zion Lutheran church during their supper hour at the church.

Saturday Dennis Kainz, Greg Grimes of Mavie, David Dupree, Richard Bluemke and Obert Grovum of Thief River Falls and Roger DeLap spent the day at Lake of the Woods fishing. Mrs. Dupree, Kurt and Krisi and Mrs. Frances Oski were guests of Mrs. Dennis Kainz for the day.

Mr. and Mrs. John Uggerud were guests one afternoon last week at the Ole Lerol home.

Mrs. Harold Dupree Sr. was a coffee guest Wednesday afternoon at the Elmer Poole home in Thief River Falls.

Wednesday evening visitors at the David Dupree home were Mrs. Harold Dupree Jr. and Matt. On Sunday, Mr. and Mrs. Harold Dupree Jr. and Matt were afternoon and supper guests at the Harold Dupree Sr. home

Mr. and Mrs. Archie Ptacek spent Thursday evening at the Albert Ptacek home.

Mr. and Mrs. Oscar Johnson and Mr. and Mrs. Herman Hanson attended a state meeting on rural 34 boarding homes at Anoka on Monday last week. They went down on Sunday.

Friday afternoon, January 11, Mrs. Clareice Stollman visited at Johnson's Riverside Boarding home. She brought birthday greetings to Jean Wright a resident of the home.

Marsha and Mary Erickson of Thief River Falls were guests after school and Friday and also overnight of their uncle and aunt, Mr. and Mrs. Archie Ptacek. Saturday afternoon Mrs. Ptacek brought the girls home and she visited with the Chuck Ericksons.

Callers Wednesday morning at the Oscar Johnson home were Mrs. Andrew Johnson and Mrs. Duane Brown of Thief River Falls. Thursday morning Dan Wilson of Crookston and Gary Erickson were visitors there.

Paul Johnson who is attending St. Cloud college spent the weekend at the home of his parents, Mr. and Mrs. Oscar Johnson.

Mr. and Mrs. Odin Hanson visited at the Valley home Sunday afternoon with Mrs. Gunhild Ose and Syvert Hanson and later at the hospital with Oscar Stenvik who is a patient there and in the CNC Unit of the hospital with Mrs. Thora Tvelt, Mrs. Inga Sabo and Mrs. Ella Knutson.

Weekend guests at the Martin Hanson home were Mr. and Mrs. Mark Hanson and Ehren of Kragness and Gary Hanson who is attending Oak Hill Bible Institute at Bemidji.

Mr. and Mrs. Oscar Johnson visited Saturday evening at the Floyd Hagman home in Thief River Falls.

Saturday evening a week ago Mr. and Mrs. Oscar Johnson, Eugene Burslie, Orris Aurstring, Elizabeth Lambert, Jean Wright and Dean Johnson were guests at the Paul Wold home in Thief River Falls.

Mrs. Martin Hanson was among the guests attending a bridal shower Saturday afternoon for Lona Ovitt at the Lutheran Brethren church in Thief River Falls.

Yvonne Harder of Grand Forks spent the weekend at the home of her mother, Mrs. Gladys Harder.

Thought For The Day

For the love of God is broader
Than the measures of man's mind,
And the heart of the Eternal,
Is most wonderfully kind.

These words are from the third stanza of the hymn, "There's a Wideness in God's Mercy," written by Frederick Faber.

All theology is the product of men's minds and it cannot measure, adequately describe, or always convincingly convey the love of God and the kind heart of the Eternal. Those who claim otherwise, and who hold that final, absolute truth is found in their theology, or in their reading of the Bible, are vain. Christian theology, the Bible, church life are all really a celebration of a mystery that man cannot fathom, and are not ever the assertion of absolute truth about God and man.

Which says, you see, that a pastor is a "mystery man," not an "answer man." And the church is the home of people seeking grace and love from the Eternal, and who are glad because they've found it.

How sad it is that people avoid the church because they feel they will find condemnation there. And how horrible it will be for those who have made them expect such certain, final judgement.

—Rev. Bruce E. Anderson
Goodridge Lutheran Parish

(Editor's Note: "Thought For The Day" is written by area clergy men through cooperation of the Thief River Falls ministerial association. Any Times area clergyman who would be interested in contributing items to "Thought For The Day" on a regular basis and who is not affiliated with the miniserial association may contact either the Times officer or Rev. Keith Prekker at Redeemer Lutheran church. Rev. Prekker is secretary of the ministerial association.)

Good And Bad

Sen. Walter Mondale, infected with the Presidential bug which apparently is contagious among Minnesota DFL senators, is looking for a $100,000 hope chest to determine if the nation is ready for his candidacy—or, indeed, has ever heard of him.

If the senator is looking for truth, a hundred grand should give it to him. If he is looking for a base for optimism, his search may be underfinanced. You can harldy buy a network television newsman for that kind of money any more.

Mondale has been a major exponent of a system to provide public financing (as opposed to working to raise your own support) for Presidential candidates. There is both good and bad in such proposals, and we suspect that much of the reported support of such a plan comes from those who believe someone else will pay the bills. Government money is free, everyone knows.

And while it is true that there are often commitments given by politicians in return for financial favors—or at least an obligation is assumed—the system isn't all as bad as Sen. Mondale makes it seem.

We see an inherent danger in his own statement that: "If candidates receive the bulk of their campaign funds from public instead of private sources, it follows that once in office they are less likely to be influenced by private interests."

Given that situation, public office holders could thumb their noses at the electorate and, come time for reelection, could help themselves to a portion of the pot whether they deserve reelection or not. They wouldn't be influenced by private interests, perhaps, but they wouldn't have to be responsive to their constituents either.

Futhermore, a basis of political support has been the hope that the politician supported would be elected. Incentive to support a common pot from which all candidates would feed goes against human nature.

We would favor a limit on campaign costs and a limited campaign period, both definitely defined and both carrying substantial penalty—such as removal from office—for violation. Full disclosure should be made of campaign receipts and expenses with a central accounting system used by each party.

And the check-off system presently in effect for individual income returns could continue—for the benefit of those who belive they have fulfilled their obligation for political support by giving away a dollar of Uncle Sam's tax money.

But a political war chest as Sen. Mondale seems to envision it does not seem to us to be either wise or necessary.

Energy Dictator?

Following editorial is from the Duluth News Tribune:

Ironically, some of Minnesota's supposedly liberal Democrats are showing a curious fascination for a dictatorship.

The issue is whether to create a special state energy director, with or without a controlling board. A bill creating such a position is now moving through legislative committees, and it will likely be a subject before the full legislature in January.

The shape of a bill now in committees is frightening. There is no question that the state should have some special officer concerned with energy. But given that, there is a difference of opinion on his powers—whether he should be free to make decisions alone, or if he should be subservient to a board.

An effort to make the energy czar responsible to a nine-member board failed Tuesday when an amendment to that effect was killed, 15 to 11, by the House committee on environmental protection and natural resources.

That vote reflected a basic difference in DFL and GOP opinion. Ten conservatives and one liberal voted for a controlling board, while 15 liberals voted against a board. The dangers of such singular power are obvious. As Rep. James Ulland, R-French River, said, "In a rationing situation, we are giving tremendous powers to one man."

The DFL legislators should rethink this one. Consider the stew their party could be in if the director of the state pollution control agency could act without going through a board.

That Time Of Year

Its federal income tax time again. Even if we weren't aware of it from the taxpayer's standpoint, it would be evident in the type of mail received from the internal revenue service.

It's set an example time again.

IRS news releases—and their frequency increases noticeably after the first of the year—tell of individuals cited for various infractions of the IRS rules. And each "news" report on a specific case carries with it the reminder that the same fate could befall anyone else who attempts the same tactics.

One such indictment is against William R. Ojala, Aurora, for willful failure to file federal income tax returns in 1969, 1970 and 1971. Ojala, an attorney, served as a St. Louis county commissioner and is now in his second term as a Minnesota legislator.

The IRS claims that Ojala had gross income of $26,097 in 1969, $28,852 in 1970 and $15,427 in 1971. As of the IRS news release date—January 17, 1974—there had been no conviction. But the IRS states? "If convicted on all counts, Ojala could face a possible sentence of up to three years in prison and-or a maximum fine of $30,000."

The implication that any other person attempting to evade payment if taxes could receive the same sentence is very thinly veiled.

Another IRS release tells of an Anoka cement contractor cited for 10 counts of failing to deposit withheld employment taxes on his business in a separate bank account in trust for the U.S. as required by law. At the close of this story the message is made clear:

"According to an internal revenue service spokesman, the failure of employers to pay over withheld taxes to the government has become an increasing problem. As a result, he said, enforcement activity in this area has been intesnsified and that hereafter, chronic delinquents and flagrant violators can expect to be prosecuted."

We expect other releases soon regarding other people who are charged with being in violation of other areas of IRS authority. As these persons are held up as examples for the general public to view, the implicaton for others is quite easy to see.

Of course, we don't condone willful violation of the law. Those who break the law should be expected to be subject to the penalty. But it is interesting to see how the timing of publicity is manipulated and how violators are discovered in various areas of the state, creating regional interest. The great bureaucracy is not adverse to using the news media in its program of innuendo.

Borrowed Nonsense

A little girl had been left in the nursery by herself, and her brother arrived to find the door closed.

The following conversation took place:

Boy: "I want to tum in, Sissy."
Girl: "You tant tum in, Johnny."
Boy: "Why tant I?"
Girl: "Cause I'm in my nightie, and the nurse says little boys mustn't see little girls in their nighties."

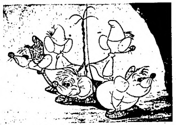
After an astonished and reflective silence on John's side of the door, the miniature Eve announced triumphantly: "You tan tum in now, Johnny. I tooked it off."

Where else but in America could you receive an advertising piece that cost $50,000 to design, $500,000 to print and circulate and offers $2,000,000 in prizes and call it junk mail?

Interesting Opinions

"Every man has a scheme that won't work."

—E.W. Howe



Last one's tall out of the twist has to distract the ill-tempered housecat, Lucifer, while the others grab some corn out of the barnyard. Scene is from Walt Disney's "Cinderella," which starts Sun., Jan. 27 at the Galaxy Twin Theatre.

Looking Backward

1924—FIFTY YEARS AGO

Colonel Ralph Webb of Winnipeg addressed the Commercial club.—H.E. Nelson, manager of the J.C. Penney store, announced the leasing by the store of the former Loken's store building on Third street at Main avenue.—Rev. T.E. Sweger resigned as pastor of the Trinity church after three years of service there.—Karl and William Korstad were establishing a box factory in this city.—Mrs. Thora Nelson was installed as head of the local Rebekah lodge.

1934—FORTY YEARS AGO

Herman A. Kjos, a county Farmer Labor chairman, was appointed state highway maintenance foreman for Pennington county.—The Oen Mercantile Co., with a tax of $2,008, pays the biggest personal property tax in Pennington county.—Ed Aubol of St. Hilaire was reelected president and John O. Swanson secretary of the Bray Mutual Fire Insurance Co.

1944—THIRTY YEARS AGO

Rev. D.T. Beadle, who succeeds Rev. S.S. Olafsson was pastor of the Community church, will preach his forst servmon January 23.—Stockholders of the TRF creamery voted by a decisive margin against adding a milk drying plant to its facilities.

1954—TWENTY YEARS AGO

John X. Lynskey was named to succeed Mrs. A.E. Jacobson, chairman of the state board of education, was reappointed by Governor C. Elmer Anderson to serve another seven-year term on the board.—Verna Hanson, daughter of Mr. and Mrs. Andrew Hanson of Star township, won the annual Pennington county rural school spelling contest.

1964—TEN YEARS AGO

N. Quentin Jones, an instructor in the Thief River Falls school system for 21 years, has been named TRF teacher of the year.—G. Fred Hanson, a resident of TRF since 1924 and an instructor of auto mechanics at the vocational school for 14 years, passed away January 15.

notes from the governor

Because of the great concern about our nation's reduced supplies of energy, many persons may be tempted to place concerns for the quality of our environment on the back burner. This should not happen in Minnesota, and, I am convinced, will not.

In my State of the State message to the Legislature last week, I addressed this issue as follows: "We also know that some will try to use the energy shortage as an excuse to abandon our effort to provided a cleaner environment for our children. That is not the answer, and we will not let it happen."

On Monday I was pleased to note that the Boise Cascade Corporation, which operates a large manufacturing facility in International Falls, has taken a most positive step toward creating a quality environment for that community. A Municipal Industrial Revenue bond issue for $30 million was signed by Economic Development Commissioner James R. Heltzer to help Boise Cascade finance its purchase and installation of air and water pollution abatement equipment.

This bond issue is the largest Minnesota Industrial Revenue Bond approved since the Legislature authorized the program in 1967. Since that time, the law is credited with providing vital financial assistance for 94 industrial projects valued at nearly $159 million.

Of the total money invested, nearly half has gone for the control of pollution—a most commendable accomplishment.

At a time when the federal government has said environmental sacrifices must be made in order to generate more energy, it is encouraging to see that business and industry are willing to continue the fight to curb pollution.

The figures for 1973 illustrate clearly the success of the program.

Fifty-nine new projects were begun this year, more than in any year the program has been in existance.

Of the 5,336 new jobs generated since the program began, more than half (3,056) were due to 1973 projects.

Our Municipal Industrial Revenue Bond program is an excellent mechanism for stimulating economic growth in Minnesota, and it is an excellent means of helping in the control of pollution.

I encourage businessmen throughout the state to contact our Economic Development Department and become familiar with its provisions.

Letters to the Editor

To the Editor:

May I be privileged to reply to a letter by G. R. Nelson which appeared in the Times and was a malicious attack against me?

First of all, Mr. (or is it Mrs. or Miss?) G. R. Nelson has never met me to my knowledge, so everything he charged was based on sheer speculation.

Second, Nelson charged that because I believe in enforcing the laws when politicians are involved that means I support the criminal negligence of Senator Edward Kennedy when he allowed a young woman to die in his car. The logic in that escapes me for the moment! Nevertheless, Nelson's charge is sheer falsehood. I have never publicly or privately supported the aspirations of Edward Kennedy, and Chappaquiddick was a shameful incident.

Third, Nelson charged that I may believe "in forgiving some but not others," depending on which party they belong to. If forgiveness is in order, I will forgive any person, and party label makes no difference. Likewise, I oppose corruption, graft, and dishonesty in government no matter which person or party does it. I will not wink at wrong-doing. Perhaps Nelson is in favor of corruption and wishes it to continue unchecked by law!

Fourth, Nelson charged that I "obviously (don't) believe in forgiveness." My reply to Nelson is that there is a great difference between genuine Biblical forgiveness and the coverup or whitewash he misconstrues forgiveness to be. The Bible illustrates justice, mercy, and forgiveness at their best in a situation which was rather similar to the situation Mr. Agnew finds himself in. King David has misused his office. The prophet Nathan came to him and said, "Thou art the man." David, rather than denying the truth or his guilt, admitted it was so. Nathan forgave David and served him faithfully for many years. David voluntarily took upon himself punishment to pay for his misdeed. Contrast that with Mr. Agnew's situation. I've heard people say we should forgive everyone who does political wrongs. I am in favor of forgiveness and healing the wounds of the nation, but the problem is not whether the American public is willing to forgive Mr. Agnew, for Mr. Agnew has never asked that we forgive him. On the contrary, he maintains that he did no wrong—in spite of the fact that when he appeared before the judge for sentencing the judge asked him specifically whether he understood that his plea was an admission that he was guilty of the crimes. Mr. Agnew replied that he knew he was pleading guilty, a fact that he now publicly denies. Mr. Agnew is doing just the opposite of what King David did. It's rather difficult to forgive a person who maintains he does not need forgiveness!

The point of my letter to the Minneapolis Tribune was that justice and our concept of it is at stake. For five years in public life Mr. Agnew flailed away at Lawbreakers who he said were destroying the county, he extolled "law and order" (which, by the way, I firmly believe in), and he condemned "liberal" judges who he thought were too lenient with law-breakers, and he said law-breakers should receive the stiffest, harshest penalties the law allows. But now he finds himself on the other side of the bar of justice. Now he pleads that the court turn its back on law and order for just his own case, that the court be merciful to him alone, and that his punishment be the most lenient the law allows. In short, he expects to receive the very thing he spent five years denouncing! St. Paul wrote an appropriate comment: "Do not be deceived; God is not mocked, for whatever a man sows, that he will also reap." Gal. 6:7.

It is time we quit winking at law-breakers. It is time we quit applying a harsh standard of justice and punishment to the poor and another lenient standard to those who can afford the best lawyers. Let us be merciful when the conditions of need warrent it; let us forgive when we are asked; but let us know also that without the even-handed dispensation of justice the very foundation of this republic is endangered. An ancient prophet said it very well when a double standard of justice threatened his nation, "Let justice roll down like water..." Amos 5:24.

Nelson seems to think that hatred automatically must go with disagreement. How unfortunate that he does not know the job of being able to disagree with another person's thoughts and ideas without rejecting the other person. Within my own family, my circle of friends, and within the membership of the congregation I am privileged to serve are political opinions ranging from the far right to the far left and every shade in between. Yet, I have never withheld friendship or love from anyone because of his political beliefs!

I believe Nelson has done me a great disservice. Nevertheless, I take John Wesley's thought to heart and try to make it my own. He said to a person who had been violently and publicly opposed to him, If thy heart is right toward mine as my heart is toward thine, then here is my hand in fellowship.

Grace and peace, G. R. Nelson.

Sincerely,
Jonathan Law

Since noise is measured in decibels (dB) which increase logarithmically, its intensity rises sharply as it climbs the scale from zero to 180. For example, the noise created by a jet take-off, which rates a decibel reading of 120 dB is 1,000 times more intense than a heavy truck noise with a reading of 90 dB. Similarly a decibel reading of 100 dB is a billion times more intense than a reading of 1 dB.

Be happy, go thrifty with the bargains offered by the Times' Advertisers.

Senate Report

— by —

Senator Richard Fitzsimons
Minnesota District One

The Minnesota state legislature started its first annual session on Tuesday of last week. Governor Anderson addressed the joint House-Senate meeting on Wednesday and both bodies were off and running.

Governor Anderson asked the legislature to concentrate primarily on unfinished business left over from the 1973 Session. He mentioned campaign financing and disclosure, and no-fault auto insurance as top items of unfinished business. He indicated the energy crisis was a new item demanding immediate attention. The governor asked the legislature for immediate funding for mass public transit and bonding authority for highway construction and home remodeling.

I was pleased to see Governor Anderson confine his requests to those basic issues because I hope these issues will be thoroughly debated and discussed before final action. We should be able to do this by early April and then adjourn.

Campaign financing has been rather thoroughly discussed both in the legislature and in the news media. I favor most of the proposals under discussion here on disclosure and campaign contribution limitation. I do differ, however, in one of the proposals on public financing. If we are to embark on partial public financing of political campaigns, I feel this should provide an incentive for small to moderate private contributions directly to a candidate or the political party of the voter's choice. I hope the campaign financing bill will emerge with these safeguards included.

Governor Anderson is asing the Legislature for a new energy commission. I have not as yet been convinced this is necessary in Minnesota. I have been very impressed with the excellent manner the civil defense agency has handled the fuel emergency so far. I would like to see the legislature give this present agency more powers and authority to deal with the energy situation where it is needed. I am not convinced that the creation of a new agency will add that much in meeting what appears to be an energy shortage of several years' duration.

The session is only three days old as I write this news item, and I have already received a large volume of mail. Most of the mail so far has been on the subject of the so-called Spannaus gun registration bill. This is a bill containing some of the recommendations of Attorney General Warren Spannaus on hand-gun registration.

I have indicated in these news items previously that I am opposed to the registration features of Senate File 806. I welcome the response of so many people on this subject as well as many others I receive every day. A letter from one of you is the surest indication I have of your interest and concern in the matters we are considering here in the Senate.

STEINER...

Several from our area attended the meeting on beef cattle housing and handling facilities in the basement of the Thief River Falls auditorium Thursday afternoon. Among them were Peter Solem and Eldon Moe.

Jennifer Jane, infant daughter of Mr. and Mrs. Charles Lund, received baptismal rites at the Redeemer Lutheran church in Thief River Falls Christmas Day. Her sponsors were Mr. and Mrs. Ronald S. Hanson, also Mr. and Mrs. Eldon Moe by proxy. Christmas weekend houseguests at the Lund home were Mr. and Mrs. Donald Ostrom, Tim and Cindi, of Anoka, and Mrs. Charles Lund Sr. of Greenbush. Mr. and Mrs. Albin Miller and Merle Bassett of Roseau joined the group Christmas Day afternoon.

Friday evening visitors at the Lloyd Larson home were Mr. and Mrs. Paul Voytilla and Mr. and Mrs. Orville Harstad, all of Viking vicinity.

U.S. Chamber Is Cooperative In Saving Of Gas

"Early indications show that our voluntary conservation efforts are helping to ease the fuel shortage. We've gotten some breaks, too: The fall weather was milder than usual in many parts of the county and there seems to be some oil "leaking" through the Arab blockade, states Arch Booth, executive vice president of the Chamber of Commerce of the United States.

"All of this taken together means we may be able to squeak by without resorting to gasoline rationing, though not—repeat, not—without inconvenience.

"How much inconvenience? That's an important question. Americans are great at pitching in and sacrificing during a crisis. I suspect the instinct goes all the way back to hard times on the frontier and in the early colonies, when neighbors helped each other. But, we also have a strong aversion to being 'taken'—we don't like to be tricked into doing more than our fair share," Booth notes.

"The 'fair share' guideline for home hating is setting the thermostat at 68 degrees (even lower in the evenings and for office buildings and businesses). But what's a fair share for gasoline usage? Up to now, we have been asked to 'cut down' on driving, take the bus, form carpools, etc., but hard figures on how much is enough have been almost as scarce as gasoline on a Sunday.

"The great variation in fuel supply estimates is due to several things. First, petroleum products move around the world in such a complex web that few people if any, really had a good grasp of the total picture when the Arab boycott began. Second, there's the unpredictability of the weather. And third, there's the unpredictability of the leakage," he said.

"So, the best fuel figures you can get will be informed estimates, subject to change with changing conditions. They will not all agree, but mot will fall within the same range, and most will indicate the same trends.

"Right now, the best estimates I know of on gasoline supplies show there will be somewhere between 20 per cent to 30 per cent less gasoline available for private automobile use than we would use under normal circumstances.

"This shortage will continue even after the end of the Arab embargo, although the percentages will probably change.

"Let's split the difference, then, and say that 25 per cent less gasoline usage is the fair share.

"The National Chamber is sponsoring a campaign asking everyone—businessmen and consumers—to cut down by that much," the executive vice president added.

"That's not really so tough. Most of us have been in the habit of using our cars wastefully: The classic one-block drive to the store for a pack of cigarettes—or something—comes to mind.

"Businessmen can do more of their buying and selling by phone, instead of in person. They can consolidate deliveries, or pool delivery services with other businesses. And they can help employees form carpools, hold gas-saving contests, etc.

"As individuals, we can take the bus or a carpool two days a week. Or leave the car in the garage over the weekend and walk or cycle. We can plan our shopping carefully, to do as much as possible in one trip, over the most efficient route. And we can form "social car pools" to pool shopping and recreational trips.

"All drivers can maximize their gas mileage with a few simple tricks:

"Keep the engine properly tuned. Bad points, plugs, or timing can waste an enormous amount of gasoline.

"Feather-foot it on the accelerator pedal. Quick-acceleration and stop-and-go driving waste gas. Smooth is best.

"Inflate the tires properly. Soft tires waste gas.

"Don't idle your engine for long periods. Not even when cold. It's actually better for the engine to let it warm up under a moderate load.

"It all adds up. When it all adds up to 25 per cent, you'll have done your share."

Mrs. Robert Zavoral
378-3616 Goodridge

Monday afternoon visitors at the Carl Ekwall home were Martin and Ottea Ekwall.

Kenny Hovet of Crookston spent the weekend at the home of his parents, the Obert Hovets. Miss Vicki Mortenson of Warren was also a weekend guest at the Hovets.

Mr. and Mrs. Willie Good were Saturday forenoon coffee guests at the Gust Iverson home.

Luncheon guests Saturday afternoon at the Vernon Iverson home were Mr. and Mrs. Harvey Haugen, Brian, and Duane of Hibbing.

Dale Anderson spent the weekend with his parents, the Harold Andersons. Dale attends school in Bemidji.

Mrs. Norman Adams and Mrs. Marlin Kotrba visited with Mrs. Anton Kotrba at the Northwestern hospital in Thief River Falls on Wednesday afternoon.

Jodi and Jami Adams spent Wednesday afternoon at the Bobby Zavoral home, while their mother, Mrs. Norman Adams and Mrs. Marlin Kotrba visited with Mrs. Anton Kotrba at Northwestern hospital in Thief River Falls.

Mr. and Mrs. Darwin Eidelbes and Glennie Lian were Monday evening visitors at the Howard Sjulestad home.

Wednesday afternoon Mr. and Mrs. Gust Iverson and Glennie visited at the Olaf and Orlan Stolaas home.

Mr. and Mrs. Bobbie Zavoral, Steve and Marion were visitors and coffee guests at the Merle Naeseth home Monday evening. Mrs. Clarence Johnson was a brief caller there that same evening.

Supper guests Sunday evening at the Norman Adams home were Anton Kotrba, Larry, Ronnie and Frances. Frances was also an overnight guest at the Adams home that same evening.

Mr. and Mrs. Johnny Hoffman were Thursday evening visitors at the Kenny Kriel home.

Saturday dinner guests at the Leonard Johnson home were Mr. and Mrs. Richard Johnson and Michelle of Fosston. Later in the afternoon Mr. and Mrs. Richard Johnson attended a J.C. meeting. Michelle spent the afternoon at the Mayor Holen home.

Friday forenoon Mrs. Erling Dahlen was a coffee guest at the Jorgen Oftelie home.

Mr. and Mrs. Edward Sjulestad and Greg drove to Grand Forks, N.D. on Monday where Greg Sjulestad had a check up. They also visited with Mr. and Mrs. Lorenz Hesse of Grand Forks, N.D. that same day.

Tammy Sanfillipo of Thief River Falls visited at the Roger Kriel home on Saturday.

Henry Tangen and Mrs. Darwin Eidelbes were visitors and coffee guests at the Norman Adams home Friday afternoon.

Mrs. John Kotrba, Tracy and Melanie visited Friday afternoon at the Doug Miller home near Grygla.

Mr. and Mrs. Bobby Johnsrud and Kathy visited Saturday afternoon at the Mayor Holen home.

Mr. and Mrs. Bobby Zavoral, Marion and Steve, Johnny Eidelbes, Howard Sjulestad and Alvin Sunsdahl were Thursday evening coffee guests at the Darwin Eidelbes home.

Thursday evening supper guests at the Roger Kriel home were Mr. and Mrs. Norman Kriel, Mr. and Mrs. Marlin Kotrba and Jennifer.

Selmer Holen, John Kotrba and Norman Adams visited at the Albert Kotrba home Sunday afternoon.

Mrs. Eddy Stucy visited at the Gary Johnsons and Tom Cullens in Goodridge on Tuesday afternoon.

Mr. and Mrs. Clayton Johnsrud and Randy were Sunday evening visitors at the Enoch Johnsrud home.

Monday afternoon lunch guests at the Bob Zavoral home were Mr. and Mrs. Bobby Zavoral and Steve, Johnny Eidelbes, Darwin Eidelbes, Larry Rude and Albert Kotrba.

Mrs. Margaret Kjelgren and Orville were Sunday dinner guests at the Leonard Johnson home.

Mr. and Mrs. James Smith, James Jr. and Rosemary, Ricky Bjerklie, of Trail, Arthur Arntz, MaryAnn Walbert, Mr. and Mrs. Rodney Bjerklie of Trail, Mr. and Mrs. Darwin Eidelbes, Mr. and Mrs. Johnnie Eidelbes and Cynthia were callers during the week at the Gerold Sjulestad home.

Last Monday evening Mr. and Mrs. Vernon Iverson visited at the Tim Radniecke home of Oklee.

Mr. and Mrs. Palmer Lovely were Thursday evening visitors at the Chester Solberg home.

Vernon Iverson and Roger Kriel were Friday dinner guests at the Kenneth Kriel home.

Mr. and Mrs. Henry Hovet were Saturday evening visitors at the Leonard Johnson home.

Mr. and Mrs. Jorgen Oftelie were Wednesday afternoon visitors at the Erling Dahlen home.

Visitors during the week at the Edward Sjulestads were Clarence, Beatrice and Leslie Hook of Grygla, Larry Rude, David Sjulestad, Elmer Englund, Mrs. Gerald Sjulestad and Howard Sjulestad.

Mr. and Mrs. Norman Kriel visited at the Jesse Anderson home Sunday evening.

Tommy Lewis was a brief caller at the Dick Lott home on Sunday.

Mr. and Mrs. Sidney Omlid and family left Tuesday afternoon for Coalstrip, Montana where they visited with friends. From there they drove to Seattle, Wash. They took the ferry from there on Sunday evening for their home in Kodiak, Alaska.

Mr. and Mrs. Orris Olson, and Mrs. Dick Marquis and Lorrie visited on Saturday at the Verl Leckron home in Grand Forks.

Alvin Kompen visited and was a lunch guest Tuesday evening at the Bob Zavoral home.

Visitors and coffee guests at the Marlin Kotrba home Thursday afternoon were Mrs. Jack McDermid and Micheal, Mrs. Cal Lindberg and Eric, and Cassandra Shug all of Thief River Falls.

Mrs. Albert Kotrba visited with her sister, Mrs. Anton Kotrba at the Northwestern hospital in Thief River Falls on Monday afternoon.

Kermit Berg was a coffee guest at the Clarence Johnson home Friday afternoon.

Thursday afternoon Mr. and Mrs. Henry Hovet were visitors at the Carl Ekwall home.

Paul Rindahl was a Saturday evening guest at the Obert Hovet home.

Wednesday afternoon Mrs. Chester Solberg visited at the Ann Stenvick home in Thief River Falls.

Sunday afternoon Mr. and Mrs. Norman Kriel were visitors at the Kenneth Kriel home.

Mr. and Mrs. Don Roberts of Thief River Falls were visitors at the Darwin Eidelbes home Sunday afternoon.

Merle Naeseth visited at the Stanley Johnson home in Gatzke on Wednesday.

Thursday afternoon lunch guests at the Clarence Johnson home were Tom Scheef, Randy Nelson, Kermit Overton, Randy Haugen and Gary Satre of Grygla.

Sunday afternoon visitors at the Lester Kolestrand home were Mr. and Mrs. Gilmer Manderud, Gilda and Lori, Mr. and Mrs. Ernest Mostrom, Mr. and Mrs. Hank Hermanson, Barbie, Denise and Eeonne, and Mr. and Mrs. Rodney Hoffman.

Mr. and Mrs. Oldrich Hoffman visited Saturday evening at the Alfred Iverson home.

Mr. and Mrs. Clifford Johnsrud, Candyce and Kristie were Sunday dinner guests at the Gerald Hamm home in Warren.

Mr. and Mrs. Eddy Stucy were coffee guests at the Max Stucy home Wednesday forenoon.

Saturday evening Mr. and Mrs. Clarence Johnson and Jimmy enjoyed pizza at the Merle Naeseth home.

Mr. and Mrs. Albert Kotrba were visitors at the Johnnie Eidelbes home on Friday evening.

Trail . . .

Mrs. Albert Aaknes, Trail

Emma Agnes was a supper guest with Mrs. Norman Strand on Monday. Mrs. Albert Aaknes was a Tuesday afternoon visitor with Mrs. Strand.

Mr. and Mrs. Selmer Christianson and Loretta of Oklee visited at the Albert Aaknes home on Wednesday evening.

The Sand Valley church held their annual meeting. Officers elected were Vernon Horealsrud, president; Lester Evje, vice president; Emma Nyland, secretary, Melvin Nelson, Finanacial secretary, Alvin Paulson, treasurer, John Handy, trustee, Art Handy, Deacon, Art Handy, cemetery board; Howard Flateland, board of Education, Mrs. Lester Evje, nominating committee, Melvin Nelson, Vernon Hovelsrud and John Handy, Sunday school supervisors. Mrs. Phillip Schmit, organist and Mrs. Dennis Halvorson organist.

Knute Flateland is a patient of St. Ansgar hospital in Moorhead where he underwent surgery on January 11.

Sidney Paulson of Grand Forks, Mr. and Mrs. Alvin Paulson and Mrs. James Paulson, Danny and Darol visited Mrs. Sylvia Paulson at the Good Samaritan home in Clearbrook. On Monday, Jan. 14, they helped her celebrate her birthday. Mrs. Albert Aaknes made a birthday cake.

Mrs. Henry Lund left last Monday for Los Angeles, Calif. where she will attend funeral services for her sister-in-law, Mrs. Orvin Krogh.

Mr. and Mrs. Albert Aaknes were shoppers in Thief River Falls on Monday afternoon.

Mrs. Norman Strand, Sam Strand and Agnes Christopherson visited with Norman Strand at the Good Samaritan home at Clearbrook last Sunday. They were dinner and supper guests with Mrs. Norman Strand.

Mrs. Al Radniecke of Oklee and Mrs. Norman Strand were coffee guests at the Albert Aaknes home on Friday afternoon.

Violet Griffin of Washington D.C. formerly of Gully passed away on Dec. 29, 1973. Violet G. Griffin, 72, who had been in charge of the travel section of the bureau of public roads for many years died Saturday at Sibley memorial hospital. Born in Henry, Ill. Miss Griffin grew up in Gully, Minn. and came to the Washington area in 1929. She worked for about a year for the Veterans Bureau before joining the roads until retiring in 1962. Miss Griffin who had studied accounting at American university was an active member of St. Luke's Methodist church, the Twentieth Century club and the Patomac Rose society. She had won many awards for the roses she grew. She is survived by two sisters, Mrs. Eugene E. Ditto of the home, 4512, 49th St., N.W. and Helen E. Hamrey of Ogden, Utah and three brothers Herbert of Tacoma, Wash., and Ivan of Seattle and Harold of Ely, Minn.

Cora Hanson of Gully was an overnight guest of her sister, Mrs. Norman Strand on Sunday. Sam Strand was a dinner guest and Mrs. Albert Aaknes was an afternoon visitor.

— NOTICE —

Chicken-Pineapple Foldovers - Delicious!

Here's a quick and tasty use for small amounts of leftover chicken. Combine the chopped chicken — or turkey if you wish — with pineapple tidbits in a tangy pineapple sauce; use it as a sumptuous filling for almond-rich pancake foldovers. (Made from a mix, of course, for quick and easy preparation.) Garnish with dollops of sour cream and sprinklings of more sliced almonds. Then eat hearty, friends!

CHICKEN-PINEAPPLE FOLDOVERS

Makes 4 servings

Filling:
One 13¼-oz. can pineapple tidbits
2 teaspoons lemon juice
1 tablespoon cornstarch
½ teaspoon salt
1 cup chopped cooked chicken

Pancakes:
1 cup pancake mix
1 cup milk
1 egg
1 tablespoon melted or liquid shortening
¼ cup sliced almonds

For filling, drain pineapple tidbits, reserving juice. Add lemon juice and enough water to make 1 cup liquid. Combine cornstarch and salt in saucepan. Gradually add pineapple liquid. Cook over medium heat, stirring constantly until thickened and clear. Add pineapple tidbits and chicken. Heat thoroughly.

For pancakes, place mix, milk, egg and shortening in bowl. Stir until batter is fairly smooth. Add almonds. Using ¼ cup batter per pancake, pour batter onto hot, lightly greased griddle to make 8 pancakes. Turn pancakes when tops are covered with bubbles and edges look cooked. Turn only once.

To serve, place 1 heaping tablespoonful of filling on one-half of each pancake; fold over. Top with dollops of dairy sour cream and additional sliced almonds.

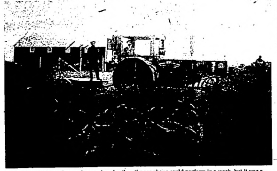
GOODRIDGE SCHOOL of years gone by is shown in this photo taken at the time of its completion. Hans Jacobson, father of Mrs. Alfred Bakke of Thief River Falls and a carpenter who did finishing work on the school, is shown in the back row at left. There is no date available to indicate when the picture was taken.



MODERN TRACTORS can do more in a day than the one above could perform in a week, but it was a welcome piece of machinery in its day. Mrs. Alfred Bakke of Thief River Falls, who provided the picture, does not know when or where it was taken. Lettering on the side of the tractor notes it was "Sold by Rumely Products Company Power Farming Machinery". Apparently being used in a demonstration of its ability, the tractor and plow apparently turned over some heavy sod.

NW College & AVTI Administrators Meet

E. M. Outwin
Bemidji AVTI

Arnt Aune
Thief River Falls AVTI

Russ Beier
East Grand Forks AVTI

Informal organization of a planning group for post-secondary education institutions in northwestern Minnesota took place at an invitational meeting held in Thief River Falls Thursday under sponsorship of Northland community college and the Thief River Falls area vocational-technical institute.

Sixteen administrators representing all eight northwestern institutions invited to participate met at Northland college to discuss mutual concerns and the possibility of unified action for the benefit of post high school students in this corner of the state.

Among discussion topics were coordinated academic and technical program planning, career ladder mobility, improved articulation and avoidance of duplication, according to Victor Charles, Northland president who presided at the meeting.

Administrators present at the meeting agreed to meet quarterly with participating schools hosting meetings on a rotating basis and administrators of the respective schools presiding at the sessions. Next meeting will be held at Bemidji with Dr. Robert Decker, president of Bemidji state college, and E. M. Outwin, director of the area vocational-technical institute, as co-hosts for the session.

Following the meeting held at Northland, noon lunch was served at the area vocational-technical institute cafeteria.

"We believe by planning together that students would benefit," stated the letter of invitation sent jointly by Charles and Aune to the area school administrators. "Comments by legislators and the Minnesota higher education coordinating commission (HECC) indicate a regional approach is most desirable." Points covered in discussion were then suggested as discussion topics in the letter.

Concern was expressed at the meeting that outstate Minnesota may not receive the consideration it should expect in many areas, including education, and that a concentrated cooperative effort would best assure the necessary programs for students in the northwestern part of the state. The concentration of political power in the metropolitan area is expected to make it increasingly difficult to received legislative consideration for outside areas of the state.

Those attending were: Dr. Robert Decker, president, Bemidji state college; Dr. Richard E. Beitzel, vice president for academic affairs, Bemidji state college; Dr. Roland Dille, president, Moorhead state college; Dr. Stanley Sahlstrom, provost, University of Minnesota, Crookston; Dr. Donald G. Sargeant, head of academic affairs, U. of M., Crookston; Dr. John G. Nettleton, superintendent of schools, Moorhead; Oscar Bergos, director, AVTI, Moorhead; Dr. L. M. Wanberg, superintendent of schools, Bemidji; and E. M. Outwin, director, AVTI, Bemidji;

Also Dr. William Corliss, superintendent of schools, Thief River Falls; Russ Beier, director, AVTI, East Grand Forks; John Roche, administrative assistant, East Grand Forks public schools; Dr. James Noonan, superintendent of schools elect, East Grand Forks; Arnt Aune, director, AVTI, Thief River Falls; Willard Kottke, dean of instruction, Northland community college; and Victor Charles, president, Northland community college.

Ward Aas Was Guest Lecturer At Northland

Ward Aas of the soil conservation service, U. S. department of agriculture, was a guest lecturer at the environmental problems class at Northland community college Wednesday.

Topic discussed with Northland students was "Land Use and Classification". According to Orren Bendickson, instructor of the class at Northland, the topic fit well with a current environmental problem confronting our society today.

After the presentation, the students developed a priority list for land use. Their priorities were in the following order: Agriculture, residential, wildlife, industry and recreation.

Jaycees To Meet At Elks Tuesday

Jaycees, wives and guests are invited to the next meeting of the Jaycees on Tuesday at the Elks club. Supper will begin at 7:30 p.m. with a charge of $2.00.

Dr. Steve Levinson of the Northwestern hospital day-night unit will be the guest speaker. For more information on Jaycees contact John Harrington at 681-1004.

Circus Booked For Opening Of Pennington Fair

Circus, gospel music, country singer Jim Ed Brown, professional wrestling and a special kid's day promotion will all be part of the Pennington county fair July 26-29, according to Milan Borsheim, secretary of the sponsoring Pennington County Fair association, Inc.

Fair association president Bill Hogan, director Bernard Myers and Borsheim recently returned from the annual meeting of the Minnesota association of county fairs in St. Paul. Arrangements were made at the convention for the entertainment to be provided at the 1974 fair.

Two performances, afternoon and evening, will be presented by the Hill's Circus on Friday, July 26, opening day. The circus includes high wire acts, elephants and many other traditional circus entertainment features.

Demolition derby will be held on Saturday evening, July 27, with a gospel music group known as the "Day Springs" appearing before the grandstand on Sunday afternoon. Jim Ed Brown will perform with his Grand Ol' Opry show Sunday evening.

Professional wrestling will take place Monday evening, final night of the fair, with top name wrestlers to apper on the card. Kids day at the William B. Stanley shows carnival will be observed from 2 to 6 p.m. on Monday, July 29, when school age children can purchase a $2 ticket which allows them to ride the midway rides for the entire four-hour period.

Roger Worth

Worth To Serve On City Council For First Ward

Roger Worth was appointed Wednesday to serve on the Thief River Falls city council as First Ward alderman. He will fill the vacancy created by the resignation of Robert Carlson who is the present mayor of this city. Others under consideration for the position were Charles Kotaska, Oreal Halland and Milan Borsheim.

Worth, 36, is legal counsel for Arctic Enterprises and has lived in Thief River Falls since 1970 when he and his wife and three children moved from Wisconsin. In 1971 he was an unsuccessful candidate for a position on the local school board.

TRF Teacher Of The Year Prefers Pupils To Office

by Marvin Lundin
Times Editor

Amid the mass of students, microscopes, disarranged desk chairs and accumulated litter of a scientific nature, Lawrence Brown moved alertly to upraised hands and puzzled glances of biology students involved in a class project at Lincoln high school.

"Do you see how much more fun this is than doing paperwork in an administrative office?" he asked during a lull in the questioning. His own query was more of a positive statement than a question.

Selected Thief River Falls teacher of the year by the local education association, Brown has been in education for close to 40 years and in Thief River Falls schools for the past 16. For the 16 years prior to joining the Lincoln high school faculty he served principalships at Herman (1946-1956) and Donnelly (1937-1943), taking some time out between the two for scenic duty as a naval aerial gunner to help close out World War II.

At Thief River Falls he has been a firm fixture in the senior high school science department, teaching mainly chemistry and biology with an occasional stint as instructor in physics. He much prefers the teaching role to the administrative position. "It's rather an old cliche," he said, "but it is true that I like to work with kids."

Graduating in 1930 from Chokio high school, he went on to Dickenson state college to receive his AA diploma and then taught rural school in Stevens county from 1933 to 1937. Then came his six years as elementary principal at Donnelly and enlistment in the U.S. Navy as a married man with several children.

Returning from military service he went back to school, receiving his bachelor of science degree from Moorhead state college in 1948. Graduate work while principal at Herman earned him a master's degree from the College of St. Thomas in St. Paul in 1953.

Not one to sit still and let formal education pass him by, he has continually received additional educational credits, accumulating 110 hours of post-graduate credit from the University of Minnesota, Bemidji state college and the University of North Dakota.

For four consecutive summers he studied at the University of North Dakota's science institute under a four-year program sponsored by the National Science foundation, a federal agency. He ranks this as some of the best educational experiences he has encountered.

Brown joined the Minnesota Education association in the 1930's when at Donnelly—" and the dues were $2 a year; now they're $96"—and has been active in the organization ever since. He has served as local president at Donnelly, Herman and Thief River Falls, was on the Northern division executive board for 10 years and the state board of directors for 10 years. He has served as local and district legislative chairman and

(Continued on Page 4)

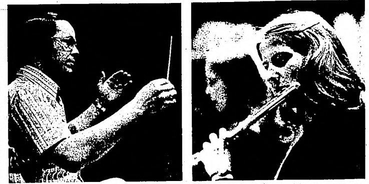
TEACHER OF THE YEAR for the Thief River Falls public school system is Lawrence Brown, instructor of chemistry and biology at Lincoln senior high school. In one of his biology classes he goes over a problem with student Mark Mooers. As Thief River Falls teacher of the year, Brown will be entered in competition for Minnesota teacher of the year, sponsored by the Minnesota Education association at the Minnesota state fair.

Benedict Places 21st In Ride For MS Society

Bill Benedict of Thief River Falls, riding his Arctic Cat snowmobile to a 21st place finish in the St. Paul to Winnipeg 500 race, raised approximately $150 in pledges for the Minnesota multiple sclerosis society.

Benedict's mileage was listed at 594 for the three-day race as he finished with his highest placing in four years of racing the Winter Carnival event. Pledges solicited prior to the race by members of the Lincoln high school Prowlins ranged from one-fourth cent to five cents per mile ridden.

The individual sponsorship for benefit of the multiple sclerosis society was an experiment tried by Benedict this year in hopes that the sponsorship can be expanded in future years.



IN REHEARSAL for Northland community college musical "Carnival" to be held February 5-10 are members of the cast and orchestra. Les Torgerson directs the orchestra (above) while Marie Hvidsten plays flute in one of the musical numbers. Performances of "Carnival" will be held February 5-9 at 8 p.m. and February 10 at 2 p.m. in the college. All seats are reserved and tickets are on sale now at the college office. Reservations may be made by calling 681-2181 (extension 23) or writing to Northland community college, Thief River Falls, MN 56701. Admission will be $2 for adults and 75 cents for students. All of last year's performances of "The Music Man", the school's first musical, were sold out and persons planning to attend "Carnival" are advised to make their reservations early.

Noper Will Head TRF Foundation

Randall Noper

Randall Noper was reelected president of the Thief River Falls foundation—local scholarship loan association—at the annual meeting held Wednesday evening in the board room at First Federal savings and loan association in Thief River Falls.

Milton Reierson, president of First Federal, was elected to the board to fill the unexpired term of the late Stanton R. Dahlen which will expire at the end of the 1974 fiscal year. James Winjum and Orville Hanson were reelected to five-year terms on the board. Officers reelected include Marvin Lundin, vice president, and Ronald Hanson, secretary-treasurer.

The foundation again voted scholarship grants of $200 each to Northland community college and the area vocational-technical institute in Thief River Falls. The junior college grant is known as the Lynn Hiebert memorial scholarship.

Annual report of the foundation showed that loan advances of $15,250 had been made during the year and that $4,536 in principal and $1,249 in interest on student loans had been repaid to the foundation.

At the end of the fiscal year (November 30, 1973), the foundation had total assets of $47,098 including $885.34 in a checking account, $15,500 in savings and $30,713 in loans receivable. Since that time, however, according to secretary-treasurer Hanson, a number of other loans have been made to considerably reduce the loan funds available.

Thief River Falls foundation is a non-profit corporation organized to provide student loan funds to persons attending post high school institutions. Loans are repayable to the revolving fund following graduation of the student to provide new capital for future loans. The foundation welcomes cash gifts and memorials which are used to further extend its loan programs.

Local Directors To Attend Band Clinic Feb. 1-2

Les Torgerson, Andrew M. Lehrer and Jim Long, all Thief River Falls music directors, will be among band and choral directors attending the 25th anniversary Northwest band clinic produced by Nels Vogel music in Moorhead February 1 and 2.

Doc Severinsen, conductor of the NBC orchestra on Johnny Carson's "Tonight" show, will headline the anniversary clinic. Also featured will be Severinsen's Now Generation Brass and Today's Children and John Hersey Symphonic Winds from Arlington Heights, Ill., described by Vogel as "one of the nation's great high school bands".

About 500 band and 200 choral directors from high schools and colleges in six states and Canada are expected for the two-day clinic at Moorhead senior high school.

Sunsdahl And Wilkens Vows Spoken At Goodridge

Miss Gail Sunsdahl and Donald Wilkens exchanged marriage vows on Saturday, January 5, at the Faith Lutheran church at Goodridge.

The bride is a daughter of Mr. and Mrs. Orvin Sunsdahl. Parents of the groom are Mr. and Mrs. Earl Peterson of East Grand Forks.

Rev. Bruce Anderson officiated at the double ring ceremony and Mrs. Gary Iverson presided at the organ playing the traditional wedding marches. To correspond with the bride's color theme, red bows marked the pews.

The bride was given in marriage by her parents. She was attired in a white floor-length gown, styled with short puffy sleeves and a gathered skirt, surrounded at the bottom by a ruffle. Daisy trim edged the scooped neckline and marked the empire waistline. A matching headpiece held her chapel-length train, also edged with daisy trim. She carried a bouquet of red roses accented with greens.

The bride selected her sister Mrs. Roger Blaine as her only attendant. She wore a red checked gown in empire silhoette, featuring a square neckline and short puffy sleeves. Red and white ribbon trimmed the empire waistline. To complement her attire, she wore red bows in her hair and carried a solitary long-stemmed red rose.

The bride and her attendant made their own gowns and headpieces.

Ronald Wilkens of Grand Forks, N.D., attended his brother as best man. Serving as usher was Roger Blaine, brother-in-law of the bride. All wore the conventional business suits and red carnation boutonnieres.

The mother of the bride was attired in a brown and beige A-line dress accented by brown accessories. The mother of the groom wore a floor-length floral skirt with a white, long-sleeve top. Her accessories were in black patent. Both wore identical corsages of red feathered carnations.

Special guests at the ceremony were the grandparents: Mrs. Freda Wilkens, Albert J. Johnson and Mr. and Mrs. John Sunsdahl; and the godparents: Mrs. Ruth Liedberg and Mr. and Mrs. Kenneth Sanders.

A reception in the church parlors followed. Centering the serving table was a wedding cake, designed like a church and topped by a Christogram. Godmothers of the couple: Mrs. Kenneth Sanders and Mrs. Ruth Liedberg, cut and served the cake as Mrs. LeRoy Pagnac of Thief River Falls, and Mrs. Ronald Wilkens of Grand Forks, N.D., sister and sister-in-law of the groom, poured.

Presiding at the guest book was Geniel Sunsdahl, sister of the bride. Gerald Sunsdahl, brother of the bride, and Kevin Sanders, a cousin, served the punch. The gifts were arranged by Gilda Manderud, Roxanne Bakken and Doris Cervin, friends of the couple. Rhonda Sanders, a cousin of the bride, carried the gifts. Members of the Ruth circle served the reception hosted by the parents of the bride.

Relatives and friends attending were from Grand Forks and East Grand Forks, Stephen, Thief River Falls, Middle River, Grygla and the Goodridge area.

For her going away attire, the bride wore a navy-blue pantsuit.

The newly-weds are at home on a farm in rural Goodridge. The bride is attending Goodridge high school. The groom is a graduate of Goodridge high school and is employed by Midland, Inc.

Muriel Odegaard And David M. Olin Engaged

Mr. and Mrs. Dennis Odegaard of Roseau announce the engagement of their daughter, Muriel Diane, to David Michael Olin, son of Mr. and Mrs. Joe Olin of Lockhart.

Miss Odegaard is a 1971 graduate of Roseau high school. She was graduated as a Certified Dental Assistant from Normandale State Junior college at Bloomington in 1972, and is presently employed in Thief River Falls by Thomas P. Dimich, DDS.

Olin, a 1965 graduate of the Ada high school, is a 1969 graduate of Concordia college, Moorhead and a 1972 graduate of the University of Minnesota law school. He is practicing law in this city.

A June 22 wedding is being planned.

Wendy Nelson Is Baptized And Feted At Shower

Wendy Kaye Nelson, infant daughter of Mr. and Mrs. John W. Nelson of Newfolden was baptized Sunday, January 20, at the Bethlehem Lutheran church in Newfolden.

Rev. Clifford Kalmoe administered the sacrament. Sponsers were the grandparents: Mr. and Mrs. Floyd Nelson and Lowell Lindemoen.

A dinner at Rose's cafe followed.

That afternoon, Mrs. Nelson and her daughter were honored at a surprise baby shower at the home of Mrs. LeRoy Nelson at Newfolden. A corsage featuring miniature babies in pink booties was presented to Mrs. Nelson.

The afternoon was highlighted by the opening and the viewing of the gifts. Lunch was served by the hostesses: Mrs. LeRoy Nelson and Mrs. James Nelson.

Attending were Mrs. Floyd Nelson, Joy and Gloria; Mrs. Lowell Lindemoen, Mrs. Myrtle Skyberg, Mrs. Orville Gillespie, Mrs. Bradley Olson, Mrs. Kenneth Peterson and children, Mrs. James Nelson and Troy and Mrs. LeRoy Nelson and Theresa.

Respect your body. Eat sensibly, exercise and don't smoke. You'll feel better and reduce your risk of heart disease. Ask your Heart Association for more information. And give Heart Fund.

Newcomers Club Completes Plans For Snowmobiling

Final plans for the Newcomers club snowmobile party were completed at the meeting of the club held Tuesday at the Elks club.

The party will be held February 2. It was decided that after the ride, the group will stop for snacks at the local Golf Club. Pat Meyerhofer stated that members who wished to participate in the ride, but who did not have a snowmobile, may contact her as she had several available.

A newcomer welcomed into the community was Mrs. Rodger (Sandy) Keep. She and her husband and 15-month-old son, Ryan, came here from Anoka and are residing at 940 North Main.

Hostesses at the meeting were Bonnie Welsh and Joyce Westerberg. Linda Roche was the winner of the door prize.

DeCor Reviews Works, Studies Current Events

At a meeting of the DeCor group of the Thief River Falls Women's club held Tuesday evening, the work accomplished during the past two years was reviewed. Based upon the review for a period from June 1972 through June of this year, the members completed a questionnaire requested by MFWC vice president Florence Olson of Barrett.

The group also voted to serve as hostesses at the meeting of the Friendship club scheduled for February 21. Cards were read from Laura Sylvester and Edna Larson; and a gift was presented to Jeanette Dostal who noted her birthday this month.

The topic of the program was current events and featured news items brought by the members. News item subjects included oil shortage, exhorcism, existence of demons, and depression or anger being the cause of many heart attacks by raising cholestrol levels.

The meeting was held at the home of Louise Froiland. She also served as hostess and following the meeting served a dessert lunch.

Members present were Geneva Overum, Jeanette Dostal, Mabel Leyden, Avis Lund, Ellen Peterson, Ann Leiren, Carla Peterson and Lillian Aasland.

Connie Jensen-Bruce Kriel Engagement Announced

Mr. and Mrs. Alvin Jensen of Oklee and Mr. and Mrs. Kenneth Kriel of Goodridge announce the engagement and forthcoming marriage of their children: Connie Jensen and Bruce Kriel.

The bride-elect is attending Oklee high school. Her fiance, a graduate of Goodridge high school, is attending college at Grand Rapids.

A June 15 wedding is being planned.

Goodridge Senior Citizens To See Slides Of Norway

Goodridge Senior Citizens will meet Thursday at 2 p.m., at the village hall in Goodridge.

Mrs. Jim Wells will show slides of the trip to Norway. Mrs. Clyde Hutchinson will serve as hostess.

Anyone interested is welcome to attend the meeting.

Kathy Kvernevig Enrolls At MSC

Kathryn Ann Kvernevig, a senior at Lincoln high school, was recently accepted to enroll as a freshman next fall at Moorhead state college. Kathryn is the daughter of Mr. and Mrs. Burton Kvernevig, of Thief River Falls.

Sharon Verbout Engaged To Steven Hook Of Viking

Mr. and Mrs. Robert Verbout of Grygla announce the engagement of their daughter, Sharon Ann, to Steven Hook, son of Mr. and Mrs. Aaron Hook of Viking.

Miss Verbout is a 1972 graduate of Marshall County Central high school at Newfolden and is now enrolled in the general registered nursing course at St. Luke's school of nursing in Fargo, N.D.

Her fiance is a 1971 graduate of Marshall County Central high school and is employed by Geno's Body shop in this city.

No wedding date has been set.

Behavior And Justice Is Theme Of WCTU Meeting

"Behavior and Justice" was the theme of the Alice May Stuart Thief River Falls Women's Christian Temperance Union meeting held recently at Our Saviors Lutheran church.

Mrs. Earle Ripley gave the devotional meditation, based on the same topic. She read Micah 6:6-9 and Proberbs 29:2-6 and verse 18. She stated that through the ages, it has been proven that "When the righteous are in authority, the people rejoice; but when the wicked rule, the people mourn." This government was not established by our forefathers on a monetary basis but on the foundation that human worth is greater. She said that God does not always grant our requests but He does make ordeals endurable by providing courage to endure. When people disobey, they must pay the penalty. During Micah's time, the prevalent sins were ingratitude to God, religious pretense, dishonesty and idolatry. She concluded by saying that as a nation, we are not guiltless of any of these offenses; and although we may not worship idols as such, money and pleasure rate higher in many lives than God does.

The meeting began with the singing of "America the Beautiful" and "America" with Agnes Longren at the piano. Mrs. Edwin Hanson read the secretary's report and Mrs. Olga Larson, the treasurer's report. All the members participated by reading Bible verses selected from Mary Frances Cook's box of verses.

During the business session, members voted to place the book on the 100-year history of the WCTU by Agnes Dubbs Hays in the Public, Lincoln high school and Northland Community libraries. Several letters were also read and cards were sent to the sick and shut-ins.

The February meeting of the WCTU will be held at the Earle Ripley home.

Dee, Hamerlinck On Dean's List

Fall quarter dean's list at St. Cloud state college included 745 students, according to Dr. John Tomlinson, vice president for academic affairs

Two students from Thief River Falls Dennis R. Dee, son of Mr. and Mrs. William Dee, and Mark Hamerlinck, son of Mr. and Mrs. Francis Hamerlinck—were named to the list.

To be eligible for the honors a student is required to carry at least nine credits with an honor point ratio of 3.5 or higher.

Mrs. W. Warne And Infant Son Feted At Shower

Decorations in the stork theme were carried through at the recent shower honoring Mrs. Wayne Warne and her infant son, Jason. The event was held at the Leland Lee home with Mrs. Lee and Mrs. Mike Arnold as hostesses.

A corsage was presented to Mrs. Warne. Lunch was served and the gifts were opened and viewed. Several contest games were also played with prizes going to Mrs. Warne and Mrs. Ray Harris. Mrs. Hazel Bakken won the door prize.

Those attending were Mrs. Hilda Cleven, Mrs. Ray Harris, Mrs. Oliver Howland, Mrs. Harlan Cleven, Mrs. Hazel Bakken and Mrs. Don Conely.

Program On Eye Safety Is Held

Duane Rasmussen, program director for the Minnesota society for prevention of blindness, conducted an eye safety seminar in Thief River Falls *Lincoln high school auditorium* recently.

Programs were held for Lincoln high school staff from 8 to 8:30 a.m., area vocational-technical institute students and staff from 8:30 to 10 a.m., Lincoln high school students from 10:15 to 11:30 a.m. and vocational center and other students from Plummer and Goodridge from 1:15 to 2:45 p.m.

On Jan. 16, 1960, NASA launched a 100-foot diameter balloon that inflated at an altitude of 250-miles above Wallops Island, Va.

RECEIVING a placque for her many years of active membership in the Thief River Falls General Woman's club is Mrs. Ebba Sagmoen of this city. The presentation was made at her home Thursday afternoon by Mrs. Millard Peterson, (right) council chairman and a representative of the DeCor club. At the left is Mrs. Marie Hovie, secretary of the Laurel club. Representing the Zehlian group at the presentation but not available at the time the picture was taken was Kathy Winjum, the president. Mrs. Sagmoen has been an active member of the Woman's club since becoming a member in 1947. She is a member of the Zehlian club, and served as General club president for two years, at which time the general club was composed of eight groups. The three groups, DeCor, Zehlian and Laurel, that are now active are now governed by a general council. Mrs. Sagmoen served as chairman of that council from 1970-72. She has been chairman of the Zehlian group many times.

On Feb. 13, 1961, the Air Force successfully launched its new solid fuel, air-to-air missile, the GAM-83B, at supersonic speed from an F-100 Super Sabre.

KITCHEN KARNIVAL

by Ellen M. Spray

Featuring recipes from the Kitchen of

Mrs. Elroy Benitt
Of Holt

"Why don't you ever write an article on alcoholics? People just don't seem to realize that alcoholism is a disease, and that alcoholics are sick. It is a shame how children are taunted and ridiculed because their parent is an alcoholic."

The request was sincere but what that person didn't know was that I have never been able to understand why alcoholism should be considered a disease when it was definitely self-inflicted. That the children are the ones that suffer, is true. Sometimes that suffering lasts a lifetime. Just ask the women who broke up a private drinking party at her parents 50th wedding anniversary. She wanted her father to remain sober on that one special occasion. She too was taunted by the ones who had brought the drinks to celebrate the anniversary.

Since my contact with alcoholics is very limited, the information on the subject has been gained from newspaper articles, books, and a number of years of observation.

The roads to alcoholsim are many but one thing that authorities agree, and that is that there is only one road to recovery and that is to cease drinking. There are no other known methods. That means no more social drinking, no cocktails, and no more stopping at the bar for a "Quckie" or a "short-one." The recovered alcoholic knows that if he or she takes just one drink, he is almost certain to again plunge into the cluthches of excessive drinking. They know that their only safeguard is total abstinence. Authorities also agree that the only sure guarantee of not becoming an alcoholic is to avoid drinking in the first place. Since no two people are alike, there is no way of judging at what point a person becomes an alcoholic.

According to a 1971 publication, half of the American adults are habitual drinkers. Of these over seven million are alcoholics. Women lead the men in being hidden alcoholics.

In researching the subject, I learned that experts do not agree on the defination of alcoholism. Mark Keller of the Center of Alcoholic studies at Rutgers University defined it as "a chronic desease, or disorder of behavior, characterized by the repeated drinking of alcoholic beverages to an extent that exceeds customary compliance with social drinking customs of the community, and which interfers with the drinker's health, interpersonal relations or economic functioning." In 1956 the American Medical Association accepted this concept and voted that "alcoholism must be regarded as within the purview of medical practice." This altered the positon of the alcoholic in society. It changed the old threat of being jailed for being drunk, to the offer of treatment, giving him or her a chance to recover.

Since alcoholism is now considred a physical disease, the only disease that is 100 per cent preventable, the tragedy lies in the fact that as far as is now known, once a person becomes an alcoholic, they are always an alcoholic. (They must always remain abstainers as one drink may be their downfall.

Who is responsible for them returning to their drinking habits? It isn't always their drinking buddies. It is the hostess who comes with her dainty glass of intoxicants and smilingly says, "This little drink won't hurt you." In her attempt to be in the "in-crowd of high society," she may be causing someone to lose his fight to remain sober. It is a sobering thought.

Since women lead in being hidden alcoholics, next week's Kitchen Karnival will list the four stages with the symptoms in each. If one person after reading the symptoms will decide to get medical aid, it will be worth the research.

We are grateful to Mrs. Elroy Benitt of Holt for supplying us with her recipe for a quick, easy meal.

Meal In A Casserole

2 lbs. ground beef, browned with
one-third cup chopped onions
dash of pepper

Place in a larger casserole or 9x13 cake pan. Top with
2 lbs. tater tots
8 oz. frozen mixed vegetables, or peas and carrots

Mix together

1 can cream of chicken soup
1 can cream of mushroom soup
1 cup water or milk

Pour over meat and vegetables and bake in a 350 degree oven for 1¼ hours.

Mrs. Benitt stated that any variety of vegetable may be used in place of the mixed vegetables.

The Benitts live on a farm east of Holt where they raise beef cattle. In addition to farming, Benitt is employed in Thief River Falls by Peterson and Biddick.

Mrs. Benitt is Sunday School superintendent at the Nazareth Lutheran church where they are members. She is also a 4-H club leader and a member of the Happy Holt homemakers club.

They have two children: Connie, 14, who is a ninth grader at the Newfolden school, and Judy, 10, who is in the fifth grade at Viking.

Week-Long Trail Ride Offered To Girl Scouts

A prairie wagon train ride in July of 1974 is being sponsored by Pine to Prairie Girl scout council. The ride will be from Fort Seward on a hill overlooking Jamestown to Fort Totten near Devils Lake, N.D., arriving in time for Fort Totten days parade and Indian dancing competiton on the reservation, Sunday, July 28.

Applications were mailed to registered Cadette and Senior Girl scouts in Pine to Prairie council, and to scout councils in seven states. Younger scouts with their families are invited and may obtain more information and applications from local neighborhood Girl scout chairmen. Applications should be returned to the Girl Scout Field office, 821 5th Avenue S., Fargo, N.D. 58102.

The caravan will travel about 15 miles a day. Travelers will sleep under the stars at night, prepare meals over open fires, and listen to history of the area or sing around the campfires in the evenings. Scouts can ride their horses, ride in wagons or walk the trail.

The ride will be an active study of history, living for one week as the pioneers did 100 years ago, on the old Fort Totten trail. There will be stops at Lake Jaunita, Medicine Lake and Brenner Crossing on the Sheyenne river.

GIRL SCOUT ACTIVITIES

Brownie Troop 162 of Mark Twain elementary school met Thursday and heard Sheriff Charles Richards explain cold weather survival. The troop also recently visited KTRF radio station.

At Christmas the girls made bells for Discovery Place and give them to the children. Members of the troop also helped the children with crafts or read to them and played with them. The girls also brought old clothes for the children to play with.

At Christmas the girls had "secret pals" whom they were to help in a secret way. At the last meeting before Christmas each girl gave a small gift to her secret pal.

Leaders of Brownie Troop 162 are Mrs. Roger Worth and Mrs. Jerry Amundgaard.

RLF Sno-Fest Names Veronica Herding Queen

Veronica Herding, daughter of Mr. and Mrs. Don Herding of Red Lake Falls, was crowned Miss Sno-Fest of 1974 in Red Lake Falls Saturday evening to open the annual sno-fest event. She succeeds Bev Etterman, daughter of Mr. and Mrs. Ed Etterman, and will reign over events scheduled for this week.

First runner-up was Becky Miller, daughter of Mr. and Mrs. Robert Miller. Miss Herding won the talent division of the contest with an exhibit and talk about her creative art work. Evening gown division winner was Debbie Ulrich, daughter of Mr. and Mrs. Louis Ulrich, and Miss Congeniality was Mary Perreault, daughter of Mr. and Mrs. Vern Perreault.

Snow sculpute competiton begins today with judging to be held on Saturday. Mike Moen is contest chairman. Treasure hunt also beings today with a $25 prize for the finder to be doubled to $50 if he or she has purchased a sno-fest button.

Thursday at the Lafayette school gymnasium the Red Lake Falls teachers will play the Jaycees in categories for under 30, over 30 and ladies. Admission will be with sno-fest button, or without a button, 25 cents for grade school and younger and 50 cents for adults.

Bean feed Friday noon at the community hall will be sponsored by the senior citizens with a sno-fest button required for admission. There will be Bantam and high school hockey beginning at 6:30 p.m. Friday.

Saturday events include skating races at 10 a.m., mini-boggan races at 1:30 p.m., skiing events at 3:30 p.m., dinner at the American Legion club at 5:30 p.m., high school hockey at 7 p.m. and a teen dance at 9 p.m.

Snowmobile rally will start at 1 p.m. Sunday at the industrial park and southwest of Red Lake Falls. The rally will be a timed event with the entry coming closest to the scheduled time for each check point being the winner. Registration fee will be $5 with 80 per cent of the fees going into the winner pay-off. The winning purse will be divided 50 per cent to the winner, 35 per cent to second place and 15 per cent to third place. Registration is to be made at Thompson's hardware by 5 p.m. Saturday.

Girls hockey and broomball games are also scheduled for Sunday evening.

9th Grade Band Members Attend Climax Clinic

Members selected from the ninth grade band at Lincoln senior high school attended a ninth grade band clinic held recently at Climax with Robert Van Vorhees, music instructor at the University of North Dakota, as clinician.

Student musicians received instruction at the clinic and played in a composit band with students from other schools attending the event.

Accompanying director John Moum to the clinic were Kelly Bjorkman and Shelly Lund, flutes; Cheryl Heisel, Joey Scholin and Julie Ornquist, clarinets; Cindy Reierson and Mike Wigness, alto saxophones; Mike Hvidsten, tenor saxophone; Brad Swanson, French horn; Grant Erickson, trombone; Dan Hallstrom, bass horn; David Johnson, baritone horn; Mike Erickson and Jim Erickson, trumpets; and Dan Vigness and Dean Wedul, percussion.

On Feb. 4, 1949, the CAA gave general authorization for commercial planes to use ground-controlled approach radar as a "primary aid" for landings in bad weather.

MICROSCOPES are given good use in the biology classes at Lincoln high school. In the above photo, Thief River Falls teacher of the year Lawrence Brown helps student Debbie Manning find the portion of a leaf which is being studied in the class.

SHARP ENOUGH to make a new razor blade seem dull by comparison, a surgical scalpel is used by Lincoln high school student Kathy Hanson to slice a membrane-thin portion off a leaf for microscopic study. Assisting is Lawrence Brown, biology instructor who has been on the local school staff for 16 years and this year was selected as Thief River Falls teacher of the year.

Vocational And NCC Vets Asked To Conference

Representatives of veterans organizations at Northland community college and the Thief River Falls area vocational-technical institute have been invited to a statewide conference on February 9 at the Marriott Inn in Minneapolis.

The day will feature meetings, a luncheon and discussions on the extended benefits available for veterans who wish to begin or resume their educations.

Two main groups will be among the representaives from the nearly 40 schools expected to attend the event coordinated by the veterans club at Normandale Community college in Bloomington. Student officers and delegates from many of the two and four-year post-secondary school veterans clubs will be there. Also attending will be veterans counselors and advisers from the state's colleges.

The latter group will be concentrating on formation of the Minnesota veterans congress, an organization composed of advisers and counselors who are involved in assisting veterans in their educational and professional goals. This group has had only one organizational meeting. Purpose of the Congress is to serve as a clearing house for information on benefits and to become actively involved in veterans legislation at state and national levels.

Luncheon speaker will be Congressman Donald Fraser who will discuss how veterans groups can become effective lobbyists.

No Change In Fatalities For Pennington Co.

Though the total 1973 highway fatality count for the state will approach the 1972 figure of 1,031, there are wide variances in the two-year comparison in individual counties.

The greatest improvements were shown by Mille Lacs county with a 75 per cent reduction and by Jackson county, with just two deaths during 1972 compared with nine during the previous year.

Those who lost the most ground were Pine county, from four in 1972 to 12 during 1973; and Steele, from two up to 14.

Pennington had three fatal accidents in both 1972 and 73 with death total of four in 1973 and three in 1972.

Leo Leskinen Renamed Head Of State Fair

Leo Keskinen, Grand Rapids, was reelected to a one-year term as president of the Minnesota state agricultural society, governing body of the Minnesota state fair, at the final session of the Society's annual meeting in St. Paul, January 23.

Leonard F. Ramberg, Minneapolis, society vice-president, was reelected to the fair board of managers to serve another two-year term while Arthur Sprengeler, Plato, and Sulo Ojakangas, Hibbing, incumbent board members from the society's second and eight districts respectively, were reelected to three-year terms.

State fair board members whose terms of office did not expire this year include Norris K. Carnes, St. Paul (representing the fourth district); Ty W. Sincock, Owatonna (first district); Lawrence W. Haeg, Robbinsdale (third district); Logan O. Scow, Long Prairie (sixth district); J. G. Tiffany, Redwood Falls (seventh district), and Harveydale Maruska, Warren (ninth district).

Elevated to the state fair hall of fame was James L. Libby, Pinellas Park, Fla. Libby, 75, father of John E. Libby, fair secretary-general manager, was a full-time society employee from 1919 until his retirement in 1967. He was grounds superintendent from 1959 through 1967 and presently is employed by the fair on a part-time basis as superintendent of the sanitation department.

Election to the hall of fame is recognition for individuals who have made outstanding and lasting contributions to the success of the Minnesota state fair.

Kotrba To Chair Penn. Co. NFO; Succeeds Stucy

Albert Kotrba of Goodridge was recently elected as chairman of the Pennington county NFO, replacing Edward Stucy who served two years in that capacity.

Other officers elected at the annual meeting held in Thief River Falls are Juell Chervestad, vice chairman; Mrs. Edward Stucy, secretary; Mrs. Marvin Mehrkens, treasurer; Gote Anderson, trustee (three year term); and Bennie Johnson, district delegate.

Commodity board members are Leonard Johnson (chairman), Clayton Johnsrud (feeders), Albert Mehrkens (hogs), Edwin Halvorson, Clayton Hanson and David Rindahl (alternate).

Chairman of the dairy board is Darrow Lundeen with Donald L. Erickson, Edward Stucy, Orlan Stolaas, Floyd Lundeen, Bennie Johnson (alternate) and Clarence Hanson (alternate) serving on the dairy board.

Members of the grain board are Daniel Johnson (chairman), Louis Stenseth, Lewis Carpenter, Oldrich Hoffman, Roger Hoffman, Frank Krbechek (alternate) and Russel Heden (alternate).

Serving on the membership committee are Edward Stucy (chairman), Marvin Mehrkens, Juel Chervestad, Orlan Stolaas and Erland Anderson.

On Feb. 3, 1946, the Army Air Force announced development of a plane with automatic devices to preset takeoff, flight, and landing, with the pilot doing nothing except monitor the equipment.

TRF Teacher Of The Year Prefers Classroom Work

(Continued from Page 1)

division retirement chairman.

During his service Brown has attended 11 state delegate assemblies, and national delegate assemblies in Dallas, Tex., in 1965 and San Francisco, Calif., in 1970 as a state delegate. One year he averaged a weekend trip to St. Paul every other week for MEA business sessions.

In recognition of his MEA service, the Kramer-Brown uniserve unit has been created by the state organization out of the Northern division of MEA. That action took place in July of 1973 and recognizes his efforts and those of A. J. Kramer of Roseau.

A member of St. Bernard's Catholic church, he has been a member of the Knights of Columbus since 1937, was grand knight of Our Lady of Lourdes council here in 1963-64 and served as district deputy from 1966 to 1971.

From 1957 to 1966 he was on the troop committee of Boy Scout troop 57 at St. Bernard's church and he served as a member of the original St. Bernard's parochail school board. He has been a member of the American Legion since 1946.

Proof that he likes children lies in his own family of four sons and four daughters. Jerry, the eldest son, and Marilyn, the youngest daughter who is a sophomore at Lincoln, are at home. Larry talks about his family with openly admitted fatherly pride.

Son Bob has a BS degree in biology and chemistry from the University of Minnesota, eight years of service in the U.S. air force, and is a commercial pilot for Air California in Los Angeles. He is married and has two children.

Daughter Pat is now Mrs. George Moss of San Jose, Calif., and her husband is a naval pilot. Pat holds a BA degree in sociology and psychology from St. Cloud state college. The Moss family has one child.

Dick holds a BS degree from Mankato state college and MS degree in education from Southern University in Baton Rouge, La. He has served in the federal teacher corps in Baton Rouge.

Virginia is a graduate of St. Cloud state college with a degree in sociology and is employed in Minneapolis.

Kathy has received an RN degree from Hennepin county general hospital in Minneapolis and is employed at Northwestern hospital services in Thief River Falls.

Don, a 1972 graduate of Lincoln high school, is a freshman at the University of Minnesota in Minneapolis.

Brown says he lives for hunting and fishing and counts a successful Minnesota moose hunt last fall among his memorable outdoor experiences. His garden along Nora street is well-tended and generally productive, attesting to his gardening knowledge and abilities.

Developing a philosophy of education and teaching is not an easy task for a profession which carries so many intangibles with it.

"I believe that every student has the right to the best education that he or she may possibly attain," he writes. "I belive it is the duty of every teacher to do his utmost to cause his students to accomplish this. I also believe that with the right to an education the student has the responsibility to exert every effort to gain this knowledge. It is the challenge to the teacher to devise methods and ways to motivate the student to learn."

Brown notes that a teacher must not only teach the student facts and figures but how to relate them to the interpretation of concepts and then to apply the concepts. A teacher's role is to advise, counsel and help prepare the student for making a living and use his leisure time.

And he closes his philosophy with a statement which perhaps belies his years spent with students and with which we concur wholeheartedly:

"The teacher should be a living example of everything that is right and honest and in every way encourage the student to live an honorable and righteous life."

Memorials Given To Heart Fund

Memorials in the names of Howard Inman and Toivo Tuura were recently received by the Minnesota Heart association, according to David Drotts, Pennington county heart memorial gifts chairman.

ZION LUTHERAN CHURCH of Viking and Oak Ridge Lutheran church of rural Thief River Falls will host "The New Spirit" outreach team of Concordia college, Moorhead on February 9 and 10. On February 9 team members will have supper in Viking with young people of the two congregations. A youth rally will follow at 8 p.m. in Zion Lutheran church. "The New Spirit" team will conduct Sunday morning services in both churches with the Oak Ridge service at 9:30 a.m. and Zion's at 10:45 a.m. Rev. Ralph Hofrenning, pastor of the two churches, invites the public to participate in the youth rally or the services. Offerings taken at the door following the services will be used to help cover the expenses of the team.

Highway Dep't. Lists Needs At Good Roads Meet

At the present rate of improvement, it will take 45 years to bring the county state aid highway system up to standard, according to Gordon M. Fay, the Minnesota highway department's state aid engineer.

Disclosure was made in response to a question from the floor put to a panel of legislators and state highway department officials at the annual meeting of Minnesota Good Roads, Inc., in St. Paul.

In addition to Fay, panel members included Senator Roger Laufenburger, chairman of the Senate transportation committee; Otto Bang of Edina, a member of that committee; Representative Bernard O. Carlson, chairman of the House transportation committee; Delbert Anderson, ranking member of the House committee; and Fritz Marshall, assistant commissioner of highways for government and community relations.

Fay said the county state aid highway system in Minnesota could be brought up to standard in 45 years only if all the rest of the roads dependent upon the state highway user fund were to remain in the same condition they are in today, an "obviously impossible premise".

The 27,200-mile county state aid highway system gets 29 per cent of state highway user fund revenues. The 12,000-mile trunk highway system, which also includes Interstate freeways, gets 62 per cent. Municipal state aid streets in communities over 5,000 in population, totaling some 1,400 miles, get nine per cent. This distribution of income from motor vehicle registrations and the 7 cents a gallon motor fuel tax was set by an amendment to the state constitution in 1956.

In 1973, $56,666,390 was apportioned among the 87 counties for their county state aid highways, with $20,228,964 of it earmarked for maintenance and $30,191,182 for improvements.

In apportioning the aid among the counties, only ten per cent is divided among them equally. To make the distribution as equitable as possible, the number of motor vehicles registered in them and the number of miles of county state aid highways under their jurisdictions, as well as actual money needs, are taken into account.

Motor vehicle registrations are the basis for sharing another ten per cent of the money, with mileage the basis for distributing 30 per cent. The remaining 50 per cent of the fund is apportioned on the basis of projected needs submitted to the state highway commissioner by the counties as well as the municipalities that have county state aid highways within their boundaries.

Unlike county state aid highways, the 14,800 miles of county roads and 55,300 miles of township roads in Minnesota are supported by local levies. Township roads account for about 45 per cent of the public roads mileage in the state. County state aid highways are largely those roads that carry heavier traffic volumes, connect communities, or serve as principal rural mail routes and school bus routes.

With regard to county state aid highways, Senator Laufenburger assured the 150 participants at the meeting that all highway needs will be considered in legislative planning, not just trunk highway system needs alone.

7th Dist. DFL To Hold Meeting In Detroit Lakes

Seventh district DFL chairman, Henry Tweten of East Grand Forks, has called a district-wide meeting for February 2 at 2 p.m. at the Erie Jr. restaurant, Detroit Lakes, for a kick-off to the Minnesota statewide precinct caucuses set for February 26. District treasurer Bea Wisted is in charge of arrangements.

Minnesota state DFL chairman Hank Fischer, along with Bob Meek, state secretary and Ron Schrader, administrative assistant to congressman Bob Bergland, will be present. All officers of the 28 counties in the 7th district together with guests are urged to attend. Fischer will bring with him the caucus kits so that county representatives may pick them up at the meeting.

Young voters and newcomers to the area are also invited to attend.

Also at the meeting, date and site for the 7th district DFL convention will be set.

Farmers Asked To Help Offset Payment Balance

U.S. representative Bob Bergland recently urged American farmers to "respond to the call" for all-out production this year, to help offset inevitable balance of payments deficits caused by increased prices for imported oil but warned that "vigilance and changes in policy" would be necessary "to prevent the destruction of market prices" in the process. Bergland, a member of the House Agriculture committee, made his remarks at the Charter convention of the Ohio Farmers Union meeting last week.

Bergland emphasized the "vicious circumstances" which require increased exports at the same time that normal import customers are short of cash. "Last year we committed half our food and fibre production to exports that were a major factor in offsetting the balance of payments deficits created by importing one-third of our petroleum needs." Bergland said. "This year, assuming no increase in demand," he continued, "the oil that cost $7 Billion last year will be priced closer to $20 billion. "At the same time," Bergland added, "our foreign customers will have to divert some of their food importing funds to pay for increased oil costs." As an example, Bergland noted that, in the past, Japan could be counted on as a $1 billion cash customer for American agricultural products. "How much of that $1 billion must be used to buy fuel?" the rural Minnesota Congressman asked.

Bergland expressed fear that the "unpredictability of the world fuel situation" and the "uncertainty of next year's world commodity market" could lead to the "destruction of firm and realistic prices" for American farm products on both foreign and domestic markets.

Bergland suggested as "minimum policy changes" to protect American producers: putting into effect—this fall—an escalator clause on target prices "to reflect immediate increased production costs related to the energy crisis, including both fuels and fertilizer; and basing allotments on the history of the last three crop years "instead of base periods 13 to 15 years out of date."

Bergland, a long time organizer in the Minnesota Farmers Union and still an active member, welcomed the Ohio Farmers Union to "full partnership in our great cause of strengthening the American Family Farm" and thanked "My Ohio friends for their invaluable help of making the life of a Department of Agriculture bureaucrat far more bearable." Bergland was a regional director of the ASCS in the late 1950's with responsibilities in nine midwestern states including Ohio.

Louise Yonke Services Set For Wednesday

Mrs. Louise Yonke, 86, of Thief River Falls, died Saturday at Northwestern hospital.

Funeral services for Mrs. Louise Yonke will be held Wednesday at 2 p.m., at Trinity Lutheran church. Rev. Berton Hushagen will officiate. Interment will be in the Community cemetery at St. Hilaire.

The body will repose at the Green Funeral home from Tuesday noon until noon on Wednesday and at the church for one hour prior to the time of services.

A complete obiturary will be in the Wednesday edition of the Times.

Max Krueger, Father Of Mrs. Ballingrud, Dies

Max E. Krueger, 83, of Elk River, father of Mrs. Gordon Ballingrud of this city, died here Sunday morning at Northwestern hospital.

Funral services for Max E. Krueger will be held Wednesday at 11 a.m., at the Green Funral chapel with Rev. Berton Hushagen, pastor at Trinity Lutheran church, officiating. Interment will be in the Memorial Park cemetery at Grand Forks, N.D.

The body will repose at the Green Funeral home from Tuesday afternoon until time of services Wednesday. A complete obituary will be in the Wednesday edition of the Times.

Joseph Derosier Services Today At Terrebonne

Joseph Derosier, 77, of Terrebonne, father of Mrs. Ernest Delorem of Thief River Falls, died Thursday evening at the Hillcrest Nursing home in Red Lake Falls where he had been a resident for the past eight months.

Liturgy of the Funeral for Joseph Derosier was held today (Monday) at 11 a.m., at St. Anthony's Catholic church in Terrebonne. Rev. Larry Wieseler officiated. Interment will be in the spring in the church cemetery. The Petterson Funeral home, Red Lake Falls, was in charge of arrangements.

A complete obituary will be in the Wednesday edition of the Times.

Caroline Zelik Services Held At Middle River

Mrs. Caroline Zelik, 88, a former resident of the Middle River community, died Saturday morning, January 19, at the Roseau area hospital. She had been a reident of the Sheltering Oaks Nursing home at Roseau since February of 1972.

Funeral services for Mrs. Caroline Zelik were held Wednesday at 10 a.m., at St. Joseph's Catholic church in Middle River. Offering the con-celebrated Mass were Rev. LeRoy Maus and Rev. Arne Gustin. Interment was in St. Bernard's Catholic cemetery in Thief River Falls. The Collins Funeral home, Middle River, was in charge of arrangements.

Pallbearers were Joseph Burian, Jr., Kenneth Cwikla, Randy Cwikla, Dale Zeidlik, Jerome Cwikla and Vernon Berg.

Mrs. Caroline Rose Zelik was born in Austria on Nov. 15, 1885. She was baptized and confirmed into the Catholic faith in Austria and was married there in 1905 to Peter Cwikla. In 1906, she came to the United States to join her husband who had immigrated to Baltimore the previous year. The couple lived in Pennsylvania, West Virginia, Indiana and Iowa prior to moving to the Middle River community in 1924. The couple farmed in Thief Lake township, Marshall county until Cwikla's death in 1933. Following the death of her husband, Mrs. Cwikla continued to make her home on the farm. In February of 1941, she was married at Florian to Nick Zelik. They farmed near Middle River and for two years operated at tavern in that village. After the death of Zelik in April of 1963, Mrs. Zelik lived for a year in Middle River. She then made her home with her son Alex near Middle River until she entered the nursing home at Roseau.

Surviving are five sons: Stanley, Paul, John and Alex Cwikla, all of Middle River, and Frank Cwikla of Wannaska; four daughters: Mrs. Joe (Rose) Burian of Strathcona, Mrs. Victor (Mary) Taus of Minneapolis, Mrs. Ralph (Pauline) Berg of Oklee, and Mrs. Albert (Ann) Zeidlik of Roseau; 37 grandchildren; 40 great-grandchilren and one great-great-grandson.

In addition to her husbands and parents, and she was preceded in death by one son, a daughter and three brothers.

Rites Set For Glenn Mosher, 83, Of Mentor

Glenn Mosher, 83, of Mentor, died Friday at a Crookston hospital.

Funeral services for Glenn Mosher will be held Tuesday at 1 p.m., at the Petterson Funeral home in Red Lake Falls: Rev. Roy Seger will officiate. Interment will be in the Rose Hill cemetery at Mentor.

The body will repose at the Petterson Funeral home after 3 p.m., today. A complete obituary will follow in Wednesday's Times.

Rolland Barrow, Once Of Area, Dies In Oregon

Rolland Barrow, 61, brother of Robert Barrow of this city, died January 6 at the Newberg Community hospital in Newberg, Ore.

Funeral services for Rolland Barrow were held in Oregon on January 10 with Rev. A. M. Mathias, pastor of the Free Methodist church, officiating. Interment was in the Williamette National cemetery at Portland, Ore.

Rolland Barrow was born Jan. 17, 1912 in Poplar River township, Red Lake county to Elijah and Maude Barrow. He was married at Erskine on June 29, 1938 to Leona Farrell. The couple moved in April of 1950 to Newberg, Ore., where he was employed on road construction until ill health forced his retirement five years ago.

Surviving are his wife, his mother, Mrs. Maude Barrow of Erskine, and two brothers: Merle Barrow of Portland, Ore., and Robert of Thief River Falls.

He was preceded in death by his father in September of 1970.

Rites Held At Strathcona For Hilda Hamness

Mrs. Dan (Hilda) Hamness, 87, a longtime resident of the Strathcona community, died Sunday afternoon, January 20, at the Greenbush hospital.

Funeral services for Mrs. Dan Hamness were held Friday at 2 p.m., at the Grace Evangelical Free church in Strathcona. Rev. Ben Baughman, Rev. A. D. Hartmark and Rev. Robert Ludwig officiated. Vocal selection were presented by Grant Gjovik and Mr. and Mrs. Roy Gjovik, with Mrs. Roy Gjovik as pianist. Interment will be in the Greenwood cemetery at Strathcona with the Collins Funeral home, Middle River, in charge of arrangements.

Honoary pallbearers were Alfred Mehus, Bert Gjovik, Rasmus Lorenson, Emil Haugtvedt, Arnold Wahl and Sig Nelson.

Serving as active pallbearers were six grandsons: Andrew Hamness, Jr., Lee Hamness, Ronnie Hamness, Chris Hamness and Marlan Netterlund.

Mrs. Hamness, the former Hilda Johanna Selstad, was born May 20, 1886 in Norway to Matheas and Beret Selstad. She was baptized and confirmed into the Lutheran faith in Norway and attended school there. At the age of 16 years, she immigrated to the United States, settling in Montevideo. In 1909, she moved to the Strathcona community and was married there on June 29, 1910 to Daniel Hamness. The couple farmed in the Stratcona community until 1952, when they retired and moved into the village of Strathcona. For the past six months, Mrs. Hamness and her husband have been residents of the Greenbush Nursing home.

Mrs. Hamness was a charter member of the Grace Evangelical Free church in Strathcona and was very active in the work of the church.

She is survived by her husband, three sons: Chrest, Danfered and Andrew Hamness, all of Strathcona; one daughter, Mrs. Swen (Nanna) Netterlund of Stephen, 14 grandchilren, six great-grandchilren; and one sister, Mrs. Claude (Milla) Pellett of Puyallup, Wash.

She was preceded in death by a grandson, six brothers and five sisters.

Services Held At Rindal For Mrs. O. Matson

Funeral services for Mrs. Olaus (Effie) Matson, 65, of Newfolden were held Friday at 2 p.m., at the Rindal Lutheran church. A lifetime resident of Marshall county, Mrs. Matson died Monday, January 21, at Northwestern hospital.

Rev. David Moistre officiated at the services. Mrs. Arnold Hammer served as organist and soloist. Interment will be in the Rindal cemetery with the Green Funeral home in charge of arrangements.

Pallbearers were Russell Nelson, Harold Lambert, Helmer Kalbakdalen, Frank Halder, Tom Casavan and Carl Franson.

Mrs. Matson, the former Effie Gustafson, was born Aug. 6, 1908 in Viking township, Marshall county. She was a daughter of the late John and Nettie Gustafson. On March 21, 1942, she was united in marriag to Olaus Matson. Since then, she and her husband had lived and farmed in New Solum township, Marshall county.

She was a long-time member of the Rindal Ladies aid.

She is survived by her husband, four brothers: Clarence, Axel and Carl Gustafson, all of Viking, and August of Duluth; four sisters: Mrs. Herbert (Gladys) Anderson, Mrs. Julia Boe, Mrs. Margaret Engen, all of Seattle, Wash., and Mrs. Minnie Forsberg of Viking; and a number of nieces and nephews.

She was preceded in death by four brothers and three sisters.

Gladys Brezney Services Held At St. Bernard's

Funeral services for Mrs. Gladys Brezney, 70, of this city, who died Tuesday at Northwestern hospital, were held Friday.

Services were held at 10 a.m., at St. Bernard's Catholic church with Rev. James Bernauer officiating. Interment will be in the church cemetery with the Green Funeral home in charge of arrangements.

Pallbearers were Lloyd Urdahl, Nordeen Urdahl, Odin Hanson, Edward Kusmak, Archie Ptacek, and John Kotaska.

Mrs. Brezney, the former Gladys Pew, was born Dec. 21 1903 at Garden City to Frank and Clara Pew. She attended school and grew to womanhood in that community. In 1938, she was married to Thomas Brezney. After their marriage the couple lived in St. Paul until 1947, when they moved to Silverton Township, Pennington county. Her husband died on June 19, 1971. That fall, she moved into this city where she had since resided.

She was a member of St. Bernard's Catholic church.

Surviving are a brother, Francis H. Pew of Ontario, Calif.; and nine nieces and nephews.

Her husband and parents preceded her in death.

Influenze-Like Disease Noted In Minnesota

Minnesota department of health recently received reports of an outbreak of an influenza-like disease in Duluth which has resulted in an absenteeism rate of 30 per cent in some elementary and junior high schools. Teenagers and adults so far have been less involved. Symptoms include high fever, cough and aching. The exact organism causing the illness has not yet been identified.

Earlier reports from Wisconsin and Iowa indicate that those states are experiencing similar outbreaks during the past week, some in areas bordering Minnesota in the south and southeast. The Type B-1970-Victoria strain of influenza virus has been identified in patients from the La Crosse, Wisconsin area. (This is not the new Hong Kong Type B that health authorities have been on the watch for.) The bivalent vaccine used by physicians in recent years does give some protection against the virus isolated in La Crosse.

Iowa has outbreaks in Mitchell county, bordering Minnesota, with 25 to 40 per cent absenteeism in elementary schools, and in the Dubuque area. The virus has not been identified. Reports of some flu-like illness in the Austin area have reached the state health department.

Dr. D. S. Fleming of the Minnesota Department of Health says that the department is alert to the problem, backed up by a surveillance network that includes key emergency rooms, local health departments, and absenteeism reports from industry. He said that it appears that Minnesota is seeing the beginning of an attack of an acute flu-like illness, not yet identified, with children showing the greatest susceptibility. Persons who are vaccinated against influenza can expect some measure of protection. Health department virus laboratories are checking specimens sent in by physicians from acute cases.

Minn. Highway Deaths Reach Over 1,000 Mark

As of the third week in January, highway deaths for the year 1973 stand at 1,017—14 below the 1,031 final total for 1972.

"However," Minnesota department of public safety commissioner W. R. Hoaglund cautioned, "all of the deaths for 1973 won't be known until our cutoff date of March 1. These are preliminary figures at this time, because there are still late reports to come in.

"Unlike the experience of most past years, the first five months of 1973 were considerably above the previous year, and it wasn't until September that the tally for both years evened out. March was a particularly bad month with 74 deaths compared to 46 in 1972.

"This also was a year of high pedestrian deaths, with the total for December tripling that of a year ago. Overall, there were 147 pedestrian fatalities during 1973 compared to 132 during 1972."

Fatal collisions with trains was down from 31 in 1972 to 22 in 1973.

Generally, the type of crash and highway systems on which they occurred were fairly even for the two years, except that the interstate count was higher—44 fatal crashes against 27 for 1972.

In comparing the fatal crashes by types of vehicles involved, trucks and buses were up from 193 to 257, motorcycles up from 51 to 61; while bicycles were down from 26 to 17, and snowmobiles with motor vehicles were down from 19 to nine.

INSTALLATION OF OFFICERS for the B.P.O. Does in Thief River Falls was held Tuesday evening at the Elks club rooms with members taking office for 1974. Seated, left to right, are Norella (Dolly) Donarski, outer guard; Caroline Lee, conductor; Loretta Helle, senior counselor; Gladys Wilson, first counselor; Esther Gausen, president; Cathy Jorgenson, junior counselor; Adlyn Williams, inner guard; and Stella Bolten, treasurer. Standing, left to right, are Christine Berg, color bearer; Elba Collins, color bearer; Alice Johnson, attendant; Sue Hagen, attendant; Bernice Looker, secretary; Guida Solheim, attendant; Dorothy Reed, chaplain; Lorraine Morben, assistant conductor; Marie O'Hara, musician; Rose Froseth, attendant; Inga Sheller, color bearer; and Tillie Carlson, color bearer.

Blue Cross And Blue Shield To Reduce Rates

Blue Cross and Blue Shield of Minnesota have announced rate reductions which will become effective on billing dates after March 1, 1974 for over 70,000 persons enrolled through medicare supplemental programs.

The rate reductions will range from six to 50 per cent, depending on the contract and level of coverage, according to Robert L. Johnson, president of Blue Cross and Blue Shield of Minnesota.

According to Johnson, all Blue Cross and Blue Shield subscribers to the medicare supplemental contracts will be notified by the end of the week of the reduction in rates...and also that in reality benefits for these contracts have been increased.

"In addition to the reduction of rates," Johnson explained, "Blue Cross and Blue Shield medicare supplemental programs will cover the recently announced increases by the department of health, education and welfare (from $72 to $84 in the initial deductible and from $18 to $21 per day co-insurance.—Part A Medicare)...which is in effect an increase in benefits."

Johnson pointed out that "Most of our elderly live on fixed incomes, and the cost of health care is a major area of concern to these people. We are pleased that we can offer them reduced rates while covering the higher medicare deductible and co-insurance amounts."

Appoint Hughes To RLF Hospital Advisory Council

J. A. Hughes, a life long resident of Red Lake Falls, has been appointed to the St. John's hospital lay advisory council. Hughes replaces Joseph Harren whose term expired at the end of 1973.

Lay advisory council consists of seven members throughout the hospital service area. Its purpose is to act in public relations for the hospital along with advising the hospital management in various areas of concern. Members act as the eyes and ears of the community and give the hospital a reaction on the community's feelings.

The council meets on a quarterly basis. Each member is appointed by the administrator upon recommendation from the other lay council members and serves for a seven year term. One term expires each year. It is permissible for members to be reappointed.

Other members of the council are: Millard Dailey, chairman; Ray Perras, vice chairman; Robert Dodds and George Thibert, Red Lake Falls; Mrs. Milo Larson, Brooks; and Louis Plante, Gentilly. New officers will be elected at the next meeting of the council.

Taxpayers Are To Choose One Of Two Tax Charts

Taxpayers filing the 1040A tax return have the option of using one of two tax computation charts to determine their tax liability.

A problem, however, in returns already filed at the Ogden service center is that some taxpayers are using both.

"Taxpayers with an adjusted gross income of less than $10,000 should use the tax table in the back portion of the forms package that applies to the number of exemptions they are claiming," said R. C. Voskuil, district director of Internal Revenue for Minnesota.

"However, if their adjusted gross income is $10,000 or over they should use tax rate schedule X, Y, or Z on the back cover of their 1040A tax package, after first subtracting $750 for each exemption.

"The problem," Voskuil said, "is that some taxpayers with an adjusted gross income of under $10,000 are using one of the Tax Tables which already allows for $750 for each exemption, and then they also subtract $750 for each exemption. They are, in effect, claiming each exemption twice," Voskuil continued. "You can use just one of the tax computation methods and can claim an exemption only once."

For additional information on this or any other tax problem, taxpayers are urged to contact their IRS office by calling the toll-free number shown on page 7 of their 1040A tax package or page 2 of their 1040 tax package.

Savings Bonds Purchase Limit Increased Jan. 1

Annual limitation on purchases of Series E and H savings bonds has been increased by the department of the treasury, according to Clifford C. Sommer, vice president of the University of Minnesota foundation and Minnesota state chairman for United States savings bonds.

Sommer said that, "effective Jan. 1, 1974, the annual individual purchase limit (purchase price) has been increased from $5,000 to $7,500 on Series E. bonds. The individual annual purchase limit on Series H. bonds has been increased from $5,000 to $10,000.

The changes were recommended by the American Bankers associaton savings bond committee and the volunteer state chairmen for savings bonds, according to Sommer.

Sales of Series E and H Bonds rose $2.7 billion in the year, to $60.3 billion nationally, and are expected to exceed $90 million in Minnesota.

Sommer noted that the new six per cent rate and the increased purchase limits combine to make an attractive investment package.

LuAnn Lillevold On Tour With Concordia Choir

Concordia college choir, under the direction of Dr. Paul J. Christiansen, will begin a 10-state tour February 9.

LuAnn Lillevold, daughter of Mr. and Mrs. Torrance Lillevold of Grygla, is a soprano in the 65-member group. She is a junior at Concordia, majoring in music.

Dr. Christiansen, who is chairman of the music department, also will conduct the choir on a tour of Norway and Europe this summer.

Rasmussen Given Insurance Award

Harold G. Rasmussen, Thief River Falls, has been cited by Time Insurance company, Milwaukee, for 15 years of affiliation with the firm as an independent insurance representative.

Commendation was received from the company's vice president and director of agencies, W. E. Jordens.

Alfalfa Seed Expected To Be In Short Supply

Fuel won't be the only thing in short supply this spring, according to Verne Palmberg, vice president of sales for a major seed supply company.

Palmberg urges farmers to order alfalfa seed early this year, pointing out that some brands have already sold out.

"The entire seed industry is affected by this supply-and-demand situation," Palmberg emphasizes. "Farmers who wait to order alfalfa seed may not be able to get the brands they had hoped to plant."

Several factors, he says, have contributed to this seed supply situation:

(1) Average seed yields in production fields are down this year, due to less than favorable growing conditions.

(2) Demand for alfalfa seed is at an all-time high, because farmers are more aware of its high nutritional feed value. Also, there appears to be a growing demand for alfalfa hay as a cash crop.

(3) There is less carry-over seed from last year. Many brands sold out last year, too.

"A well-managed alfalfa stand can produce more protein per acre than any of the 25 other crops commonly grown for forage or grain," reports Palmberg. "And that's a major factor in this age of rising feed costs."

Together these factors mean that there will be less alfalfa seed available this year but demand is going to be greater than ever.

GRYGLA . . .

Helping Mrs. Bill Zavoral observe her birthday January 6th were, Mr. and Mrs. Bob Zavoral and family, Rob Zavoral, and Mr. and Mrs. Albert Kotrba, all of Goodridge, Mr. and Mrs. Billy Wikert and family, Mrs. Vernon Holthusen, Mrs. Ardell Holthusen, Mr. and Mrs. Tom Webster, Allan and Liland Korstad, Mr. and Mrs. Otto Myhrer and Mrs. Tillie Morben of Thief River Falls and Mr. and Mrs. Robert Zavoral of East Grand Forks who were also overnight guests. She received telephone birthday greetings from Mrs. Robert Mouris of Janesville, Wisconsin, Mrs. Walt Henricks of Pullman, Washington, Jerome Zavoral of Lansing, Illinois, Mrs. Lee Rising of Omaha, Nebraska and Ronald Zavoral of Arvada, Colorado.

Mrs. Ardell Holthusens Sunday visitors were Mr. and Mrs. Herb Holthusen and Paul, Mrs. Bill Zavoral, Mr. and Mrs. Billy Wikert and family, Mr. and Mrs. Vernon Holthusen and Elayne, Mr. and Mrs. Gerald Holthusen and April, DelRay Ruud of Gotzke and Mr. and Mrs. Mike Hoganson and Steve helped Mrs. Ardell Holthusen celebrate her birthday.

Mr. and Mrs. Jerry Sistad and family were Sunday evening visitors at Arvid Sistads.

Mr. and Mrs. Arvid Sistad, Debbie, Carol and Jodi visited Saturday evening with the Wallace Sistad family.

Mr. and Mrs. Leonard Schmiedeki and Heidi spent a few days in Minneapolis.

"Happy in newspaper work?

YES! . . . and here's the course that ...really got me into it!"

The girl in the picture above is Judy Blanchard, news reporter for the Alexandria Lake Region Echo and Lake Region Press. Judy had a bachelor's degree in education — with a minor in journalism — and always had the hankering to get into newspaper work.

Then, last summer, she took the 1973 Newspaper Skills Course at Anoka Hennepin Area Vocational Technical Institute.

"I don't think the course can be beat," she says. "I particularly recommend it to people with no journalism background. I found that it touched on just about everything that's important in journalism. It made a good, solid introduction for the work I'm now doing."

To qualify for the Newspaper Skills Course, there are three conditions: Applicants must be high school graduates, they must have a knowledge of typing, and must pass an English-usage entrance exam. There is a limit of 15 students to the fifth annual course coming up June 3-28, at Anoka's Area Vocational Technical Institute. If you want more information, write Ernie Larsen, Anoka Hennepin Area Vocational Technical Institute, Box 191, Anoka, Minn. 55303.

Thought For The Day

"He who has ears should use them." Jesus said it, and it was a warning. If people didn't pay attention to what he was saying, the results could be disastrous.

One of the worst things which we do to one another is to ignore one another. Lack of communication and understanding are caused by not hearing much more than by not saying.

The words of Jesus still apply, and failure to hear one another can be disaster in our own life in very real ways. A very important part of our Christian life is learning to hear what is said. We must hear the Christ if we are to know life eternal, and we must hear one another if life today is going to bring the blessings that it should have. *He who has ears* should use them—now.

—Rev. James R. Swanson
St. Hilaire ALC Parish

We Can Compete

Following a trip to the Asian-Pacific area, Arch Booth of the Chamber of Commerce of the United States is convinced that there is a great potential market for American exports in Japan, Korea, China, the Indochina peninsula, Malaysia and the Philippines to Australia and New Zealand.

"In numerous talks with the leaders and trade ministers of foreign governments, and with American and native businessmen in the area," Booth said, "one message kept coming through loud and clear: Send us your products. We want them. We are not getting enough of them.

"In all of the countries we visited, we learned that U.S. exports are not only competitive in price and quality, but are needed and welcomed. The two U.S. dollar devaluations, coupled with the technological and quality advantages of U.S. manufactured goods, provide U.S exporters with excellent opportunities."

Need for more U.S. trade exhibitions was cited by Booth. Minnesota has taken excellent advantage of this type of mission through its department of agriculture and developed many overseas markets for Minnesota agricultural production. In fact, an exhibition was held recently in Japan which created opportunity for exports in the multi-million dollar category.

Booth also notes that U.S producers should give special attention to the needs of developing countries for machinery and other products compatible in sophistication to their state of economic development. Having the right product to sell is as important as having the place to sell it.

But it is good to know that we can compete with what have commonly been considered the "low-priced labor" countries, due primarily to our mass production methods and technical skills. With the balance of trade as it now stands, it behooves our government to take advantage of whatever demand we can unearth for profitable export.

Points Well Made

Grand Rapids Herald-Review recently carried an article from the "Prison Mirror" at the Minnesota state prison at Stillwater which makes some excellent points regarding corrections here and anywhere. The article was in the form of an open letter to Kenneth Schoen, commissioner of the state corrections department.

"It may be impossible to run a prison in the manner which would suit the majority of its inmates," comments the Herald-Review writer. "But the prison writer makes good, sound points in his call for a system of discipline. He isn't asking for an easier life but for fair play for everyone."

The open letter follows:

From the trenches the facts are these: That unarmed convicts in this prison are under constant assault by a small group of psychopathic savages who, mainly because of the total breakdown of authority, are permitted to bushwack and maim with impunity (documentation furnished upon request) (or see any line guard).

The breakdown of discipline has been attributed in part to the implementaton of due process. However, due process is simply procedural in nature and is intended to protect against constitutional violations. It was never intended as a license permitting misconduct by a few at the expense of the majority. Neither does it prevent a prison administration from enforcing the rules and regultions it must have to run an orderly institution.

The facts of the matter are that a deplorable lack of leadership resulted in a bewildering series of policies which left both staff and inmates at a loss.

Correctional officers attempting to accord inmates respectful treatment are subjected to verbal assaults embracing every conceivable expression of filth. They have long since foregone writing reports of these insubordinate acts by a minor segment of the prison's population. Nothing ever came of them. Obviously **some directive** instructed that such conduct was merely an endeavor by the villifier to maintain self-respect. The lesson that one earns respect by according it to others has been forgotten.

Privileges are granted with no accompanying responsibility instead of the reverse. Disobedience to direct orders is ignored and it is entirely accurate to say that misconduct is rewarded. . .by such benefits as temporary paroles granted to some of the most flagrant offenders of the peace and -or the life, limb and property of the residents of this broken down bastille.

The cry of havoc heard from cell blocks will not be stilled by locking up the many in a vain hope of subduing the few.

No prison in the country operates safely without a separation of known potentially violent and-or dangerous sociopaths. Here at MSP, however, apparently such a notion is considered undemocratic and discriminatory.

You have stated that too many people are entering the prison and this prevents the staff from making a complete search or such visitors. May we suggest that a part of your problem lies in blaming drugs themselves rather than the lack of an effective treatment for chemically dependent inmates.

May we also suggest you consider the idea of a professionally trained classification committee who would be vested with the responsibility of determining the violet and dangerous sociopaths before they are unleased upon the main population.

Not only would such identification along with specialized and humane treatment improve the troubled lives of those individuals but such steps would lessen the incidents of the sort that continue to hamper the main goals of corrections.

There are difficulties to be surmounted in the formulation and implementation of programs designed to perform the above functions. However, the aims are commensurate with the main golas of correctons and efforts should be bent in this direction.

Curtailing outside contacts is, in a sense, rather like reducing the corrective measures a doctor has prescribed for a patient. A more effective method to reduce drug smuggling would be to develop a prion reorganization that would segregate chemically dependent inmates for housing and treatment. The attendant precautions necessary to reduce drug traffic could then be directed, as far as manpower usage, more accurately toward the target.

What must be realized is that the present unpalatible conditions will not be improved until the problems are recognized and steps taken to correct them. It is time to stop making proper sounding noises for public consumption and to start doing the job you were hired to do.

Fair Campaign Fund?

Following commentary by Harry Reasoner of ABC television network news was printed in a recent issue of the Norman County Index at Ada:

The great problem with setting up a system for public financing of campaign costs is to establish it fairly—fair, that is, to incumbents and the people who want to oust them, to major parties and to new groups who want to gain strength. Quite naturally, the incumbents are less interested in being fair to challengers than the challengers are, and since it is the incumbents who have to pass any legislation, and the present system favors them, we may still be discussing high-sounding proposals—and living with the present wretched system—two or three presidents and a dozen Congresses from now.

The best proposal, it has seemed to me, was the one first outlined in 1965 by a non-partisan commission originally appointed by President Kennedy. It provided that only individuals could contribute to campaign costs, that there would be a limit on the amount an individual could give—50 dollars or something like that—that he could give it to any qualified candidate or party—and that he could then deduct it, all of it, from his income tax. This sytem would not shut out new candidates or new parties, and it would preserve the necessity for incumbents to court their employers. Coupled with restrictions on how long a campaign could last and with debate time for major post-primary candidates furnished free on television, it should eliminate the Herbert Kalmbachs and Maurice Stanses from future campaigns.

Borrowed Nonsense

An Eskimo won a trip to New York as a prize for catching the most seal in a season. When he returned home he brought with him a length of pipe, which he set up in his igloo so it protruded through the roof. His wife asked what it was for, and he replied, "That's a trick I learned in New York. When you want more heat you bang on this pipe."

Nothing is more beautiful than a single snowflake. Unfortunately, they never seem to come that way.

The American Conscience

by Dr. RUDY SKOGERBOE

At no time in the hostory of the U.S. has an American President been subjected to more organized and vicious antagonism than President Nixon. The extent of the "destroy Nixon" drive is so great that it has effectively crippled the work that needs to be done.

The good plans of welfare reform which are long overdue are ignored. The necessary modernization of our defense program is lagging because a wounded President cannot get cooperation and shies away from pushing his luck. We desperately need to balance our budget, but Watergate with its trial by suspicion prevents strong action by the President to get things done. On the contrary, Congress and the press accuse the President of criminal action in impounding funds, which may be unpopular, but absolutely necessary.

The forces lined up against him are many and powerful. They include a block of liberal Democrats who lead the attack and who are responsible for an impeachment trial. Next comes the press, radio, and TV. The media continues to question Mr. Nixon's integrity about something every day. If it is not the tapes, it is political contributions.

The media continues to ignore the fact that the apparent anti-U.S. stand by Mr. McGovern in the Vietnam problem stimulated the Watergate break-in. To me this is a shame and a scandal of the worst order for the National Democrat Party, not the President. The media continues to chew away at the tape matter, as if it were all important. The Mpls. Tribune in one issue last week had four front page headlines accusing Mr. Nixon of various crimes, none of which were proven. This saturation of the news with accusations naturally raises question of guilt.

In the matter of the milk industry, for example, the assumption is that Mr. Nixon is guilty of some terrible crime when actually yesterday it was learned that the Democrats received more money than the Republicans. The press ignores the real facts of payola in the political scene and writes as if Mr. Nixon invented the idea.

The powerful labor union organization called C.O.P.E. continues to pick and support its candidates. The midwest is a good example of this, but the press accepts this as being perfectly in order. When the President gets a contribution it is a crime and he must prove himself innocent. So we wait for Congress to act and in the meantime, the press has indicted, tried and now demands the resignation of Mr. Nixon.

Organizations also are out to get the President. Two of these are the ADA (Americans for Democratic Action) and the American Civil Liberties Union, and of course, the Communist Party.

In my opinion, Mr. Nixon should not resign, as he is apparently not guilty of any crime and this is the big trouble for his enemies. They do not have the evidence to impeach him, or it would have been done long ago. All they can do is make political hay be harping at him in the press.

It would seem logical that the time has come to try a little American fair play. It is time to assume innocence until guilt is proven in the court—not the press. It is time to realize that destruction of the person of the president is really a reflection of our collective honor and dignity. If this continues, everyone loses, including the liberals who are out to get him.

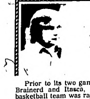
BUILDING CENTER
BUILDING THE GREAT NORTHWEST FOR OVER 80 YEARS



Mike Lundgren

Prior to its two game sweep over conference foes Brainerd and Itasca, Northland community college basketball team was ranked as the ninth best team in the five state region XIII junior college area.

University of Wisconsin-Richland Center was tabbed number one with a 14-0 record and NDSU-Bottineau was second with a 9-3 mark. Mesabi of Virginia was eighth, Northland ninth, Lake Region of Devils Lake tenth and Crookston Tech eleventh to give the area a strong representation in the rankings.

Northland listed as the third highest scoring team in the region with a 95.9 scoring average. UW-Richland Center was the most productive offensive team with a 104.1 scoring average and NDSU-Bottineau was second with a 97.9 average.

Northland, currently 12-3 for the year and 6-1 in MCCAA Northwest Division play, will play eight straight important division counting games to finish the 1973-74 regular season as the Northmen seek a state tournament berth for the first time in the school's history.

Coach Chet Engelman's Northmen travel to Fergus Falls for a key Northwest Division game Wednesday. The Spartans have been a perennial Northwest Division champion in recent years and, despite a mediocre season record, have been playing strong conference ball and are in a position to win another division crown if it can post home court wins over Northland and Crookston.

Northland will host Brainerd Saturday before travelling to Crookston for another key division game Tues., Feb. 5. Northland will host Fergus Falls on Mon., Feb. 11.

If the Northmen can gain at least one win in its trips to Fergus Falls and Crookston and then come back with a home court win over the Spartans a first place division finish would be nearly assured.

The first and second place team in the Northwest Division will advance to the MCCAA state tournament at North Hennepin in Brooklyn Center February 27-28 and March 1.

—0—

David Dickey, Northland's multi-talented freshman guard has added another individual season school record to his already impressive basketball statistics.

Earlier Dickey, a slender 6-0 ball handling wizard from North Canton, Ohio, broke the season assist record. The mark continues to rise with Dickey now being credited with 193 assists. The old record was 70 assists set by Jim Goudge during the 1970-71 season. Dickey is averaging nearly 13 assists a game. The previous one game assist mark was eight set by Darrell Stromlund during the 1971-72 season.

Saturday Dickey set another record by picking up with 72nd loose ball recovery—a pickoff of an opponent's turnover. The old recovery record was 69 set by Willie Bayne during the 1971-72 season.

—0—

Itasca's two game weekend sweep over Northland Saturday and Sunday firmly implanted the Vikings atop the MCCAA hockey conference standings, assuring the Grand Rapids school of the best possible berth in the state tournament scheduled to be played in the Thief River Falls sports arena February 28 and March 1.

Hibbing did have a solid hold on the first place position until region XIII officials forced the Cardinals to forfeit three early season games the Hibbing sextet had won. Apparently Hibbing school officials neglected to send in eligibility forms to the region office on time and NJCAA rules clearly state that games played prior to the postmark date on the eligibility envelopes shall be forfeited.

The way things stand right now the MCCAA state tournament field here will probably include Itasca, Hibbing, Mesabi and Northland.

LHS Basketball JV's Beat Ada And Fergus Falls

Lincoln high school junior varsity basketball team posted wins over Ada and Fergus Falls in weekend competition to boost their season record to 6-4.

Thief River Falls defeated Ada 60-47 Friday night, holding quarter leads of 11-4, 38-32 and 50-28. David Grothe scored 14 points to pace the offense while Don Forney and Dick Johnson each scored 12 and Brian Waale added 11.

The Prowler Bees stopped Fergus Falls 57-49 Saturday, building quarter leads of 16-8, 32-16 and 50-30. Forney and Grothe both scored 11 points against Fergus Falls and Johnson added 10.

The boa constrictor, a large muscular snake measuring from one to more than thirty feet long, is not poisonous.

PROWLER FORWARD Randy Dallmann sailed past a host of players to score on this play during Saturday night's Thief River Falls-Fergus Falls Northwest Conference basketball game played in the Lincoln gym. Kent Christensen (51) and Wayne Peterson (55) of the Prowlers watch the action along with the Otters' Paul Porter (50). Fergus Falls won the game 69-58.

Hot Shooting Otters Stop Prowlers 69-58

Fergus Falls unleashed an accurate outside shooting offense and a pressing defense Saturday to beat Thief River Falls 69-58 in a Northwest Conference basketball game played in the Lincoln high school gym.

A devastating third quarter performance in which the hot shooting Otters connected on 12 of 18 field goal attempts, most from outside a Prowler zone defense, sparked the highly regarded Fergus Falls quint to its win as the Otters outscored the Prowlers 34-13 to turn a 35-34 halftime deficit into a 58-48 lead at the final quarter break.

Back to back close range buckets by ever-improving 6-8 center Wayne Peterson gave the underdog Prowlers a 41-38 lead with 6:13 remaining in a fast moving third quarter.

The bottom fell out of the Thief River Falls zone, however, as Kevin Johannes and Mark Stortroen banked in medium range jump shots to give the Otters a 42-41 edge and ignite a two minute 10 point Fergus Falls scoring spurt.

The much publicized Fergus Falls press forced Thief River Falls into throwing the ensuing inbounds pass directly into the hands of Matt Gervais for an easy two pointer and sharp shooting Mark Toso followed with consecutive eye-catching 20 foot jumpers to suddenly lift the Otters to a 48-41 command with 4:05 remaining.

The two teams then traded points on an even basis until Stortroen and Toso banged in three straight long range bombs to open up what had been a closely matched ball game into a 58-47 margin with 1:23 left.

A single free throw by Dallas Kemmer finished the third quarter scoring with the Otters sitting on a comfortable 10 point cushion.

Fergus Falls employed a time consuming patterned offense to start the fourth quarter, but a long jumper by Jerry Sandahl and two free throws by Kemmer lifted Thief River Falls to within 58-52 with five minutes remaining.

A Fergus Falls turnover presented Thief River Falls with a golden opportunity to narrow the gap to just four points, but the Prowlers gave the ball right back to the Otters who responded with two baskets by center Randy Johnson to hike the margin back to 62-52 with 4:24 left.

Prowler forward Randy Dallmann continued a strong game performance which found the 6-2 senior scoring 20 points by tapping in a rebound for a still catchable 62-54 difference with 3:26 remaining, but the Otters, who went nearly three and one-half quarters without stepping to the free throw line, sank four of five gift tosses in a minute's time to assure themselves of a win.

Two free throws by Dallmann with 1:39 to go made it 67-56, Stortroen matched the charity tosses with 1:06 remaining and Duane Dicken finished the scoring with a long jump shot eight seconds before the buzzer.

A sluggish Thief River Falls first quarter showing enabled Fergus Falls to build a 16-10 first stop lead with Toso's long range gunning spearheading the Otter attack.

A rejuvenated Thief River Falls effort took over the spotlight in a furious second quarter. The Prowlers trailed 22-18 with 6:02 remaining in the first half before Kent Christensen scored from close range, Kemmer and Dallmann combined for three free throws and Peterson tossed in a short hook shot to push Thief River Falls in front 25-22 with 4:05 left.

The Prowlers enjoyed their biggest lead of the ball game at 20-24 with 3:10 to play in the second quarter enroute to their 35-34 halftime edge.

Fergus Falls shot a hot 54 per cent from the field for the game as the Otters made 31 of 57 attempts. Thief River Falls made only 20 of 61 tries for a 33 per cent showing. From the free throw line Thief River Falls was 18 of 32 while Fergus Falls was seven of 12. Thief River Falls held a 36-25 rebound edge, but that was more than offset by 25 glaring Prowler turnovers as compared to 11 for the Otters.

Thief River Falls will try to improve upon its 6-4 season record Friday when the Prowlers host defending district 31 champion Crookston.

Peterson, TRF Dump Ada 59-49

Thief River Falls raced to a 16-5 first quarter lead, survived a second quarter Ada comeback effort and big 6-8 junior center Wayne Peterson scored a bunch of points Friday night as the Prowlers held off the Vikings 59-47 in a non-conference basketball game played at Ada.

After falling behind by a whooping 16-5 margin at the end of the first quarter the host Vikings rallied against the disorganized Prowlers to trim the deficit to only 21-19 at halftime. Ada outscored Thief River Falls 14-5 in the second canto as Peterson, with a field goal and three free throws, was the only Prowler to score in the frame.

Thief River Falls turned things around after intermission, however, as the Prowlers fed Peterson a steady diet of short lob passes. Peterson responded with 18 points in the third period as the Prowlers pulled away to a more comfortable 45-31 advantage going into the final period.

Peterson, who stood head and shoulders above the tallest Ada player, finished the game with 31 points even though Prowler coach Lee Swanson used reserves nearly the entire fourth quarter.

Junior forward Dallas Kemmer was the only other Prowler scorer in double figures with 11 points. Kemmer, Duane Dicken and Randy Dallmann set up most of Peterson's close range buckets as Kemmer earned seven assists, Dicken six and Dallmann four.

Bob Wagner and Brad Benesh paced the Ada scoring with 14 and 10 points respectively.

Thief River Falls shot 37 per cent from the field for the game as the Prowlers made 22 of 60 attempts. Ada shot 32 per cent from the floor, making 19 of 60 tries. Thief River Falls was 15 of 27 from the free throw line while Ada sank nine of 17 gift tosses. Thief River Falls held a hefty 51-33 rebound edge with Peterson pulling down 15 caroms.

To round out his outstanding 31 point, 15 rebound effort, Peterson also blocked seven shots.

Bemidji Rally Trips Prowler Skaters 4-2

Bemidji spotted Thief River Falls an early 2-0 first period lead before the defending region eight champion Lumberjacks came roaring back to beat the Prowlers 4-2 in Friday night's big regional hockey encounter played before a near capacity crowd in the sports arena.

The large crowd that turned out to see the region's top two teams go after each other were treated to a wild hard hitting game as the two long time athletic rivals bounced each other around the rink for 45 emotional minutes.

Although the high ranked Lumberjacks had been enjoying a territorial advantage, the two region powers entered the deciding third period on even terms tied at 2-2.

Surprisingly, the game long rough stuff let up somewhat and both teams opened up into a wide open style of play in the final 15 minutes. Thief River Falls just missed several early scoring opportunities as the Prowlers kept the pressure on veteran Bemidji goalie Jeff Wizner at the start of the stanza.

Bemidji finally snapped the heart pounding standoff with only 2:10 remaining when sophomore wing Rod Beck hurled a hard 15 foot wrist shot from the right side into an open far corner of the net. Dan Dow, another sophomore, assisted on the game winning goal.

Thief River Falls' final opportunity for a late game tying goal was crushed when Prowler defenseman Mike Onkka was whistled for interference in front of the Bemidji net with only 1:36 left.

The Lumberjacks used 30 seconds before scoring on the power play as Randy Beck broke in alone on Prowler goalie and planted a close range wrist shot into the left corner of the net with 1:06 to go. The insurance tally was set up when defenseman Bill Himmelright stole a Prowler clearing pass near the blueline.

Thief River Falls had excited the partisan home crowd early in the first period when seniors Tony Dorn and Max Thrall scored just 17 seconds apart for an unexpected 2-0 Prowler lead just 4:18 into the game.

Dorn opened the scoring with a booming slap shot from the right point just three seconds into a Prowler power play. Center Scott Reed controlled the face-off after the penalty was assessed, getting the puck clear across the width of the rink to Dorn who immediately drove his low line drive right through Wizner with 4:01 gone.

Moments later Thief River Falls went in front 2-0 with a little help from an embarrassed Bemidji defenseman. Thrall, standing almost behind the Bemidji net, tried to slip a centering pass in front. The pass went right to Bemidji's Keith Hanson, but the puck glanced off his stick blade and slipped by the startled Wizner.

Visions of another 6-3 Prowler rout of Bemidji (as was the case in their first season meeting in December) were short lived, however, as the Lumberjacks came back to control the rest of the opening stanza. Only Folger kept the smooth working Lumberjacks off the scoreboard as the lanky Prowler senior turned in a near brilliant nine save first period effort.

Bemidji rallied to tie the game 2-2 in the second period as the Lumberjacks dominated the middle stanza, allowing Thief River Falls just three shots on goal while firing 13 times at Folger.

Bob Johnson collected the first Bemidji goal with 9:39 remaining. Folger made an initial save on a Bemidji rush, but Johnson came gliding by and wacked the uncovered rebound past the kneeling Prowler goalie for a 2-1 game.

Bemidji scored the equalizer only 3:30 before the end of the second period when defenseman Dick Howe slapped a long straightaway shot from the blueline through a maze of players and under Folger as the Prowler hopes of escaping the nightmarish period with a 2-1 lead were ended.

Folger finished the game with 29 saves compared to only 11 stops Wizner had to make.

First Period

SCORING—TRF, Dorn assisted by Reed, 4:01. TRF, Thrall unassisted, 4:18.

PENALTIES—Bemidji, Himmelright, interference, 3:58. Bemidji, Israelson, tripped, 12:34.

SAVES—TRF, Folger 9. Bemidji, Wizner 4.

Second Period

SCORING—Bemidji, Johnson assisted by Bjella and Randy Beck, 5:21. Bemidji, Howe assisted by Israelson and Fairchild, 11:30.

PENALTIES—TRF, Onkka, hooking, 3:12. TRF, Goulet, elbowing, 5:40. TRF, Dorn, interference, 10:14.

SAVES—TRF, Folger 11. Bemidji, Wizner 3.

Third Period

SCORING—Bemidji, Rod Beck assisted by Dow, 12:50. Bemidji, Randy Beck assisted by Himmelright, 13:54.

PENALTIES—TRF, Onkka, interference, 13:24. Bemidji, bench, 14:56.

Prowlers Host Fargo South; Will Travel To East Grand Forks

Lincoln high school hockey team will be back in action tonight (Monday) when the Prowlers host Fargo South in the Thief River Falls sports arena beginning at 8 p.m.

Thief River Falls will also skate on Tuesday with the Prowlers traveling to East Grand Forks for a region eight encounter.

The current region eight hockey point standings are as follows:

(Key — pts w, points won; pts l, points lost; pts r, points remaining).

North Half

	pts w	pts l	pts r
TRF	9	2	5
Warroad	11	4	5
Roseau	6	4	6
Baudette	3	4	5
Hallock	5	10	3
Indus	1	10	5
Red Lake Falls	1	12	5

South Half

	pts w	pts l	pts r
Bemidji	13	1	2
EGF	10	1	7
Brainerd	4	2	4
Detroit Lakes	7	7	6
Alexandria	4	4	4
Moorhead	7	9	4
Crookston	6	10	2
Fergus Falls	1	8	5

Wrestlers Bag Panthers 30-21

Thief River Falls rallied to beat visiting Park Rapids 30-21 Thursday to improve the Prowler dual meet wrestling record to 6-3 for the year.

The come from behind win was the fourth straight victory for the Prowlers in the 1974 portion of the 1973-74 season. Coach Ed Krystosek's matmen will return to action tomorrow (Tuesday) when Thief River Falls hosts Warren in the Lincoln gym beginning at 7:30 p.m.

Trailing 18-9 near the halfway point in Thursday night's match, Thief River Falls bounced back to win four of the final five bouts to knock off the respected Panthers.

Bryan Steiger made up a big portion of the deficit at 145 with a first period pin of Park Rapids' Tom Higgens to pull the Prowlers to within 18-15.

Park Rapids moved to a 21-15 lead at the next weight, however, when the Panthers' Jim Crist posted a controversial 3-2 win over Steve Nordhagen. The Prowler senior led 2-1 at the end of the first period, but Christ made it 2-2 going into the third stanza when he gained the winning point on a referee's penalty call against Nordhagen.

Thief River Falls climbed back into contention at 167 behind a one-sided 9-1 win earned by Steve Sorvig over Park Rapids' Dave Madaris for a 21-18 difference.

A first period pin by Lee Rolland over John Bialke in the 180 pound match gave the Prowlers the lead for the first time since the match opening bout. Rolland's pin gave Thief River Falls a 24-21 lead and assured a Prowler win since the Panthers forfeited the heavyweight match to Dave Panek.

The host Lincoln wrestlers had opened an early 3-0 lead when Thief River Falls' Lonnie Olson made a first period takedown stand up for a 2-0 win over Herb Girtz at 98 pounds.

Park Rapids wasted little time erasing the deficit, though, with the Panthers' Les Helmonen pinning Dan Hallstrom at 4:24 in the 105 pound event to put Park Rapids on top 6-3.

Thief River Falls gained a 6-6 tie at 112 when Mark Swanson blanked Joel Jokela 4-0 with a first period takedown and a second period reversal.

The Panthers jumped in front 12-6 behind a 2:41 pin by Wayne Jensen against Thief River Falls' Barry Newton in the 119 pound match.

Lyle Swanson earned a second period reversal to edge the Panthers' Virgil Eskola 2-0 at 126 to trim the match margin to 12-9, but Park Rapids won the next two matches to go in front 18-9.

At 132 the Panthers' Larry Mack snapped a 2-2 tie with a pair of third period two point nearfalls to decision Joel Sorvig 6-3. In the 138 pound class Park Rapids' Scott Wilcox out-pointed Brad Steiger 10-4 to build up a seemingly comfortable Panther lead.

Thief River Falls won the preliminary junior varsity matches in impressive fashion 41-20.

University of North Dakota will have a new football opponent Nov. 16, 1974 when it travels to Monroe, La., to face Northeast Louisiana University.

BEMIDJI WING Randy Beck was forced to shoot wide of the goal mouth on the play as Thief River Falls goalie Joel Folger thwarted the scoring opportunity during the second period of Friday night's Prowler-Lumberjack region eight hockey game played in the sports arena. Bemidji rallied from a 2-0 deficit to beat Thief River Falls 4-2.

Bemidji Wins Northwest Conference Mat Tourney

Bemidji won the second annual Northwest Conference wrestling tournament team title Saturday with an almost unbelievable championship round finish to squeeze by a frustrated second place Thief River Falls team 112½ to 111.

Fergus Falls placed third in the final team standings with 103 points, followed by host Crookston with 95, East Grand Forks 68 and Breckenridge 44½. Crookston was the defending team champion.

Following the second round semi-final competition Thief River Falls held a comfortable 111-100½ edge over Bemidji with five Prowler wrestlers advancing into championship matches. Bemidji moved seven wrestlers into the championship round, but the only way the Lumberjacks could have won the meet title was to win at least four individual titles while at the same time the favored Prowlers would have to come up without a champion in five tries.

The unlikely happened as the Lumberjacks won their required four individual crowns while the Prowlers were stopped cold in the championship round. Bemidji won the conference crown in the last match of the tournament when the Lumberjacks' Mark Wilcox beat Fidencio Hiracheta of East Grand Forks 8-1.

The other Bemidji champions were three head to head triumphs over Thief River Falls wrestlers. At 119 Bemidji's Steve Hendrickson beat Thief River Falls' Barry Newton 7-3; at 145 Bemidji's Kirby Shofner beat Thief River Falls' Bryan Steiger 4-2; and at 167 Bemidji's Howard Nord beat Thief River Falls' Steve Sorvig 2-0.

Two other Prowler championship round losses came at 112 when Crookston's Guy Halvorson decisioned Thief River Falls' Mark Swanson 3-1 and at 132 when Greg Aldrich of Breckenridge squeezed by Joe Kezar of Thief River Falls 10-8.

Other championship match results found Mike Streeter of Fergus Falls beating Mike Hanson of Crookston 5-1 at 98; Todd Basgaard of East Grand Forks beat Gary Stay of Bemidji 6-4 at 1-5; Dave Graff of Fergus Falls beat Tim Mohler of Bemidji 6-4 at 126; Ken Belch of Crookston beat Brian Bond of Fergus Falls 2-0 at 183; Gorky Hanson of Crookston beat Jon Dostal of East Grand Forks 5-2 at 155; and Mark Hanson of Fergus Falls beat Joel Traut of Bemidji 3-2 at 180.

Individual Thief River Falls results were as follows:

98—Lonnie Olson beat Dave Beyer of Breckenridge 4-0, lost to Mike Hanson of Crookston 4-3 and lost to Jeff Zak of East Grand Forks 6-3 for thrid.

105—Dan Hallstrom received a first round bye, lost to Gary Stay of Bemidji 5-2, beat Jeff Affeld of Breckenridge 2-0 and beat Don Steer of Crookston 6-0 for third.

112—Mark Swanson pinned Chip Olstead of Breckenridge 2:30, beat Duane Handerson of Fergus Falls 16-0 and lost to Gary Halvorson of Crookston 2-1 in title match.

Barry Newton received a first round bye, beat Brian Eklund of Fergus Falls 9-2 and lost to Steve Hendrickson of Bemidji 7-3 in title match.

126—Lyle Swanson received a first round bye, lost to Tim Mohler of Bemidji 8-2 and beat Gayle Tiedeman of Crookston 3-0 for third.

132—Joel Kezar beat Mike Schmidt of Bemidji 7-0, beat Dave Knutson of Fergus Falls 8-2 and lost to Gary Aldrich of Breckenridge 10-8 in title match.

138—Brad Steiger pinned Ken Waterlund of Breckenridge 2:37, was pinned by Brian Bond of Fergus Falls 4:46 and beat Brian Mershman of Bemidji 3-0 for third.

145—Bryan Steiger received a first round bye, beat Jay Berge of Fergus Falls 10-3 and lost to Kirby Shofner of Bemidji 4-2 in title match.

155—Steve Nordhagen received a first round bye, lost to Jon Dostal of East Grand Forks 7-5 and lost to Gay Olson of Fergus Falls on a referee's decision in overtime for third.

167—Steve Sorvig received a first round bye, beat Tim Hasbnayen of Breckenridge 14-2 and lost to Howard Nord of Bemidji 4-2 in title match.

180—Lee Rolland received a first round bye, lost to Joel Traut of Bemidji 6-0, pinned Bob Ostby of Breckenridge 1:56 and pinned Howard Bye of Crookston 2:45 for third.

Heavyweight—Dave Panek was pinned by Fidencio Hiracheta of East Grand Forks :38, pinned Lane Bennen of Crookston 3:28 and pinned Steve Blondeau of Fergus Falls 4:35 for third.

NCC Drops Two At Itasca; Host Crookston Tuesday

Itasca swept a two game weekend MCCAA hockey conference series from visiting Northland Saturday and Sunday as the Vikings posted back to back 8-5 and 5-3 wins in the Grand Rapids arena.

The two losses lowered Northland's season record to 5-7 and evened the Northman MCCAA conference mark at 4-4. Northland will try to improve upon both of those figures tomorrow (Tuesday) when the Northmen host arch rival Crookston Tech in the Thief River Falls sports arena beginning at 7:30 p.m.

Itasca 8
Northland. 5

Itasca jumped out to a 4-1 first period lead in Saturday night's series opener with defenseman Kevin Thomson accounting for the only Northland goal, an unassisted marker midway through the period.

The Vikings moved in front 5-1 before Northland freshmen Dick Penning and Pete Jerome scored just ten seconds apart for a 5-3 contest in the second stanza. Penning scored on an assist from Jerome while Arlan Tveit assisted on Jerome's goal.

Another Itasca goal made it 6-3 heading into the third period in which both teams scored twice. Freshman Jon Markstrom scored both Northland third period goals with Al Eisenzimmer assiting on the first marker and Al and Rob Eisenzimmer helping out the second time.

Itasca fired 29 shots at Northland goalies Greg Carter and Gordin Landin while Tim McBride turned aside 33 shots for the Vikings.

Itasca 5
Northland. 3

The host Vikings opened a 2-0 lead in Sunday night's series nightcap before freshman defenseman Rob Almquist scored on assists from Tveit and Schmitz in the first minute of the second period to slice the difference to 2-1.

Itasca went in front 3-1 heading into the third period when the Northmen threatened once again on an unassisted goal by Thomson with 17:24 remaining.

The Vikings responded with two goals, however, to increase their lead to 5-2 with Al Eisenzimmer finishing the game's scoring on an assist from Tveit with only 36 seconds left.

Freshman goalie Pete Sullivan stopped 23 shots for the Northmen while McBride handled 26 shots.

Marv Ode Of TRF Wins International 500 Race

Marv Ode of Thief River Falls captured the spotlight of the snowmobile world last week with a first place finish in the 1974 St. Paul to Winnipeg international 500 mile snowmobile race.

Ode, a 36 year old Arctic Cat factory worker, pocketed $10,000 for his three day first place effort. He drove his Cat across the Winnipeg finish line Thursday in a total elapsed time of 11:50.24 over the rugged 530 mile cross country course.

Finishing second in the race, nearly 20 minutes behind Ode, was 17 year old Jack Cox of Anchorage, Alaska who was timed in 12:09.21 on his Arctic Cat.

Robert Przekwas of Badger finished third on a Polaris in a time of 12:25.05 and Jerome (Tubby) Lund of Thief River Falls was fourth in the end results, driving his Arctic Cat across the finish line in 12:36.21—good for $1,000.

Leroy Lindblad of Roseau was clocked in 12:37.16 on his Polaris to round out the top five machines.

The only other Thief River Falls driver to successfully finish the race was Bill Benedict who was earning pledges for the multiple sclerosis society in his race efforts.

Ode skyrocketed in the standings after an unimpressive first day start in which he finished 19th, over 17 minutes behind then leading Burt Bassett from Roseau on a Polaris. Bassett ended the 170 mile Tuesday first day trek from Lake Phalen in St. Paul to Alexandria in 4:02.50. Ode finished in 4:19.17.

A total of 150 machines out of the original 280 sleds that started finished the first day's ordeal.

Following controversial second day happenings, Ode jumped to second place, only four minutes behind defending race champion Stan Hayes of Roseau on a Polaris Hayes' time was 8:35.29 compared to 8:31.27 for Ode.

Ode had originally finished the second leg in seventh place, but race officials disqualified 14 drivers, including the top four finishers, in the second day's 190 mile route from Alexandria to East Grand Forks.

Officials ousted the 14 drivers for allegedly driving on roads instead of in the race route-ditches. Knocked out of contention were the four race leaders, Dave Thompson of Thief River Falls on an Arctic Cat, Francis Nelc of Roseau on a Polaris, Charlie Lofton of Thief River Falls on an Arctic Cat and Larry Coltom of Thief River Falls on an Arctic Cat. Don Eide of Thief River Falls, who was in eighth place on an Arctic Cat, was also ruled out of further competition.

Coltom, Thompson and Lofton have decided to bring a formal law suit against the Winter Carnival race officials for the disqualification incident and declined to comment to the Times on the matter until after talking to their lawyers.

Along with the disqualified drivers, the top three first day leaders were also left behind as Bassett and second place Loyal Skuza of St. Cloud on an Arctic Cat were forced out because of mechnical trouble and third place Ed Mansueto of Thief River Falls on an Arctic Cat bowed out after suffering an arm injury.

After the second day's racing Lund was in 10th place and Benedict was 40th.

Chester Boman, a 17 year old entry from St. Hilaire, was headed for a second place finish in Winnipeg until spilling his machine just south of the city, losing the sled's hood in the process. Race officials disqualified him because his machine didn't have the hood required by race rules as it entered Winnipeg. Although he lost out on the $4,000 second prize, he received $2,500 in special prize awards—the $1,000 Akerman award; $1,000 voted by the executive committee of the St. Paul winter carnival in a special move; and $500 from King Boreas Rex XXXVII of the winter carnival, Al Mueller—for finishing the race under difficult circumstances.

THIEF RIVER FALLS drivers Marv Ode (left) and Larry Coltom (212) were photographed just after crossing the finishing line at East Grand Forks Wednesday on the second leg of the St. Paul to Winnipeg international 500 mile snowmobile race. Ode went on to win the prestigious race title while Coltom was sidelined by race officials along with 13 other drivers for alleged road driving.

Northmen Rout Itasca 111-69

Seven players scored in double figures Saturday afternoon as Northland belted visiting Itasca 111-69 in an MCCAA Northwest Division counting basketball game in the Northland gym.

Ralph Fitts led the balanced Northland scoring attack with 22 points while Dave Kjos scored 17, Mike Peterson 16, Bill Gusa 14, David Dickey 10, Burnie Stephens 10 and Tom Kays 10 as an early Northland rout enabled coach Chet Engelman to play his entire team against the sluggish Vikings.

Northland opened up an 8-0 lead and held Itasca scoreless for the first three and one-half minutes of the ball game as the Northmen lifted their season record to 12-3 and their division leading MCCAA record to 6-1.

Itasca did manage to pull within striking distance at 14-9, but Northland's running offense galloped to a 54-37 halftime advantage.

The ever increasing Northland lead continued to mount after intermission as the high scoring Northmen cracked the 100 point barrier for the ninth time this winter.

Northland shot 50 per cent from the field for the game as the Northmen made a school conference game record 51 field goals in 103 attempts. Itasca shot 36 per cent from the field, hitting 30 of 83 tries. Northland made nine of 14 free throw attempts and Itasca sank nine of 20 gift tosses. Northland held a one-sided 66-49 rebound edge with Stephens pulling down 12 caroms, Fitts and Brown 11 each and Kays 10. Northland's efforts also included a school conference game record 30 assists, 13 by a cold-slowed Dickey, and 34 loose ball recoveries, eight recovered by Stephens.

Northland will be back in action Wednesday when the Northmen play a key Northwest Division game at Fergus Falls. Northland will be back home to host Brainerd Saturday at 2 p.m.

Prowler Hockey Junior Varsity Top Bemidji 4-1

Lincoln high school junior varsity hockey team avenged its only loss of the 1973-74 season Friday night by beating Bemidji 4-1.

Mik[illegible]ry scored twice to pace the Prowlers JV's while Scott Kays and Tim Loeffler each scored once.

The win lifted the Dale Wennberg coached Prowler B team record to 9-1-1 for the year.

arena schedule

Tues., Jan. 29, 9-11 ladies recreational skating. 7:15 Northland vs. Crookston.

Wed., Jan. 30, 4-6:30 high school. 6:45-9 Northland. 9:15 city league.

NORTHLAND SOPHOMORE Tom Kays (44) blocked this shot by Itasca's Dale Heffron during Saturday's MCCAA basketball game played in the Northland gym. Dave Kjos of Northland watches the action from the background in the picture. Northland trounced Itasca 111-69 to lift the Northman season record to 12-3, including a Northwest Division leading 6-1 mark.

Stephens Leads Northmen Past Brainerd CC 78-70

Freshman center Burnie Stephens poured in 27 points Wednesday to spark Northland to a 78-70 MCCAA Northwest Division basketball win over Brainerd.

In an outstanding first half effort Stephens hit 10 of 14 field goal attempts and made his lone free throw try for 21 points while pulling down 13 rebounds, picking off two Brainerd turnovers and blocking a shot to provide the struggling Northmen with a slim 40-38 lead at intermission.

"His (Stephen's) first half was as good as any 20 minutes of basketball I've ever seen anyone play," exclaimed Northland coach Chet Engelman. "He was just fantastic. His performance kept us in the ball game in the first half."

Following his sizzling first half show Stephens ran into early second half foul trouble and was forced to sit on the bench during much of the final 20 minutes.

Both teams battled on even terms at the start of the game. Brainerd held a narrow 17-16 lead with 11:15 remaining in the first half when Stephens struck for three field goals and a free throw, David Dickey connected from the floor and Stephens added another two pointer to push Northland in front 34-24, its largest lead of the game, with 5:30 left.

Brainerd rallied back, however, and with a long jumper at the buzzer managed to trim the deficit to only 40-38 by halftime.

Northland held onto a 48-42 edge early in the second half before the Northmen suddenly ran into a three minute offensive dry spell that found the host Raiders jump in front 52-48 with 15:24 remaining.

Northland's fast moving offense regrouped and pulled in front 70-61 with 7:48 left before Brainerd employed an effective slow down tactic to climb within 74-70 with 1:31 to go. A bucket by Stephens and two free throws by the flu-slowed Dickey during the final minute accounted for the 78-70 finale.

Engelman also praised the play of freshman guard Joe Brown who picked up the rebound slack when Stephens and Ralph Fitts ran into foul trouble. Brown pulled down 11 of his 18 rebounds in the second half, including nine important caroms near the end of the game when Brainerd threatened. Brown was also credited with eight assists to go along with 10 points.

Northland shot 47 per cent from the field for the game, making 34 of 73 attempts. Brainerd sank 31 of 79 tries for 39 per cent. Northland made 10 of 15 free throws while Brainerd hit eight of 14 gift tosses. Northland held a hefty 64-31 rebound advantage, but 28 turnovers hampered the Northmen throughout the game.

Card of Thanks

Thank you sincerely for sharing our sorrow in the passing of our dear Mother, Grandmother and Great-grandmother. Especially Pastor Stoffel for his comforting words and prayers, Mrs. Stoffel for her message in songs, Jerry Joringdahl for his music, also Green Funeral Home, the Pallbearers and to those who sent memorial gifts and flowers. We wish to thank the ladies of the Elizabeth Circle who served lunch, and to our dear friends and relatives who brought food to our home. Your thoughtfulness was appreciated and will always be remembered. May God bless you all.

The Lulu Knutson family
1t8p

Card Of Thanks

I extend sincere, grateful thanks to Dr. Heinricks and staff of Northwestern hospital, Rev. James Bernauer, Father Patnode, Sister Placid, relatives and friends for splendid care, gifts, cards, visits and telephone calls in my behalf.

Mrs. Pete Breznay

SCHOOL BOARD MINUTES
Regular Meeting
January 10, 1974

A regular meeting of the Board of Education of Ind. School Dist. No. 441, Newfolden, Minnesota was held in the superintendent's office on Thursday, January 10, 1974 at 8:00 p.m. Members present: Ervin Strandquist, Larry Bjorsness, Larry Inman, David Bakke, Halward Anderson, Duane Krohn, Walter Steinhauer and Supt. R. Gene Busch.

The meeting was called to order by chairman Duane Krohn.

A motion was made by Ervin Strandquist and seconded by David Bakke to approve the minutes of the regular meeting of December 13, 1973 as read. Motion carried.

The treasurer's report was read and accepted.

A motion was made by Larry Bjorsness and seconded by Larry Inman to hire Marshall and Stevens, Inc. to update the appraisal report for a sum of $325.00. Motion carried.

A motion was made by Hal Anderson and seconded by Ervin Strandquist to hire Patricia Swanson as secretary to RIC for $550.00 a month. Motion carried.

A motion was made by Ervin Strandquist and seconded by Larry Bjorsness to approve an educational leave of absence for Jon Campbell and approve a short term leave of absence for Lucille Tunheim, without pay, providing suitable substitutes can be hired. Motion carried.

A motion was made by Larry Bjorsness and seconded by David Bakke to pay Martha Hansen $475.00 a month retroactive to November 1, 1973. Motion carried.

A motion was made by David Bakke and seconded by Hal Anderson to close out the building fund so a final report can be made. Motion carried.

A motion was made by Larry Inman and seconded by Walter Steinhauer to allow the bills as presented. Motion carried.

General fund	$ 8,428.62
Lunch fund	2,772.04
Transportation fund	3,163.50
Debt Redemption fund	86,373.78
Auxiliary fund	6.25
R.I.C. fund	14,052.84
TOTAL	$114,797.03

A motion was made by Hal Anderson and seconded by David Bakke to set the mileage for school business at $.13 per mile effective January 1, 1974. Motion carried.

A motion was made by Ervin Strandquist and seconded by David Bakke to adjourn the meeting. Motion carried.

Walter Steinhauer, Clerk
Ind. School Dist. No. 441

SCHOOL BOARD PROCEEDINGS

January 28, 1974
Regular Board Meeting
Monday, January 7, 1974

A regular meeting of the School District No. 564 was held at 8:00 p.m. on Monday, January 7, 1974 at the Board Meeting Room of the School District Service Center.

The following members were present: Curtis Charlson, Paul Biegner, Clyde Christensen, Maynard Wedul, Kenneth Murphy, and Wallace Sparby. Harry Sjulson was absent.

A motion was made by W. Sparby, seconded by P. Biegner and carried as to approve the minutes of the previous minutes, December 10, 1973. A roll call vote was taken and passed unanimously.

Because of the early Board Meeting, there was no financial report. The financial report will be available for the January 21 meeting.

There was no unfinished business.

A motion was made by W. Sparby, seconded by M. Wedul and carried as to approve the following RESIGNATION: A. Betty G. Connors, Cafeteria worker. Effective date: December 17, 1973. A roll call vote was taken and passed unanimously.

There was no EMPLOYMENT.

A motion was made by W. Sparby, seconded by P. Biegner and carried as to the following: RESOLVED, that the Board appoint Mr. Robert Duprey as Business Supervisor at an annual salary of $10,500 effective January 8, 1974, with the benefits associated with the position and evaluation by the Board at the end of the fiscal year. A roll call vote was taken and passed unanimously.

A motion was made by M. Wedul, seconded by K. Murphy and carried as to approve the following: RESOLVED, that the Board of Education approve the appointment of Howard Dalager as second shift custodian at the Lincoln High School. A roll call vote was taken and passed unanimously.

A motion was made by M. Wedul, seconded by K. Murphy and carried as to approve the following: RESOLVED, that the Board of Education approve the appointment of Robert Thompson as second shift custodian at the Franklin Middle School. A roll call vote was taken and passed unanimously.

A motion was made by W. Sparby, seconded by K. Murphy and carried as to the following: RESOLVED, that John Anderson be appointed as Hockey Intra-Mural Director for the 1973-1974 School Year at a rate of $300.00. A roll call vote was taken and passed unanimously.

A motion was made by C. Christensen, seconded by M. Wedul and carried as to the following: RESOLVED, that the Board of Education authorize expenditures for the 1974-1975 supply and equipment budget not to exceed 85 per cent of the 1973-74 budgeted amount. A roll call vote was taken and passed unanimously.

A motion was made by W. Sparby, seconded by M. Wedul and carried as to the following: RESOLVED, that the Board of Education authorize the clerk to sign for receipt and sale of ARCTIC ENTERPRISES COMMON STOCK CERTIFICATES. (Example sale: No. C 12001 - 100 shares; No. CV 01268 - 500 shares). A roll call vote was taken and passed unanimously.

A motion was made by K. Murphy, seconded by M. Wedul and carried as to approve the following: RESOLVED, that AVTI Carpentry Class be authorized to remodel the James Dalager residence, St. Hilaire, at a fee of 10 per cent of cost of materials. The project to begin approximately February 1, 1974. BE IT FURTHER RESOLVED, that if the proposed remodeling of the James Dalager residence cannot begin as scheduled, that the Board would authorize the second option of Mr. Galford Wright, Rural Route No. 3, Thief River Falls as the alternate. A roll call vote was taken and passed unanimously.

A motion was made by W. Sparby, seconded by M. Wedul and carried as to the following: RESOLVED, that the Board of Education authorize the Administration to pay tuition for a Kindergarten child in attendance at the RE-HAB CENTER at the Grand Forks Public School District No. 1 from 9-19-73—9-27-73. A roll call vote was taken and passed unanimously.

A motion was made by K. Murphy, seconded by W. Sparby and carried as to the following: RESOLVED, that the Board of Education authorize the Administration to comply with the Federal Minimum Wage Standards effective January 1, 1974. A roll call vote was taken and passed unanimously.

A motion was made by K. Murphy, seconded by W. Sparby and carried as to the following: RESOLVED, that the Board of Education approve tuition to Gilfillian in Bemidji, Minnesota for a Thief River Falls School District No. 564 Student as per recommendation of School and Social Organizations and parental agreement. A roll call vote was taken and passed unanimously.

The Superintendent's report was given.

Wally Sparby reviewed with the Board the Legislation for the Minnesota Association of School Board Assembly.

Paul Biegner led discussion on the development of policy concerning Controversial Topics. A motion was made by P. Biegner, seconded by C. Christensen and carried as to the following: RESOLVED, that the following topics be studied by the Board:

1) students' right to read and learn
2) parents' right to determine appropriate reading material for their own children, and parent's responsibility to register objection to instructional materials in responsible fashion.
3) rights and responsibilities of administrators and teachers in helping students become effective citizens when examing controversial issues.

A roll call vote was taken and passed unanimously.

David Olin, School Board Attorney, presented some legal concerns.

Maynard Wedul expressed his sincere thank you and gratitude to the Board for their deep concerns for him and his family.

The Meeting was adjourned at 10:50 p.m.

Clyde Christensen, Clerk
Curtis L. Charlson, Chairman

Twenty-three million Americans have high blood pressure. Half of them don't know it. A simple test by your doctor will tell you for sure. Have him check your blood pressure regularly, and follow his orders. Untreated, high blood pressure can lead to stroke, heart and kidney failure.

Northland-AVTI Bowling League Champs Named

A squad entitled the Ten Pins emerged as the overall winner in the recently completed Northland community college-Thief River Falls area vocational technical institute bowling league.

Members of the Ten Pins team and their three game pin totals included Steve Belch 571, Deb Fanfulik 323, Pam Kjensrud 372, Vern Lindquist 535 and Mark Metusalem 470 for a total 2,271 pin score.

BILL HIMMELRIGHT of Bemidji just missed scoring on this play during Friday night's Bemidji-Thief River Falls hockey game played in the sports arena. Prowler goalie Joel Folger tried to stop the puck on the play, but it eluded him and sailed behind the netminder past the face of the open goal mouth. Bemidji won the game 4-2 to lower the Prowler season record to 7-4 for the year.

Tuff, Lakers Whip St. Boniface 12-2

Former Prowler coach Bob Tuff scored three first period goals Thursday to spark the Warroad Lakers to a 12-2 route over St. Boniface in a regular season Central Canadian hockey league game played in the Thief River Falls sports arena.

The game, sponsored by the Thief River Falls amateur hockey association, featured the CCHL's top two teams, but Warroad's classy first line with ageless Billy Christian centering Tuff and Harry Bueckert stole the game's spotlight by accounting for five goals and 10 assists against the undermanned Mohawks.

The first place Lakers jumped out to an early 1-0 lead when Tuff, Warroad's player-coach, picked up a loose puck and beat usually steady St. Boniface goalie Bob Rogers on the first shot of the game. Christian and Bueckert assisted on the play with only 30 seconds elapsed.

Tuff scored from Christian and George Forgie with 10:12 remaining and Bueckert increased the fast rising Warroad lead to 3-0 on assists from Tuff and Christian just 36 seconds later.

Tuff collected his "legitimate" first period three goal hat trick with 5:41 remaining. Christian and Bueckert assisted on the play.

A one-time University of North Dakota stand-out, Tuff notched his fourth goal at the start of the second period with an eye-catching close range backhand on a partial breakaway. Christian and Bueckert were again given assists to hike Warroad's lead to 5-0.

Jim Cole scored a pair of goals just 11 seconds apart; Jim Trosky rapped in the first of this three goal output; and Tim McKinnon scored once as the Laker lead zoomed to 9-0.

St. Boniface finally got on the scoreboard midway through the second period, but Trosky scored with 58 seconds left for a 10-1 bulge entering the final 20 minutes.

Bryan Grand and Trosky sandwiched third period goals around a second Mohawk marker for the final 12-2 margin. Trosky's third goal of the game was scored with just two seconds remaining.

Warroad goalie Blaine Comstock turned aside 32 shots while his Laker teammates peppered 53 shots at Rogers and his third period replacement Gord Tumilson.

Warroad will make another appearance in the sports arena Sun., Feb. 10, when the Lakers face CCHL opponent East Kildonan.

Plummer Dumps Red Lake Falls Hoopsters 59-37

Plummer snapped a four game losing streak Friday night as the Cardinals clobbered Red Lake Falls 59-37 in a Polar Conference basketball game.

Coach Frank Nelsen's Cardinals evened their season record at 5-5 with the win and will be trying to climb above the .500 level tomorrow (Tuesday) when Plummer travels to Mentor.

Plummer opened up an 11-7 first quarter lead against the visiting Eagles before racing to a 31-15 halftime bulge. The Cardinals held a 38-23 advantage after three quarters.

Ed Vatthauer paced the Plummer efforts with 20 points and 12 rebounds. Dave Walter added 12 points. No Red Lake Falls player scored in double figures.

Goodridge Romps Past Climax By 71-39 Margin Fri.

Goodridge lifted its 1973-74 basketball record to 6-5 Friday with a 71-39 romp over Climax in a Polar Conference game played on the Huskies' home court.

Coach Mike Borgman's Huskies jumped out to a 20-12 first quarter lead and were never headed as Goodridge led 37-25 at halftime and 56-25 after three quarters.

Three Goodridge scorers reached double figures, including Howard Vigen with 14, Paul Solberg 12 and Arden Hyland 10. Scott Estenson was high point man for Climax with nine.

Goodridge shot 46 per cent from the field for the game as the Huskies made 30 of 58 attempts. Goodridge hit 11 of 17 free throws and held a lopsided 47-25 rebound edge. Hyland and Tom Bendickson each pulled down 10 rebounds for the Huskies.

Goodridge also won the junior varsity contest as the Ken Ewertz coached Huskie pups won 41-37 behind a 13 point effort by Jim Johnson.

Goodridge will be back in action tomorrow (Tuesday) when the Huskies travel to Red Lake Falls.

TRF YOUTH BASKETBALL

Standings in the Thief River Falls elementary school fourth and fifth grade basketball program are as follows:

National League

	W	L
Knox Spartans	6	1
St. Hilaire Torpedoes	6	1
Mark Twain Panthers	3	3
Washington Lakers	1	5
Northrop Green Wave	0	6

Results from last week's play—Panthers 6, Green Wave 4; Spartans 18, Torpedoes 1; Torpedoes 14, Lakers 4; Spartans 13, Green Wave 10.

American League

	W	L
Mark Twain Cheetas	5	1
Washington Bucks	3	3
St. Hilaire Jets	3	4
Knox Celtics	3	4
Northrop Bullets	2	4

Results from last week's play—Cheetas 6, Bullets 2; Celtics 6, Jets 4 in overtime; Jets 12, Bucks 2; Celtics 12, Bullets 6.

Elks Team

The Thief River Falls Elks seventh and eighth grade traveling basketball team defeated Newfolden 67-35 Tuesday in a game played at Newfolden.

Bruce Williams and Keith Christensen each scored 12 points to lead the winners.

FRESHMAN CENTER Burnie Stephens (33) of Northland scored two of his 27 points on this play during Wednesday night's MCCAA Northwest Division basketball game played at Brainerd. Stephens' performance helped lead the Northmen to a 78-70 win over the Raiders who will be visiting the Northman gym Saturday for a return 2 p.m. contest.

Saints Lead The LHS Intramural Hockey League

In a game played between unbeaten league leading teams, the Saints stopped the Bruins 7-3 Tuesday to take over sole possession of first place in the Lincoln high school intramural hockey league program.

The Saints sport a 3-0-1 record, followed by the Bruins and Jets at 2-2 and the Flyers 0-3-1.

Other results from last week's play found the Jets beating the Bruins 4-2 while the Saints and Flyers skated to a 6-6 tie and the Jets were awarded with a forfeit win over the Flyers.

This week's schedule began this morning (Monday) with the Jets playing the Saints. The Bruins and Flyers meet Tuesday, the Jets play the Flyers Wednesday and the Bruins and Saints clash Thursday. All games start at 7 a.m. in the old arena.

Hunting Season Opening Dates Are Announced

Minnesota department of natural resources today announced the opening dates for the 1974 hunting seasons.

Officials said that bag limits and closing dates would be announced later after game managers have information on the population status of the various species of wildlife following the winter and relative success of reproduction this spring.

They said the opening dates could be changed or that some seasons could be canceled if later wildlife surveys dictate the need for such action.

Rabbits, squirrels, grouse and Hungarian partridge seasons will open Sat. Sept. 14; the pheasant opener will be Sat., Oct. 26; seasons for ducks and geese will start Tues., Oct. 1, if federal regulations permit; Bear season begins Sun., Sept. 1; Bow and arrow deer hunting starts Sat., Sept. 28; and the firearms deer hunting season opens Fri., Nov. 1.

The department said the opening dates are announced early in the year to assist sportsmen in scheduling their vacations.

LHS Girls Open 1974 Volleyball Season Today

Thief River Falls was scheduled to play Warroad at 3:45 today (Monday) in the National Guard armory to open the 1974 Lincoln high school girl's interscholastic volleyball season.

A ten meet regular season Lincoln schedule includes home meets today against Warren; Mon., Feb. 4 Red Lake Falls; Thurs., Feb. 21, East Grand Forks; Mon., Feb. 25, Roseau; and Mon., March 4, Crookston. All Thief River Falls home meets will start at 3:45 in the armory.

The Lincoln road schedule includes meets Mon., Feb. 11, at Crookston; Thurs., Feb. 28, at Red Lake Falls; Mon., March 11, at Warren; Thurs., March 14, at East Grand Forks; and Mon., March 18, at Roseau.

Ruth Onkka coaches the Lincoln volleyball squad.

The 25 player Thief River Falls roster includes seniors Millie Reierson, Jeanne Brenna, Jean Vatsaas, Jean Skoglund, Louis Molskness and Coleen Rasch. Juniors on the team include LeAnn Gibson, Marya Hallstrom and MaJeana Steiger. Sophomore on the team are Karla Kruschke, Barbara Brenna, Martha Minor, Jane Achenbach, Gayle Peterson, Paula DeLap, Deegee Johnson, Julie Vettleson and Kristine Jorgenson. Freshmen rounding out the squad include Reta Rantanen, Polly Bulger, Elaine Charlson, Jodi Ranum, Pam Burstad, Dee Ann Hognnson and Nancy Sandahl.

Lincoln assistant coaches are Marsha Dahlgren, Marie Hvidsten and Helen Olson. Tammy Folger is the team's student manager.

Public Notices

Card of Thanks

Thank you sincerely for sharing our sorrow in the passing of our dear Mother, Grandmother and Great-grandmother. Especially Pastor Stoffel for his comforting words and prayers, Mrs. Stoffel for her message in songs, Jerry Joringdahl for his music, also Green Funeral Home, the Pallbearers and to those who sent memorial gifts and flowers. We wish to thank the ladies of the Elizabeth Circle who served lunch, and to our dear friends and relatives who brought food to our home. Your thoughtfulness was appreciated and will always be remembered. May God bless you all.

The Lulu Knutson family

SCHOOL BOARD PROCEEDINGS

January 28, 1974
Regular Board Meeting
Monday, January 7, 1974

A regular meeting of the School District No. 564 was held at 8:00 p.m. on Monday, January 7, 1974 at the Board Meeting Room of the School District Service Center.

The following members were present: Curtis Charlson, Paul Biegner, Clyde Christensen, Maynard Wedul, Kenneth Murphy, and Wallace Sparby. Harry Sjulson was absent.

A motion was made by W. Sparby, seconded by P. Biegner and carried as to approve the minutes of the previous minutes, December 10, 1973. A roll call vote was taken and passed unanimously.

Because of the early Board Meeting, there was no financial report. The financial report will be available for the January 21 meeting.

There was no unfinished business.

A motion was made by W. Sparby, seconded by M. Wedul and carried as to approve the following RESIGNATION: A. Betty G. Connors, Cafeteria worker. Effective date: December 17, 1973. A roll call vote was taken and passed unanimously.

There was no EMPLOYMENT.

A motion was made by W. Sparby, seconded by P. Biegner and carried as to the following: RESOLVED, that the Board appoint Mr. Robert Duprey as Business Supervisor at an annual salary of $10,500 effective January 8, 1974, with the benefits associated with the position and evaluation by the Board at the end of the fiscal year. A roll call vote was taken and passed unanimously.

A motion was made by M. Wedul, seconded by K. Murphy and carried as to approve the following: RESOLVED, that the Board of Education approve the appointment of Howard Dalager as second shift custodian at the Lincoln High School. A roll call vote was taken and passed unanimously.

A motion was made by M. Wedul, seconded by K. Murphy and carried as to approve the following: RESOLVED, that the Board of Education approve the appointment of Robert Thompson as second shift custodian at the Franklin Middle School. A roll call vote was taken and passed unanimously.

A motion was made by W. Sparby, seconded by K. Murphy and carried as to the following: RESOLVED, that John Anderson be appointed as Hockey Intra-Mural Director for the 1973-1974 School Year at a rate of $300.00. A roll call vote was taken and passed unanimously.

A motion was made by C. Christensen, seconded by M. Wedul and carried as to the following: RESOLVED, that the Board of Education authorize expenditures for the 1974-1975 supply and equipment budget not to exceed 85 per cent of the 1973-74 budgeted amount. A roll call vote was taken and passed unanimously.

A motion was made by W. Sparby, seconded by M. Wedul and carried as to the following: RESOLVED, that the Board of Education authorize the clerk to sign for receipt and sale of ARCTIC ENTERPRISES COMMON STOCK CERTIFICATES (Example sale: No. C 12001 - 100 shares; No. CV 01268 - 500 shares). A roll call vote was taken and passed unanimously.

A motion was made by K. Murphy, seconded by M. Wedul and carried as to approve the following: RESOLVED, that AVTI Carpentry Class be authorized to remodel the James Dalager residence, St. Hilaire, at a fee of 10 per cent of cost of materials. The project to begin approximately February 1, 1974. BE IT FURTHER RESOLVED, that if the proposed remodeling of the James Dalager residence cannot begin as scheduled, that the Board would authorize the second option of Mr. Gaylord Wright, Rural Route No. 3, Thief River Falls as the alternate. A roll call vote was taken and passed unanimously.

A motion was made by W. Sparby, seconded by M. Wedul and carried as to the following: RESOLVED, that the Board of Education authorize the Administration to pay tuition for a Kindergarten child in attendance at the RE-HAB CENTER at the Grand Forks Public School District No. 1 from 9-19-73—9-27-73. A roll call vote was taken and passed unanimously.

A motion was made by K. Murphy, seconded by W. Sparby and carried as to the following: RESOLVED, that the Board of Education authorize the Administration to comply with the Federal Minimum Wage Standards effective January 1, 1974. A roll call vote was taken and passed unanimously.

A motion was made by K. Murphy, seconded by W. Sparby and carried as to the following: RESOLVED, that the Board of Education approve tuition to Gilfillan in Bemidji, Minnesota for a Thief River Falls School District No. 564 Student as per recommendation of School and Social Organizations and parental agreement. A roll call vote was taken and passed unanimously.

The Superintendent's report was given.

Wally Sparby reviewed with the Board the Legislation for the Minnesota Association of School Board Assembly.

Paul Biegner led discussion on the development of policy concerning Controversial Topics. A motion was made by P. Biegner, seconded by C. Christensen and carried as to the following: RESOLVED, that the following topics be studied by the Board:

1) students' right to read and learn
2) parents' right to determine appropriate reading material for their own children, and parent's responsibility to register objection to instructional materials in responsible fashion.
3) rights and responsibilities of administrators and teachers in helping students become effective citizens when examing controversial issues.

A roll call vote was taken and passed unanimously.

David Olin, School Board Attorney, presented some legal concerns.

Maynard Wedul expressed his sincere thank you and gratitude to the Board for their deep concerns for him and his family.

The Meeting was adjourned at 10:50 p.m.

Clyde Christensen, Clerk
Curtis L. Charlson, Chairman

Twenty-three million Americans have high blood pressure. Half of them don't know it. A simple test by your doctor will tell you for sure. Have him check your blood pressure regularly, and follow his orders. Untreated, high blood pressure can lead to stroke, heart and kidney failure.

LEGAL NOTICE

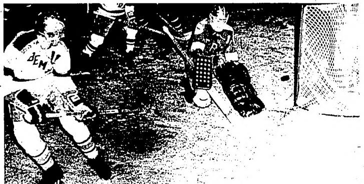
Northland-AVTI Bowling League Champs Named

A squad entitled the Ten Pins emerged as the overall winner in the recently completed Northland community college-Thief River Falls area vocational technical institute bowling league.

Members of the Ten Pins team and their three game pin totals included Steve Beich 571, Deb Fanfulik 323, Pam Kjensrud 372, Vern Lindquist 535 and Mark Metusalem 470 for a total 2,271 pin score.



BILL HIMMELRIGHT of Bemidji just missed scoring on this play during Friday night's Bemidji-Thief River Falls hockey game played in the sports arena. Prowler goalie Joel Folger tried to stop the puck on the play, but it eluded him and sailed behind the netminder past the face of the open goal mouth. Bemidji won the game 4-2 to lower the Prowler season record to 7-4 for the year.

Tuff, Lakers Whip St. Boniface 12-2

Former Prowler coach Bob Tuff scored three first period goals Thursday to spark the Warroad Lakers to a 12-2 route over St. Boniface in a regular season Central Canadian hockey league game played in the Thief River Falls sports arena.

The game, sponsored by the Thief River Falls amateur hockey association, featured the CCHL's top two teams, but Warroad's classy first line with ageless Billy Christian centering Tuff and Harry Bueckert stole the game's spotlight by accounting for five goals and 10 assists against the undermanned Mohawks.

The first place Lakers jumped out to an early 1-0 lead when Tuff, Warroad's player-coach, picked up a loose puck and beat usually steady St. Boniface goalie Bob Rogers on the first shot of the game. Christian and Bueckert assisted on the play with only 30 seconds elapsed.

Tuff scored from Christian and George Forgie with 10:12 remaining and Bueckert increased the fast rising Warroad lead to 3-0 on assists from Tuff and Christian just 36 seconds later.

Tuff collected his "legitimate" first period three goal hat trick with 5:41 remaining. Christian and Bueckert assisted on the play.

A one-time University of North Dakota stand-out, Tuff notched his fourth goal at the start of the second period with an eye-catching close range backhand on a partial breakaway. Christian and Bueckert were again given assists to hike Warroad's lead to 5-0.

Jim Cole scored a pair of goals just 11 seconds apart; Jim Trosky rapped in the first of this three goal output; and Tim McKinnon scored once as the Laker lead zoomed to 9-0.

St. Boniface finally got on the scoreboard midway through the second period, but Trosky scored with 58 seconds left for a 10-1 bulge entering the final 20 minutes.

Bryan Grand and Trosky sandwiched third period goals around a second Mohawk marker for the final 12-2 margin. Trosky's third goal of the game was scored with just two seconds remaining.

Warroad goalie Blaine Comstock turned aside 32 shots while his Laker teammates peppered 53 shots at Rogers and his third period replacement Gord Tumilson.

Warroad will make another appearance in the sports arena Sun., Feb. 10, when the Lakers face CCHL opponent East Kildonan.

Plummer Dumps Red Lake Falls Hoopsters 59-37

Plummer snapped a four game losing streak Friday night as the Cardinals clobbered Red Lake Falls 59-37 in a Polar Conference basketball game.

Coach Frank Nelsen's Cardinals evened their season record at 5-5 with the win and will be trying to climb above the .500 level tomorrow (Tuesday) when Plummer travels to Mentor.

Plummer opened up an 11-7 first quarter lead against the visiting Eagles before racing to a 31-15 halftime bulge. The Cardinals held a 38-23 advantage after three quarters.

Ed Vatthauer paced the Plummer efforts with 20 points and 12 rebounds. Dave Walter added 12 points. No Red Lake Falls player scored in double figures.

Goodridge Romps Past Climax By 71-39 Margin Fri.

Goodridge lifted its 1973-74 basketball record to 6-5 Friday with a 71-39 romp over Climax in a Polar Conference game played on the Huskies' home court.

Coach Mike Borgman's Huskies jumped out to a 20-12 first quarter lead and were never headed as Goodridge led 37-25 at halftime and 56-25 after three quarters.

Three Goodridge scorers reached double figures, including Howard Vigen with 14, Paul Solberg 12 and Arden Hyland 10. Scott Estenson was high point man for Climax with nine.

Goodridge shot 46 per cent from the field for the game as the Huskies made 30 of 58 attempts. Goodridge hit 11 of 17 free throws and held a lopsided 47-25 rebound edge. Hyland and Tom Bendickson each pulled down 10 rebounds for the Huskies.

Goodridge also won the junior varsity contest as the Ken Ewertz coached Huskie pups won 41-37 behind a 13 point effort by Jim Johnson.

Goodridge will be back in action tomorrow (Tuesday) when the Huskies travel to Red Lake Falls.

TRF YOUTH BASKETBALL

Standings in the Thief River Falls elementary school fourth and fifth grade basketball program are as follows:

National League

	w	l
Knox Spartans	6	1
St. Hilaire Torpedoes	6	1
Mark Twain Panthers	3	3
Washington Lakers	1	5
Northrop Green Wave	0	6

Results from last week's play—Panthers 6, Green Wave 4; Spartans 18, Torpedoes 1; Torpedoes 14, Lakers 4, Spartans 13, Green Wave 10.

American League

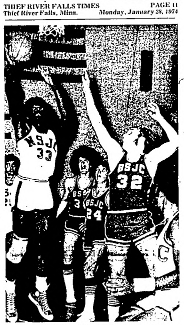
	w	l
Mark Twain Cheetas	5	1
Washington Bucks	3	3
St. Hilaire Jets	3	4
Knox Celtics	3	4
Northrop Bullets	2	4

Results from last week's play Cheetas 6, Bullets 2; Celtics 6, Jets 4 in overtime, Jets 12, Bucks 2, Celtics 12, Bullets 6.

Elks Team

The Thief River Falls Elks seventh and eighth grade travelling basketball team defeated Newfolden 67-35 Tuesday in a game played at Newfolden.

Bruce Williams and Keith Christensen each scored 12 points to lead the winners.



FRESHMAN CENTER Burnie Stephens (33) of Northland scored two of his 27 points on this play during Wednesday night's MCCAA Northwest Division basketball game played at Brainerd. Stephens' performance helped lead the Northmen to a 78-70 win over the Raiders who will be visiting the Northman gym Saturday for a return 2 p.m. contest.

Saints Lead The LHS Intramural Hockey League

In a game played between unbeaten league leading teams, the Saints stopped the Bruins 7-3 Tuesday to take over sole possession of first place in the Lincoln high school intramural hockey league program.

The Saints sport a 3-0-1 record, followed by the Bruins and Jets at 2-2 and the Flyers 0-3-1.

Other results from last week's play found the Jets beating the Bruins 4-2 while the Saints and Flyers skated to a 6-6 tie and the Jets were awarded with a forfeit win over the Flyers.

This week's schedule began this morning (Monday) with the Jets playing the Saints. The Bruins and Flyers meet Tuesday, the Jets play the Flyers Wednesday and the Bruins and Saints clash Thursday. All games start at 7 a.m. in the old arena.

Hunting Season Opening Dates Are Announced

Minnesota department of natural resources today announced the opening dates for the 1974 hunting seasons.

Officials said that bag limits and closing dates would be announced later after game managers have information on the population status of the various species of wildlife following the winter and relative success of reproduction this spring.

They said the opening dates could be changed or that some seasons could be canceled if later wildlife surveys dictate the need for such action.

Rabbits, squirrels, grouse and Hungarian partridge seasons will open Sat. Sept. 14; the pheasant opener will be Sat., Oct. 26, seasons for ducks and geese will start Tues., Oct. 1, if federal regulations permit; Bear season begins Sun., Sept. 1. Bow and arrow deer hunting starts Sat., Sept. 28, and the firearms deer hunting season opens Fri., Nov. 1.

The department said the opening dates are announced early in the year to assist sportsmen in scheduling their vacations.

LHS Girls Open 1974 Volleyball Season Today

Thief River Falls was scheduled to play Warroad at 3:45 today (Monday) in the National Guard armory to open the 1974 Lincoln high school girl's interscholastic volleyball season.

A ten meet regular season Lincoln schedule includes home meets today against Warren, Mon., Feb. 4 Red Lake Falls, Thurs., Feb. 21, East Grand Forks, Mon., Feb. 25, Roseau, and Mon., March 4, Crookston. All Thief River Falls home meets will start at 3:45 in the armory.

The Lincoln road schedule includes meets Mon., Feb. 11, at Crookston, Thurs., Feb. 28, at Red Lake Falls, Mon., March 11, at Warren, Thurs., March 14, at East Grand Forks, and Mon., March 18, at Roseau.

Ruth Onkka coaches the Lincoln volleyball squad.

The 25 player Thief River Falls roster includes seniors Millie Reierson, Jeanne Brenna, Jean Vatsfas, Jean Skoglund, Louis Molskness and Coleen Rasch. Juniors on the team include LeAnn Gibson, Marya Hallstrom and MaJeana Steiger. Sophomore on the team are Karla Kruschke, Barbara Brenna, Martha Minor, Jane Achenbach, Gayle Peterson, Paula DeLap, Deegee Johnson, Julie Vettleson and Kristine Jorgenson. Freshmen rounding out the squad include Reta Rantanen, Polly Bulger, Elaine Charlson, Jodi Ranum, Pam Burstad, Dee Ann Hogunson and Nancy Sandahl.

Lincoln assistant coaches are Marsha Dahlgren, Marie Hvidsten and Helen Olson. Tammy Folger is the team's student manager.

Soo Line Report For 1973 Is "Excellent"

"By any measure, 1973 was an excellent year for the Soo Line," President Leonard H. Murray said last week in announcing the Soo again set new records in operating revenues and net income during the past year.

Operating revenues reached $168,324,000, an increase of 19.7 per cent over 1972. Net income was $18,216,000 or $7.19 per share, an increase of 76.5 per cent over 1972.

Mr. Murray attributed the rise in revenues to an overall 10 per cent expansion in carloadings over 1972. "Significant revenue growth occurred in nearly all major commodity areas including agricultural products, potash, pulp and paper and primary metal products," he said. "Soo's grain traffic originated at country elevators amounted to nearly 70,000 carloads, the largest number of cars ever handles.

"Few people realize the tremendous expansion of capacity the railroads attained in handling traffic during 1973. Nearly all commodities were in short supply and freight car demand at a very high level. Soo Line's country grain tonnage, alone, increased 71 per cent over 1972. Yet, on the whole, Soo was able to supply country grain shippers with the freight cars they needed because of changes in procedures and continued expansion of our fleet of jumbo hoppers to over 2,000 cars.

"We have come a long way since the Soo Line was created by the merger of three railroads in 1961. Since the first year of the merger, operating revenues have more than doubled from $74,992,000 to $168,324,000. Net income, which amounted to $18,216,000 in 1973, is now more than 20 times greater than the 1961 earnings of $820,000.

"Soo Line is now a strong railroad financially. Its revenue growth and good operating ratios stand very well in the industry. Not all rail mergers have been as successful as that of the Soo, but I believe the manageable size of our merged company was an important factor in its being able to grow and produce a good service and financial record."

During the thirteen-year post-merger period, Soo has committed itself to well over $100,000,000 worth of new freight cars and locomotives, escalated programs to upgrade the railroad each year and modernized its techniqus and procedures. In 1973, Soo's board of directors approved acquisition programs totaling over $30,000,000, for new rolling stock including 28 locomotives, 1040 freight cars and 80 cabooses. Delivery is spread over the years 1973-1975. Soo received delivery of 80 new cabooses to complete a program of replacing older cabooses with 160 units of modern, all-steel equipment.

Soo also began work during the year to expand its data processing capability through a program to upgrade its computer system. New computer equipment will permit future implementation of a computerized car distribution system to provide more efficient service to shippers in managing the thousands of cars located on the system each day.

"There is a great danger in becoming pessimistic about 1974 because of all the well-known problems," Murry added. "I believe when 1974 is over, in total, it will prove to be a satisfactory business year. An adequate fuel supply to handle the volume of traffic available and timely and appropriate rate adjustments are the key elements which will affect the railroad industry's prospects this year."

Pedestrian And Cycle Deaths Increased In '73

The year 1973 was a bad one for pedestrians and motorcyclists, a summary of traffic fatalities in such accidents prepared by the Minnesota department of public safety indicates.

On the other hand, there was a marked improvement in bicycle safety during the year.

Minnesota's 145 pedestrian traffic fatalities during the year represented an increase of nearly ten per cent over 1972. The record has been exceeded only twice in the past 10 years—in 1970, with 149 pedestrian deaths and in 1971, with 157. Average for the ten years was 134.

Worst months in 1973 were December, with 17 deaths, and July and October, with 16 each. October and November were the worst months of 1972, with 17 deaths each.

Motorcycle deaths also rose, from 57 to 63, with May, June, July and August accounting for 70 per cent of the toll. The same ratio occurred during the same months of 1972.

The summer months accounted for 75 per cent of the 1973 bicycle fatalities.

Minnesota had no bicycle traffic fatalities during the first four months of 1973, and none have been reported for December.

State Trooper Receives Life Saving Award

Two year old Steve Smith, Golden Valley, is alive today because of the first aid training Trooper Michael Raymond received during his five years on the state patrol.

Trooper Raymond, also of Golden Valley, was presented a certificate of merit from the American Red Cross for his lifesaving feat March 21.

The Smith tot's ordeal began on a spring day when Trooper Raymond was home on his day off. Steve's mother brought the youngster over to Raymond for help because he has stopped breathing. Raymond administered artificial respiration, restored the youngster's breathing and after a checkup at the hospital, he was pronounced all right.

Later that evening Steve stopped breathing again. Again, Trooper Raymond restored the breathing and the tot was taken to the hospital for a three-day stay for observation. After an erratic temperature was corrected, young Smith was released in good health.

RED LAKE FALLS area residents attended a hearing Thursday evening in that city and objected strenuously to zoning of the Red Lake Falls airport and its surrounding area as indicated above. Shaded areas would be the most restrictive with building not permitted near the ends of the runways. The outer circular areas would not be as severely involved although structures would not be allowed to be built over certain heights as specified in the proposed zoning ordinance. Construction of buildings and land uses involving concentrations of people in small areas (churches, schools, etc.) would also be restricted.

RLF Residents Object To Airport Zoning

Residents of the Red Lake Falls area attended an airport zoning meeting in that city Thursday evening and were firm in their opposition to the proposed zoning plan. The size of the area to be zoned led at least one resident to conclude that the zoning hearing was a prelude to development of the Red Lake Falls airport to the same size and extent as the Thief River Falls airport. Considering this to be an unnecessary duplication of efforts and expenditures with the Thief River Falls airport less than ten air miles away and with a conviction that zoning restrictions were not in their best interests, people present at the meeting voiced strong opposition, both from property owners and from businessmen of that city.

A discussion with Vaughn Torfinnson, mayor of Red Lake Falls, and Howard Smith, engineer for the city, following the meeting provided several previously unmentioned pieces of information. According to them the state is requiring Red Lake Falls to lengthen its present 2,000 foot grass landing trip to at least 2,500 feet or a recommended distance of 3,200 feet or the state will not renew the city's present airport license. This would mean that Red Lake Fals would not receive state funds to help meet the cost of airport operations. Although the state's half of the annual airport operation amounts to less than $400, Torfinnson stated that loss of the license would mean the loss of an airport at Red Lake Falls.

Zoning is one necessary step in the process of applying for state funds and planning the runway extension. Without acceptable zoning the state will not approve funds for construction. However, residents objected most strenuously to the extent of the proposed zoning which would involve nearly 40 sections of land.

It was mentioned at the meeting that the state department of aeronautics has an alternate plan which would only effect the land extending out of the ends of the runways. According to Torfinnson today (Monday) the state has not made the alternate plan available to Red Lake Falls. Torfinnson said the plan mentioned is only tentative and has not been distributed for use although the department of aeronautics reportedly sent copies of it to city attorneys in August.

According to the mayor and engineer, the only planned expansion of the airport is lengthening of the existing runway. Paving of the landing strip is not anticipated until about 1990. The construction proposed at this time is expected to cost about $100,000 to $115,000 with the state sharing in that amount.

Discussion of the proposed zoning of the present airport may become unnecessary, according to Torfinnson who told the Times this morning (Monday) that the city has received an offer from Dean Vatthauer to sell enough land to build an airport about four miles south of Red Lake Falls. However, Red Lake Falls will consider both an alternative zoning plan and the possibility of moving the present airport, in addition to the zoning plan proposed at Thursday's hearing.

Warroad Robbery May Be First In Nearly 50 Years

Two young Grygla men were recently arrested for what is believed to be the first armed robbery in Roseau county in nearly a half century. Jack W. Nomeland Jr. and Lowell O. Thorson, both age 20, have been charged following an armed attack on Merle Chase, custodian at the Warroad arena. Nomeland has also been charged with possession of marijuana.

According to a recent story in the Roseau Times-Region, Chase had finished work and was entering his car when another vehicle stopped near his. A man reportedly got out, carrying a rifle, and opened the door of Chase's vehicle, demanding money. When Chase replied that he did not have money, a second man got out of the car. Both men allegedly dragged Chase out of his car and onto the ground where they searched him and took his billfold. It was also reported that they kicked their victim.

As the men drove away Chase noted the license number of their vehicle and reported it to the police. Nomeland and Thorson were subsequently apprehended in a Warroad bar.

Newfolden Man Burned Saturday In Home Fire

Phil Thompson of Newfolden, 72, was transferred early Sunday morning to Ramsey county burn center in St. Paul following a fire at his home in Newfolden Saturday evening. It was reported that he was burned over 60 per cent of his body and was listed in critical condition in St. Paul.

Thompson's neighbor in Newfolden, Duane Gustafson, noticed flames in the second story bedroom window shortly before 10 p.m. Saturday but was unable to enter the house. He summoned the Newfolden fire department which quickly responded to the call and extinguished the fire which was contained principally to the bedroom area.

Thompson was reportedly found on the bed with severe burns noted on his left arm and face and his left trouser leg completely burned away. With the flames extinguished and ventilation accomplished to clear away the smoke, firemen who found Thompson were able to bring him out of the house through use of the inside stairs.

Firemen also spent considerable time searching for Thompson's wife, but it was learned later that she was out of town visiting relatives at the time of the fire.

Rural Roads Get Large Share Of Highway Funds

"It is simply not true that the state has poured the bulk of its funds into metropolitan area highways," asserted assistant highway commissioner Fritz Marshall in commenting on misconceptions about the highway program.

Referring to a statement made last year, in which he said almost 60 per cent of the monies spent on Minnesota highways in the last four years had gone for improvements outside the Twin Cities area, Marshall said 1973 construction made on appreciable difference in the urban-rural ratio.

Funds allocated for improvements in the seven-county metropolitan area in that period came to somewhat less than 41 per cent of the total, he recalled. Not quite half of Minnesota's 3.5 million population lives in that area, according to the 1970 census.

"Within limits of the distribution of state highway-user funds prescribed by the 1956 amendment to the State Constitution, our policy has been—and continues to be—to foster outstate economic progress with every means at our disposal," Marshall reiterated. The amendment prescribes a 62-29-9 per cent distribution of the tax proceeds to state trunk highways, county state-aid highways, and municipal state-aid streets in communities over 5,000 in population.

"The constitutional provision is not inflexible," Marshall said. "Every six years the Legislature has the option of adjusting the distribution by assigning a fixed dollar amount or a percentage of the fund's income—not to exceed five per cent of the fund itself—to one or more of the recipients." The balance is then distributed on the prescribed 62-29-9 percentage basis.

Sponsor Cabin Building Class

Several persons in the area have shown interest in log cabin building according to the office of area services at Bemidji state college. A meeting is planned for 7:30 p.m. on January 30, at the Bald Eagle center for all persons who would like to learn log cabin building as well as those who would be able to teach such skills. Persons interested in other folk crafts and arts are also invited to attend.

Bald Eagle center is located on highway 2 east of Cass Lake and west of Bena. Cheese, crackers and beverages will be provided for an enjoyable evening resulting in possible classes in log cabin building. If persons cannot attend but are interested, they may write Bob St. Peters, Bald Eagle Center, Cass Lake, Minnesota 56633.

Work Necessary For Food Stamps Cuts Minn. Costs

Preliminary reports indicate that monthly food stamp benefits were reduced or terminated for 1,870 Minnesota households during fiscal year 1973 as a result of work registration and employment requirements of the Federal Food Stamp program.

According to Dennis M. Doyle, regional administrator of the U.S. department of agriculture's food and nutrition service in Chicago, this resulted in savings of more than $122,000.

Under a 1971 amendment of the Food Stamp act of 1964, all able-bodies members of a participating household aged 18-65 (with certain exceptions) must register for and accept suitable employment.

Acceptance of employment resulted in reduced benefits for 388 households and termination of benefits for 1,169 households for savings of more than $102,000. Failure to comply with the work registration requirement resulted in the removal of 313 households from rolls for savings of some $20,000.

Savings reflect the value of bonus coupons which would have been issued Food Stamp Progarm participants and their benefits not been reduced or terminated. The bonus value of coupons represents USDA's contribution to the program.

Slow down and live.

Weekly HEALTH TIP

Keep medicines tightly stoppered and in a cool, dark place. Evaporation may make solutions too strong and thus harmful — air and light may destroy potency. Discard any medicines that have changed color or consistency, or become cloudy. Periodically discard old medicines as useless and to remove them as temptations for children.

A TIRE FOR THE TIMES
from Firestone
The Steel Radial 500™ can give you up to 30 EXTRA MILES from every tankful of gas you buy!
This gas savings is based on a car with 20-gallon fuel capacity and currently averaging 15 miles per gallon. Naturally, your savings will depend on how much stop and start driving you do.
Put steel between you and tire trouble!
✓ Two strong steel belts under the tread provide outstanding road hazard resistance
✓ 7 to 10% fuel savings... a result of the reduced rolling resistance of our radial design (compared with our other types of tires)
✓ Superb road handling and traction
✓ Original equipment on many of the finest new 1974 cars

2 strong steel belts give long mileage by reducing tread "squirm" on pavement
Radial polyester cord body provides smooth, easy rolling ride

Guaranteed for 40,000 miles!
FREE Pamphlet on Steel Radial 500 gas-saving story.
Come in for yours soon.
40,000 MILE GUARANTEE
Firestone Steel Radial 500 tires are guaranteed to give you 40,000 miles of treadwear in normal passenger use on the same car. If they don't, take your guarantee to any Firestone Store or participating dealer. He'll replace the tire with a new one and give you credit for the mileage not received based on the then current adjustment price (approximate normal selling average price) plus Federal Excise Tax. A small service charge may be added.

Agassiz Wilderness Area Hearing Set

Public hearing on establishing a 4,000-acre wilderness area on the 61,487-acre Agassiz national wildlife refuge will be held at 7:30 p.m. on February 21 at the Middle River high school. All interested parties—including federal, state, county and municipal agencies, local interests and individual citizens—are invited to attend the hearing and will be afforded full opportunity to express their views concerning the wilderness area proposal.

Summary reports on the wilderness study have been prepared by the bureau of sport fisheries and wildlife of the United States department of the interior. They are available in Thief River Falls free of charge at the Times office, city clerk's office, police department, utilities office, public library, register of deeds office, hospital, Chamber of Commerce, Wilson Bros. company, Arctic Sports and Farmers Home administration office.

Also Fleet Supply, Penney's Auto center, Ace Hardware, Northern Marine, Sully's Welding, Gibson Discount Center, Northern state bank, First Northwestern bank and First Federal savings and loan association.

Copies have also been left at offices of the county courthouse in Warren, at business places in Middle River, and are available from the Refuge Manager, Agassiz National Wildlife Refuge, Middle River, Minn. 56737.

Joe Kotok, manager of Agassiz refuge, stated that the wilderness act of Sept. 3, 1964, requires that the secretary of the interior review every roadless area of 5,000 contiguous acres or more and every roadless island, regardless of size, within the national wildlife refuge system within 10 years after the effective date of the act.

The secretary is then to report to the President of the United States his recommendations as to the suitability or non-suitability of each such area or island for preservation as wilderness. A recommendation of the President for designation as wilderness does not become effective unless provided by an act of congress, Kotok noted.

The Agassiz study revealed that approximately 4,000 acres were suitable for inclusion in the wilderness recommendations, the refuge manager said. Remainder of the refuge was not recommended for wilderness primarily because most of the wetland and upland habitat requires intensive management and development which is incompatible with wilderness areas. These developments are essential to waterfowl which are in low supply and whose habitat is constantly being reduced, as well as to public enjoyment of the refuge's wildlife.

In addition, Kotok said, the presence of roads, power and telephone lines, dikes, ditches, artificial nesting islands and impoundments on the refuge further disqualify the remainder of the refuge from wilderness status.

(Continued on Page 4)

DISTRICT CHAMPION in the one-act play contest held in Thief River Falls Saturday was "Childhood" by Thornton Wilder, performed by Warren high school students. Pictured above are, left to right, front row, Mary Ovsak, Debbie Conaway and Rick Erickson; back row, Les Howard, director Diane Melbye and Linda Short. The Warren play will represent District 31 in the Region 8 contest to be held tomorrow evening (Thursday) at Lincoln high school in Thief River Falls. Performances will start at 7 p.m. with representatives of Districts 29, 30, 31 and 32 competing.

Parenthood Is Course Topic At Day-Night Unit

"Coping With Parenthood" is the topic of a six-session, once-weekly course to be offered by the day-night unit at Northwestern hospital in an effort to help good parents become better, according to Scott Elkerton, master social worker, who will lead the course.

Class is limited to 12 persons on a first come, first served basis. Registration may be made by calling Marilyn Erickson at the day-night unit (681-4240, ext. 276) and the fee will be $20 per person or $30 per couple, plus $3 cost for textbook. First class session will be held Thursday, February 7, from 7 to 9 p.m.

Individual class topis cinclude "What Children Learn", "How Children Learn", "How Children Learn to Misbehave", "How to Teach Children Not to Misbehave", "How to Help a Child Change Some Behavior" and "What We Learned and What It Means".

"The course is specifically

Merchants Will Make Plans For Bargain Blitz

General meeting for all Thief River Falls retail merchants has been called for Monday at 9:45 a.m. at the Rex cafe to discuss the next major retail promotion.

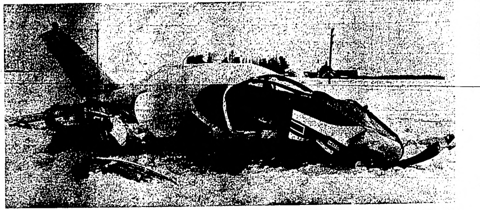
The Presidents Day Bargain Blitz is being planned for February 14, 15, 16 and 18. All merchants are encouraged to attend and bring their ideas, according to the sponsoring retail trade committee of the Thief River Falls Chamber of Commerce.

Center School Board To Meet

Goodridge board of education will be guests when the board of directors of the Northwest vocational center meets tonight (Wednesday) at 7 p.m. in the Goodridge school, according to John Tofte, director of the vocational center.

Thief River Falls, Goodridge and Plummer are participants in the center program conducted at Thief River Falls. Last month's meeting of the center school board was held at Plummer.

STOLEN TELEVISION SETS valued at more than $3,000 were found in this pickup about 1:30 a.m. today (Wednesday) when the suspicions of Patrolmen Larry Leader and Jim Haugen were aroused by a man running from the vehicle as the patrol car approached. This pickup with the merchandise burglarized from Northland Electronics was parked in the alley between the 400 block of North Main and Knight avenues. Fourteen television sets and $25 in cash were reportedly stolen by one or more persons who gained entry to the building by breaking through the rear door. Twelve sets were recovered in the pickup. Officers of the Polk county sheriff's office have apprehended Larry DeLage, 33, of Fertile in connection with this incident. Investigation is continuing with members of the Pennington county sheriff's office and the Minnesota bureau of criminal apprehension participating, in addition to the Thief River Falls police department.



TWISTED WRECKAGE of the Piper Cherokee in which three Thief River Falls city officials and their pilot were killed Monday lies in an open field a mile north and a mile west of Winger. Killed in the crash were Roy Pederson, 35, chief of police; Arthur Rambeck, 77 and William Frolland, 71, members of the city council; and pilot Marvin Housman, 22, of Eagle Bend. Although the crash apparently took place about 8:50 a.m. (when the watch on one of the victims stopped), the wreckage was not discovered until about 11 a.m. by a youth passing the scene on a snowmobile. The above photo is taken in a straight southerly direction. Investigators determined that the plane crashed in "a steep, nose down, right wing low attitude" position. The plane was enroute from Thief River Falls to Owatonna

Plane Crash Monday Kills Three Officials Of T.R. Falls

★ ★ ★

Funerals For Crash Victims Are Scheduled

Separate funeral services for the four victims of the airplane crash northwest of Winger Monday morning have been scheduled in Thief River Falls and Eagle Bend.

Services for Arthur Rambeck, 77, will be held at 10:30 a.m. and for William Frolland at 2 p.m. on Thursday, both from Trinity Lutheran church with Rev. Berton Hushagen officiating. Services for Roy Pederson, 35, have been scheduled for Friday at 2 p.m. from Zion Lutheran church with Rev. Alex Stoffel officiating. Rites for Marvin Housman are planned for Saturday at 2 p.m. from St. Paul Lutheran church in Alexandria with Rev. Chester Zuleger officiating.

Thief River Falls city clerk's office will be closed all day Thursday and from noon Friday and other departments will be closed or operate with minimum crew at the discretion of department heads during the days of the three local funerals. The municipal liquor dispensaries will be closed all day until 4 p.m. Thursday and from noon to 4 p.m. Friday.

Individual obituaries for the accident victims are as follows:

Arthur Rambeck

Funeral services for Councilman Arthur J. Rambeck will be held Thursday at 10:30 a.m., at Trinity Lutheran church.

Officiating at the services will be Rev. Berton R. Hushagen. Mrs. Walter Larson will be the organist and Mrs. Arnold Hammer will sing. Interment will be in Greenwood cemetery.

Honorary pallbearers will be Erick Hammershowy, Charles Syverson, Helmer O. Ness, A. F. Berge, Lawrence Aase, A. B. Stenberg, Martin Gulbranson and B. K. Sethre.

Serving as active pallbearers will be Charles Rambeck, John Rambeck, Lynn Rambeck, James Rambeck, Scott Pederson and Grant Pederson.

Memorial services under the auspices of the Masonic lodge are scheduled for tonight (Wednesday) at seven o'clock at the Sinding-Belmont-Petterson funeral chapel.

Arthur J. Rambeck was born in Amherst Junction, Wis., on Sept. 4, 1896 to John and Christine Rambeck. He moved to this area in 1915, living first at Goodridge. Since 1917 he had been a resident of Thief River Falls.

Rambeck was employed by the Soo Line railroad as engineer for 27 years. He began working for the railroad in 1917 and discontinued that work when he was elected sheriff of Pennington county in 1934. In 1966, after

Farm Crop Value Is Up 72% From 1972

Reporting an all-time record estimated value for Minnesota's 1973 field crop production, agriculture commissioner Jon Wefald declared recently that "it would be the greatest thing that ever happened if farmers can convert that value into actual cash income."

Based on production statistics and season price averages the state-federal crop and livestock reporting service has estimated the value of 16 of Minnesota's 26 principal field crops produced last year at more than $2.7 billion.

Commissioner Wefald said the estimated farm value of the 16 crops is more than $1.1 billion greater or 72 per cent higher than the value of the same Minnesota crops produced in 1972, and more than $342 million above total cash farm income for 1972.

"Can you imagine the tremendous economic benefits for Minnesota if that amount can be turned loose into the business community by our farmers already established as the state's biggest spenders?" Commissioner Wefald challenged.

He insisted, "the stakes and multiple benefits are well worth the support of every Minnesotan for maintaining fair farm prices, the real key to converting value to income."

Minnesota's 1973 corn for grain alone topped the $1 billion mark in farm value and the record 1973 soybean crop posted a farm value of near the $750 million makr.

Flaxseed and wheat showed the biggest rates of increase in farm value over 1972, by 320 and 235 per cent, respectively.

Commissioner Wefald pointed out that the initial official estimate of farm value of 1973 crop production is only partial, including corn, soybeans, flaxseed, wheat, oats, barley, rye, dry edible beans, dry peas, potatoes, baled hay, red clover and timothy seed, sunflower seed, honey and beeswax.

"But the biggest part of the total farm income picture will be the estimates on 1973 livestock, dairy and poultry marketings, which traditionally have provided about two thirds of Minnesota's agricultural gross," Commissioner Wefald emphasized.

No Mechanical Failure Is Found In Investigation Of Plane Crash

Investigators looking into the crash of a plane which killed the pilot and three Thief River Falls city officials Monday were unable to find any indication of mechanical failure, it was reported to the Times late Tuesday. Intermittent snow showers in the area at the time of the crash, however, were not discounted as possible contributory cause.

Killed in the crash which occurred in an open field one mile west of highway 59 a mile north of Winger were Roy Pederson, 35, Thief River Falls chief of police; Arthur Rambeck, 77 and William Frolland, 71, both recently reelected to their third terms on the city council; and Marvin Housman, 22, the pilot from Eagle Bend who was a student in the aviation mechanics course of the Thief River Falls area vocational-technical school.

The men in one of two planes chartered from Thief River Aviation to carry city and county officials to Owatonna to inspect law enforcement center facilities. Passengers in the other plane, flown by Wayne Martin, owner of Thief River Aviation, included Charles Richards, Pennington county sheriff; Otto Stenberg, chairman of the Pennington county board of commissioners; and Edgar Naplin, member of the county board.

D.C. Valle, air safety investigator for the bureau of aviation safety, National Transportation Safety board, Kansas City, Mo., spent nearly all day Tuesday at the crash scene examining the aircraft and impact area. He was assisted by Archie Neuby and Herbie Olson of the Federal Aviation administration out of Minneapolis and Larry Myking, aviation representative of the Minnesota department of aeronautics, St. Paul. Investigation of pre-flight conditions, including available weather information, was to continue today.

Valle said the aircraft struck the ground in a steep, nose down, right wing low attitude position, indicating it was out of control. The propeller showed rotation type damage which would indicate it was turning on impact, he said, and the group of inspectors was unable to find anything which would indicate mechanical malfunction.

Weather conditions in the area at the time of the crash—fixed at about 8:50 a.m. by the time a watch was stopped on one of the victims—are unknown, although intermittent snow showers were known to exist in the area at about that time. Valle said he could not discount the weather and related snow showers as a possible contributor to the accident.

Investigation by the Polk county sheriff's department was unable to find anyone who heard or saw the crash take place, although the impact was only about 150 yards from a county road and just over a quarter mile from a farm dwelling. Raymond "Ernie" Messelt, a teenager passing the scene on a snowmobile, first noticed the plane in a plowed field about 11 a.m.

Messelt told the Times he contacted Mrs. Julian Helgaas and that he and Julian returned to the scene shortly thereafter. Glenn Ness was right behind them, he said, and it was he who first approached the airplane and notified the Polk county sheriff's department.

Valle's appraisal after inspection of the scene was that the impact was unsurvivable due to the angle of descent and the frozen condition of the ground. He cited the cooperation and assistance provided by area law enforcement officials as being "outstanding".

Sheriff Charles Richards recalled incidents of the day as follows:

He arrived at the airport a few minutes late and noticed people going to one of the planes, but not the

SOCIETY and CLUBS

Legion Aux. To Initiate Sixty-Nine New Members

Sixty-nine new members will be initiated into the American Legion auxiliary at a meeting of the unit set for Monday at 8 p.m., at the Legion club.

Unit president Mrs. Mayer Holen will preside at the meeting. Serving as initiating officer will be Department president Mrs. Harold (Margie) Goepferd of Bertha.

Mrs. Goepferd's eligibility for membership in the American Legion auxiliary is two-fold: her father was a World War I veterans and her husband is a veteran of World War II. At the age of one month, she was enrolled into the auxiliary at Verndale by her parents. Since her marriage, she has been a member of the William Larson unit 366, at Bertha.

She has served her unit as president, first and second vice president, treasurer, assistant sergeant-at-arms, and as poppy, membership, community and Americanism chairmans, as well as activating the unit's junior auxiliary. From 1966-67, she served as president of the Sixth District where she had been first and second vice president, on the executive board on various committees.

On department level, she has been first and second vice president, and chairman of National security, civil defense and emergency planning, Americanism and foreign relations and legislative. She also served on the Children and Youth committee. For the past three years she has been counselor at Minnesota Girls State, was Americanism chairman in 1972 and defense chairman in 1973. She attended Area D Children and Youth conference in Lansing, Mich., and was delegate to the women's forum on National Security in Washington, D.C., in 1973.

Members to be initiated into the Ecklund-Holmstrom unit 117 at Monday's meeting are:

Mrs. Arthur Armstrong, Mrs. Delphis Bergdahl, Mrs. Arnold Bjorgaard, Shirley M. Bjorgaard, Rayne Brandt, Vicky Lynn Breiland, Mrs. Greg Brekke, Mrs. Ronald H. Broten, Peggy Burrell, Mrs. Robert Burstad, Karen Delorme, Mrs. Lauveren Cormican, Mrs. Gerard DeHann, Mrs. Wm. Dickert, Mrs. Viola Dirks, Mrs. Darrell Dolalie, Mrs. Curtis Farbo, Mrs. Jon O. Fosholm, Mrs. Gary Gustafson and Mrs. William S. Hagen; and

Also Mrs. Laurel O. Hagen, Miss Anna Hamre, Mrs. Goodwin Hanson, Mrs. Gerald Hanson, Mrs. Emil Heieren, Mrs. Harvey Hemmestvedt, Mrs. Greg Herling, Mrs. Roger Hovet, Mrs. Roy Jablinski, Betty J. Johnson, Elaine B. Jones, Mrs. Harold Jorstad, Mrs. Dennis Kainz, Mrs. Olaf Kauppila, Marge Kimble, Mrs. Marvin Koop, Patricia G. Kruta, Barbara Larson, Mary J. Larson, Angeline Lubitz, Mrs. Richard M. Manderud and Onnalynn Markstrom;

Also Mrs. Thomas Miller, Barbara J. Moe, Mrs. Edward Mozinski, Mrs. Gary Oen, Mrs. Charles Odegaard, Mrs. Frances Opdahl, Mrs. Thomas Opdahl, Mrs. George Panek, Miss Geraldine M. Paulson, Mrs. Carl Peterson, Mrs. Gordon Pyrtle, Mrs. Loris Reierson, Mrs. Garret Reierson, Miss Linda Jo Robson, Mrs. Bernard P. Schmidt, Mrs. James Seidel, Mrs. Richard Sund, Mrs. Wayne Sundstedt, Clarie J. Storhaug, Jan Svendsgaard, Mrs. Leonard Swanson, Mrs. Evart S. Thomas, Elaine Thorstenson, Mrs. LeRoy Vigen, Mrs. Milo Vilven, Judy Weleski and Mrs. Bernard J. Wold.

A dinner at 7 p.m., will precede the meeting. Special guests at the dinner will be the Department president Mrs. Goepford, and the new members. Also joining them at the dinner will be the members of the post.

DEPARTMENT President of the Minnesota American Legion Auxiliary Mrs. Harold (Margie) Goepferd of Bertha will be in Thief River Falls Monday to participate in the initiation of 69 new members into the local unit. She will also speak at the Mid Winter Ninth District conference to be held Saturday at Red Lake Falls.

Sons Of Norway Will Initiate New Members

New members will be initiated at the regular meeting of the Sons of Norway, Snorre lodge 70, scheduled for Wednesday, February 6, at 8 p.m.

The meeting will be held at the local Eagles hall. All members are urged to attend.

Hostesses will be Regina Gustafson, Leona Hanson and Melvina Gulbranson.

Mrs. R. F. Contos of Thief River Falls will return Sunday following a 10-day trip to New York to visit her sister and take an extensive sight-seeing tour of the area. Her sister, Vyonne Sollah, is vice president of Legal Systems, Inc., of Queens, N.Y.

Mid-Winter Legion-Auxiliary Conference Set

Americanism, stressing the fundamental program of the American Legion and its auxiliary, will be the theme of the Mid Winter Ninth district conference set for Saturday at Red Lake Falls.

Main speaker will be James M. Wagonseller of Lancaster, Ohio, Past National vice commander. Also speaking will be "Old Glory" with the aid of Gene Halvorson of Lake Park and the ninth District band.

Representing the Department will be Department Commander James T. Walker; Department President of the Minnesota American Auxiliary, Mrs. Harold (Margie) Goepferd of Bertha; Department adjutant Frank C. Momsen; and Department vice commander Mylo O. Anderson; Also present will be National executive committeeman Glenn H. Dornfeld.

Presiding at the meetings will be District Commander Roman Paulson of Ada and District President Mrs. Joe Klockner of Dilworth.

Hosting the conference will be members of the Gunder Austad post 22, of Red Lake Falls and its auxiliary.

All members of the American Legion and its auxiliary are encouraged to attend. Registration will begin at 8 a.m.

Pictures To Be Taken At Highlanding TOPS Club

Highlanding TOPS club will meet Thursday at 1 p.m., at the George Horachek home. All members are encouraged to attend as pictures of the queens for 1973 will be taken.

Anyone with an over-weight problem is welcome to attend the meetings of the club. Present at Thursday's meeting were Linda Hofsted, Agnes and Cynthia Eidelbes, Rose Sjulstad, Deloris Johnsrud, Sharon Hagen, Ann Heden, and Donna Horachek.

Squarenaders Graduation Dance Set At Crookston

Crookston Squarenaders square dance club has scheduled its graduation dance for Friday evening at the McKinley school gymnasium in that city.

Dancing will begin at 8:30 p.m., with Loren Munn calling the tips. All area dancers and spectators are welcome to attend. Lunch will be served.

BIRTHS

Mr. and Mrs. David Sisler, Hallock, girl, Jan. 28, 6 lbs. 11¼ oz., Amy Marie.

Mr. and Mrs. Allen Remick, RLF, girl, Jan. 28, 8 lbs. 2 oz., Jannelle Lynn.

On Feb. 1, 1957, the world's first jet-engined aerial refueling tanker, the KC-135, was delivered by Boeing Airplane Co., to the USAF.

Naiwon Chung Marries Roger Sjulson In St. Paul

Miss Naiwon Chung of Minneapolis and Roger Wayne Sjulson of St. Hilaire were united in marriage on Saturday, December 29, at the Weyerhaeus Memorial chapel in St. Paul.

The bride is a daughter of Mr. and Mrs. Chang Myum Chung of Seoul, Korea. Parents of the groom are Mr. and Mrs. Harry Sjulson of St. Hilaire.

Given in marriage by her father, the bride was attired in a white, floorlength gown which she had designed and made. The gown was styled with a molded bodice with rounded neckline and long fitted sleeves. Lace and pearl embroidery enhanced the gown. A band of fresh carnations in a delicate shade of pink held her shoulder-length veil of bridal illusion. To complete her attire, she carried a white basket with corresponding pink carnations, accented with greens.

Attending the bride were her friends, Melani Sunarti of St. Paul as maid of honor and Roxanne Taylor of Richfield as bridesmaid. They were attired in pink floor-length gowns and carried pink baskets filled with white carnations and greens.

The groom selected his brother, Neil Sjulson of St. Hilaire to serve as best man. Darrold Rodahl of Thief River Falls, a friend of the groom, was groomsman.

For her daughter's wedding, Mrs. Chang Myum Chung was attired in a floor-length gown of pink silk, designed in the Korean formal fashion. Her corsage was of pink carnations, as was the corsage worn by the mother of the groom. Mrs. Sjulson's floor-length gown was fashioned of silver and black knit.

Honor guests at the wedding were the bride's grandmother, Mrs. Lea Lea of Seoul, Korea and Mr. and Mrs. Harvey Radman of Minneapolis.

A reception in the chapel's fellowship hall followed. Centering the serving table was a three-tiered wedding cake baked and decorated by Mr. and Mrs. Jerome Myhrer of Red Lake Falls. To correspond with the bride's chosen flowers, fresh pink carnations topped the cake and were nestled between the pillars that supported the tiers. Fresh flowers surrounded the base of the cake.

Assisting at the reception were Mrs. Reuben Omark, Mrs. Harvey Radman, Mrs. Mabel Ford and Mrs. LaVonne Taylor.

Relatives and friends attending were from Seoul, Korea; Corpus Christi, El Paso and Abilene, Texas; Macomb, Ill., Glenwood, Red Lake Falls, St. Hilaire and Thief River Falls.

The bride is a graduate of the University of Minnesota and prior to her marriage was employed by the University of Minnesota hospital. The groom is a student at the University of Minnesota school of dentistry.

The newly weds are at home at 1615 Fourth Street South, apartment 1008, Minneapolis.

Catholic Daughters To Plan World Day Of Prayer

Catholic Daughters court 2023, will meet Tuesday at 8 p.m., at the church.

All members are urged to attend as plans will be made for World Day of Prayer set for March 1 at St. Bernard's Catholic church.

Mass at 7:30 p.m., will precede the meeting.

LOCALS . . .

Mr. and Mrs. Roman Paulson of Ada were callers at the home of Amelia Paulson on Sunday. Later that afternoon they were supper guests at the Ramona Grovum home in rural Thief River Falls. Mr. and Mrs. Gary Paulson were also guests there.

Minn. Birth Rate Drops Five Per Cent During '73

Minnesota's birth rate dropped five per cent in 1973, according to estimated figures from the Minnesota Department of Health.

The 1973 rate of 13.9 births per 1,000 population, down from the 1972 rate of 14.6, is the lowest rate recorded in Minnesota since the state began keeping complete and reliable records of births.

An estimted total of 54,118 live births was recorded in Minnesota in 1973. This is 2,431 below the 1972 total of 56,549 and 34,176 below the all time high total of 88,294 reached during 1959 when the birth rate peaked at 26.2.

An estimated 33,995 deaths occurred in Minnesota in 1973. This is a reduction from the 35,046 deaths in 1972 for a rate of 8.7 per 1,000 population.

An estimated 33,00 marriages were reported in Minnesota in 1973 with a rate of 8.5 per 1,000 population as compared to a total of 32,227 and a rate of 8.3 for 1972.

Divorces increased from 10,214 to 11,266 between 1972 and 1973, a whopping jump of 10.3 per cent in both number and rate.

Neighborhood Leaders To Meet Monday Evening

Girl scout neighborhood leaders will meet Monday at 7:30 p.m. in the Franklin school library. Shelly Gackstetter, council field representative, will lead an investiture service for al new leaders.

Mrs. Elton Cummings will present a display of craft ideas and games will be taught. Plans will be made for Girl Scout week activities.

Apply Now For Entry To College Of Agriculture

Students considering entry in the college of agriculture in fall 1974 at the University of Minnesota should get their applications in early, says John A. Goodding, acting dean of the college.

Persons who apply now can start making plans for the coming year as soon as they learn of the decision on their application. Although the application deadline is July 15, there is an advantage to early application since the College is able to assure students of their admissibility on the basis of their high school records to date.

Standard Minnesota college appliation forms are available from local high school counselors. They may be filled out and returned to the high school principal or counselor with a check for $10, made out to the university. The completed appliation and high school record are forwarded to the St. Paul campus admissions and records office if the student is applying to enter the college of agriculture.

Students with college credits at institutions other than the University should write to the St. Paul Campus Admissions and Records Office for the Advanced Standing Application.

In the past two years job opportunities have grown for graduates of agricultural colleges. On-campus recruiters were in greater number and offered a greater variety of positions in the spring of 1973. Jobs for spring graduates increased about 12 per cent over a year ago for agricultural college graduates in the Midwest.

The job market improved for agronomy, soil science, animal science and agricultural economics and the market continued strong for agricultural education, agricultural journalism, food science, horticultural science and agricultural business administration.

STEINER . . .

Visitors the past week at the home of Mrs. Maude Mathieu were Mr. and Mrs. Lester Halvorson Wednesday afternoon, Harold Halvorson Saturday afternoon, and Sunday afternoon Mr. and Mrs. Billie Mathieu, Cindi, Mitchell, Jay, and Brenda, who also were supper and evening guests.

Engvald and Thelma Dahl of Rosewood rode their snowmobiles to the Alfred Solem home Saturday and spent the afternoon there.

Sympathy is extended to Leonard Yonke and other relatives in the passing of his mother, Mrs. Louise Yonke, Saturday morning. She had been a patient at the CNC Unit at Northwestern hospital for some time. Funeral services were held Wednesday afternoon from the Trinity Lutheran church.

On Jan. 22, 1959, an Air Force pilot flew an F-105 Thunderchief from Eielson, Alaska to Eglin AFB, Fla., 3,850 miles in 5 hours 27 minutes, the longest nonstop flight between points in the U.S.

Food Assistance Program Number Up In November

U.S. department of agriculture (USDA) recently reported preliminary estimates on the operation of the federal-state food assistance programs in the month of November, 1973.

A total of 14.6 million people is estimated to have taken part in November in the two family food programs—the food stamp and food distribution programs. This is the same total as in the preceding month, but it is 100,000 less than in the same month a year ago.

Of that total, 12.6 million people took part in the food stamp program. This is a gain of 100,000 over the preceding month, and of 800,000 over the same month a year ago, as counties continued to switch from the food distribution program to use of the food stamp program. The value of bonus food stamps issued to participants totaled $193.1 million in November. This is an increase of $2.1 million over the preceding month, and of $18.9 million over the same month a year ago.

A total of 2 million people took part in the food distribution program in November. This was down 100,000 from the preceding month, and down 700,000 from the same month a year ago.

A total of 24.3 million children took part in the national school lunch program in November, according to preliminary estimates. This is 100,000 more than in the preceding month, but it is 650,000 less than in November a year ago.

Of these 24.3 million, 8.9 million children received their meals free or at reduced prices in November. This is an increase of 100,000 over the preceding month, and an increase of 300,000 over the same month a year ago.

MEA Director Says Education Work Continues

A spokesman of the Minnesota education association notes that Gov. Wendell Anderson said nothing about education in his recent state of the state address.

It's understandable, says A. L. (Bud) Gallop, MEA's executive director and chief lobbyist, because there are many critical issues facing the state and education is a continuing concern.

"I am confident," Gallop continues, "the governor and the Legislature will deal aggressively with the problems of education.

"This Legislature had done well for education; the record speaks for itself. I'm certain that the legislators and the governor will continue their support of education with a high degree of integrity. They will not break faith with the people."

Among problems on the education scene that Gallop cites as requiring resolution are the financing of schools and making certain that the negotiations process for public employees will be carried out as requied by the law—without undue disturbance.

On Feb. 1, 1961, the Minuteman ICBM was launched for the first time from Cape Canaveral. It traveled 4,600 miles, impacting in the designated target area.

Mrs. Hanson Is Temporary Head Of Region Group

Mrs. Norma Hanson of Goodridge was elected temporary chairperson for the Region I environmental education council at its first meeting held Thursday at the area vocational-technical institute in Thief River Falls.

The council was appointed by Gov. Wendell Anderson late in December under authority of a 1973 state law outlining a plan for environmental education.

Robert A. Kimball, executive director of the Minnesota environment education council (MEEC), called the meeting to order, introduced regional members and reviewed the state plan for environmental education and the law authorizing formation of the councils. Rules and regulations for the regional councils and the state council budget were reviewed.

In addition to Mrs. Hanson's election as temporary chairperson, Betty Johnson of Roseau was selected as temporary representative to the state council and will be attending a meeting of that body on February 14. Wallace Sparby of Thief River Falls will chair a nominating committee which also includes Philip Buckley of Crookston and Betty Johnson and will report at the February meeting.

Pamela Landes, coordinator of regional councils, described her duties and reported briefly on the activities of other councils in the state, most of which are just being organized. She also led a discussion on some of the educational methods and possibilities open to the council.

Next meeting of the regional organization will be held February 27 at 3:30 p.m. at the area vocational-technical institute here. All meetings are open to the public.

Other council members are Richard Johnson, Fosston; John Polley, Winger; William Brinkman, Crookston; Russell Youngren, Hallock; Lova Kraemer, Thief River Falls; and Gene Beito, Thief River Falls.

James Koehler of Roseau was selected temporary coordinator of publicity for the region which consists of Norman Polk, Red Lake, Pennington, Mrshall, Roseau and Kittson counties.

Fuel Dealers Ask Cut Back In Use Of Heating Oil

In an advertisement in today's issue of the Times, Thief River Falls area oilmen's association is advising customers to cut back on their fuel oil use in one or two ways: Either by reducing the heat in the area heated by six degrees or reducing the area heated to the same level as last year.

Fuel dealers also ask those customers who have sufficient storage not to call their suppliers until they can take at least 150 gallons or preferably 200 gallons of fuel per fill. This will make the delivery more efficient for the dealer and save on gasoline required to make the delivery calls.

On Feb. 11, 1959, a weather balloon, launched at Ft. Monmouth, N.J., established a world altitude record of 146,000 feet.

If the Shoe Fits..
Where do feet expand?
Two pairs of feet can measure the same at rest, but be distinctly different in size when supporting the body.
When bearing weight, the foot expands in all directions, the toes stretch forward and fan out a bit, the heel extends backward, and the ball of the foot widens. More of the foot in every part comes in contact with the ground - at the heel, ball, toes, arch, outer border.
All this is important in proper shoe fitting. Some feet will expand and stretch more than others due to foot weakness, or a heriditary condition or, perhaps due to body weight, or physical type of foot.
This makes shoe fitting a highly individual matter, even between the left and right foot of the same person. Both shoes should always be fitted and walked on before purchase.

CAST AND ORCHESTRA for the Northland community college production of "Carnival" posed for this photo following rehearsal held late last week. The musical will be presented February 5-9 at 8 p.m. and February 10 at 2 p.m. in the college theatre with Roger Vaughan directing the cast and Les Torgerson conducting the orchestra. Tickets are on sale in the college office at $2 for adults and 75 cents for students. Reservations may be made by calling 681-2181 (extension 23) or writing to Northland Community College, Thief River Falls, MN. 56701.

Minnesotans Want No Change In Legislature

Minnesota's 202 member state legislature; is it too big, to small, just right?

Very few Minnesotans—only four per cent—believe the number should be increased, but 35 per cent think it should be decreased.

Nearly half—46 per cent—think it should be kept the same size, and the remaining 15 per cent have no opinion on the subject.

That's the finding of a statewide public opinion survey of 1,000 Minnesota adults, conducted by Mid-Continent Surveys, Inc., of Minneapolis. The question was asked as a public service by the company.

Those interviewed were asked: "Thinking about the Minnesota legislature, at the present time there are 67 state senators and 135 state representatives...In your opinion, should the number of senators and representatives be increased, decreased, or kept the same as now?"

Nearly twice as many men as women believe the legislature is too big. Of those respondents favoring a decrease in size, 47 per cent were men and only 26 per cent were women.

A higher percentage of young people—eight per cent in the under-35-year group, compared to the overall average of four per cent—favor an increase. Conversely, only one per cent in both the 50-to-64-year group and 65-and-over feel the number should be raised.

TRF Bank Debits Increase By 32 Per Cent In Dec.

Bank debits in Thief River Falls increased during December at a slightly faster pace than the average for other banks in Region 6 (northwestern Minnesota) of the Ninth Federal Reserve district, according to information recently released by the federal reserve bank of Minneapolis. December debits in this city totaled $33,168,000 or 32 per cent above December 1972. The regional average increased 28 per cent for the same period.

Thief River Falls bank debits for 1973 increased 21 per cent from 1972 for a total of $344,058,000. The average for the region increased by 27 per cent.

Ulen had the highest percentage increase with an 81 per cent jump in December for a total of $1,448,000 for the month. Stephen's bank debits increased by 69 per cent in December for $0,070,000. Crookston reported debits of $33,300,000 for a jump of 51 per cent in December. The smallest increase was reported by Moorhead with 24 per cent for a December debit total of $75,026,000.

For Minnesota the December volume of bank debits for reporting cities increased 32 per cent from December 1972. Total debits for 1973 also increased 32 per cent from 1972.

The volume of bank debits reported by the 681 banks sampled in the Ninth Federal Reserve district cities for December increased 30 per cent from December 1972. The cumulative total for 1973 indicated a 30 per cent increase from the previous twelve-month period.

North Central Airlines Declare Cash Dividends

Board of directors of North Central Airlines recently declared a cash dividend of ten cents per share of common stock payable March 1 to shareholders of record February 8. There are 12,462,752 common shares outstanding.

Hal N. Carr, chairman of the board, said the continuation of paying year-end cash dividends reflects the airline's excellent performance in 1973 and its strong financil position. For the nine months ended September 30, the company reported net earnings of $4,732,000. North Central has operated profitably for 19 of the 20 years under present management.

Carr stated that most of the retained earnings during the years have been reinvested in the company to finance the rapid growth North Central has achieved and to enhance its future potential. Anticipated 1973 profits remaining after the dividend will provide for corporate expansion, he said.

On February 24, North Central will begin its 27th year of scheduled operation. The company has the distinction of being the most profitable regional carrier, and the only one currently paying a cash dividend. The airline's route system has increased from 1,028 miles in 1948 to 9,900 and cities served from 19 to 90 without mergers or acquisitions.

Permit Granted To North Star Transport, TRF

Minnesota Public Service Commission has granted an irregular route common carrier permit to North Star Transport, Inc., Thief River Falls.

This permit authorizes North Star Transport to transport grain from Roseau, Salol and Badger, to Duluth, St. Paul and Savage with no provision for a back haul.

Expect Farmers To Grow Record '74 Wheat Crop

During four decades of restricted plantings, farmers habitually topped record crop with record crop. This year they will get the chance to plant about all of almost anything they please. How will they react to the first year in two score that has no set-aside?

"They have certainly grasped the incentive as far as wheat goes," said Wallace Sparby, executive director of the Pennington county agricultural stabilization and conservation service. "Winter wheat acres now total 51 million planted acres—an 18 per cent leap over last year. Add to that the forecasts for spring wheat—near 17 million acres. You may find a total near 68 million or 15 per cent more acres sown than last year."

Indeed, there will be another record to score on the books, but this one is special. For the first time the American wheat farmer may very well break the 2-billion bushel barrier. If this occurs it will stand 17 per cent above the "old" record—set last year—1.7 billion bushels.

"This year's huge outturn might seem like an incredible amount," added Sparby, "but you have to look at the amounts we have been using and exporting recently. For the past two years, domestic use plus exports have swallowed over 1.9 billion bushels—both times. That was roughly 200 million bushels more than farmers grew—both times.

As this year's record crop greens in the fields our stocks will be falling to very low levels. By July 1, 1974, the nation's leftover wheat may be down to 210 million bushels, very roughly a quarter of the carryover stocks of recent years.

"Naturally, once that projected 2 billion bushels starts to get into our elevators, stocks will be more ample. But no one foresees any great ocean of what. Even though farmers produce an incredible record—number of bushels, carryover stocks will probably not even return to recent levels. Economists project a carryover of about 500 million bushels of what on July 1, 1975, which looks favorable compared with 1972's more than 860 million bushels.

Where will that record crop go? "Right now, concludes Sparby, it looks like we will use 755 million bushels of it domestically. And we will probably export 950 million bushels of it during 1974-75—a tremendous amount in view of the upcoming good world crop."

Personal Income Up For Third Quarter In State

Total personal income gains from the second to the third quarter of 1973 were as high as 12 per cent in North Dakota and as small as .2 per cent in Rhode Island, the U.S. Department of Commerce's bureau of economic analysis will report in the January issue of the "Survey of Current Business", its monthly magazine.

Personal income rose from the second to the third quarter of 1973 in all regions of the U.S. and in all 50 states. In seven of the eight regions and in 43 states, the gain in total income exceeded the national increase of 1.75 per cent in consumer prices, as measured by the implicit price deflator for personal consumption expenditures.

The national increase in personal income was 2.75 per cent. States with the largest income gains were North Dakota 12 per cent, Montana 9.25 per cent, South Dakota 8.25 per cent, Kansas 7.75 per cent, Nebraska 6.5 per cent, Arkansas 5.75 per cent, Mississippi 5.5 percent and Georgia 5.25 per cent. Large gains in farm income—well above the national average of 10 per cent—were the key factor in each of these states.

Minnesota's increase in personal income from the second to third quarter in 1973 was 4.4 per cent, placing it above the national increase, and well above the increase of 1.75 per cent in consumer prices.

From the third quarter of 1972 to the third quarter of 1973, total personal income gained at least 9¾ per cent in each of the regions and at least 7½ per cent in each of the states, compared to a national gain of 11 per cent. With consumer prices over the year up 5¼ per cent (as measured by the implicit price deflator for personal consumption expenditures), there was an apparent gain in real income in each of the regions and states.

In 15 states and the District of Columbia, the income gain over the four quarters differed substantially from the national average of 11 per cent. The states with the largest gain were North Dakota 23.8 per cent, Kansas 17.6 per cent, Idaho 16.3 per cent, South Dakota 16.0 per cent, Nebraska 15.7 per cent, Nevada 15.2 per cent, and Minnesota 14.9 per cent. In all except Nevada, very large gains in farm income played the key role in the income advance.

MTA Approves Move For Price Tags On Bills

A number of Minnesota's state lawmakers believe that the time is ripe to require "price tags" on all proposed legislation that would affect the cost of government, according to Harold T. Miller, research director of the Minnesota taxpayers association (MTA).

Termed "fiscal note" in legislative parlance, such price tag would accompany every bill providing for raising revenue or for the potential expenditure of funds, serving to provide both legislators and the public with an estimate of present and future costs.

" 'Price tag' requirements have been enacted in many states," Miller said, "and are proving themselves effective in keeping state finances on an even keel. Public approval of the price tag requirement has been exceptional."

Two price tag bills now are before the Minnesota Legislature. One, House File 2571, was introduced last May be Representative Harry A. Sieben of Hastings, with Aubrey Dirlam of Redwood Falls, and Irvin N. Anderson of International Falls, as co-authors. Representative Anderson is House majority leader, and Representative Dirlam is House minority leader.

Another, House File 2781, was pre-filed January 2 of this year by Representative Bradley G. Pieper of Burnsville, and was formally introduced on January 15. Both bills have been referred to the House Rules and Legislative Administration Committee.

At present, the House of Representatives has a rule (Rule 6 (f)) which permits a standing committee, by majority vote, to order the preparation and attachment of a fiscal note to a bill. The Senate does not have a similar rule.

"It is heartening that support for the proposed legislation comes from both sides of the aisle—from the minority group as well as the majority," Miller said. "We feel certain that Minnesotans will applaud the enactment of price tag legislation."

Heart attack strikes any time, any place. Too often victims wait for hours before seeking help. Don't delay—half of all heart attack victims die before they reach a hospital. Know the warning signs and act promptly when they occur. It could save your life. Ask your Heart Association.

Funeral Services For Plane Crash Victims Listed

(Continued from Page 1)

completing 22 years as sheriff, he returned to his work as engineer on the Soo Line. He retired in 1966 and had served on the city council since 1968, being reelected to his third term in 1973.

He was a member of Trinity Lutheran church, Past Master and 50-year member of Masonic lodge 236, A.F. & A.M., Kem Temple of the Shrine, past treasurer of the Sons of Norway, Odd Fellows, Eagles, charter member of the Pennington county historical society and past president of the Minnesota Sheriff's associaton. He was a life member of the Brotherhood of Locomotive Engineers, and the United Transportation union.

He was married in 1918 in Thief River Falls to Clara Hamre. She died in 1928. In 1940, he was united in marriage to Julia Haugen, who survives.

Also surviving are two sons: LaVerne Rambeck of Glenwood and Raymond of Thief River Falls; a daughter, Mrs. Donald (Elaine) Pederson of Twin Valley; a step-son, Howard Haugen of Villard; 18 grandchildren, including the two grandchilden that they raised: Allona Clow of Chicago, Ill., and Donn Haugen of East Grand Forks;

Also five great-grandchildren and four sisters: Mrs. Clara Rustad of Rosholt, Wis., Mrs. William (Mabel) Day of St. George, Utah; Mrs. Josie Rambeck of Winnipeg, Man., Canada, Helen Olson of Fargo, N.D., and Mrs. Olive Roe of Wisconsin.

Three brothers and one sister preceded him in death.

William Froiland

Services for Councilman William J. Froiland are set for 2 p.m., Thursday at Trinity Lutheran church, where he was a member of the board of deacons.

Rev. Berton R. Hushagen will officiate at the services. Music will be provided by organist Mrs. Walter Larson, and the vocalists are Mrs. Arnold Hammer and Mrs. Roy Jensen. Interment will be in Greenwood cemetery. The Sinding-Belmont-Petterson Funeral home is in charge of arrangements.

Honorary pallbearers will be Frank Tunberg, Dr. A.E. Jacobson, Ole Engelstad, Gerald Wigness, Robert Carlson, Arnold Narverud, Milton Relerson, Ambrose Wysoski, Fred Sorensen and Roger Worth.

Active pallbearers will be Roger Tunberg, Wallace Tunberg, Ray Johnson, Gunder Legvold, Jim Nepper—and Martin Gulbranson.

William J. Froiland, a son of the late John and Ida Froiland, was born in Plummer on Feb. 6, 1902. He attended the Plummer schools, Crookston Agricultural college and Aaker's Business college in Grand Forks, N.D.

Froiland came to Thief River Falls in the mid-20's. He worked for International Harvester and Tunberg's and during the war years managed Phillips 66 oil station. Following the war, he returned to Tunberg's.

In 1960, he was elected Pennington county register of deeds. He served in that capacity until his retirement in 1968. He was beginning his third term on the city council after being reelected in 1973. He was also employed by Sinding's Funeral chapel and when the business was sold, continued his employment with the new owners.

In addition to his membership at Trinity Lutheran church, Froiland had served on the local school board, was a member of the Sons of Norway, the Elks and was a past member of the Lions.

He was married on Sept. 21 1931 to Agnes R. Peterson. She died on June 12, 1968. On Sept. 9, 1972, he married Louise Steenerson, who survives.

Also surviving are two daughters: Mrs. Carol Brown of San Bernadino, Calif., and Mrs. Kay Svean of Golden Valley; one son: Elroy Froiland of Brooklyn Center; five grandchildren; two brothers: Peter Froiland of Grand Forks, N.D., and Arthur of Plummer; and five sisters: Mrs. Clara Benson of Thief River Falls, Mrs. Ann Whaling of Red Lake Falls, Mrs. Alma Blake of Grand Rapids, Mrs. Russel Williams of Harrisburg, Pa., and Mrs. Mabel Bradshaw of Arvilla, N.D.

Three brothers preceded him in death.

Roy Pederson

Funeral services for Police Chief Roy Pederson have been scheduled for 2 p.m., Friday at Zion Lutheran church with Rev. Alexander Stoffel officiating. Jerry Joringdal will be the organist and Mrs. Arnold Hammer will sing "The Lord's Prayer" and "Let Not Your Heart Be Troubled". Interment will be in Greenwood cemetery. The Green Funeral home is in charge of arrangments.

Honorary pallbearers will be members of the Thief River Falls Police department and the VFW Soft Ball team. Military honors will be accorded by the Veterans of Foreign Wars.

Roy Pederson was born in Thief River Falls on Jan. 16, 1939. He attended school here graduating from Lincoln high school in 1956. He also attended the University of North Dakota and Bemidji State college.

In 1961 he was inducted into the U.S. Army and served through 1963. Following his discharge, he returned to Thief River Falls.

Pederson had been employed by the Thief River Falls police department since April 27, 1964. He was promoted to Police Chief on Sept. 1, 1973.

He was a member of Zion Lutheran church, the Rotary club, the VFW softball team and the Athletic Boosters club.

He was united in marriage to Yvonne Wells on June 5, 1965 at Zion Lutheran church. She survives together with a daughter, Mona.

Also surviving are his father and step-mother, Mr. and Mrs. Robert Pederson; one sister, Mrs. Marland (Roberta) Kloety; a half-sister, Susan Pederson; and a step-brother Sidney Bonaime, all of Thief River Falls.

His mother preceded him in death.

Marvin Housman

Funeral services for Marvin Housman, 22, have been scheduled for Saturday at 1 p.m. from St. Paul Lutheran church in Alexandria with Rev. Chester Zuleger officiating. Interment will be made in an Alexandria cemetery with Anderson Funeral home of that city in charge of arrangements.

Housman was born Nov. 13, 1951, to Mr. and Mrs. Victor Housman of Eagle Bend and was a 1969 graduate of Eagle Bend high school. He graduated from the agricultural aviation program at the University of Minnesota technical institute at Crookston.

At the time of his death he was enrolled in the aviation mechanics course at the Thief River Falls area vocatonal-technical school for the third time since September of 1971, having withdrawn twice to accept employment to finance his education, including aerial spraying work.

Survivors include his parents, Mr. and Mrs. Victor Housman of Eagle Bend, and a brother Ronald.

Plane Crash On Monday Kills Three Officials Of Thief River Falls

(Continued from Page 1)

seating arrangement. As he was talking to others, he recalls being struck by the prop wash from the Housman plane as it taxied from the apron for take-off. His group then boarded the other plane, the pilot went through the pre-flight check and they were airborne.

Once in the air, Pilot Wayne Martin contacted Grand Forks air control and then Housman by radio and asked his departure time. It was given as "eleven past the hour" or 8:11 a.m. The planes were to fly at 2,500 feet and make contact again at Detroit Lakes since the second plane which left was the faster of the two. Martin reportedly set the Detroit Lakes contact point over the radio to the other plane but did not receive a reply.

Attempt to make radio contact was made again at Detroit Lakes, Alexandria and periodically from there to Owatonna with total non-stop flight time being about two hours and 20 minutes, Sheriff Richards said. It was at Owatonna the men on Martin's plane learned that a plane was down in Polk county and Sheriff Richards was able to contact Polk county deputy sheriff Don Hamre through the deputy's car telephone. Arrangements for several matters surround the crash were made through that conversation.

Sheriff Richards, Stenberg and Naplin made the tour of the law enforcement facilities and the group then left at mid-afternoon to fly back to Thief River Falls.

Hearing Slated On Wilderness Area At Agassiz

(Continued from Page 1)

"The wilderness act will not in any way alter the purposes for which national wildlife refuges were established," Kotok said. "This wilderness area shall be administered so as to preserve its wilderness character and shall be devoted to the public purpose of recreational, scenic, scientific, educational, conservation and historical use so far as primary refuge objectives permit. Wilderness designation does not remove or alter an area's status as a national wildlife refuge."

Benefits accruing to the public from the wilderness designation were cited by the Agassiz refuge manager as follows:

(1) Preservation of an extensive area representative of the lowland forest in a natural condition;

(2) Protection of this area from future developments;

(3) Prevention of vehicle intrusion, except in emergencies involving wild fire or public health and safety.

The summary available at the places listed at the beginning of this article contains maps of the refuge and wilderness area proposal, review of Agassiz refuge, history of the area, description of the property, listing of resources, public use and development and management plans, socio-economic considerations and conclusion. Several photos from the area are also included in the booklet.

Parenthood Is Course Topic At Day-Night Unit

(Continued from Page 1)

designed for parents who would like to learn how to use rewards and punishments in a more effective manner," Elkerton said. "It will be a forum to discuss issues concerning parent and child cooperation and ways of living that parents deem more productive."

Elkerton is a graudate of the University of Minnesota and received a master social work degree from the University of Denver. He has practiced social work for five years and is experienced in dealing with children and adults in changing behavior. Throughout his practice he has provided educational services to parents in the area of child managment.

"For a number of years the mental health field has primarily recognized an obligation to serving the public indirectly by providing care and treatment to the mentally ill," he said. "Since this has been our mandate the general public has not had access to professionals trained in human behavior to help them with less severe problems, As a result many good parents who have wanted to become more skilled have had to rely primarily on their own initiative and abilities to improve their skills."

Elkerton adds that much of what parents do know about parenting is correct, but after a parent comes to an understanding of why a child behaves or misbehaves or how to communicate with a child, how can a parent help the child to change? The course is designed to help parents in dealing with day-to-day problems. Couples are encouraged to attend together.

Form 1040A Is Standard Form For Taxpayers

Richard C. Voskuil, district director of internal revenue service offices in Minnesota, estimates that more than 30 per cent of the taxpayers can file their federal income tax returns for 1973 on the Form 1040A.

Voskuil said that the number of taxpayers who claim the standard deduction ranges somewhere between 40 and 60 per cent. Form 1040A is especially designed for taxpayers claiming the standard deduction and for persons who have income only from wages, salaries, dividends and interest.

On the 1973 Form 1040A, there is no longer any limit on the amounts of those types of income that can be reported on that form. Furthermore, the taxpayer may simply enter the information for his exemptions, the total amounts of income, and have the internal revenue service compute the tax, regardless of the toal amount of income. However, the instructions have all the necessary information for the taxpayer to compute the tax, if he chooses to do so.

Voskuil said that the *elimination of limitations* on amounts of income that can be reported on Form 1040A has simplified the instructions and the form itself. He added that page two of the instructions for Form 1040A include reminders of situations where the taxpayer may get a lower tax by filing the regular Form 1040 and that page seven has a list of toll free telephone numbers where taxpayers may call internal revenue service offices for answers to questons.

Rites Held For Glenn A. Mosher, 83, Of Mentor

Funeral services for Glenn A. Mosher, 83, of Mentor were held Tuesday at 1 p.m., at the Petterson funeral home at Red Lake Falls. Mosher died Friday at a Crookston hospital.

Rev. Roy Seger officated at the services. Interment will be in the Rose Hill cemetery in Mentor.

Glenn A. Mosher was born April 15, 1890 in LaRue, Ohio. He was married in Ohio in 1922 to Margaret Keiser. They came to Minnesota in 1929 and lived at Dorothy, Red Lake Falls, Euclid and at Grand Forks, N.D. In 1940, they moved to the Mentor community. They also lived for several years at Plummer before returning to Mentor where he resided until entering a nursing home at McIntosh two years ago.

He is survived by one son; Walter Mosher of Conoga Park, Calif.; a daughter, Mrs. Emma Farden of Crookston; seven grandchildren, 10 great-grandchildren, and one sister, Mrs. Hazel Caton of Norwalk, Ohio.

He was preceded in death by his wife in 1965, and one daughter.

Services Held Here Today For Max Krueger

Funeral services were held today (Wednesday) at 11 a.m. at the Green Funeral chapel for Max Krueger, 83, father of Mrs. Gordon Ballingrud of this city. Krueger died Sunday morning at Northwestern hospital.

Rev. Berton Hushagen, pastor at Trinity Lutheran church, officiated at the services. Mrs. Walter Larson was the organist and Mrs. William Penning, the soloist. Interment will be in the Memorial Park cemetery at Grand Forks, N.D.

Max Krueger was born in Waukegan, Ill., on Dec. 29, 1890. As a young man, he moved to North Dakota and was married there in 1913 to Margaret Shand. The couple first resided at Devils Lake, N.D., and later moved to Grand Forks, N.D. In 1956, they moved to Elk River and resided there until Mrs. Krueger's death in 1970. Since then he had made his home with his daughters.

Krueger was a salesman and operated a vending machine business until his retirement. He was a member of the Presbyterian church at Big Lake.

Surviving are two daughters: Mrs. E. J. (Genevieve) Kuhne of St. Paul and Mrs. Gordon (Doris) Ballingrud of this city; nine grandchildren, four great-grandchildren and a number of nieces and newphews.

He was preceded in death by one daughter, Florence, and nine brothers and sisters.

Services Held Here Today For Louise Yonke

Funeral services for Mrs. Louise Yonke, 86, of this city were held today, (Wednesday) at 2 p.m., at Trinity Lutheran church. Mrs. Yonke died Saturday at Northwestern hospital.

Rev. Burton Hushagen officiated at the services. Music was provided by Mrs. Walter Larson, organist, and Mrs. Sherman Idso, soloist. Interment will be in the Community cemetery at St. Hilaire. The Green Funeral home was in charge of arrangements.

Pallbearers were Everett Yonke, Earl Yonke, Howard Krause, Lawrence Krause, Bobby Schipper and Henry Rux.

Mrs. Yonke, the former Louise Augusta Lubitz, was born Oct. 31, 1887 in the Wylie community to Mr. and Mrs. Gustav Lubitz. She attended school and grew to womanhood in that community. On Nov. 9, 1914, she was married at Wylie to William Yonke. After their marriage, the couple lived at Crookston until 1918 when they moved to a farm in Sanders township, Pennington county. From 1926 until 1939, they lived and farmed in River Falls township, near St. Hilaire. In 1939, they moved into this city where she had since resided.

She was a member of Trinity Lutheran church.

Surviving are three sons: Gerald Yonke of St. Hilaire and Leonard and Willard, both of Thief River Falls; three daughters: Mrs. E.R. (Mavis) Gordon, Mrs. Allen (Verona) Linstad, both living in California, and Mrs. Lee (Lavida) Kohok of Minneapolis; 18 grandchildren, nine great grandchildren, and one sister, Mrs. Marie Schipper of Crookston.

She was preceded in death by her husband in 1959, a daughter, two brothers and one sister.

Alex Dembiczak Of Greenbush Dies January 23

Alex Leo Dembiczak, 70, who lived in the Greenbush community practically all his lifetime, died there on Wednesday at the Community hospital.

Funeral services for Alex Leo Dembiczak were held Saturday at 11 a.m., at the Blessed Sacrament Catholic church at Greenbush with Rev. Eugene Wesely officiating. Interment was in the church cemetery. The Collins Funeral home, Greenbush, was in charge of arrangments.

Pallbearers were Wilmer Janson, Larry Truscinski, Clayton Schaller, Rodney Erickson, Tony Novacek, and Mike Korczak.

Alex Dembiczak, the son of the late Andrew and Mary Dembiczak, was born Nov. 10, 1903 in Barto township, Roseau county, near Greenbush. He attended school and grew to manhood in that community. He was married at Greenbush on June 10, 1932 to Agnes Bizek. The couple farmed in Barto township until 1947 when they moved to Alvarado where they operated a grocery store for a year. They returned to Greenbush and operated a recreation hall for four years and farmed for several years. Dembiczak was later employed at the Cream Station at Greenbush. For the past year, he had been a resident of the Greenbush nursing home.

He is survived by one son: Rudy Dembiczak of Halma; two daughters: Mrs. Glen (Loretta) Hendrickson of Greenbush and Mrs. Julius (Shirley) Janson of Warroad; six grandchildren; four brothers: Stanley Dembiczak of Chicago, Ill., Paul of Moses Lake, Wash., John of Regina, Sask., Canada, and Peter of Greenbush; and a sister Mrs. Emil (Katherine) Przybylski of Kent, Wash.

He was preceded in death by his wife who died in April of 1970; and two brothers.

Nels C. Kverno, Once Of TRF, Dies In Calif.

Nels C. Kverno, 78, of Sacramento, Calif., a brother of Clarence Kverno of this city, and a one-time resident of Thief River Falls, died January 18, at a Sacramento hospital. He had been hospitalized for seven weeks after falling and fracturing his hip.

Funeral services for Nels Kverno were held Monday January 21, at 2 p.m., at the Church of the Valley with Rev. R. Schultz officiating. The Mount Vernon Mortuary was in charge of arrangements. Internment will be in Minnesota in the Shotely cemetery.

Nels C. Kverno was born Oct. 4, 1895 on Kverno Island, Froien, Trondheim, Norway to Carl and Alete Kverno. In 1899, he immigrated to America with his parents. They lived in Crookston until 1903, when they moved to Shotley, where he attended school and grew to manhood. He *was a veteran of World War I.*

He was married at Waskish to Gladys Blanchard. After their marriage, the couple lived for a time in Thief River Falls where he managed the Standard Oil station. They later moved to Warroad where he managed the Farmers Union station and operated a fishing launch and boat service. They also lived for a time at Roseau operating an oil business before moving to Sacramento where he retired.

He is survived by his wife, three sons: Charles (Dick), at home, Nelson of Wheatridge, Colo., and Dale, who is U.S. Army teaching in Germany; one granddaughter, a grandson, and his brother Clarence, living in Thief River Falls.

He was preceded in death by his parents, step-mother, two sisters and a half-brother.

Rites Held At Terrebonne For Joseph Derosier

Funeral services for Joseph Derosier, 77, of Terrebonne, were held Monday at 11 a.m., at St. Anthony's Catholic church at Terrebonne. Derosier died Thursday evening at the Hillcrest Nursing home at Red Lake Falls, where he had been a resident for the past eight months.

Rev. Larry Wieseler officiated. Interment will be in the church cemetery in the spring. The Petterson Funeral home, Red Lake Falls, is in charge of arrangements.

Pallbearers were Robert Valley, Ronald Delorme, Anthony, David, Gary and Thomas Deroiser.

Military honors were accorded by the American Legion post of Red Lake Falls.

Joseph Derosier, a son of the late Bruno and Sophia Provincal Derosier, was born March 2, 1896 at Terrebonne. He married Minnie LaCoursiere in 1917 at Old Lambert Town. The couple farmed in Terrebonne, southeast of Red Lake Falls.

Derosier was a veteran of World War I and served overseas in France and Belgium. He was a member of the American Legion of Red Lake Falls.

He is survived by two sons: Herbert Derosier of Brooks and Donald of Little Falls; four daughters: Mrs. Delthus (Bernice) Valley of Crookston, Mrs. Ernest (Noella) Delorme of Thief River Falls, Mrs. Marcella Leydecker of Kansas City, Kans., and Mrs. Dory (Darlene) Kazmierczak of Marine on St. Croix; 37 grandchildren and 13 great grandchildren.

He was preceded in death by his wife in January of 1973, one son, six brothers and one sister.

L. J. Guerard Rites Held At Brooks Monday

Lawrence J. Guerard, 59, of Glyndon and formerly of Brooks, died Friday at St. Ansgar hospital in Moorhead.

Liturgy of the funeral for Lawrence Guerard were held Monday at 2 p.m., at St. Joseph's Catholic church at Brooks. Rev. Larry Wieseler officiated. Interment will be in the church cemetery. The Petterson Funeral home at Red Lake Falls was in charge of arrangements. Military honors were accorded by the Red Lake Falls veterans organizations.

Pallbearers were Edgar Hjalmstad, Lawrence Nepple, Russell Noyes, Vincent Schmitz and Phillip and Edward Cuno.

Lawrence Guerard was born Nov. 4, 1914 at Brooks to Louis and Erzelia Beaudry Guerard. He was a veteran of World War II, serving in Alaska in the U.S. Army. For the past 25 years he had been a telegrapher and was employed by the Burlington Northern Railroad at Glyndon.

Surviving are one brother, Leonard Guerard of Carpio, N.D., and two sisters: Mrs. Eloise Spicer of Wilmington, Del., and Mrs. Delmar (Ruby) Steinhaus of Fairfax.

Viking-Land Is In Opposition To Gas Rationing

A strong anti-gasoline rationing statement has been issued by directors of Viking-Land, USA, in response to an invitation by federal energy chief William Simon asking the public for comments on recently issued federal energy regulations.

The organization cited as reasons for its recommendation a basic need for gasoline in northwestern Minnesota to sustain its agricultural-tourism based economy, possible confusion resulting from rationing on the part of Canadians vacationing in the region, government expense for administration of a rationing program and excessive pressure on gasoline retailers.

Success of the existing mandatory allocation system and voluntary conservation methods by the private citizen consumer was also cited. The group also cited the lack of reliable information on gasoline supplies which may cause the issuance of more rationing coupons than there is gasoline available.

Besides a recommendation against rationing, Viking-Land made several further recommendations to Simon and Minnesota congressional and legislative delegations:

(1) that price controls be applied at the production, wholesale and retail levels of keeping in mind that increased prices should cause increased production with resultant excessive supplies dropping prices if competition among major oil companies does, in fact, exist;

(2) that mandatory allocation to gasoline retailers be continued allowing the private traveler to obtain gasoline at one or more retail outlets as he proceeds to his destination;

(3) that industry and government be urged and required to curtail waste;

(4) that no international bilateral agreements concerning petroleum exports be executed during the period of shortage;

(5) that an investigation be encouraged into possible collaboration on prices and supplies of petroleum products; and

(6) that increased federal monitoring of petroleum supplies be accomplished with consideration given to a windfall profit tax on major petroleum companies.

Viking-Land, USA, a private organization involved in the economic development of the 17 northwestern Minnesota counties it serves, urged that the brunt of the gasoline shortage not be placed on the shoulders of the private citizen consumer. Recently released statistics received by the organization indicate that the current energy squeeze began affecting travel into the region as early as July of 1973.

Outreach Group To Appear In Viking Feb. 3

Outreach Singers will appear at Viking Covenant church in Viking on February 3 at 7:30 p.m.

The Outreach Singers from an interdenominational Bible school of McIntosh, appear before Protestant, Catholic, Civic and School groups in many different states to present the answer to drugs and the youth revolution.

The team, of various Faiths, sing, play instruments, and share the answer.

The Outreach Training school director and founder, Pastor Joel T. Pederson, will also speak. Pastor Pederson, for 15 years a Lutheran pastor, began this timely Outreach ministry in 1967. Teams have traveled to all midwest states and Canada.

The public is urged to attend. There is no admission charge, but there will be a free-will offering. Bring your questions; tell your friends. Refreshments will be served after the meeting.

Reflectorized Tape Available To School Patrol

"Though daylight saving time is a plus in our energy program, it does present a definite hazard for school patrols, students and other pedestrians who are abroad before 8 a.m.," Minnesota department of public safety commissioner W.R. Hoaglund said recently.

"Since Minnesota is cooperating fully with energy-saving programs, we must look to precautions we can take to reduce some of the hazards.

"School patrol boys and girls can gain an added measure of safety if their flags and belts are treated with reflective materials. The material is silver and comes one inch wide in 50-yard rolls. It can be sewed on.

"Suggested placement is one strip on each edge of the flag, three inches in from the edge (on both sides). For the belts, a strip should be sewn completely around the waist and on the front and back of the shoulder strap."

The 50-yard rolls and kits containing sufficient material to brighten up one individual are available from the Minnesota safety council. This organization can be contacted for information regarding any type of reflective materials for higher visibility during hours of darkness. Contact: Minnesota Safety Council, 315 Hamm Building, St. Paul 55102, Phone (612) 227-6797.

Reflective materials for pedestrians also are available from a number of sources, including leading department stores.

Services Center Of SDA Church Receives Gifts

Community services center of the Seventh-day Adventist church has received many contributions of clothing and other items recently. "Without the help of the community and the kindness of contributors we would be unable to operate," stated Mrs. Eugene Howes, director of the center.

"We want the people to know we appreciate their help," Mrs. Howes added. "Publicity given by the Times has helped much in letting people know that there is a community services center to help those in need with clothing and other things."

The center is located above the Thief River clinic at 109 LaBree av. S.

Hot Lunch Menu At Goodridge

Monday, Feb. 4, Pizzaburgers, pears, corn chips, bread and butter, milk.

Tuesday, Feb. 5, Boiled rice with sugar and cinnamon, german bologna sandwiches, apricots, cookies, milk.

16 Applicants To Seek King Agassiz Crown

Dr. Edward C. Frederick, provost of the University of Minnesota Technical college at Waseca, will address the King Agassiz corononation ceremony at 12 noon, Thursday, February 21, at the new armory next to the Winter shows building.

Duane Ekman, the reigning King Agassiz from Argyle, will preside over the crowning ceremony. Sixteen candidates from the northwestern Minnesota counties will vie for the king's crown. The new king will assume his duties after the 1974 show.

Hall of fame committee reports that three new faces will be added to the hall of fame, which includes the more senior citizens who have made major contributions to the Red River Valley Winter shows.

The King Agassiz arrangements committee, headed by Erman Ueland of Fertile, indicates that tickets for the King Agassiz coronation banquet will be available early in February at the Winter shows office. The public is encouraged to send for tickets or call the winter shows office to make a reservation.

Shoplifting, Theft Significant In TRF

In additon to traffic accidents, juvenile shoplifting and thefts were the most significant incidents investigated by the Thief River Falls police department during the past week.

Two 15 year old girls were caught stealing clothing items valued at $43 in a local store Wednesday.

James Robinson of 618 North Knight avenue was driving a snowmobile north in the alley between Markley and St. Paul avenues about 5:40 p.m. Wednesday and collided with a car driven by Art Cloatier of 617 South Kendall avenue. Cloutier had been traveling west on Michael street. Damage to the snowmobile was estimated at $50 with minor damage to the car.

Everett Ault of 611 Duluth avenue was driving south on Duluth avenue about 12:15 a.m. Thursday while Jonothon Fast of International Falls was driving west on Seventh street. The vehicles collided at the intersection causing about $1,200 in damage to the Ault vehicle and $800 in damage to Fast's vehicle.

Michael Engelstad of route 3 was driving north on Pennington avenue about 6:30 p.m. Thursday and stopped for the stop sign at First street where his vehicle was struck in the rear by a vehicle driven by Harry Donarski of 826 South Kendall avenue. Damage to the Donarski vehicle was estimated at $400 with $75 in damage to the Engelstad vehicle.

A 12 year old girl was caught stealing merchandise valued at $1.69 from a local grocery store Thursday.

A local service station reported Thursday that someone had stolen an E-Z haul rental trailer from its lot.

Someone broke the lock on the door of the new water tower Thursday and smashed light bulbs which provide heat for the control panel. As a result, the automatic controls froze and the tank overflowed. Damage was estimated at $50.

David Dahlstrom of 103 South Kendall avenue reported Friday that a vehicle had struck his car while it was parked in front of his residence and caused about $375 in damages. The vehicle inflicting the damage left the scene.

Two pickups collided about 11:37 a.m. Saturday at the intersection of Highway 59 and First street. Pickups driven by Leroy Scholin of 108 North Kneale avenue followed by Raymond Jorgenson of 202 South Tindolph avenue were traveling north on Highway 59 and started to make a left turn onto First street when the second vehicle slid into the first causing about $150 in damage to each vehicle.

SELECTED as outstanding actor and actress during the District 31 one-act play contest in Thief River Falls Saturday were Jim Czapiewski of Oslo and Cecelia Friederichs of Crookston. Czapiewski played the role of the Young Man in William Saroyan's "Hello Out There" while Miss Friederichs played the title role of Medea in the play by Jean Anouilh.

Rev. Dr. Robert Preus To Be At Crookston Sun.

Rev. Dr. Robert D. Preus, St. Louis, Mo. will be the guest speaker Sunday at Our Savior's Lutheran church in Crookston.

A member of the conservative minority on the faculty of the embattled Concordia seminary in St. Louis and a brother of the president of the Lutheran church-Missouri synod, Dr. Preus will speak at the 8 a.m. and 11 a.m. services on the topic, "The Gift of God's Love," based on John 3:16.

At 2:30 p.m. Dr. Preus will address all interested persons as he duscusses as well as answers questions on the current problems and concerns of the synod.

In the evening he will have a special message for the young people at the winter banquet of the zone Active Christian Teens. The A.C.T. theme for the banquet is "We've Got It! Let's Keep It!"

According to a release from the Crookston church, the doctrinal struggle within the 2.8 million member synod came to a head nearly two weeks ago when the liberal president of Concordia seminary, Dr. John H. Tietjen, was suspended; and three professors, Dr. Alfred O. Fuerbringer, Dr. Arthur C. Repp and Dr. Alfed von Rohr Sauer, were involuntarily retired.

Other church bodies in the past, arriving at this crossroads, have taken the liberal route; but the majority within the Missouri synod last July at their convention in New Orleans, La., expressed their determination to hold fast to their heritage as a conservative, confessional Lutheran church body.

Rev. David Anderson, pastor of Our Savior's, stated: "The time has come for people to quit kidding themselves. We cannot compromise our stand on Holy Scripture for the sake of scholarship or ecumenicity or anything else. Either we are going to surrender our lives and our wills to the Lord Jesus Christ or we're not. There can be no middle ground."

The public is cordially invited to hear Dr. Preus at the moring and afternoon events on the schedule.

OSHA Conducts Reported 7,776 Nov. Inspections

Department of labor reports that the occupational safety and health administrtion (OSHA) conducted 7,776 inspections during November.

The weekly average of 1,555 inspections was more than double the weekly average of 661 in November of 1972.

Assistant secretary of labor John H. Stender, head of the federal job safety and health agency, said during November of 1973 OSHA issued 5,301 citations to employers alleging 27,870 violations of job safety and health standards. Proposed penalities totaled $680,881.

From its inception April 28, 1971, through November of 1973, OSHA has made 112,405 inspectons resulting in 72,575 citations alleging 384,190 violations, with proposed penalties totaling $9,680,126. Of that amount, $6,825,277 has been remitted to the secretary of the treasury. The balance represents funds not yet collected, plus penalties proposed by OSHA that were reduced by order of the independent occupational safety and health review commission after employer appeals.

High blood pressure won't "just go away." It can lead to heart attack, stroke and other heart diseases. See your doctor and follow his advice. Save your heart. Ask your Heart Association and give Heart Fund.

State Board Of Health To Give Plummer Exam

Minnesota state board of health will be conducting an examination for State Journeyman license on Thursday, March 28, and Master Plummer license on Friday, March 29. Examination time is scheduled for 8:30 a.m. both days and testing will be held at the Agricultural Engineering Building, University of Minnesota, St. Paul Campus, St. Paul Minn.

Examinations will be based on the Minnesota Plumbing Code Copies of the 1973 Code Book or supplement containing the revisions to the 1969 Code Book may be obtained from—Documents Section, 140 Centennial Building, St. Paul Minnesota 55155.

Applications may be obtained and filed with the Plumbing Unit 717 Delaware Street S.E., Minneapolis, Minnesota 55440 not later than February 15, 1974 to qualify for the March examination.

Journeyman examination will not require lead wiping.

Telephone (612) 296-5328 or write to this office requesting application. The next scheduled examination will be given September, 1974.

Horse Show Is Slated For RRV Winter Shows

Professional amateur and youth equestrians hold the spotlight on the final three days of the Red River Valley winter shows beginning Friday, February 22, with 4-H day. Starting at 10 a.m. various horse breeders in the Valley will present an educational clinic. The clinic and show classes will begin at 10 a.m. and are sanctioned by the Minnesota and North Dakota state 4-H officials.

Friday, February 22, at 7 p.m., features a rapid-paced show with all breeds of horses in competition presenting a colorful, action-packed program.

Saturday, February 23, and Sunday, February 24: The finest in registered and quarter horse breeds will be in continuous showing starting at 7 a.m. each day, beginning with halter and showmanship classes on Saturday.

Exciting performance shows, including races, western pleasure riding, trail classes, reining, cattle cutting, and roping will be featured on Saturday at 1 p.m. and 8 p.m. and on Sunday at 1 p.m.

Entry deadline for the shows is February 4, 1974, with post entries accepted only one hour before show time with additional cost per event.

Sunny Jim Orr of Pueblo, Col. has been secured as the 4-H open and quarter horse show judge. Morris Hemstrom of Moscow, Io., will judge the Appaloosa show.

The Red River Valley Winter Shows Winter Horse Show is considered oneof the largest horse shows in the Midwest and is approved by the American Quarter Horse Association, the Minnesota Quarter Horse Association, the Appaloosa Horse Club of America, the Red River Valley Appaloosa Association and the North Dakota Appaloosa Associaton.

Randall Ayers Buys Shorthorn

Randall Ayers, Thief River Falls, has purchased a heifer calf, Wildwood R H Deb 362809, from Eldo Bentley of Twin Valley.

The new animal is a registered Milking Shorthorn and the record of the transfer of ownership has been made by the American Milking Shorthorn society at Springfield, Mo.

Gas Price Drop Slight In Minn. On Last Survey

Statewide average price paid for regular gasoline dropped nearly two cents per gallon this week and supplies continue to be adequate, according to the Minnesota state automobile association (AAA).

Edward M. Pierce, an official of the motoring organization said: "This is the first positive sign we've seen in several weeks that the increasing prices paid for gasoline are beginning to level out." This is the first drop in average price since the AAA resumed its fuel gauge report several weeks ago, Pierce said.

The average price for regular gasoline this past week was 46.9 cents per gallon, down from 48.2 cents last week. The average price for premium this past week was 51.0 cents, down from 51.5 cents last week.

Approximately 80 per cent of the 43 stations surveyed by Minnesota AA and its affiliated clubs reported good to plentiful supplies, which was unchanged from the week before. However, the percentage of stations limiting purchases to customers jumped from about seven per cent last week to slightly more than 20 per cent in this most recent survey.

More than half of the stations surveyed were open past 7 p.m. on week days, but only about 40 per cent of the stations reported they were open past 7 p.m. on Saturdays. Less than ten per cent were open for gasoline sales on Sunday, the survey revealed.

Public Meetings To Air Drainage Rules Are Set

Minnesota department of natural resources announced that a series of informal public meetings and an official public hearing will be held during February to present proposed new rules and regulations on drainage procedures.

The 1973 legislature directed the commissioner of natural resources to provide a list of criteria relating to the social, economic, and environmental impact that drainage authorities must consider when establishing or improving drainage systems.

The schedule of public meetings includes a session at the agricultural research center auditorium on the campus of the University of Minnesota-Crookston Thursday, Feb. 7, starting at 7:30 p.m.

Local 4-H'ers Attend Program At UM Crookston

Pennington county 4-H'ers attended youth activity day Saturday at the University of Minnesota technical institute at Crookston. This annual program gave area youth a chance to take part in meaningful agricultural activities and view the college, according to Wayne Odegaard, associate Pennington county extension agent.

Sixteen county 4-H'ers attended numerous judging and educational workshops Saturday. The program began with registration at the Kiehle auditorium at 8:30 a.m. when 4-H'ers, FFA students, and interested youth from throughout Northwestern Minnesota registered for the day's program.

Those attending were welcomed at a short assembly by Dr. Stanley Sahlstrom, provost at the college. Dr. Sahlstrom emphasized that agricultural careers and opportunities were never better. He stated that UMC offers technical educational programs in agriculture that greatly enhance young people's chances of employment in agriculture.

Duane Ekman, King Agassiz the XIII, discussed opportunities in agriculture. Ekman encouraged young people to seek out agricultural related careers. After his talk, the group was dispersed to educational and judging workshops of their choice.

Ten girls from the Happy Acres 4-H club attended a Horsemanship workshop held at Hagens arena near East Grand Forks. Here they were exposed to various aspects of horse management and care. Becky Bruggeman, Twyla Merell, Patty Langlie, Lynn Sauve, Shelly Langlie, Shaun Oen, Nicki Hanson, Shelley Hanson, Lori Lundin and Cindy Reierson attended this session.

Richard Ayers, a member of the City View 4-H club, attended a dairy judging workshop. Kirk Hamre (City View 4-H club), Mike Sorteberg and Jeff Knutson (Smiley 4-H club), Stuart Mickelson (Kratka 4-H club) and Neil Johnson (New Solum 4-H club) attended a general livestock judging workshop. Here they were given an opportunity to judge beef, sheep and swine.

The college held an open house during the afternoon. This gave the 4-H'ers an opportunity to talk with college faculty members in areas of interest to them.

DEPUTY SHERIFF Don Hamre of Polk county and a state highway patrolman used a snowmobile and sled to bring victims of the airplane crash near Winger Monday to vehicles waiting on a nearby road. The plane was enroute from Thief River Falls to Owatonna but crashed in a northwesterly direction, causing speculation that a landing attempt had been made. That theory was discounted by D.C. Valle, air safety investigator for the National Transportation Safety board in Kansas City, Mo., who said the steep angle of descent and low position of the right wing did not indicate a landing attempt. Valle said investigators could find nothing to indicate mechanical failure of the aircraft but did not rule out weather as being a contributory cause to the accident.

Winter Shows To Have Sunflower Seminar Feb. 15

Growers and others in the sunflower industry are invited to a special seminar scheduled for Friday, February 15, in the auditorium of the agricultural research center, Northwest experiment station, Crookston. The theme is "Sunflowers—What's Ahead for 1974."

Ralph Taylor, vice president, Dahlgren and company, Crookston, will discuss the "Industry Outlook for the Years Ahead." Gary Fick, plant breeder for North Dakota State university, Fargo, will take a look at "New Sunflower Varieties and Disease Picture."

J.T. Schulz, entomologist for North Dakota State university will talk on "The Implicaton of the Sunflower Beetle and Other Insects on Sunflower Yields." "Cultural Practices and the Farmers View of Sunflowers" will be discussed by Bob Amstrup, county agent, Grand Forks county, N.D.

A question-and-answer period will close the session. The public is invited.

Crop And Soils Seminar At RRV Winter Shows

Farmers and seedsmen are urged to bring their crop samples to Winter shows. Samples should reach the show no later than Tuesday, February 12. The deadline is 7 p.m., say Tom Botko and Jim Edgar, superintendents of the crops snow.

A top-level meeting has been arranged by a committee headed by Marlin O. Johnson, area crops and soils extension agent, and is scheduled for Wednesday, February 20, in the Kiehle auditorium at the Technical College, Crookston. Registration and coffee will be at 9:30 a.m.

The theme this year is "Crop Production Consideration—1974". World grain supplies and marketing opportunities will be discussed by Reynold P. Dahl, University of Minnesota, St. Paul. The energy situation in agriculture will be highlighted by Lee R. Martin, University of Minnesota, St. Paul. An old friend of the Red River Valley Winter Shows, Thomas O. Cochrane, Terra Chemicals International, Inc., Sioux City, Iowa, will discuss the fertilizer supply outlook. Dr. J. M. Ramirez, North Dakota State university, Fargo, ND, will discuss climatological limits and potentials for agriculture.

The meeting will be followed by a luncheon in Bede Hall.

Social Security Recipients Have Earnings Limit

People under age 72 getting social security checks may earn more money in 1974 without giving up any payments.

The new earnings limitation is $2,400 per year, according to William Phalen, acting manager of the Grand Forks social security district.

Beneficiaries earning up to this amount in 1974 may receive all their monthly checks regardless of the amount earned in a particular month. Those earning over $2,400 a year may still get payments for some months, depending on the amount earned and the months worked.

A person earning more than $2,400 in 1974 gives up one dollar in benefits for each two dollars earned above the $2,400 limitation. Annual earnings of $3,000, for example, would cause $300 in benefits to be withheld. Payments can be made, however, for any month in which the beneficiary does not earn over $200 wages or render services in self-employment.

Phalen said the $2,400 rule applies to earnings in 1974 and future years. The limitation for 1973 was $2,100. Beneficiaries who earned more than that last year must file an annual report of earnings with the social security administration if they received a check for any month of 1973. That report is due by April 15. Anyone wanting more information about the earnings test may contact the Grand Forks office at 772-5517.

Knutsons Buy 7 Shorthorns

Don Knutson family of route 4, Thief River Falls, has purchased six registered milking shorthorn females, ranging in age from junior yearling to seven years, from D.W. Crook of McIntosh and a seven-year-old cow from Eldo Bentley of Twin Valley.

Hoft Community News Items Reported

Mrs. Ida Horien, Newfolden, 449-2415

Thursday evening visitors and supper guests at the Orville Larson home were Mr. and Mrs. Clarence Peterson from Goodridge and Mr. and Mrs. Lloyd Mercil from Brooks.

Those who were entertained for Sunday dinner at the Jon Fosholm home were Mr. and Mrs. Oscar Fosholm, Mr. and Mrs. Marlan Augustine and Machelle Moe, Mr. and Mrs. Orvus Bennit and Kent.

Those who brought birthday wishes to Phillip Vonwald's 95th birthday at his home in Grygla were Mr. and Mrs. Duane Vonwald, Bruce and Debby. Others were Mr. and Mrs. Frank Thompson and family from Princeton.

Mr. and Mrs. Bill Stone from Seattle, Wash. are visiting at the Milton Davidson home and also with other relatives and friends.

Wednesday afternoon visitors at the Harry Engen home were Mr. and Mrs. Hilmer Lunke from Thief River Falls, Mrs. Bertil Ness, Mrs. Art Lunke and Mrs. Clifford Jorland.

Those who were entertained at the Duane Vonwald home on Tuesday with Mrs. Mabel Bratteli and Mrs. Duane Vonwald as hostesses were Mrs. Reuben Benitt, Mrs. Elroy Benitt, Mrs. David Rodahl, Mrs. Jon Fosholm and Sarah, Mrs. Ronnie Moe and baby, Mrs. Marlan Augustine, Mrs. Fredrick Voth, Mrs. Adolph Steinhauer, Mrs. Earl Hanson, Mrs. Robert Nyvall. The project for the day was soup and dumplings which was served at noon by the hostesses.

Those who came to wish Mrs. Herman Peterson a happy birthday at her home on Friday were, Tillie Johnson, Kristene Ness, Mabel Bratteli, Ida Horien and Ingvald Fosholm. She received many cards and gifts which were viewed by all and a delicious luncheon was served with a social afternoon spent.

Mr. and Mrs. Donald Larson and family of Roseau visited briefly at the Orville Larson home on Sunday evening.

Mr. and Mrs. Edwin Leftrooth were Thursday visitors at the Tillie Johnson home.

Last week visitors at the Tillie Conklin home were Alf Movick, Carl Lunke, Ronnie Moe and Mr. and Mrs. Harry Engen.

Mr. and Mrs. Paul Anderson from St. Hilaire were Sunday visitors at the Kristene Ness home.

Mrs. Jim Swan from Middle River was a Wednesday afternoon visitor at the Ida Horien home. Mr. and Mrs. Marvin Sandberg and Mabel Bratteli were Wednesday evening visitors there.

Mrs. Art Lunke and Don and Tony Peterson were Sunday visitors with Mrs. Tony Peterson at the St. Michael's hospital in Grand Forks.

Mrs. Tillie Conklin was a last week visitor at the Mabel Furr and Jack Houfek home in Thief River Falls.

Mrs. Olga Johnson and Ida Horien were Saturday afternoon visitors at the Mabel Bratteli home.

Harry Engen was a Friday visitor with his mother, Serina Engen at the Valley home in Thief River Falls.

A party was held in honor of Chad Neil infant son of Mr. and Mrs. Barry Nelson at the DelRoy Gilbertson home on Sunday. Several relatives and friends attended. Gifts were viewed and a delicious luncheon was served. A social afternoon was spent.

Mrs. Johnny Nelson returned home from the Cities on Saturday after visiting at the homes of Stuart Anton, Rick Inman, Gladys Reierson and Pat Pushinsky.

Visitors throughout the week at the Olga Johnson home were Mr. and Mrs. Lyle Johnson and family, Mr. and Mrs. Denny Anderson and family from Thief River Falls, Mrs. Kenneth Garthus, Jody and Leona Garthus, Bill and Bob Castile.

Tuesday evening visitors at the Eldor Engen home in Newfolden were Mr. and Mrs. Ben Garthus and Mr. and Mrs. Kenneth Garthus and family.

Tony Peterson and Lloyd Larson were last week supper guests at the Art Lunke home.

Mrs. Bob Skoglund returned home from the Northwestern hospital in Thief River Falls on last Tuesday. We wish her a speedy recovery.

Mr. and Mrs. Clifford Steinhauer and Orven from Thief River Falls were Sunday visitors at the Clifford Reierson home.

Mrs. Lloyd Larson returned home on Sunday after having surgery on her feet at the Dakota hospital in Fargo. We wish her a speedy recovery.

Mr. and Mrs. E. M. Skoglund from Argyle were Sunday visitors at the Bob Skoglund home.

Sunday dinner guests at the Herman Peterson home and also to bring birthday wishes to Mrs. Herman Peterson were Mr. and Mrs. Bruce Bjorgaard from Viking, Mr. and Mrs. Keith Olson and family.

Saturday evening visitors at the Clifford Reierson home were Mr. and Mrs. Charley Pyle and family.

Mr. and Mrs. Duane Vonwald, Bruce and Debby were Sunday supper and evening guests at the Floyd Hanson home.

Tuesday evening supper guests at the Harry Engen home were Mrs. Don Critchley and Lea from Red Lake Falls and Mr. and Mrs. Lyle Olson.

Friday afternoon coffee guest at the Myrtle Larson home were Mrs. Duane Vonwald.

Mr. and Mrs. Archie Taylor and family and Mr. and Mrs. Wallace Taylor of Mentor were dinner and afternoon visitors at the home of Mr. and Mrs. Duane Vonwald and family on Sunday.

Mortality Equality Grows Among Drivers

Equality of mortality seems to be a growing trend among drivers of both sexes—as well as among the youngest and oldest motorists—in the United States, Canada and Europe these days.

The rise in motor vehicle accident deaths was distinctly greater for females in the decade of the 1960s than for males and in about half the countries reviewed was more pronounced at ages 15-24 than at other ages, according to a major life insurance company study of auto fatalities.

In Western Europe during the 1960s men and women over age 75 experienced startling increases in death rates from motor vehicle accidents. Increases in the fatality rate among males in this age group ranged from over 20 per cent in the Netherlands to over 80 per cent in Belgium and Ireland. For males over age 75 in Germany, Denmark and the Netherlands death rates were recorded of over 100 per 100,000 population, the highest for countries considered in the study. Females aged 75 and older generally experienced the highest death rates of all women in the survey, soaring to an 84 per cent increase in Ireland and 82 per cent in Belgium during the decade.

Perhaps feminists can take heart, however. Although death rates from auto accidents have risen sharply among females in the past decade, mortality among women from this cause on an international scale continues to be considerably lower than that of males, statisticians reported.

In 1969-70, for example, the female death rates from motor vehicle accidents were generally one-third those of the corresponding rates among males. At ages 15-24, females in the United States, Canada, England and Wales experienced death rates from this cause that were about one-fourth those of males. Women in Scandinavia and the Netherlands recorded motor vehicle accident death rates that were approximately one-third those of men.

American women led the field by 1969-70, however, with 14.7 deaths per 100,000. Canadian females placed a close second with 13.7 per 100,000. American males accounted for 43.0 fatalities per 100,000 in those years, surpassed only by Germany, with 45.6 per 100,000.

During the 1960s, the death rate from motor vehicle accidents among males rose by over 25 per cent in the United States; 20 per cent in Canada and more than 25 per cent in Scandinavia and the Netherlands. In the central block of Western Europe states the increase was a scant eight per cent, about one-fourth that of American males.

A wide range of statistics characterized the increases in motor vehicle fatalities among females during the decade of the 1960s in the countries surveyed. Death rates due to motor vehicle accidents ranged from about five per cent in England and Wales to over 100 per cent in Ireland. Female mortality from this cause in the United States and Canada rose about 30 per cent, while climbing about 66 per cent in the Scandinavian countries and the Netherlands and by about 40 per cent in Western Europe.

Despite the noticeable increase in fatalities, females in the Scandinavian countries and the Netherlands—as well as those in the Western European countries—experienced a mortality rate due to motor vehicle accidents which was about one-fourth lower than that among American women.

During the decade, increases in the motor vehicle death rates among the 15-24 age group of females outstripped those of males. The rate of young women killed in motor accidents increased by only 60 per cent in the central block of West European nations; rose by over 150 per cent in the Scandinavian countries and the Netherlands; and grew by almost 50 per cent in the United States and Canada.

Accident death rates among males aged 15-24 rose by more than half in Ireland, Norway and the Netherlands and by nearly as much in France, Denmark and Canada. Male drivers in the United States and Belgium in this age group experienced more than a 30 per cent increase in deaths due to motor vehicle accidents. More encouraging, however, was a 15 per cent decline for this group in the death rate from motor vehicle accidents in England and Wales.

HOLT . . .

Olaf Ness returned home Friday from the Northwestern hospital where he had been a patient a few days. Visiting with Mrs. Olaf Ness Sunday at the hospital were Mr. and Mrs. Roger Rybo and Mr. and Mrs. Orlin Ness and Ronald.

James Petersen, Michael Johnson Enlist In Navy

James Petersen

Michael J. Johnson

James B. Petersen, 17, son of Betty Laufman of 125 Prkview and Michael J. Johnson, 17, son of Mr. and Mrs. Ole Johnson, all of Thief River Falls enlisted in the U.S. Navy together through the Thief River Falls navy recruiting station recently. They have been transferred to San Diego, Calif., where they are currently attending a nine-week indoctrination course at the navy recruit training center.

Ben Siebels of the Thief River Falls Navy Recruiting Station reports that Petersen and Johnson have enlisted in the navy's popular "Seafarer program," which gives qualified applicants an opportunity to train together during boot camp and guarantees that they'll be assigned to the same ship when they graduate.

Farmers Union Leader Supports New Dairy Bill

"Whether or not consumer milk prices continue their sharp rise in the future will depend on economic factors," Cy Carpenter, president of Minnesota Farmers Union said today.

Appearing at a hearing by the state senate committee on governmental operations on a dairy stabilization bill, Carpenter declared that these economic factors are largely due to bad decisions on dairy policy by the Nixon administration.

"As long as federal policy allows thousands of dairy farmers to be driven out of business by high costs and inflation, the situation is going to get worse for consumers," he warned.

Carpenter endorsed the dairy bill, H.F. 577, S.F. 637, in general, as a measure important both to farmers and consumers.

"This bill is not a full-fledged state milk control act, regulating farm, wholesale and retail prices. It merely regulates wholesale milk prices to the extent needed to assure fair competitive conditions.

"Farmers Union would not support a bill for price-fixing of farm and retail prices," Carpenter said, indicating that such legislation would be unworkable at the state level.

The state farm leader maintained that recent consumer criticism of the measure was based upon complete misunderstanding of the bill and that a recent "Consumer Reports" magazine article circulated in an attack on the bill was totally irrelevant to the Minnesota situation.

"As long as federal price support and inflation policies permit the ranks of dairy farmers to be decimated—and as long as state law is too weak to prevent the ranks of dairy processors and retailers from being reduced, conditions are going to get worse in the milk business," he charged.

In a dairy summary submitted to the committee, the Farmers Union spokesman noted that despite record high dairy farm prices, dairy farming costs have advanced even more rapidly, with the result that dairymen are worse off in terms of net income than in 1971 or 1972.

Milk output dropped about three per cent in 1973, the number of dairymen and numbers of dairy cows declined, productivity per cow declined and the milk-feed price ratio reached the most unfavorable levels in almost 20 years.

"Unless something is done to relieve the economic pressures upon dairymen, we cannot see any prospect for a re-expansion of production and any hope for relief from the spiral in retail milk prices," Carpenter said. "The state dairy stabilization bill could remove one source of stress by maintaining fair competition."

"Without action, the attrition of bottlers and small retailers will continue," Carpenter insisted. "Nothing will be gained for consumers and farmers will be hurt at least indirectly, if this bill is not adopted."

The dairy bill has already been approved in the Minnesota House and won unanimous approval in the Senate committee on natural resources and agriculture.

"Frankly, the only people who ought to be opposing this bill are those who are intent on wheeling and dealing at the expense of both farmers and consumers," Carpenter declared.

Letters to the Editor

To Editor:

In regard to Larry Haugen's letter to the editor, January 2:

When I read Larry Haugen's letter in the Times, at first it made me angry. Then after thinking awhile I though, why waste my time being angry at anyone who would write a letter like that. Instead feel sorry for his grandfather who has a grandson like him. Also feel sorry for the editors of the Times who felt they had to print it.

In two months I will reach my 80th birthday. Have been in Valley home a little more than ten years. There have been misunderstandings which one has to expect in a home like this where one is in daily contact with so many people, but it has never stopped me from being happy in spite of aches and pains which most of us here have and can expect to have at our ages.

When I first came here there was a lady who enjoyed playing cards. Mr. Baker told her the same as he told Larry Haugen. She tried for some time to get a group together, but did not succeed. When she asked me I told her I would rather make pillow cases, lunch cloths, aprons, etc. which I am still doing and enjoy it.

I regard to the nurses aides and other help here whether they are preparing our meals, giving baths, making beds, washing floors and otherwise they are always kind and pleasant and willing to give all the care we need. What more can anyone ask for? I am happy and contented here and my wish is that I may spend the rest of my twilight days here.

—Josephine Buringrud
Valley Home

Ask Suggestions On Spending Of Beef Assessment

How do you want your money spent? That is what the producer-elected Minnesota beef research and promotion board is asking all of the state's beef and dairy farmers.

Cattle producers began a self-imposed assessment of 15 cents for every animal sold on and after January 14. The money collected must be spent for beef research and promotion, consistent with the state agricultural commodities promotion act.

Farmer input is desired particularly on the type of research projects each feels will make the most significant contributions toward strengthening the beef industry and its ability to serve consumer meat requirements.

No restrictions have been placed by the board on any particular area of research suggestions, although it does have some 14 specific suggestions under advisement from the University of Minnesota institute of agriculture.

Suggestions can be on breeding, feeding, marketing, new product development, ecological concepts of beef production or any other subject that each farmer considers important.

Minnesota farmers may forward research project suggestions to the Beef Research and Promotion Board, in care of the Marketing Services Division, Minnesota Department of Agriculture, 540 State Office Building, St. Paul, Mn. 55155.

38,097 Register For Draft In Minnesota In '73

In 1973 there were 38,097 new draft registrations in Minnesota. According to state draft director Robert P. Knight, this represents an all-time high in the history of selective service for the registration of 18-year-old men in a single year. Previous record was in 1972 when 36,935 registered.

"With the reduction of the number of draft offices throughout the state, we had originally feared there might be a tendency to fail to register. Such is obviously not the case," Knight said.

He attributed the large number of registrations to the easy accessibility of selective service registrars in virtually every community. "We have 600 registrars, all performing this duty for no compensation from the government, so there is no need for an 18-year-old man to leave his home community for this purpose," he said.

The number of 18-year-old men registering compares favorably with census fugires, as well as school figures for the state. "I'm sure we are getting very close to 100 per cent compliance," Knight said, "although I am still concerned that a few young men may fail to register when they reach 18 simply because they are unaware of their responsibility under the law."

There were no 1973 draft inductions, since the defense department has been relying entirely upon volunteers for over a year. Registration remains, however, a requirement under the selective service law.

Every National Guard armory and almost every Minnesota high school is equipped to handle the registration process. Each of the 19 area offices still operated by selective service can register a young man as well.

"Sixty-five per cent of the registrations in 1973 were accomplished," said Knight, "by a registrar outside of a draft board office. These uncompensated people really perform a great patriotic service for the country. Registration takes but a few minutes."

General Mills Creates Carpool

General Mills of Golden Valley is the second large firm to implement the employee commuter van carpool idea originated by the Minnesota highway department, having put five 12-passenger vans into service on January 2. The 3M company, Maplewood, recently expanded its commuter van fleet to 40 vehicles.

HOLT . . .

Mr. and Mrs. Irvin Anderson from Minneapolis were last week visitors at the Oscar Reierson home.

Mr. and Mrs. Johnny Nelson were Sunday dinner guests at the Ida Halvorson home in Thief River Falls.

President Moos To Be At RRV Winter Shows

Higher Education seminar scheduled for Friday, February 22, will be addressed by Malcolm Moos, president of the University of Minnesota, at the noon luncheon on the Technical college campus. President Moos headlines a list of over twenty men and women who will journey to the Red River Basin to share in the seminars, fellowship, and fun of the 10-day exposition February 15 to 24, according to B. E. Youngquist, program chairman.

A popular speaker, Dr. Edward C. Frederick, formerly with the Northwest Experiment station and now provost of the Technical college at Waseca, will address the King Agassiz coronation ceremony on Thursday noon, February 21.

Dr. W. B. Sundquist of St. Paul will head a panel of four speakers on the subject, "Who Will Control U.S. Agriculture?"

A full seven days of special events for women are scheduled at the Armory.

The exposition will wind up with a three-day Winter Horse Show commencing Friday, February 22.

Your news media will highlight details in the weeks ahead. For information write or call the Red River Valley Winter Shows, Box 402, Crookston, MN 56716; phone (218) 281-2900.

— NOTICE! —

Dear Customer:

The White House Energy Policy Office has developed a Mandatory Allocation Program and has issued Regulations governing the distribution and use of middle distillate fuels, which include heating oils.

Under these Regulations, we are required to insure that the purchasers of middle distillates used for space heating reduce their fuel consumption to an amount below that used in 1972. In the case of residences and schools, heating fuel consumption must be reduced to an amount equivalent to the fuel which would be required if the same space were heated at a temperature six degrees Fahrenheit below the temperature maintained during 1972; in the case of space heating for other uses, the heating fuel consumption must be reduced to an amount equivalent to the fuel which would be required if the same space were heated at a temperature ten degrees Fahrenheit below the temperature maintained during 1972.

If it is necessary that you maintain the same temperature during the current heating season that you maintained in 1972, you may reduce your fuel consumption within the limits of the Mandatory Allocation Program by heating less space at the same temperature as you maintained in 1972.

We urgently request that you reduce the consumption of heating oils either by lowering the temperature in your heated space or by reducing the area of space which you heated during 1972, so that all of our customers will be able to enjoy a fair share of the heating oils which are available.

Mean Mary Jean, Superstar of our Economy Team, says:

Want a small car buy that's great? We've got 8.

Here's what I mean:

What I'm talking about is our line-up of Plymouth Dusters, Valiants and Scamps. Eight different ways to get a whole lot of economy in a new car. How much economy? Look at this:

Better mileage than Nova, Maverick, Comet, Ventura and Apollo.*

I mean a recent article in *Popular Science* Magazine showed that my economy car, using our standard 6-cylinder engine, can go farther on a gallon of gas than those other guys. And you still got room for five people (6 in Valiant and Scamp), a really big trunk, and a size that's easy to handle.

Hey, you want a really great economy buy, come on in and ask for the Mean Mary Jean Superstar economy cars. They'll know what you mean.

*Based on tests performed by *Popular Science Magazine* on '73 vehicles. Figures adjusted to reflect 1974 model changes and the results of E.P.A. tests.

'74 Plymouth Gold Duster
'74 Plymouth Scamp
'74 Plymouth Valiant Brougham

See us now for eight great small car buys from Plymouth.

CROOKSTON WING Wayne Moran (8) just missed second a second period goal on this play during Tuesday night's Crookston-Northland MCCAA hockey conference game played in the sports arena. The puck glanced off Northman goalie Craig Carter's left shoulder and caromed wide of the net on the play. Northland's Arlan Tveit greets Moran in front of the net while Mike Protz of Northland (3) watched the action. Northland won the game 7-3.

GOALIE BUD Smith and defenseman Jim Noel of Crookston combined to stop the puck on this play during Tuesday's Northland-Crookston MCCAA hockey conference game played in the sports arena. Northland's Randy Schmitz (16) shot the puck after teammate Tony Demarais (right) centered the puck in front of the net. Northland won the game 7-3.

Northland Skaters Beat Crookston Tech 7-3, Again

Northland community college registered its third straight 7-3 MCCAA hockey conference win over rival Crookston Tech Tuesday night to lift the Northman season record to 6-7 while improving their conference mark to 5-4.

The Northland and Crookston sextets have met three times this winter and each time the Northmen have come away with a convincing win by the identical 7-3 margin over the defending state champion Trojans. The first two wins were recorded in back to back early December meetings.

Northland's next assignment will be a tough two game Iron Range road trip this weekend when the Northmen play at Hibbing Friday night and at Virginia against Mesabi Saturday. Northland will then meet Crookston once more, on Wed., Feb. 6, at Crookston.

Sophomore wing Merlin Nelson sparked the hustling Northland efforts Tuesday with a pair of goals while single markers were added by Mike Drury, Rob Almquist, Pete Jerome, Arlan Tveit and Mike Protz.

Tveit opened the game's scoring early in the first period by booming a hard slap shot from the left point past Crookston goalie Bud Smith on a Northland power play with 3:11 elapsed. Rob and Al Eisenzimmer picked up assits on the play.

Protz made it 2-0 when he zipped a quick 20 foot slap shot through a host of players for an unassisted goal with 12:21 remaining.

Wayne Moran scored for Crookston less than a minute later, however, to slice the difference to 2-1.

Northland posted a 3-1 first period lead when Almquist slipped a soft slap shot from the right point past Smith with 10:44 left. Tony Demarais and Randy Schmitz earned assists on the goal just 22 seconds into a Northland power play.

Nelson scored his first goal at the start of the second period to increase Northland's lead to 4-1. Nelson slapped in a loose puck from close range with 16:57 remaining for an unassisted goal as both teams skated a man short.

Moran scored again, with some help from Northland, to trim the margin to 4-2 with 4:52 left in the middle stanza. Moran's centering pass glanced off the stick of Rob Eisenzimmer in front of the Northland net and bounced past surprised Northman goalie Craig Carter.

Northland escaped the period with a 5-2 lead when Jerome scored on a long slap shot while on the move with 2:37 left. Dick Penning and Almquist were given assists on the play as both teams skated a man short again.

The Northman lead mounted to 6-2 at the outset of the third period when Drury drove a quick 15 foot slap shot under Smith with 1:53 gone. Tveit picked up an assist on the play.

Crookston knocked the difference back to 6-3 two minutes later on a shorthanded goal by Scott Pearson.

Nelson wrapped up the game's scoring with his second goal of the night on a partial breakaway during a Northman shorthanded stretch. Schmitz and Almquist were awarded assists on the score as Nelson blasted a hard 10 foot wrist shot through Smith with 7:53 remaining.

Northland coach Swede Lund used all three Northman goalies with Gordin Landin turning aside three first period shots, Carter kicked out six shots in the second period and Pete Sullivan was tested eight times in the third stanza for a game total 17 saves. Smith kicked out 20 Northland shots.

Asks Snowmobile Riders To Use Right-Of-Way

Pennington county board chairman Otto Stenberg urges all snowmobilers to use legal public right-of-way or transport their machines by trailer to the parking area at the beginning of Viking trail northwest of Thief River Falls.

Stenberg reminds the public that a major reason for development of trails is to provide opportunity for the public to ride snowmobiles under safe and enjoyable conditions without infringing on the rights of private property owners.

Snowmobilers now have the responsibility of displaying their courtesy and sportsmanship by staying on the marked trail unless they secure permission from individual landowners to ride on private land.

Traveling Teams

The TRFAHA teams completed a successful weekend to the Fargo-Moorhead area, coming home with a record of 5-1-1.

The Squirt A team, led by Jeff Sund's four goal performance, defeated Moorhead 8-3 Sunday after beating Fargo North 3-1 Saturday night. This weekend the Squirt A team will host Grafton Saturday and Bemidji on Sunday.

The Eagle Pee-Wee A team defeated Moorhead 6-5 Saturday with Todd Bergland scoring two goals and Scott Wiebolt picking up two assists. Sunday the Eagles outshot Fargo North 49-11 and won 3-0 with shutout goaltending by Brett Carter. Goals were scored by Wiebolt, Steve Storhaug and Bill LaSalle. This week the Pee-Wee A team will take part in one of the finest Pee-Wee tournaments in Minnesota—the Fergus Falls Lion's invitational. The Eagles will face Roseville in their first game Saturday at 1:30 p.m. If victorious the Eagles will play the winner of the Rochester-Roseau game. Other teams participating in the event are Bemidji, Crookston, Edina West and Fergus Falls. Before playing in the tournament the Pee-Wees will host East Grand Forks Thursday at 6 p.m. in the old arena.

The VFW Bantam A team won twice during the weekend, beating Crookston 5-1 and Baudette 6-3. Doug Dallmann led the Bantams by scoring his 29th goal to go along with his seven assists for 36 points this season. The VFW team will play East Grand Forks Thursday at 7:30 p.m. in the old arena, travel to Bemidji Saturday and then journey to Crookston for the district VFW tournament Sunday. The winner of the district tournament will advance to the state VFW tournament scheduled for March 1-3 in International Falls.

The current district standings find Roseau at 8-0, Thief River Falls 5-2, Crookston 4-4, Fergus Falls 2-5 and East Grand Forks 2-5. The fourth and fifth place teams will play off before Sunday to make a four team tournament. Pairings should find Roseau playing East Grand Forks while Thief River Falls plays Crookston. The two winners will meet for the championship.

The Bantam B team was successful during the weekend, tieing Moorhead 3-3 and beating Fargo North 7-0 behind Joel Klosterman's shutout goaltending. The Bantam B's will host Hallock Friday and travel to Bemidji Saturday.

The Squirt B team lost to Fargo Shanley 6-1 last week. The Squirt B's will host Bagley on Sunday.

The Pee-Wee B team lost game to Fargo North 3-1 and Fargo Shanley 11-1 last week. The Pee-Wee B's will travel to Bemidji Saturday before hosting Bagley Sunday.

arena schedule

Wed., Jan. 30, 4-6:30 high school. 6:45-9 Northland. 9:15 city league.

Walle's Claim Snooker Title

Brian and Steve Waale defeated Ross Gutterud and Jeff Langlie two games to one Sunday to take home championship honors in the double snooker pool tournament conducted in The Club.

The total of ten doubles teams took part in the event.

Times, Classified Ads may look as gentle as a lamb, but they work like a lion.

Ron Gustafson, University of North Dakota junior flanker from Duluth, Minn., set a school record with 67 pass receptions in 1973.

Goodridge Cagers Stop RLF By 63-45

Goodridge belted Red Lake Falls 63-45 in Polar Conference basketball action Tuesday night as the Huskies lifted their 1973-74 season record to 7-5 for the year.

The visiting Goodridge quint led only 12-10 at the first quarter stop before pulling away to a 33-21 halftime cushion. Goodridge led 43-34 after three quarters.

Don Grabowska and Tom Bendickson paced the Goodridge attack with 19 and 18 points respectively while Howard Vigen added 11. Dennis Thorfinnson led Red Lake Falls with 12 points.

Goodridge shot 35 per cent from the field and hit 17 of 26 field goal attempts. Red Lake Falls made only five of 12 gift tosses. Goodridge held a 44-31 rebound advantage with Grabowska pulling down 13 caroms.

The Huskies will be back in action Friday when the Mike Borgman coached Goodridge basketballers travel to Fisher.

Lincoln high school sophomore Dan Cork continues to rank among the top swimmers in the Minnesota state high school league created West Central swimming region.

Cork has tied a Fergus Falls swimmer for the fastest regional time in the 100 yard back stroke with a 1:02.0 clocking in the event during regular season competition. Cork has also turned in the second fastest regional time in the 200 yard freestyle with a 2:01.2 trailing only a flat two minute effort by a Brainerd swimmer.

Prowler senior Doug Williams is listed among the top regional times in the 50 yard freestyle with a second place 23.6 ranking trailing only a 22.9 time by a Hutchinson swimmer. Williams is also sixth in the region's 100 yard butterfly times, only 1.6 seconds out of first place. Williams is tied for seventh in the 100 yard freestyle times.

Other Prowler swimmers ranking among the region's fastest times are Dave Borning, seventh in the 50 yard freestyle; and Mark Storhaug, seventh in the 500 yard freestyle.

The Prowler 400 yard freestyle relay team of Williams, Borning, Cork and Neil Sjulson ranks fourth and the Prowler medley relay team of Sjulson, Jeff Carter, Williams and Borning is fifth.

—0—

Itasca continues to lead the MCCAA hockey conference regular season standings with a total of 15 points won, followed by Mesabi with 11, Hibbing seven, Lakewood six, Northland five and Crookston four. Rainy River is winless in conference play.

Thief River Falls will host the MCCAA state hockey tournament with the top teams in the regular season standings earning state meet berths.

—0—

Warroad Laker manager Cal Marvin announced Tuesday that Sunday's Warroad-Thompson Central Canadian hockey league game will be observed as "Roger Christian Day" in the Warroad arena.

Christian played 18 years with the Lakers before retiring at the start of the current season. Christian's playing career also included stints with the United States National team for three years and with the United States Olympic squad for two years during which time he was a member of the 1960 U.S. sextet that won an Olympic gold medal—the only United States hockey team to win a gold in the Olympics.

Prior to the start of the 2 p.m. face-off time against the Hawks, a ceremony will be held at mid-ice and Christian's number seven Warroad jersey will be retired.

Marvin invites all former Lakers and their families, along with all hockey fans, to attend the game and a banquet to be held in the Warroad Legion following the contest.

The Lakers, who whipped St. Boniface 12-2 in the Thief River Falls sports arena recently, will make another appearance here Sun., Feb. 10, when the Bob Tuff led Warroad squad faces East Kildonan in a regular season CCHL game.

The Warroad-St. Boniface-East Kildonan games are sponsored by the Thief River Falls amateur hockey association.

—0—

Northland ranks as the highest scoring community college basketball in Minnesota, according to the latest figures from the MCCAA state office this morning (Wednesday).

Northland averages 94.8 points per game in MCCAA season play with Rochester ranked second at 83.3 and tonight's Northland opponent, Fergus Falls, ranked third at 82.7

TRF Outlasts EGF 10-6

Tim Engelstad Jeff Tunberg Tom Barry Joel Folger

Senior wing Tim Engelstad collected his first varsity hat trick Tuesday night to spark Thief River Falls to a high scoring 10-6 triumph over East Grand Forks in an important region eight point counting game played in the Grand Forks arena.

Jeff Tunberg and Tom Barry both scored two goals for the Prowlers and Tunberg added a pair of assists for a productive four point game. Despite giving up six goals, Prowler goalie Joel Folger also shared the game's spotlight by registering 34 saves against the offensive minded Green Wave.

The win solidified the Prowlers hold on first place in the region's north half point standings and lifted the Thief River Falls season record to 9-4.

Engelstad began the game's scoring early in the first period when he scored with help from Mike Noel with only 2:33 gone.

Just 51 seconds later the Prowlers owned a 2-0 lead on a goal by Barry. Noel assisted on the second Thief River Falls goal as well as the first.

East Grand Forks sliced the margin to 2-1 with 9:11 remaining on a Mick Hart goal. Rick Myers was credited with an assist on the play.

Only 20 seconds elapsed before the Prowlers regained a two goal advantage as Jim Elleson scored on an assist from Barry with 8:51 still remaining in a wild opening period.

Thief River Falls finished the first period scoring with 5:05 left when Engelstad scored for the second time. Max Thrall and Mike Goulet picked up assists on the play as the Prowlers went into the locker room with a 4-1 lead.

Engelstad scored his hat trick goal at the start of the second period when he scored on an assist from Pete Hess with 3:05 gone for a 5-1 Thief River Falls cushion.

East Grand Forks responded on a goal by Hart from Myers, the same combination that scored the first Green Wave goal, with 10:37 remaining.

The Prowlers wasted little time answering Hart's goal as Scott Engelstad beat East Side goalie Randy Gust just 33 seconds after the Green Wave marker. Tunberg and Scott Reed earned assists on the play to hike the Prowler lead to 6-2 with 10:04 remaining.

Sophomore defenseman Bob Weber scored a third East Grand Forks goal on an assist from Tim Pesch with 7:55 left for a 6-3 hockey game.

Tunberg sandwiched his two goals around an East Grand Forks score in the final four minutes of the second period to give the Prowlers a seemingly safe 8-4 margin to start the final 15 minutes. Tunberg scored on assists from Scott Engelstad and Reed with 3:46 remaining, but Weber scored again with 1:08 left. Tunberg concluded the period's scoring on assists from Reed and Mike Onkka just 20 seconds before the period ending horn.

Barry and Reed shot the Thief River Falls lead to 10-4 by scoring 1:30 apart to start the third period. Barry lit up the scoreboard with help from Noel and Elleson with 12:28 remaining and Reed tallied on an assist from Tunberg with 10:56 left.

East Grand Forks scored the game's final two goals as Myers scored with 8:13 to go and Ron Behl made it 10-6 with 2:27 remaining.

"It's good to win, of course," noted Prowler head coach Bill McGann. "But we had somemental lapses in our own zone where we fell asleep and East Side scored. We'll have to eliminate those kind of mistakes. We both had a lot of shots, but our's went in and that's what counts, I guess."

First Period

SCORING—TRF, T. Engelstad assisted by Noel, 2:33. TRF, Barry assisted by Noel, 3:24. EGF, Hart assisted by Myers, 8:49. TRF, Elleson assisted by Barry, 6:09. TRF, T. Engelstad assisted by Thrall and Goulet, 9:55.

PENALTIES—TRF, Noel, cross checking, 7:18. EGF, Weber, tripping, 13:07. TRF, Tunberg, slashing, 14:30. EGF, Derrick, slashing, 14:30.

SAVES—TRF, Folger 11. EGF, Gust 9.

Second Period

SCORING—TRF, T. Engelstad assisted by Hess, 3:05. EGF, Hart assisted by Myers, 4:23. TRF, S. Engelstad assisted by Tunberg and Reed, 4:56. EGF, Weber assisted by Pesch, 7:05. TRF, Tunberg assisted by S. Engelstad and Reed, 11:14. EGF, Weber unassisted, 13:52. TRF, Tunberg assisted by Reed and Onkka, 14:40.

PENALTIES—TRF, Goulet, charging, 9:23.

SAVES—TRF, Folger 9, game total 34. EGF, Gust 6, game total 23.

THIEF RIVER FALLS wing Tom Barry had a wide open goal mouth to shoot at on this play after Fargo South goalie Doug Thorstad was pulled around to the right to stop a shot by Thief River Falls' Jim Elleson (11). Thorstad made the save on Elleson, but the puck caromed out to Barry who quickly capitalized on the opportunity to score the first goal of the Monday night game played in the sports arena. South defensemen Brian Lewton (2) and Scott Lindblom (5) watched the first period action. Thief River Falls won the game 10-0.

TRF-Roseau Clash Here Saturday

Another near capacity crowd is expected to fill the Thief River Falls sports arena Saturday night when Thief River Falls hosts hockey rival Roseau in a key north half region eight encounter.

The Prowlers and Rams, along with Warroad, are currently involved in a three team scramble for first place in the north half point standings. Thief River Falls holds down the top spot, but the Rams and Warriors are close behind.

Thief River Falls and Roseau met once already this winter with the Rams pulling out an exciting 7-6 come from behind win in overtime after trailing 6-3 midway through the third period.

The Prowler offense has shifted into high gear in recent games with the Thief River Falls erupting for 20 goals in back to back Monday-Tuesday wins over Fargo South 10-0 and East Grand Forks 10-6, improving the Prowler season record to 9-4.

Thief River Falls will also be in action Monday when the Prowlers host perennial North Dakota state champion Grand Forks Central in a rescheduled game in the sports arena.

Senior center Scott Reed leads the Prowlers in scoring through 13 games with 16 goals and 15 assists for 31 points. Junior wing Jeff Tunberg is second in the scoring parade with 17 goals and five assists for 22 points. Scott Engelstad, a third member of the high scoring Prowler first line, is third in the scoring charts with three goals and 18 assists for 21 points.

The official Prowler scoring, according to the team's record book, is as follows:

	g	a	pts
Scott Reed	16	15	31
Jeff Tunberg	17	5	22
Scott Engelstad	3	18	21
Tim Engelstad	12	6	18
Tony Dorn	7	10	17
Max Thrall	8	7	15
Jim Elleson	8	7	15
Tom Barry	6	7	13
Mike Noel	4	6	10
Pete Hess	2	7	9
Mike Onkka	3	6	9
Mike Froehle	4	1	5
Mike Goulet	1	3	4
Greg Sorenson	0	4	4
Mike Jury	0	3	3
Scott Kays	0	1	1
Mike LaSalle	0	1	1

Wrestlers Whip Warren By 47-2

Ed Krystosek's Lincoln high school wrestling team rebounded from a disappointing Northwest Conference tournament performance in impressive fashion Tuesday with a convincing 47-2 dual meet decision over Warren in the Lincoln gym.

The win over the Ponies marked the fifth straight one-sided dual meet triumph for the Prowlers following the state wide holiday athletic ban, lifting the Thief River Falls dual meet season record to an impressive 7-3 level.

Thief River Falls' post-Christmas winning streak will be put on the line Saturday when the Prowlers host a strong Virginia squad in a special afternoon encounter in the Lincoln gym. Saturday's activity starts at 1:30 p.m. with the junior varisty matches and at 2:30 for the A squad.

Warren mustered its only points of Tuesday night's match in the meet opening 98 pound bout where the Ponies' Jon Wittman and Larry Swanson of the Prowlers battled to a 7-7 tie.

Thief River Falls rattled off eleven straight wins after the opening stand-off to humble the Ponies.

Lonnie Olson started the winning streak at 105 with a 6-0 triumph over Warren's Lyle Palm.

Dan Hallstrom record the first of four Prowler pins with a 1:35 stretching of Warren's Dave Paulson in the 112 pound match to put Thief River Falls in front 11-2.

Thief River Falls' Barry Newton snapped a 4-4 third period time to beat Gordy Wetterland 7-4 at 119 and the Prowlers' Lyle Swanson followed a similiar style by breaking a 2-2 third period tie with a reversal to decision Dave Nelson 3-2 at 126 to increase the Prowler lead to 17-2.

At 132 Thief River Falls' Joe Kezar posted a 6-3 win over Rick Mattson and at 138 the Prowlers' Brad Steiger outpointed Steve Filipi 6-5 to push the Prowler lead to 23-2.

Daryl Myers scored five points in the first period and coasted to a one-sided 7-1 decision over Warren's Dennis Erickson in the 145 pound match.

Steve Nordhagen and Steve Sorvig recorded back to back Prowler pins at 155 and 167 to hike the Thief River Falls lead to 38-2. Nordhagen pinned Warren's Dan Pollman at 5:05 and Sorvig flattened the Ponies' Rick Bustradk in 1:38.

Lee Rolland overcame a 5-2 first period deficit to decision Warren's Ron Skunes 8-5 at 180 before Prowler heavyweight Dave Panek closed the match on an appropriate note by pinning Warren's Scott Edgar for the final 47-2 margin.

Thief River Falls won the junior varisty matches in equally impressive fashion 57-12. Tod Johnstron, Dan Kezar, Dale Furuseth, Tim Schoonhoven and Dave Gonsorowski all posted Prowler B squad pins.

Girls Volleyball Teams Lose To Warren By 2-0

Lincoln high school girl's volleyball team lost its season opening match Monday by a 2-0 margin to Warren.

The Thief River Falls girls will try for their first win again Monday when the Lincoln squad hosts Red Lake Falls in the National Guard armory starting at 3:45 p.m.

Warren also won the B squad match 2-0 in a best of three series.

Northmen Face Fergus, Brainerd

Coach Chet Engelman's Northland community college basketball team will put its slim MCCAA Northwest Division lead on the line this week when the Northmen face division opponents Fergus Falls and Brainerd.

Northland was scheduled to travel to Fergus Falls tonight (Wednesday) in a key confrontation between the division's top two teams. The Northmen will return home to host Brainerd in the Northland gym Saturday afternoon at 2 p.m.

Northland currently leads the tight Northwest Division standings with a 5-1 record; but defending division champion Fergus Falls is just one-half game behind the Northmen with a 4-1 league record. Northland is 12-3 overall and Fergus Falls is 8-7.

Northwest Division Standings

	NW w	NW l	All w	All l
Northland	5	1	12	3
Fergus Falls	4	1	8	7
Crookston	4	2	9	5
Brainerd	1	4	4	10

A win on the Spartans' home court tonight would give the Northmen a big boost in securing one of the two MCCAA state tournament berths offered to the Northwest Division teams. Crookston Tech is also in the thick of the title chase with a 4-2 division record. The top two teams in the final regular season division standings gain spots in the MCCAA state tournament.

A veteran Fergus Falls line-up is headed by 5-10 sharp shooting guard Paul Wenino, the team's play maker. Front line scoring punch is added by 6-4 Pete Kruise and 6-3 Dennis Pieske. Wenino, Kruise and Pieske supply most of the Spartan scoring, but the other two starters, 6-5 Cal Schmidt and 6-0 Dan Olson, have made their presence felt at times.

"It should be a heck of a ball game," commented Engelman about tonight's big meeting. "Fergus Falls likes to run; they play very aggressive defense; they board (rebound) well; and they play well as a unit. We'll have to play a good game to beat them."

Northland and Brainerd met on the Red Raiders' court a week ago with the Northmen struggling to a 78-70 win.

Stan Hillman, a 6-3 forward, scored 22 points against Northland last week and he's been the Raiders' most consistant scorer this winter. Dave Shanks, a 6-6 center, has also been scoring a lot for Brainerd although he collected only seven points against the Northmen. Guards Bill Kuluza and Gerry Hoelscher add an outside scoring threat for the Raiders after scoring 12 and 10 points respectively against Northland.

Despite playing under .500 ball for the year, Brainerd owns a win over Northeast Division leading Vermilion, only one of two teams to beat Northland this year.

Lincoln Freshmen Defeat Fosston Hoopsters 77-42

Mark Stenberg poured in 30 points Monday to lead the Lincoln high school freshman basketball team to a 77-42 triumph over Fosston, lifting the Prowler frosh record to 5-3 for the year.

Terry Dyrdahl pumped in 20 points and Brian Peterson added 13 for the high scoring Lincoln quint.

The two teams were tied at 16-16 at the end of the first quarter before Thief River Falls moved to a 31-28 halftime lead. Coach Tom O'Brien's Lincoln squad led 48-32 after three quarters.

Hockey JVs Top South And EGF

Lincoln high school junior varsity hockey team increased its season record to 11-1-1 with a pair of early week wins over Fargo South 6-0 and East Grand Forks 9-5.

Tim Loeffler scored two goals to lead the JV Monday night win over South while single markers were added by Bob Forberg, Mike Jury, Dave Wysoski and Hal Harbott.

Wysoski, B. J. Broughton and Steve Onkka each scored twice against East Grand Forks Tuesday. Single goals were added by Harbott, Jury, Mitch Dicken and Jeff Lindquist.

Prowler Icers Blitz Fargo South By 10-0

Thief River Falls waltzed past punchless Fargo South 10-0 Monday in a cross state high school hockey game played before a small crowd in the sports arena.

Tom Barry, Jeff Tunberg, Scott Reed and Jim Elleson each scored two goals in the Thief River Falls scoring assault while Tim Engelstad and Max Thrall notched single markers.

Thief River Falls skated to a 5-0 first period lead, coasted to a 7-0 second period cushion and tacked on three third period goals while Prowler goalie Joel Folger was recording his first shutout of the 1973-74 campaign. Folger was never seriously threatened, though, as the outplayed Bruins managed only 13 shots on goal for the entire game. In contrast, the Prowlers fired 41 times at the Fargo South net, with ten shots getting by Bruin netminders Doug Thorstad and Scott Qualey.

Barry opened the game's scoring early in the first period when he swatted a sharp angle rebound past an out of position Thorstad with 4:21 elapsed. Elleson and Greg Sorenson picked up assists on the play.

A little over a minute later Tunberg made it 2-0 on a picture perfect two on one Prowler break. Reed forced the lone defenseman to commit himself before passing to Tunberg who fired from 15 feet out with 9:27 remaining. Defenseman Mike Goulet also earned an assist on the scoring play.

Elleson and Reed scored exactly one minute apart to put Thief River Falls up by 4-0 near the end of the first period. Elleson knocked in a made-to-order centering pass from Mike Onkka with 5:03 left and moments later Reed slipped a close range backhand under Thorstad on an assist from Scott Engelstad.

Tim Engelstad finished the first period scoring by driving a hard 20 foot slap shot under Thorstad with 2:27 remaining.

Thief River Falls scored twice in a 10 second span to snap a listless second period as Elleson and Tunberg both scored for the second time in the game. Elleson scored during a delayed penalty against the Bruins, enabling the Prowlers to skate six against five and the additional attacker paid off as Elleson scored on assists from Mike LaSalle and Reed with 4:34 remaining. Tunberg made it 7-0 seconds later when his long wrist shot sailed past Thorstad from a sharp angle with 4:15 left.

Reed scored his second goal of the game at the start of the third period on an unassisted power play shot with 10:09 remaining for an 8-0 margin.

Barry added another power play marker with 2:53 remaining when he poked a loose puck past Qualey during a scramble in front of the Bruin net. Elleson and Mike Noel assisted on the play.

Thrall warpped up the game's scoring with an unassisted backhand getting by Qualey with just 35 seconds left on the scoreboard clock.

First Period

SCORING—TRF, Barry assisted by Elleson and Sorenson, 4:21. TRF, Tunberg assisted by Reed and Goulet, 5:33. TRF, Elleson assisted by Onkka, 9:57. TRF, Reed assisted by S. Engelstad, 10:57.

PENALTIES—TRF, Elleson, interference, 8:12.

LHS Swim Squad Wins Dual 103-57

Lincoln high school swimming team swamped visiting Grand Forks Central 103-57 in the Franklin middle school pool Tuesday to raise the Prowler dual meet season record to 8-4.

The John Kopari coached Thief River Falls swim squad will be back in action Friday when the Prowlers travel to Grand Forks to face Red River and Bismarck in a double dual meet. The Prowlers will host their final home meet of the 1973-74 season Saturday when a strong Minot, N.D., team visits the Franklin pool for a 2 p.m. encounter.

Mark Storhaug was the only individual double winner for the Prowlers against the Redskins as he won the diving competition and posted a first place 5:49.1 time in the 500 yard freestyle.

Other individual Prowler first place performances were turned in by Jeff Carter with a 1:13.7 in the 100 yard breast stroke; by Dan Cork with a 1:05.7 in the 100 yard back stroke; and a strong 2:03.6 showing by Dan Heieren in the 200 yard freestyle.

Thief River Falls also won both relay events. The Prowler medley relay team of Neil Sjulson, Carter, Brian Phelps and Dave Borning was clocked in 1:56. The Prowler 400 yard freestyle relay team of Doug Williams, Phelps, Cork and Sjulson turned in a 3:52.2 effort.

Thief River Falls also gathered six point accumulating second place finishes. Williams placed second in the 50 yard freestyle and the 100 yard backstroke; Cork finished second in the 200 yard freestyle; Borning was second in the 100 yard freestyle; Wayne Ortloff finished second in the 500 yard freestyle; and Heieren was second in the 100 yard breast stroke.

JOE KEZAR of Thief River Falls (right) struggled with Warren's Rick Mattson in the 132 pound match during Tuesday night's Prowler-Pony dual meet in the Lincoln gym. Kezar won 6-3 to help lead the Prowlers to a one-sided 47-2 decision over the Ponies. Thief River Falls will host Virginia Saturday afternoon at 2:30 p.m. in the Lincoln gym.

Sports Boosters Meet Thursday

Thief River Falls Sports Boosters club will hold its weekly noon luncheon meeting tomorrow (Thursday) at 12 noon at the Rex Cafe.

Prowlers Host Unbeaten Crookston Quint Friday

Thief River Falls will try to do what nine other teams have failed to accomplish—beat Crookston—Friday night when the two long time basketball rivals clash in the Lincoln high school gym starting at 8 p.m.

The Undefeated Pirates have rolled up nine straight wins without a loss this season, including a 31 point 81-50 shellacking of the Prowlers in mid December.

Thief River Falls is currently 6-4 for the year, but the Prowlers have played well in recent outings, winning three of their least four ball games.

"We've been playing real well lately and I've been very pleased with the way we've looked," commented Prowler head coach Lee Swanson. "We know Crookston's not a super ball club and we feel that they can be beaten if we play a good ball game Friday. We definately feel that we can play with them. It won't be another 31 point loss," promises Swanson.

A veteran Crookston starting line-up will find 6-0 senior Roger Johnson and 5-11 senior Jay Erie at guards, 6-3 senior Pete Schnabel and 5-11 senior Len Devos at forwards and multi-talented 6-2 junior Brent Reichert at center.

Reichert, Johnson and Schnabel supply a bulk of the Crookston scoring attack. Reichert scored 31 points against the Prowlers in their first meeting.

"They've got a good solid ball club," pointed out Swanson. "They play well as a team and they play good defense."

Swanson indicated his starting line-up would remain intact if senior forward Randy Dallmann is able to shake the flu bug by Friday. Dallmann has sparkled since being inserted in the Prowler line-up five games ago, scoring 20 points in last week's loss to Fergus Falls. The Prowler starting five will include 6-0 senior Duane Dicken and 5-9 junior Jerry Sandahl at guards, 6-2 Dallmann and 6-1 junior Dallas Kemmer at forwards and 6-8 junior Wayne Peterson at center. If Dallmann isn't ready by Friday, 6-2 senior Kent Christensen will start at a forward.

Arctic sweeps first stock Winnipeg 500.

SORRY, "BRAND X".
YOU JUST CAN'T BEAT THE CAT SYSTEM FOR DEPENDABILITY.

For the first time ever, all machines entered in the Winnipeg 500 were 100% stock. Exactly like the sleds at your local dealers.

And the result speaks for itself. Arctic Cat completely dominated the field.

Cat not only won, it but placed in 6 of the top 10 positions. And that's a real accomplishment. But no surprise.

Because when it comes to off-the-shelf sleds, it's no secret that Arctic has the edge. Call it engineering excellence. Experience. Quality. Consistency. Dependability. Call it anything you want. The fact is, you just can't beat the stock Cat's system.

Oh sure, lots of other sleds have lots of Cat features. And some are plenty fast. But when you put it all together, you put the Cat way out in front.

And if anybody tries to tell you otherwise, tell 'em we've got a stock answer.
The 1974 Winnipeg 500.

the one and only Cat

Congratulations to Marv Ode, Winnipeg 500 Winner. And hats off to all the other hard driving finishers, too!

NOTICE TO JOB APPLICANTS

The Thief River Falls Times does not knowingly accept Help-Wanted Ads from employers covered by the Federal Wage and Hour Law if they pay less than the $1.60 hourly minimum wage for nonfarm employment OR if they do not pay the time and a half for work in excess of 40 hours in a workweek, if required by law. Nor will this newspaper knowingly accept ads from covered employers who discriminate in pay because of sex or accept an ad which discriminates against persons 40-65 years in violation of the Age Discrimination in Employment Act. Contact the Wage and Hour Division Office of the U.S. Department of Labor, Wage & Hour Division, Washington, D.C. 20210.

and Sat. 9:00-12:00 a.m.
An Equal Opportunity Employer M/F.

"Tired of caring only for yourself, in cramped conditions? The loving, Christian family of a busy but gentle medical doctor-executive (recently returned from 5 years in Europe) lost its mother and needs a live-in woman (possibly a couple) for a beautiful home in a distinguished neighborhood on Lake Minnetonka. Three well behaved, stable children ages 7, 14 and 17, all in school. Opportunities for private projects (art and education center 1 mile away), time off, vacations, good compensations. Driving essential (car provided) although city bus stops 3 blocks away. We need a "take charge" but affectionate and devoted person with household experience. References essential. Send letter and resume to office of Dr. C. Ray, 3055 Old Highway 8, Minneapolis, Mn. 55418." 3t11c

Public Notices

Card of Thanks
I wish to thank all my friends and relatives for their gifts, cards and visits while I was a patient at Northwestern hospital. Also Drs. Hienricks, Bray and Martin, the nursing staff and physical therapy staff also Father Bernauer and Father Patnode for their kindly visits.
God Bless You All
Ben Gustafson 1t9c

Card of Thanks
A very sincere "Thank You" to Tom Lewis, Don Knutson and the AAA for their help Thursday evening. Harriet, Helen and Maxine. 1t9c

Card of Thanks
The family of Chester Rude wish to thank each and everyone for their many acts of kindness at this time.

Thanks to Pastor Berger for his comforting words, to Mrs. Stoffel, soloist, Jerry Joringdal, organist, the ladies of Eunice Circle of Zion church who served the nice lunch following the service.

Greens for their kind and considerate services, to the pallbearers, to the relatives and friends for their prayers, lovely cards, and flowers.

To our many friends and relatives for the food brought to the house and special thanks to Mrs. Clara Letsch for all her help at this time.

God bless you all. 1t9p

Nearly 3.9 million veterans insured under World Wars I and II government life insurance policies will receive a record $303.8 million in dividends during 1974, according to the Veterans Administration.

FARGO SOUTH goalie Doug Thorstad had plenty of help on this play as Bruin teammates surrounded Thief River Falls sophomores Mike Jury (left) and Jeff Lindquist during a scramble around the Bruin goal. South's Paul Palm (7) reaches for the puck while Scott Lindblom (5) keeps an eye on Jury. Thief River Falls won the game played in the sports arena 10-0.

Ind. School District 628
Plummer, Minnesota

Tankers Swim In Invitational At Fergus Falls

Thief River Falls participated in the Little Otter invitational swimming meet for seventh, eighth and ninth grade swimmers Saturday in the Fergus Falls pool.

Lincoln high school assistant swimming coach John Hustad entered the Thief River Falls delegation in the youth orientated event.

Host Fergus Falls teams won all three grade titles. In the seventh grade meet Fergus Falls finished with 70 points, followed by Thief River Falls with 54, Fargo South 48, Brainerd 40 and Litchfield 26.

Thief River Falls first place seventh grade performances were turned in by Steve Wigness with a 1:57.0 in the 150 yard freestyle and by the 200 yard freestyle relay team of Wigness, Bruce Storhaug, Beth Nicholls and Kevin Murphy in 2:14.3. Both times were new Fergus Falls seventh grade pool records.

Fergus Falls won the eighth grade title with 68 points, followed by Brainerd with 65, Litchfield 43, Fargo South 29 and Thief River Falls 28, although only four Thief River Falls eighth graders competed in the meet.

Jim Grant supplied the Thief River Falls eighth grade delegation with a first place 1:29 effort in the 100 yard breast stroke.

Fergus Falls won the ninth grade title with 91 points, followed by Brainerd with 75, Thief River Falls 49, Litchfield 16 and Fargo South 0.

Greg Omdahl turned in a ninth grade pool record first place time of 26.8 in the 50 yard freestyle for Thief River Falls.

Plan Inventory On Recreational Sites In State

John Rife, chairman of the state soil and water conservation commission, department of natural resources, has announced that the 92 Minnesota soil and water conservation districts will be conducting a state-wide recreation inventory of private and semi-private outdoor recreation facilities on a county basis.

He said that the inventory, which is a part of a nation wide effort, will be conducted by individual soil and water conservation districts, with the cooperation of the commission, the DNR bureau of planning, the Minnesota association of soil and water conservation districts, the national association of conservation districts, bureau of outdoor recreation and soil conservation service.

"The Inventory", Rife said, "is to be completed by March 1 of this year. Results of the inventory will be used by private recreation enterprises; for updating the Minnesota outdoor recreation plan; by the division of tourism, department of economic development; regional planning commissions; and others."

Soil and water conservation district boards are expected to be forming local coordinating committees very soon. DNR personnel, other agency representatives, and interested citizens will be asked to help.

Newfolden Defeats Strandquist 75-42

Newfolden won its sixth straight basketball game Tuesday night, 75-42 over Strandquist, to increase the improving Nordic season record to 7-3.

The visiting Newfolden quint raced to a 19-2 first quarter lead and never looked back. The Nordics led 38-14 at halftime and 57-24 after three quarters.

"We're playing pretty good ball now," commented Newfolden head coach Ron Ueland. "The kids are hustling real well."

Dave Strandquist and Mike Fincher led the Newfolden scoring barage against Strandquist as Strandquist collected 20 points and Fincer added 13. Virgil Pettis led the Warriors in scoring with 14.

Newfolden shot 44 per cent from the field, hitting 32 of 73 attempts. Strandquist made only 19 of 61 tries for a 31 per cent mark. Newfolden sank 11 of 16 free throw chances and Strandquist connected on four of 12 gift tosses. Nwfolden held a 31-24 rebound edge with Fincher, a freshman, pulling down 13 carmoms.

Newfolden will be back in action Friday when the Nordics host Kennedy.

Bowling Meeting Slated Tonight

Thief River Falls men's bowling association officers and captain's meeting will be held tonight (Wednesday) at 7 p.m. at the Elks club.

Lynn MacLeod, senior from Thompson, Manitoba, is captain of the 1973-74 University of North Dakota gymnastic team.

TRF YOUTH BASKETBALL

Current standings in the Thief River Falls elementary school fourth and fifth grade basketball program are as follows:

National League

	W	L
St. Hilaire Torpedoes	7	1
Knox Spartans	7	1
Mark Twain Panthers	3	5
Washington Lakers	3	5
Northrop Green Wave	0	8

Results from last week's play—Torpedoes 10, Green Wave 5; Lakers 10, Panthers 8; Lakers 8, Green Wave 6; Spartans 18, Panthers 12.

American League

	W	L
Mark Twain Cheetas	7	1
St. Hilaire Jets	4	4
Washington Bucks	3	5
Knox Celtics	3	5
Northrop Bullets	3	5

Results from last week's play—Jets 10, Bullets 2; Cheetas 6, Bucks 1; Cheetas 8, Celtics 4; Bullets 8, Bucks 2.

The rest of the league's regular season schedule is as follows:

Thurs., Jan. 31, St. Hilaire at Knox; Mark Twain at Northrop.

Tues., Feb. 5, St. Hilaire at Washington; Knox at Northrop.

Thurs., Feb. 7, Mark Twain at Washington; St. Hilaire at Northrop.

Tues., Feb. 12, Mark Twain at Knox; Northrop at Washington.

Middle School Standings

	w	l	pct
Sonics	4	1	.800
Hawks	2	2	.500
Bulls	2	3	.400
Cougars	2	3	.400
Nets	1	4	.200

Results from last week's play found the Sonics beating the Nets 26-22 behind a nine point scoring effort by Pat Sabol. Rick Peterson led the losing Nets in scoring with 12 points.

The Hawks stopped the Bulls 29-26 with Mark Molstre scoring 13 points. Dan Joppru led the Bulls in scoring with 16.

The Nets defeated the Cougars 24-16 with Joel Hallstrom scoring 10 points for the winners and Keith Christensen totaling 12 for the Cougars.

Farmes To Speak At Legion Meet Here On Mon.

Robert Farmes, area game manager for the Minnesota department of natural resources, will speak Monday at the monthly meeting of American Legion Post 117 in Thief River Falls. Meeting time is scheduled for 8 p.m.

Farmes will review recent work accomplished by his department in this area for game management and discuss proposed projects and potential problems in preservation of the area's wildlife resource.

All members of the organization are encouraged to attend the meeting.

Fishing Houses Banned In BWCA

Use of ice fishing shelters in the boundary waters canoe area is no longer allowed, the Minnesota department of natural resources noted recently.

Under regulations controlling use of state lands and waters within the BWCA, fishing shelters were permitted only until Feb. 28, 1973.

and Sat. 9:00-12:00 a.m.
An Equal Opportunity Employer M/F.

"Tired of caring only for yourself, in cramped conditions? The loving, Christian family of a busy but gentle medical doctor-executive (recently returned from 5 years in Europe) lost its mother and needs a live-in woman (possibly a couple) for a beautiful home in a distinguished neighborhood on Lake Minnetonka. Three well behaved, stable children ages 7, 14 and 17, all in school. Opportunities for private projects (art and education center 1 mile away), time off, vacations, good compensations. Driving essential (car provided) although city bus stops 3 blocks away. We need a "take charge" but affectionate and devoted person with household experience. References essential. Send letter and resume to office of Dr. C. Ray, 3055 Old Highway 8, Minneapolis, Mn. 55418." 3t11c

Nearly 3.9 million veterans insured under World Wars I and II government life insurance policies will receive a record $303.8 million in dividends during 1974, according to the Veterans Administration.

FARGO SOUTH goalie Doug Thorstad had plenty of help on this play as Bruin teammates surrounded Thief River Falls sophomores Mike Jury (left) and Jeff Lindquist during a scramble around the Bruin goal. South's Paul Palm (7) reaches for the puck while Scott Landblom (5) keeps an eye on Jury. Thief River Falls won the game played in the sports arena 10-0.

NOTICE FOR BIDS

Sealed bids for one school bus for School District 628 at Plummer, Minn., will be received until 8 p.m. on Monday, February 11, at the office of the superintendent of schools in Plummer, at which time bids will be opened and read allowed. Specifications are on file in the office of the superintendent of schools at Plummer and available to bidders on request. The board reserves the right to reject any or all bids.

Art Hagge, Clerk
Ind. School District 628
Plummer, Minnesota

Tankers Swim In Invitational At Fergus Falls

Thief River Falls participated in the Little Otter invitational swimming meet for seventh, eighth and ninth grade swimmers Saturday in the Fergus Falls pool.

Lincoln high school assistant swimming coach John Hustad entered the Thief River Falls delegation in the youth orientated event.

Host Fergus Falls teams won all three grade titles. In the seventh grade meet Fergus Falls finished with 70 points, followed by Thief River Falls with 54, Fargo South 48, Brainerd 40 and Litchfield 26.

Thief River Falls first place seventh grade performances were turned in by Steve Wigness with a 1:57.0 in the 150 yard freestyle and by the 200 yard freestyle relay team of Wigness, Bruce Storhaug, Beth Nicholls and Kevin Murphy in 2:14.3. Both times were new Fergus Falls seventh grade pool records.

Fergus Falls won the eighth grade title with 68 points, followed by Brainerd with 65, Litchfield 43, Fargo South 29 and Thief River Falls 28, although only four Thief River Falls eighth graders competed in the meet.

Jim Grant supplied the Thief River Falls eighth grade delegation with a first place 1:29 effort in the 100 yard breast stroke.

Fergus Falls won the ninth grade title with 91 points, followed by Brainerd with 75, Thief River Falls 40, Litchfield 16 and Fargo South 0.

Greg Omdahl turned in a ninth grade pool record first place time of 26.8 in the 50 yard freestyle for Thief River Falls.

Plan Inventory On Recreational Sites In State

John Rife, chairman of the state soil and water conservation commission, department of natural resources, has announced that the 92 Minnesota soil and water conservation districts will be conducting a state-wide recreation inventory of private and semi-private outdoor recreation facilities on a county basis.

He said that the inventory, which is a part of a nation wide effort, will be conducted by individual soil and water conservation districts, with the cooperation of the commission, the DNR bureau of planning, the Minnesota association of soil and water conservation districts, the national association of conservation districts, bureau of outdoor recreation and soil conservation service.

"The inventory", Rife said, "is to be completed by March 1 of this year. Results of the inventory will be used by private recreation enterprises; for updating the Minnesota outdoor recreation plan; by the division of tourism, department of economic development; regional planning commissions, and others."

Soil and water conservation district boards are expected to be forming local coordinating committees very soon. DNR personnel, other agency representatives, and interested citizens will be asked to help.

Newfolden Defeats Strandquist 75-42

Newfolden won its sixth straight basketball game Tuesday night, 75-42 over Strandquist, to increase the improving Nordic season record to 7-3.

The visiting Newfolden quint raced to a 19-2 first quarter lead and never looked back. The Nordics led 38-14 at halftime and 57-24 after three quarters.

"We're playing pretty good ball now," commented Newfolden head coach Ron Ueland. "The kids are hustling real well."

Dave Strandquist and Mike Fincher led the Newfolden scoring barage against Strandquist as Strandquist collected 20 points and Fincer added 13. Virgil Pettis led the Warriors in scoring with 14.

Newfolden shot 44 per cent from the field, hitting 32 of 73 attempts. Strandquist made only 19 of 61 tries for a 31 per cent mark. Newfolden sank 11 of 16 free throw chances and Strandquist connected on four of 12 gift tosses. Nwfolden held a 31-24 rebound edge with Fincher, a freshman, pulling down 13 carmoms.

Newfolden will be back in action Friday when the Nordics host Kennedy.

Bowling Meeting Slated Tonight

Thief River Falls men's bowling association officers and captain's meeting will be held tonight (Wednesday) at 7 p.m. at the Elks club.

Lynn MacLeod, senior from Thompson, Manitoba, is captain of the 1973-74 University of North Dakota gymnastic team.

TRF YOUTH BASKETBALL

Current standings in the Thief River Falls elementary school fourth and fifth grade basketball program are as follows:

National League

	W	L
St Hilaire Torpedoes	7	1
Knox Spartans	7	1
Mark Twain Panthers	3	5
Washington Lakers	3	5
Northrop Green Wave	0	8

Results from last week's play

Torpedoes 10, Green Wave 5, Lakers 10, Panthers 8, Lakers 8, Green Wave 6, Spartans 18, Panthers 12.

American League

	W	L
Mark Twain Cheetas	7	1
St Hilaire Jets	4	4
Washington Bucks	3	5
Knox Celtics	3	5
Northrop Bullets	3	5

Results from last week's play

Jets 10, Bullets 2, Cheetas 6, Bucks 1, Cheetas 8, Celtics 4, Bullets 8, Bucks 2

The rest of the league's regular season schedule is as follows

Thurs., Jan. 31, St. Hilaire at Knox; Mark Twain at Northrop

Tues., Feb 5, St Hilaire at Washington; Knox at Northrop

Thurs., Feb. 7, Mark Twain at Washington; St. Hilaire at Northrop

Tues., Feb. 12, Mark Twain at Knox; Northrop at Washington

Middle School Standings

	w	l	pct
Sonics	4	1	800
Hawks	2	2	500
Bulls	2	3	400
Cougars	2	3	400
Nets	1	4	200

Results from last week's play found the Sonics beating the Nets 26-22 behind a nine point scoring effort by Pat Sabol. Rick Peterson led the losing Nets in scoring with 12 points.

The Hawks stopped the Bulls 29-26 with Mark Molstre scoring 13 points. Dan Joppru led the Bulls in scoring with 16.

The Nets defeated the Cougars 24-16 with Joel Hallstrom scoring 10 points for the winners and Keith Christensen totaling 12 for the Cougars.

Farmes To Speak At Legion Meet Here On Mon.

Robert Farmes, area game manager for the Minnesota department of natural resources, will speak Monday at the monthly meeting of American Legion Post 117 in Thief River Falls. Meeting time is scheduled for 8 p.m.

Farmes will review recent work accomplished by his department in this area for game management and discuss proposed projects and potential problems in preservation of the area's wildlife resource.

All members of the organization are encouraged to attend the meeting.

Fishing Houses Banned In BWCA

Use of ice fishing shelters in the boundary waters canoe area is no longer allowed, the Minnesota department of natural resources noted recently.

Under regulations contolling use of state lands and waters within the BWCA, fishing shelters were permitted only until Feb. 28, 1973.

Driver Fined After License Revocation

One local motorist was ordered to pay two $200 fines yesterday (Tuesday) in Pennington county court on two separate charges of driving after license revocation.

Mark L. Pederson of St. Hilaire pleaded guilty to two counts of driving after revocation of his license and was ordered to pay two $200 fines or spend 40 days in jail on each charge.

Francis E. Poolman of 418 South Markley avenue and Loren A. Sabo of 123 North State avenue each forfeited a $300 fine rather than appear in court to answer charges for driving while under the influence (DWI).

Larry R. Sourdiff of Newfolden pleaded guilty and was fined $200 for driving after revocation of his license.

Bruce D. Bacon of Countryside court forfeited $100 for disorderly conduct and $75 for careless driving.

David C. Fisher of Plummer pleaded guilty and was fined $75 for careless driving.

Alvin C. Horning of route 1 pleaded guilty and was fined $50 for failing to yield the right of way.

Mona R. Durheim of Route 1 and Dennis R. Piche of Red Lake Falls each forfeited $20 for failing to stop for a stop sign.

Jesse Anderson Richard Miller and Justin Dahlen, all of Goodridge, each forfeited $15 for failing to display the proper tag on the exterior of a fish house.

Diane Lazarczek of Thief River Falls was fined $15 after she pleaded guilty to allowing a dog to run at large. Ronald Kipp of Thief River Falls forfeited a $15 bond for the same charge.

Floyd P. Brodin of 704 North Main avenue was fined $75 after he pleaded guilty to driving 81 miles per hour in a 55 mile per hour zone. Donald N. Gustafson of 215 West Fourth street also pleaded guilty to a speeding charge and was fined $20 for driving 44 miles per hour in a 30 mile per hour zone.

Forfeiting bonds for speeding violations were Stuart Folland, Karlstad, $45, 76 in 55; James R. Meland, Badger, $30, 74 in 55; Steven J. Philion, Red Lake Falls, $30, 72 in 55; Terry L. Honas, St. Hilaire, $30, 71 in 55; and Lydell D. Sannes, Thompson, N.D., $30, 45 in 30.

Crossing between intersections is still the leading cause of pedestrian traffic deaths. This habit killed nearly 4,000 and injured more than 67,300 pedestrians last year.

Bus Drivers Must Have Class B Drivers License

Minnesota department of public safety commissioner W. R. Hoglund recently warned that all persons who drive vehicles classed as buses for transporting school children must have a class B driver license with a school bus endorsement.

"We have recently been told that quite a number of drivers are transporting school children in van type buses without the proper operator's license.

"According to state law, a class B license is required to drive a bus. The law defines a bus as a motor vehicle designed for carrying ten or more passengers. And if this vehicle is used for transporting pupils, then the driver also must have a school bus endorsement and the vehicle must have the proper lighting and signals."

In applying for a class B license, the applicant must pass a written examination and a road test on the vehicle. To obtain the school bus endorsement to the class B license, the applicant must present to the examiner a doctor's certificate of having successfully passed a physical examination and take a written examination on the operation of a school bus.

The school bus endorsement must be renewed each year and the applicant must take a yearly physical examination.

Hoglund also cautioned that drivers of vehicles carrying ten or more passengers in car pools must have a class B license.

AmericanLegion Public Speaking Contest Nearing

High school students have an opportunity to participate in the American Legion oratorical contest which will be concluded locally by February 18. The district contest will be held in Ada on February 21. In towns where there is no American Legion post, the contest can be conducted by any teacher. Additional information may be obtained by contacting Mrs. Joel W. Johnson, district Americanism chairman, 404 West Fifth avenue, Ada, Minn. 56510.

Any student in grades nine through twelve of a public, private or parochial school is eligible to compete for scholarships which are awarded on all levels of competiton including local, district, state and national contests.

Each prepared oration must be on some phase of the United States constitution with emphasis on the citizen's duties and obligations to the government. Speeches must be original work of each contestant and must not be less than eight minutes nor more than ten minutes duration. Quotations are to be indicated and, if they are more than ten words in length, the author is to be identified in the manuscript or cited orally.

American Legion oratorical contests have been hld annually for 36 years to encourage study of the United States Constitution and promote an understanding of its relationship to citizens of this country. The event is approved by the National Education association and the Minnesota Education association's committee of high school principals.

LOCAL WINNERS in the Elks hoop shoot free throw contest held in Thief River Falls recently are pictured above. In the front row, left to right, are Dennis Jesch, 10-11 age group; Joe Hallstrom, 12-13 age group; and Shawn Quillin, 8-9 age group. Hallstrom and Quillin were second place winners in the district event held here Saturday. Winners in the girl's contest held locally were Kelly Storhaug, left, 12-13 age group, and Beth Hallstrom, 10-11 age group.

EVELETH ELKS youth representatives claimed two of the top prizes in the district Elks hoop shoot contest conducted Saturday in Thief River Falls. Ronald Motley (left) won the contest for eight and nine-year-old contestants and Casey MacDonell the contest for the 12-13 age group. They will compete at the state contest in Minneapolis Saturday.

Swanson, Oen Candidates For Snow Days Queen

Three male and three female candidates were selected by ballot as king and queen candidates for Snow Days festivities being held at the University of Minnesota technical college, Crookston, through February 3.

Candidates for queen are Lois Christianson, Ulen; Jan Oen and Paulette Swanson, Thief River Falls. For king they are Willie Clayton, Chicago; Bruce Hodek, Alexandria; and Gary Wagner, Crookston.

Final voting for the Snow Days royalty will take place January 31, and the new king and queen will be crowned that evening during the Snow Days concert.

Slow down and live.

Sunflower Seed Enhances Farm Income For 1973

Records for yield, production and season average price in 1973 further enhanced the farm income potential of sunflower seed, one of Minnesota's newest agricultural crops.

That combination nearly doubled the average value of production per acre to a new high of $84.86, up 92 per cent over 1972.

Minnesota's 1973 sunflower crop, grown virtually state wide but with the bulk of the production coming from the Red River Valley, is estimated at 288,060,000 pounds and valued at $21,641,000 by the state-federal crop and livestock reporting service, Minnesota department of agriculture.

Production increased 23,210,000 pounds or 8.8 per cent over 1972, despite the fact Minnesota farmers harvested 255,000 acres, 30,000 or 10.5 per cent less than in 1972. The reduced acreage was more than offset by the record estimated yield of 1,130 pounds of sunflower seed per acre, 44 pounds more than the prior record set in 1971.

The $21,641,000 estimated farm value of the crop represents a gain of nearly 72 per cent, compared to the $12,592,000 value on the 1972 sunflower seed crop.

During the 1973 season the average price for sunflower seed sold in Minnesota was $7.51 per 100 pounds. The old high was $5.50 for the 1966 season, and in 1972 the versatile seeds sold for an average of only $4.75.

More than three fourths of Minnesota's 1973 production was oilseed for processing into a variety of consumer food products. The lesser portion, only 64,860,000 pounds, was produced for commercial bird feed.

Polaris To Cut 25 Per Cent Of Its Management

Polaris officials recently announced a 25 per cent reduction in managerial staff because of the uncertainty of retail snowmobile sales in 1974. The personnel cut is expected to become effective about April 1.

An announced shift in scheduling at the Roseau plant reportedly means that full scale production may be delayed until there is an indication of improved retail snowmobile sales for this season. However, sales vary from one area to another with some dealers expressing more optimism than others.

Note Snowmobile Registrations Decline In 1973

Minnesota department of natural resources registered 38,046 snowmobiles during 1973, down from the 85,686 registered during 1972.

Officials said there have been 348,070 of the machines registered in the state since the license requirement became law in 1967.

The DNR license center currently lists 279,374 registrations as "active" after subtracting machines that have been certified as out of service.

On Feb. 12, 1947, the first successful launching of a guided missile from a submarine was achieved.

1973 Sets Records In Farm Commodities

Preliminary analysis of unadjusted mid-month price averages Minnesota farmers received during 1973 indicates that new record highs were achieved on 11 of 22 selected commodities, reports agriculture commissioner Jon Wefald.

New highs broke Minnesota farm price records that had stood for up to 26 years.

Record breakers are wheat, soybeans and all livestock categories except sheep, milk and eggs.

However, price records dating back to 1947 still stand on corn, oats, rye, barley, flax, hay, potatoes, chickens, turkeys, sheep and wool.

Commissioner Wefald said the preliminary price averages for 1973 are based only on the mid-month averages. Official price averages to be calculated later by the State Federal Crop & Livestock Reporting Service will be weighted by actual sales volume.

Soybeans again showed up as the glamour commodity with an indicated 1973 average of $6.38 per bushel. That is a $2.93 or 85 per cent increase over the prior record of $3.45 set in 1972. Soybeans hit a mid-month all-time high of $10 in June but closed out a $5.65 in mid-December.

Unadjusted averages of other commodities compared to prior records are:

Wheat $3.06—$2.48 in 1947, corn $1.72—$2.06 in 1947; oats $ .875—$1.03 in 1947; rye $1.45—$2.37 in 1947; flax $5.93—$6.12 in 1947; hay $22.67—$22.80 in 1964; potatoes $3.53—$3.62 in 1964;

Also Milk $6.36—$5.17 in 1972; turkey $ .367—$.485 in 1948; chicken $ .083—$ .26 in 1948; eggs $ .469—$ .408 in 1951; wool $ .658—$1.05 in 1951;

Also Hogs $40.16—$25.10 in 1972; cows $33.23—$25.60 in 1972; steers and heifers $42.69—$34 in 1972; all cattle $38.94—$30.70 in 1972; calves $54.08—$47.20 in 1972; sheep $12.33—$15 in 1951; lambs $35.67—$30.80 in 1951; milk cows $528.33—$427 in 1972.

Farm type truck sales totaled 104,200, a modest increase of 854 or less than one per cent above 1972 Minnesota farm truck sales. However, the state registration agency reported "a tremendous increase in transfers, indicating a massive trade-up by farmers for later model used trucks."

Figures on 1973 life insurance sales in Minnesota won't be available until later this year, but a spokesman for the industry expressed optimism that sales were at least as good and reflected a comparable growth rate or more over the nearly 15 per cent gain scored in 1972, compared to 1971. At the end of 1972 Minnesotans had over $37,351,000,000 life insurance in force with domestic (state headquartered) companies alone.

State tax revenues also reflect the significantly stronger Minnesota economy. Taxation commissioner Arthur Roemer reported that actual revenues on January 1 were more than $31-million higher than the tax income forecast made just six months earlier.

Commissioner Wefald said the survey dramatizes anew the economic fact of life that "when the farmer makes money everybody benefits, because prosperity begins in the farmers' pocketbook.

"Dividends from the hundreds of millions of dollars of new income our farmers have received and plowed right back into the local economy show up in every community, in jobs, in sharply increased sales of almost all goods and services, and in expansion of agricultural input, service, processing, marketing and distribution industries. It is well to keep in mind that agriculture is much more than just the basic producer the provider of all food products," Commissioner Wefald stated.

He added that a recent survey by The Farmer magazine documented the continued high level spending plans of Minnesota farmers for a wide variety of goods and services, if farm prices and income hold at the fairest levels achieved in over a quarter century.

Heavy farm equipment, more new trucks and cars head the list of buying intention. Also prominent in the survey are general home and building improvements, conveniences, family vacations and travel. Virtually every merchant and service in the rural community will share in continued high level spending by Minnesota farmers.

Treatment On Alcohol, Drug Abusers Taught

Alcoholism and drug abuse—problems sometimes ignored by medical professionals—will soon be dealth with in an expanded training program for University of Minnesota medical school students.

Dr. Joseph Westermeyer, assistant professor of psychiatry at the university, has received three-year grants totaling $115,000 from the national institutes of alcohol and alcohol abuse and the national institute of drug abuse, enabling him to develop and introduce the program into the medical school curriculum.

Westermeyer said that the program grew out of the recognition that while medical professionals were usually attending to the medical problems related to alcohol and drug abuse—such as ulcers in an alcoholic patient—they often failed to identify and treat the abuse problem, or to recognize the related family and social problems.

Westermeyer said he hopes the new training will show that the chances for improvement in the abuse patient are good with early identification.

Medical students have already visited Twin Cities area alcohol treatment and rehabilitation centers to sit in on group discussions and talk with patients and staff.

The expanded program, which will be a required course, also will include study in the diagnosis and management of alcohol and drug abuse cases. Currently, all first year medical students take courses in the pharmacology and toxicology of abuse, and second year students study the psychology of drug abuse.

"We hope to start a consultation service and treatment services in the next few years," Westermeyer said. "We're asking the community resources, the people who are already treating alcohol and drug problems, to collaborate in our plans."

He said that he is interested in finding state or private sources to help finance the consultation and treatment services.

For the past several months Westermeyer has met with psychiatry professors at two dozen other schools to coordinate similar training programs.

Ron Kvamme On Navy Cruise

Navy electrician's mate third class Ronald R. Kvamme, son of Mr. and Mrs. Roy T. Kvamme of Viking, left his homeport of Mayport, Fla., aboard the guided missile frigate USS Luce on deployment to the Mediterranean. He will participate in training exercises with the U. S. Sixth Fleet and visit ports in Spain, Greece, Turkey and Italy.

A 1972 graduate of Marshall county central high school, Newfolden, he joined the Navy in July of 1972.

State Has Small Improvement In Gas Supplies

More than 80 per cent of the gas stations in Minnesota reported adequate to plentiful supplies of gasoline this past week in a survey by the Minnesota state automobile association.

Slight improvements in supplies were noted in stations in outstate Minnesota and three stations in the survey had lowered their price per gallon by an average of two cents. Six stations reported higher prices, however, which pushed the average cost of gasoline outsate up by about a half cent per gallon compared with last week.

The statewide average price for gasoline was 48.2 cents for regular and 51.5 cents for premium. Minneapolis stations reported the lowest average cost and St. Paul stations reported the highest average cost per gallon.

The statewide survey of 42 stations revealed the average closing time for most stations was about 8 p.m. on weekdays and about 6 p.m. on Saturdays. Slightly more than ten per cent of the stations surveyed were open for gasoline sales on Sunday, but many were open for emergency service only.

Due to increases in the supply, only three stations in the survey said they were limiting purchases of gasoline. Limits ranged from a $1 maximum to a ten gallon limit.

Several operators reported decreasing demand for gasoline as each new increase in price is added giving rise to the speculion that the higher prices for gas is bringing demand more in line with supply.

Red Lake Co-Op To Hold District Meeting Series

Board of directors of the Red Lake Electric cooperative has set the dates and locations of a series of three district meetings to select directors to be placed in nomination and voted upon at the annual meeting on April 3. Any other business concerning the operation of the cooperative also may be discussed at these meetings.

The meetings scheduled are as follows: District 6, Dorothy Catholic church on Monday, February 4 at 8 p.m.; District 9, Black River church on Tuesday, February 5 at 8 p.m.; and District 3, Newfolden school on Wednesday, February 6 at 8 p.m.

Directors of the respective districts are as follows: District 6 is represented by Richard Weiss, Wylie Township, Red Lake county; District 9 is represented by Leonard Melin, Polk Centre township, Pennington county; District 3 is represented by Helmer Lind, Marsh Grove township, Marshall county.

While the meetings are not restricted to members of a particular district, only members of the district present at the particular meeting are allowed to nominate or vote on nominees. This is in accordance with the by-laws of the cooperative.

Registration favors will be given at the door. Prizes will be awarded during the meeting and a free lunch will be served after the meeting. All members are urged to attend.

Travel On Rural Roads Declines From '71 to '72

Traffic on roads comprising the federal aid secondary system in Minnesota dropped 12 per cent from 1971 to 1972, according to data just released by the federal highway administration. Travel on those local rural roads in the system that make up most of the 27,000-mile county state aid highway network fell by 25 per cent.

Federal Aid Secondary system is a federal accounting concept identifying a certain class of roads eligible for a lesser kind of financial aid for their improvement. They are not "federal highways" and are identifiable by 'U.S. Route' markers.

In Minnesota, the federal aid secondary system includes nearly 26,000 miles of county highways—not to be confused with county roads and township roads—as well as some 4,000 miles of the 12,000-mile state trunk highway network. Secondary system roads are largely routes that feed the federal aid primary system, to all intents and purposes identifiable with the state trunk highway network, including interstate freeways.

The county state aid highways that suffered the 25 per cent decline in traffic are characterized as those rural roads carrying heavier traffic volumes, connecting communities, or serving as principal rural mail routes and school bus routes. Last year these highways, constitutionally endowed with 29 per cent of the revenues generated by the state highway user fund, received $56.6 million for their maintenance and improvement. State highway user fund revenues are generated by motor vehicle registrations and the state tax on motor fuels of seven cents a gallon.

It will take 45 years to bring the county state aid highways up to standard at the present rate of improvement, according to Gordon Fay, state aid engineer of the Minnesota highway department. According to state law, 35 per cent of the federal aid received for the secondar system must be expended on the 4,000 miles of routes that are part of the state trunk highway network.

Steiner . . .
Mrs. Alfred Solem, Rt. 2, Cky
681-3897
Mrs. Vernon Malberg, Rt. 2, Cky
681-2785

The West Steiner Homemaker group enjoyed a lesson on making a variety of dumplings when they met at the home of Mrs. Clara Jaennette Thursday afternoon. Present besides Mrs. Jaennette were Nina Halvorson, Georgia Malberg, Evonne Moe, Lida Muzzy, Irene Rausch, Violet Muzzy, Olive Rondorf, Rebecca Solem, and Shirley Yonke.

Mr. and Mrs. Lloyd Larson were visitors at the Ray Holmstrom home a week ago Saturday.

Mr. and Mrs. Alfred Solem spent Tuesday evening at the Roger Solem home to help their grandson, Roger Alan, celebrate his 11th birthday, which occurred the following day. His maternal grandparents, Mr. and Mrs. Nick Koropatnicki of Smiley, and his great aunt, Mrs. Alice Adkins of Thief River Falls were also present to enjoy the occasion.

Sincere sympathy is extended to Olaus Mattson in the loss of his wife, Effie, and to other relatives. Among those attending funeral services Friday afternoon at the Rindahl Lutheran church near Rosewood were Otto and Melvin Saugen, Mr. and Mrs. L. A. Meyer, and Mr. and Mrs. Alfred Solem. Rev. David Molstre officiated and Mrs. Arnold Hammer was organist and soloist. Casket bearers were Russell Nelson, Harold Lambert, Helmer Kalbakdalen, Frank Haider, Tom Casavan, and Carl Franson.

Lloyd Larson and Mr. and Mrs. Eugene Kleinwachter of Strandquist were Saturday overnight guests at the home of Mr. and Mrs. Roger Nelson at Dilworth. They returned home Sunday afternoon, accompanied by Mrs. Lloyd Larson, who had been a patient at the Dakota hospital in Fargo since the previous Sunday. She had surgery on her feet Monday of last week, and is getting along fine, but will appreciate the help of crutches for several weeks.

Enjoying a sociable evening at the L.A. Meyer home in Thief River Falls Friday were Mr. and Mrs. Harold Halvorson, Mr. and Mrs. Ray Rausch, Mr. and Mrs. Alfred Solem, Mr. and Mrs. Alvin Halvorson, Mr. and Mrs. Vernon Malberg, Lida and Raymond Muzzy, Mr. and Mrs. Leonard Yonke, Olaf Jorde, and Otto and Melvin Saugen.

Sunday afternoon and supper guests at the Curt Johnson home were Mr. nd Mrs. Jerry Nelson, Brian and Shelly of Red Lake Falls.

Luncheon guests at the Alfred Solem home Sunday were Mr. and Mrs. Roy Blomker, and Mr. and Mrs. Roger Solem and Cynthia, all of Noren.

Calling on Harold Berg Sunday at his home were Melvin Saugen, Mr. and Mrs. Jorgen Austad, Mr. and Mrs. Alfred Solem, and Mr. and Mrs. Richard Jorde.

Mrs. Vernon Malberg spent Sunday afternoon visiting with her sister and brother, Lida and Raymond Muzzy, at their home.

HANG-UP DEPARTMENT:
WHAT'S BEYOND IT?
IS IT LOCKED?

Sure, these are the questions a door raises.

Jesus once said, "I am the door." His teachings have opened for millions a more meaningful, purposeful and satisfying life.

Yet people still get hung up on the questions of a locked door and what's behind it. The atheist says there's nothing beyond the door. The agnostic says we'll never know because it's locked. And the spiritually-hesitant just say, "I wish I knew . . . ."

Sheer logic says try the knob. Common sense says grasp it firmly and turn. Those who *have* say it's amazing what rewards we discover with one twist of human initiative:

It's like going to church next Sunday when you haven't been there in years.

MIRACLE WATER

Don Bjerke

Nature is awesome! The winds of a hurricane pick up energy in passing over millions of miles of ocean, but is released over a relatively small area covered by a storm. So enormous is this energy released from an average hurricane, that it could, if harnessed, supply all the electrical energy used in the United States in six months or the energy equivalent of exploding 10 atomic bombs per second. Along with this tremendous amount of energy, a hurricane is accompanied by up to 40 billion tons of rain per day—enough to supply fresh water needs of the United States for two months!

The Refined Water is awesome in relation to your home. It has a bearing on all other water bearing appliances, and works throughout your home in every area to save repair costs of appliances, fixtures, floors, walls, and even your clothes. Refined Water also helps your food taste better, removes mineral laden odors from your drinking water, eliminates the water spots caused by the solids in tap water—from every tap in your home comes clear, refreshing Refined Water working all through the house while you relax. Refined Water is your silent "Maid" doing the work for you. For a better home through better water, try a Miracle water refiner. You'll be amazed at the difference when you start using Refined Water.

Statement of Non-Discrimination

"Roseau Electric Cooperative, Inc., has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United Stated shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C., 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complaints will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."

Mondale Plans Bill To Study Energy Shortage

Following are comments from Sen. Walter F. Mondale regarding the present energy shortage to Minnesotans

There are many strange and still unanswered questions about our present energy predicament, and these questions are troubling the American people in ever-growing numbers. The public is confused and angry, wondering why and how such a potentially disastrous situation could have developed so quickly, and even whether the shortage is real.

The people realize that the Arab oil embargo is only one part of a much larger picture—a picture that only an intensive, coordinated and thorough investigation can develop fully. And with oil company profits up in the first nine months of 1973, I think we owe the people this kind of investigation, and feel that we must launch it as soon as possible.

Therefore, when the Senate reconvenes, I intend to introduce legislation calling for the establishment of a Watergate-type committee to investigate the causes and extent of the present energy crisis.

Although many communities have done valuable work on the energy problem, I feel that these efforts need to be coordinated within one committee. And I believe that committee must be given a strong mandate to fully investigate all aspects of the crisis. Its principal purpose would not be to assign blame, but rather to get all the facts—and then to propose legislation designed to provide the American public with the protection it deserves.

I believe that the committee should be empowered to seek answers to the following questions:

(1) How could shortages of present proportions have developed so quickly?

(2) Did the oil industry play a role in producing a shortage situation?

(3) To what extent, if any, is there significant withholding of petroleum products by the oil companies, in the expectation of high prices?

(4) What degree of competition exists in the oil industry and what role did that competition—or lack of it—play in leading to the present shortage situation?

(5) What links, if any, exist between the mbre than $5 million that the oil industry contributed to the Nixon campaign in 1972 and administration energy policy?

(6) Whether and to what extent have profit levels in the oil industry been substantially and directly aided by the recent shortage situation?

(7) What was government's role prior to the current shortage situation, and why was the oil import quota system continued for almost three years after a Cabinet Task Force recommended its abolition in 1970?

(8) What were the reasons for the low level of refinery construction in the United States in recent years?

(9) What role did OPEC play in creating the present shortage situation, and to what extent did the American oil industry contribute to OPEC's powerful position in the world oil market?

A Senate Select Committee on Energy Shortages would help legislators and the American public understand how a crisis developed, and what can be done to prevent similar crises in the future.

Shelly Bushey is an electrically-charged teenager in the truest sense of the term. She enjoys playing with the family dog, Shannon; bowling, skating, sewing her own clothes, driving her car, singing in the glee club, cheerleading, and even holds down a part-time job while attending classes at St. Margaret's Academy. She also has an implanted pacemaker and has since she was seven. By sending electrical impulses to her heart, the pacemaker helps Shelly lead a normal life. Shelly, daughter of Mr. and Mrs. James Bushey, New Hope, has been named 1974 Heart Princess of the Minnesota Heart Association because her enthusiasm and activity typify how research progress, generated by support of the Heart Fund, can help change lives. Ten years ago, pacemakers were relatively new. Today, they provide a most successful means of saving lives.

Otter Tail Co. Revenues Climb Seven Per Cent

Financial results of Otter Tail Power company's operations in 1973 were reported to the company's directors meeting in Minneapolis by Albert V. Hartl, president of the Fergus Falls-based electric company.

1973 operating revenues were $44,519,955, up seven per cent from the $41,715,955 recorded a year ago. Net income in 1973 was $5,996,096 compared with $5,453,135 in 1972.

Earnings per share of common stock, based upon 2,098,243 average shares outstanding in 1973, amounted to $2.45. Per-share earnings in 1972, based upon 170,000 fewer average shares of common stock outstanding, were $2.39. There were 2,228,243 common shares outstanding at year end in 1973.

"Although our financial results for 1973 were satisfactory," Hartl said, "there are persistent signs that inflation is beginning to outpace our best efforts to economize in our operations. Escalating capital costs, combined with expense increases over which we have little or no control, are making it harder and harder for us to maintain our earnings at levels high enough to attract investors.

"To finance expansion so that we can provide for the increasing electric loads of our customers and provide funds for other corporate purposes, we expect to sell stocks and bonds totaling $44,000,000 in 1974. So that these securities will appeal to buyers in the investment markets, we must maintain our earnings at reasonable levels. It appears that in order to do so it will be necessary for us to seek a modest increase in the general level of our electric rates to go into effect in mid-1974," Hartl says.

STAR . . .

Wednesday evening Mr. and Mrs. Harold Anderson visited at the Jesse Anderson home.

Mr. and Mrs. Eddy Stucy and Ronnie visited at the Clarence Hanson home of Trail on Monday evening.

Thought For The Day

"Render therefore to Caesar..."How well Jesus' answer to the Pharisees applies as we begin to figure our income tax. "Caesar" has given us security, highways, education, agents of justice, a place to live...In return, we as a people contribute to the financing of such services.

However Jesus' reply was in two parts. The second part cannot be forgotten especially in this day and age: "and to God the things that are God's." The things that are God's are two fold. First, the earth and its natural resources, which have been given to our care, with the emphasis on care. Secondly, our lives, which have been given to us so that we may be servants of God in His world. We would do well to remember the second part of Jesus' reply to the Pharisees.

A Community Mourns

Deepest sympathy from the entire Thief River Falls community is extended to the families of the four men who died Monday in the tragic airplane crash northwest of Winger. The loss of police chief Roy Pederson, aldermen Art Rambeck and Bill Froiland, and pilot Marvin Housman will be felt in our community.

Emotions of community residents were stirred by news of the tragedy with expressions of shock, disbelief, speculation and concern intermingled with grief and sorrow. Multiple fatality of men who had been firmly entrenched as public figures through public service compounded the shock effect which such a sudden happening would have under any circumstances.

Loss of the two experienced aldermen will have a profound affect on city government, since one of the remaining five council members was recently elected and another was appointed only days before the crash. The local police department, which has gone through several top administrative changes in the past few years, will also be affected.

More than loss of public figures, however, the community mourns the loss of individuals who were willing to give of themselves to make Thief River Falls and this area a better place for all. The crash has been a constant topic of conversation since it became generally known, but it has been discussed almost reverently in every situation we have encountered.

This community mourns.

A Created Shortage

Following editorial is from the Alexandria Echo:

Although there have been millions of words used to explain the energy shortage, the following analysis has reduced to a few words a good overview of why we are faced with an energy crisis.

The formula was written by Bruce Henderson of the Boston Consulting Group who perhaps could have added that blaming the big oil companies and the administration smooths the road to socialism. Under this smoke screen, Senators Mondale and Stevenson have intoduced a bill creating a government owned and operated Federal Oil and Gas Corporation. This bill—according to its opponents—is guaranteed to drive out private investment, stop expansion and discourage increased production in the oil and gas industry.

The formula—: "First, with regard to natural gas, set a ceiling price. This discourages exploration and increases use. Keep the prices down in spite of inflation. This amplifies the effect and guarantees a shortage eventually.

"With regard to coal, ban the use of coal with sulfur content. This sharply restricts the supply. Sharply restrict strip mining for cosmetic reasons. This further restricts the supply. Then suddenly impose drastic new safety rules wich will substantially cut output from existing mines. Freeze prices so no one can offset cost increase from reduced output or justify further investment.

"For atomic power, delay construction a matter of years by uncertainty about licensing requirements. Delay operation at full power after construction. Delay start of construction by environmental suits.

"With natural gas, coal and atomic power all severely restricted, that leaves only petroleum. First, grossly increase automotive consumption of gasoline by requiring drastic reductions in engine efficiency because of pollution-related modifications. That alone will insure a severe shortage of energy. Then ban the use of oil containing sulfur. This severely reduced refining capacity.

"Put into effect new pollution objectives which make refineries far more expensive. At the same time, introduce great uncertainty into the requirements that must be met. That will virtually stop refinery construction or expansion.

"Eliminate practically all new refinery sites because of environmental delaying tactics. Further curtail refinery investment by making supplies of crude oil very uncertain. Block the use of Alaska North Slope by arguments on the cosmetic effects in uninhabited and unreachable regions. Stop the use of search for oil offshore in Californa because of pollution leaks. Slow all offshore operations for environmental reasons. For good measure, hold down the price of gasoline to half that in Europe. This encourages large cars.

"To be sure that all of the above is misunderstood by the general public, bring a lawsuit which charges all the largest energy companies with being noncompetitive and, therefore, causing the energy shortage."

Bring Back Callouses

My good friend Ken Hickman of the Grand Rapids Herald-Review quotes James K. Knight of Effie in a recent column as Knight views the fuel shortage:

It is with little surprise plus considerable disgust that many of us senior citizens size up the panic that ensured among the younger generation with the prospect of a fuel oil shortage.

It could well be that we oldsters in our desire to make life easier for our future generations than we had it, have promoted an era of misplaced callouses with our computerized, thermostatic, and mechanized existence, in addition to depriving the younger generation of the challenge, enterprise and incentive that are necessary to make life worthwhile.

It is of significance to note the ones who met the fuel shortage, with very little, if any hardship, are in the elderly bracket, many of whom had warmed their shins with a wood-burning heating unit for their entire lives.

In our own personal life, wood has provided the warmth and comfort needed, whether by campfire, barrel stove or to our 100 per cent wood burning furnace. Even though we share our 160 years plus, and my better weighs a scant 100 lbs. soaking wet, she can still keep the home fires burning on her own if need be. in addition to having meals on the table on schedule.

All that she asks is that I keep her favorite axe honed up and in good shape!

This is not to be taken in an egotistical manner by any means, for there are countless citizens in our northwoods who, even though they quit fighting the lean of a tree quite a few years ago, are still able to fend for themselves both in keeping warm and being fed without being a burden to others.

No one can discount the advantages and benefits of oil heat in hospitals and to the physically disabled of all ages, but to hear the bellyaching from some of those in their prime years is something else. Furthermore, wood is a replaceable natural resource, which with proper forestry practices will not only sustain its yield but will increase as years go by.

In one way perhaps the fuel oil shortage will be a benefit by bringing back callouses to the hand instead of elsewhere.

If You Knew . . .

This poem first appeared in the Anoka Union in 1873 and its content causes one to wonder how much things have really changed in the past 100 years:

There's someone living in this town
(Maybe you'll know her name
And maybe you should write it down,
Your own might prove the same.)
Who, when you say, "He's good", will cry
"Indeed! You think that's true,
But, "very confidentially,
You wouldn't—if you knew!"

One says, "What pretty girl goes by?"
"Oh, horrors! You don't think
So!—Since we're you and I,
I'll say her parents drink
And she, well, I won't tell it out
Though I've no doubt it's true;
You think she's nice and pretty—but
You wouldn't, if you knew!"

If one sings sweetly, "How she flats."
If dressed in taste, "What style?"
Supremely "vulgar" all her hats
Her dresses simply "vile."
And when good Deacon Busby failed
(A noble man and true)
She said, when we his lot bewailed,
"You wouldn't—if you knew."

Let those admire and love who can
This malice-breeding dame,
Who seems to think a prosperous man
Must surely be to blame,
That beauty is a mark of sin,
That goodness must be crime;
She sees but thieves and rascals in
The heroes of the time.

Sometimes she doesn't hesitate
To tell us what she knows,
And in nine cases out of eight
A lie is all she shows.
For virtue's sake, I hope to find
One good old doctrine true,
Some heat for such I would not mind
You wouldn't—if you knew.

Borrowed Nonsense

Gold Digger: A girl who hates poverty worse than sin.

Looking Backward

1924—FIFTY YEARS AGO

The city council appointed H. O. Chommie as city attorney and N.J. Anderson as assessor.—Pennington county spent $80,000 on highway work in 1923, county engineer B.F. Umland reported.—The women's club held a birthday party to observe its tenth anniversary.—Enrollment in the Lincoln high school reached a new high of 427.—Mrs. Pansy Collins was installed as head of the Royal Neighbors lodge.

1934—FORTY YEARS AGO

The city council was considering several sites for an airport, with a view to getting federal funds to aid in developing it.—A total of 616 checks aggregating more than $16,000 was paid out in the county last week for federal civil works projects.—County auditor Harry L. Fowler was named vice president of the state association of county auditors.—Equipment for the city clerk's office was moved into the new auditorium.

1944—THIRTY YEARS AGO

E.B. Benson was reelected president of the Civic and Commerce association.—The mercury reached a high of 47 here January 21.—Orville Jensen won the Pennington county 4-H radio speaking contest.—Tax delinquency in Pennington county dropped to seven per cent in 1943—Following the merger of the Farmer-Labor and the Democratic parties, Harold Hagen, Farmer-Labor congressman, announced he would switch to the Republican party.

1954—TWENTY YEARS AGO

County engineer Joseph Seidel was elected president of the northwest chapter of the Minnesota society of professional engineers.—The county board accepted low bids aggregating $335,985 for construction of the new court house. A.C. Nasvik construction company, at $276,590 was low bidder on the general contract.—Melvin Joppru opened a meat service plant on his farm just northwest of this city.—Rev. W.P. Clausen of Sioux City will be installed February 7 as pastor of St. John's Lutheran church, succeeding Rev. V.E. Schroeder, who resigned last fall.

1965—TEN YEARS AGO

Winner of the outstanding farmer award in the Pennington county soil conservation district for 1963 was Norman Peterson of rural Thief River Falls.—Six honorary life memberships were presented to long time members of the TRF Chamber of Commeece members H.O. Chommie, Walter Jung, William E. Dahlquist, John A. Narverud, Mrs. Emma C. Narverud and Martha E. Narverud.—Ralph T. Hunt, for the past 6½ years executive secretary of the Pennington county welfare board, tendered his resignation.

Gully . . .

Mrs. Peter Rutkowski
Gully, 268-2845

Miss Cora Hanson spent Sunday and Monday of last week with Mrs. Norman Strand at Trail.

Einar Olson and son Elmer visited Tuesday afternoon at the George Ness home.

Mr. and Mrs. Claude Knudson visited last Wednesday at Fertile with Mr. and Mrs. Bud Hanford. The Hanfords sold their home in Coon Rapids and bought a home in Fertile. The Knudsons also visited some folks at the nursing home at Fertile and Fosston.

Florence Christianson, Emma Erickson, Sanna Brovold and Esther Rutkowski helped Christine Ellertson celebrate her bithday January 21. She also received telephone calls from her sons. Gemina Ellertson and Rudy Ostgarden called on her Saturday.

Saturday morning coffee guests at the Gust Carlson home were Mr. and Mrs. Don Boll, Jody, Tia and Tracy. Sunday afternoon visitors t the Carlsons were Mr.and Mrs. Harold Steile.

Mr. and Mrs. Ronald Banks and Deedra spent the week with his parents, Mr. and Mrs. Dale Banks. Mr. and Mrs. Tom Thompson were also weekend guests at the Banks. They were all from Hibbing.

Gopher State Bancorporation Seeks Charter

Appearing recently before Minnesota commissioner of banks Robert Mampel were representatives of Independent Bankers of Minnesota and Gopher State Bancorporation to request a correspondent bank charter.

Paul W. Berglen, president of the association from Carlos, said, "The need for a supplementary source of correspondent services for independent banks has been under study for over a year. This project represents the collective desire of independent bankers to maintain independent banking in Minnesota and will act as a catalyst toward this end. To our knowledge, it is a first of its kind in the nation."

Appearing with Bergien on behalf of Gopher State Bancorporation were Gordon C. Donnelly, president of the State bank of Wheaton, E. Norman Barsness, president of Prior Lake state bank and Richard H. Plunkett, chairman of Rochester state bank.

The proposed bank, Independent state bank of Minnesota, would be capitalized with an initial minimum sale of $1.2 million capital stock. Gopher State Bancorporation will seek approval from the federal reserve board to operate as a one-bank holding company and will own 100 per cent of the proposed bank's capital stock. Independent state bank of Minnesota is proposed as a supplementary source of general correspondent services and will be owned, controlled and operated by its independent banker-stockholders through the one-bank holding company.

The unique character of the proposed bank is marked by its limitation of services to the correspondent function and its dedication to providing the independent bank with an additional competitive service. In addition to providing overline loan services to predominantly rural, independent banks, the proposed correspondent bank would also create an opportunity for independent bankers to increase their professional expertise by serving as directors of the bank and availing themselves of educational and legal assistance on general banking matters.

The bank would also provide currency and coin services, wire transfer services, foreign currency services, transit and check collection services, bond purchasing, safekeeping, portfolio management assistance, bonds pooling arrangements, personnel and trust services, electronic data processing and eventually bank stock loans.

Robert Bork, president of Valley state bank of Oslo, is a vice president of Gopher State Bancorporation.

Original directors will serve one, two and three-year terms, to be replaced by directors elected by the stockholders for 3-year terms. The manner of election and representation has been carefully designed to provide board representation of the independent banking community and to prevent concentration of control.

According to association executive secretary Noel Busch, locating of the bank and association offices will be designed to provide a focus for independent banking activities and services. The association is among a growing number of state associations, affiliated with the 7,000-member Independent Bankers association of America, which seek to identify and challenge monopolistic banking practices and to fight concentration of banking resources in a few giant banks or multi-bank holding companies. Independent Bankers of Minnesota is comprised of nearly 500 member banks.

Trade Can Help Ease Tensions Among Nations

Following comments are by Arch N. Booth, executive vice president of the Chamber of Commerce of the United States:

Secretary of State Henry Kissinger believes the key to a successful international agreement is that each party to it must benefit sufficiently to have a stake in keeping it.

That's certainly a common-sense approach to diplomacy, and it bears thinking about with respect to the trade bill now before Congress.

This bill would authorize the administration to continue our highly successful effort to reduce trade barriers through negotiations with other trading countries.

The mutual lowering of trade barriers has stimulated international trade in the past—to everyone's benefit—and it may be especially important now, when something like the Arab's "oil diplomacy" can cast a pall of uncertainty over the health of many nation's economies. When international trade falls off sharply, it hurts our economy, too.

There is not much rational opposition to this part of the bill. What is hanging things up is another provision enabling us to grant most-favored-nation status to the Soviet Union.

Contrary to the way it sounds, "most-favored-nation status" merely means equal, or non-discriminatory, treatment. It does not mean conferring any special advantage. The phrase comes from the formal diplomatic language of trade-treaties, in which the signatories agree to apply to each other the same trade regulations as those governing trade with the "most favored nation."

Some congressmen feel that by withholding full trade privileges we can punish the Russian government for pursuing policies we dislike. Such reasoning comes from the best of motives, but it may actually be counterproductive.

Following the Kissinger logic, the more the Russians trade with us, the greater the interest they will have in preserving friendly, peaceful relations. Conversely, the less we have to do with them, the less leverage we have to bargain with.

Therefore, the best way to increase our influence with the Russian government—and consequently our ability to help the Russian people—is to expand commercial relations as rapidly as is feasible.

Let me make it clear that I am not talking about grants or giveaways, but trade—mutually beneficial trade.

I am also not talking about selling technological information that is vital either to our national security or to our competitive advantage. I firmly believe in the necessity of maintaining a strong defense while struggling to find a better basis for a relationship than mutal hostility.

By all means, let's continue to make plain our disapproval of repression. But not through the trade bill. For the average Soviet citizen, exposure to American businessmen, American tourists, and even American products is likely to invite comparison of the two societies. That, in itself, is potentially the most liberalizing pressure we could ever bring to bear on the Russian government.

Let's not deny ourselves the chance to use it.

AVTI ADULT EDUCATION CLASSES

General Information

The Area Vocational-Technical Institute presents the Adult Education Program as a service to the people under the direction of the Board of Education of Local School District 564.

We extend our welcome to the citizens of the area to participate in our Adult Education Program offerings.

We remind you to make suggestions for courses of interest to you.

REMEMBER: The use of our school facilities for Adult Education classes gives maximum utilization of our buildings and equipment; hence, a greater return on the taxpayers' investment.

Senior Citizens (age 60 and over) are granted free tuition if they enroll in adult evening classes.

Registration fee will be $10 for each class unless otherwise noted.

Registration

Registration for the session will be taken January 28 through February 4 at the Thief River Falls Area Vocational-Technical Institute. Phone 681-5424.

February 4 - March 27

Plan OEA Week Events Schedule

Local observance of national office education association (OEA) week February 3-9 is being carried out by members of the chapter at the Thief River Falls area vocational-technical institute. Events have been planned for each day of the week.

Mayor Robert Carlson signed a proclamation designating OEA week in Thief River Falls and recognizing the ideals of OEA which include hope, cooperation, love, friendship, faith, leadership, knowledge, service and patriotism.

"As technology in business and industry continues to grow," Mayor Carlson said in his proclamation, "it is imperative that we continue to educate and prepare young people to meet the growing challenges needed for a career in business and office occupations. Members of the office education association through their projects and leadership training have contributed to the progress of Thief River Falls."

Tonight and Tuesday a movie is being sponsored at the Galaxy Twin theatre. Admission to "Let's Scare Jessica To Death" will be $1.25 in advance from the vocational school, student senator or OEA member or $1.75 at the theatre.

On Wednesday club members will distribute posters to business establishments in the city and explain to businessmen what the association represents. Thursday event will be a dance from 8:30 to 11:30 p.m. at the National Guard armory with music by "Smokehouse" and admission at $1.25.

All during the week a snow sculpture will be built in front of the new vocational-technical institute building and it is expected to be complete by Friday. Events of the week are planned for both students and parents.

The office education association is a voluntary association of state youth groups supporting office occupations education. The program is designed for leadership abilities in the American business system and competency in office occupations. It is the first vocational youth group organized specifically to serve vocational business and office education students in the field of office education.

OEA benefits members by giving them an opportunity to participate in state and national leadership conferences as well as gain leadership training and compete for state and national recognition.

"OEA members are to be proud of their school and work to make it a better place for learning," stated Barb Engel, president of the local chapter. "The activities will serve the advisor as a teaching tool by creating interest and promote high standards of ethics, workmanship and scholarship."

One of the OEA objective is to develop the ability of students to plan and organize together. Activities of the club will serve to help establish a closer relationship between community employers and students.

$5,000 Bond Set On Burglary And Theft Charges

Charges of burglary and theft have been filed against Larry DeLage of Fertile who was arrested Wednesday in connection with the burglary of Northland electronics of Thief River Falls.

DeLage was arraigned Friday when bond was set at $5,000.

Pederson Family Gets Gift From Minnesota 100

Presentation of a check for $1,000 from the Minnesota 100 Club in Minneapolis was made today to Mrs. Roy Pederson, widow of the Thief River Falls police chief killed last week in an airplane crash near Winger.

Making the presentation were Ken Froschheiser, deputy chief of police, and Marvin Lundin, Times editor, acting at the request of the Minnesota 100 Club treasurer, Jack Fratzke of Minneapolis.

"Protect the Protectors" is the motto of the club of public-spirited citizens formed to provide a measure of protection for those who protect Minnesota communities, by aiding the families or dependents of police and firemen who suffer loss of life or health in line of duty.

Information provided by the club indicates the club would initially aid police and fire department members in the metropolitan area but would expand as funds became available. It operates entirely on the subscriptions of its members who pay membership fees of $100 per year.

"When tragedy strikes our public servants, the club will aid the families or dependents of those affected," Fratzke said. "We sincerely believe this to be a fine opportunity to partcipate in a very worthwhile program. Association in the Minnesota 100 club will provide a measure of security and comfort to those who risk their welfare for each one of us."

So far this year the club has paid out $8,000 to families or dependents of policemen, firemen and civilian who came to the aid of a policeman.

Anyone interested in membership in the club may qrite: Minnesota 100 Club, 201 Lowry Avenue N.E., Minneapolis, Minn. 55418.

No Cause Found In Investigation Of Plane Crash

No further potential cause of the airplane crash which killed three Thief River Falls city officials and their pilot last Monday has been determined by officials investigating the accident.

Contacted by phone by the Times this morning, D.C. Valle of Kansas City, Mo., air safety investigator for the bureau of aviation safety, National Transportation Safety board, confirmed that no other determination had been made since he spoke with newsmen last Tuesday evening. At that time he stated that inspectors were unable to find anything which would indicate mechanical malfunction of the aircraft.

Speculation of electrical failure had been mentioned in local rumors relating to the accident. Valle stated that possibility of electrical failure had been pursued by state and federal officials in the investigation but nothing was found to indicate such failure. He added that electrical failure in daylight, even if it had occurred, would not affect the ability of the airplane to remain in the air.

Final report on the accident is expected to be completed in a few weeks.

OEA
SMOKEHOUSE
BOB CARLSON MAYOR

PROCLAMATION establishing February 3-9 as OEA week in Thief River Falls was signed by Mayor Robert Carlson in the presence of officers of the local chapter of the business education association. Left to right with Mayor Carlson are Betty Swanson, Thief River Falls, historian; Cindy Homstad, Lancaster, secretary; Barb Engel, Thief River Falls, president; Pat Walton, Baudette, parliamentarian; and Lee Smith, Stephen, vice president.

TRF Area Farmers In National Publication

Two Thief River Falls area farmers were included in a feature article by Laura Lane entitled "Figure Out The Future" which appeared in the January issue of "TOP OPerator" magazine, a copyrighted publication for the Farm Journal. "TOP OP" is designed as a publication for executive farmers and ranchers, according to its masthead.

Harvey Troska, who has a cattle, hog and grain farm about 10 miles east of Thief River Falls, and John Erickson, dairyman southwest of St. Hilaire, are pictured and their comments quoted in the article. Cover photo shows Erickson with Fred Sorensen of First Northwestern bank and Verne Spengler in Erickson's farm office. Six color photos inside the national publication also show activities on the two farms.

Laura Lane's article included other information about planning for the future in establishing farm practices as well, but this is what the article stated about the two Pennington county farmers:

You feel more in control of your future when you predict it in figures. Examples:

If you know there is a weakness in your operation, then "project your way out of it," suggests John Erickson, a young dairyman in Pennington County, Minn. He knew from a superior set of records on 10 years that his net was too low and he couldn't improve it fast enough. So he had to reorganize.

Erickson and his wife, Myrna, had the help of Verne Spengler, their instructor in Vo-Ag farm management, in putting the pencil to his problem. They came up with a long-range expansion program which they pretested every way they knew. It required long-term capital, which the Ericksons got from Farmers Home Administration. That was two years ago.

Erickson, who had an old stanchion barn in which he was milking 30 cows, remodeled and built a new 60-cow free-stall setup with the latest in ventilation and pollution control. The loan was big enough to cover cost of a new home with an office that doubles as a sewing room for Myrna.

(Continued on Page 4)

TOP PLACINGS in the International 500 snowmobile race earned extra money for Marv Ode and Jerome (Tubby) Lund, factory-sponsored racers for Arctic Enterprises. Ode captured first place in the rugged event to claim the $10,000 first prize from the St. Paul Winter carnival. He was also awarded a $1,000 bonus from Bill Ness (top photo), vice president of Arctic Enterprises for his first place finish. Lund received $1,500 in prize money from the winter carnival for his fourth place finish and an added $150 from the factory sponsor. Both drivers were also given the machines they used in driving the race and both reported the sleds were in good running condition.

LILI (DEB PENNING) talks to the puppets during a dress rehearsal of "Carnival" which will open tomorrow (Tuesday) evening at Northland community college.

Marv Ode Given Bonus By Arctic

Running a controlled race in which he fell a couple of times but never tipped his machine, Marv Ode of Thief River Falls won first place in the International 500 snowmobile race and an added bonus from his factory sponsor, Arctic Enterprises of Thief River Falls.

Jerome (Tubby) Lund, who placed fourth in the race, was also a factory sponsored racer and received an added bonus. Bill Ness, company vice president, presented Ode with a check for $1,000 and Lund with a check for $150 in special ceremonies Thursday. Both drivers were also allowed to keep their machines which both drivers claimed to be in good running order.

Lund noted that Ode's 295cc El Tigre model "looks just like new" but admitted his own machine of the same model had taken quite a beating. "It still runs all right," he said Thursday, admitting that during the race he took a spill "once a day".

Ode and Lund were among Arctic factory-sponsored racers who had their ranks considerably thinned by disqualifications for road running during the second day of the race. Smoke over that

(Continued on Page 4)

Arctic Reports Loss For Third Quarter

Arctic Enterprises, Inc., has reported a loss on operations for its third quarter ended Dec. 31, 1973, of $1,520,000 and predicts a loss of another $1.1 million for the fourth quarter.

Arctic incurred a net loss from continuing snowmobile and boat operations of $1,520,000, or 49 cents per share, compared with net income of $1,301,000, or 43 cents per share for the same period last year. Consolidated sales from continuing operations totaled $31,284,000, down from $40,722,000 for the third quarter last year.

Arctic president John C. Penn cited factory inventory write-downs, accruals for the cost of supporting dealer price discounts on carry-over inventories, and the $9,000,000 decrease in volume as principal reasons for the third quarter loss.

For the first nine months of fiscal 1974, a net loss of $1,454,000, or 47 cents per share, was incurred on continuing operations versus net income of $4,895,000, or $1.61 per share, for the same period last year. Consolidated sales for continuing operations for the current nine months were $76,752,000, compared with $98,295,000 for the same period a year ago.

At Sept. 30, 1973, Arctic reported a $5,480,000 loss, resulting from the decision to discontinue lawn mower operations at its General Leisure division. As a result of this previously-reported loss from discontinued operations, Arctic's consolidated net loss for the nine months ended Dec. 31, 1973 was $6,934,000, or $2.27 per share. Consolidated results for the nine month period ended Dec. 31, 1972 showed net income of $3,931,000, or $1.29 per share, including losses of $964,000 for discontinued operations of General Leisure.

Per share amounts are based upon 3,050,000 average outstanding common shares for the six months ended December 31, 1973 and 3,044,000 for the same period in 1972.

Penn blamed a "consumer scare" over the energy crisis for slowing down retail sales of snowmobiles in November and December.

"The dire predictions about fuel availability that appeared in the news in early November coincided with the start of our prime retail selling season and had a negative impact in our marketplace," Penn said. "as a result, we embarked on, for the first time in our company's history, a factory supported price promotion program on 1973 carry-over models in late December.

"When consumers became aware that gasoline would be available for snowmobile use, their interest in purchasing new snowmobiles increased. Traffic at our dealer stores picked up considerably around Christmas time and we are quite pleased with retail sales of both 1973 and 1974 Arctic Cat snowmobiles since that point."

For the nine months ended Dec. 31, 1973, Silverline, Inc., Arctic's boat subsidiary, incurred a loss of $83,000 versus a profit of $228,000 for the same period last year. Penn said that dealer boat orders during the latest quarter did not meet expectations and

Orlan Stolaas Pennington Co. King Agassiz

Selected as Pennington county King Agassiz for 1974 is Orlan Stolaas, a dairy farmer in Deer Park township.

Stolaas has a modern grade A dairy, operations milking 44 cows and owning a total herd of 125 head. He owns and operates 605 acres of land which is used for hay, pasture and cropland. Orlan is now the third generation in the Stolaas family to operate the farm.

A member of DHIA, he has also used artificial breeding for several years through Curtiss Breeders, for which he is a technician.

Orlan received the Pennington county soil and water conservation award in 1973. He is a member of NFO, director of Farmers Union Oil company at Brooks and past treasurer of the Ebenezer Lutheran church. Stolaas and his wife Clarice have three children.

Orlan will represent Pennington county during the Red River Valley winter shows at Crookston.

SENIOR KIRKI CHARLSON was apparently pleasantly surprised Friday afternoon when she and Joe Kezar were crowned queen and king of the Lincoln high school Sno-Fest which raised $4,200 for the Falls Day Activity center and the March of Dimes.

K.E. Gigstad

Stuart McLeod

McLeod To Leave Dairy Day Post

After 24 years as active president of Northwest Dairy day in Thief River Falls, Stuart McLeod stepped aside at the annual meeting of the Northwest Dairy Improvement association last week and was elected to the honorary position of president emeritus of the association. Klem Gigstad of Thief River Falls was elevated from the vice presidency to fill the role as president of the organization.

McLeod was one of the founders of Northwest Dairy day which will have its 25th anniversary show on June 11 of this year. For the past several years he has suggested that someone be elected in his place but his wishes have always been set aside by directors of the dairy group. Each year until this year he has yielded to their wishes and accepted the frets and worries which accompany leadership of the nation's original dairy day.

Other officers elected at the meeting included Lars Wold, vice president; James Matson, treasurer; and Merle Smith, secretary. All are from Thief River Falls.

Jerry Davis of Bemidji was elected to the board of directors to succeed Tom Johnson. Reelected for three-year terms were Harry Nelson, Hallock; Lars Wold and Merle Smith, Thief River Falls; Clifford Skime, Roseau; Arlie Larson, Bagley; and Sheldon Erickson, Badger.

Elected as associate directors for one-year terms were Cliff Markuson, manager, ADA of Minnesota; Cleve Johnson, ADA field representative; Marlan Augustine, president of the Red River Valley Dairymen's association; and Ben Bjerken, farm supply representative, Thief River Falls.

Discussion relative to continuance of dairy day in the face of fewer dairy farms in the area was held for much of the meeting.

(Continued on Page 4)

Home Interiors Seminar Slated Here Thursday

Home interiors seminar will be held in Thief River Falls Thursday with afternoon and evening sessions being planned, according to Mrs. Linda Worth, Pennington county extension home economist. Admission of 25 cents per person will cover either or both sessions.

Speakers from the University of Minnesota at the seminar will be Wanda Olson, extension equipment specialist; Lew Hendricks, forest products specialist; and Linda Reece, extension home furnishings specialist. Terry Courneya, Pennington county extension agent, will also participate.

Sessions at the city auditorium will be held in two locations with the public allowed to make a choice as to which session they will attend. Session times and topics include the following:

2 to 3 p.m., "Kitchen Planning" and "Living With Wood"; 3-4 p.m., "Window Treatments" and "Paneling"; 4-5 p.m., "Lighting" and "Wall Coverings"; 7 to 8 p.m., "Kitchen Planning" and "Energy and the Home"; 8-9 p.m., "Window Treatments" and "Paneling"; and 9-10 p.m., "Lighting" and "Wall Coverings".

IWA Will Hold Regular Meet

Regular monthly meeting of International Woodworkers of America, Local 4-348 (Arctic Employees) will be held tomorrow (Tuesday) at 3:45 p.m. in the Eagles hall in Thief River Falls. Coffee will be served.

Retired Teachers Show First Film In Crime Series

After showing the film "Walk Without Fear" at their regular meeting, The Retired Teachers associaton sponsored a showing of the film at the meeting of The Senior Citizens held Friday, January 18, at the recreation center at the Skylite apartments.

Three more films are included in this series. Scheduled for February is the film "Invitation to Burglary." The March film, "Fraud Bunco" will be based on popular criminal frauds perpetrated on unsuspecting victims. The final film is scheduled to be shown in April. It will be based on Community Police Relations. Members of the local police force will be attending that showing and will participate in the question and answer session.

The films will be shown at 1:30 p.m., the third Wednesday of the month at the Senior Citizen Recreational center. Anyone interested is welcome to attend, according to Myrtle Myrin, president of the local Retired Teachers, and Ellen Peterson, program chairman.

Christine Scramstad Notes Second Birthday

Christine Anne Scramstad, daughter of Mr. and Mrs. David Scramstad, was honored on January 21 at a party at her home. The event was in observance of her second birthday which was on January 18.

Guests were Mrs. Robert Middlestad, Crystal, Jason and Holly; Mrs. Jerry Melgaard, Nancy and Murray; Mr. and Mrs. Larry Leader, Timmy, Robin and Kurt; Mrs. Marvin Gustafson, Mr. and Mrs. Vernon Sorenson, Sherry and Marie; Mrs. Stella Stenberg and her granddaughter Jill Stenberg; Mrs. Ronnie Lindberg, Jennifer and Pauline; Jeremy and Erica Lund; the grandparents Mr. and Mrs. Owen Scramstad and the great-grandmother Mrs. Minnie Scramstad.

The lunch served featured a birthday cake baked and decorated by the child's grandmother.

Coming to extend best wishes, later in the day, were Earl Gjernes and his son Karl, and Mr. and Mrs. George Rockstad.

Parents Without Partners To Elect Officers Thurs.

Valley Echoes chapter 240, Parents Without Partners, will meet Thursday at the Knights of Columbus hall in Grand Forks. Officers will be elected and reports will be given by the delegates who attended the workshop at Devils Lake.

Anyone interested in Parents Without Partners and would like further information about the organization may call 772-5488.

On Feb. 18, 1943, the first class of 39 Flight Nurses was graduated by the School of Air Evacuation, Bowman Field, Ky.

Darlene Kay Finstad And Nyle Erxleben Married

Mr. and Mrs. Nyle Erxleben are at home at West Dundee, Ill. following an exchange of marriage vows in Thief River Falls and a wedding trip to Glacier and Yellowstone National Park.

The bride is the former Darlene Kay Finstad, daughter of Mr. and Mrs. Kenneth A. Finstad of Thief River Falls. Parents of the groom are Mr. and Mrs. Orville Erxleben of Wayne, Neb.

The ceremony took place at Redeemer Lutheran church in this city with Rev. Keith Prekker officiating, assisted by Rev. John Hogberg. Mrs. William Halbasch presided at the organ. She presented a program of nuptial selections as the guests were ushered in by Warren Carsten of Wisner, Neb., and Terry Finstad of Portland, Ore., brother of the bride. Tom Amundgaard was the soloist. He sang the folksong, "Wedding Song" and "The Twelveth of Never."

For the candlelight ceremony, candelabra with 42 tapers graced the chancel. Sprays of assorted fresh flowers complemented the candelabra. Marking the pews were bronze and brown ribbon bows.

The bride was escorted to the altar by her father and given in marriage by her parents. She was attired in a floor-length gown of ivory satin with an overlay of coordinating sheer. Wide scalloped lace followed high-rise waist-line and formed the ruffle on the long fitted sleeves. Matching lace motifs were appliqued on the bodice, skirt and on the sheer sleeves. Her floor-length veil of ivory net was edged with wide scalloped lace. She carried a bouquet of orchids and stephanotis, accented with greens.

Attending the bride were her sisters: Mrs. Karen Hamme of Bozeman, Mont., as matron of honor, and Dorothy Finstad of Thief River Falls, as bridesmaid. They wore identical floor-length gowns of bronze velvet styled with trumpet sleeves and bronze and white tie belts. To complete their attire, they wore large mushroom shaped velvet hats and each carried a bouquet of orchids and stephanotis.

ReDelle Erxleben of Lincoln, Neb., attended his brother as best man. Groomsman was Mike Carman of Omaha, Neb. Serving as acolytes were Brian Finstad, brother of the bride, and Ronald Breiland, a cousin. The men of the wedding party wore dark brown tuxedos with gold ruffled shirts and brown velvet bow ties.

For her daughter's wedding, Mrs. Finstad selected a rayon brocade gown in bronze, green and gold. The groom's mother wore a gown in bronze, beige and gold, also in rayon brocade. Both wore beige accessories.

Parents of the bride hosted a reception in the church fellowship hall following the ceremony. Approximately 150 relatives and friends attended. Mr. and Mrs. Tim Brieland served as host and hostess. At the guest book was Miss Emily Lokken of this city. Mrs. Don Breiland of Thief River Falls and Mrs. James Jensen of Wisner, Neb., served the punch.

The wedding cake, topped with fresh flowers, was made by Mrs. Marie Graham of this city. It was cut and served by Mrs. Kenneth Engelstad of Carrington, N.D., and Mrs. Neil McEwen of this city. Mrs. Lloyd Haden of Minneapolis and Mrs. Warren Carsten of Wisner, Neb., poured.

Waitresses were Maureen Engelstad of Carrington, N.D., Nancy Finstad, Cindy Breiland and Diane Forsberg, all of Thief River Falls. At the gift table were Mary Lou Erickson of Lincoln, Neb., Linda Demanski and Gayle Gram, both of Middle River, and Kathy Erickson of Thief River Falls.

The bride attended school in Thief River Falls. She is a 1968 graduate of Lincoln high school and a 1970 graduate of Northland State Junior college. She attended the University of Minnesota from 1970-72. The groom is a 1965 graduate of Wayne high school, attended Wayne State college from 1965-67 and was graduated from Western Nebraska Technical school in 1969. He is employed by Tru-Test Manufacturing in Carpenterville, Ill., as a project engineer.

The couple is at home in West Dundee at 900 Locust Drive, Apartment 2J Sleepy Hollow.

On Feb. 14, 1931, Congress extablished the Air Mail Flyer's Medal of Honor.

Lois Mantei - T. Huffman Vows Spoken At Plummer

Miss Lois Rochelle Mantei, daughter of Mr. and Mrs. Fred Mantei of Plummer, became the bride of Thomas Robert Huffman of Duluth, son of Mr. and Mrs. Robert Huffman of St. Louis, Mo., at a ceremony on Saturday, December 29, at the Immanuel Lutheran church at Plummer.

Rev. Max Dietze officiated at the double ring ceremony. Maribeth Vigstol, a friend of the bride, was the organist. She played "Colour My World" as the bridal party assembled at the altar.

For the ceremony, two baskets of white gladioli, red carnations, pine and holly graced the chancel.

Given in marriage by her parents, the bride was attired in a Camelot styled gown with lace down the front. Lace enhanced the high neckline, trimmed the cuffs of the long, full sleeves, and edged the ruffle that encircled the skirt at the hemline. A Camelot headpiece, trimmed with lace, ruffles and a bow, held her cathedral length veil of bridal illusion. She carried a bouquet of red roses, and white carnations with red and white ribbon streamers.

Serving the bride as her only attendant was Doreen Culkins of Plummer, a friend. She was attired in a red empire fashioned gown, styled with a high stand-up collar and a slightly gathered skirt. The fitted bodice with long, full sleeves was accented with a yoke, midriff and deep cuffs of white lace. She carried a single long-stemmed rose with white lace streamers. Her cross pendant was a gift from the bride.

Raymond Fisher of Plummer, a friend of the couple, was best man. The ushers were Chuck Simpson and Erwin Marty, also friends of the couple living in Plummer. The groom was attired in his U.S. Coast Guard uniform. His attendant and ushers wore the conventional business suits with bow ties and red tipped carnation boutonnieres.

The mother of the bride was attired in a red gown with white lace trim. To complete her attire, she wore silver shoes and a corsage of red roses and white carnations. A similar corsage was worn by the mother of the groom, who was attired in a green gown, accented with black accessories.

Special guests at the wedding were Mr. and Mrs. Bob Marty and Mr. and Mrs. Norman Morwitska.

Following the ceremony, the parents of the bride hosted a reception at their home for approximately 60 relatives and friends. Host and hostess were Mr. and Mrs. Mark Bruggeman, brother-in-law and sister of the bride.

Highlighting the serving table was a three-tiered wedding cake on a mirrored base. The upper tier, supported by ornate pillars, was topped by a silver Christogram. Red ribbon cascaded from the top to two heart-shaped cakes inscribed with the name of the bride and groom. At the base were miniature replicas of the bridal party. Red roses trimmed the cake which was baked and decorated by Mrs. Edna Hyde. It was cut and served by Mrs. Ferri Ranum, a friend of the couple.

Other friends of the couple, Mrs. Lyle Konickson and Mrs. Norman Morwitska poured and served the punch, respectively. Peggy Marty, a friend of the bride, was waitress and Mrs. Joe Paradis served the ice cream. The gifts were opened by the couple.

Relatives and friends were from Canada, Texas, Thief River Falls, Plummer, Gonvick and Minneapolis.

The newly weds are now at home in Duluth. The bride is a graduate of the Plummer high school and is employed at the Duluth skill center. The groom, a graduate of the high school at Festus, Mo., is stationed in Duluth with the U.S. Coast guard.

On Feb. 16, 1961, NASA launched Explorer IX into orbit around the earth. The launch vehicle was a 4-stage Scout and marked the first time the U.S. used a solid-fueled rocket in the Explorer program.

Lyda Batten, Retired Teacher, To Be Honored

Miss Lyda Batten of 220 Arnold Avenue North, retired Thief River Falls school teacher, will be honored on her 90th birthday on Sunday at an open house at the United Methodist church.

The event is being hosted by friends of Miss Batten. Hours will be from 2 to 4 p.m. All friends and former students are invited to attend.

Angela Marie Schmidt Baptized At St. Bernard's

Angela Marie Schmidt, infant daughter of Mr. and Mrs. Jim Schmidt of this city, was baptized Saturday evening, January 26, at a private ceremony at St. Bernard's Catholic church.

Rev. James Bernauer officiated at the baptism. Godparents were Mr. and Mrs. Don Swedenburg with Mr. and Mrs. Dennis Klein serving as proxy.

Special guests at the baptism was Mrs. Edwin Reed of this city, grandmother of the child.

Following the baptism, guests at the Schmidt home for lunch were Mr. and Mrs. Dennis Klein, Toni and Kristi. Also present was Angela's older sister, Melanie Lynn.

BIRTHS

Mr. and Mrs. Grant Gjovik, rural Oklee, boy, Jan. 31, 7 lbs. 5 oz., Grayson LaMar.

Rev. and Mrs. George Johnson, Strandquist, boy, Feb. 1, 7 lbs. 10 oz., Nathan Philip.

Mr. and Mrs. Jean Eggerud, TRF, girl, Feb. 2, 8 lbs., 13½ oz., Kathryn Jean.

Remer Teacher Reinstated By Supreme Court

A Remer teacher has won full reinstatement to her tenured teaching position as a result of a recent Minnesota supreme court decision, according to the Minnesota Education association (MEA).

Lois Fisher had sued Independent School District No. 118 (Remer) to prevent loss of her position as a full-time special education teacher, the MEA reports.

The Remer school board—formally in March of 1972—notified Mrs. Fisher that her teaching position, which is protected by state tenure laws, was to be terminated. The action came after the school board decided that special education classes—which had been one assignement handled by Mrs. Fisher—should be divided into two groups, one elementary and one secondary.

Mrs. Fisher's attorneys, retained for her by the MEA, contended that the intent was to replace her full-time position with two half-time positons, because there had been no complaint about Mrs. Fisher's teaching and a board statement issued at the time said:

"There should be no feeling on the part of anyone that there is an accusation of any incompetence or unprofessional conduct; but this is rather a recommended change that called for a policy decision."

MEA attorneys, assisting from the outset, also contended that termination as a discontinuance of position could not be pursued because the position was altered, not discontinued. (School districts may alter program when necessary to provide better educational service to children but such decisions cannot be made at the expense of involved teachers' legal rights.)

The Remer school board completed its action to terminate on March 30, 1972, and MEA immediately supported Mrs. Fisher in her appeal to the state district court in Cass county, citing two legal issues: (1) can the board terminte Mrs. Fisher's continuing contract without establishing grounds for termination? and (2) can the board terminate Mrs. Fisher's continuing contract without regard for the procedural mandates of Minnesota's teacher tenure law?

The district court, agreeing with the school board, replied "Yes."

In October of 1972, MEA attorneys representing Mrs. Fisher appealed the district court decision to the supreme court.

The supreme court overturned that decision—citing the procedural failings during the school board's hearing—and ruled in favor of Mrs. Fisher.

Birth Weight Is Important To A Child's Future

The weight of a newborn baby is more important to his future school success than whether or not he was born prematurely, according to the results of a University of Minnesota research project.

In a long-term study of 241 Minnesota infants born between 1960 and 1964, three University researchers discovered that babies born weighing less than five and one-half pounds had significantly more school-related problems in later years than those born weighing more.

The study also shows that low-birth-weight girls and that low-birth-weight children usually score lower on tests of mental and language development, school readiness and achievement through seven years of age.

Researchers Rosalyn A. Rubin, Bruce Balow and Cynthia Rosenblatt concluded that low-birth-weight male babies born prematurely and full-term babies of both sexes weighing less than five-and-one-half pounds run a "high risk" of developing problems in school.

The children studied were drawn from a pool of 1,613 born at University of Minnesota hospitals between 1960 and 1964 and were part of another, broader long-term study to determine the effects of early conditions on later development.

The babies selected for the study were those who weighed less than five-and-one-half pounds at birth, those who weighed more than five and one-half pounds at birth but were carried for less than 37 weeks and a control group who weighed more than five-and-one-half pounds at birth and were carried for more than 37 weeks.

According to Dr. Rubin, associate professor of educational psychology and special education, the research results are especially significant because they are not complicated by racial and socio-economic factors. Almost all of the children in the study were white and from predominantly middle-income backgrounds.

"Most earlier studies drew their subjects from racially mixed groups or groups of peredominantly lower socio-economic status," Dr. Rubin said. As a result, any school difficulties among these children could have been interpreted by certain researchers as results of racial or low-income factors.

Dr. Rubin's team plans to continue studying the larger group of children from which the low-birth-weight subjects were drawn for as long as possible. "We'd like to follow these kids through high school, but that depends on funding," she said. The team received a grant recently from the National Institute of Education to continue the study for another three years.

In the larger study, the team is following 1,613 children to find out the effects of certain early conditions on later school success. The discovery of the effects of low birth rate is just one of the results of the study so far.

By following this group of children, the researchers have also confirmed that girls are more advanced than boys before kindergarten and that boys benefit more than girls from attending kindergarten.

The larger project, called the Educational Follow-up Study, was begun in the middle 1960s and drew its subjects from a nationwide medical project carried on cooperatively at 12 hospitals, including the University of Minnesota.

The team now has extensive medical, psychological, social and economic information on the Minnesota children from the mother's pregnancy to the child's completion of second grade.

MCCL Meeting Set At Warren Friday Evening

Minnesota Citizens Concerned for Life has scheduled a meeting at the community room of the Warren high school Friday at 7:30 p.m.

Mrs. Rose Marie Johnson, vice chairwoman of M.C.C.L. and chairwoman of the political action committee will give a report on the "Circle of Life" march around the State Capitol which was participated by 5,000 people on January 22. It observed a year from the nation's supreme court decision liberalizing abortion. She also will speak on legislation needed in Minnesota to protect the health of women.

Goodridge PTA To Hear Student

Jon Silfiverbrand, foreign exchange student through the Youth for Understanding program, will show slides and a movie at the Goodridge PTA meeting on February 6 in the new gymnasium at 8 p.m.

There will be a brief business meeting following, with coffee to be served after the meeting.

Jan Oen Appears In Fashion Show

Fashion merchandising majors at the University of Minnesota Technical college, Crookston (UMC) presented the noon program to the Crookston Lions' club on January 28.

Under the direction of Bonnie Monley, instructor in business, the students gave a mini-fashion show, satirizing high fashion. Among the models was Jan Oen of Thief River Falls.

KITCHEN KARNIVAL

by Ellen M. Spray

Featuring recipes from the Kitchen of

Mrs. Gordon Wold
of rural Goodridge

"I can drink or I can leave it alone," is a claim given by many who drink. Ocassionaly someone will admit that they have been drinking too much lately but after "the present problem is resolved, they will lay-off for awhile." It is rare that anyone will admit that they are alcoholic. Many do not recognize the symptoms until they are completely addicted.

One of the sure signs of too much drinking is a slight puffiness about the face and frequent occurrence of tiny sweat beads under the eyes. Erratic eating habits with loss of appetite, and sleeping patterns broken by drenching body sweats are other common signs, together with emotions out of control, and common tensions relieved only by more drinking.

Symptoms in the early stages of alcoholism are: maintaining a supply of liquor at all times at home, at the office, in the car, or on the tractor; avoiding social functions where liquor is not served; sneaking drinks so others won't know; a compulsion to drink when all propriety calls for abstinence; being able to go to sleep only after a drink; and styaing far neough away from people so they can't semll liquor on the breath.

Authorities do not agree on the number of stages a person goes through before they become alcohlic. However they agree that in middle stages the symptoms are: extreme feelings of guilt; passing out when drinking; decrease in efficiency, extreme frustrations at little things; frequent nightmares; neglecting physical cleanliness; gaining weight in a puffy fashion, emphasized by large jowls; family and job separations; turning to pills for added effect; trips to medical centers for help and then not revealing their drinking problems; and the shakes.

In the late stages, the drinker will do anything to get a drink. Everything else is secondary. (Many priceless heirlooms have been sold for the price of a cheap bottle of liquor.) He or she drinks anything that has alcohol in it. Symptoms of various diseases appear, as do delirium tremens and frequent need for hospitalization.

Odd as it may seem, it is when the alcoholic is near the bottom, that he or she experiences vague but discernible spiritual needs.

Theories differ as to the full recovery of an alcoholic. Some expound the belief that they can recover to a point where they can again use liquor moderately. The only true guarantee that a recovered alcoholic has, according to scientific proof, is total abstinence. The reformed alcoholic knows that it is easy to go down the road but that the road to recovery is difficult.

If you needed a drink this morning in order to face the day's problems, or a drink at the close of the day in order to "ease the tensions", look out, you may be an alcoholic. Is that drink worth running the risk of losing family, friends, home, and your own self respect?

We are grateful to Mrs. Wold, who took of time from her household duties to provide Kitchen Karnival with today's recipe.

Peanut Butter Cookies

½ cup shortening
½ cup peanut butter
½ cup white sugar
½ cup brown sugar
1 egg
1½ cups flour
½ teaspoon baking powder
¼ teaspoon salt
¾ teaspoon soda

Method: Cream peanut butter and shortening both at room temperature. Add the sugar and egg and beat well. Sift together dry ingredients and mix well. Chill dough and shape into balls the size of a walnut. Flatten with a floured fork. Bake in a 375 degree oven for 10 to 12 minutes.

The Wolds live on a grain and dairy farm in Reiner township, about nine miles east of Goodridge. They have five children at home: Carol, 12, in seventh grade; Bobby, 5, in kindergarten; the twins: Rodney and Roger, 4; and Connie, two months. Mrs. Wold has two children by a previous marriage. They are Larry Trontvedt, who is married and lives at Oklee, and Sherry, Mrs. Earl Wood of Trail.

Mrs. Wold stated that with the twins and the new baby, she doesn't have much time for hobbies.

Unemployment Paid Drops During 1973

Unemployment compensation benefit payments in Minnesota during the 1973 calendar year were $69,100,000 or a decrease of about two per cent from the $70,700,000 paid out in 1972, commissioner Cushing of the Minnesota department of employment services, said recently.

The department, formerly known as the Minnesota department of manpower services, administers the unemployment insurance program and operates the no-fee state employment service.

Unemployment insurance benefits are paid to qualified unemployed persons from the Minnesota unemployment compensation fund, a fund which is financed through a payroll tax paid by employers.

During the 1973 calendar year, employers contributed $5,600,000 more than was paid out. As a result, the fund—with interest added—increased from $81,100,000 to $90,900,000, Cushing said.

Cushing reported the average weekly benefit during 1973 was $55.46 compared with $53.10 in 1972. However, the total number of payments declined from 1,332,000 in 1972 to 1,247,000 in 1973.

The increase in the average weekly payment resulted from an increase in the maximum weekly benefit amount approved by the 1972 State Legislature. As of July 1973, the maximum was increased from $64 weekly to $85 weekly, Cushing said.

The department also paid unemployment benefits to federal employees and ex-servicemen. Benefits paid under these programs decreased from $9,800,000 in 1972 to $6,000,000 in 1973.

Most employers who contribute to the fund pay a tax rate based upon two factors—their own experience rate i.e., the number of their employees who collect from the fund, and the size of the fund itself. At the present level of the fund, the rate varies from a minimum of 0.9 per cent to a maximum of 5.0 per cent and is paid only on the first $4,800 earned by each employee during a calendar year. Increases in the balance in the fund, can result in reductions in the rate, Cushing said.

In addition to increasing the maximum weekly benefits, the 1973 state legislature also extended unemployment benefits to an additional 150,000 Minnesota workers, mostly employees of political subdivisions.

Political subdivisions included in coverage under the new law which took effect Jan. 1, 1974 are counties, municipalities, townships, school districts and special districts employing approximately 140,000 workers, Commissioner Cushing said.

A special provision was made for public school employees, he expalined. Benefits cannot be paid during the period between two successive school years if the activity for which the wage credits were earned is not normally performed during that period. However, such workers can claim benefits if the individual has involuntarily left or has been indefinitely separated from his employment prior to the end of a school year.

Commissioner Cushing pointed out these seasonal provisions apply only to employees of public schools which are not institutions of higher education.

The other workers covered under the change in the law are some of those working in agriculture and for nonprofit organizations, the commissioner said. The number of workers involved is estimated at about 8,300 and 1,600 respectively.

Agricultural workers covered are those working for agricultural units which employ four or more persons for some portion of a day in each of 20 different weeks.

Nonprofit organizations to which coverage was extended are those employing one or more individuals for some portion of a day in 20 different weeks.

All of these amendments to the law apply after Jan. 1, 1974 and only to wages paid after that date, the commissioner said. Mre than 3,500 employers are affected by the law.

Marshall County Crop Association To Meet Feb. 7

Plans for the annual meeting of the Marshall county crop improvement association are complete, reports Charles Peterson, Marshall county agent. The meeting is to be held in the meeting rooms of the Argyle mall on Thursday, February 7 with all farmers and interested persons invited to attend.

There will again be a county crop show with all exhibits at Argyle being entered at the Winter Shows in Crookston. The show is open to all grains, small and large seeded legumes and small seeded grasses and legumes. Anything that has a class in Crookston can be entered at Argyle.

There will be two classes—open and certified. The crop must have been grown during the 1973 crop year. Each exhibitor can only enter one exhibit per variety, but no limit on kinds of grain or how many varieties can be entered.

For certified classes, certification must be completed and passed on each sample.

Corn enteries will consist of ten ears or two quarts of shelled. All other entries require a two quart sample. Information to be included with each entry is: Exhibitor's name, address, county (for entry at Winter Shows), class (open or certified; certified class needs growers lot no. from certified tag or analysis sheet) and variety.

Ribbons will be awarded to the top three entries in each division. Entries should be delivered to the Mall in Argyle by 9:30 a.m. on February 7. Judging will begin about 10 a.m.

A noon lunch will again be served. The cost of $3 will pay for the noon meal and the 1974 membership dues.

The afternoon program will include Dr. Charles Simkins, extension soils specialist, University of Minnesota; Roy Thompson, extension agronomist, University of Minnesota; and Larry Smith, agronomist, N.W. experiment station Crookston.

The business meeting and election of directors will be held immediately after the educational program.

On Feb. 7, 1959, John Cook and Robert Timm landed a single engine Cessna-172 airplane at Las Vegas, Nev., after remaining aloft for 65 days, an endurance record flight for light airplanes.

SIGN LANGUAGE is one form of communication which can be employed by the deaf and hard of hearing to help them improve their association with other people. Henry Howard (left) and Harry Goddard (right), employed by the vocational rehabilitation section of the Minnesota department of education, use sign language under the watchful eye of Richard Sauer, elementary school principal in Thief River Falls. Howard and Goddard were in Thief River Falls to review the program and potential here and receive information from local members of the special education committee. Hard of hearing students are being given initial emphasis in the total handicapped program in Thief River Falls.

Public Drainage System Meeting In Crookston

Farmers concerned with public drainage systems are advised that one of a series of informational meetings scheduled throughout the state in February is scheduled for Minnesota Tech at Crookston on Thursday at 7:30 p.m.

The informational meeting will describe proposed regulations which require farmers who are farming a drainage district to have proposed drainage projects analyzed for these factors:

(1) Present and anticipated agricultural land availability and use;

(2) Environmental effects, including flooding, water quality, fish and wildlife resources and shallow groundwater availability, distribution and use;

(3) Alternative measures for conserving, allocating and developing drainage waters; and

(4) Economics of the private and public benefits and costs derived from the proposed project.

Proposed projects could be accepted or dismissed, depending on the analysis.

After the informational meetings, a public hearing will be held to hear arguments concerning adoption of the proposed regulations. The hearing is scheduled for Feb. 20, 1974, at the Technical and Vocational Institute, 235 Marshall Ave., St. Paul, beginning at 9 a.m.

At this hearing, interested groups and individuals may submit either oral or written arguments. Statements or briefs may be submitted without appearing at the hearing.

Both the informational meetings and the public hearing are being called by the Minnesota Department of Natural Resources, Division of Waters, Soils and Minerals.

Steve Wilson, district conservationist, and other members of the Pennington soil and water conservation district board plan to attend the Crookston meeting.

You can have a healthier heart if you know the risk factors of heart disease. The major ones are high blood pressure, high blood cholesterol and excessive cigaret smoking. Your Heart Association will tell you how to lower your risk.

Bakke, Iverson Place In MWA Select Group

Modern Woodmen of America representatives Darrell M. Bakke and Conrad G. Iverson, Thief River Falls, earned membership in the fraternal insurance society's leading production club, the President's club, in 1973.

They won places in the select group for exceeding the premium income volume requirement.

Bakke and Iverson are members of Modern Woodmen's northern Minnesota agency, which is led by agency manager Robert Gottenborg, Detroit Lakes.

Midwest Region Conference Held At UMC Feb. 2

Representatives of five area two-year colleges met at the University of Minnesota Technical college, Crookston (UMC), for an area midwest regional conference on English. Barney Selzler, instructor in general education at UMC, is coordinator of the conference.

Schools represented include UMC; Lake Region Junior college, Devils Lake, N.D.; Northland Community college, Thief River Falls; North Dakota state university, Bottineau; and the University of North Dakota, Williston.

Subjects discussed included departmental structures, policies and course offerings; literature; general composition; classroom activities; and curricula for transfer and terminal students.

The conference was suggested by the executive committee of the midwest regional conference on English, for the purpose of focusing on specific subjects and to help coordinate English curricula in two-year colleges.

Farm Meetings Here Wednesday Are Important

Two important educational meetings for farmers and land owners in Pennington county have been scheduled for Wednesday, according to county extension agent Terry Courneya.

A workshop on cash or share rental agreements and production contracts for farmers will be held at 1:30 p.m. in the courthouse meeting room. Extension farm management specialists Bill Penning and Paul Hasbargen will discuss these topics of special importance because of major changes in production costs and market prices.

Another meeting of special interest to grain producers is scheduled for 8 p.m. Wednesday in the courthouse meeting room. Research scientists Bob Heiner and Dick Rasmussen from the University of Minnesota agronomy department will report on the wheat and barley breeding program which is of special significance to grain producers in this area. Their comments will provide farmers with a look ahead at what's new or to be expected in new varieties of wheat and barley, Courneya said.

On Feb. 11, 1929, Miss Evelyn Trout set a women's solo flight endurance record by staying aloft 17 hours 5 minutes.

Women Invited To Meeting On Trying College

Meeting for women interested in attempting college will be held at Northland community college on February 13 at 1:30 p.m. in room B37.

Purpose of this informal meeting is to reach women who have had thoughts about enrolling in a college course or courses, but because of fear and misunderstanding have delayed a final decision to try college.

The number of adult women on the Northland campus has been increasing each quarter and it was from this group that the interest was generated to hold a meeting to see if other women in the area wouldn't be interested in trying college.

At the meeting on February 13, women students, faculty and staff of Northland college will meet and visit with women who are interested in trying college. Discussion items on the agenda will be (1) enrolling in courses for credit or non-credit; (2) taking courses for just self-improvement or enrichment; (3) performance of older students in the classroom; (4) overcoming fears of attempting college; and (5) service available at Northland to aid women students *wishing* to enroll. Other discussions will follow as questions arise from the women in attendance.

Through this informal meeting, Northland hopes to encourage more women to try college and participate in the process of lifelong learning, according to Willard Kottke, dean of instruction.

Aune Receives Second Place Debate Honors

James Aune, a junior at St. Olaf college and son of Mr. and Mrs. Arnt Aune of Thief River Falls, was one of two members of the St. Olaf debate team who won second place honors in the varsity debate division at a recent tournament in LaCrosse, Wis. The other second place winner, Richard Osborne, is a sophomore from St. Paul.

St. Olaf debate team had a 5 to 1 win-loss record in the preliminary rounds, defeated the University of Minnesota in the quarter-finals, defeated the University of North Dakota in the semi-finals, then lost to Northwest Missouri state college in the finals.

The LaCrosse tournament was attended by 30 schools from a nine-state area.

Nordvall Named To Leader Club

Carl Nordvall, Thief River Falls, district representative for Lutheran Brotherhood, has qualified for the 1973 Leaders club, one of the top sales honors of the Minneapolis-based fraternal insurance society.

Nordvall qualified on the basis of the amount of life and health insurance provided for Lutherans in his area, in addition to other insurance plans and services.

Sen. Fitzsimons Gives Testimony For Reciprocity

Senator Richard Fitzsimmons of Warren presented testimony on behalf of tuition reciprocity at a meeting of the sub-committee on higher education at North Dakota state university in Fargo on January 30.

Purpose of the meeting was to discuss the proposal for reciprocity of tuition at the collegiate and technical school level with the states of North Dakota and Minnesota. Minnesota adopted a law in 1967 allowing reciprocity with any *neighboring state and Wisconsin* has entered into a contract with Minnesota.

Senator Fitzsimons, in his remarks to the committee, outlined the long history of requests by northwest Minnesota people for resident tuition status at North Dakota colleges. He indicated the ever growing need and desire by people in northwest Minnesota for resident status, as well as northeast North Dakota students to attend northwest Minnesota institutions of higher learning on a resident tuition status. Senator Fitzsimons made a strong plea for their endorsement of the concept at the next session of the North Dakota legislature.

Attending the meeting were nearly all of the college presidents in North Dakota, members of the college board, North Dakota legislators and many other interested groups. Senator Roger Moe, Ada; Senator Douglas Sillers, Moorhead; and Representative William Kelly, East Grand Frrks were also in attendance.

Debra Ann Voth Enrolls At MSC

Debra Ann Voth, a senior at Marshall county central school, was recently accepted as a freshman next fall at Moorhead state college. Debra is the daughter of Mr. and Mrs. Frederick Voth, rural Thief River Falls.

DFL Will Hold Conference For Women Feb. 8-10

DFL Party will hold a special campaign techniques conference for women Friday through Sunday at the Radisson hotel in downtown Minneapolis. The conference will be a "nuts and bolts" three-day presentation on campaigning directed by Mike Berman, Minneapolis, according to DFL associate chairperson Ruth Cain.

"This conference is part of a major effort by the DFL to improve women's status in the party by strengthening their campaign ability", she said. She added the seminars will be valuable for women campaign workers, managers and prospective candidates.

The conference will begin on Friday evening, February 8 and continue through the afternoon of Sunday, February 10. Five seminars are going to be held.

Organizing the event are Carol Kummer, Minneapolis and Alice Keller, Winona. The registration fee is $15, which includes meals. For more information, interested DFL'ers should contact the state DFL office, 730 E. 38th St., Minneapolis, Minnesota, 55407, 612-827-5421.

State Insurance Investigator Here Thursday

A.E Isberner, insurance investigator for the state of Minnesota will be in Thief River Falls at the Minnesota Employment Security office between the hours of 1:30 and 4 p.m., Thursday, February 7. He will be available to handle complaints for people of the community, against insurance companies, agents or other problems they may have relating to insurance. His services are offered free of charge by the Minnesota Insurance Department

On Feb. 19, 1934, by Presidential order, the Army Air Corps started flying domestic airmail.

New Ag Inspector Training Program Is Announced

Initiation of a new recruitment and training program to qualify candidates for state agricultural field inspectors was announced recently by the Minnesota department of agriculture.

Assistant commissioner William Walker said the purpose of the program is to establish and maintan a list of the best qualified candidates to fill current and future vacancies in the inspection staff that has major consumer protection responsibilities. The initial training class will be started this spring.

Applicants will be selected for the training program through oral interviews. Criteria will include the applicant's capacity to accept training and instructions and the ability to meet physical requirements of the field inspection duties.

Those selected for training will be given intensive on-the-job instruction that will prepare applicants for the civil service examiniation required to establish eligibility for state employment. Minnesota is an equal opportunity employer.

Consumer protection responsibilities of the Agriculture department implemented by its inspection staff include assuring compliance with state and federal standards for fruits and vegetables, seed potatoes, meats, poultry, fish, eggs, milk and milk products, poultry stock, livestock feeds, fertilizers, seeds, pesticides, economic poisons, weed control, apiaries, nurseries, crop and forest pest control, antifreeze and hazardous substances.

Applications will be accepted on a continuing basis but applicants for taining will be selected as needed to fill vacant inspection positions. Applications should be mailed to Minnesota Department of Agriculture, 420 State Office Building, St. Paul, Minneson 55155.

FFA To Accept Citrus Orders

Thief River Falls Future Farmers of America will continue to take orders for citrus fruits and apples through Wednesday of this week, according to Ed Duke, advisor to the chapter.

McLeod Leaves Dairy Day Post After 24 Years

(Continued from Page 1)

It was noted that a number of dairy entries countinues to hold up well (about 180 entered last year) but that dairy families are entering more animals per family each year. In addition, the number of contributing creameries has shrunk from 45 in 1919—the association's 10th anniversary—to only two last year.

County extension agents, who work to arrange for entries from their respective counties each year, were enthusiastic in their support of Northwest Dairy day. It provides a program of instruction and experience for 4-H club members with dairy projects and for many of them is a highlight of their project experience.

The dairy princess contest was also reviewed and will be held again this year, although decreased emphasis has been placed on the Minnesota Princess Kay program by American Dairy association of Minnesota. Location of the show was also discussed with revived interest shown in having the event held in the downtown area again.

Martin Ellingson of Fosston was appointed to serve as chairman of the young dairyman award program with the 1973 winner and Stuart McLeod to assist in judging the entries. Harley Shurson of McIntosh was again asked to serve as master of ceremonies during the day. Rudy Mehlhoff will repeat as chairman of the princess contest.

Potential diary judges were suggested and contacts were to be made. Awards program is to continue as in previous years with participation awards and special recognition for grand champion of the show, best uddered cow, showmanship and junior showmanship, dairy herd and county herd.

The assocation will meet again prior to dairy day to make futher decisions and arrangements.

Area Farmers Are Featured In Magazine

(Continued from Page 1)

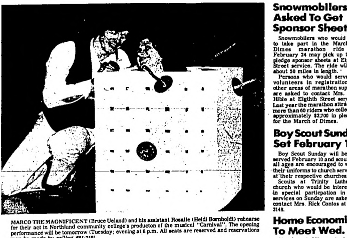
How are those projections working out? In his cash flow statement Erickson had calculated on an annual net of $359 per cow based on three-year averages. This was a conservative figure to allow for any unforeseen problems. Actually he's doing better than that on more cows—probably $520 per cow, Spengler estimates. He says the books show Erickson's gross is almost four times what it was in 1965. This young dairyman keeps his costs low by raising most of his own feed. His expense for labor has been reduced by the convenience of the new barn—he hires students for part-time work.

Still, this dairyman is trying to beat his own par. He is adding more cows and working to increase milk production to 15,000 lbs. per cow with 600 lbs. of butterfat. He evaluates every cow with DHI records and tries to match the right bull to the right cow with the help of the Midwest Breeders Co-operative.

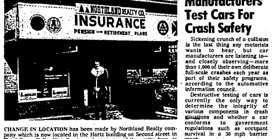
If you build a financial cushion into your long-range budget, you'll rest a lot easier. This is the seasoned view of Harvey Troska of Pennington County, Minn., who has been projecting cash flow since he pioneered in an area Vo-Ag farm management course in 1955. Troska feels the need of a safety factor because he and his wife Betty have eight children. Also "with our kinds of unpredictable weather, you have to be conservative. An occasional crop failure gives me a big headache and my banker one, too." He updates his cash flow statement every month—considers it a kind of "early warning system."

What does Troska mean by "conservative"? He means estimating returns from wheat at $2.50 per bu. instead of $4; or figuring hogs at $36 instead of $50. He means expanding step by step and dollar by dollar. For instance: When Troska changed his enterprises in 1968, he tried to foresee what the physical layout might be 10 to 15 years ahead—actually drew up plans to scale. He located his silo, pole barn, bunks, sheds and paved slabs, knowing exactly where he could add other facilities if later he decided to feed more cattle, background more dairy animals, sell more feeder pigs or finish to market weight—depending on his supplies of feed and price situation.

"A lot of farmers don't realize how flexible their cash flow plans can be—even the long-range ones. You can learn to think five years ahead. That's the reason I love this racket—because it's a challenge," Troska says, thumping the kitchen table for emphasis. His wife passes the cookies again.



MARCO THE MAGNIFICENT (Bruce Ueland) and his assistant Rosalie (Heidi Bornholdt) rehearse for their act in Northland community college's producton of the musical "Carnival". The opening performance will be tomorrow (Tuesday; evening at 8 p.m. All seats are reserved and reservations may be made by calling 681-2181.



CHANGE IN LOCATION has been made by Northland Realty company which is now located in the Hartz building on Second street in Thief River Falls. Wes Oppegaard, manager of the realty firm, is pictured in front of the new office area.

Ode And Lund Get Bonus For Finish In '500'

(Continued from Page 1)

issue is still far from settled as possible legal action is pending on the matter. Many of the disqualified drivers still feel they are victims of discrimination by the race officials.

Ode told the Times that he needed remarkably few repairs on his machine during the bruising ride. Entries were restricted to stock machines with engines of 300cc or less this year for the first time—the kind that can be purchased out of a dealer's showroom. Ode said he changed fouled spark plugs the first day, changed his fan on the skid frame every day, replaced blown wheels after the second day and replaced the track after the second day.

In five years of running the International 500, Ode's previous high placing was eighth two years ago. Lund has run the race seven times, finishing four times and placing 10th the first year for his best previous finish.

Although the second day of racing was the longest of the three, both drivers agreed that the final day from East Grand Forks to Winnipeg was the roughest. Six of the top 10 machines were Arctic Cats with Ode and Lund being the only two Arctic factory-sponsored drivers to finish in the top 10.

Arctic Reports Third Quarter Operations Loss

(Continued from Page 1)

that shipments during the first part of January were also behind prior year levels. He noted that, while dealers seem to be wary about ordering new models due to publicity about the fuel shortage, consumers have been turning out in large numbers at major boat shows around the country.

Penn disclosed that nominal production would occur at the company's snowmobile facilities during the fourth quarter and the company expected a loss for this period. Based upon the present outlook, he estimated this loss could approximate last year's fourth quarter loss of $1.1 million.

Penn added that about 50 salaried employees were terminated in mid-December to reduce fixed overhead and cut operating costs. He said Arctic is making efforts to obtain fabrication and assembly orders from several companies in order to utilize available manpower and plant capacities.

On Feb. 18, 1921, the first emergency parachute escape from a U.S. plane was made by an Airmail pilot at 800 feet when his DH-4 lost its propeller and began to dive and spin.

Thief River Falls, Minn.

Manufacturers Test Cars For Crash Safety

Sickening crunch of a collision is the last thing any motorists wants to hear, but car manufacturers are listening to—and closely observing—more than 1,000 of their own deliberate full-scale crashes each year as part of their safety programs, according to the automotive information council.

Destructive testing of cars is currently the only way to determine the integrity of various components in crash situations and whether a car conforms to government regulations such as occupant survival in a 30 mph barrier crash.

Manufacurers are developing a system which records all the variables and data obtained from a crash and stores it in a computer. Ultimately, the computer will be programmed to simulate "crashes" between a variety of cars under different conditions of speed, angle of impact, etc.

Test-crashing is an integral part of the industry's experimental safety vehicle (ESV) program—a giant research project which former secretary of transportation John Volpe referred to as "a combination of engineering skills and talent aligned against the common foe of death and destruction on the highways."

One objective of the ESV program is to build a car in which the occupants will survive a 50 mph collision. The ESV's are slammed into concrete barriers while, inside the car, dummies, equipped with sophisticated measuring devices, record the forces that would be exerted on human occupants.

One difference between the ESV's and a production car is price. The ESV's are prototype machines, each costing $250,000. The industry has demolished over a score of them in its testing program.

Some safety benefits made available to motorists as a result of crash testing include the following:

Front ends that "accordion" to absorb the tremendous energy of the crash intead of it being transmitted to the occupants in all models since 1966.

Steering wheels designed to crumple under heavy loads and cushion the driver.

Windshields that flex as much as six to eight inches and work like a net to keep occupants in the car where their chances of survival are greater.

Stronger seat tracks, door latches and striker plates to keep doors shut and seats on the tracks.

And last but not least—the greatest lifesavers of all (when used)—seat belts and shoulder harnesses.

Save Tires-Save Gas

Let us give your car a wheel alignment and balance. You'll get more gas economy and your tires will last longer. Plus you'll be driving a safer car.

Snowmobilers Asked To Get Sponsor Sheets

Snowmobilers who would like to take part in the March of Dimes marathon ride on February 24 may pick up their pledge sponsor sheets at Eighth Street service. The ride will be about 50 miles in length.

Persons who would serve as volunteers in registration or other areas of marathon support are asked to contact Mrs. Ben Hible at Eighth Street service. Last year the marathon attracted more than 60 riders who collected approximately $2,700 in pledges for the March of Dimes.

Boy Scout Sunday Set February 10

Boy Scout Sunday will be observed February 10 and scouts of all ages are encouraged to wear their uniforms to church services at their respective churches.

Scouts at Trinity Lutheran church who would be interested in special participation in the services on Sunday are asked to contact Mrs. Rick Contos at 681-3148.

Home Economists To Meet Wed.

Northwest Minnesota home economist in home making will meet at 8 p.m. Wednesday at the home of Mrs. Melvine Dagg at 324 North Maple avenue in Thief River Falls. Mrs. Linda Skaja will be the cohostess. Mrs. Dagg will present a program concerning nutrition for children. All area home economists are invited to attend.

Correction

In the students on the dean's list at Moorhead state college for fall quarter, Thomas Hanson, son of Mr. and Mrs. Lamar Hanson had been omitted from the list. He also received honors with a grade point average of 3.25 (B plus) or better while carrying 14 credit hours or more.

Russell Elofson Formerly Of TRF, Dies In G. Forks

Russell W. Elofson, 67, of 901 South 12th Street, Grand Forks, N.D., and formerly of this city, died Saturday at a Grand Forks hospital.

Funeral services for Russell Elofson will be held Wednesday at 2 p.m., at the Hanson-Anderson Mortuary in Grand Forks.

Russell W. Elofson was born May 10, 1906 in Thief River Falls to William and Bessie Elofson. He was married in Minneapolis on Dec. 31, 1934 to Joanne Whitzel.

Elofson was a jeweler and worked for his brother Harold, both at Powers Jewelry store in Minneapolis and Elofson's Jewelry in Thief River Falls. Since 1946, he had lived in Grand Forks where he was in partnership with his brother Forest in the Elofson Jewelry store.

He is survived by his wife, one daughter, Mrs. William (Marilyn) Thibeault of Midland, Mich.; a son, Major Richard Elofson with the U.S. Army, residing in Altadena, Calif.; and four grandchildren.

Also his mother, Mrs. Bessie Elofson of this city, a brother, Forest of Grand Forks; and a sister, Mrs. Wayne (Gladys) Rayppy of this city.

He was preceded in death by his father and brother, Harold.

Alfred Larson, 82, Newfolden Farmer, Dies

Alfred S. Larson, 82, a longtime resident of the Newfolden community, died Wednesday at his home in New Maine township, Marshall county.

Funeral services for Alfred S. Larson were held Saturday at 2 p.m., at the Evangelical Free church in Newfolden. Mrs. Larry Bjorsness was the organist and Mr. and Mrs. Oscar Amundson sang. The Green Funeral home was in charge of arrangements. Interment will be in the Opdahl cemetery.

Pallbearers were Richard Larson, Arnold Larson, Stanley Larson, Lester Larson, Warren Robison and Otis Robison.

Military honors were accorded by the American Legion Post of Newfolden.

Sam Alfred Larson, a son of the late Mr. and Mrs. Lars Larson, was born Jan. 4, 1892 at Hetland, S.D. At the age of seven years, he moved with his parents to Marshall county where they settled on a farm in New Maine township.

Larson was a veteran and served overseas during World War I. Following his discharge, he returned to the Newfolden community where he lived and farmed until his death.

He was united in marriage to Gina Haugen of Newfolden. She survives together with two sons: Melvin and Lloyd Larson, both of Newfolden; a daughter: Mrs. Della Rasier of Crosby, 11 grandchildren, eight great-grandchildren, and one brother, Albert Larson of Newfolden.

He was preceded in death by three brothers and four sisters.

George Thibert, Businessman At RLF, Dies

Gerorge Thibert, 71, owner and operator of Thibert Chevrolet and Buick garage at Red Lake Falls, died unexpectedly Wednesday while fishing at Maple Lake, near Mentor.

Liturgy of the funeral for George Thibert was offered Saturday at 11 a.m., from St. Joseph's Catholic church in Red Lake Falls. Officiating were Rev. Gerald Noesen, Msgr. Victor Cardin and Rev. Stanley Bourassa. Interment will be in the church cemetery with the Petterson Funeral home in charge of arrangements.

George Thibert, a son of the late Raymond and Anne Prenevost Thibert, was born Nov. 23, 1902 in Terrebonne. He was united in marriage to Agnes LaBonte at Crookston on Oct. 5, 1925. After their marriage, the couple lived at Crookston. In 1935, they moved to Plummer where he operated a garage. Since 1940, they have resided at Red Lake Falls where he owned and opeated a garage.

Thibert served on the Red Lake Falls city council for a number of terms, had been a member of St. John's hospital board since its beginning and was a member of the Crookston Elks lodge.

Survivors include his wife, four sons: Bern, Roger, Dwight and Jerry, all of Red Lake Falls; one daughter, Mrs. Harold (Nancy Lee) Lallaise of Anoka, and 15 grandchildren.

Also two brothers: Joe Thiebert of Brooks and Maurice of Portland, Ore., and four sisters: Mrs. Rose Page of Brooks, Mrs. Mae Parenteau and Mrs. Georgiana Fournier, both of Red Lake Falls, and Mrs. Aristid (Agnes) Cote of Oklee.

He was preceded in death by three brothers.

Pallbearers For Roy Pederson

List of pallbearers for Chief of Police Roy Pederson was not complete at the time that the paper went to press Wednesday.

Serving as active pallbearers at the funeral services Friday at Zion Lutheran church were Elroy Frolland, Fred Dablow, Walter Morehouse, Dennis Bakke, James Bennes and Clark Hendrickson.

Honorary pallbearers were members of the Thief River Falls Police department and the Veterans of Foreign Wars Soft Ball Team. Northwestern area Peace Officers formed the Honor Guard. The Green Funeral home was in charge of arrangements.

Equitable Gives 7 Scholarships

Kathryn Olson

Karla Eveland

Mervin Eriksson

Eric Furuseth

Nicky Kloubec

David Erickson

Assembly 300 of Equitable Reserve association has announced the awarding of seven scholarships to area young people for the school year 1973-74. Scholarships were in the amount of $100 each, according to Paul Furuseth, agency manager for the association.

The following students were recipients:

Kathryn D. Olson, daughter of Mr. and Mrs. Gordon Olson of route 1, Thief River Falls, is a 1973 graduate of Lincoln high school and is at the present time attending Northland community college. While in high school, Kathy was active in speech, drama, orchestra, pep club and 4-H club.

Mervin O. Eriksson, son of Mr. and Mrs. Algot Eriksson of Thief River Falls, was a 1971 graduate of Lincoln high school. While in high school he was active in football, hockey, track, Letterman's club, Christian Fellowship, Latin and German clubs. Mervin is now a junior at the University of North Dakota where he is majoring in civil engineering. He is a member of Campus Crusade for Christ and Phi Eta Sigma fraternity.

Nicky Kloubec Almquist, Moorhead, is a senior at the University of North Dakota, Grand Forks. She is majoring in elementary education and is a member of Pi Lambda, women's education honor sorority. Nicky is the daughter of Mr. and Mrs. Robert Kloubec, former residents of Thief River Falls. She graduated from Lincoln high school in 1969, and attended Northland community college where she was chosen a member of "Who's Who Among Students in American Junior Colleges".

Karla Jean Eveland, Newfolden, is a freshman at Trinity college in Deerfield, Ill. She is the daughter of Rev. and Mrs. Earl Eveland, and a graduate of Marshall county central high school. While in high school she was a member of FHA, band, chorus, GRA, pep club, editor of the school paper, drama, speech, language club, National Honor society, Girls' State representative and was active in church work.

David A. Erickson, son of Mrs. Larry Voytilla of rural Warren, is attending the Northwest area vocational-technical institute in the auto machanics department. He graduated from Argyle high school in 1973 and was a member of the Letterman's club and 4-H club.

Eric Paul Furuseth, son of Mr. and Mrs. Norman Furuseth, Stuttgart, Germany, graduated from Stuttgart American high school in 1973 where he worked on the school newspaper for four years, played football, baseball, soccer and participated in band and Madrigal Singers. He was in the church choir and Protestant youth of the chapel. Eric is attending Williston state college, Williston, N.D.

Colleen Ann Swenson, Lancaster, is attending Moorhead state college as a sophmore majoring in music. She is a member of Inter Varsity Christian fellowship, women's choir and varsity choir. At the Lancaster high school she was involved in cheerleading, F.H.A., chorus and triple trio.

Gov. Anderson Reviews Possible European Trade

Gov. Wendell R. Anderson recently talked with a German industrial representative by international long distance telephone hookup about the prospects for expanded international trade and reverse investment for Minnesota business and industry.

Governor Anderson asked Hans Schetelig, assistant general manager of the American chamber of commerce in Germany at Frankfurt if the timing and opportunities were "right" for a Minnesota international trade and investment mission or other direct representation by economic development officials this year. Schetelig said that he felt that "prospects were good and thay many Germany companies would be looking to the United States as a place for potential expansion."

Germany is already represented in Minnesota in terms of international investment projects. In 1956, the MIAG Corp. of Braunschweig, Germany, began operations in Minneapolis manufacturing grain milling, brewery, bulk material handling equipment as well as stackers and reclaimers for the cement industry. MIAG was acquired by the Swiss company, the Buhler Corp., in 1972. The company's Minnesota subsidiary, Buhler-MIAG, is now located on Wayzata Blvd. in Minneapolis. Minnesota has other international investment projects representing the countries of Canada, Japan, Sweden, Switzerland and France.

Last year Minnesota's international trade was expected to reach the $1 billion level for the first time according to a recent survey conducted by the Department of Economic Development. The survey revealed that Germany received 23 per cent of Minnesota's exported products and that 164 Minnesota companies had markets there for their products.

Governor Anderson also asked Schetelig about the potential of placing an economic development office in Germany to promote reverse investment opportunities and to develop international trade leads for Minnesota-based companies. He said that he would ask Economic Development Commissioner James R. Heltzer to investigate further these possibilities.

The telephone conversation between the Governor and Schetelig also inaugurated Northwestern Bell's international direct distance dialing (IDDD). According to Bruce G. Schwartz, chief executive officer of Northwestern Bell's Minnesota operation, who joined Governor Anderson for the call, IDDD is "now available to approximately 94,500 telephone customers in the Twin Cities metropolitan area. This new service will be available later this year in Duluth and Rochester.

The service allows those using telephones served by electronic switching systems to dial directly to 18 overseas countries without the assistance of an operator."

REHEARSING for tomorrow (Tuesday) night's opening of the musical "Carnival" are Deb Penning who plays the lead role of Lili and Mike Engen as Paul Berthaley the puppeteer. The Northland community college production will be presented at 8 p.m. performances tomorrow through Saturday and at 2 p.m. Sunday at the college theater. The musical will also be presented at 8 p.m. February 14 in the Roseau high school auditorium. In the scene pictured, Lili sings of her thoughts about Paul who is in another part of the circus at the time.

People's Art Festival At BSC February 24th

Second annual "People's Art Festival" will be held at Bemidji State college February 24.

With a format similar to that of the first festival—including artists presenting demonstrations and exhibits, performances by college and community musical and drama groups, and crafts and artworks—the second annual event will be open to both participants and spectators at no cost.

Dave Pedersen, coordinator of the fair, indicates that dozens of requests have already been received from possible participants and that the fair promises to be much larger and more interesting than last year's event.

"This year, the performances will be concentrated into two or three half our performances several hours apart," Pedersen explains. "That is slightly different from last year, when groups of performers played throughout the entire event."

Two floors of the Hobson Memorial union will be utilized this year, whereas last year the Hobson Union ballroom contained the entire fair.

"We're really quite excited about the early response we've had for this art fair," Pedersen says. "It could be the largest exhibition of this type ever for northern Minnesota."

Art forms represented at the festival last year included watercolor, oil, pottery, macrame, slides, photogrphy, prints, bronze castings, jewelry, weaving, embroidery, dolls, also woodcarving, candlemaking, antiques, knitting, miniatures, bendwork, fabrics, decoupage, leatherwork, sculpture and slate and wood carvings.

Sunday schedule for the festival should mean that many from outside the immediate Bemidji area will be able to particpate," Pedersen points out. "We encourage any art or performing group, to contact us at Hobson Union as early as possible to insure being included as particpants. And we especially invite everyone who is not a participant to attend the festival and observe the variety of arts and crafts that are being produced in north and central Minnesota."

Business Day To Be Held At UMC On February 6

High school juniors and seniors from throughout the area have been invited to attend the fourth annual business activities day, to be held Wednesday, February 6 in Dowell hall on the University of Minnesota technical college (UMC) campus. UMC's business division sponsors the event.

Registration will begin at nine a.m., followed by campus tours. Contests will be held at 10:30 and 11:30 a.m., with competition in typing, shorthand theory, shorthand transcription, business math, bookkeeping, business managment decision making problem, data processing, alphabetical filing and fashion merchandising.

Plaques will be awarded to first and second place winners, with certificates given for honorable mention.

Visitors will be guests of the college at lunch, and at 1:30 p.m. a fashion show by UMC fashion merchandising majors will be presented in Kiehle auditorium.

Displays from the other divisions at UMC will be set up in Dowell hall, and a variety of campus organizations will also have displays.

Last year, business activities day brought over 400 students from area high schools to UMC to participate in the events.

Nation Needs Railroads For Freight Traffic

"Anyone who follows the affairs of the nation's railroads knows there is always a big fight over any proposal to abandon service on a particular line. Urban transit companies and airlines have the same problem," says Arch Booth vice president of the Chamber of Commerce of the United States.

"As you can imagine, the collapse of the Penn Central raised the prospect of numerous abandonments, and a corresponding amount of dust.

"Recently, the administrator of the federal railroad administration, John W. Ingram, decided to personally inspect a few of the branch lines Penn Central wanted to drop. He picked—the—Eastern Shore of Maryland to examine.

"At first, he says, he was unable even to find the line he sought. Later, he returned with more detailed maps and a surveyor. His report is fascinating:

"We found that branch line, all right. At one place it was directly under a junk yard full of wrecked cars. At another point the highway department had covered the tracks with at least eight inches of pavement. And just off the road we found a six-inch-wide tree growing between the rails. That line had been completely forgotten, yet grown men were arguing before the Interstate Commerce commission that that stretch of track was vital to the nation's economy.

"For people who like to search for villains, the cast of the foregoing tragi-comedy could be numbered in the thousands: Small-town politicians, railroad management, railroad unions, Congress, regulatory agencies—like the ICC—that go on blindly doing what they were set up to do, even though changed conditions make it no longer appropriate; and finally, our modern American penchant for protesting practically anything a corporation proposes.

"In the case of the Northeast rail system, these "villains" now have a chance to redeem themselves," Booth adds.

"It has been estimated that complete cessation of rail service over the former Penn Central lines and those of several other bankrupt Northeastern railroads would cause a four per cent drop in the gross national product—the value of all the goods and services we produce in a year. Such a drop would translate into hundreds, perhaps thousands, of bankruptcies and hundreds of thousands of lost jobs. Unthinkable.

"So last year Congress established a quasi-governmental organization, the U.S. Railway association, to sift through the ashes of the bankrupts and put together what valuable pieces remain into a new, private "Consolidated Rail Corporation."

"Congress has provided $558 million to keep the freight moving in the meantime. Congress has also made $1 billion available to be loaned to the new company, plus another $500 million to be used for improving rail passenger service in the Northeast corridor.

"If all goes well, the new corporation will be able to operate at a profit, attracting private capital, and needing no further subsidies from the taxpayer. But that will depend largely on how many of the old albatrosses are hung around its neck," Booth said.

"Both the ICC and the department of transportation are supposed to study the question of what lines and services to retain in this region. Ultimately, Congress will make the final decision, based on their recommendations transmitted through the U.S.R.A.

"If the new company is not allowed to streamline its route system, it will be no better off than the old Penn Central.

"That would be bad for the country, especially in these energy-short times. Based on actual operating experience, railroads haul about four times more ton-miles of freight per gallon of fuel than highway transportation. This same energy efficiency makes them the least polluting of all carriers.

"Finally, the railroads haul 70 per cent of the coal used domestically, and coal is our ace-in-the-hole in the energy crisis.

"Fortunately, the railroads are alive and well just about everywhere but the Northeast. The industry set ton-mile records in 1972 and 1973, and expects to do still better in 1974, due largely to an anticipated increase in coal traffic," Booth reports.

ON DUTY in Korea following leave at home and reporting to Travis air force base is PFC Stephen Drury, son of Mr. and Mrs. John Drury of St. Hilaire. He is a 1973 graduate of Lincoln high school and enlisted in the army's delayed entry program in April of last year and entered service in August. PFC Drury completed basic training at Ft. Leonard Wood, Mo., and was trained as a unit and organization supply specialist and armorer at Fort Lee, Va. He successfully completed that course November 29.

Artists Being Sought For '74 Courage Cards

Minnesota artists who are willing to share their talents are being sought for the 1974 Courage cards, benefitting the Minnesota society for crippled children and adults, inc. (MISCCA) and its courage services. Now in its fifth year, the Courage cards, full-color reproductions of the artist's work, have proved enormously successful, bringing in donations of over $44,000 this past Christmas season.

Proceeds from the cards are used to operate and expand services to the handicapped such as Camp Couage, day camps, curative treatment and therapy for children and adults, a preschool for very young disabled children, equipment loan statewide, recreational programs such as wheel chair square dancing and sports, employment and career training, Handi-ham amateur radio, and many others.

While the artist donates the use of his work, he benefits from the recognition received through widespread use of the cards, and through his being chosen as one of the Courage artists. Anyone interested in submitting artwork to be considered for Couage Cards can contact Pat Konrad at Courage Center, 3915 Golden Valley Road, Golden Valley, Minnesota, phone 588-0811. Information will be sent upon request. The deadline for submitting work is April 1, 1974.

Sanders . . .

Mrs. Norman Peterson, Rt. 5, City, 681-2230

The Homemakers met Thursday afternoon at the Mrs. Herbert Swenson home. Attending were Mrs. Don Dyrdal, Mrs. Marvin Mehrkens, Mrs. Jesse Bakke, Mrs. Vernon Anderson, Mrs. Ed Timm, Mrs. Myles Koop, Mrs. Rudy Martinson, Mrs. D. Green and Mrs. Martha Swenson.

Birthday

Visitors Sunday evening the Roger Peterson home to help Todd celebrate his seventh birthday were Mr. and Mrs. Clifford Vigness, Mr. and Mrs. Hans Anton, Terry Wold and Mr. and Mrs. Norman Peterson.

Tuesday afternoon Mrs. Martha Swenson and Mrs. Herbert Swenson visited with Mrs. Anna Swenson at Northwestern hospital and brought her birthday greetings on her 90th birthday. Wednesday Mrs. Vernon Anderson brought birthday wishes to Mrs. Anna Swenson.

Weekend guests of the Norman Petersons were Miss Gail Rosenberg of Colfax, Wisc. and Mr. and Mrs. Ralph Peterson and Brent of Portland, N.D. Also dinner guests on Saturday were Mr. and Mrs. Roger Peterson and Todd and Troy.

Mrs. Verna Carlson is a patient at St. Michaels hospital in Grand Forks.

Mr. and Mrs. Harlan Halvorson, Jeffrey and Janine of Newfolden visited Sunday afternoon at the Roger Peterson home.

Tim Wold on leave from the Navy visited Saturday at the Norman Peterson home.

VALHALL . . .

Mr. and Mrs. Chuck Carlson and sons visited at Tim Brellands Tuesday evening.

REINER . . .

Friday Mrs. Kenneth Parnham and Jill visited at the James Wells home.

Thought For The Day

In the life of each one of us there are dull moments. An old hillbilly song has a refrain which runs, "Life gets tedious, don't it?" And we will have to agree there are times when life is a bit monotonous and unexciting. But this needn't be the general theme of anyone's life. Just being alive is exciting! At least it beats the option all to pieces.

As one of God's children, I have the greatest God, live in the best world, participate in the miracle of life, am surrounded by the love of Christ in other people—and the best is yet to come! A few bad moments, now and then, can't possibly change the major chord of our praise. *Why not join me in about forty*-nine stanzas of "Now Thank We All Our God!"

—Pastor Berton R. Hushagen
Trinity Lutheran Church

Fixation On Watergate

Before President Richard Nixon concluded his state of the union address Wednesday night, he commented on the situation surrounding the much-publicized Watergate incidents. He promised his cooperation—insofar as it could be given without weakening the office of the President of the United States—and expressed the opinion that one year of Watergate was enough. Furthermore, he said he was elected to do a job and intended to keep at it for the full term to which he was elected.

The Watergate commentary was only a small part of the total address, much of which dwelt on the importance of maintaining world peace and reestablishing economic and social stability in the nation as we attend to our own problems. He again offered a plea for unity between the legislative and executive branches in accomplishing what may be necessary to improve the lot of the American people.

But the television review which we suffered through-narrated by Roger Mudd—was directed principally at the Watergate issue. In spite of attempts by Dan Rather and Eric Sevareid to talk about other parts of the speech, Mudd doggedly returned the topic to Watergate comments. He ventured the opinion that the Senators and Representatives came to hear the President talk about Watergate and simply waited for those remarks through the rest of the speech.

If Mudd was correct—and we have no precedent to indicate he might be—then the nation's elected lawmakers are even less worthy of their positions than we often think them to be. One would naturally expect a state of the union address to be political in nature....they always have been....but an astute legislator would listen and evaluate and consider what is being said.

We are more inclined to believe that Mudd has a fixation on Watergate to the exclusion of considering other more important matters. He was waiting for Presidential comments and assumed all others shared his narrow interest.

With a commentator like Mudd telling us what the President told us, it is perhaps significant that sponsors of the analysis were buffered aspirin and air freshener.

They Killed The Bill

Although we haven't seen or heard the expression used this time, the Minnesota legislature again shot down the gun control bill regularly pushed by Attorney General Warren Spannaus in legislative session. Soundly defeated Wednesday, the bill is considered to be dead for the remainder of this session.

Don't put it past the Spannaus forces to attempt to attach the provisions of the bill as a rider to omnibus legislation late in the session, however. Stranger things have happened in Minnesota politics before and the Attorney General is persistent in his misguided attempt to reduce crime in the state, if that is really his motive.

For now, however...again...the issue has been laid to rest in the halls of the legislature. Vigilance and eloquence of the organized sportsmen of the state have again been shown effective in preventing bad legislation from becoming bad law.

There are still a lot of session days remaining and it will be wise for sportsmen to remain on guard against further possible attempts to legislate unnecessary controls.

We Had Better Learn

Following comments appeared in the Industrial News Review:

Although there had been constant warnings, extending over a period of many years, regarding the danger of becoming overdependent on the Middle East for meeting U.S. petroleum needs, no one was quite prepared for the Arabian oil export embargo. This kind of international "blackmail" was something new in the American experience.

The question now is, will this country learn its lesson? Today there are those warning against the dangers of complacency in U.S. dealings with Russia. One of these warnings has come from Mr. Anthony Harrigan of the United States Industrial Council, a writer and lecturer of national prominence. Mr. Harrigan declares that, "The Soviet Union clearly regards detente as a tactical maneuver, as an opportunity to gain American technological knowhow (especially computer technology), to strengthen the USSR's industrial base through American expertise and credits, to gain access to necessary foodstuffs that the inadequate Soviet agricultural system cannot produce, and to attain complete military superiority. By 1980, if not earlier, the Soviets will have achieved what they want under detente, and then will begin to apply severe pressure on the United States.

The U.S. let its guard down on energy and is paying the price. If it is not firm in negotiations with the USSR, the price exacted in terms of national security will be far higher.

Grassroots Opinion

"Industrial New Review" periodically publishes selected items from the nation's press on items of current interest. Some of the comments in a recent mailing include the following:

ROSHOLT, S. D., REVIEW: "Now that no American soldier is engaged in military combat action anywhere in the world, we wonder what the protestors will use for ammunition in their next demonstrations? It would be a novel turn of events that for lack of something to gripe about they might have to protest against their own demonstrations."

SOMERSET, KY., COMMONWEALTH-JOURNAL: "It's an ill wind, etc. The government decision to clamp controls on the distribution of propane gas, to be followed by rationing of heating oil, together with predictions of severe fuel shortages anyway if it's a hard winter, have caused a boom in sales of oldtime wood-burning stoves. 'It's unbelievable,' says a spokesman for one large manufacturer, who says he already has more orders on file than he can possibly fill. Ben Franklin's fireplace, which always was an efficient heater has been considered mostly a decorator item for lo, these many years, is also enjoying a comeback. The phenomenon raises the question, of course, of where everybody is going to get the wood to burn in all these stoves, not to mention the effects on air pollution. But one problem at a time, please."

GENESEO, ILL., REPUBLIC: "It is small wonder that international problems are so great when you consider the generation gap, the communications gap, the hassles over national issues and local issues, dissension in our churches, on our streets and between neighbors where there isn't even a language barrier. The real wonder is that the world is in as good shape as it is!"

KERMIT, TEXAS, WINKLER COUNTY NEWS: "It matters not whether you are a policeman, housewife, or what; without the death penalty you can easily lose your life to the gunman or knife-wielder, for he can kill you without in the least endangering his own life. The gunman who said: 'There's no death penalty now, so I got nothing to lose.' displayed more wisdom than all the overeducated intellectuals who claim the death penalty is no deterrent against murder."

ST. EDWARD, NEBR., ADVANCE: "Whatever happened to our free enterprise system? Uncle Sam is knocking the legs out from under it for one thing....The old American way dictates that all citizens have the freedom to pursue their interests and fortunes....Our free enterprise system also has meant that if a person found a way to do something faster, cheaper, more efficiently or in any manner which was more acceptable to the consumer, then that way was the successful one and others fell by the wayside. That is still a pretty good system, but it is not good enough or strong enough to buck the government. That is proven in the federal government and also in the state government with its various price fixing laws of late. It really is bad to have a corporate monopoly, but it is a thousand times worse to have a government one. The citizens just have no recourse it seems when the government itself is the violator of individual rights."

Borrowed Nonsense

The clanging noise made by the garbage collectors aroused the family. The housewife suddenly remembered she had forgotten to put out the garbage the night before. With her hair in curlers and her face shiny with various lotions, she sleepily leaned out the window and called to the collectors, "Am I too late for the garbage?"

"Not at all lady," replied one of the collectors. "Hop right in."

"I didn't come to be told I'm burning the candle at both ends," the patient complained to his doctor. "I came for more wax."

4H CLUB

New Solum

The New Solum 4-H Club meeting was called to order by Paulette Bulger and Randy Lambert.

Barb Bauer gave a report on the Christmas Party and planning. The Radio Speaking Contest was reported by Cindy Anderson. A demonstration was given by Janeen Rooker on how to make a salad. Barb Holmstrom, Barb Bauer, and Paulette Bulger presented a skit. Barb Bauer gave a project report on laying hens followed by a project report on childcare by Cindy Anderson.

Afterward, we sang a song entitled "The More We Get Together."

Wayne Odegaard, Associate Extension Agent, suggested that we end our flag pledges by saying "My World." He also gave a talk on his experiences before coming to Pennington County. Slides were shown of Jamaica and its industries.

For recreation we played "Poor Pussy."

Lunch was served by Mrs. Anderson and Mrs. Bauer.

Lorette Aaseby
Reporter

We offer our programs and facilities to all people without regard to race, creed, color, sex, or national origin.

Ringbo Bobcats

Meeting of the Ringbo Bobcats 4-H club was held on January 20 at the Agassiz National Wildlife refuge. The meeting was called to order by Larry Kotok. Flag and club pledges were led by Tom Sharp.

Secretary's report was read by Janice Kotok and approved. Treasurer's report was given by Byron Stuart. Officers and adult leaders were delegated to prepare a skit for 'Share The Fun'. Winter shows in Crookston were also discussed. An exchange meeting is planned for next month.

Cecelia Swenson and Janice Kotok gave speeches. Project talks were given by Larry Kotok on horses and Scott Stuart on snowmobile safety.

Scott Sharp was in charge of recreation and Mrs. Don Sharp and Mrs. Tom Atkins served the lunch.

Next meeting of the Bobcats will be February 21 at 7:30 p.m. at the Ringbo church.

Cecelia Swenson, reporter

Happy Acres

The January meeting of the Happy Acres 4-H Club was called to order by president Shelly Langlie. Flag and 4-H pledges were said. Minutes were read by secretary Shaun Oen. The treasurer's report was given.

New Business—Sliding party was set for January 20 at Ray Oen's.

Shaun Oen and Lori Finstad were going to organize a ski party for junior leaders. The Public Speaking Contest will be held on February 9. Youth Day will be held on February 16. A 4-H Review will take place in February to evaluate the county 4-H program. Poster-Art Contest is also coming up. Volunteers are needed to direct the 4-H plays.

Cindy Reierson made a motion that the meeting be adjourned. Mark Lundin seconded the motion.

Karla Kruschke gave a demonstration on making a salad. Lori Lundin gave a demonstration on the telelecture at Leader's Council.

Brad Swanson, Reporter

HOLT . . .

Those who were entertained at the Larry Inman home on Saturday evening were Mr. and Mrs. Kenny Garthus and family, Mr. and Mrs. Jay Garthus and family, Mr. and Mrs. Lon Inman Mr. and Mrs. David Inman, Mr. and Mrs. Eldon Swenson, Mr. and Mrs. Tom Fillmore, Mr. and Mrs. Virgil Erickson, Mr. and Mrs. Lewie Swenson, Mr. and Mrs. Rudy Christenson.

Those who were entertained for a turkey supper at the Milton Davidson home on Sunday evening were Mr. and Mrs. Bill Stone from Seattle, Wash., Mr. and Mrs. Merle Johnson from McIntosh, Mr. and Mrs. Denny Inman and Mary, and Hazel Christenson from Thief River Falls, Forrest Johnson, Mr. and Mrs. Rudy Christenson, Anna Davison, Mr. and Mrs. Jim Larson, Steve Holmstrom from Newfolden, Mr. and Mrs. Ronnie Davidson and boys.

Mr. and Mrs. Ernest Helgenset and Mr. and Mrs. Olaf Pederson were Tuesday afternoon visitors at the Joe Osness home.

Mr. and Mrs. Marvin Pikop of Thief River Falls were evening visitors Monday at the Frank Hible home.

Our Trip Across U.S. by Car During Gas Shortage

Mr. and Mrs. Ernest Helgenset left here by car on November 19 and our first stay overnight was at the Palmer Swanson home at Rock Falls, Ill., where we were houseguests. The following day we were on our way to our son-in-law and daughter (Betty), Mr. and Mrs. Sada Honda and family at Pittsburgh, Penn., arriving there late at night and the traffic was heavy. We spent a week and a half there and that included Thanksgiving day as we were dinner guests of the Honda family and while there they also took us to many interesting places. One in particular, the Old Economy Village, third and final home of the famous Harmony Society, restored, as it was more than a hundred years old. On December 3, we were on our way again, staying one night in Richmond, Ind. and the following evening we were overnight guests of our neice and her family, Mr. and Mrs. James Hall of Shawnee, Kansas (formerly of Thief River Falls). When leaving there the following day we got as far as Salina, Kansas and were stranded in a sleet storm. The following day Dec. 6, we arrived at Golden, Col. where our son Rodney and his wife Lee are. Rodney is attending surveying school there and Lee is employed. Rodney was on semester break at that time so he took us up to Look Out Mountain, where Buffalo Bill and his wife's graves are. It overlooks Denver and the plains. We also went up in the ski slopes, where they are teaching skiing. We also have been visiting with several families in Denver, one family originally from Fargo, N.D., Mr. and Mrs. Bill Walsh. We will spend a week with Rodney and his wife on our way home. Dec. 12 we left for Albuquerque, N.M. where we will meet our son-in-law, Caylor Adkins, who is teaching karate class there. We and Caylor will be houseguests at the home of Mr. and Mrs Tom Koradaro who are friends of Caylors. The following day we were accompanied by Caylor when on our way to Long Beach, Calif. The home of our son-in-law and daughter (Ordell) Mr. and Mrs. Caylor Adkins and family where we spent three weeks. The weather was beautiful and no need to use a coat. On the 24th of December, we , our daughter Ordell, Kris and Steve spent an enjoyable day in Disneyland, our Christmas gift from our grandchildren, Kris and Steve Adkins, and were Christmas day guests at the Adkins home. On the 26th we went to the Japanese park, more to see. New Year's day we were all invited to the Oshimas home in Los Angeles for dinner, who are friends of the Caylor Adkins family. There were approximately 300 guests at this dinner. We also made several trips to the ocean as our daughter and family live 10 blocks from it. Kenny Asp of Thief River Falls, son of Mr. and Mrs. Arthur Asp who is stationed in the navy at Fresno, Bay, Calif. spent two days at the home of our daughter, the Adkins' during Christmas, so he could visit with us. We also had more company from Thief River Falls while there, Don Dicken and his karate teacher were out there for special training during the holiday season. We also spent a day visiting with Ernie's nephew and family, the Noel Torkelsons, formerly of Fargo, N.D. and now of Orange, Calif. Also another relative , the Tom Sharp family of Orange. On January 3, we left Los Angeles, starting on our return trip back to Minnesota by way of the southern route staying one night at Winslow, Ariz. the next at Trinadad, Col. and January 5 we arrived at Golden, Col. at the home of our son, Mr. and Mr. Rodney Helgenset where we spent a week. On the 13th of January we took in the National Western rodeo and stock show in Denver. The only thing that reminded us of home were the Steiger tractors on display from Thief River Falls. Monday, Jan. 14 we left the home of our son at Golden and were enroute home, spending the night at Lennox, S.D. also the first deep snow we seen and no gas shortage so far. Tuesday when arriving at Fargo we visited with Ernest's two sisters, Mrs. Selma Torkelson and Mrs. Gilly Opperud, returning to our home later that evening. After a very enjoyable fun filled vaction. But are happy to be home.

Mr. and Mrs. Olaf Pederson were Monday afternoon callers at the Thomas Samuelson home.

Mr. and Mrs. Harry Helgenset of Plummer were afternoon visitors and supper guests Sunday at the Emil Swanson home.

Mrs. Harry Tollefson was accompanied by Mrs. Jeff Vacura and Jana of Thief River Falls on Wednesday when visiting at the Math Burkel home at Badger, also visiting with Mrs. Tony Burkel and Mrs. Curtis Bjerke in the Badger area.

Mr. and Mrs. Harold Kalsnes and Jarrod visited with Orpha Hanson and the Eddie Weiland family at Euclid on Saturday evening.

Mr. and Mrs. Arne Samuelson of Viking were visitors Tuesday evening at the Tom Samuelson home.

Mrs. Harold Blazek, Mrs. Raymond Moiskness and Mrs. Roger Hible, Tina and Tonya were Monday afternoon coffee guests at the Fank Hible home. Also Mrs. Blazek is chairman for the annual Heart Fund drive in this township and is now out soliciting, so if you folks would have your contributions ready when she calls at your house, it would be greatly appreciated.

GULLY . . .

Mr. and Mrs. Lloyd Wold and Dean were weekend guests at the Harold Watnema home in Moorhead. On Saturday evening they attended an open house honoring Mr. and Mrs. Bud Brakke on their silver wedding anniversary at the Comstock Lutheran church, Comstock. Consider any other business to come before the meeting.
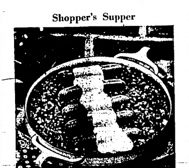
Coffee Will Be Served Following The Meeting

Shopper's Supper



After a go-go day of bargain-hunting, when the family is ready for dinner, but you're not, chances are you'll need an idea for a "meal-in-a-minute" that's both satisfying and nutritious. Why not serve the family beans and frankfurts for a time and money-saver supper.

Corny Baked Bean Casserole is delicious and nutritious and ready to go in minutes. Just heat and serve. (The beans have already been baked for 7 hours in real brick ovens.) Top with frankfurts and dress them up with a zesty cheese sauce and presto! In no time at-all you can serve your family a tasty meal that may be the only bargain of your day.

CORNY BAKED BEAN CASSEROLE

1 28 ounce can B&M brick oven baked beans
½ cup corn relish
½ pound frankfurts
1 8 ounce jar pasteurized process cheese spread

Preheat oven to 350°F. In a large bowl, combine beans and corn relish. Turn into a 1 quart casserole and top with frankfurts. Bake for 25 minutes. Meanwhile, in a small saucepan, melt cheese until smooth. Remove casserole from oven and pour cheese sauce over frankfurts. Serve immediately. Makes 5 servings.

Quick tip: To a 28-ounce can of B&M brick oven baked beans, add 1 cup coarsely chopped apple, ⅓ cup maple syrup and ¼ teaspoon cinnamon. Bake in 350°F oven for 25 minutes. Makes 5 servings.

Richard Mirrell was a dinner guest at the Jerome Skibicki home Monday.

Mr. and Mrs. Henry Klockman were Saturday evening supper guests of Mr. and Mrs. Jack Houfek.

Mr. and Mrs. James Philipp were dinner guests at the Henry Klockman home Sunday. Mr. and Mrs. Ralph Klockman and Kevin and Mr. and Mrs. Roger Jablinski and Charles Ptacek joined them later in the afternoon.

Mr. and Mrs. Manvel Moe were guests Sunday at the Florence Nabben home in Thief River Falls.

Mr. and Mrs. Bill Stock of Moorhead were dinner guests Sunday at the home of her grandparents, Mr. and Mrs. Knut Knutson. Otto and Bernice Knutson also visited there in the afternoon.

Silverleaf action officers who met at the Leslie Nelson home Monday evening were Mr. and Mrs. Ray Barth, Mrs. Seymore Nelson, Mrs. William Rupprecht, Mrs. Jarvis Torgerson, Donald Rupprecht, Douglas Barth, Wallace Boman and David Schwartz.

Mrs. Donald Rupprecht, and Mrs. Rueben Wold were among the guests Wednesday evening at the Leo Nelson home in Thief River Falls.

Mr. and Mrs. Gary Battleson and Kim of rural Thief River Falls were supper gusts Tuesday at the Jerrold Nelson home.

Friday supper guests at the Donald Rupprecht home were Mr. and Mrs. John Sang and Christopher of Grand Forks.

Mr. and Mrs. Erick Hoard and family of Thief River Falls and Mrs. Gary Battleson and Kim were Sunday visitors at the Jerrold Nelson home.

Tuesday evening supper guests at the Art Moe home were Mr. and Mrs. Clifford Steinhauer, Neil and Owen. Mr. and Mrs. Manvel Moe were coffee guests there Friday.

Mr. and Mrs. John Sang and Christopher of Grand Forks, Mr. and Mrs. Clarence Peterson and Mr. and Mrs. Roger DeLap of Silverton were guests at the Donald Rupprecht home Sunday.

Mr. and Mrs. Art Moe and Randy were afternoon visitors Sunday at the Clarence Larson home of rural Thief River Falls.

Monday evening Mr. and Mrs. Art Moe and Randy brought birthday wishes and enjoyed birthday cake and coffee with Mrs. Maurits Scholin at their home in Thief River Falls.

Helmer Skomedal was a caller at the Torgerson homes Sunday.

Mayfield . .

Mrs. Ole Austad, Oklee

Thursday visitors at the David Austad home were Mr. and Mrs. Melvin Nelson and Jason and Marissa Nelson of Trail and Mr. and Mrs. Grunde Austad of Oklee. They helped their little Grandson celebrate his second birthday.

Dinner guests at the Lester Vad home Sunday were Mr. and Mrs. Olaf Stolaas.

Ella Causin of Kratka and Mrs. Ole Austad visited with Marah Myrum Tuesday afternoon.

Olga Konickson and Tilmer Johnson visited on Saturday afternoon with Selma Solberg.

Mr. and Mrs. Donald Shand visited at the Gunder Gunderson home Monday. Thursday visitors were Mrs. Glen Asbjornson and girls.

Mrs. Ole Austad visited at the Marlyn Haugen home Saturday afternoon.

Thursday evening visitors at the Donald Mack home were Mr. and Mrs. Dennis Moen and children.

Mr. and Mrs. Harold Haugen visited at the Marlyn Haugen home Friday evening.

Bruce and Kenny Bourque of Crookston and Napoleon Bourque of Gonvick visited at the Gunder Gunderson home Saturday.

Mr. and Mrs. Rodney Wayne and family of Goodridge visited at the Glen Asbjornson home Sunday afternoon.

Mr. and Mrs. Earl Akin of Thief River Falls visited at the Donald Mack home Sunday.

On Wednesday afternoon Nancy and Darby Asbjornson visited with their grandparents, the Asbjorn Asbjornson's in Thief River Falls.

Gary Austad of Fargo spent the week at the Ole Austad home.

On Wednesday afternoon Mrs. Ole Austad visited at the Palmer Johnson home.

Mrs. Kenneth Coan, Goodridge
378-3160

Visitors and coffee guests during the week at the Kenneth Coan home were Clayton Lolland, Mr. and Mrs. Albert Kotrba, Mr. and Mrs. Richard Parnow and Timmy, Mr. and Mrs. Frank Krbechek, Richard Tharaldson and Lowell Swanson.

Mrs. Phil Asby of Lindstrom visited during the week at Russell Heden's.

Congratulations go to Mr. and Mrs. Glen Jensen who announced the arrival of a baby boy born Friday, January 25 at Northwestern hospital. The little boy weighed 7 lbs. 1 oz. The proud grandparents are Mr. and Mrs. Max Jensen.

Saturday evening Mr. and Mrs. Ernest Swanson visited with Allan Iversons in Thief River Falls.

Sunday guests at the Minnie Telefson home in Thief River Falls were Mr. and Mrs. Gordon Telefson and Jargen, Mrs. Alma Sciebert, Mrs. Martha Moorehouse, Mr. and Mrs. Jack Johnsrud, Sherry, Roger, Susie, Gwen and Gary.

Mrs. Alvin Blaine and Holly visited Sunday afternoon at the Sam Haugen home.

Mr. and Mrs. Herb Vettleson Jr. and family and Glen Jensen visited Sunday afternoon at the Max Jensen home.

Wednesday afternoon Mrs. Ernest Swanson brought birthday cake and coffee for Anna Swanson at Northwestern hospital and helped her celebrate her 90th birthday. Other coffee guests were Emma Hanson, Elida, Melin, Mrs. Manvel Moe of Valley Home. Thursday Anna Swanson returned to Valley Home.

Tuesday evening Mr. and Mrs. John Tanem were visitors at the Sam Haugen home.

Mr. and Mrs. Ole Easthouse and Max Jensen visited during the week at the Jack Johnsrud home.

Mrs. Max Jensen and Joni visited Saturday with Mrs. Glen Jensen and infant son at Northwestern hospital.

Mr. and Mrs. Herb Groeth visited Wednesday evening with Mr. and Mrs. Sam Haugen.

Mr. and Mrs. Jim Appell of Grand Forks, N.D. spent Saturday and Sunday visiting at the Kenneth Coan home. Others visiting at the Coan home were Mr. and Mrs. Lawrence Srnsky, Judy Nancy, Betty, Mr. and Mrs. Larry Srnsky and Rhonda, Mr. and Mrs. Norman Olson and Allan. Sunday morning Mr. and Mrs. Jim Appell, Mr. and Mrs. Kenneth Coan, Marcia, Roger and Roger were coffee guests at the Larry Srnsky home. Late Sunday afternoon Mr. and Mrs. Jim Appell left for their home.

Friday evening Mr. and Mrs. Sherman Groven, Scott and Shawn were visitors at the Wallace Anderson home.

Sunday afternoon visitors and lunch guests at the Percy Halverson home were Mr. and Mrs. Duane Asselin and girls of Oklee.

Mr. and Mrs. Farrest Hamm, Veronica, Michael and Sandra were Sunday supper guests at the Florence Hamm home.

Sunday morning following worship services Mr. and Mrs. Orlin Hanson and Dean were breakfast guests at the Robert Parnow home.

Sunday Mr. and Mrs. Oliver Dahle and Burton were supper guests and visitors at the Ronnie Haugen home.

Wednesday evening Mr. and Mrs. Roger Hoffman were visitors at the Leon Iverson home.

Mr. and Mrs. Roy Jensen visited Sunday afternoon and were supper guests at the Oldrich Hoffman home.

Selma Sanders and Ellen were brief callers Saturday at the Kenneth Coan home.

Mrs. Ernest Heden returned home Wednesday after spending sometime at the Percy Halverson home while her husband was hospitalized. Ernest Heden returned home that day.

Saturday afternoon coffee guests at the Orlin Hanson home were Clarence Dahlen and Neil Lielberg.

Monday Ralph Fettig visited with Jim Halverson.

Monday evening Danny Troska was an over night guest of Dean Hanson.

Mr. and Mrs. Dean Anderson of Gilbert were weekend guests at the Jesse Anderson home.

Mr. and Mrs. C. R. Appleman visited Sunday evening at the Emil Hagmen home near Thief River Falls.

Mr. and Mrs. Raymond Dean, Dale, Arlene, Richard, Gary and Warren of Embarras were Friday supper guests and evening visitors at the Kenneth Coan home.

Mr. and Mrs. Richard Patras visited with Elaines grandpa, Ernest Heden at Northwestern hospital during the weekend.

Angie Berndt spent Wednesday after school and remained as an overnight guest of Marcia Coan.

Teddy Hamm and Ervin Hamm were callers during the week at the Florence Hamm home.

Saturday evening visitors at the Orlin Hanson home were Mr. and Mrs. Marlin Sand, Vannessa and Valerie.

Friday evening Mr. and Mrs. Roger Anderson, Heidi Murray and Kelly Erickson were guests at the Ronnie Haugen home.

C. R. Appleman was a Saturday caller of Otto Causin.

Sunday evening Mr. and Mrs. Oldrich Hoffman were coffee guests at the John Hoffman home.

Mr. and Mrs. Jon Wilson and Cally were Wednesday evening visitors at the Frank Krbechek home.

Mr. and Mrs. Richard Tharaldson, Randy, Kevin, Gerry, Cherie and Nicole were Saturday evening coffee guests at the Gerald Sjulestad.

Friday morning Mrs. Clarence Peterson and Jeanette Martin were coffee guests with Alice Peterson.

Ellen Sanders spent Friday night with Judy Srnsky following the basketball game in Goodridge.

Mr. and Mrs. Mike Misson and Aaron were Saturday guests at the Selma Sanders home.

Mr. and Mrs. Jesse Anderson visited Sunday evening with Mr. and Mrs. Norman Anderson.

Mrs. Phil Asby of Lindstrom has been spending several days visiting at the Ernest Heden home Sunday evening Gary Heden was a visitor at the Heden home.

Mr. and Mrs. Norman Anderson, Mr. and Mrs. John Hoffman spent Sunday fishing at Lake of the Woods.

John Kotrba, Marie and Tracy, John Wilson and Gary Heden were Sunday afternoon visitors at the George Horachek home.

Mr. and Mrs. Henry Waale were supper guests Sunday evening at the Knut Knutson home. Later they were coffee guests at the Sidney wilson home.

Engolf Bakken visited Saturday morning and was a dinner guest at the Frank Krbechek home.

Mike Noel and Curt Erickson were Saturday visitors at the Frank Lund home.

Sunday afternoon, Mrs. Harry Solberg visited her mother Julia Hveem and Grandma Solberg at Valley home.

Melissa Iverson was a Monday after school guest of Cherie Tharaldson at the Richard Tharaldson home.

Lester Vad visited Friday afternoon at the Clifford Vad home.

Thursday evening Mr. and Mrs. Clarence Peterson were supper guests at the Orville Larson home of Holt. They all enjoyed an evening of Snow catting.

Kindergarten started January 21 at Goodridge with an enrollment of 200 pupils. Their teacher is Mrs. McCabe. Attending Kindergarten from this area were Debbie Moen, Roger Coan and Jon Petterson.

Selma Sanders enjoyed a telephone call Sunday from Mr. and Mrs. Duane Kuznia.

Mrs. Roger Hoffman visited Tuesday morning and was a coffee guest with Mrs. Galen Dahlen.

Sunday afternoon Mr. and Mrs. Sherman Groven, Scott, Shawn and Sonja were guests at the Lloyd Wiseth home.

Mr. and Mrs. Milen Ellson of Coon Rapids, Mr. and Mrs. Harold Haugen of Oklee were Monday evening supper guests at the Orlin Hanson home.

Valhall . . .

Mrs. Victor Walsberg,
Rt. 3, Cty. 681-2669

The Rocksbury Homemakers met at the home of Mrs. Frank Hunze for the January meeting.

The program planned was changed to the new look in food labeling regulations made possible by the Food and Drug administration. Making it possible for the public to see what we will be buying in 1974.

Mrs. Gloria Johnson and Mrs. Ivadele Reirson gave the lesson with Mrs. Frank Hunze and Mrs. Alfred Huseby as hostesses. Members present were Mrs. Bertha Anderson, Mrs. Goldie Breiland, Mrs. Olga Englestad, Bea Erickson, Mrs. Julia Finstad, Mrs. Lydia Finstad, Mrs. Anna Gunderson, Gina Gunderson, Ella Ranum, Gladys Hunze, Viola Huseby, Mrs. Gloria Johnson, Mrs. Ivadele Reirson, Mrs. Yvonne Walsberg. Mrs. Julia Finstad councelor read the Topic's planned for next year.

Mrs. Ole Bugland and Mrs. Pearl Haugen were visitors with Mrs. Haugen winning the door prize.

Next meeting place will be at Mrs. Clara Voldness home with Mrs. Julia Finstad and Mrs. Gertha Anderson as leaders and Mrs. Voldness and Ella Ranum as hostesses.

Mr. and Mrs. Dennis Hallstrom, Joel and Beth were recent visitors at Doug Petersons.

Mr. and Mrs. Victor Walsberg were supper guests at Dennis Hallstroms on Jan 16th to help Joel Hallstrom celebrate his 13th Birthday.

Mr. and Mrs. Carl Finstad were visitors at Clifford Hedeens last Sunday evening.

Laurie Walseth graddaughter of Victor Walsbergs had the misfortune of having her leg broken in a snowmobile accident last Sunday at St. Hilaire.

Ronald Breiland, son of Mr. and Mrs. Tim Breiland R 3 had the misfortune last Sunday of breaking an arm in a farm accident at his home.

Mike Lundgren

Without doubt David Dickey, the slender 5-11 Northland freshman guard, is the finest basketball player to ever perform in Thief River Falls.

But just how good is David Dickey?

"I really don't know," answered Northland coach Chet Engelman. "There's no doubt in my mind that David could go to places like Moorhead State, Bemidji State and St. Cloud State and do a fantastic job for them. But without seeing him play with other guys equal to his talent it's hard to say just how good he really is."

"I do think David has enough ability to go to a Big Ten school and play well," said Engelman. "He's not a David Thompson (the North Carolina State junior who is regarded to be the finest college basketball player in the country outside of UCLA's Bill Walton), but I think he might be as good as some of David Thompson's teammates."

Dickey, Burnie Stephens, Ralph Fitts, Bill Gusa, Joe Brown and Dave Kjos are all freshmen who have turned *Northland's basketball program* around this winter and have brought state wide recognition to Thief River Falls. Dickey is from Canton, Ohio; Stephens from Jackson, Michigan; Brown and Fitts from Inkster, Michigan; Gusa from Middle River; and Kjos from Mahnomen.

Northland currently boasts an impressive 14-3 season record—a complete reversal from the first year Engelman coached at Northland in the 1970-71 season when his talent thin Northmen finished 3-19 after losing 12 straight to start the year.

The Northmen are in an enviable position to gain a spot in the upcoming MCCAA state tournament and Engelman says, "It's not out of the realm of possibility," that Northland could advance as far as the prestigious national junior college tournament held yearly in Hutchinson, Kansas.

A first or second place finish in the Northwest Division standings would give Northland a berth in the eight team state tournament. The Minnesota state champion moves on to the region XIII tournament against the state champions of North Dakota and Wisconsin along with a representative from northern Michigan. The region XIII winner advances to the 16 team national tournament.

The Northmen certainly have the potential to be a division, state and region champions if Dickey and company play up to their full potential.

Basketball fans who have not watched the Northmen play this winter should make an effort to attend one of the two remaining Northland home games on Mon., Feb. 11, against Fergus Falls and on Sat., Feb. 23, against Hibbing.

—O—

A Minnesota state high school league district 31 meeting was held in Crookston recently to consider a request from the district's girls volleyball coaches to hold a district 31 volleyball tournament.

The district committee ruled, however, that district 31 funds will not be spent for any girls athletic activity (including basketball) unless such activity or tournament is necessary to qualify for a state or regional tournament which has been sanctioned by the MSHSL.

—O—

1973 Lincoln high school graduate Jeff Bottem continues to rank among the leading scorers for the University of Wisconsin-Superior hockey squad.

The freshman forward, son of Mr. and Mrs. Larry Bottem of Thief River Falls, recently collected a three goal hat trick and added two assists to help Superior beat St. Cloud 7-2 to lift the UWS season record to 10-2-1.

Bottem has been slowed by hernia trouble, though, and will probably require an operation following the 1973-74 hockey season.

Prowlers Stun Crookston Cagers 51-49

Senior guard Duane Dicken tossed in a desperation 20 foot jump shot at the final buzzer Friday to give Thief River Falls a dramatic 51-49 basketball win over previously unbeaten Crookston.

Playing in a tense tournament type atmosphere before a boisterous jammed packed crowd in the Lincoln high school gym, the resurgent Prowlers, who have now won four of their last five ball games, avenged an embarrassing 31 point 81-50 loss to the highly regarded Pirates in mid December.

Dicken's climatic game winning bucket, which lifted the ever improving Prowler season record to 7-4, evolved from a costly, yet seemingly appropriate, Crookston mistake as Pirate standout Pete Schnabel committed his fifth (sixth) foul, an offensive infraction, with nine seconds remaining in a heart pounding 49-49 standoff.

Schnabel, who had actually fouled out early in the fourth quarter but stayed in the ball game because of an error in the official scorebook, grabbed for a loose ball near the Pirate basket, but instead came up with a Prowler arm to give Thief River Falls a final crack at victory.

Coach Lee Swanson's Prowlers made the most of the opportunity as Jerry Sandahl tossed the ball into Dallas Kemmer in the backcourt as Crookston applied a tight full court press defense. Kemmer hurled a long over the shoulder hook pass to Dicken who dribbled twice and fired the ball toward the hoop just as the buzzer sounded.

The ball barely touched the rim as it ripped through the netting to a thunderous ovation from the crowd that immediately swarmed onto the playing court.

A heated discussion around the scorers' table delayed the final game winning decision as referees Dallas Kopp and Roger Gebhart consulted with official timekeeper Ken Yremia and official scorer Frank Womack. When the decision finally went in Thief River Falls' favor the fans exploded with emotion unmatched on the Prowler basketball floor in recent years as Prowler players, coaches and fans congratulated each other on the stunning upset win.

A change in offensive style from a fast breaking team of recent years to a more patient patterned offense worked to near perfection for the Prowlers who moved the ball around extremely well with sharp pin-point passes that enabled Thief River Falls to take quarter leads of 12-11 and 31-24 at the first two stops.

The Prowlers built their biggest lead of the ball game halfway through the third quarter when Kemmer hit an eye catching jumper from the deep corner and Dicken found an open crease in the Crookston zone defense for a 15 footer to boost the Prowlers to an unexpected 37-28 bulge with 4:07 remaining.

An old Thief River Falls nemisis suddenly surfaced, however, as the Prowlers turned the ball over three straight trips down the floor. Crookston responded with three straight buckets by three different players and added a pair of free throws by Jay Erie to slice the margin to only 37-36 with one minute left.

The Pirates were given two points as the third quarter ended when Prowler center Wayne Peterson tangled his hand in the net during a battle for a rebound and Kopp ruled goaltending to give Crookston a 38-37 edge heading into the frantic final eight minutes.

Peterson scored the first six Prowler points of the fourth quarter, counteracted only by a pair of free throws by Brent Reichert, to give Thief River Falls a 43-40 lead with 5:04 remaining.

Schnabel and Kent Christensen matched baskets for a 45-42 ball game with 4:37 to go, but Crookston suddenly erupted for three quick buckets by Schnabel, Reichert and Jay Erie to grab a 48-45 lead with 3:16 remaining to force the reeling Prowlers to call a hasty time out.

Dicken slammed in a long base line jumper with 2:22 left to pull the Prowlers to within 48-47. Crookston reserve Jim Hawes made the first of a two shot free throw opportunity with 1:13 left and the Prowlers rebounded the second shot.

After firing away unsuccessfully from outside, the Prowlers finally moved the ball inside to Peterson who lifted a soft driving hook shot over Schnabel to tie the game at 49-49 with 22 seconds remaining.

Thief River Falls shot 42 per cent from the field for the game, hitting 22 of 53 shots against the strong Crookston defense. Crookston, meanwhile, managed to hit only 36 per cent on 20 of 56. Thief River Falls made seven of 11 free throw tries and Crookston sank seven of 14 gift tosses. Thief River Falls held a 28-24 rebound edge, but the Prowlers also led the turnover department 15-6.

Northland Clobbers Brainerd CC 93-69; Challenge Trojans

Coach Chet Engelman's Northland community college basketball team romped past Brainerd 93-69 Saturday to set the stage for tomorrow's (Tuesday) big MCCAA Northwest Division showdown with arch rival Crookston Tech in the Trojan's gym on the UMTC campus.

Currently standing one-two in the Northwest Division standings, the Northmen and Trojans will both be trying to secure a state tournament berth with a win in tomorrow night's collision between two of the state's strongest teams. Northland won the first meeting between the two teams this year, 83-72.

A win for either team tomorrow night would nearly assure a state tournament berth with the losing team forced to battle Fergus Falls for the other open tournament spot. Northland hosts Fergus Falls Mon., Feb. 11.

Northland had little trouble handling the visiting Brainerd quint in a sluggish Saturday afternoon encounter in the Northland gym.

Brainerd managed to stay in the ball game throughout the first half, though, as the Red Raiders earned a 25-24 lead with 7:37 remaining.

Northland quickly countered with four baskets by Joe Brown, Dave Kjos, Bill Gusa and Mike Peterson to storm to a 32-25 lead with 5:26 left and the Northmen were never again seriously threatened.

Back to back baskets by Gusa and Kjos at the end of the first half gave Northland a 44-33 advantage at intermission—the biggest Northman lead of the first half.

Northland scored the first 10 points of the second half, six by Gusa, to race in front 54-33 with only 3:27 elapsed.

The quick second half Northland start buried the struggling Raiders who were never able to get any closer than 15 points the rest of the way against a flock of Northland reserves.

Northland shot 44 per cent from the field for the game as the Northmen made 39 of 89 attempts. Brainerd made 31 of 77 tries for a 40 per cent ratio of success. Northland sank 15 of 18 free throws and Brainerd made all seven of its free throw tries. Northland held a 67-40 rebound edge with Burnie Stephens pulling down 15 caroms and Brown adding 14.

Prowler Hockey JV Squad Tops Roseau By 6-4

Lincoln high school junior varsity hockey team stretched its winning streak to nine straight games Saturday with a 6-4 win over Roseau.

Mike Jury collected a three goal hat trick to spark the Prowler Bees while Steve Onkka added two goals and Mike Burstad scored once.

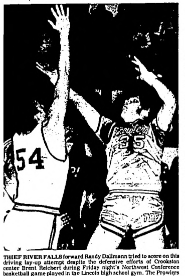
Coach Dale Wennberg's Prowler junior varisty owns a 12-1-1 season record.

Pool Schedule

Mon., Feb. 4, 7:30-8:30 open swimming. 8:30-9:30 men and couples lessons.

Tues., Feb. 5, 7:30-8:30 open swimming. 8:30-9:30 swim and stay fit.

Wed., Feb. 6, 7:30-8:30 open swimming. 8:30-9:30 ladies lessons.



THIEF RIVER FALLS forward Randy Dallmann tried to score on this driving lay-up attempt despite the defensive efforts of Crookston center Brent Reichert during Friday night's Northwest Conference basketball game played in the Lincoln high school gym. The Prowlers upset the previously unbeaten Pirates 51-49 on a last second shot by Duane Dicken.

Blue Devils Burn Wrestlers 25-24

A heavyweight pin in the meet's final match gave visiting Virginia a come from behind 25-24 dual meet wrestling decision over Thief River Falls Saturday afternoon in the Lincoln high school gym.

Rugged Virginia heavyweight Randy Bertolas faced a must-pin situation going into the meet's finale with the Prowlers holding onto a five point 24-19 lead. Bertolas left little doubt to the final outcome as he quickly attacked Prowler junior Dave Panek and recorded a 50 second first period pin to give the Blue Devils a one point meet victory.

The loss snapped a remarkable five meet Prolwer post Christmas winning streak and knocked the Thief River Falls season dual meet record to 7-4. The Prowlers will host Mahnomen Thursday in the Lincoln gym in the final dual meet of the 1973-74 season. Thief River Falls will host the 1974 district 31 wrestling tournament Sat., Feb. 16.

Virginia opened the unusual Saturday afternoon match with a win as Dan Padget gained first and second period takedowns and withstood a pair of second period escapes by Larry Swanson to register a 4-2 win at 98 pounds.

Thief River Falls tied the match at 3-3 when Prowler freshman Dan Hallstrom made a first period takedown stand up for a 2-0 win over Brian Crokett at 105.

Coach Ed Krysiosek's Thief River Falls matmen grabbed a 9-3 match lead when the Prowlers' Mark Swanson pinned the Devils' Mark Johnson at 4:53 of the 112 pound event.

Thief River Falls' Barry Newton and Virginia's Jerry Tekaute exchanged third period reversals, but Newton also scored on a second period escape to post a 3-2 win at 119.

The Prowlers tacked on a fourth straight win at 126 when Lyle Swanson scored two points in every period to beat Pat Cunningham 6-2, pushing the Thief River Falls lead to 15-3.

Virginia quickly reversed the trend, however, when Joe Cunningham pinned the Prowlers' highly respected Joe Kezar in 2:40 of the 132 pound match to slice the scoreboard difference to only 15-9.

The closely matched meet's single point difference was recorded at 138 when Virginia's Jon Graham manhandled the Prowlers' Brad Steiger 20-4 for a superior four point decision. Both teams won six matches and both teams recorded two pins, but the extra point Graham earned, which at the time trimmed the Prowler lead to 15-13, eventually provided the Blue Devils with the margin of victory.

Virginia moved in front 16-15 in the 145 pound match when Brian Wiess gained a first period takedown and three point nearfall to beat Thief River Falls' Bryan Steiger 5-4. Steiger rallied with a second period reversal and nearfall, but the Prowler senior earned only two points on his reversal.

Thief River Falls regained the lead 18-16 at 155 with Steve Nordhagen gaining an escape and a takedown in the third period to edge Virginia's Bob Farden 5-4.

The Prowlers grabbed a 24-16 cushion in the 167 pound event when Steve Sorvig pinned Virginia's Jon Friedlieb just ten seconds before the final buzzer.

Virginia pulled to within winning distance at 180 as Tom Welander whipped Prowler senior Lee Rolland 8-0 to provide Bertolas with an opportunity for last match heroics.

LHS Basketball JV Squad Whips Crookston 52-39

Lincoln high school junior varisty basketball team won its third straight game Friday night by registering a 52-29 decision over a Crookston team that had previously beaten the Prowler JV's by a one-sided 70-37 margin.

Coach Glen Peters' improving Lincoln 'B squad increased its season record to 7-4 with the win after holding quarter leads of 12-10, 30-16 and 40-29.

Dick Johnson and Brian Waale paced the JV's in scoring with 12 and 11 points respectively.

University of North Dakota wrestlers scored 97 team points in a triple dual meet Jan. 12, 1974 at Morris, Minn. residents.

Northland Icers Lose To Hibbing 10-5, Mesabi 5-0

Northland community college hockey team lost a pair of MCCAA hockey conference games to league Iron Range powers Hibbing and Mesabi over the weekend to lower the Northmen season record to 6-9.

Coach Swede Lund's Northland sextet dropped a high scoring 10-5 decision at Hibbing Friday night before suffering a 5-0 shutout loss at the hands of Mesabi in Virginia Saturday.

Northland will try to improve upon its 5-6 conference record this week when the Northmen travel to Crookston Wednesday and host league leading Itasca in a weekend Friday-Saturday series in the Thief River Falls sports arena.

Hibbing	10
Northland	5

After limiting the explosive Hibbing club to a slim 1-0 first period lead, Nortland's defense crumbled in front of the strong Cardinals who skated to a 6-3 second period lead and outscored the visiting Northmen 4-2 in the final period.

Freshman Pete Jerome scored a pair of second period goals for the Northmen to go along with a second period marker by sophomore Arlan Tveit. Sophomore Mike Protz and freshman Tony Demarais scored the Northland third period goals.

Dick Penning was credited with a pair of assists for the Northmen while Protz and Mike Drury assisted on a goal apiece.

High scoring Hibbing sophomore Dave Herbst picked up two goals and two assists to increase his league leading scoring total to 57 points in 15 games on 34 goals and 23 assists.

Gordon Landin kicked out 30 shots in the first two periods and Craig Carter turned aside 17 drives in the third period for a total of 47 Northland goalie saves. Gaylen Engelstad stopped 35 shots for the Cardinals.

Mesabi	5
Northland	0

Mesabi freshman goalie Keith Larson stopped all 34 Northland shots on goal to earn a shutout in the Norseman 5-0 Saturday night win over Northland, marking the first time a Northland team has been held scoreless in the school's four year hockey history.

Jim Spolarich, second in the conference scoring race to Herbst, scored the first two Mesabi goals to hike his point total to 37 in 11 games on 23 goals and 14 assists.

Mesabi owned a 2-0 first period lead and doubled that margin to 4-0 heading into the final period.

Carter came up with 28 saves in the Northland nets.

LHS Intramural Hockey Program Results Posted

By winning two games in easy style last week the Saints tightened their first place hold in the Lincoln high school intramural hockey league standings.

The Saints hold down first place with a 5-0-1 record for 11 points, followed by the Bruins and Jets at 3-3 for six points and the Flyers 0-5-1 for one point.

Results from last week's play found the Saints beating the Jets 8-1 and the Bruins 11-4; the Bruins stopped the Flyers 5-4; and the Jets defeated the Flyers 5-2.

This week's schedule began this morning (Monday) with the Jets playing the Bruins. The Saints take on the Flyers Tuesday; the Jets skate against the Saints Wednesday; and the Bruins meet the Flyers Thursday to round out the week's activity. All games start at 7 a.m. in the old arena.

The Veterans Administration is training two new kinds of personnel—nurse practitioners and nurse clinicians—and assigning them to agency health care teams.

Room for Improvement?
Let Lampert Remodel.
Lampert's remodeling specialists can keep your home looking new . . . inside and out. Whether you need one room remodeled, or your entire house updated, Lampert's can do it all. Our experts will assist you with the planning, will show you the latest in materials, provide master craftsmen to do the finishing, and arrange "low cost" financing. Or, you can do-it-yourself with Lampert's help. If there is room for improvement at your house, invite a Lampert pro over for a free estimate and some ideas on home remodeling.
Lampert BUILDING CENTER
681-4447 Thief River Falls

PROWLER CENTER Scott Reed follows the puck toward the net as Ram goalie Tim Erickson tried *to smother the disc to start of the game's controversial "no goal" call by the officials during Saturday* night's region eight game played in the sports arena. The officials ruled an apparent Prowler goal to be disallowed when the clock was prematurely stopped. Roseau went on to win the game in overtime 5-4.

McGann Insists Wrong Call Made

Lincoln high school head hockey coach Bill McGann flatly stated, "We were robbed," in reference to the decision by referees John Knauf and Wendy Fiest which discounted an apparent third period Prowler go-ahead goal in Saturday's controversial Thief River Falls-Roseau region eight game.

Roseau eventually won the game 5-4 in sudden death overtime.

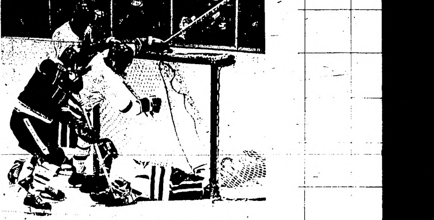
"Neither one of the ref's blew the play dead," pointed out McGann. "In the excitment the time keeper (Ted Heille) had shut the clock off before the ref's signaled. The referee is the only one who can stop the play at any time. The time keeper can only stop the play on a signal from the referee or at the end of a period. The game was never officially stopped and the goal should have counted." When the clock was stopped the goal signaling red light was prevented from flashing even though goal edge Rick Holmes was pressing the button.

At first Knauf and Fiest ruled that the Prowlers had indeed scored on the big pile-up in front of the Roseau net. The crowd exploded with applause when the scoreboard registered a 5-4 Thief River Falls lead with 1:17 remaining.

With everyone ready to resume the game—including Roseau—after an already lengthy delay, the officials had a change of heart and decided the situation paralleled a play in a recent East Grand Forks hockey game in which a time keeper had sounded the game ending buzzer prematurely and a split second later the Green Wave scored an apparent game winning goal which was later disallowed.

"Roseau was all set to play hockey," mentioned McGann, "When the ref's started talking about that East Grand Forks deal. It wasn't the same situation at all, though."

"I haven't had any complaints about these two (Knauf and Fiest) before, but they called a very poor game overall. They took the game away from us and they missed a lot of calls during the game. "We're sick about it, but there's nothing we can do. The game was taken away by the officials."



ROSEAU GOALIE Tim Erickson looks back over his shoulder to see the puck apparently slip across the goal line while players from both teams fight for possession of the puck during the controversial "no goal" play in Saturday night's region eight hockey game played in the sports arena. Officials disallowed a Prolwer goal on the play when the clock was stopped prematurely. Roseau won the game 5-4 in overtime.

Roseau Trips Prowlers In Overtime, Again, By 6-5

Roseau center Bruce Olson, who had earlier beaten Thief River Falls 7-6 by scoring in just 22 seconds of a sudden death overtime period in mid December, did it to the Prowlers again Saturday as the starry junior scored 1:09 into another overtime session between the long-time ice rivals to give the Rams a thrilling 5-4 region eight hockey win in the Thief River Falls sports arena.

Olson, who re-entered the game after requiring 16 stitches to close a head wound in the third period, abruptly ended the wild controversial game by firing a quick 15 foot wrist shot past Prowler goalie Joel Folger on an assit from Deland Broten. The puck bulged the upper right hand corner of the net to give the Rams an important region point counting win in front of a capacity size crowd.

The game's controversy stemmed from a third period incident in which the Prowlers had apparently scored to go in front 5-4 with only 1:17 remaining. Officials John Knauf and Wendy Fiest disallowed the goal, however, when it was learned that the clock had been prematurely stopped.

After an uneventful first period the two teams suddenly exploded for five lightning quick goals in a four minute span of the second period.

Thief River Falls opened the game's scoring when Jeff Tunberg steered in a backhand centering pass from linemate Scott Reed with 7:40 remaining.

Roseau promptly answered the Prowler goal as Lew Erickson grabbed hold of a loose rebound in front of the Thief River Falls net and flipped a point blank wrist shot over Folger's right shoulder to tie the game 1-1 just 18 seconds after the Prowler goal.

The Rams went in front 2-1 moments later when Folger mishandled a slap shot off the stick of Dan Mickelson with 6:40 left. The Prowler goalie gloved the shot, but the puck rolled out of his grasp and trickled into the net to give the Rams a momentary one goal lead.

Thief River Falls rushed back to tie the game 2-2 just 1:20 later with defenseman Mike Goulet rifing a long slap shot from the left point off Roseau goalie Tim Erickson's leg.

Roseau wrapped up the wild second period outburst as Kirby McFarlane rushed in at full speed and slapped in a perfect centering pass from Keith Hedlund with 3:39 remaining to send the Rams into the final period break leading 3-2.

Coach Terry Abram's Rams took the steam out of the Prowlers and the scraming crowd by scoring at the outset of the third period to go in front 4-2. Lew Erickson tipped a low slap shot by Olson past Folger on a Roseau power play with 4:23 elapsed in the stanza.

Thief River Falls excited the home town crowd, however, when seniors Pete Hess and Tim Engelstad scored on neary identical shots from the opposite sides of the net to tie the game 4-4.

Hess lifted a sharp angle shot from Erickson's right side into the far left corner of the net with 5:44 remaining. Max Thrall and Tony Dorn picked up assists on the play.

Engelstad scored in similar fashion from Erickson's left side as his long range blast sailed into the high right corner of the net with only 2:53 left in regulation time. Thrall earned an assist on the tying goal.

The arguments then began as the persistant Prowlers stuffed the puck past Erickson in the game's final minute. The officials at first signaled the goal and the fans exploded in applause as the scoreboard clock flashed the apparent go-ahead score. A change of heart by the officials took the goal away, however, to a chorus of boos from the audience.

Folger was kep busy handling 40 shots on goal during the game, including a hectic 20 save second period. Erickson was tested 25 times.

First Period

SCORING—none.

PENALTIES—none.

SAVES—TRF, Folger 10. Roseau, Erickson 13.

ROSEAU CENTER Bruce Olson fired the puck behind Thief River Falls goalie Joel Folger on this play to give the Rams a dramatic 5-4 overtime region eight hockey win in the sports arena Saturday night. Olson scored 1:09 into the eight minute sudden death period to end the wild controversial game between the long time ice rivals. Olson's overtime goal earlier this year gave the Rams a 7-6 sudden death decision over the Prolwers in their first meeting. Thief River Falls will be back in action tonight (Monday) when the Prowlers host Grand Forks Central.

Fisher Hoopsters Stop Goodridge By 55-46 Margin

Cold shooting Goodridge dropped a 55-46 Polar Conference basketball game to league leading Fisher Friday night to lower the Huskies 1973-74 season record to 7-6.

Goodridge shot only 32 per cent for the game as the Huskies made 20 of 62 attempts from the field. Goodridge was six of 12 from the free throw line while Fisher made five of 11 gift tosses. Fisher held a 38-36 rebound advantage.

Goodridge opened up a 12-10 first quarter lead against the Flyers before Fisher moved to a 26-19 halftime advantage. The once beaten Flyers led 47-31 after three quarters.

Fisher standout Steve Kummer led all scorers with 16 points while teammate Rod Beiswenger added 15. Arden Hyland topped Goodridge scoring with 15.

Northmen Post Win Over FF 98-95

Northland opened up a gapping 76-56 bulge near the midway point of the second half Wednesday and coasted to a big 98-95 MCCAA Northwest Division basketball triumph over Fergus Falls.

Ball handling sensation David Dickey turned on his always present, but sometimes restrained, scoring prowess against the defending division champion Spartans by pouring in 33 points. He still had time to dish out 11 assists as the Ohio native had a hand in 55 Northland points.

Burnie Stephens and Ralph Fitts also scored a bundle of points on the Fergus Falls hardwood as Stephens pumped in 22 and Fitts added 21. Bill Gusa rounded out a quartet of Northland double figure scorers with 10 points.

Northland began the second half with an unsecure 52-43 lead and couldn't shake free from the persistant Spartans until rattling off 12 straight points in a three minute span to accumulate their 20 point 76-56 cushion with 12:15 remaining—much to the delight of a small band of horn blowing Northland followers.

Northland's high speed offense reversed itself, however, as the Northmen bobbled their way through a five minute scoreless drought in which Fergus Falls battled back into contention at 76-71 with 7:45 left.

The two teams traded buckets for the next four minutes until a big three point play by Fitts, an eye catching jump shot from way out by Gusa and a two pointer by Dickey hiked a slim 88-87 Northland lead into a more comfortable 95-87 edge with only 1:26 remaining.

Three straight Fergus Falls free throws sliced the margin to 95-91 with 43 seconds still left, but a Dickey gift toss made it 96-91 moments later.

Pete Kruize connected from the floor to excite the fans once more as the Spartans closed the gap to only 96-93 with 15 seconds to go.

Two free throws by Gusa with eight seconds left secured the Northland win as Spartan center Jerry Johannsen scored the final bucket at the buzzer for a 98-95 finish.

Fergus Falls owned just one lead in the game, halfway through the first half, when the Spartans scored six straight points to erase a 20-15 deficit and take a 21-20 lead. Northland responded immediately with eight straight points to take a 28-21 command enroute to the nine point 52-43 halftime point spread.

The victory marked only the second Northland win against Fergus Falls in 16 meetings since the 1965-66 season. Northland's only other win over Fergus Falls was registered during the 1967-68 campaign.

Northland shot a sizzling 56 per cent from the floor against the defensively tough Spartans, hitting 45 of 81 attempts. Fergus Falls shot 46 per cent on 41 of 90. Northland made eight of 14 free throw attempts and Fergus Falls sank 13 of 21 gift tosses. Northland held a 59-41 rebound edge.

"Tired of caring only for yourself, in cramped conditions? The loving, Christian family of a busy but gentle medical doctor-executive (recently returned from 5 years in Europe) lost its mother and needs a live-in woman (possibly a couple) for a beautiful home in a distinguished neighborhood on Lake Minnetonka. Three well behaved, stable children ages 7, 14 and 17, all in school. Opportunities for private projects (art and education center 1 mile away), time off, vacations, good compensations. Driving essential (car provided) although city bus stops 3 blocks away. We need a "take charge" but affectionate and devoted person with household experience. References essential. Send letter and resume to office of Dr. C. Ray, 3055 Old Highway 8, Minneapolis, Mn. 55418." 3t11c

Goodridge, Minnesota 56725

February 4, 11, 18, 1974
ORDER FOR HEARING ON PETITION FOR GENERAL ADMINISTRATION
State of Minnesota,
County of Pennington—ss.
IN COUNTY COURT
PROBATE DIVISION
IN THE MATTER OF THE ESTATE OF Louise Yonke, Decedent.

IT IS ORDERED that the petition for general administration filed herein and any objections filed thereto be heard on March 4, 1974, at 2:00 o'clock p.m. by this court in the courthouse in Thief River Falls, Minnesota. That, if proper, at said time and place a representative will be appointed to administer the estate, who shall collect all assets and file an inventory thereof, pay all legal debts, claims, and taxes, and expenses of administration, and sell such real and personal property as may be necessary and for the best interests of the estate. Upon completion of administration, the representative shall file a final account for allowance and shall distribute the estate to the persons thereunto entitled as ordered by the court and do all other acts to close the estate.

IT IS FURTHER ORDERED, that creditors of decedent file their claims in this court within sixty (60) days from the date hereof, and that said claims be heard on April 8, 1974, at 1:30 o'clock p.m. by this court in the courthouse in Thief River Falls, Minnesota.

Dated January 29, 1974.

ADVERTISEMENT FOR PROPOSALS
GASOLINE BIDS

The City Council of the City of Thief River Falls, Minnesota will receive sealed proposals for furnishing February 15, 1974 - February 15, 1975 season's supply of Gasoline for use by the various vehicles, at the Office of the City Clerk, until 3:00 p.m., Tuesday, February 12, 1974, at which time all bids will be publicly opened and read aloud.

Specifications and proposals forms are on file and may be obtained at the Office of the City Clerk, City of Thief River Falls, Minnesota.

The proposals shall be submitted on the forms provided, which provide for bulk delivery in 7,500 gallon lots to the City's storage tank located at the Street Department garage.

The proposals shall be unconditional and shall be accompanied by a Certified Check or Cashier Check in the amount of at least five per cent (5 per cent) of the amount of the proposal, payable without condition to the City Treasurer of the City of Thief River Falls, which check shall be forfeited as liquidated damages in the event that said proposal is accepted and the bidder shall fail to enter into a contract and give a performance bond as required by law.

The City Council reserves the right to hold all bids for a period of thirty calendar (30) days after the date of opening bids and to reject any or all bids, to waive any irregularities, and to award the contract as it deems to be for the best interest of the City.

COUNTY BOARD PROCEEDINGS

February 4, 1974
OFFICIAL PROCEEDINGS
BOARD OF COUNTY COMMISSIONERS
PENNINGTON COUNTY, MINNESOTA
January 16, 1974

Pursuant to call for a Special meeting to consider the County Sewer & Water Plan and to receive a report from the Committee on Group Insurance the Board met in the Commissioners' Room at 7:30 p.m., Jan. 16, 1974.

Members present: Hanson, Stenberg, Naplin and Tasa. Commissioner Olson was unable to attend. Members of the City Council and County Agent Terry Courneya were also present.

David M. Wright representing the Planner presented the Sewer & Water Plan and reviewed portions that had been criticized by letter from the Auditor after review with the Board and adviser Mr. Courneya. Primary objection arose from the apparent lack of appreciation of the impact of the agricultural imput into the economy of the area. Specific references were noted on several pages and appropriate adjusments suggested.

Mr. Wright will forward corrected copies in the next several weeks for action by the Board.

The Board then took up the matter of Group and Term Life Insurance that had been referred to Committee at the January 8th meeting. After review of the report of the Committee the matter was discussed and upon motion by Tasa seconded by Hanson and declared carried the meeting was recessed to convene at 7:00 P.M., Jan. 21, 1974.

The Board reconvened at 7:00 P.M. January 21, 1974 with members Olson, Stenberg, Naplin and Tasa present and with Commissioner Hanson unable to attend.

The matter of Group Insurance and term Life Insurance was again brought up and discussed. Moved by Naplin seconded by Olson that the bid of Blue Cross-Blue Shield, Plan II as submitted pursuant to call for bids on Jan. 8, 1974, be accepted as the lowest and best bid received and the Chairman and Auditor be authorized and instructed to enter into contract with said low bidder with Pennington County paying the premium for full time employees. The motion was declared unanimously carried with Comm. Hanson being absent.

Moved by Tasa seconded by Olson that the bid of Manufacturers Life Insurance Co. for Term Life coverage of $3,000 for each regular employee with added benefit of AD & D be accepted as the lowest and best bid received and the Chairman and Auditor be instructed to enter into contract with said low bidder. Motion declared unanimously carried with Comm. Hanson being absent.

Moved by Olson seconded by Tasa that meeting adjourn. Motion carried.

Otto Stenberg, Chairman
Pennington County Board
ATTEST: C. W. Rodekuhr,
County Auditor and
ex-officio, Clerk of the Board

Goodridge School Board Proceedings

Feb. 4, 1974
PROCEEDINGS
REGULAR SCHOOL BOARD
Meeting

Members present: Orlin Hanson, Truman Hemmestvedt, Chester Solberg, Loren Race, Richard Nelson, J. Duane Nelson, Supt. David Brown.

The meeting was called to order by Chairman Hanson in the home economics room at 8:00 P.M.

The minutes of the December 11th meeting were read and approved as read.

The bills for the month were audited by Hanson and Hemmestvedt. It was moved by Hanson seconded by Hemmestvedt that they be allowed for payment. Carried.

Motion by Duane Nelson seconded by Solberg that the extra payroll be allowed. Carried.

The February meeting will be on February 11, 1974 at 8:00 P.M. Auditors will be Hemmestvedt and Duane Nelson.

General:	$120,005.49
($100,000.00 in certificate of Deposit)	
Food Service:	1,670.13
Transportation:	2,946.13

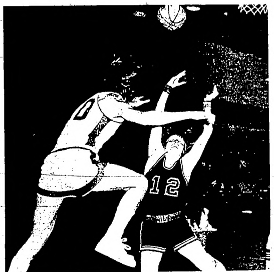
Scorpion Buys Brut Company

Harvey V. Paulson, president of Scorpion, Inc., Crosby, has announced that Scorpion has completed the purchase of substantially all of the assets of Brutanza Engineering company of Brooten.

Brutanza Engineering is the manufacturer of the Brut, a liquid-cooled snowmobile. The Brut will become a part of the Scorpion line of snowmobiles for the 1975 model year. Details of the transaction were not disclosed.



NORTHLAND GUARD Jim Strandemo scored on this wild lay-up during Saturday afternoon's MCCAA basketball game played against Brainerd in the Northland gym. Brainerd center Dave Shanks tried to block the shot on the play. Northland whipped the visiting Red Raiders 93-69 to boost the Northman season record to 14-3 for the year.

Tankers Swim With ND Teams

Lincoln high school swimming team competed against North Dakota teams over the weekend, winding up the 1973-74 Prowler home meet schedule.

Thief River Falls traveled to Grand Forks Friday and raced against Bismarck and Grand Forks Central in a triangular meet. Bismarck won the event with 68 points, Thief River Falls was second with 64 and Central placed third with 36 points.

On Saturday the Prowlers hosted a strong Minot team in the Franklin middle school pool. The North Dakota tankers won 94-72 despite six first place finishes out of 11 events by the Prowlers.

"I was under the impression we were to swim a double dual meet at Central," explained Prowler coach John Kopari who took only nine swimmers to Grand Forks Friday. "Nine swimmers would have been enough for the way they score in double dual competition, but in a triangular they score differently and we just didn't have enough people.

Thief River Falls won both relay events at Grand Forks for their only first places. The Prowler medley relay team of Neil Sjulson, Jeff Carter, Brian Phelps and Dave Borning was clocked in 1:56. The Prowler 400 yard freestyle relay unit of Borning, Sjulson, Dan Cork and Doug Williams was clocked in 3:43.4.

Williams paced the strong Saturday Prowler showing with a pair of first place school record times in the 50 and 100 yard freestyle races. The Prowler senior was timed in 23.5 in the 50 and 52.6 in the 100.

The Prowler medley relay team of Sjulson, Carter, Williams and Borning turned in a first place 1:52.1 effort to set a new pool and school record.

Two other Prowler individual first place school record performances included a 1:59.5 clocking by Cork in the 200 yard freestyle and a 5:43.5 effort by Mark Storhaug in the 500 yard freestyle.

Cork supplied the other Prowler first place with a 1:02.9 in the 100 yard back stroke.

The Prowlers will return to action tomorrow (Tuesday) in Grand Forks against Red River starting at 4 p.m.

TRAIL . . .

Gunda Halvorson visited at the Dennis Halvorson home at Fosston on Thursday.

Visitors at the Norma Carlson home were Mrs. Herbert Samson and Mrs. Norman Strand.

Rev. Carl Wosje of Thief River Falls was a dinner guest at the Albert Aaknes home on Saturday.

Walter Woods, Albert Aaknes, Sam Strand, all of Trail, Rev. Carl Wosje of Thief River Falls, Tom Jackson of Bagley attended the annual meeting of the Mt. Olive Church at the Raymond Abrahams at McIntosh on Saturday afternoon.

Mrs. Marie Hruby and Rosetta of Oklee were Sunday afternoon visitors at the Albert Aaknes home.

Ada Tarstenson was a coffee guest of Mrs. Norman Strand on Saturday afternoon.

Mr. and Mrs. Albert Aaknes were supper guests at the Al Radniecke home at Oklee on Monday. Other visitors were Mr. and Mrs. Dean Radniecki and family of Aurora. Gary Hruby was also a brief caller.

GULLY . . .

Sunday afternoon visitors at the Edwin Bergh home were Mr. and Mrs. Mervin Rindahl, Mrs. Esther Rindahl and Mr. and Mrs. Arlie Fore.

Water Bank Plan For Waterfowl Limited In State

Farmers in ten counties of Minnesota—Big Stone, Douglas, East Polk, Grant, Kandiyohi, Mahnomen, Meeker, Pope, Swift and West Otter Tail—who plan to take part in the federal water bank program for waterfowl in 1974 must file an application in early February.

The national program is funded at $10 million for a 10-year period. A state allocation of $140,000 for conservation of wetlands will be distributed in the 10 counties taking part in the program, in Minnesota, according to Samuel N. Peterson, state executive director of the agricultural stabilization conservation service.

Peterson said that from February 4 through February 15 is the filing period when farmers must submit their applications for agreement. Forms are available in the county agricultural stabilization and conservation service (ASCS) office.

First conducted in 1972, the water bank program is administered by the agricultural stabilization and conservation service of the U.S. department of agriculture with planning assistance and technical services provided by the USDA's soil conservation service.

Peterson said this water bank program across the nation includes participation of 62 counties in 15 states. The other states are Arkansas, California, Louisiana, Maine, Michigan, Mississippi, Montana, Nebraska, North Dakota, Oregon, South Dakota, Vermont, Washington and Wisconsin.

Under the program, ten-year agreements will be made with owners and operators of eligible wetlands.

G.F. Snowmobile Club To Sponsor Dystrophy Ride

Prairie Ramblers snowmobile club of Grand Forks is sponsoring 100-mile snowmobile ride for the benefit of those suffering from muscular dystrophy and related neuromuscular disorders covered by Muscular Dystrophy associations of America's patient services program.

Tom Hagness, president of the Prairie Ramblers, along with co-chairmen Charles Korsmo and John Hanson, are in charge of the event.

Registration will begin Sunday, February 24, at 8:30 a.m. at Rydell Chevrolet, Grand Forks, with departure at 9 a.m. Route will be to Hillsboro and return.

All snowmobile clubs or individual riders are invited to participate. Pledge forms are available at all snowmobile dealers in Grand Forks, or riders may write for them at P.O. Box 1782, Grand Forks, N.D., 58201.

BROOKS . . .

Mr. and Mrs. Aurel Parenteau, Mr. and Mrs. Marc Parenteau, Mr. and Mrs. Mike Parenteau, and Mr. and Mrs. Bud Schroeder enjoyed a dinner party Sunday to honor Mrs. Aurel Parenteau on her birthday.

Clarence Gagner is spending two weeks at Camp Ripley where he is receiving winter training.

Mr. and Mrs. Milton Reck attended the Marcou Safari on Saturday.

PROWLER GUARD Jerry Sandahl was given an extra hand in dribbling the ball by Crookston defender Jay Erie on this play during Friday night's exciting basketball game played in the Lincoln gym. Thief River Falls avenged an early 31 point 81-50 loss to Crookston by pulling out a last second 51-49 upset win over the highly regarded Pirates.

Newfolden Wins Two Basketball Games

Newfolden clobbered Badger 56-34 Friday night and then posted a big 69-42 triumph over Kennedy Saturday to stretch the Marshall County Central basketball winning streak to eight straight games.

The Nordics will put their 9-3 record on the line tomorrow (Tuesday) when Newfolden travels to Greenbush. The Nordics play at Middle River Friday.

Newfolden 56
Badger. 34

Newfolden opened up a 10-8 first quarter lead over Badger before moving out to a 25-12 halftime bulge. The Nordics led 39-24 after three quarters.

Dave Strandquist scored 16 points and pulled down 12 rebounds to lead the Newfolden efforts. Gary Kujanson added 12 points.

Newfolden shot 38 per cent from the field, hitting 23 of 60 attempts. Badger shot 32 per cent on 16 of 50 shots. Newfolden made 10 of 16 free throws while Badger made only two of 10 gift tosses. Newfolden held a 32-30 rebound edge.

Horseman Club To Be Organized In Middle River

Organizational meeting for anyone interested in horses will be held on February 7 at 7:30 p.m. at the Middle River American Legion club.

Purpose of the meeting will be to organize a club to promote the horse and equestrian in the Middle River area. Trail rides, horse shows and other activities have been discussed by interested persons.

There is a growing number of horsemen and horse enthusiasm in the Middle River area and all are welcome to come and discuss future plans.

Children are asked to be accompanied by their parents. Coffee will be served and door prizes given.

Jan. '74 Is 13 Degrees Colder Than Last Year

January 1974 was more than 13 degrees colder than January 1973 and more than five degrees colder than the 10 year average for the Thief River Falls area. This is particularly significant in view of the reported shortage of heating fuels with most dealers' allocations based on a month by month comparison with 1973.

The mean temperature for January 1974 was -5.225 degrees with an average daily high of 4.55 degrees and an average low of -15.0 degrees. The corresponding figures for 1973 were 8.05 degrees for the mean, 18.35 degrees for the high and -2.26 degrees for the low. The same statistics for the 10 average are -0.22 degrees for the mean, 10.00 degrees for the high and -10.61 degrees for the low.

One consolation for area residents is that there have been several recent years in which January has been as cold or colder. As recently as 1971, the January mean was -6.7 degrees with an average daily high of 1.8 degrees and a low of -15.2 degrees. January 1966 was even colder with a mean of -10.3 degrees, an average high of zero and an average daily low of -20.5 degrees. The highest reading for January 1966 was just 18 degrees, compared with a high of 28 degrees in January 1974.

January 1974 had 24 days recording a low which was below zero. That is about normal with the 10 year average at 24.6 days. However, on 12 days the daily high was also below zero. The corresponding average for the past 10 years is eight days.

With a high for the month of 28 degrees, the area did not have thawing temperatures even once during the month. Five of the past ten years had one or more days recording temperatures above 32 degrees. January 1973 had seven such days and a high of 40 degrees. The ten year average monthly high was 32.2 degrees.

The low reading for January 1974 was -38 degrees which is only slightly colder than the month's 10 year average low of -36.3 degrees. Five of the past 100 years have had low readings of -38 degrees or colder and January 1970 had a low of -44 degrees.

With unusually cold weather, snowmobilers had at least one factor in their favor. January began with and produced an adequate amount of snow for this winter sport. December had recorded a total snowfall of 10 inches and January followed with an additional 14 inches of white flakes.

When President Nixon delivered his State of the Union address Wednesday evening he spoke of the possibility of the winter "continuing" to be mild. Although it may be true that the country, as a whole, may be experiencing a mild winter, residents of northwestern Minnesota haven't seen much indication of it yet. Unless February warms considerably and improves the winter's average, this could prove to be one of the coldest seasons of recent years.

Expects Small Property Tax Increase In '74

Only a small increase is expected in local property tax levies this year, University of Minnesota extension economist Arley Waldo says.

Most local units of government are in a relatively good financial situation, partly because of increased state aid and federal revenue sharing payments.

School districts are probably less well off because of strict limits on local school tax increases, Waldo adds. More school districts will be faced with the prospect of holding referendums to get voter approval to increase tax levy limits.

On the state level, large spending programs or tax changes during this legislative session are unlikely, the economist says. With increased corporate profits, tax collections for the first six months of the current fiscal year are running about $41 million more than last year's projections.

Uncertainties in the state tax picture are the economic and energy situations and inflation, which increases government costs.

Celebrity Event To Raise March Of Dimes Funds

One of the largest gatherings of snowmobilers in Minnesota this year won't be for a race or an exhibition of new machines. It will be a fund-raising event to help in the March of Dimes fight against birth defects.

On the weekend of February 16 and 17 the second annual celebrity snowmobile marathon will take place at a ranch on the southern edge of Nemadji state forest, east of Sandstone. Between 400 and 500 snowmobilers will gather with 30 public figures from sports, media and business. Each celebrity will have donations pledged on the number of miles he or she can complete out of a possible 100. Riding with *them will be representatives* from snowmobile clubs that have held rides around the state which produced more than $50,000 for the March of Dimes last year.

Bobby Bryant, Minnesota Vikings football player, is general chairman and has mobilized the celebrities for the event and arranged many of the donations of supplies and machinery from snowmobile manufacturers and dealers.

"We expect this to demonstrate snowmobiling at its very best," says Bryant. "Speed is controlled for maximum fuel efficiency. Trail leaders are trained on the routes. Radio communications will keep each small group in touch with the bases, and there will be demonstrations of trail safety, survival, first aid and rescue."

Bases are at the ranch of Peter McGough, an avid snowmobiler and March of Dimes supporter, and the backwoods camp of Ralph Plaisted who led the 1968 snowmobile expedition to the North Pole.

Minnesota para-rescue team will direct first aid and safety services on the 180 miles of trails to be used during the weekend. They will join members of the Minnesota skydiver club to demonstrate parachuting and emergency rescue techniques on the final afternoon. Communications between all the workers at the marathon will be handled by Northstar React, a volunteer group of radio operators from the Twin Cities.

"The plan for the marathon started as a small idea," says chairman Bryant. "But the response from the people in the snowmobile industry, the para-rescue teams and especially the snowmobilers themselves was so fantastic that the event just kept getting bigger.

"Last years' event raised over $5,000 for the March of Dimes, but this year we expect to go much higher than that. The way everyone is responding, we only have to worry about the snow to make this event successful."

Non-Smokers To Have A Formal Bill Of Rights

One of the most encouraging signs in the campaign against smoking is the current push for recognition of non-smoker's rights, according to Dr. Warren Lawson, commissioner of the Minnesota department of health.

National interagency council on smoking and health has even come up with a formal "Non-Smoker's Bill of Rights." This maintains that non-smokers help protect the health, comfort and safety of everyone by insisting on the following rights:

(1) The right to breathe clean air, free from harmful and irritating tobacco smoke. This right supersedes the right to smoke when the two conflict.

(2) The right to express—firmly but politely—discomfort and adverse reactions to tobacco smoke. Non-smokers have the right to voice objections when smokers light up without asking permission.

(3) The right to take action through legislative channels, social pressures, or any other legitimate means—as individuals or in groups—to prevent or discourage smokers from polluting the atmosphere and to seek the restriction of smoking in public places.

Dr. Lawson credited increased activity for non-smoker's rights to new scientific evidence which shows that cigarette smoke can be harmful to non-smokers. Studies in smoke filled rooms indicate that the level of carbon monoxide may be in excess of the recommended limits for air pollution. Exposure to such concentrations of carbon monoxide, he added, can be a hazard to people suffering from allergies or heart and respiratory conditions.

Many people with none of these conditions, said Dr. Lawson, are discomforted by tobacco smoke. So it is a good sign that steps are being taken increasingly to protect non-smokers, especially in enclosed public places, public conveyances, and in many work situations.

SNO-FEST ROYALTY pictured at Friday's coronation at Lincoln high school are (left to right) Greg Leach and Marya Hallstrom, king and queen of the 1973-Sno-Fest; Brad Steiger and Sue Goddard, junior candidates; Joe Kezar and Kirki Charlson, king and queen representing the senior class; Mike Jury and Kris Gibson, sophomores; and Danny Hallstrom and Jodi Ranum, Freshmen.

Skarsten Recalls Life In TR Falls

(Editor's Note: M. O. Skarsten, of Forest Grove, Ore., an early Thief River Falls resident and educator in this community, recently wrote for the Times some of his recollections from teaching days in the Thief River Falls area. The series of articles created considerable reader interest and comment.

Today begins a series of chapters from Skarsten's autobiography which he has entitled "The Least of These". In the story he recalls his experiences in and around Thief River Falls and the life style of people in years gone by. Further chapters will be contained in later editions of the Times.

Chapter I

I remember so very well that summer day, back in 1904, seventy years ago. I had just come with my parents and brothers and sisters in the spring of the year to live in Thief River Falls. I was eleven years old. I walked on crutches. The crutches were too short for me.

It happened on that day that my mother sent me to the meat market to buy some sausage meat for supper. The amount of meat to be purchased could not have been over ten cents worth, but enough, in those days, to pay for the main course, howbeit meager, in a meal for eight people: Father; Mother; my three brothers; two sisters; and me.

I made my way along the boardwalk to the meat market. The meat market was about a mile from where we lived down by the tracks and the Great Northern turntable. The planks in the boardwalk were four feet long. They were laid crosswise. There were large cracks between each plank. When I walked on these planks I had to be careful to get the crutches onto the planks and not in the cracks between the planks. This was easy in the daytime, but it could be difficult at night. And in one place, for about two blocks, the boardwalk was two feet above the ground.

When I came to the meat market, I opened the screen door and stepped inside. From the ceiling of the little square room in which I found myself hung little curls of sticky flypaper dotted with flies.

I ordered the sausage meat. Because the crutches were too short for me, I leaned down on them as I stood and waited and as I watched the butcher measuring and weighing and wrapping up the meat. He was a big, heavy-set man with a round, rosy face and, as I remember, with no hair at all on the top of his head. He took his time wrapping up the meat and as he did so he kept his small, blue eyes fixed upon me in a dreamy sort of way. When finally he handed me the meat, he said, "Do you think you'll ever amount to anything?"

The question gave me a jolt. I do not remember what I said. I probably said nothing at all, but just walked out and made my way up Main street, then along the boardwalk to my home.

No one had ever hinted that I might never amount to anything; not my father or mother or Uncle George or anyone else. And it had never occurred to me to ask such a question myself. I was very happy, living, as I did, with my father and mother and brothers and sisters in that little white house by the tracks. The fact that I walked on crutches that were too short for me did not bother me at all. I did not have a care in the world.

No, I did not go swimming with my brothers, even though I was the oldest. I did not go on hikes with them into the woods. I did not play ball with them, although sometimes my brother Alf and I would play catch as I sat on the steps in front of our house. Even though I was nearsighted (which I did not know at the time), I learned to catch very well the ball that Alf threw at me, sometimes at considerable speed. It was seldom that I muffed any ball that came within my reach.

Also, in those days, I had an accordion, and I played that. I had a harmonica, and I played that. I even had a Jew's harp and played that. At night, after we were in bed, I would sometimes tell stories to my brothers and sisters.

I do not remember just how I got the idea that I should make a piece quilt; whether the idea simply occurred to me, or whether it had been planted in my mind by my mother. Anyhow, I made a piece quilt by hand. My mother said I could raffle it off. She said I could sell numbers on it. One hundred numbers at ten cents a number would bring ten dollars! I was to say that I had made the quilt myself, and that I was trying to earn money to see a doctor about my leg, which was as crooked as a bent stick.

I started my sales campaign in my own neighborhood, among the not so pretentious houses near the tracks. It was surprising what success I had. Hardly anybody turned me down. Each person took a number and seemed even glad to pay a dime for it.

But that was in my own neighborhood, where I was known. How would I fare when I started in among the well-to-do people in the better part of town? I dreaded the task.

But all went surprisingly well there, too. Oh, there were a few of those who answered my knock at the door (mostly women) who looked at me askance as though they were wondering what kind of ragamuffin had come to confront them now with a piece quilt which he said he had made himself. Of all the screwy ideas! A piece quilt? That he had made himself? Whoever heard of a boy making a piece quilt? Was it some kind of put-up job? Anyhow, the quilt was probably filthy, crummy, full of germs. No, thank you.

But something about the boy, or about his unheard of proposal, made some of those women stop for a second look. The boy was on crutches. The crutches were too short for him. There was a kind of honest, pathetic look in his eyes. And he was trying to raise money to see a doctor about his leg. So he had said. Hm....Wait a second. Most of the women went back into the house for the needed dime.

Some of them, more kindly disposed than the others, asked questions. Had this boy really made the quilt himself? Who was to be his doctor? One of them, after having gone into the house, came back with a quarter and did not want any change or more than one number. Surprisingly, my sales campaign went very well. In the matter of only a few days I had sold all the numbers. The quilt was duly and properly raffled off in the presence of witnesses. And I was made the richer by a sum slightly in excess of ten dollars. What happened to the money I do not remember. I presume it was laid aside to await the time when it could be used for the purpose for which it was intended.

(to Be Continued)

Minn. Highway Maps For 1974 Now Available

Now available for general free distribution is the new 1974 official Minnesota trunk highways map, said to be the state's most popular travel guide.

The new maps are available locally from regional district offices and maintenance area headquarters of the Minnesota department of highways, at the Moorhead, Dresbach, Beaver Creek and Thompson Hill travel information centers, and from chambers of commerce.

The new map may be obtained by mail by addressing a postcard to: Map, G-20 State Highway Building, St. Paul, Mn. 55155.

For those intending to vacation in Minnesota the map charts the locations of 75 state parks and wayside parks, of state and national forests, wildlife management areas, boundary waters canoe area and Indian reservations.

The new map has an index of Minnesota towns, a mileage table showing distances between major communities in the state, and a United States map indicating the mileage between St. Paul Minneapolis - and cities in other states over interstate routes and other through highways.

On the back of the map is an expanded inset depicting principal routes in the St. Paul - Minneapolis metropolitan area. Additional insets show the main routes in Albert Lea, Austin, Duluth, Faribault, Hibbing, Mankato, Moorhead, Owatonna, Rochester, St. Cloud, Virginia and Winona. Shown for the first time on a state map is the 3,283-mile 'backbone' highway network, slated for priority improvement over the next 20 years.

A larger version of the state map, in demand for display purposes by various firms, was not printed this year. However, the 40 by 46 official 1973 map is still available for $1, postpaid and tax included. Orders for large 1973 maps may be addressed to: Storeroom, B-20 State Highway Building, St. Paul, Mn. 55155.

STUDYING THE WORKS of a new keyless lock in his basement workshop is Clifford (Kip) Vigness, owner of Kip's Key shop in Thief River Falls. What started out as a hobby about eight years ago has grown into a home business which occupies most of his available time beyond a regular job at Consumers Cooperative in this city. Only a few of the hundreds of styles of keys in stock are shown in the background.

TRF Locksmith Says Security Is The Key

by Marvin Lundin
Times Editor

From people locked out of their house or car to someone locked inside a second floor bathroom, Clifford "Kip" Vigness has been the man to the rescue on a number of occasions. And in each case the local locksmith finds a new challenge and frequently a new customer for Kip's Key shop.

"When you deal with locks and keys you're dealing with people's security," Vigness said in a recent Times interview. "I like to think of the work as a profession and soemtimes it's a real challenge to accomplish a necessary job.

"I feel I should tell people that the cheapest lock isn't the best lock and that sometimes what is sold for a lock isn't a lock at all," he added. Unless a door lock has a dead bolt which must be actuated by a key or released by a key or other device it is not really a lock. Many house doors, for instance, can be easily opened in a few seconds if the locks do not have the dead bolt feature.

"You know, it's funny," Vigness said, "but a person can build an expensive house and pay attention to lots of details but not give any concern at all to locks on the doors. And it seems like most contractors are not too concerned about the locks they install. Really, for very little difference in cost, a much more secure lock could be installed when new homes are being built."

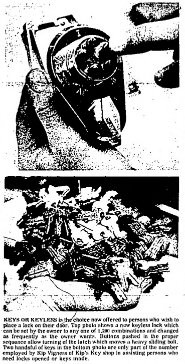
After an interest in lock mechanisms had led him toward a hobby of collecting locks and tinkering with them, Kip took up the study in earnest in the mid 1960's. Encouraged by local businessmen who frequently needed locksmithing work performed, he enrolled in a correspondence course from the Locksmithing Institute in New Jersey.

For two years he took monthly lessons from the school. He would recieve problems in the mail to be solved and returned and would be graded on the work he performed. He might receive a lock completely disassembled to be put back together, or a combination lock to be unlocked, or a lock for which a key had to be hand made. After study and final examination he received his locksmith certification.

To enroll in the course he needed the reference of three character witnesses who were contacted by the locksmithing institute. Before certification he had to be registered and fingerprinted by the local police department. And prior to opening his home shop he had to obtain neighborhood approval and receive a variance from the residential zoning ordinance from the city council.

During the schooling period he was still making keys by hand. Later he purchased his first key machine and a supply of 200 styles of blanks. Today the number of blank styles has multiplied several times, new equipment has been added to cut steel keys and skeleton-type keys

(Continued on Page 7)



KEYS OR KEYLESS is the choice now offered to persons who wish to place a lock on their door. Top photo shows a new keyless lock which can be set by the owner to any one of 1,200 combinations and changed as frequently as the owner wants. Buttons pushed in the proper sequence allow turning of the latch which moves a heavy sliding bolt. Two handsful of keys in the bottom photo are only part of the number employed by Kip Vigness of Kip's Key shop in assisting persons who need locks opened or keys made.

Eleven Freshmen Sno-Fest Events Net Over $1,000

Members of the freshmen class at Lincoln high school raised more than $1,000 through 11 separate projects during sno-fest fund raising activities. This was the second highest contribution with 25.88 per cent of the $4,200 total.

The event which raised the largest amount of money for the freshmen class was the fourteen night "camp-out" by Kirk Oseid and Eric Thorsgard. This was sponsored by downtown businesses and members of the freshman class.

An event which raised less money but produced noteworthy results was "best mom of the year" contest. Entrants submitted letters of 25 words or less as to why they believed their mothers were best. The winner was Kari Jablinski, daughter of Mr. and Mrs. Ray Jablinski and a third-grader at Washington elementary school. Her prize was a steak dinner for three at the Steak Knife.

Area Agencies Receive Grant

State health commissioner Dr. Warren Lawson announced recently that the Minnesota department of health has awarded $546,540 in grants for 34 projects by 25 local health agencies around the state. Some 38 agencies had requested a total of $1,122,340.

Agencies and funded projects from this area included Polk county nursing service, mobile health unit and Red Lake County public health sanitarium.

Alex Cwiklas Honor Dairymen In Marshall Co.

Honored dairyman award from Marshall county for 1974 will be presented to Alex Cwikla of Middle River according to Charles D. Peterson, county agent. Mr. and Mrs. Cwikla will be honored at the dairymen's banquet sponsored by the Red River Valley dairymen's associaton on February 15 at the Upper Deck in Crookston. This award is made annually to a dairyman in each of the counties in the Red River Valley winter shows area.

Alex Cwikla and his wife, Mimi, live on a diary, beef and small grain farm in Thief Lake township. They have lived on this farm since 1958, rearing a family of four children. The oldest, Lynette, is now married to Greg Jelle of Grygla. Randy, 19, Janie, 16 and Nancy, 14 are still at home.

The Cwiklas milk 26 grade holstein cows and are members of the Red Lake DHIA. Thier last year's herd average was 14,716 pounds of milk and 465 pounds of butter fat per head. The top five cows in the herd average about 18,000 pounds of milk annually.

The Cwiklas are members of the St. Joseph church of Middle River where Mimi is a member of the ladies aid and teaches religion classes. Alex is a past member of the Middle River school board, a trustee of the church, member of the RRV Holstein associaton and American Chianina association. They are also members of the Middle River Community club. Alex is a representative and inseminator for Curtis Breeders, Inc.

Area Vocational School Listed As Accredited

Thief River Falls area vocational-technical institute has been accredited by the office of education, U.S. department of health, education and welfare, according to a letter received by Arnt Aune, director of the institute.

As an eligible institution it may apply for participation in several programs administered by the bureau of higher education. These include the national direct student loan program, college work-study program, supplemental educational opportunity grants program, special programs for disadvantaged (talent search upward bound and special services) and cooperative education program.

Students who have been accepted for enrollment or are in good standing at the institute are also eligible for basic educational opportunity grants.

Notification of accreditation was received by Aune from Ruth W. Crowley, chief of the institutional eligibility unit, specialized and vocational schools accreditation and institutional eligibility staff of the bureau of higher education.

Students Attend Moorhead Event

Students, teachers and chaperones totaling 180 persons from Franklin middle school in Thief River Falls attended a concert by Doc Severinsen, the John Hersey high school band, Now Generation Brass and Today's Children Saturday at Alex Nemzek hall at Moorhead state college.

The concert was the concluding event of a music clinic which was also attended on Friday by Mike Mattson and Mike Lehrer of the Franklin school music faculty. Miss Marcia Knuttila and John Hustad were in charge of the student group.

Friday evening Lehrer and Mattson attended a closed rehearsal of the performing groups for which only 300 tickets were issued. The rehearsal lasted more than three hours.

Students attending the concert from the Franklin music department included the following:

Jim Harris, Greg Schmitke, Tom Peterson, Mary Kay Larson, Peter Lee, Jeff Liden, Deanne Waswick, Laurie Hanson, Shelley Torkelson, Diane Lahlum, Karen Forsberg, Jeff Thrall, Cindy Kjensrud, Deb Wassink, Kathy Myrold, Cindy Restad, Sue Hellie, Carol Anderson, Mike Philipp, Holli Drees, Steven

Deadline Feb. 15 To File For New Grain Allotment

February 15 is the deadline for filing for new wheat or feed grain allotments, according to Winton Knutson, chairman of the Pennington county ASC committee.

Grain farmers who have no wheat or feed grain allotments may apply for a new allotment at the county ASCS office before February 15.

To be eligible, farmers must earn 50 per cent or more of their income from the farm and have past growing experience in the crop which they are applying for, according Knutson.

Peterson Named To Head Home Nursing Service

Clarence Peterson of Goodridge was elected chairman of the board of Inter-County Nursing service at the monthly meeting held recently in Oklee.

Vice chairman of the three-county home care agency is Don Gagner of Mentor and secretary is Mrs. Connie Vatthauer of Red Lake Falls. Headquarters for the organization, which serves Pennington, Clearwater and Red Lake counties, are located in Bagley.

Inter-County Nursing service, which provides intermittent skilled nursing care, home health aide services and public health services in cooperation with area physicians, has been in existence since January of 1970.

Skilled nursing services and home health aide services are made available to area residents in their homes, primarily through the medicare program. These services are referred by, and under the direction of, the family physician.

Anyone wanting more information concerning home care is urged to contact Inter-County Nursing service in any of the three county courthouses. The agency is under the direction of Mrs. Karen Sollom, PHN, Bagley.

Present board of the nursing service is composed of the following members from each of the three counties:

Pennington—Otto Stenberg, county commissioner; Dr. Peter Johnson, Falls clinic; Mrs. Fran Stromberg, R.N.; Mrs. Joyce Fox, R.N.; Clarence Peterson and Carl Lindblom, both of Goodridge;

Clearwater—Dr. Erick Reeber, Bagley clinic; Hale Grabill, county commissioner; Ingvald Sveum and Dave Thorbeck;

Red Lake—Mrs. Connie Vatthauer; Mrs. Gladyce LaCrosse, LPN; and Don Gagner, county commissioner.

FHA Office To Close Thursday

Farmers Home administration office in Thief River Falls will be closed on Thursday from 8 a.m. to 5 p.m. for district meeting, according to Loren D. Luschen, county supervisor.

Three Juvenile Girls Caught In Forgery Spree

Personnel from the Pennington county sheriff's office have been investigating a number of recent incidents including a series of forgeries committed by three juvenile girls and a burglary at Arctic Sports.

Investigation has led to the identification of three girls, one 14 and two 15 years of age, who reportedly committed at least nine forgeries since early December. The crimes netted nearly $300. Five of the check blanks had been stolen, two had been discarded from a closed account and two were counter checks.

Investigation is continuing on a bruglary at Artic sports where someone broke a door to gain entry and steal a used eight horsepower Kohler engine and a carburetor. The stolen items had a combined value of $103.

A snowmobile belonging to Ernest Morben was stolen from in front of the St. Hilaire liquor store. Richard L. Johnson has been charged in connection with the incident.

25 Civil Cases Are On Court Calendar

TWENTY-FOUR YEARS as a firearms safety instructor earned recognition for Fred Mittelstadt (right) of Thief River Falls Monday evening. Al Paulson, conservation chairman of Ecklund-Holmstrom Post 117 of the American Legion, presented this plaque acknowledging Mittelstadt's years of service to area youth through the firearms safety program. Mittelstadt has worked without financial compensation, conducting classes each spring and fall to help prepare future sportsmen and women.

No criminal cases but 25 civil cases are included on the calendar for Pennington county district court scheduled to commence Wednesday, February 20, at 10 a.m. Judge Harley G. Swenson of Crookston will preside.

Criminal cases which are pending may be moved on to the calendar at a later date, according to Miss Ardith Johnson, clerk of district court. Civil cases listed in the calendar include the following:

Floyd Ball vs. Edward A. Mazurek; Richard A. Borgen vs. O. Kenneth Rolandson; Warren Brenna et al vs. Ernest T. Melvie; Nancy L. Carpenter vs. Randal J. Carpenter; Byron Dirks et al vs. Rodney Olson; Daniel Elleson et al vs. Apollo Mobile Home Sales et al; Lon R. Gobell et al vs. State Farm Mutual insurance company; Darren Grimm et al vs. James Ostby et al; Doris Harris vs. Farrell Harris; and William Paul Hogan vs. Peter Nicholas Tri;

Also Home Lumber company vs. Harold Klamer; Della Kjensrud et al vs. Richard Melby; Arthur Knutson vs. Michael James Solsten; Warren Larson vs. Caroline Larson; Carl Lee et al vs. Doma Corporation et al; Hollan McHam et al vs. General Motors, Inc., et al; Marvin Nelson vs. James Nepper vs. Rose Nelson; and Redeemer Lutheran church vs. Prichard Brothers, Inc., et al;

Also Clifford Rohlf vs. Thief River Auction, Inc.; Brunelle Rondorf et al vs. LaVerne O. Gislason et al; Charles Sharpe et al vs. Calvin E. Bradley et al; Sharon Westlake et al vs. Arlie Peterson vs. Mary Cathirine Ellsworth, Dale Widerstrand vs. Thomas Reierson; and James L. Williams et al vs. Pennington county fair association.

Jurors have been drawn for the court term and include the following:

Thief River Falls, Jesse Bakke, Milton Bakken, Edward Berggren, Ted Booth, Darlene Bottem, Mrs. Lois Bray, Elvin Dahl, Gladys Ewing, Sig Folkedahl, Tron Fonnest, Arnold Gunderson, Lyle Groslie, Rene Hanestad, Harvey Hanson, Mrs. Frank Heinze, Irvin Helgeland, Mrs. Leo Hipsher, Alice M. Johnson, Mrs. Gary Jordet and Ethel Josphson;

Also Mrs. LaVonne Kaushagen, Yvonne Keefe, Richard Kelly, Harland Knutson, Carl Lee, Ed Leiran Robert J. Lund, Ardith Mattson, Delphine Mongoven, Vernon Nelson, Robert Ohlhauser, Elody Olson, Allan Paulson, Elmer Poole, Kenneth Poole, Floyd Rux, Jim Schmidt, Leslie Snetting, Carol Torgerson, Agnes Tunheim and Duane Walton;

Goodridge—Mayer Holen, Mrs. Vernon Iverson, Dennis Kainz, Harry Paulson and Mrs. Ernest Race;

St. Hilaire—Glen Severe and Jon Swenson;

Red Lake Falls—Patsy Johnson.

Truck Shut-Down Is Felt In Area

Effects of the efforts by independent truckers to gain concessions in fuel prices or obtain a quicker way of passing increased costs on to shippers are being felt in the Thief River Falls community as well as other communities across the nation. And the area has not been without its reports of violence in connection with the attempted shutdown.

About 11 p.m. Sunday four tires were hit by gunfire on a truck traveling in the Mentor area on highway 2. Polk county sheriff's office and the state highway patrol have made an arrest in that incident and issued warnings to others who reportedly have threatened delivery truck drivers with violence.

Arrested and charged with property damage—a felony—was Gerald Audette of the Mentor area. He appeared in county court in Crookston Monday and posted bond of $500. Preliminary hearing was not set and no plea has been entered, according to John Winters, Polk county attorney.

The tires were shot on a truck driven by Arthur L. Ward of Gresham, Wis., on highway 2 about four miles west of Mentor. The state highway patrol stated that other truckers had been stopped illegally by a pickup containing yellow flashing lights and drivers warned to get their trucks off the road.

At least three Thief River Falls firms had discontinued operations for an indefinite period until some settlement is reached. Thief River Trucking, which handles livestock shipping, hasn't been operating for more than a week. Apprehension about damage to livestock for which the firm would be responsible and reported inavailability of fuel between here and the Twin Cities caused the cancellation of service.

Wedul Truck Lines, which would normally be operating about 10 trucks in its transport operation, shut down on Monday.

(Continued on Page 4)

Tradehome Shoe Store To Open In T.R. Falls

Remodeling is now well underway on the former Shape-Up store on LaBree avenue in Thief River Falls to house a branch store of Tradehome Shoe Stores, Inc.

"Donald Mains, who was in Thief River Falls this week to supervise some of the local activities of the St. Paul based operation, noted that the outlet here will be the company's 38th store and the furthest north location. Tradehome has been in business since 1921, Mains said.

Opening of the store is expected to take place about March 1.

Lawrence Campbell

Campbell Will Present Piano Clinic At NCC

Final arrangements have been made by Les Torgerson, director of music at Northland community college, for a piano clinic to be conducted by Lawrence Campbell on Tuesday at 1:15 p.m. in the college fine arts auditorium.

The clinic will open with a short performance by Campbell, followed by an open lecture-discussion with students and instructors. After this brief discussion, some outstanding area piano students will play for Campbell. He will then conduct a master class type of clinic open for observation to other students.

Area music directors have been sent invitations to encourage their piano students to participate in this clinic at no charge to the participants.

Lawrence Campbell is a native of Tennessee and upon completion of high school he entered the school of music at Northwestern university. He holds Bachelor of Music and a Master of Music degrees from that school.

Campbell has actively participated in competitions. In 1968 he won the Chicago Young Artists' competition, and was twice a finalist in the Allied Arts Piano competition sponsored by the Society of American Musicians.

The appearance of Lawrence Campbell will be capped by an evening concert at the Lincoln high school auditorium beginning at 8 p.m. He will play major selections from the works of Ludwig von Beethoven, Franz Liszt and Johannes Brahms. This is not a regular concert series presentation and tickets may be purchased at the door with prices for adults at $1 and 50 cents for students.

Five-Day Plan To Stop Smoking Offered Again

Five-day plan to stop smoking, sponsored by the health department of the Seventh-day Adventist church, will begin Sunday at 7:30 p.m. at the day-night unit of Northwestern Hospital services in Thief River Falls.

The five-day plan involves five consecutive days with a group therapy approach and meetings each evening at 7:30 p.m. It is open to anyone who is interested in breaking the smoking habit and the only charge, if any, would be a minimal charge for materials used in the program.

Dr. Leo Herber, who will participate in presentation of the program, noted that the course is being held on the 10th anniversary of the U.S. surgeon general's report on cigarette smoking and health.

Anyone can quit smoking, states a book by John F. Knight, M.D. "It requires determination and a lot of old-fashioned will power. For those who master the art, the pay-off is tremendous. They feel better, look better, enjoy living, develop an appetite, find what food really tastes like, and get rid of that eternal hacking cough. Life takes on a new look. They literally come alive. Life starts to swing. Really swing. Like to join the club?"

SOCIETY and CLUBS

60 Years Marked By TRF Federated Women's Club

January 25 marked 60 years since the formation of the Thief River Falls Federated Women's club. On that date in 1914, a group of civic minded women met in the Antlers' club rooms, later known as the Masonic hall, for the purpose of organizing a woman's club. Sixty women signed the constitution. Of these, only one, Mrs. G. W. (Linda) Booren of this city, is living. Mrs. W. R. Houg was selected as the club's first president.

Since it was strictly a service club, members worked for the betterment of the community. Mrs. W. W. Prichard, Jr., in an early summary of the club, wrote "Realizing the need of a rest room for the convenience of farmers and tourists, the club solicited the cooperation of the Commercial Club in maintaining one in the basement of Scandia Block at the cost of $15 a month. Businessmen donated approximately $300 towards furnishings and maintenance." It was noted that during those early years, the room was used by shoppers or tourists, not only from the surrounding towns but also from Bemidji, Lake City, Moorhead and Buffalo, Minn., Fargo, Edmore, Grand Forks and Wheelock, N.D., Canada, and the states of Florida, California, Illinois, and New York.

In 1916, the president of the city council requested that members of the club circulate a petition asking for the removal of hitching from the streets. They were asked to present the petition at the following council meeting.

The club donated $1,000 to the Park Board in 1929 with the stipulation that $600 be used to improve the pool at Tindolph park and $400 for the prospective pool at old mill race. A sum of $1,892.93 spent to lay a pipe from the dam to the mill race.

In 1934, during the time Mrs. W. W. (Lois) Prichard was president, the club was instrumental in the forming of the local Historical Society.

The first student loan granted by the Women's club was in 1952 when $100 was loaned to a student to complete college. After the death of Dr. G. H. Mayer-Oakes in 1955, his former students added to the fund and at that time the name of the fund was changed to Mayer-Oakes Student Loan Fund. The fund began with $672.66 and through the years grew to approximately $2,000.

The most recent club expenditure was in 1972 when the club donated $1,000 to Northland Community college for the purpose of purchasing ellipsoidal lights for the college theatre. The main community project now sponsored by the club is the State Crippled Childrens clinic held every year.

From the 60 charter members in 1914, the club grew to a membership of 289 in 1920. Separate groups were formed within the club for those with the same interests, such as art, current events, homemaking, music, cooking, decorating, reading, and etc. In 1947, there were eight such groups. At present time there are only three groups, the Laurel club with Mrs. George (Marie) Biddick as chairman; the DeCor club, headed by Mrs. Millard (Ellen) Peterson, and the Zehlians with Mrs. James (Kathy) Winjum, chairman. The three groups are governed by a council with each club having representation. Mrs. Millard Peterson is the current council chairman.

Before the constitution was changed and the council was formed, the club was ruled by an executive board, headed by a president. Women following Mrs. W. R. Hoag as president were: Mmes. O. L. Pitkin, L. G. Larson, H. A. Pratt, H. W. Froelich, Daniel Shaw, G. W. Biddick, Beatrice Hieber, Perl W. Mabey, George W. Booren, Randolph Arnold, Tobias Reep, H.A. Brummond, Andrew Bottelson, Charles Batchelder, Paul Lundgren, W. L. Carlisle, G. H. Mayer-Oakes, Theodore Quale, W. W. Prichard, T. C. Orme, and G. W. Vorachek;

Also Mmes. Jack McKechnie, Harold Rasmussen, L. W. Bennes, J. Arthur Johnson, Gunder Legvold, J. A. Wassgren, V. D. Borry, W. R. Ferber, Ray P. Jude, Richard Mabey, Millard Peterson, Willard Still, Miss Kay Barzen, Lawrence Maher, Rudolph Sagmoen, Burton Emmanuel, James Wiley, D. E. Lawrence, Robert Robarge, Miss Lyda Batten, T. L. Monroe, Herbert Halvorson, C. W. Vorachek, Leonard Hanson, Joe Dostal and Tom Reich.

Changing to the council form of government took place during the 1962-63 club year. Mrs. G. H. (Sara) Mayer-Oakes was the first council chairman.

In commenting on the work of the club through the years, Council Chairman Mrs. Peterson paid tribute to all who have worked so faithfully, especially to Mrs. G. W. Booren, Mrs. W. W. Prichard, Mrs. G. H. Mayer-Oakes, Mrs. Rudolph Sagmoen, and to the late Arthur Rambeck, for his work in organizing the Historical Society.

Linda Burger-Steve Larson Engagement Is Announced

Mr. and Mrs. Virgil Burger of Thief River Falls announce the engagement of their daughter, Linda, to Steve Larson, son of Mr and Mrs. Duane Larson of this city.

Both are graduates of Lincoln high school and are seniors at Bemidji State college.

A June wedding is being planned.

Stoltman And Cameron Plan A June Wedding

Mr. and Mrs. Hilary Stoltman of Thief River Falls announce the engagement of their daughter, Diane, to David Cameron, son of Mr. and Mrs. L. Cameron, also of Thief River Falls.

Miss Stoltman is a senior at Lincoln high school and a candidate for 1974 graduation. Her fiance is a 1971 graduate of Lincoln high school.

A June wedding is being planned

On Feb. 18, 1918, the 103d Aero (Pursuit) Squadron, WW I American Expeditionary Force, was formed with members of the Lafayette Escadrille and began operations at the front under tactical control of the French.

91st Birthday Is Observed By Hilma Stromberg

Mrs. Hilma Stromberg of this city was honored on Sunday afternoon when a group of relatives and friends gathered at her home to help her celebrate her 91st birthday.

Gifts, cards and refreshments were brought by the self-invited guests.

Present were Mr. and Mrs. Willard Stromberg, Mr. and Mrs. Ray Johnson, Dr. and Mrs. W. Kaisler, Mr. and Mrs. David Kloop and family, Mrs. Jennie Furuseth, Mrs. Irene Sustad, Mrs. Peggy Nicholson and Mrs. Ila DeLap;

Also Mrs. Julia Hoppe, Mrs. Emma Ward, Mrs. Anna King, Mrs. Art Gobell, all of this city; Mr. and Mrs. Don Berg and family of Terrebonne, Mr. and Mrs. Richard Lambert and family of Oklee, Mr. and Mrs. George Abbott of Erskine and Mike Radniecki of Redwood Falls.

Calling to extend best wishes was her daughter Mrs. Casmir Radniecki of Buenos Aires, Argentina.

Among the gifts opened by Mrs. Stromberg were those from the Radnieckies of Argentina, Mr. and Mrs. Jo Gable and family of San Diego, Calif., Mrs. Gina Furan, Pete Sorter, Mrs. Marlys Gillespie and Mr. and Mrs. Melvin Carlson, who were unable to attend.

On Feb. 15, 1962, an Air Force Minuteman missile set a new record for silo-launched ICBMs by flying 3900 miles, 300 miles farther than previous silo-launched vehicles.

Adam Gajadharsingh Is Baptized In Winnipeg

Adam Carl Gajadharsingh, son of Mr. and Mrs. Carl Gajadharsingh of Winnipeg, Man., Canada, was baptized Saturday, January 12, at St. Gerard's Catholic church in Winnipeg with Rev. Baudry officiating.

Sponsors were Mrs. Paul Bedard of this city and Frank Reichardt of Winnipeg, aunt and uncle of the child.

Attending the ceremony were the child's grandfather, Carl Reichardt and a number of aunts, uncles and cousins.

The parents of the child hosted an open house at their home following the baptism. Centering the table for the buffet supper was a cake baked and decorated by Mrs. Eugene Prestegaard of Thief River Falls.

S. Stock And D. Hanson Engagement Is Revealed

Lawrence Stock of Appleton announces the engagement of his daughter, Susan, to Darryl Hanson, son of Mr. and Mrs. Duane Hanson of Brooks.

The bride-elect is attending the Thief River Falls area vocational technical institute, enrolled in the medical secretarial course. Her fiance is employed by Tireland, Inc., in alignment.

A spring wedding is planned.

Stoskopf And DeMars Wedding Set For March 23

Mr. and Mrs. Donald E. Stoskopf of Warroad announce the engagement and forthcoming marriage of their daughter, Lila Lorraine, to Larry J. DeMars, son of Mr. and Mrs. Lawrence DeMars of Elk River.

A March 23 wedding is planned.

Miss Stoskopf is a cosmetology graduate of the Thief River Falls area vocational institute. She has also completed 300 hours of advanced cosmetology work for North Dakota credit, and is employed in this city at Gelene's Beauty shop.

DeMars is an aircraft mechanic student at the area vocational technical institute. He will graduate in March of this year.

The Times—growing with progressive Thief River Falls.

Mary Hagen-Glen Follett Vows Spoken In Moorhead

Marriage of Miss Mary Hagen and Glen Follett took place recently at the Lutheran church of the Good Shepherd in Moorhead.

Parents of the couple are Mr. and Mrs. Hilding Hagen of Moorhead and Mr. and Mrs. Charles Follett of Thief River Falls.

Rev. Robert Anderson of Moorhead and Rev. T. Ansgar Rykken, an uncle of the bride officiated at the double ring ceremony.

A guitar solo, "Prelude No. 4 E Minor", played by Clark Dyrud of Thief River Falls and a vocal solo, "Thanks Be To Thee", by the bride's mother preceded the ceremony. At the organ was Chuck Parsons. He played "Agincourt Hymn" as the processional and accompanied Bonnie Brustuen and Don Legrid as they sang "Lord Who At Cana's Wedding Feast." As the couple knelt at the altar, Mrs. Bain Robinson sang "The Lord's Prayer." For the processional, the assembled guests sang "Praise To The Lord".

The bride was escorted to the altar and given in marriage by her father. She, as well as the bridesmaids were attired in ivory colored knit gowns which she had made. Complementing the bride's gown was an overblouse of imported lace fashioned with jewel neckline and wrist-length sleeves. Matching lace formed her headpiece and edged her elbow-length veil. She carried a hand bouquet of varigated holly and stephanotis.

Becky Solum of Moorhead was the bride's personal attendant.

Attending the bride as maid of honor was her sister, Janet Hagen. Bridesmaids were Barbara Hagen, another sister, Linda Skurdal of Dickenson, N.D., and Julie Gilbertson of Bismarck, N.D., friends of the bride. Their identical ivory gowns featured wide pink sashes. Each attendant carried a single pink poinsettia.

Best man was Gary Follett of Tucson, Ariz., brother of the groom. Groomsmen were Rolf Christiansen and Bruce Stordahl of Moorhead and Clark Dyrud of Thief River Falls. Serving as ushers were Ernie Svenkerud and Mike Hudson. All wore black tuxedos with ivory ruffled shirts and white rose boutonnieres.

Guests of honor at the ceremony were Mrs. Harvey Wambheim of Hatton, N.D., grandmother of the bride, and Mrs. W. C. Follett of Fargo, N.D., grandmother of the groom.

The mother of the bride was attired in a Kelly green double knit floor-length gown trimmed with gold embroidery at the waist and cuffs. The mother of the groom wore a floor-length gown of Alice blue knit with scattered rhinestones trimming the bodice. Thier indentical corsages were of white orchids.

Following the ceremony, the parents of the bride hosted a reception in the church parlors for about 300 relatives and friends. Acting as host and hostess were Mr. and Mrs. John Wambheim, uncle and aunt of the bride. Punch was served by Joan Pitsenbarger, Laurie Honek, Mary Anseth and Kathy Rystad of Moorhead.

The four tiered wedding cake with ivory frosting patterned in Austrian lace, was cut and served by Mrs. Jerome Geving and Mrs. T. A. Rykken. Mrs. David Hagen, aunt of the bride, and Miss Thelma Hagen, aunt of the groom, poured.

After a wedding trip to Winnipeg, Canada, the couple is now at home at 620 North Main, in Thief River Falls. Photo, Grosz Studio, Moorhead

Clayton Troskey Infant To Be Feted At Shower

Anthony Clayton Troskey, infant son of Mr. and Mrs. Clayton Troskey, will be honored at a shower on Sunday.

The shower will be held from 2 to 5 p.m., at the Dennis Burkholder home at Holt.

Shirley Weber Is Highlanding's TOPS Queen

Shirley Weber was named Queen-of-the-Month at the meeting of the Highlanding TOPS club held Thursday at the George Horachek home. The selection of queen was based on the greatest weight loss for the month. Mrs. Weber had a loss of four pounds. She was unable to attend the meeting.

It was also noted that since the club was organized, there have been two births in the stork club division. On January 26, Delores Jensen had a son, Jeromy Dean, and on November 14, Donna Horachek had a daughter, Valerie Jean.

Present at Thursday's meeting were Ione and Linda Hofsted, Delores Johnsrud, Agnes and Cynthia Eidelbes, Sharon Hagen, Rose Sjulestad, Ann Heden, Armilla Lundeen and Donna Horachek.

Start a Heart Throb.

It's very simple. Especially on Valentine's Day. Just send her fresh flowers or a flowering plant. Or a corsage that'll go where she goes.

She'll appreciate their color, fragrance and beauty. And your thoughtfulness.

Stop by or call. We'll help you start something very beautiful.

Flowers and plants.
They're a natural for Valentine's Day, February 14.

FHA Loans Here Total $670,451 For First Half

County supervisor Loren D. Luschen of the Thief River Falls Farmers Home administration (FHA) office reported that loan activity for the period July 1, 1973 through Dec. 31, 1973 was $670,451. All but $42,601 of this money was loaned to farmers in Pennington and Red Lake counties to purchase farms, livestock and machinery, and for building or remodeling farm buildings and homes. The $42,601 was loaned to people in Pennington and Red Lake counties for buying, building or remodeling a home.

Five youth loans to 4-H and FFA members in the amount of $12,200 were approved so these young people could run an income-producing project in 4-H or FFA.

Luschen reported that requests for home loans is down from last year at this time which may be due to higher interest costs and construction costs. However, it is anticipated that activity will pick up in the second half. Rural housing loans are currently available from FHA for a period of 33 years at 8¼ per cent interest. People with adjusted income under $7,000 can qualify for a lower interest rate which FHA then adjusts every two years according to income.

Farm ownership loans are still available at five per cent interest rate with terms up to 40 years. Operating loans are available at 6.75 per cent interest with up to seven years to repay.

Luschen reported that there is still an adequate supply of loan funds for farm loans. However, it is anticipated that loan requests from farmers will increase substantially the second half as money is needed to purchase seed, fertilizer and pay other operating expenses and as farmers borrow money to buy land or improve their buildings.

Persons desiring more information on FHA loans available should contact the FHA office located on Dale street in Thief River Falls or the FHA office that serves their county.

IRS Office Has New Location

R.C. Voskuil, district director of internal revenue for Minnesota, announced recently that the internal revenue office in Crookston was moved February 1 from its location at Room 202, Federal Building, to 202 South Main street, around the corner from the water company offices.

"The new and better facilities will be on the first floor which will be more convenient for taxpayers, who will not have to climb stairs," Voskuil said.

Zion Church Women To Hear Mrs. Russell

"Being a Friend" will be the theme of the program at the monthly meeting of the Zion Lutheran Church Women set for Tuesday at 8 p.m., at the church.

Guest speaker at the meeting will be Mrs. Oncallee Russell, teacher at Mark Twain. Her topic will be "Teaching the Deaf."

Everyone is welcome to attend.

Our Savior's WMF Will Host National Meet

Our Savior's Lutheran Church Women met January 31 at the Judith Wold home to plan for the annual meeting of the National Women's Missionary Federation to be held in Thief River Falls this spring. The meeting will be held in conjunction with the annual meeting of the National Association of Free Lutheran Churches also scheduled to be held here June 12-16.

The Association of Free Lutheran Churches was organized in Thief River Falls in 1962. The group is composed of conservative Lutherans who found it necessary to withdraw from the organized Lutheran Churches in order to hold to a literal interpretation of the Bible. The membership has grown to 130 churches. The last annual meeting was held in Ferndale, Washington.

Mrs. Maurits Scholin is WMF President at Our Savior's Lutheran Church.

Tim Kassas Win Square Dance Badge Contest

Winners of the badge contest were announced at the meeting of the Swingin' Squares square dance club held January 25 at the Village hall in Goodridge.

Winning the contest by designing the club badge were Mr. and Mrs. Tim Kassa.

Dances are held every Friday evening at the Goodridge village hall with Jim Kooyer of Detroit Lakes calling the tips. Dancing begins at 8:30 p.m.

LOCAL NEWS

Mr. and Mrs. August Gustufson of Duluth and his sister Mrs. Minnie Forsberg of Viking were visitors Sunday afternoon at the Warner Jacobson home in this city. Mr. and Mrs. Gustufson were here to attend the funeral for his sister Mrs. Olnus Matson. When Mr. and Mrs. Gustufson returned to Duluth on Monday they were accompanied by Mrs. Forsberg who will be visiting with relatives in Minneapolis.

GIRL SCOUT ACTIVITIES

One hundred twenty-seven Brownie scouts from Thief River Falls, St. Hilaire and Newfolden participated in the "Brownie bounce" recently held at the Thief River Falls city auditorium. The event was hosted by Senior scout troop 158 with help from Cadette volunteers.

Girls participating in the event received instruction in knot tying and knife safety. They also played games and sang songs. A program was presented with songs or skits performed by each Brownie troop.

Leaders attending were Mrs. LeRoy Bugge, Mrs. O. Green, Mrs. M. Treudeau, Mrs. David Thompson, Mrs. Charles Lofton, Mrs. Clayton Thompson, Mrs. C. Danielson, Mrs. D. Miller, Mrs. J. Page, Mrs. Barry Fellman, Mrs. Jerry Amundgaard, Mrs. Harold Walle, Mrs. Dunne Glass and Mrs. James Nepper from Thief River Falls, Mrs. Durwood Erickson of St. Hilaire and Mrs. Gene Busch, Mrs. Dunne Gustafson, Mrs. Leslie Folden and Mrs. Bertyl Pederson of Newfolden were present with their troops

Mrs. Robert Anderson was recently named as the new leader of the second grade Brownie troop of Northrop school. Mothers of the scouts will take turns assisting Mrs. Anderson.

Recent troop activities include making fuzzy faced pins for the girls to wear on their coats or dresses. They are also starting to write poems for valentines they will be making soon.

REBECCA K. FLEEGEL, daughter of Mr. and Mrs. Willard Fleegel of Thief River Falls, has been named Lincoln high school's Betty Crocker homemaker of tomorrow for 1974. She won the honor for her score in a written knowledge and attitude examination administered throughout the country on December 4. She is also eligible for consideration for state and national honors.

CORRECTION

An error was made in Monday's Times in the article regarding the film series being shown by the Retired Teachers. The films will be shown at the regular meetings of the Retired Teachers set for 1:30 p.m., the third Wednesday of the month at the Public Library meeting room. The same film will be shown the following Friday at the meeting of the Senior Citizens at the recreation room at the Skylite apartments.

Christian Bros. Have Increased Sales For '73

Christian Brothers, Inc., Warroad, announce an 87 per cent increase in sales for the six-month period ending Sept. 30, 1973, says Hal Bakke, president.

Revenues for the period were $418,148, up 87 per cent from $221,635 in 1972. Mid-year earnings were $39,837 or 14½ cents per share, compared with $25,376 or 9½ cents per share in 1972.

The company reports a backlog of orders for the third and fourth quarters. Christian brothers is a manufacturer of hockey sticks in Warroad.

Apply At Deputy Registrars For License Plates

Late plate buyers who want to be sure to have them by March 1 should apply at the deputy registrars, Minnesota department of public safety commissioner W. R. Hoaglund cautioned recently.

"Those who apply by mail after February 5 cannot be sure of receiving them before the March 1 deadline," Hoaglund added.

"Though our Motor Vehicle division is handling the rush very well this year, the combination of heavy last-minute mailings and a holiday on February 18 puts a strain on our mail crews.

"So for those who have not yet applied for their 1974 plates, we suggest that you can be sure of receiving them on time if you go to your deputy registrar. There are 22 of them scattered throughout the Twin Cities metropolitan area and at least one in each county seat outstate

NCC Extramural Teams Compete In Mesabi Meet

Northland community college teams competed in a recent extramural tournament at Mesabi community college in Virginia January 30. The tournament consisted of competition in men's and women's table tennis (singles and doubles), badminton (singles and doubles) and bowling.

Steve Beich (freshman, Thief River Falls) placed first in the men's singles table tennis competition. Other Northland winners in the table tennis competition were Yvonne Klegstad (sophomore, Hallock) and Jean Weidner (freshman, Park Rapids) who captured first place in women's doubles. Klegstad and Weidner also placed third and fourth respectively in the singles competition. Northland men's double team of Beich and Bryce Ernst placed third. Eight community colleges participated in the table tennis tournament.

Northland women's badminton doubles team of Sue Czech (freshman, Red Lake Falls) and Myra Sabo (freshman, Thief River Falls) finished second behind Mesabi. Richard Skallet (freshman, Thief River Falls) also placed second in the men's singles competition. Another second place finish was recorded by Skallet and Ken Lindblom (freshman, Goodridge) in the men's doubles competition. Five community colleges were represented in the badminton tournament.

Northland's bowling team led the competition most of the day but were edged out by Rainy River by 24 pins. Team members for Northland consisted of Deb Fanfulik (freshman, St. Hilaire), Pam Kjensrud (freshman, Thief River Falls), Vern Lindquist (sophomore, St. Hilaire), Mark Metusalem (sophomore, Thief River Falls) and Steve Gonshorowski (freshman, Greenbush). High games for the day from the Northland team were recorded by Fanfulik with a 151 and Linquist with a 224. Seven colleges were represented in the bowling competition.

SBA Man To Be In Bemidji On February 14th

Perwin Knutson loan officer with the Small Business administration, will be in Bemidji on February 14 to talk to small businessmen about SBA loans.

Knutson will be in Bemidji on the second Thursday of each month for this purpose. An appointment to see him can be made by calling or writing to the Bemidji Chamber of Commerce, Bemidji Avenue and Third Street, or calling 751-3540.

Beef Cow-Calf Producers To Meet Feb. 11

Special seminar for beef cow-calf producers is scheduled for February 11 at the ag research center, Northwest experiment station, Crookston, according to Wayne Odegaard, Pennington county associate extension agent.

This will be a very useful and informative session for cow-calf producers, Odegaard said. The seminar will begin at 9:30 a.m. and will be completed by 3 p.m. A number of topics relating to feeding, breeding and management will be discussed by extension animal scientists, agronomists and economists.

Area MSBA To Meet Here Tues.

Area negotiations meeting of the Minnesota school boards association will be held in Thief River Falls' Lincoln high school cafeteria Tuesday at 7:30 p.m., according to James L. Jacobs, MSBA administrative assistant. Thief River Falls board of education will host the meeting which is expected to be about two hours in length.

Strandquist Is Speaker Monday At Rotary Club

Ervin Strandquist, chairman of the Region I commission, reviewed activities of the commission and background leading to its formation at the noon meeting of the Thief River Falls Rotary club on Monday.

Strandquist noted that Gene Abbott of Crookston, Polk county grantsman who had been active in formation of the commission, has been hired at the January meeting as its executive director. He said that the commission had received many applications for the position.

In his review, the regional chairman explained that legislative changes in the law had been made to permit regions to organize within themselves, elect their own members and select their own chairman. The commission is comprised of a county commissioner, township officer and mayor or councilman from each county and two school board members elected at large.

Strandquist said that role of the commission in acting on grant applications has not yet been fully established, and added that any changes which may be deemed necessary could likely be obtained through the state legislature.

Cynthia Kenner On Dean's List

Cynthia Rae Kenner, daughter of Mr. and Mrs. J. Raymond Kenner, rural Gatzke, has been named to the dean's honor roll for the 1973 fall semester. She has a perfect 4.0 grade point average for that semester at Abilene Christian college in Texas.

Miss Kenner is a senior biology major and a 1970 graduate of Trinidad high school. She is among 542 students who enrolled in at least 12 semester hours and held a grade point average of at least 3.45 on a 4.0 scale.

Pipe Line Has Net Income Of $47.8 Million

Interprovincial Pipe Line limited announced recently that consolidated net income (unaudited) for 1973 amounted to $47.8 million, equivalent to $1.87 per share. In 1972 the company earned $40.1 million or $1.57 per share.

Deliveries of crude oil, natural gas liquids, and refined products during the year averaged 1,377,400 barrels per day as compared to 1,115,500 b-d averaged in 1972. The 1973 volumes include the 5 million barrels of crude shipped by lake tanker from Sarnia and the Toronto area to the Montreal and Quebec City refineries in the fall of 1973.

Expenditures on plant and equipment totalled $94 million as compared to $66 million in 1972. A further $7 million will be expended in 1974 to complete the 203 miles of 48-inch loops and pumping station additions started in 1973.

Survey and acquisition of right-of-way is underway on the proposed 520-mile 30-inch extension of the pipe line system from Sarnia to Montreal and it is expected that an application will be filed with the National Energy Board before the middle of March.

A quarterly dividend of 30 cents per share payable March 1, to shareholders of record on February 11 was declared recently.

Gonvick Plant To Hold Open House Feb. 8-9

Open house at the Northern Sun Products company plant at Gonvick on February 8 and 9 will provide an opportunity for interested growers to visit the plant facilities and become acquainted with the management.

Northern Sun Products is especially interested in having the people of the tri-state area meet Tom Anderson and Mike Mullan, who have recently become affiliated with the company. They will be working throughout the area as field representatives. Both are natives of the northwest, with Anderson having an agricultural background, including experience in the production of sunflowers.

Primary interest of Northern Sun Products company is in the extraction of oil and producton of high protein livestock feeds. The company will direct its efforts in creating a solid year around market for sunflowers. The bird seed division of the plant has been leased to the Austin Seed and Sunflower company, which will be providing a variety of services to farmers throughout the area, such as custom seed cleaning, planting, seed sales, fertilizer and farm chemicals.

Truck Shut-Down Felt In Area; Violence Flares

(Continued from Page 1)

Maynard Wedul said the action was taken for two reasons—a belief in some of the goals which truckers are seeking and potential danger to drivers and equipment.

He said that the rise in diesel fuel prices from 27.9 cents a gallon to 47.9 cents now have created a real hardship for truck operators, particularly since they must go through channels of the Interstate Commerce commission or Minnesota public service commission to obtain approval of rate increases. These applications usually take 30 days or more to be processed, he said.

North Star Transport, which operates out of several terminals including Thief River Falls, has also decided not to dispatch for an indefinite period. The firm has had some of its trucks stopped at roadblocks and the suggestion made to drivers that they get their rigs off the road.

L. B. Hartz wholesale, Bridgeman's and Thief River Jobbing all reportedly had trucks stopped in the Baudette area Tuesday and two turned back to Thief River Falls. The other was given police escort out of Baudette and continued on its way. Other local firms contacted said their future action was uncertain but that there had been contacts made with their trucks on the road and some interruption of service seemed inevitable.

Minnesota highway patrol noted that a number of trucks were rolling last night with the patrol on alert along routes to the Twin Cities and elsewhere. In some cases the trucks were traveling in convoys of six to 10 as a safeguard against violence. The patrol said activity had been light since Tuesday morning but admitted that there had been a noticeable decrease in the volume of truck traffic.

In addition to the tire shooting incident by Mentor Sunday, other reports of shooting at trucks had been received from the Ogema area and between Crookston and East Grand Forks on highway 2. In at least the latter case the report was unconfirmed since it could not be determined that the truck was hit. Rumors of tire slashing in the parking lot of a Thief River Falls restaurant were also unconfirmed.

Surprisingly little interruption of truck deliveries into Thief River Falls has been reported. Local supermarkets report no difficulty in receiving shipments with the possible exception of meat from certain suppliers. Curtailment of livestock shipment is expected to more greatly affect the meat industry in the near future.

Fuel deliveries have been interrupted to some degree and shortages could result in specific fuels in particular circumstances, although no general difficulty has been reported.

STUDENTS from Lincoln high school saw the final step in their recent fund raising efforts yesterday (Tuesday) when Greg Sorenson (right), student senate president, presented two checks, each for $2,100, to Evan Armstrong, director of the Thief River Falls day activity center, and Marion Mabey, Pennington county chairman for the March of Dimes. As is indicated by the $4,200 total raised, the students received wide community support and young people working on sno-fest fund-raising activities have expressed their appreciation for the help provided by many people and businesses. It is noteworthy that this amount of money was raised (according to sno-fest participation rules) by selling products or services and without soliciting direct contributions.

CAREER DEVELOPMENT conference held recently in Moorhead gave the above students from the Thief River Falls area vocational-technical institute an opportunity to win some of the top placings in competition. Larry Paulson (left) and Myron Narlock (center) placed in the top group in advertising campaign competiton and Roger Mandt was among the top four in the sales representative contest.

Mille Lacs Lake Has Over 4,000 Fish Shelters

Department of natural resources counted 4,071 ice fishing shelters on Mille Lacs lake this winter, an increase over the 3,830 recorded last winter.

In the winter of 1971-72, a shelter census revealed 5,470—the highest total on record.

The count is made annually

AVTI Students Place Among Top In Competition

Three students from the Thief River Falls area vocational-technical institute received top placings when sales, marketing and management students from the AVTI participated in the first annual Western and Northern district career development conference held in Moorhead late last week.

Myron Narlock and Larry Paulson in advertising campaign and Roger Mandt in sales representative programs placed among the top four in their respective groups. There were no first, second or third placings listed.

Other students entering competition from Thief River Falls AVTI were Gloriann Larson, managment decision making in general merchandising; Hil Nowacki, managment decision making in human relations; Jeff Fournier, speech; and Pat Anderson and Chuck Fisher, marketing problem team.

More than 200 members of distributive education clubs of America (DECA) in 13 schools were entered in the competition in preparation for their state career development conference to be held at the Radisson hotel in Minneapolis February 27 through March 2.

The students stayed at the Ramada Inn in Moorhead where an awards banquet was held Thursday evening, followed by a dance. A luncheon on Friday afternoon closed the activities with four speakers from Fargo-Moorhead businesses and one from NDSU on the program.

Students also attended workshops on shoplifting, real estate, advertising, owning a business and a general workshop conducted by Success Motivation Institute, Inc.

Funds to send students to Moorhead and to Minneapolis came through the DECA club's "Funds-A-Poppin" popcorn drive.

Hot Lunch Menu At Goodridge

Monday, Feb. 11: Sloppy joes, French fries, fruit cocktail, milk.

Tuesday, Feb. 12: Beef stew, baking powder biscuits, fruited lime jello, bread and butter, milk.

Wednesday, Feb. 13: Meat loaf, potatoes, green beans, bread and butter, orange juice, milk.

Thursday, Feb. 14: Bean soup, soda crackers, cheese slices, bread and butter, doughnuts.

Friday, Feb 15: Potato salad, dill pickles, bananas, tuna sandwiches, bread and butter.

On Feb. 17, 1944, the first night bombing attack in the history of U.S. carrier aviation was carried out against Japanese emplacements on Truk during WW II.

SWCD At Grygla Holds Annual Meet Recently

Marshall-Beltrami Soil and Water conservation district held it's annual meeting Jan. 31, with about 50 people in attendance. Chairman Lyndon Magnuson reviewed operations for the last year.

Special presentations were made to Grant Satre for having served 10 years as a district supervisor and to the conservation family, Mr. and Mrs. Palmer Holte.

Mrs. Norma Hanson brought a film "There Oughta Be A Law" which was shown at the beginning of the meeting. In her talk, following the business meeting, Mrs. Hanson referred to the way laws are passed and some of the proposals being considered this year in the legislature. She told of the many committee meetings and the study of bills that legislators do to keep informed.

Coffee and doughnuts furnished by Rivers Steel company of Thief River Falls were served following the meeting.

On Feb. 9, 1962, a Military Air Transport Service Boeing 707 set a new record for commercial planes by flying from Hawaii to California in 3 hours 49 minutes with 159 passengers aboard.

School Children Who Ride Buses Should Be Seen

Many a driver on his way to work these dark mornings is startled by dark figures standing on the edge of the highway. Those who drive regularly know that these are school children waiting for the bus, but as one driver said, "it does shake you up when you come upon them suddenly and you're never sure if one of them will dart onto the highway."

Parents of children who ride buses should be just as concerned about the youngster's visibility as of those who walk to school in the morning darkness, Minnesota department of public safety commissioner W.R. Hoaglund warned recently.

"The situation for bus riders could be much more critical because in most cases, traffic on country roads is moving at higher speeds and there is no roadway lighting, as in the cities.

"The drivers of school buses also are encountering difficulties in spotting their riders. One driver told us that he knows just how many youngsters will be waiting for him at each stop, but he must always look carefully for the one who is late and still coming down a dark driveway to meet the bus. Then too, he said, he must be especially watchful for those who cross the highway to board his bus. If they're wearing dark clothing, they're very difficult to see."

Hoaglund advised all parents to apply reflective materials to the outer clothing of all school children, whether they walk to school or wait for a bus. If these materials are not available at local stores, they can be obtained from the Minnesota Safety Counci, 315 Hamm Building, St. Paul.

Services Today At Oklee For Willie Brekke

Willie Brekke, 75, of Oklee, a retired heavy construction worker, died Monday at his home in Equality township, Red Lake county.

Funeral services for Willie Brekke were held today (Wednesday) at 2 p.m., at the Peterson Funeral home at Oklee, with Rev. Behren officiating. Interment will be in the Clearwater Lutheran church cemetery, near Oklee.

Pallbearers were Knute Rolandson, Alvin Fore, Orlo Lindvet, Gilmer Oftelie, Raymond Oftelie and George Walker.

Willie Brekke was born April 12, 1898 in rural Oklee. He worked on heavy constrution in his early years and had been retired for some time. He never married.

He was a member of the Clearwater Lutheran church.

He is survived by two brothers: Selmer Brekke of Oklee and Thorvald of Gully; a sister, Mrs. Arnold (Signe) Johnson of Silverdale, Wash.; and several nieces and nephews.

Rites Held In Oregon For Mrs. Paul Kristiansen

Mrs. Paul Kristiansen, 73, of Bend, Ore., and formerly of Thief River Falls, died January 31 after a brief illness.

Funeral services for Mrs. Paul Kristiansen were held Saturday at Bend.

Mrs. Kristiansen, the former Ingeborg Erlandsen, was born April 4, 1901 in Grimstad, Norway. She immigrated to America in 1922, settling in Brooklyn, N.Y. In 1930, she was married to Paul Kristiansen. The couple lived in Brooklyn until 1944 when they moved to Karlstad. Eight years later, they came to Thief River Falls and since 1960, they have resided in Bend, Ore.

She is survived by her husband, whose address is Rt. 3, Box 1000, Bend, Ore.; three daughters: Grace and Ethel of Bend, and Lillian of Seattle, Wash., a son, Paul, Jr., and two granddaughters: Anne and Sara, all of Seattle, Wash., and one brother.

N. Ellingson, Once Highlanding Resident, Dies

Norman G. Ellingson, 58, formerly of the Highlanding community, died in Seattle, Wash., January 21, following surgery. Funeral services were held at Yarington's White Center funeral home near Seattle.

Norman G. Ellingson, a son of the late Andrew and Signe Ellingson, was born March 30, 1915 at Highlanding. He was married to Alice Mandt of River Valley. The Ellingsons left this area in 1943 and since then have made thier home in Seattle, Wash.

He was a member of the FOE lodge 2368 of Thief River Falls.

He is survived by his wife, a daughter, Mrs. Sandra Joechs; two grandchildren; three brothers: Leo and Clarence Ellingson, both of Goodridge, and Roy of Superior, Wis.; and two sisters: Mrs. Olof (Alice) Bratland of Superior, Wis., and Mrs. Robert (Almira) Joanis of Waconia.

In addition to his parents, he was preceded in death by one sister.

Gust Peterson, Once Of Area, Dies In Seattle

Gust C. Peterson, 90, formerly of rural Red Lake Falls, died January 25 at Seattle, Wash.

Funeral services for Gust C. Peterson were held January 28 at the Grace Lutheran church in Seattle with Rev. Luther Weindorf officiating.

Pallbearers were six grandsons: Mark, Ronald and Brian Peterson and Jerry, Donald and Jeffrey Wentz.

Gust C. Peterson was born Nov. 4, 1883 in Smaland, Sweden to Peter and Hannah Anderson. After the death of his parents, Peterson and his two younger brothers immigrated to the United States in 1902. They lived for a time in Illinois and Minneapolis before homesteading in Kidder county North Dakota. He was married in 1915 to Maria Heiden. The family moved to a farm south of Red Lake Falls in 1940. There they resided until 1947 when they moved to Grand Forks and later to Seattle, Wash.

Surviving are his wife, six sons: Fritz, Kenneth and Allen Peterson of Seattle, Melvin of Bemidji, Floyd of Appleton, Wis., and Lester of San Jose, Calif.; and four daughters: Mrs. Larry (Alice) of Longview, Wash., Mrs. Jerald (Marion) Kaltenberg of Crookston, Mrs. Robert (Rose) Peterson of Mentor and Mrs. George (Hazel) Ollie of Plummer.

Attending the services from this area were Mrs. Robert Peterson of Mentor and Mrs. George Ollie of Plummer.

Mrs. Kezar, 29, Formerly Of TRF, Dies In Oregon

Mrs. Irving (Marlene) Kezar, 29, of Forest Grove, Ore., daughter of Mr. and Mrs. Marvin Gustafson of this city, died Monday at the Forest Grove Community hospital.

Funeral services for Mrs. Irving Kezar will be held in the Calvary Lutheran church in Hillsboro, Ore. Interment will be in Thief River Falls with the Green Funeral home in charge of local arrangements.

Surviving, in addition to her parents, are her husband, a son, Mark; one sister and a brother.

Skarsten Series Continues Today

(Editor's Note: This is the second in a series of articles in the autobiography of M. O. Skarsten, early Thief River Falls resident and educator in this community.)

Chapter Two

Eventually I did go to see a doctor about my leg. The doctor was Arthur J. Gillette, orthopedic specialist, St. Paul. He put me to bed in St. Luke's hospital. There, for fourteen weeks, I lay on the flat of my back, with my bum leg on an inclined board. To the end of the leg was fastened a weight that hung down over the end of the bed. The weight exerted a steady pull on the leg itself. By the end of the fourteenth week the leg was as straight as the other one.

Dr. Gillette then fitted me out with a brace. The brace consisted of a metal rod that extended down the outside of my leg from the hip to below the ankle. To the upper end of the rod a padded iron band had been fastened. This band encircled my body. From this band, stout cotton straps, front and back, extended down and around my crotch. A strap above the knee, and straps fastened to the shoe I wore, held the brace in place. With this contraption I was able to walk without stepping on my bum leg at all. In fact, for every step I took, I actually sat in those straps.

That brace became a boon companion. I wore it night and day, shoe and all, for three years. It enabled me to get around. It aided me in playing baseball on the vacant lot. It stood me in stead when I played a grueling game we called shinny. I abused it terribly. More than once it broke.

But I was happy. I did not have a care in the world. Nevertheless, after three years, when I was finally permitted to take that brace off, I was thrilled almost beyond my ability to believe that I could walk quite easily without any discomfort whatever. In short, even though the hip was still stiff, I was soon to discover that I could actually run!

As I have already indicated, it was in the spring of 1904 that I came with my parents and brothers and sisters to live in Thief River Falls. That was shortly before the Chippewa Indians were vacated from their village on Squaw Point at the forks of Thief and Red Lake rivers. I can remember those Indians peddling walleyed pike around the neighborhoods, including the neighborhood in which I lived. There must have been thousands upon thousands of fish in those rivers: big; shiny; as tasty as any trout.

Even though I could get around, I did not, at first, roam around very far with the other boys. I stayed pretty much at home, and was often left pretty much to myself. I amused myself in various ways, however. I built kites and flew these high over the town. By jerking on the string that held the kite, I could separate from the kite a bandanna handkerchief that I had tied to the tail, and I would watch in sheer ecstasy as that handkerchief floated to the ground in as graceful a parachute as you could wish to see (I did not send these parachutes down when the kite was over the town, however).

I made windmills and watched and listened to these as they whirled in the wind. I made a pea shooter, the size and shape of a pistol, with a safety pin for a trigger and a rubber band for popping out the pea. I found enjoyment in pushing a small wheel along the sidewalk with a stick, to the lower end of which I had attached a crosspiece. With a slingshot I took pleasure in shooting rocks at posts, trees, tin cans and other targets. I made tops and watched these spin.

By folding paper in certain intricate ways I made hats, boats and bowshaped neckties. I performed various stunts with strings; one of which was to thread a string through two of the holes in a button, and then, by pulling the string as if it were a rubber band, make the button turn like a wheel at a speed high enough to produce a humming sound. I found pleasure in rolling a string of marbles along the groove of a kettle lid, pretending the marbles were a train. I played marbles with other boys, for keeps or otherwise.

One game in which I became somewhat proficient was that of throwing a pocket knife from various positions in such manner as to make the blade stick in the ground. This game was generally played against an opponent. Whoever completed the various "stunts" first won the game. I can recall so very vividly one summer afternoon when I played one of the neighbor boys thirty-three games at a penny per game—and won every game. I made no attempt, however, at collecting the money I had won. More than likely, my opponent did not have any. Neither did I.

Alf and I learned to send messages to each other in Morse code by pressing against the bottoms of tin cans (such as tomato cans) in such manner as to make the bottoms click. I remember, also, that I read a few books, including "Robinson Crusoe", "Swiss Family Robinson," "The Adventures of Tom Sawyer", "Huckleberry Finn" and others. I even began to keep a diary, in Norse, and brought it up to date by giving a brief account of my life; and, by the way, I have that diary to this day.

There were times when the children in our neighborhood played "Tag," or "Last Couple Out," or "Anti-I-Over," or "Hide and Seek," or "Prisoner's Base," or, at night, "Run, Sheep, Run." Needless to say, I participated in these games. And in all of them I was, of course, encumbered with that heavy old brace. Was I happy? I could not have been happier.

(To Be Continued)

Area Students Enrolled In AVTI Classes

Thief River Falls area vocational-technical institute has announced the names of two area students who have been accepted for admission.

Lorraine M. Baumeister will enter the cosmetology class. Roger N. Holmstrom has been accepted in the accounting class. He is a 1973 graduate of Strandquist high school and is the son of Mr. and Mrs. Alvis Holmstrom.

Memorials Given To Cancer Fund

Memorials in the names of the late Nellie Cromstrom, Marion Olson and Elmer Carlson were recently received by the American Cancer Society, according to Mrs. Charles Krause, Pennington county cancer fund chairman. Gifts were also received from Mr. and Mrs. L.B. Hartz and Mr. and Mrs. Albert Nagy. All gifts are used for cancer research, education and service.

Darrow Lundeen Has Top Herd In County DHIA

With average production of 42.3 pounds of milk and 1.6 pounds of butterfat per cow during December, the Darrow Lundeen dairy herd led the Pennington county dairy herd improvement associaton (DHIA) list of the top 10 herds, according to Jerry Hamre, supervisior.

Other herds in the top 10 with pounds of milk and butterfat listed respectively include the following: Orlan Stolaas, 42.1 and 1.5; Knute Nesland, 41.8 and 1.5; Duane Krohn, 41.4 and 1.5; Myron Erickson, 40.6 and 1.5; Albert Chruszch, 40.4 and 1.5; Gene Nelson, 38.6 and 1.7; Mylo Carlson, 37.0 and 1.6; Martin Hanson, 35.6 and 1.5; and Chester Gast, 35.4 and 1.3.

Only five cattle finished their 305-day lactation during December with production of more than 600 pounds of butterfat. Dairymen and production records on these cattle included Marlan Augustine, 13,330 pounds of milk and 621 pounds of butterfat; Albert Chruszch, 16,890 and 622; Warren and Lowell Lamrick, 15,970 and 600; Mylo Carlson, 15,560 and 615 and 15,310 and 651.

There were 38 herds with a total of 1,516 cows on test in December in the Pennington association, Hamre said. Monthly herd averages are affected by the number of dry cows in the herd since milk and butterfat produced is averaged out over all cows on test. This gives the dairyman a more true record of his herd's earning power for the month.

Stock Breeders Set Plans For Winter Shows

Purebred livestock breeders of the region are ready for the 64th Red River Valley Winter shows, according to Bill Strickler, president of the Red River Valley Livestock association.

Livestock activities will open with a dairy day on Friday, February 15, under direction of George Marx, Northwest experiment station, Crookston.

Livestock show will be a split show again this year. There is livestock activity throughout the 10-day exposition, ending up with a three day horse show commencing on Friday, February 22. Everett Solheim, Crookston, heads the horse show arrangements.

Plans for the livestock sale are about completed. Don Keith, University of Minnesota technical college, Crookston, is the sale manager.

Parade of champions featuring the champion livestock and champion crop showmen will be held Tuesday evening, February 19, just before the donkey basketball game. Dennis Forsell heads the parade of champions arrangements.

Anyone needing a premium book may write or call the winter shows office, Crookston.

Mondale Drops Another Bill In Congress Hopper

"Average American was on an Alice-in-Wonderland treadmill last year. He had to work harder and harder just to stay in the same place," states Sen. Walter F. Mondale.

"This was especially true of middle and low income families. A recent study by the Congressional joint economic committee (JEC) shows that, last year, a family earning $12,000 lost over $1,000 in purchasing power to inflation, and paid almost $300 in additional social security and income taxes," he said.

"To ease American families' burden of high taxes and rampant inflation, I have introduced legislation that would cut nearly $200 a year from the average family's tax bill. Taxpayers could reap these savings by using a new $200 tax credit which my bill would establish.

"The tax credit would be optional for all citizens. It would offer an alternative to the already existing $750 personal exemption. Taxpayers could choose between subtracting the $200 credit for themselves and each of their dependents directly from their final tax bill, or they could continue to use the $750 exemption.

"The new tax credit is designed to benefit the vast majority of American families. Because it can be deducted from the actual amount each citizen pays in taxes, it would be worth more in tax savings than the $750 exemption to almost all families earning $20,000 or less. For example, a family of four earning $8,000 a year would save $240 under this plan, while a family earning $15,000 would save $117.

"I believe the extra dollars this proposal would put in the hands of American families will help stimulate lagging consumer demand, thereby decreasing the possibility of economic recession and rising unemployment," the senator said.

"The new tax credit plan is also a step toward greater tax equity and fairness for all Americans since—unlike the $750 exemption—it does not give the greatest tax relief to the well-to-do. This is the first of a number of bills I will be introducing to relieve undue pressures on families and provide them with greater options."

Minn. To Have Award Program For Writers

Literature program of the Minnesota state arts council announces its first fellowship award program for Minnesota poets and fiction writers.

Seven fellowships of $500 each will be awarded to eligible writers.

Application can be obtained from the Literature program, Minnesota State Arts Council, 100 E. 22nd St., Minneapolis, MN 55404 or from Molly LaBerge 227-8241. Applications must be received no later than Feb. 20, 1974.

Rachael Dyrud Has Staff Post

Rachael Dyrud, a graduate of the University of North Dakota, recently secured employment as a staff therapist at Marianjoy rehabilitation hospital in Wheaton, Ill., according to information from the UND placement center, a branch of the North Dakota employment security bureau.

On Feb. 6, 1959, the USAF successfully launched its first Titan ICBM.

Arden Hyland Enrolls At MSC

Arden Wayne Hyland, a senior at Goodridge high school, was recently accepted to enroll as a freshman next fall at Moorhead state college. He is the son of Mr. and Mrs. Alvin Hyland of Goodridge.

1 Driver Guilty, 1 Acquitted In Co. Court Trials

Trials of two motorists were concluded yesterday (Tuesday) in Pennington county court. One was found guilty while the other was acquitted.

Terry L. Zeimer of Thief River Falls was found guilty of driving too fast for conditions and was fined $20.

Larry J. DeMars of Elk River was found not guilty on a charge of failing to yield the right of way.

Edward Petterson of Bagley pleaded guilty to a disorderly conduct charge and was fined $300 with $250 suspended.

Randall Dempsey of Thief River Falls pleaded guilty to a charge of driving after revocation of his license. He was ordered to pay a $200 fine or spend 40 days in jail. In addition, his license plates were impounded.

Bradley Onken of 414 St. Paul avenue pleaded guilty and was fined $75 for driving over the centerline.

Gaylen Melvie of 115 North Maple avenue forfeited a $60 bond for passing a worthless check.

Dale R. Foss of Greenbush and Carl E. Lee of 317 North Arnold avenue each pleaded guilty to speeding violations. Foss was fined $30 for driving 50 miles per hour in a 30 miles per hour zone while Lee was fined $20 for driving 39 miles per hour in a 30 mile per hour zone.

Charles Evenson of Climax forfeited a $20 bond for failing to stop for a stop sign.

Larry Rude of Goodridge forfeited $15 for not displaying the proper tag on the exterior of a fish house.

Federal Energy Administrator To Address EDC

William Simon, federal energy administrator, has tentatively agreed to speak at a two-day industrial development and tourism conference sponsored by the department of economic development February 12-13 at the Hotel Leamington in Minneapolis, economic development commissioner James Heltzer said recently.

In accepting, Simon said that if he is called before Congress causing a conflict of dates, an associate of the federal energy office will be on hand to address the luncheon meeting February 13 on the nation's energy situation. Some 600 to 1,000 tourism and industrial development professionals are expected to be on hand for the two-day conference.

"Thank-You"

Sno-Fest '74 has been such a success that the upcoming classes, indeed, have a challenge ahead of them. The totals this year loom far above those reached in previous years.

The success of our fund drives depended on many, many people whom we, the students of Lincoln High School, wish to thank publicly. A SPECIAL thank-you is extended to the TIMES and KTRF for their superb coverage of all our events. Without it, we are certain the worthy causes we support would have never seen the fantastic totals we can now boast of.

Thank-You,
Greg Sorenson
Student Senate President

Breaking, Entering Investigated In TRF

Breaking and entering, along with thefts, were the most numerous of the incidents investigated by the Thief River Falls police department during the past week.

On Saturday a break in was discovered at the Thief River Falls area vocational-technical institute. The cafeteria, kitchen and main office were broken into but only about three dollars were found to be missing. However, there was considerable damage to doors, drawers and cupboards which were pried open.

Gene Hanson of Northwest trailer sales reported Saturday that a trailer on the company's lot had been entered on Wednesday night. A piece of carpeting had been cut out of the living room and a mattress was taken from a bedroom. The loss was estimated at $390.

Duane Hawk of St. Hilaire reported Wednesday that someone had struck his car with another vehicle and left the scene. The incident occurred during the afternoon and resulted in about $300 in damage to the Hawk vehicle.

Dave Rooney of Detroit Lakes reported Thursday that a two-way radio valued at $870 had been stolen from his car while parked in the 100 block of North Horace avenue.

Laverne Hamre of Route 1 was driving east on First street about 3:45 p.m. Thursday and started to make a left turn onto LaBree avenue when his vehicle was struck in the rear by another eastbound vehicle driven by Mrs. Larry Pederson of 323 North Atlantic avenue. Damage to the Hamre vehicle was estimated at $100 with about $150 in damage to the Pederson vehicle.

Stan Cockrell of 525 North State avenue reported Friday that parts valued at $50 had been stolen from his snowmobile during the night.

Gary Engstrom of 410 South Duluth avenue was driving east on First street about 3:09 p.m. Saturday and stopped to wait for traffic to clear before making a left turn into the alley west of Kendall avenue. While he was waiting, his cab was struck by another vehicle driven by Karen Walseth of 317 North Atlantic avenue who was also traveling east on First street. Damage to the cab was estimated at $200 with about $125 in damage to the Walseth vehicle.

Dana Naas of Mentor, was driving south on State avenue about 10:58 p.m. Saturday while Rufus Olson of Route 4 was driving east on Fourth street. The vehicles collided in the intersection with about $200 in damage to the Naas vehicle and $75 in damage to Olson's vehicle.

Michael Skinner of Newfolden was driving west on Michael street about 1:55 p.m. Sunday while Penelope Myers of 707 East Greenwood avenue was driving east on Kendall avenue. The collision at the intersection resulted in about $1,600 in damage to the Myers vehicle and $650 in damage to the Skinner vehicle.

Lawrence Lindholm reported Monday that someone had been in his apartment and had stolen a rod and reel, coin collection, sewing machine, shirts, gloves, trousers and a billfold with a combined value of about $133.25.

Mrs. Marjorie Corliss of 804 Alice drive reported Monday that her purse was stolen while she was at the hockey game.

Six Students Enroll At NCC

Several seniors from Goodridge high school have been accepted for admission next fall at Northland community college. They include: Esther Goethe, daughter of Mr. and Mrs. Herbert Goethe; Marla Marquis, daughter of Mr. and Mrs. Earl Marquis; James Prestebak, son of Mr. and Mrs. Mervin Rindahl; and Susan Vraa, daughter of Mrs. Marion Vraa, all of Goodridge; and Marie Thorson, daughter of Mr. and Mrs. George Thorson Sr. of Grygla.

Viking School Hot Lunch Menu

Bread and milk served with all meals.

Monday, Feb. 11: Vegetable soup, pineapple sauce, white cake.

Tuesday, Feb. 12: Meat balls potatoes with gravy, peas and carrots, cabbage salad.

Wednesday, Feb. 10: Lasagna, string beans, peach sauce.

Thursday, Feb. 14: Fried chicken, potatoes with gravy, corn.

Friday, Feb. 15: Glorified rice, meat sandwiches, choc. bars.

Fergus Falls Is Site For Dist. DFL Convention

Seventh District DFLers from the 28 counties in Minnesota's Seventh Congressional District met in Detroit Lake Saturday to select a convention site and distribute caucus kits for the February 26 caucuses.

Fergus Falls was unanimously selected convention city for the April 27-28 convention, in delegate voting. Brainerd and Alexandria had also invited the convention. Fergus Falls was also the 1972 convention site.

LeRoy Peterson, Otter Tail county DFL chairman, cited all the available facilities and Henry Tweten, district chairman, will announce a district committee shortly.

Ms. B. J. Mahing (Mahling) Crow Wing county, was elected district secretary to complete the term of Helen Belland of Moorhead.

Ron Scharder, administrative assistant to Congressman Bob Bergland, as well as Irene Maring of Bergland headquarters at Moorhead, were present. Scharder cited the huge flow of mail to Washington on "subjects of the day".

Bob Meek, Minnesota DFL secretary, distributed caucus kits and announced the $100 a plate dinner for Governor Anderson May 18.

Chairman Tweten announced the annual J-J Dinner for sustaining fund members is tentatively set for April 6 in Minneapolis and appointed Beatrice Wisted, Detroit Lakes, chairman of the 7th district room arrangements.

Rep. Stephen Wenzel and Rep. Miller from Morrison county; Rep. Willis Eken, Twin Valley; Senator Roger Moe, Ada; and Senator Myrton Wegoner, Bertha, were introduced.

Principals To Attend Meeting In Twin Cities

Three Thief River Falls school district officials will attend the winter institute of the Minnesota elementary school principals association Thursday and Friday in St. Paul. Theme of the institute is "The Elementary Principalship—Mission Possible."

Attending from Thief River Falls district will be William Desrocher, principal at Washington and Northrop schools; Richard Sauer, principal at Knox and Mark Twain schools; and Howard Thorson, assistant to the principal at the St. Hilaire elementary school.

In addition to large group sessions with noted educators, the institute will include "mini-sessions on ecology, economy, recreation, human relations, early education, techniques and innovation.

Legislators To Be At Winter Shows Feb. 20th

Wednesday, February 20, is Legislators day at the Red River Valley winter shows. A delegation of 10 members from the House will arrive about 11 a.m., according to B. E. Youngquist, chairman of local arrangements.

Rep. Carl Johnson of St. Peter will bring the subcommittee on agricultural shortages to the Red River Valley on that day. The legislators will visit and have lunch at the winter shows arena from 11 a.m. until 1:30 p.m. The subcommittee will hold a legislative hearing on agricultural shortages in Kiehle auditorium at the University of Minnesota technical college beginning at 2 p.m. sharp.

All farmers and others interested in the matter of shortages today, as such affect the business of farming, should plan to be on hand to make their contribution to the hearing.

The legislators will end the day with a tour and dinner at the technical college departing thereafter for the Twin Cities.

The legislators will be hosted by Representative William Kelly, the board of managers of the winter shows, Provost Stanley Sahlstrom and the staff of the technical college.

Arctic Sound Engineer Is Guest At NCC

Roger Anderson, sound engineer at the Arctic Enterprises test laboratory, talked Wednesday to the physics and the introduction to music classes at Northland community college.

Anderson presented a tape-slide series covering some of the basics of sound and sound measurement. Following this presentation, he demonstrated how he analyzes sound by the use of the real time analyzer. Of special interest to the music students was the analysis of the same musical note produced on a piano, flute, trumpet and trombone.

During the physics lab, physics students had the opportunity to measure sound level using a decibel meter and to analyze sounds on the real time analyzer.

The Times—growing with progressive Thief River Falls.

Legis Lative Letter

from ANDREW SKAAR

STATE REPRESENTATIVE

Veteran's Day

Veteran's Day will be returned to the date we have normally celebrated this event in the past. A bill to return Veteran's Day to November 11th has passed the Senate and cleared the House committee.

This bill would change the holiday granted for the celebration of Veteran's Day from the fouth Monday in October to November 11 of every year. However, when November 11 falls on a Sunday the following Monday would be declared the Veteran's Day holiday and when November 11 falls on a Saturday, the previous Friday would be declared the holiday.

Bicycle Registration

A statewide bicycle registration bill will soon be considered by the House. The bill calls for licensing (registration) of bicycles, calls for a $3 fee, and requres a lot of "paper work" for the bicycle owner, the bicycle dealer, the deputy registrar and the department of public safety. While the intent of the bill is good (to put an end to bicycle theft), I do not belive it will have any appreciable effect.

No-Fault Insurance

This past week the House financial institutions and insurance committee approved a no-fault auto insurance bill which would require premium reductions ranging from about 12 to 30 per cent, depending on the coverage that a motorist carries. The committee attempted to amend the bill to nullify the measure if the premium cut is later declred unconstitutional. This failed, but the intent was to be sure that no-fault leads to a redution in premium.

I am just afraid that without this amendment the premium reduction might be stricken from the bill by the courts and motorists could get a 10 per cent premium increase. The reduction in premium would be required for three types of automobile insurance: Personal injury, liability medical payment and uninsured motorists.

Since the bill will not affect the current method of settling property damage and collision claims, the Legislature did not mandate a premium reduction in those areas. The Senate version is quite different and according to the actuaries that bill will result in an 18 to 20 per cent increase statewide in our premium rates. If the bill now passes the House a conference committee from the House and Senate will have to work out the differences.

The campaign spending and reporting bill was given final approval in the House on Thursday. If the Senate acts favorably this could provide substantial public financing of legislative campaigns in 1976.

I opposed this bill because in my opinion it will greatly increase the cost of conducting campaigns in Minnesota. The bill sets spending limits for the statewide offices and also for the legislature.

The limits for governor-lieutenant governor are approximately $630,000; attorney general, $100,000; auditor, treasurer and secretary of state, $50,000 each. For candidates for the Minnesota Senate, the approximate limit is $15,000 and for House candidates $7,500.

The spending limits for the legislative races are far too high in my opinion and with tax dollars being made available to two candidates for each office, it will only tend to make campaigns longer and more costly.

Neither the campaign spending limits nor the provisions for public financing apply to this year's election of statewide and legislative candidates.

The tax checkoff is voluntary and will permit a taxpayer to directly deduct up to $12.50 of his or her state income tax for political purposes. This money will be placed in a new elections fund for distribution to candidates. The bill provides for a committee to be set up to handle the actual disbursement of funds to the various candidates.

There may be merit to using tax money for statewide offices but not for local and legislative offices. I believe our system would be better served if the legislative candiates would raise the money to conduct their campaigns in their respective districts.

A bill to permit drinking at state colleges and community colleges was defeated by the House on Thursday. Notice has been given that supporters of this bill will move for reconsideration. A strong effort is now being made to obtain the necessary votes to pass this bill. Some state college students are actively working for the enactment of this bill while others are opposing it. I strongly oppose this legislation and will vote against this bill again when and if it comes up for consideration.

CHURCH SERVICES

St. Bernard's Church
Fr. James Bernauer, Parish Priest
Msgr. A. I. Merth, Assisting

Wednesday, Feb. 6, Mass at 5 p.m. Rap session, Northland Jr. college, Room 36B at 7:30 p.m.; 8 p.m. meeting for parents of children who are planning to receive Holy Communion.

SPECIAL EQUIPMENT for making keys has been purchased by Clifford (Kip) Vigness for his locksmith profession. He now has equipment to cut steel keys (flat keys with square notches) and skeleton-type keys as well as brass keys. He also has a code-cutting machine for making car keys.

RRVWS Offers $250 In Talent Contest Feb. 17

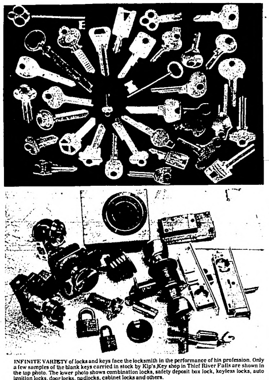
Prizes totaling $250 are available this year to the winners of the talent festival to be held February 17 in conjunction with Red River Valley Winter shows at Crookston. Hosts for the affair will be the University of Minnesota Technical college and Collegiate 4-H club.

Talent registrations and auditions will begin at 12 noon in Kiehle hall on the University of Minnesota campus, Crookston. Auditions will continue through 2 p.m. In charge of registrations will be Allen N. Croone, director of University Relations. Winners in the afternoon will present an evening program at 7:30 p.m. in Kiehle auditorium on the campus.

Categories of competition will include vocal solo, vocal group, instrumental solo, instrumental group, piano, and variety acts.

A crowd pleaser award of $25 will be awarded to one of the evening acts. The first place winner will receive $100, second place $75, and third place $50.

The public is invited to attend the evening talent festival program at 7:30 p.m. There will be a nominal admission charge.



INFINITE VARIETY of locks and keys face the locksmith in the performance of his profession. Only a few samples of the blank keys carried in stock by Kip's Key shop in Thief River Falls are shown in the top photo. The lower photo shows combination locks, safety deposit box lock, keyless locks, auto ignition locks, door locks, padlocks, cabinet locks and others.

TRF Locksmith Says Security Key To Business

(Continued from Page 1)

and Kip has completed an advanced course from the institute on combination locks.

Specialized equipment is a big help to the locksmith. Kip has a code cutting machine for making auto ignition keys. If he can find the number on the ignition lock, he can look up the number in a reference book, set the machine for making auto ignition keys. If he can find the number on the ignition lock, he can look up the number in a reference book, set the machine by the code number, run the proper blank and have the right key to fit the ignition.

There is an infinite variety in locks available and manufactured throughout the years. Kip breaks them down into general categories of single bitted, pin tumbler, double bitted, barrel key and lever locks. Those generalizations don't go very far toward solving a problem when a lock is locked and the key or combination is missing. That is when Kip steps in to meet the challenge.

"I've done quite a bit of work on locked safes and safety deposit boxes," he says, "and lately there has been some demand for installation of tear gas units inside safes. I've done some of that. And there's always the occasional old locked trunk or desk which adds some mystery to the job."

How many types of locks has Kip been called upon to service? He couldn't even guess. But some of the examples are coin operated locks for washing machines, car washes or vending machines; luggage and suitcases; filing cabinets and desks; doors of all kinds; automobile locks and ignitions; wall safes and floor safes; padlocks of every type and description; safety deposit boxes and many others.

"Each job is different; no two are alike," he said. "People need lock work done for many different reasons. I try to help as best I can but working a regular job as well sometimes delays the service I can give. If there is a real emergency my employers have been very understanding, but such emergencies are very uncommon."

"Like the second floor bathroom lock-in?" we asked.

Kip smiled. "Something like that," he said.

DELICATE WORK requires the use of tweezers to replace parts of some locks brought in for change or repair at Kip's Key shop in Thief River Falls. Owner Kip Vigness is shown working on a lock in his basement workshop.

SO YOU THINK THIS CAN'T HAPPEN TO YOU
HOW TO PROTECT YOURSELF
SHERIFF
TEAR GAS

QUEST FOR SECURITY is the purpose of locks and other protective devices, according to Kip Vigness of Kip's Key shop in Thief River Falls. In addition to his lock and key work, Vigness installs tear gas units in safes and handles a personal protection unit called "Sheriff". The latter is not as harmful as the more commonly known "Mace" but is effective against attackers, including animals. There is growing interest in such items, Vigness says.

Hot Lunch Menu At Newfolden

Monday, Veb. 11: Beef vegetable soup, peanut butter sandwiches, celery sticks, pudding, milk.

Tuesday, Feb. 12: Potatoes with chip beef gravy, peas and carrots, bread and butter, peach dessert, milk.

Wednesday, Feb. 13: Baked beans with bacon bits, egg salad sandwiches, carrot sticks, jello with fruit, milk.

Thursday, Feb. 14: Pizza burgers, potato chips, corn, cake, juice, milk.

Friday, Feb. 15: Cheese noodle casserole, green beans, sliced minced ham, bread and butter, sauce, milk.

Nordvall At Sales Meeting

Carl Nordvall of Thief River Falls was among more than 100 Lutheran Brotherhood field representatives who attended a sales conference Jan. 25-26 at the Holiday Inn in Fergus Falls.

Workshops were held dealing with new services and business procedures of the Minneapolis-based fraternal insurance society.

Problem Of Runaway Increases Each Year

by Elizabeth Petrangelo
U of M News Service Writer

More children run away from Minnesota homes each year, and each year more of those children are girls.

And contrary to the popular view of the runaway as a flower child strung out on dope or sex, most runaways are unhappy, lonely children running away from high-pressure family situations.

"A runaway is just a kid who runs away from home," Gary Meitz, project director for neighborhood probation in Minneapolis, explained to a group of social workers at a recent University of Minnesota conference.

"These kids aren't running to something, they're running away from something," he said. "On TV, the classic runaway is freaked out on drugs. We found that 68 per cent of runaways have never used drugs."

Meitz was referring to a research project on runaways he had conducted with 210 runaways in the Twin City area. The study showed that 50 per cent of the runaways ran to friends' homes, 60 per cent of them had run away before and that 42 per cent had been living in homes where both parents were present.

According to Meitz, girls run away more often than boys and are usually older when they do. And more children run away between the months of February and April when they "have been shut up too long with a family under pressure."

Meitz said that though the problem of running away is not really a police problem, "it gets dumped in their laps."

Jack McCarthy, Minneapolis chief of police, said that though running should not be the responsibility of the police, there is no one else to take the responsibility. "Where do we refer these kids?" he asked. "There are just too many to plug in to the juvenile justice system. At best, we are able to conduct only cursory interviews."

McCarthy said that in 1972 there were 2,288 runaways reported in Minneapolis, a figure 29 per cent higher than that of the previous year. In 1970, there were three runaway girls for every runaway boy. By 1972, the ratio had jumped to five girls to each boy.

And according to Meitz, many runaways go unreported. "The more sophisticated the parent is, the less likely they are to report runaways." He said that during a sample month, the entire suburb of Edina reported on runaway.

Roger Carten, clinical director of the Youth Development project for Roseville schools, described the typical runaway child.

"These kids are depressed and unbelievably lonely," he said. "They are lonely in a crowd. They have lots of friends that they run around with, yet they don't even like them. These kids just don't think they're worth very much."

Carten said that many children who run have been victims of what he called family "shaming." "Parents shame their kids when they don't say 'what you're doing really ticks me off' but say instead 'you're worthless' or 'you're bad.' Not that what the child did was bad but that he is bad.

"Somewhere along the line, the parents begin to believe the child really is bad and worthless," Carten said. "They are encouraging their child to run away."

Carten said that once a child becomes a problem he gets caught in a circle. "These kids are rated X," he said. "By the school system, the next door neighbors, the family. And so people don't want to spend money on these kids because they 'know' they're going to fail. They want to spend money only on the 'good' kids."

Carten gave the audience suggestions for working with the runaway, to "build up" the child first so the family situation can be tackled next. He said that these children usually need more structure. "One of our major difficulties in families is permissive parents," he said. "Parents have to learn to take responsibility for their children."

A very important first step, according to Carten, is to stop the child's manipulations. "They try to manipulate you and they hope very much that you won't let them manipulate you. When you stop the manipulations, you'll get a lot of anger. And once the child sees that the anger doesn't upset you, you'll get depression."

Carten said that once the runaway child has reached the stage of depression, the time is right to start to work with him. "Then you can begin to make it clear that there is a big difference between the kid and what the kid does," he said.

Harriet Burns, director of special education at St. Thomas college, St. Paul, suggested that by the time a child actually runs away, a lot of damage has already been done and helping him is more difficult than it would be at an earlier age.

"The problem must be addressed in early childhood where the tip of the iceberg first shows itself," she said, adding that attention has to be given to children in third, fourth and fifth grade since the problems may already be apparent there.

Meitz, McCarthy, Carten and Burns all agreed that there has to be much greater community involvement in the problem of runaways. Meitz suggested the possibility of a nation-wide system of youth hostels "with people kids could talk to, places where they could have a little adventure and at the same time grow and mature.

"We don't know where they'll run to now," he said. "I 'd hope they'd run to somebody who has his head screwed on right. Right now, they could run to anybody."

The conference was sponsored by the university's departments of conferences and continuing education in social work.

EDUCATORS from Thief River Falls and Goodridge met Friday with Jack Sullivan (seated, left), state supervisor for secondary and post-secondary office education, to discuss curriculum development and coordination of center school and area vocational-technical institute (AVTI) business offerings. Pictured are (seated, left to right) Terry Lemer, TRF AVTI business department; Linda Goulet, secondary teacher; (standing) Arnt Aune, director TRF AVTI; John Tofte, center school director; Pat Meglich, Lincoln high school counselor; Richard Thompson, business teacher from Goodridge; Ken Shaw, secondary teacher; Dick Greisen, secondary teacher; and Frank Hamerlinck, LHS principal. Not pictured is Dr. William S. Corliss, superintendent of schools.

First Male Ever Wins National Sewing Contest

One serious shortage was alleviated January 24 when a young California man was the first male to ever win the top spot in the national finals of the Make It Yourself With Wool contest when he sewed up the senior division of the 26-year-old program.

Gary Oden, 19, of Fremont, Calif. was the first male to ever reach the national finals of the contest, which was opened to males two years ago. He won the senior division with an energy-saving, 100 per cent American wool navy blue suit of Anglo fabric which he designed, made and modeled himself.

The 6-foot-2-inch male winner competed with 27 senior entries in the contest and won after only two years of sewing experience. He is the son of Mr. and Mrs. Walter Oden and attends the San Francisco school of Fashion.

The junior division winner is brown-haired Miss Penny Jo Butler of Scottsdale, Ariz. Sixteen-year-old Miss Butler, daughter of Mr. and Mrs. Duane Butler, wore a two-piece pants suit of light gray flannel. Both the top winners were awarded trips to Europe.

The runners-up were Carol L. Hill, 19, of Atlanta, Ga., in the Senior category, who won a Viking sewing machine, while the junior runner-up, Christy Ann Schroeder, 16, of Shelley, Ida., won a $500 Scholarship from Pendleton Woolen Mills of Oregon.

Two girls from Minnesota also received awards, including Christine Olson of Hedrum, a district winner at Thief River Falls, who received a $25 savings bond.

University of Minnesota
Agricultural Extension Service

Shortages in fuel may produce some changes in people's day-to-day habits, but University of Minnesota extension sociologist Roy E. Rickson doubts there will be drastic shifts in life styles.

Significant "back to nature" movements seem improbable because our society is basically urban oriented, he adds. A significant historical change, starting in the 1930's, was the farm-to-city migration. Now about 95 per cent of the population lives in cities and only 22 per cent of the total population is rural non-farm.

Going back to the land en masse would create severe sanitation and health problems and provision of basic services would be disrupted, Rickson says. Some isolated moves back to the land receive considerable publicity, but people involved in these moves are generally those who can either support themselves independently or feel they have nothing to lose by making the switch from an urban to farm existence, he adds.

Our society is not oriented to individual processing of food, Rickson says. He does not see the time when we will have to do it. Another who sees major obstacles to individuals producing their own food is Roy M. Kottman, dean, college of agriculture and home economics, Ohio state university, Columbus, Ohio.

"Because of our preference for meat, milk, and eggs, it takes two acres of cropland to support each U.S. citizen at the present time. Because most of our U.S. population is now concentrated in large cities while our cropland is spread throughout the nation, the massive population redistribution that would be required if each of us were to produce our own food would be impossible to accomplish even if we wanted to do it and most of us wouldn't," Kottman says.

It seems doubtful that large numbers could return to a non-mechanized agriculture, even if it were possible for a mass exodus to the land. "Going back to the use of horses and mules instead of tractors is neither logical nor possible. It would require eight years for us just to produce two million head of workstock.

The U.S. had more than 25 million head of workstock on its farms prior to the time we began to mechanize agriculture on a large scale. We would need even more work animals today than we had then in order to produce food for a much larger populaton. More importantly, we would need more than 100 million acres of cropland just to feed our work animals," Kottman adds.

With urbanization claiming a sizeable amount of farm land since World War II, there is not that much land to spare.

Letters to the Editor

To The Editor:

A dilemma was explained to me as a situation in which you make a decision that you are sure you can follow up on, in effect, be honest with yourself. Sometimes these decisions bring an unexpected punishment, by people who know all about such things, but seem to forget that a man's feelings cannot be controlled by law, only his actions.

Such a dilemma occured with me one night in a local drinking establishment, while conversing near closing time at the bar with a friend of mine.

I was assaulted without provocation, knocked down and later black and blue marks appeared along with soreness. My friend was accosted after I was knocked down.

Gratefully, this place was not known for it's melee and the manager is very prompt in assisting anyone out who is in error.

My friend was found disorderly to the tune of $100 and the other gentleman was also found disorderly and fined $100.

It took five men to subdue the man who started it, so I can feel lucky he saw no reason to be more abusive.

I was not arrested at the time, in fact, I finished my drink before leaving.

The following Tuesday, I was in court to be a witness for my friend. Being he had used some language not befitting a harrassed and flustered human, he pleaded guilty and they kept his $100 bond.

We left the court room and in the hallway I was told I also had to appear in court for some reason. Mind you, I had no prior knowledge of this.

I was informed by the court I was charged with assault on the bartender. I was asked, guilty or not; and said not. I was asked, would I like a lawyer, to which I replied yes, with the understanding the court would supply one.

I received a mailed notice, unsigned, to appear at 4:00 on Wednesday and finally at 5:10 that day, I was called in.

There was no lawyer that stepped forward to support me, there were four witnesses, one judge, one prosecuting attorney and myself.

The man who signed the complaint told his story. The other three were off-duty law officers, who all said what sounded to me like exactly the same thing.

The judge asked me how much I had been drinking that night, and then told me "drinking will get you into trouble", yet not one of the other witnesses were admonished because they were patronizing the same place.

The fine was $100 or 10 days. I sure didn't have $100, but like most people, I had 10 very important days of my life, ones that would never be given back to me. I'm sure they thought I had the money.

If I would have been in some of the towns (much larger than this one) I've lived in, $25 would have turned me out on the street.

I was ushered into a cold, unclean, urine smelling cell, with no toilet paper, with knowledge of being transferred to a Pennington county jail the next day.

When my friends came to get me out at noon the next day, they were told various stories about the fine and finally had to call the judge's secretary to find out what was what.

I'm writing this primarily because I'm sure there are a multitude of people in our country who go through this in our courts daily. All they hear from judges is "you shouldn't have acted like you did." "You should be perfect like me." "I see this all the time." "What did you plead not guilty for?" "If that guy trys to knock your teeth out, just hand him your plate, maybe he'll stop, and if he don't, we'll put YOU in jail for 10 days. We'll protect you, BOY."

God Bless our judicial systems and bars.

Minn. Farmers Employ Many In November 1973

Farm employment in Minnesota during the third week of November, 1973, was estimated at 164,000, the largest for that month since 1969, according to the latest farm labor survey made by the state-federal crop and livestock reporting service of the Minnesota department of agriculture.

Also the largest total since 1969 was 153,000 farm family members engaged in the windup of the 1973 harvest and preparation of lands for 1974 crop producton.

The 11,000 hired farm workers was the biggest number utilized by Minnesota farmers in November since 1964.

Minnesota's farm workers ranked seventh among totals for all states and the family work force tied for fourth ranking. Twenty-five other states hire more non-family farm workers than Minnesota during the latest farm labor survey period.

During the late November survey period, which did include the Thanksgiving holiday for most non-farm workers, Minnesota's farm operators worked an average of 51.7 hours and other members of their families a combined average of 29.3 hours, for a total family work week of 81 hours. Hired farm hands averaged 29.8 hours work in the same survey period.

National PTA Wants Repeal Of DST Bill

Immediate repeal of daylight savings time legislation has been recommended by the executive committee of the multi-million-member national PTA at a recent meeting in Chicago.

"Our concern for the safety of children has compelled the executive committee to take this emergency action," said Mrs. Lillie E. Herndon, National PTA president. "It is obvious that daylight savings time is a grave mistake, and we feel it should be repealed as soon as possible."

Mrs. Herndon said that children have been killed and injured as a result of traveling to school in the pre-dawn darkness. Many crossing guards also have complaind they cannot see to help children safely across the street, she added.

The national PTA's coordinator of legislative activity, Mrs. Grace Baisinger, has been directed to inform congressional leaders of PTA's positon. "We also are asking our members to impress on their congressmen the urgency of repealing daylight savings time," Mrs. Herndon said.

notes from the governor

Melvin Buttenhoff, 34, married and the father of two children, knows how tough farming can be.

He remembers vividly his father's distress in 1946 when, in order to support his large family, he was forced to quit his dairy farm and take a job at a Howard Lake lumberyard.

Buttenhoff knows from first-hand experience what it is like for a young couple to hold down full-time jobs in town and operate a farm at the same time. He and wife, Beatrice, did that for nine years. They had to—if they were to make ends meet.

Buttenhoff now also knows the satisfactions a man can gain from full-time farming. Two years ago, when farm prices began to strengthen, he decided to give up his job at a Delano sheet-metal firm and develop a feeder pig operation on his 80? acre farm southeat of Howard Lake.

He was able to build a new barn and expand his operation last spring. by the end of the year he had marketed more than 1,100 pigs at record prices. What began two years earlier as a high-risk venture was suddenly a success.

Buttenhoff is looking forward to another expansion in 1974, which he feels "should be even better than 1973." More importantly, he is confident his farm will provide a sound career opportunity for his 9-year-old son, Daryl.

The quiet story of one young Minnesota family's decision to stake their future on farming has been duplicated hundreds and perhaps thousands of times in Minnesota in recent years.

Such decisions, collectively, are directly responsible for halting the out-migration of Minnesota farm families to our towns and cities. Our state agriculture commissioner Jon Wefald, recently called attention to the fact that since Jan. 1, 1972, the number of family farming units in Minnesota has held firm at 118,000. This, after a loss of 87,000 farm families in the preceding three and one-half decades.

Commissioner Wefald accurately singles out farm income as the central factor in reversing the farm-to-city population trend. He notes that gross Minnesota farm income in 1973, bolstered by the best farm prices in more than a quarter century, may have topped $3 billion for the first time.

"This confirms what we have been saying all along: that if farmers get prices that provide recovery of production costs plus a reasonable profit, our family farm system will be preserved and the entire community will benefit."

I agree wholeheartedly with the commissioner.

Steve Woole

MIRACLE WATER
Because it is rare, beautiful, easily shaped, and free of tarnish, gold has always been man's most prized metal. Man's lust for gold has helped launch the exploration of the New World. It is the most acceptable medium of international exchange. It has been estimated that if all the gold unearthed since the discovery of America were melted down, it would produce only a 50 ft. cube, or about $60 billion dollars.
Because it is such a help to a household—like having your own maid, a water refiner is one of the most prized household appliances. No appliance can affect every part of your home as a water refiner—better and easier cleaning, better looking and better tasting food, cleaner clothes, less maintenance and repair costs on water bearing appliances and plumbing—all because the hardness minerals and pollution bearing solids have been removed from your tap water. In every tap in your home, Refined Water serves you more! You'll feel like a millionaire, relaxing while your Miracle water refiner does your hard work for you! Call now for a free home demonstration.

Mike Lundgren

Heading into Tuesday night's clash against arch rival Crookston, coach Chet Engelman's Northland community college basketball team was ranked as the fifth best cage squad in the five state region XIII area.

University of Wisconsin-Richland Center was the number one rated team, followed by NDSSS-Wahpeton, Normandale of Bloomington, Rochester and Northland.

Lake Region of Devils Lake was rated seventh, Mesabi of Virginia was ninth and Fergus Falls, Northland's opponent Monday, was rated 13th.

Crookston wasn't mentioned in the balloting by the coaches although the Trojans has beaten Lake Region twice and Fergus Falls once. Crookston edged Northland 74-73 last night.

Northland owns a 14-4 season record with the four losses being by a total of only nine points. Northland lost to Lake Region twice 73-70 and 80-77 and suffered single defeats at the hands of Vermilion 70-68 in overtime and to Crookston.

—0—

It was officially announced last week that the top two teams in the MCCAA state hockey tournament will advance to the NJCAA national tournament. Both events will be hosted by Northland community college in the Thief River Falls sports arena.

Earlier it was annouced that the first place Minnesota team would advance to the national tournament with Madison area tech of Wisconsin challenging the Minnesota runner-up team for another national tournament berth—on the home ice of the Minnesota school. However, Madison hasn't won a game this year and has discreetly withdrawn its challenge to the Minnesota runner-up team.

The other two national tournament entries will come from Illinois, Michigan, Missouri and New York.

The MCCAA state tournament will be played here February 28 and March 1. The NJCAA national tournament will be played here March 15 and 16.

—0—

The Minnesota state high school league requested that district 31, along with all the other state's districts, reschedule any district events planned for February 26 to avoid conflict with the MSHSL's precinct caucus day.

The district 31 sub district basketball tournament was scheduled to start that night in Thief River Falls.

At a district 31 meeting held recently, the district committee voted not to reschedule the sub district event as proposed by the MSHSL office.

The district 31 committee felt it was not feasible at this late time to reschedule the event due to commitments to referees and to Lincoln high school—the host school for the tournament.

The sub district tournament will be held here February 26 and 28 and March 1—scheduled around the region eight hockey tournament, but in conflict with the MCCAA state hockey tournament.

TRF Skaters Claim 6-5 Win In Overtime

After suffering a pair of frustrating losses in two previous overtime ventures this winter, the Lincoln high school hockey team came out of an extra session a winner Monday night as the Prowlers edged Grand Forks Central 6-5 in the sports arena.

Junior wing Jeff Tunberg scored with only 54 seconds remaining in the eight minute sudden death overtime period to provide the Bill McGann coached Prowlers with their tenth win in 15 starts this season.

Thief River Falls never trailed in the game as the Prowlers skated to a pair of two goal leads only to have the persistant Redskins battle back to tie the game at every period stop. The game was knotted at 1-1, 3-3 and 5-5 at the intermissions.

The Prowlers scored the game's first goal with 4:16 elapsed in the opening period when Central standout Mark Capouch accidently knocked the puck past his own goalie. Prowler junior Jim Elleson shoveled an intended centering pass in front while standing behind the Redskin net. The puck landed squarely on Capouch's stick, but ricocheted past startled Central goalie John Jutanen.

The Grand Forks school tied the game at 1-1 on a goal by Rob Jutanen. Prowler goalie Joel Folger made two successive saves on close range Redskin shots, but Jutanen gained control of the still unclaimed rebound and sent a close range backhand into a wide open left side of the net with 5:44 remaining.

Thief River Falls opened up a 3-1 lead at the start of the second period when juniors Scott Kays and Tom Barry scored within 1:09 of each other.

A long backhand by Kays from the right point trickled through a maze of players and squirted past Jutanen with only 2:24 elapsed.

Moments later Barry deflected in a long slap shot by Tony Dorn to give the Prowlers a 3-1 lead with 11:27 remaining. Mike Noel also earned an assist on the play.

Central cut the deficit to 3-2 on a perfectly set up power play goal by Capouch with 5:37 left in the middle stanza. A series of carefully placed Redskin passes in the Prowler zone finally found Capouch open between Prowler defenseman and the starry junior whipped a quick 20 foot slap shot past Folger.

Grand Forks tied the game at 3-3 with only 2:33 remaining in the second period when a long sailing slap shot by Andy Stewart from a sharp angle hit a goal pipe and bounced into the netting.

In a nearly identical replay of the second period, Thief River Falls opened the third canto with a rush, jumping out to a 5-3 lead, before Central rallied to send the game into overtime.

Senior defenseman Greg Sorenson scored his first goal of the year just 1:38 into the period when he rapped in a pass left behind by Noel on a Prowler rush.

Seconds later the Prowlers owned a seemingly comfortable 5-3 lead when Scott Engelstad rapped in a close range rebound from a scramble in front of the Central net just 39 seconds after Sorenson had scored. Linemates Scott Reed and Tunberg picked up assists on the play.

The Redskins rallied once again behind two goals by Tod Anderson in the game's final minutes. Anderson sent a hard slap shot over Folger's right shoulder with 2:37 remaining for a 5-4 game and sent the game into overtime by scoring on a big scramble in front of the Prowler net with only 36 seconds left in regulation time. Central had just pulled its goalie in favor of an extra attacker, but the sixth skater hardly had time to get in position before Anderson scored the equalizer.

After a five minute rest period the Prowlers dominated the scheduled eight minute sudden death period. Thief River Falls missed on several close pile-ups in front the Central net before Tunberg caromed a sharp angle shot off a defenseman from Jutanen's right side and past the Redskin netminder on an assist from Reed.

Folger handled 21 shots on goal for the Prowlers while Jutanen kicked out 27 drives.

First Period

SCORING—TRF, Elleson unassisted, 4:16. GF, R. Jutanen assisted by Montgomery and Lander, 9:16.

Improving Prowlers Host Potent Lumberjacks Fri.

Thief River Falls basketball fans are expected to flock back to the Lincoln high school gym Friday when the Prowlers host powerful Bemidji in an 8 p.m. Northwest Conference game.

Playing before a packed gymnasium a week ago, the Prowlers provided the fans with plenty of excitement as coach Lee Swanson's cagers surprised previously unbeaten Crookston 51-49 on a last second shot by Duane Dicken.

A similiar game might be expected this week when the Prowlers and Lumberjacks renew their ancient athletic rivalry. The last time Thief River Falls and Bemidji met on the Lincoln court the Prowlers pulled out a memorable 61-59 double overtime victory over the Lumberjacks.

Bemidji, regarded as a prime contender for class AA region B tournament honors this winter, won the first meeting between the two teams this winter when the highly regarded Lumberjacks pulled out an eight point 67-59 victory on the Bemidji hardwood.

At that time the Bemidji loss evened the Thief River Falls season record at 3-3, but the resurgent Prowler have won five of six games since their trip to Bemidji and now boast an 8-4 season record.

Since losing to Bemidji Thief River Falls has beaten such respected foes as Crookston, East Grand Forks 71-60 and Grafton 65-55 while adding expected wins over Ada 59-47 and Warren 57-38.

Fergus Falls prevented Thief River Falls from accumulating a six game winning streak when the strong Otter quint rallied to beat the Prowlers 69-58.

Bemidji owns an impreseive 9-1 season record for the year, losing only to Crookston 77-76. The Thief River Falls win over Crookston has put the Lumberjacks back into the Northwest Conference title picture with the Pirates, Lumberjacks and Otters all having a single league defeat.

Northwest Conference

	W	L	W	L
Fergus Falls	4	1	11	2
Crookston	3	1	10	1
Bemidji	2	1	9	1
TRF	2	4	8	4
EGF	1	3	12	3
Breckenridge	1	3	6	6

Bemidji is paced by the highly acclaimed "big three" trio of 6-7 center Steve Vogel, 6-2 forward Stan Drew and 5-10 guard Don Hubbell. The other two Bemidji starters will probably be 6-0 forward Jim Schmeckpeper and 5-10 guard Perry Dreyer. Schmeckpeper, a junior, is the lone underclassman in the Bemidji starting unit.

Hubbell quarterbacks the Lumberjacks and his deadly outside shooting tends to tip apart opponent's zone defenses and open things up inside for Vogel. Drew adds rebounding strength to the Bemidji front line and is an accurate short range shooter. Vogel currently leads the Northwest Conference scoring race with a 22.7 average. Hubbell is fifth in the individual scoring parade with an 18 point average. Drew has been scoring at an 11 point clip in NWAC play.

"Bemidji was a good team when we played them the first time and of course their still a good team," acknowledged Swanson who quickly adds, "But our kids feel that we can beat them."

The improving play of the Prowlers can be traced to one word, explained Swanson, "Patience. I've finally came around to realize we don't have the running type of team we've had in recent years. We have a much better shooting club than in the past and were able to shoot a lot better when we slow it up and look for the good shots."

The familiar Prowler line-up will have 6-8 junior Wayne Peterson at center, 6-2 senior Randy Dallmann and 6-2 junior Dallas Kemmer at forwards and 5-10 junior Jerry Sandahl and Dicken, a 6-1 senior, at guards. Kent Christensen, a 6-2 senior forward, continues to play an important role as the Prowlers' sixth man.

Wrestlers Close Dual Meet Season Against Indians

Coach Ed Krystosek's Lincoln high school wrestling team will close out its 1973-74 dual meet season schedule tomorrow (Thursday) when the Prolwers host a strong Mahnomen squad in the Lincoln gym starting at 7:30 p.m.

The Prowlers currently own a 7-4 dual meet record.

Thief River Falls will host the 1974 district 31 wrestling tournament Sat., Feb. 16. The region eight tournament will be held in Bagley Sat., Feb. 23.

TRFAHA Meeting Planned Tonight At Eagles Club

Thief River Falls amateur hockey association will meet tonight (Wednesday) at 8 p.m. in the basement of the Eagles club.

THIEF RIVER FALLS wing Scott Engelstad beat sprawling Grand Forks Central goalie John Jutanen on this play in the third period of Monday night's cross state hockey game played in the sports arena. Central's Mark Hagen (2) and Dan Montgomery (9) watched the action as Engelstad put the Prowlers in front 5-3 with 12:45 remaining. Thief River Falls held on for a 6-5 overtime win over the Redskins.

Lincoln Hoopsters Whip Warren By 57-38 Margin

Thief River Falls scored the game's first six points and were never seriously threatened Tuesday as the Prowlers rolled over Warren 57-38 in a high school basketball game played in the Lincoln gym.

After leading by 8-1, Thief River Falls coasted to a 10-5 lead at the end of the slow moving first quarter. The pint size Ponies, with only one starter standing over six foot, went four minutes without scoring. Mark Plencher, the tallest Warren starter at 6-2, made a free throw with 3:01 remaining to snap the Ponies' scoring drought.

Kent Christensen's driving lay-up 30 seconds later made it 8-1. Bob Nelson, the only senior in an otherwise all sophomore Warren line-up, made the Ponies' first field goal with almost six minutes elapsed and later followed another Christensen lay-up with a short jumper for a 10-5 quarter score.

Steve Goodwin's driving lay-up cut the difference to 10-7 at the start of the second quarter, but Dallas Kemmer popped back to back 10 foot jump shots in a 27 second span to push the Prowler lead to 14-7 with 5:49 remaining in the first half.

The Prowler lead bounced back and forth between five and seven points the rest of the second quarter until Kemmer hit another 10 footer, Wayne Peterson scored on a lay-up and Dicken canned a long jumper to hike the difference to 22-11 with 1:54 to go.

Peterson scored on another uncontested lay-up and Jerry Sandahl added a fast break lay-up to close the first half scoring with the Prowlers sitting on a firm 28-15 cushion.

Thief River Falls continued to keep the Warren offense pushed outside in the second half as the Prowler offense slowly increased its lead to a pair of 23 point third quarter bulges. A short jumper by Dicken and fast break lay-ups by Dicken and Sandahl put the Prowlers in front 42-19 near the end of the third quarter. Thief River Falls settled for a 44-23 margin at the final quarter break.

Prowler reserves, sprinkled throughout the line-up earlier, took over the whole show in the fourth quarter with the Ponies unable to get any closer than 19 points.

Thief River Falls shot 44 per cent from the field for the game, making 27 of 62 attempts. Warren, unable to penetrate the Prowler zone defense, fired away from the outside at only a 26 per cent clip, sinking just 15 of 58 tries. From the free throw line Thief River Falls made three of five attempts while the cold shooting Ponies made only eight of 18 gift tosses. Thief River Falls held only a 34-28 rebound advantage as the game Ponies battled the taller Prowler quint under the boards. Both teams were guilty of 13 turnovers.

Lincoln Cage JV Team Wins 65-45 For 8-4 Record

Lincoln high school junior varsity basketball team defeated Warren 65-45 Tuesday night to increase the Prowler B squad record to 8-4 for the year.

Thief River Falls led at all three quarter stops 17-5, 32-15 and 47-31.

Dave Grothe paced the Thief River Falls offense with 19 points while Dick Johnson added 12.

Sports Boosters

Thief River Falls Sports Booster club will hold its weekly noon luncheon meeting tomorrow (Thursday), at 12 noon at the Rex cafe.

Northland community college basketball coach Chet Engelman will be the meeting's guest speaker. All Thief River Falls sports fans are invited to attend.

Northland Tripped 74-73 By Crookston

Crookston edged Northland 74-73 in an important MCCAA Northwest Division basketball game played Tuesday night on the Trojans home court to tighten the race for the two MCCAA state tournament spots offered to Northwest Division teams.

The Trojans, behind an outstanding 38 point and 22 rebound game by starry freshman Andy Kelson, moved within a half game of division leading Northland with the win. Northland, Crookston and Fergus Falls all have suffered a pair of division losses.

Northland, which has lost four games this season by a total of only nine points, will face a crucial game against defending division champion Fergus Falls Monday when the Northmen and Spartans clash in a first place battle in the Northland gym starting at 7:30 p.m. The Northmen will finish their 1973-74 division counting regular season schedule by hosting Hibbing Sat., Feb. 15. Northland road games at Itasca and Hibbing February 16 and 23 are non-conference games.

Crookston led nearly the entire first half of Tuesday night's tense game although the Trojans were never able to lead by more than five points enroute to a 35-31 halftime edge.

The strong Tech quint scored four quick points to start the second half to build a 40-31 cushion—the largest lead for either team the entire game.

Northland cut the difference to only 40-39 when David Dickey and Joe Brown each scored twice from the field in a sudden Northland offensive burst.

The lead never mounted to more than two points until Kelson hiked the margin to 50-45 with 12 minutes remaining.

Northland slowly trimmed the deficit until Dickey and Brown, who stole a Crookston pass and raced downcourt on an eye catching fast break lay-up sprint, scored back to back baskets to put the Northmen in front 68-66 with 3:23 remaining.

Northwest Division

	NW w	NW l	All w	All l
Northland	7	2	14	4
Crookston	6	2	11	5
Fergus Falls	4	2	8	8
Brainerd	1	6	4	12

The teams traded buckets for a 70-70 stand-off with just 1:00 remaining. Northland then made the first shot but missed the second try, on three straight one and one free throw situations. Gusa scored twice from the free throw line and Burnie Stephens added a single gift toss to put Northland on top 73-70 with only 37 seconds remaining.

Former Ada performer Ron Heirass scored from the field for a 73-72 ball game with 21 seconds to go and was fouled while shooting for a possible three point play. Heirass missed the free throw try, but in a battle for the rebound Kelson jammed the ball into the hoop on what looked like an illegal dunk shot with 18 seconds remaining to give the Trojans their one point win.

Northland had a final shot at a win, but added to their poor shooting performance by missing a final shot for a 74-73 finale. Northland had won the first meeting between the two schools 83-72 in mid December.

The Northmen suffered through their poorest shooting game of the season as the visitors made only 31 of 82 attempts for a 38 per cent figure. Crookston made 33 of 71 for a 46 per cent showing. Northland made only 11 of 20 free throw attempts and Crookston sank eight of 11 gift tosses. Northland held a 53-48 rebound edge.

Gusa led a balanced Northland scoring attack with 19 points while Stephens scored 17 to go along with 21 rebounds. Brown scored 14 points, pulled down 14 rebounds and was credited with a school record tying eight loose ball recoveries in an outstanding individual effort.

NCC Hosts Hockey Conference Leaders

Northland community college hockey team will have its hands full this weekend when the Northmen host current MCCAA hockey conference leading Itasca in a Friday-Saturday two game series in the Thief River Falls sports arena.

The busy Northland week ending schedule will actually begin tonight (Wednesdy) when the Northmen travel to Crookston.

All three games will have 7:30 p.m. starting times.

Coach Swede Lund's Northmen currently carry a 6-9 season record and a 5-6 conference mark. Three of the five league wins have been posted over the rival Trojans—all by identical 7-3 scores. The other two Northland conference wins were earned in a 4-1 and 7-2 weekend sweep over Rainy River.

Itasca owns a pair of wins over Northland this winter with the strong Viking skaters sweeping a weekend series 8-5 and 5-3 on Grand Rapids ice two weeks ago.

The Northmen will be trying to regroup after losing a pair of Iron Range games last week to Hibbing 10-5 and Mesabi 5-0. The shutout loss in Virginia was the first time a Northland hockey team has been held scoreless in the sport's four year history at the school.

Itasca, Hibbing, Mesabi and Northland are expected to make up the four team field for the 1974 MCCAA state hockey tournament scheduled to be played in Thief River Falls February 28 and March 1.

Injuries continue to plague the Northmen with sophomores Rick Vatnsdal and Rory Anderson, along with freshman Jon Jensen still hobbling with an assortment of injuries.

Following the Itasca series the Northmen will play two game sets at Lakewood in White Bear Lake and at Rainy River in International Falls to close out the regular season before hosting the state tournament.

LHS Hockey JV Team Blanks GF

Lincoln high school junior varsity hockey team kept its winning streak intact Monday with a 6-0 shutout triumph over Grand Forks Central.

Mike Jury and Hal Harbott each scored two goals while Jeff Lindquist and Kent Ehrenstrom added single markers.

Coach Dale Wennberg's Prowler Bees have now won ten stright games and own an impressive 13-1-1 season record.

PROWLER GUARD Jerry Sandahl sailed toward the basket on this driving lay-up attempt during Tuesday night's Thief River Falls-Warren basketball game played in the Lincoln gym. Warren center Mark Plencher (42) apparently didn't know how to handle to situation as Sandahl's acrobatics caught him flat footed. Thief River Falls won the game 57-38 to increase the Prolwer season record to 8-4. Thief River Falls will be back in action Friday when the Prowlers host Bemidji.

Swimmers Topple Red River 48-32

Other Prowler individual first places were recorded by Dan Heieren with a 2:32.2 individual medley; Doug Williams with a 1:05.1 in the 100 yard butterfly; Mark Storhaug with a 5:49.1 in the 500 yard freestyle; Dan Cork with a 1:04.1 in the 100 yard backstroke; and by Jeff Carter with a 1:15.5 in the 100 yard breast stroke.

Thief River Falls won eight of the eleven events Tuesday to beat Grand Forks Red River 48-32 in dual meet swimming competition in the North Dakota school pool.

The win improved the Prowler dual meet record to 9-5 for the year and completed a Prowler two meet sweep of the Roughriders this winter. Thief River Falls will be back in action Saturday when the Prowlers journey to St. Cloud Apollo to compete in a large 23 team invitational meet beginning at 11 a.m.

Dave Borning paced the Prowler efforts against Red River with a pair of first place finishes. Borning won the 50 yard freestyle in 24.0 and captured the 100 yard freestyle in 54.5.

The Prowler medley relay team of Neil Sjulson, Carter, Williams and Borning supplied the other Thief River Falls first place finish with a 1:55.2 clocking.

Thief River Falls has two dual meets remaining on the 1973-74 schedule—at Bemidji Thurs., Feb. 14, and at Fosston Sat., Feb. 16, before the Prowlers compete in the state qualifying West Central regional meet.

Gonvick Knocks Off Goodridge Hoopsters 67-64

Goodridge suffered a close 67-64 non-conference basketball loss to Gonvick Tuesday night to even the Huskies' 1973-74 season record at 7-7.

The visiting Goodridge quint owned a 12-11 first quarter lead and the two teams battled to a 24-24 stand-off at halftime before the Bulldogs pulled out to a 40-36 lead at the third quarter stop.

The Huskies suffered through another cold shoooting game, making 26 of 68 field goal attempts for a 38 per cent figure. Goodridge hit 12 of 19 free throw attempts while Gonvick made 13 of 23 gift tosses. Goodridge held a 38-34 rebound edge with Don Grabowska pulling down 14 caroms for the Huskies.

Thief River Falls

Prowlers Play On DL Ice Saturday

Lincoln high school hockey team will conclude its 1973-74 regular season schedule with three season ending games in a week's time against Detroit Lakes, Warroad and Virginia.

Coach Bill McGann's Prowlers will travel to Detroit Lakes Saturday, journey to Warroad Tues., Feb. 12, and host Virginia Fri., Feb. 15, to wind up their regular season schedule.

The games at Detroit Lakes and Warroad are important region eight point counting games and the Virginia encounter is intended to be a rugged tune-up contest prior to the start of the 1974 region eight tournament.

Thief River Falls, Roseau and Warroad are all still envolved in a scramble for first place in the region's north half point standings. Thief River Falls continues to hold onto the top position with Roseau's 7-6 win over Warroad Tuesday night moving the Rams ahead of the Warriors for second place. Based on points won-lost winning percentage, Thief River Falls is first with a 10-3 points won-lost mark for a .769 figure. Roseau is 11-4 and .733 and Warroad is 12-5 and .705.

The Prowlers and Warriors both have three points left to play for while the Rams have just one point remaining to be won or lost. The Thief River Falls-Detroit Lakes contest is a two-point game. Prior to playing Thief River Falls, Warroad will face East Grand Forks in an important two point game Friday. Roseau has a region point counting game remaining with Baudette.

The first place teams in the final north and south half point standings will be seeded directly into opposite brackets in the upcoming region eight tournament scheduled February 22-27 in Thief River Falls. Twelve other teams, six in each half, will play single sub region games Tues., Feb. 19, to earn region berths. The south sub region event will be held in Detroit Lakes and north sub region meet will be played in Roseau. A special south half play-off game will be played at Detroit Lakes Mon., Feb. 18, between the eighth and ninth place team in the final point standings to determine the south sub region field.

The Prowlers currently own a 10-5 season record following their 6-5 overtime win over Grand Forks Central Monday. Thief River Falls and Detroit Lakes will be meeting for the first time since the upstart Lakers surprised the Prowlers 8-7 in a memorable 1973 region eight first round tournament game.

An Equal Opportunity Employer M/F.

"Tired of caring only for yourself, in cramped conditions? The loving, Christian family of a busy but gentle medical doctor-executive (recently returned from 5 years in Europe) lost its mother and needs a live-in woman (possibly a couple) for a beautiful home in a distinguished neighborhood on Lake Minnetonka. Three well behaved, stable children ages 7, 14 and 17, all in school. Opportunities for private projects (art and education center 1 mile away), time off, vacations, good compensations. Driving essential (car provided) although city bus stops 3 blocks away. We need a "take charge" but affectionate and devoted person with household experience. References essential. Send letter and resume to office of Dr. C. Ray, 3055 Old Highway 8, Minneapolis, Mn. 55418." 3t11c

Looking for sales career instead of a job—For the right man or woman, we will provide schooling and field training with a guaranteed income of $700 per month to start. Must be over 21, have car, bondable and ambitious. Call for appointment, 218-681-7074. 2t12c

Card Of Thanks

We would like to thank our relatives, neighbors and friends who have helped us during the sudden death of our beloved husband and father Herbert Vraa. A special thank you to Rev. Bruce Anderson for his comforting words and for his visits to our home, to the organist Mrs. Dick Marquis, to Mrs. Bruce Anderson for her songs, to the Pallbearers, to the V.F.W. and the American Legion for their services, to the Green Funeral Home, to those who gave the lovely flowers, for all the lovely cards and memorials, to everyone who has been so kind to come and visit us and help us with the work and to the many who brought food to our home. Your kindness will never be forgotten. God bless each and everyone.

Mrs. Herbert Vraa
Gary, David, Donald
Susan, Richard and Marilyn
1t11p

Card of Thanks

We wish to extend our thanks to our many friends and relatives for the kindness and sympathy extended to us upon the death of our wife, mother, grandmother and great grandmother, Hilda Hamness.

Our sincere thanks to Pastor Baughman, Rev. Hartmark and Rev. Ludwig, for their comforting words at the memorial service. To the organist, Mrs. Roy Gjovik, to the vocalists, Mr. and Mrs. Roy Gjovik and Grant Gjovik. To the pallbearers and the Collins Funeral home for their kind and courteous service.

A special thank you to the ladies who served the lunch and to all who gave or sent memorials. May the Lord bless each one.

In Memoriam

Mother, sleep, your trials are o'er
Sweet is the rest you have needed before
We loved you, but God loved you more
For He took you to that bright happy shore.

The Family of Hilda Hamess
1t11c

Card of Thanks

A kind thank you to all who helped in any way during the illness and death of our beloved one. Marion believed Jesus when he said "I am the resurection and the life. He that believeth in me thou he were dead yet shall he live". John 11-25.

The Loved ones of Marion E. Olson. 1t11c

Notice

To all the voters of Mayfield Township, Pennington County, State of Minnesota. The following offices will be voted upon at the town election, March 12, 1974: One supervisor for 3 year term, one supervisor for one year term, one clerk for two year term.

LEGAL NOTICE

February 6, 1974
ADVERTISEMENT FOR PROPOSALS
TWO-WAY COMMUNICATION EQUIPMENT FOR FIRE DEPARTMENT

The City of Thief River Falls and the Rural Fire Association of Thief River Falls, Minnesota will receive sealed proposals for a complete system of two-way radio communication for the Thief River Falls Fire Department. Bids will be received until 2:00 o'clock p.m., February 26, 1974, at the office of the City Clerk, at which time all bids will be publicly opened and read aloud.

Specifications and proposal forms are on file in the office of the City Clerk, P.O. Box 528, Thief River Falls, Mn. 56701. Copies of said documents may be obtained from the City Clerk upon request.

Each bid must be accompanied by a certified check or bidder's bond acceptable to the City of Thief River Falls in an amount equal to at least five percent (5 per cent) of the total amount of the bid, payable without condition to the City of Thief River Falls, Minnesota, in case the successful bidder fails to enter into a contract or to provide a performance bond as required by law within the specified number of days after the award of the contract, such check or bond shall be forfeited to the City of Thief River Falls as liquidated damages.

The outside of the envelope should be marked "Bid on Fire Equipment."

The City of Thief River Falls reserves the right to hold all bids for a period of 30 calendar days after the date set for opening bids, and to waive any irregularities and to reject any or all bids as they deem to be in the best interest of the City and Rural Fire Association.

Dated this 4th day of February, 1974
City of Thief River Falls, and Rural Fire Association
By: Gerald A. Wigness
Clerk-Treasurer

February 6, 1974
NOTICE OF DEMOCRATIC FARMER LABOR PRECINCT CAUCUS

Marshall County will hold a county wide precinct caucus at Newfolden, Minnesota at the Village Hall on Tuesday, February 26th at 8 p.m. in the evening. This county caucus will include every precinct in Marshall County. Precincts must have representation at this meeting as only registered voting delegates of the precinct caucus can vote in coming county conventions.

The purpose of this caucus is to elect a precinct chairman and delegates to the Democratic Farmer Labor County Unit Convention in accordance with Minnesota election laws.

Marianne Seira, Secretary
Marshall County DFL
Grygla, Minnesota

NOTICE FOR BIDS

Sealed bids for one school bus for School District 628 at Plummer, Minn., will be received until 8 p.m. on Monday, February 11, at the office of the superintendent of schools in Plummer, at which time bids will be opened and read allowed. Specifications are on file in the office of the superintendent of schools at Plummer and available to bidders on request. The board reserves the right to reject any or all bids.

Art Hagge, Clerk
Ind. School District 628
Plummer, Minnesota

TRF YOUTH BASKETBALL

Current standings in the Thief River Falls elementary school fourth and fifth grade basketball program are as follows:

National League

	W	L
Knox Spartans	9	1
St. Hilaire Torpedoes	8	2
Washington Lakers	3	6
Mark Twain Panthers	3	6
Northrop Green Wave	1	8

Results from last week's play—Torpedoes 23, Panthers 6; Spartans 15, Lakers 6; Spartans 10, Torpedoes 8; Green Wave 13, Panthers 4.

American League

	W	L
Mark Twain Cheetas	7	2
St. Hilaire Jets	6	4
Knox Celtics	4	6
Washington Bucks	3	6
Northrop Bullets	3	6

Results from last week's play—Jets 15, Cheetas 12; Celtics 8, Bucks 2; Jets 10, Celtics 5; Cheetas 8, Bullets 3.

Franklin Middle School

	W	L
Hawks	4	1
Sonics	4	2
Cougars	3	3
Nets	2	4
Bulls	2	5

Results from lat week's play found the Cougars ripping the Bulls 56-11 as Bryant Peppin poured in 21 points and Keith Christensen added 15.

The Hawks edged the Sonics 26-24 on a last second 30 foot shot by Wayne Krueger. Dean Cullen paced the Hawks scoring with 11 points. Jeff Oseid hit double figures for the losers with 12 points.

The Nets got by the Bulls 30-27 with Rick Peterson scoring 15 points in the week's final game.

Elks Team

Thief River Falls Elks seventh grade traveling team beat Red Lake Falls Saturday with four players scoring in double figures. Kevin Swanson scored 18 points to top the scoring charts, followed by Keith Christensen with 16, Rick Peterson 14 and Jeff Oseid 12.

LHS Girls Beat RLF Volleyball Team 2-0 Mon.

Lincoln high school girl's volleyball team evened its 1974 season record at 1-1 Monday with a 2-0 win over Red Lake Falls in the Thief River Falls National Guard armory.

The visiting Red Lake Falls team claimed the B squad match by an identical 2-0 score in the best of three competition.

Thief River Falls will be back in action Monday when the Lincoln girls travel to Crookston for a 6:30 p.m. match.

Crookston Tops Lincoln Freshman Cage Team 40-39

Lincoln high school freshman basketball team season record fell to 5-4 Friday as visiting Crookston claimed a close 40-39 triumph.

The two ninth grade teams ended the first quarter tied at 8-8 before Crookston took at 20-16 halftime lead. Thief River Falls led 29-24 after three quarters.

Mark Stenberg and David Poole led the Thief River Falls scoring efforts with 12 and 10 points respectively.

Pool Schedule

Wed., Feb. 6, 7:30-8:30 open swimming. 8:30-9:30 ladies lessons.

Thurs., Feb. 7, 7:30-8:30 open swimming. 8:30-9:30 swim and stay fit.

Sunday, Feb. 10, 1:30-2:30 open swimming. 2:30-3:30 Badger Girl Scouts. 3:30-4:30 Redeemer church. 7:30-9:30 open swimming.

Mon., Feb. 11, 7:30-8:30 Marshall County Central. 8:30-9:30 couples and mens lessons.

TRF YOUTH HOCKEY

Traveling Teams

Thief River Falls Eagle Pee-Wees had a disappointing weekend in Fergus Falls—participating in the Lion's invitational tournament. The Eagle Pee-Wee team lost to Roseville and to Rochester by identical scores of 6-2. Edina West won the tournament title by beating Roseville 6-0 in the championship games. In other action last week the Pee-Wee team beat East Grand Forks 5-1. Goals were scored by Steve Storhaug (2), Todd Bergland, Wade Hoppe and Todd Trickle.

The Eagle Pee Wees, with a 13-8 record, have a busy week in store again. On Friday they travel to Crookston then journey to Warroad Saturday and host Bemidji Sunday at 12 noon in the sports arena.

Billy Poole's and Rick Holmes' Bantam B team evened its season record at 6-6-1 while playing strong hockey over the weekend. On Friday Hallock's Bantam A team squeezed by the B's 4-3. The B's outshot Hallock 36-24 with Kurt Klosterman picking up two goals and an assit. The B's put together excellent game Saturday by beating Bemidji 4-3. Goals were scored by Dan Winjum, Murray Dicken, Mike Olson and Roger Roadfeldt.

The B's will be on the road this weekend going to Detroit Lakes Saturday and to Crookston Sunday.

The Pee-Wee B team lost to Bemidji in overtime and beat Bagley 10-0 last week. This weekend the B's will play at Detroit Lakes Saturday and at Crookston Sunday.

The Squirt B team won their one week's game by defeating Bagley 5-1.

The VFW Bantam A team lost two games during the past week. East Grand Forks defeated the VFW team 4-1 Thursday and Bemidji duplicated the 4-1 margin Saturday. On Sunday the VFW Bantam team competed in the district VFW tournament at Crookston. In it's first game the VFW team beat East Grand Forks 5-3 to advance to the championship game against Roseau. Roseau won 10-4.

Tomorrow (Thursday) the VFW team travels to Bemidji for a 7 p.m. game, before going to Warroad Saturday.

The Squirt A team, playing one of their better games of the year, blitzed Grafton 8-0. The oppostie occurred on Sunday with Bemidji winning 5-3.

This weekend the Squirts travel to Fergus Falls for the Fergus Falls Squirt tournament. The tournament is a round robin event with each team playing each other. The team with the best three game record is declared the winner. The Squirts play Bemidji Saturday at 10:30 a.m., rest for five minutes and then play Fergus Falls at noon. On Sunday the Squirts take on Crookston.

TRFAHA

An important meeting of the TRFAHA will be held tonight (Wednesday) at 8 p.m. in the basement of the Eagles club. All members are urged to attend.

and Sat. 9:00-12:00 a.m.
An Equal Opportunity Employer M/F.

"Tired of caring only for yourself, in cramped conditions? The loving, Christian family of a busy but gentle medical doctor-executive (recently returned from 5 years in Europe) lost its mother and needs a live-in woman (possibly a couple) for a beautiful home in a distinguished neighborhood on Lake Minnetonka. Three well behaved, stable children ages 7, 14 and 17, all in school. Opportunities for private projects (art and education center 1 mile away), time off, vacations, good compensations. Driving essential (car provided) although city bus stops 3 blocks away. We need a "take charge" but affectionate and devoted person with household experience. References essential. Send letter and resume to office of Dr. C. Ray, 3055 Old Highway 8, Minneapolis, Mn. 55418." 3t11c

Looking for sales career instead of a job—For the right man or woman, we will provide schooling and field training with a guaranteed income of $700 per month to start. Must be over 21, have car, bondable and ambitious. Call for appointment, 218-681-7074. 2t12c

Card Of Thanks

We would like to thank our relatives, neighbors and friends who have helped us during the sudden death of our beloved husband and father Herbert Vraa. A special thank you to Rev. Bruce Anderson for his comforting words and for his visits to our home, to the organist Mrs. Dick Marquis, to Mrs. Bruce Anderson for her songs, to the Pallbearers, to the V.F.W. and the American Legion for their services, to the Green Funeral Home, to those who gave the lovely flowers, for all the lovely cards and memorials, to everyone who has been so kind to come and visit us and help us with the work and to the many who brought food to our home. Your kindness will never be forgotten. God bless each and everyone.

Mrs. Herbert Vraa
Gary, David, Donald
Susan, Richard and Marilyn
1t11p

Card of Thanks

We wish to extend our thanks to our many friends and relatives for the kindness and sympathy extended to us upon the death of our wife, mother, grandmother and great grandmother, Hilda Hamness.

Our sincere thanks to Pastor Baughman, Rev. Hartmark and Rev. Ludwig, for their comforting words at the memorial service. To the organist, Mrs. Roy Gjovik, to the vocalists, Mr. and Mrs. Roy Gjovik and Grant Gjovik. To the pallbearers and the Collins Funeral home for their kind and courteous service. A special thank you to the ladies who served the lunch and to all who gave or sent memorials. May the Lord bless each one.

In Memoriam

Mother, sleep, your trials are o'er
Sweet is the rest you have needed before
We loved you, but God loved you more
For He took you to that bright happy shore.

The Family of Hilda Hamness
1t11c

Card of Thanks

A kind thank you to all who helped in any way during the illness and death of our beloved one. Marion believed Jesus when he said "I am the resurection and the life. He that believeth in me thou he were dead yet shall he live". John 11-25.

The Loved ones of Marion E. Olson. 1t11c

LEGAL NOTICE

February 6, 1974
ADVERTISEMENT FOR PROPOSALS
TWO-WAY COMMUNICATION EQUIPMENT FOR FIRE DEPARTMENT

The City of Thief River Falls and the Rural Fire Association of Thief River Falls, Minnesota will receive sealed proposals for a complete system of two way radio communication for the Thief River Falls Fire Department. Bids will be received until 2:00 o'clock p.m., February 26, 1974, at the office of the City Clerk, at which time all bids will be publicly opened and read aloud.

Specifications and proposal forms are on file in the office of the City Clerk, P.O. Box 528, Thief River Falls, Mn 56701. Copies of said documents may be obtained from the City Clerk upon request.

Each bid must be accompanied by a certified check or bidder's bond acceptable to the City of Thief River Falls in an amount equal to at least five percent (5 per cent) of the total amount of the bid, payable without condition to the City of Thief River Falls, Minnesota in case the successful bidder fails to enter into a contract or to provide a performance bond as required by law within the specified number of days after the award of the contract, such check or bond shall be forfeited to the City of Thief River Falls as liquidated damages.

The outside of the envelope should be marked "Bid on Fire Equipment."

The City of Thief River Falls reserves the right to hold all bids for a period of 30 calendar days after the date set for opening bids, and to waive any irregularities and to reject any or all bids as they deem to be in the best interest of the City and Rural Fire Association.

Dated this 4th day of February, 1974
City of Thief River Falls, and Rural Fire Association
By Gerald A. Wigness
Clerk-Treasurer

February 6, 1974
NOTICE OF DEMOCRATIC FARMER LABOR PRECINCT CAUCUS

Marshall County will hold a county wide precinct caucus at Newfolden, Minnesota at the Village Hall on Tuesday, February 26th at 8 p.m. in the evening. This county caucus will include every precinct in Marshall County. Precincts must have representation at this meeting as only registered voting delegates of the precinct caucus can vote in coming county conventions.

The purpose of this caucus is to elect a precinct chairman and delegates to the Democratic Farmer Labor County Unit Convention in accordance with Minnesota election laws.'

Marianne Satre, Secretary
Marshall County DFL
Grygla, Minnesota

NOTICE FOR BIDS

Sealed bids for one school bus for School District 628 at Plummer, Minn., will be received until 8 p.m. on Monday, February 11, at the office of the superintendent of schools in Plummer, at which time bids will be opened and read allowed. Specifications are on file in the office of the superintendent of schools at Plummer and available to bidders on request. The board reserves the right to reject any or all bids.

Art Hagge, Clerk
Ind. School District 628
Plummer, Minnesota

TRF YOUTH BASKETBALL

Current standings in the Thief River Falls elementary school fourth and fifth grade basketball program are as follows:

National League

	W	L
Knox Spartans	9	1

Washington Lakers	3	6
Mark Twain Panthers	3	6
Northrop Green Wave	1	8

Results from last week's play—Torpedoes 23, Panthers 6, Spartans 15, Lakers 6; Spartans 10, Torpedoes 8; Green Wave 13, Panthers 4.

American League

	W	L
Mark Twain Cheetas	7	2
St. Hilaire Jets	6	4
Knox Celtics	4	6
Washington Bucks	3	6
Northrop Bullets	3	6

Results from last week's play—Jets 15, Cheetas 12; Celtics 8, Bucks 2; Jets 10, Celtics 5; Cheetas 8, Bullets 3.

Franklin Middle School

	W	L
Hawks	4	1
Sonics	4	2
Cougars	3	3
Nets	2	4
Bulls	2	5

Results from lat week's play found the Cougars ripping the Bulls 56-11 as Bryant Peppin poured in 21 points and Keith Christensen added 15.

The Hawks edged the Sonics 26-24 on a last second 30 foot shot by Wayne Krueger. Dean Cullen paced the Hawks scoring with 11 points. Jeff Oseid hit double figures for the losers with 12 points.

The Nets got by the Bulls 30-27 with Rick Peterson scoring 15 points in the week's final game.

Elks Team

Thief River Falls Elks seventh grade traveling team beat Red Lake Falls Saturday with four players scoring in double figures. Kevin Swanson scored 18 points to top the scoring charts, followed by Keith Christensen with 16, Rick Peterson 14 and Jeff Oseid 12.

LHS Girls Beat RLF Volleyball Team 2-0 Mon.

Lincoln high school girl's volleyball team evened its 1974 season record at 1-1 Monday with a 2-0 win over Red Lake Falls in the Thief River Falls National Guard armory.

The visiting Red Lake Falls team claimed the B squad match by an identical 2-0 score in the best of three competition.

Thief River Falls will be back in action Monday when the Lincoln girls travel to Crookston for a 6:30 p.m. match.

Crookston Tops Lincoln Freshman Cage Team 40-39

Lincoln high school freshman basketball team season record fell to 5-4 Friday as visiting Crookston claimed a close 40-39 triumph.

The two ninth grade teams ended the first quarter tied at 8-8 before Crookston took at 20-16 halftime lead. Thief River Falls led 29-24 after three quarters.

Mark Stenberg and David Poole led the Thief River Falls scoring efforts with 12 and 10 points respectively.

Mon., Feb. 11, 7:30-8:30 Marshall County Central. 8:30-9:30 couples and mens lessons.

TRF YOUTH HOCKEY

Traveling Teams

Thief River Falls Eagle Pee-Wees had a disappointing weekend in Fergus Falls—participating in the Lion's invitational tournament. The Eagle Pee-Wee team lost to Roseville and to Rochester by identical scores of 6-2. Edina West won the tournament title by beating Roseville 6-0 in the championship games. In other action last week the Pee-Wee team beat East Grand Forks 5-1. Goals were scored by Steve Storhaug (2), Todd Bergland, Wade Hoppe and Todd Trickle.

The Eagle Pee Wees, with a 13-8 record, have a busy week in store again. On Friday they travel to Crookston then journey to Warroad Saturday and host Bemidji Sunday at 12 noon in the sports arena.

Billy Poole's and Rick Holmes' Bantam B team evened its season record at 6-6-1 while playing strong hockey over the weekend. On Friday Hallock's Bantam A team squeezed by the B's 4-3. The B's outshot Hallock 36-24 with Kurt Klosterman picking up two goals and an assit. The B's put together excellent game Saturday by beating Bemidji 4-3. Goals were scored by Dan Winjum, Murray Dicken, Mike Olson and Roger Roadfeldt.

The B's will be on the road this weekend going to Detroit Lakes Saturday and to Crookston Sunday.

The Pee-Wee B team lost to Bemidji in overtime and beat Bagley 10-0 last week. This weekend the B's will play at Detroit Lakes Saturday and at Crookston Sunday.

The Squirt B team won their one week's game by defeating Bagley 5-1.

The VFW Bantam A team lost two games during the past week. East Grand Forks defeated the VFW team 4-1 Thursday and Bemidji duplicated the 4-1 margin Saturday. On Sunday the VFW Bantam team competed in the district VFW tournament at Crookston. In it's first game the VFW team beat East Grand Forks 5-3 to advance to the championship game against Roseau. Roseau won 10-4.

Tomorrow (Thursday) the VFW team travels to Bemidji for a 7 p.m. game, before going to Warroad Saturday.

The Squirt A team, playing one of their better games of the year, blitzed Grafton 8-0. The opposite occurred on Sunday with Bemidji winning 5-3.

This weekend the Squirts travel to Fergus Falls for the Fergus Falls Squirt tournament. The tournament is a round robin event with each team playing each other. The team with the best three game record is declared the winner. The Squirts play Bemidji Saturday at 10:30 a.m., rest for five minutes and then play Fergus Falls at noon. On Sunday the Squirts take on Crookston.

TRFAHA

An important meeting of the TRFAHA will be held tonight (Wednesday) at 8 p.m. in the basement of the Eagles club. All members are urged to attend.

THIEF RIVER FALLS TIMES

Volume 93 Thief River Falls, Pennington County, Minnesota Wednesday, February 6, 1974 Number 11

MEA President Asks Help On Teacher Strikes

To avoid strikes, the Minnesota Education association (MEA) urges local school boards and the public "to respond productively" throughout the imminent teacher-school boards bargaining season, and local school boards" not to be seduced by the irresponsible bargaining tactics urged by the Minnesota school boards association (MSBA)".

MEA, says its president, W. M. (Mort) Mondale, is convinced that MSBA seeks to frustrate teachers, inconvenience the public and embarrass the legislature by causing teacher strikes to occur.

This conviction, the White Bear Lake teacher-on-leave explains, is strengthened by the kind of news created a few days ago during the MSBA annual convention when MSBA executive secretary William Wettergren likened teacher-school board bargaining to "a Russian revolution" and urged his member boards: "If you smell one (a strike) coming, contact our office as soon as possible so we can help you get-ready."

(Under state law, teachers can strike only when a school board refueses to arbitrate or refuses to accept an arbitration award, Mondale said.)

In other words, says Mondale, the intent must be to make the bargaining law inoperative so the charge can be made: "See, we told you so. This law won't work."

Anyone who knows anything about collective bargaining, Mondale chides, knows better than to issue inflamatory remarks—before a single proposal has been presented—such as "the classic examples uttered by Wettergren."

The public and its school boards should understand, continues Mondale, that the MEA is not going to stand by while school boards distort and frustrate legislative intent; the public employment labor relations act (PELRA) has a timeline and provides for a conclusion to bargaining.

"We see signs coming from MSBA of a calculated plot to push both teachers and boards beyond the limits provided by PELRA," Mondale says. "This will not be tolerated by teachers and should not be tolerated by the public.

"The public should require its local school boards to so conduct themselves as to respond productively, not only to maintain a desirable education climate, but to provide the best possible education for kids for every dollar invested."

Mondale accuses the MSBA of "deliberately programming the state of Minnesota to cause teacher strikes," pointing out that Wettergren said teachers will cause strikes.

"That's not true," responds Mondale. "School boards will cause strikes. They'll do it by refusing to accept binding arbitration, as provided in the law.

"MEA teachers have always followed the law. They will now. We will strike only when all those other efforts fail. And those efforts will fail because of irresponsible MSBA strategy."

The law, Mondale concludes, is there to expedite—not block—the negotiations process.

Livestock Board Acts On Swine Brucellosis

Responding to recommendations of the governor's swine eradication advisory committee, the Minnesota livestock sanitary board has adopted regulations which should result in eradication of swine brucellosis in Minnesota.

Loss of income to the owner of an infected herd, loss of pork products for the consumer and the fact that swine brucellosis presently is the cause of most cases of human brucellosis (undulant fever) were considered, by the committee, in making their recommendation.

California regulations which did not allow breeding, feeding and slaughter swine from Minnesota to enter California were also a factor in arriving at the committee's recommendations.

Regulations were filed with the secretary of state on Aug. 27, 1973 and are now in effect and are being implemented.

Regulations LSB 66, slaughter cattle and slaughter swine identification, requires all agents receiving slaughter swine from a transporting agent to identify the swine with a coded tattoo which will identify the producer of the swine. This identification will enable the state livestock sanitary board to trace swine slaughtered and found to be diseased back to the herd from which they originated. Steps can then be taken to eliminate the observed condition in the herd.

Regulation LSB 21, eradication of swine brucellosis in Minnesota, requires owners of all swine herds selling breeding stock to validate their herds. Herds selling breeding stock are defined by the regulation as "those from which purebred, hybrid, or grade gilts, sows or boars are sold as replacement breeding stock on a continuing basis as a major or primary herd management objective."

Validation of a swine herd can be accomplished when the owner has signed a validated herd agreement and all breeding swine in the herd six months of age and over are negative to a brucellosis test. The agreements are available from the state livestock sanitary board or through the herd owner's veterinarian.

All sows, boars and stags slaughtered in Minnesota will be tested for brucellosis by state or federal personnel. Blood samples will be collected at the time of slaughter and the test conducted in state laboratories. When an animal positive to the test is found, the herd of origin will be determined by the tattoo. The herd owner will be contacted by a district veterinarian and a plan worked out to eradicate the disease in the herd.
